ANNUAL FINANCIAL REPORT

FISCAL YEAR 2018

(September 1, 2017 – August 31, 2018)

Lamar State College - Port Arthur

MEMBER TEXAS STATE UNIVERSITY SYSTEM™

November 20, 2018

Honorable Greg Abbott, Governor
Honorable Glenn Hegar, Texas Comptroller
Sarah Keyton, Assistant Director, Legislative Budget Board
Lisa Collier, First Assistant State Auditor

Dear Governor Abbott, Mr. Hegar, Ms. Keyton, and Ms. Collier:

We are pleased to submit the annual financial report of Lamar State College Port Arthur for the year ended August 31, 2018, in compliance with Texas Government Code Annotated, Section 2101.011, and in accordance with the requirements established by the Texas Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the state auditor as part of the audit of the State of Texas *Comprehensive Annual Financial Report (CAFR)*; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Mary Wickland, Vice President for Finance and Operations, at (409) 984-6125.

Sincerely,

Dr. Betty Reynard
President

Dr. Betty Reynard
President
Lamar State College Port Arthur
Port Arthur, TX 77641

Dear Dr. Reynard,

Submitted herein is the Annual Financial Report of Lamar State College Port Arthur for the fiscal year ended August 31, 2018.

The financial statements in this report have been prepared in conformity with the General Provisions of the Appropriations Act, Article IX, and in accordance with the requirements established by the Comptroller of Public Accounts.

The Annual Financial Report will be audited by the State Auditor as part of the audit of the Statewide Annual Financial Report; therefore, an opinion has not been expressed on the statements and related information contained in the report.

If you have any questions, please contact Mary Wickland at (409) 984-6125.

Respectfully Submitted,

Leanna Odom, CPA, CFE
Senior Director of Accounting and Finance

Approved:

Mary Wickland, CPA
Vice President for Finance and Operations

Note 1: Summary of Significant Accounting Policies

Entity

Lamar State College Port Arthur is a state funded two-year Institution of Higher Education of the State of Texas and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements for State Institutions of Higher Education.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report is considered for audit by the State Auditor as part of the audit of the state of *Texas Comprehensive Annual Financial Report*; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Fund Structure

The accompanying financial statements are presented on the basis of funds. A fund is considered a separate accounting entity. In accordance with GASB Statement No. 35, the College is reporting as a special-purpose government engaged only in Business-Type Activities within the Proprietary Fund Type. The accompanying entity-wide financial statements are prepared as such.

Proprietary Funds

Business Type Activity - Business type funds are used for activities that are financed through the charging of fees and sales for goods or services to the ultimate user. Institutions of higher education are required to report their financial activities as business type because the predominance of their funding comes through charges to students, sales of goods and services, and grant revenues.

Component Units

The fund types of the individual discrete component units are available from the component units' separately issued financial statements. Additional information about component units can be found in Note 19.

Notes to the Financial Statements
August 31, 2018 and 2017**

Basis of Accounting

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation is incurred. The proprietary funds utilized by the College distinguish operating from non-operating. Operating revenues and expenses result from providing services or producing and delivering goods in connection with ongoing operations. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All significant intra-agency transactions have been eliminated. The basis of accounting determines when revenues and expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Restricted Net Position

When both restricted and unrestricted sources are available for use, restricted resources are used first, then unrestricted resources are used as they are needed.

Budget and Budgetary Accounting

The budget is prepared biennially and represents appropriations authorized by the Legislature and approved by the Governor (the General Appropriations Act). Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

Assets, Liabilities, and Net Position

Assets

Cash and Cash Equivalents

Cash includes cash on hand, cash in local banks, cash in transit, and cash in the Treasury. Cash equivalents are considered short-term highly liquid investments with an original maturity of three months or less.

Investments

Investments are generally stated at fair value with certain exceptions in accordance with GASB Statement No. 72 *Fair Value Measurement and Application*. Invested security lending collaterals are measured at fair value. Securities lent are reported as assets on the statement of net position. The costs of securities lending transactions are reported as expenditures or expenses on the statement of revenues, expenses, and changes in net position. These costs are reported at gross.

UNAUDITED

**Lamar State College Port Arthur
Notes to the Financial Statements
August 31, 2018 and 2017**

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements. Assets held in reserve for guaranteed student loan defaults are also included.

Inventories and Prepaid Items

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost, generally utilizing the last-in, first-out method. The consumption method of accounting is used to account for inventories and prepaid items that appear in the proprietary fund types. The cost of these items is expensed when the items are consumed.

Capital Assets

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year are capitalized. These assets are capitalized at cost or, if not purchased, at appraised fair value as of the date of acquisition. Depreciation is reported on all "exhaustible" assets. "Inexhaustible" assets (such as works of art and historical treasures) are not depreciated. Road and highway infrastructure is depreciated over the estimate of average useful life of a grouping of assets using the composite method. Other depreciable assets are depreciated over the estimated useful life of the asset using the straight-line method.

All capital assets acquired by proprietary funds or trust funds are reported at cost or estimated historical cost if actual historical cost is not available. Donated capital assets are reported at acquisition value. Depreciation is charged to operations over the estimated useful life of each asset using the straight-line method.

Other Receivables - Current and Noncurrent

The disaggregation of other receivables as reported in the financial statements is disclosed in Note 24. Other receivables include year-end accruals not included in any other receivable category.

Liabilities

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the statement of net position date for which payment is pending.

Unearned Revenues

Unearned revenues represent payments received in advance of providing goods or services.

UNAUDITED

**Lamar State College Port Arthur
Notes to the Financial Statements
August 31, 2018 and 2017**

Other Payables - Current and Noncurrent

The disaggregation of other payables as reported in the financial statements is disclosed in Note 24. Other payables include accruals at year-end of expenditure transactions not included in any of the other payable descriptions.

Employees' Compensable Leave Balances

Employees' Compensable Leave Balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignation, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the statement of net position. These obligations are normally paid from the same funding source from which each employee's salary or wage compensation was paid.

Capital Lease Obligations

Capital Lease Obligations represent the liability for future lease payments under capital lease contracts contingent upon the appropriation of funding by the Legislature. Liabilities are reported separately as either current or noncurrent in the statement of net position.

Bonds Payable - General Obligation Bonds

General obligation bonds are accounted for in proprietary funds for business-type activities. These payables are reported as long-term liabilities (current for amounts due within one year) and long-term liabilities (noncurrent for amounts due thereafter) in the statement of net position. The bonds are reported at par, net of unamortized premiums, discounts, issuance costs and gains/(losses) on bond refunding activities.

Bonds Payable - Revenue Bonds

Revenue bonds are accounted for in the proprietary funds for business-type activities. These payables are reported as long-term liabilities (current for amounts due within one year) and long-term liabilities (noncurrent for amounts due thereafter) in the statement of net position. The bonds are reported at par, net of unamortized premiums, discounts, issuance costs and gains/(losses) on bond refunding activities.

Net Position

The difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is "Net Position."

Invested in Capital Assets, Net of Related Debt

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, and reduced by outstanding balances for bond, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

UNAUDITED

**Lamar State College Port Arthur
Notes to the Financial Statements
August 31, 2018 and 2017**

Restricted Net Position

Restricted net position results when constraints placed on net resources are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position

Unrestricted net position consists of net resources that do not meet the definition of the two preceding categories. Unrestricted net position often has constraints on resources that are imposed by management but can be removed or modified.

Interfund Activities and Transactions

Lamar State College Port Arthur has the following types of transactions among funds:

- (1) *Transfers*: Legally required transfers that are reported when incurred as “Transfers In” by the recipient fund and as “Transfers Out” by the disbursing fund.
- (2) *Reimbursements*: Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.
- (3) *Interfund receivables and payables*: Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter, the balance is classified as “current.” Balances for repayment due in two (or more) years are classified as “non-current.”
- (4) *Interfund Sales and Purchases*: Charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund (interfund services provided) and expenditures or expenses of the disbursing fund (interfund services used).

The composition of Lamar State College Port Arthur’s interfund activities and transactions are presented in Note 12.

Note 3: Deposits, Investments, and Repurchase Agreements

The College is authorized by statute to make investments following the “prudent person rule.” There were no significant violations of legal provisions during the period.

Deposits of Cash in Bank

As of August 31, 2018, the carrying amount of deposits was \$1,796,038.75 as presented below:

Cash in Bank - Carrying Value			<u>\$ 1,796,038.75</u>
Proprietary Funds	Current Assets	Cash in Bank	1,423,680.48
Proprietary Funds	Current Assets	Restricted Cash in Bank	52,447.59
Proprietary Funds	Noncurrent Assets	Restricted Cash in Bank	319,910.68
Cash in Bank per AFR			<u>\$ 1,796,038.75</u>

As of August 31, 2017, the carrying amount of deposits was \$1,111,375.75 as presented below:

Cash in Bank - Carrying Value			<u>\$ 1,111,375.75</u>
Proprietary Funds	Current Assets	Cash in Bank	575,145.50
Proprietary Funds	Noncurrent Assets	Restricted Cash in Bank	536,230.25
Cash in Bank per AFR			<u>\$ 1,111,375.75</u>

These amounts consist of all cash in local banks. These amounts are included on the statement of net position as part of the “cash and cash equivalents” accounts.

As of August 31, 2018 and 2017, respectively, the total bank balance was \$1,984,725.15 and \$3,225,246.40 (Business-Type Activities).

Investments

Lamar State College Port Arthur is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Endowment Funds may be invested in accordance with the Uniform Management of Institutional Funds Act, Property Code Chapter 163. Such investments include: (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less

than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

Fair Value of Investments

Lamar State College Port Arthur measures and records investments using fair value measurement guidelines in accordance with GASB Statement 72, *Fair Value Measurement and Application*. GASB 72 recognizes a three level fair value hierarchy:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; or,
- Level 3: Unobservable inputs.

As of August 31, 2018, the fair value of investments were categorized as a Level 1 input and are as follows:

BUSINESS-TYPE ACTIVITIES

		Fair Value
Other Commingled Funds	TexPool	\$ 128,229.07
	TexPool Prime	6,117,567.02
	Total Investments	\$ 6,245,796.09

Note 4: Short-Term Debt

Lamar State College Port Arthur has no short term debt to report as of August 31, 2018 and 2017.

Note 5: Long-Term Liabilities

Bonds Payable

See Note 6 for a discussion of Bonded Indebtedness.

Employees' Compensable Leave

If a state employee had continuous employment with the state for at least six months, the state employee is entitled to be paid for all unused vacation time accrued in the event of the employee's resignation, dismissal, or separation from state employment. Both an expense and a liability for business-type activities are recorded in the proprietary funds as the benefits accrue to employees. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits. This obligation is usually paid from the same funding source(s) from which the employee's salary or wage compensation was paid.

Post Employment Health Care and Life Insurance

In addition to providing pension benefits, the State provides certain health care and life insurance benefits for retired employees in accordance with State statutes. Substantially all of the employees may become eligible for those benefits if they reach normal retirement age while working for the State. Lamar State College Port Arthur participates in the ERS insurance plans. The information regarding the State's contribution, the number of eligible retirees and the cost of providing those benefits is included in the notes to the annual financial report of the ERS.

Note 6: Bonded Indebtedness

All bonded indebtedness for Lamar State College Port Arthur is issued by System Administration through the Texas State University System Revenue Financing System. System Administration and each component institution within the system are members of the Revenue Financing System. The Board of Regents pledged all of the funds (revenues) and balances derived or attributable to any member of the Revenue Financing System that are lawfully available to the Board for payments on Parity Debt.

System Administration issued the debt; therefore, the bonds payable attributable to the institution are included with the Bonds Payable reported by System Administration. The institution must repay the debt that was issued on its behalf; consequently, the following debt amortization schedule is presented for informational purposes only.

Note 9: Defined Benefit Pension Plans and Optional Retirement Program

Teacher Retirement System of Texas (TRS)

Lamar State College Port Arthur participates in a cost-sharing, multi-employer, defined benefit pension plan administered by TRS. The plan provides retirement, disability annuities and death and survivor benefits. The benefit and contribution provisions of the TRS Plan are authorized by state law and may be amended by the Legislature.

All College personnel employed in a TRS-eligible position on a one-half time or greater basis that is projected to last for 4½ months or more are eligible for membership in the TRS retirement plan. Students employed in positions that require student status as a condition of employment do not participate.

The pension benefit formulas are based on members' average annual compensation and years of service credit. The standard annuity is 2.3% of the average of the five highest annual salaries multiplied by years of service credit. For grandfathered employees who were hired on or before August 31, 2005 and meet certain criteria, the standard annuity is based on the average of the three highest annual salaries. The plan does not provide automatic post-employment benefit changes, including automatic cost of living adjustments.

UNAUDITED

**Lamar State College Port Arthur
Notes to the Financial Statements
August 31, 2018 and 2017**

Normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule.

TRS is primarily funded through State and employee contributions. TRS contribution rates are established by the State Legislature. Contributions by employees were 7.7 percent of gross earnings for 2018 and 2017, while employer contribution were 6.8 percent of the participants' gross earnings for 2018 and 2017. Depending upon the source of funding for a participant's salary, the College may be required to make contributions in lieu of the State. Contributions to TRS for the year ended August 31, 2018 and 2017, attributable to the College's portion of the pension obligation were as follows:

	Year ended August 31, 2018
Employee Contributions	\$ 519,511.66
Employer Contributions	458,788.50
Total	\$ 978,300.16

	Year ended August 31, 2017
Employee Contributions	\$ 527,761.90
Employer Contributions	466,074.85
Total	\$ 993,836.75

UNAUDITED

**Lamar State College Port Arthur
Notes to the Financial Statements
August 31, 2018 and 2017**

TRS currently does not separately account for each of its component government agencies because TRS itself bears sole responsibility for retirement commitments beyond contributions fixed by the State Legislature. Further information regarding actuarial assumptions and conclusions, together with audited financial statements are included in TRS's annual financial report, which may be found on the TRS website at www.trs.state.gov.

In accordance with the Reporting Requirements for Annual Financial Reports of State Agencies and Universities (Reporting Requirements) promulgated by the Texas Comptroller of Public Accounts, the Texas State University System has implemented GASB Statement No. 68, Accounting and Financial Reporting for Pensions, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date, which includes the net pension expense, net pension liability, and related deferred inflows and outflows. Under the Reporting Requirements, employees of the College are treated as employees of the System for GASB 68 reporting; therefore, these financial statements neither record nor disclose the net pension expense, net pension liability, or related deferred inflows and outflows attributable to the College. Recording and disclosure of this information occurs for the System as a whole in the consolidated Annual Financial Report of the Texas State University System (TSUS). The State of Texas and TSUS share responsibility for funding their proportional shares of the obligations of this plan.

Optional Retirement Program (ORP)

The State has also established the Optional Retirement Program (ORP) for institutions of higher education, which is available to certain eligible employees in lieu of participation in the TRS. Employees eligible for participation in ORP are defined in Texas Administrative Code §25.4. ORP provides for the purchase of annuity contracts and mutual funds. Participants are vested in the employer contributions after one year and one day of service. Depending upon the source of funding for the employee's compensation, the College may be required to make the employer contributions in lieu of the State.

The State provides an option for a local supplement (up to 1.9%) on top of the State base rate. Participant contributions were made at a rate of 6.65% of annual compensation during fiscal years 2018 and 2017. Employer contributions were made at the base rate of 6.6% unless the employee was grandfathered (i.e. the employee was contributing on August 31, 1995); in the case of grandfathered employees, the rate of the employer contributions was 8.5% of annual compensation.

UNAUDITED

**Lamar State College Port Arthur
Notes to the Financial Statements
August 31, 2018 and 2017**

Contributions made by the participants and Lamar State College Port Arthur for the fiscal year ended August 31, 2018 and 2017 were as follows:

	Year ended August 31, 2018
Member Contributions	\$ 154,283.03
Employer Contributions	167,592.00
Total	\$ 321,875.03

	Year ended August 31, 2017
Member Contributions	\$ 168,445.86
Employer Contributions	185,029.85
Total	\$ 353,475.71

Since contributions are invested in individual annuity contracts, neither the State nor Lamar State College Port Arthur have any liability for this program.

Note 10: Deferred Compensation

Not Applicable: The Employee's Retirement System will report the plans, balances and liabilities for the State.

Note 11: Postemployment Health Care and Life Insurance Benefits

Not Applicable: The disclosure of information on post-employment benefits other than pension benefits (OPEB) will be provided by the Employee's Retirement System.

Notes to the Financial Statements
August 31, 2018 and 2017**

Note 12: Interfund Activity and Transactions

As explained in Note 1, Interfund Activities and Transactions are numerous transactions between funds and agencies. At year-end amounts to be received or paid are reported as:

- Interfund Receivables or Interfund Payables
- Due From Other Agencies or Due to Other Agencies
- Due From Other Funds or Due to Other Funds
- Transfers In or Transfers Out
- Legislative Transfers In or Legislative Transfers Out

Lamar State College Port Arthur experienced routine transfers with other state agencies which were consistent with the activities of the fund making the transfer. Repayment of interfund balances will occur within one year from the date of the financial statements.

Note 13: Continuance Subject to Review

Lamar State College Port Arthur is not subject to a review of continuance.

Note 14: Adjustments to Fund Balances and Net Position

Lamar State College Port Arthur has no restatements of Fund Balances and Net Position to report as of August 31, 2018 and 2017.

UNAUDITED

**Lamar State College Port Arthur
Notes to the Financial Statements
August 31, 2018 and 2017**

Note 15: Contingencies and Commitments

At August 31, 2018 and 2017, various lawsuits and claims involving Lamar State College Port Arthur were pending. While the ultimate liability with respect to litigation and other claims asserted against the College or the Board of Regents cannot be reasonably estimated at this time, such liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the College.

Note 16: Subsequent Events

Lamar State College Port Arthur has no subsequent events to report as of August 31, 2018 and 2017.

Note 17: Risk Management

Unemployment Compensation: The State provides coverage for unemployment benefits for College employees from appropriations made to the Texas Workforce Commission (TWC). The current General Appropriations Act provides that the College must reimburse the General Revenue Fund from College appropriations 50% of the unemployment benefits paid for State funded positions and 100% of the cost for unemployment compensation for any positions paid from funds held in local bank accounts and local funds held in the State Treasury. The Comptroller of Public Accounts determines the proportionate amount to be reimbursed from each appropriated fund type. The unemployment benefit plan is on a pay-as-you-go basis, in which no assets are set aside to be accumulated for the payment of claims. No material outstanding claims are pending at August 31, 2018 and 2017.

Workers' Compensation: The administration of the State's employee workers' compensation program is vested with the State Office of Risk Management (SORM). In accordance with H.B. No. 1203, 77th Legislature, SORM developed and imposed a formula-driven charge for workers' compensation costs upon participating agencies. The workers' compensation assessment is prepaid to SORM through an Interagency Contract for risk management services and workers' compensation coverage for its employees in compliance with Texas Labor Code Chapter 412 and Chapter 501. The assessment paid during the fiscal year ended August 31, 2018 and 2017 amounted to \$60,538.14 and \$49,357.71, respectively.

Lamar State College Port Arthur is required by certain bond covenants and FEMA to carry Fire and Extended Coverage and Boiler insurance on buildings financed through the issuance of bonds using pledged Auxiliary Enterprise, Educational and General and other Non-Educational and General Funds. The insurance protects the bond holders from a disruption to the revenue stream that is being utilized to make the bond interest and principal payments and the federal government for storm damage. No insurance claims were made during the fiscal year ended August 31, 2018 and 2017.

UNAUDITED

**Lamar State College Port Arthur
Notes to the Financial Statements
August 31, 2018 and 2017**

The Texas Motor Vehicle Safety Responsibility Act requires that every non-governmental vehicle operated on a state highway be insured for minimum limits of liability in the amount of \$30,000/\$60,000 bodily injury and \$25,000 property damage. All vehicles owned and/or leased by Lamar State College Port Arthur are covered by a commercial insurance policy specifically customized for the Texas State University System, which provides coverage to the extent of \$1,000,000 combined single liability. The coverage exceeds the extent of the waivers of state immunity specified in the Texas Tort Claims Act, Civil Properties and Remedies Code Section 101.023.

Lamar State College Port Arthur is exposed to a variety of civil claims resulting from the performance of its duties. It is the College's policy to periodically assess the proper combination of commercial insurance and retention of risk to cover losses to which it may be exposed.

Lamar State College Port Arthur assumes substantially all risks associated with tort and liability claims due to the performance of its duties. Currently, the College is not involved in any risk pools with other government entities.

The College's liabilities are reported when it is both probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Liabilities are reevaluated periodically to consider current settlements, frequency of claims, past experience and economic factors. There were no significant reductions in insurance coverage in the past year and losses did not exceed funding arrangements during the past three years. There were no liabilities to report during the fiscal year ended August 31, 2018 and 2017, respectively.

Note 18: Management's Discussion and Analysis

Management's Discussion and Analysis is a required part of the basic financial statements. Management's Discussion and Analysis is omitted because Lamar State College Port Arthur is reported in a consolidated format with Texas State University System which is reported as a component of the State of Texas. Management's Discussion and Analysis as it relates to Texas State University System can be found in the State of Texas basic financial statements.

Note 19: The Financial Reporting Entity
