## Independent Auditor's Report

To the Board of Regents  
Brazosport College District  
Lake Jackson, Texas 77566

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of the Brazosport College District (the "College") as of and for the years ended August 31, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinions***

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the respective financial position of the business-type activities, and the discretely presented component unit of the Brazosport College District, as of August 31, 2019 and 2018, and the respective changes in financial position, and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Emphasis of Matter***

In 2018, the District adopted new accounting guidance, *GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Our opinion is not modified for the 2018 financial statements with respect to this matter.

### ***Other Matters***

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 15 through 26, the Schedule of Proportionate Share of the Net Pension Liability and Related Ratios – Cost Sharing Employer Plan on page 92-93, the Schedule of Required Pension Contributions – Cost Sharing Employer Plan on page 94, the Schedule of Employer's Proportionate Share of Net OPEB Liability and Related Ratios on Page 96, and the Schedule of Required OPEB Contributions – Cost Sharing Plan on Page 97, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The introductory section and the required Texas Higher Education Coordinating Board schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the schedule of expenditures of state awards is presented for purposes of additional analysis as required by the Texas Single Audit Circular, and are also not a required part of the basic financial statements.

***Other Matters*** - Continued

The supplemental schedules and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules, required by the Texas Higher Education Coordinating Board, and the schedules of expenditures of federal and state awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 26, 2019, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

*MANAGEMENT DISCUSSION AND ANALYSIS*  
*YEARS ENDED AUGUST 31, 2019, 2018 AND 2017*

This section of Brazosport College District's annual financial report presents a discussion and analysis of the financial performance of the College during the fiscal years ended August 31, 2019, 2018 and 2017. This discussion has been prepared by management along with the financial statements and related footnote disclosures and should be read in conjunction with them. The financial statements, footnotes, and this discussion are the responsibility of management.

Financial reporting format has been presented in a manner required by the Governmental Accounting Standards Board's Statements No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*.

### **Using This Annual Report**

This report consists of three basic financial statements for the Brazosport College District (the "College") and three basic financial statements for the Brazosport College Foundation (the "Foundation"). The Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows provide information on the College as a whole and present a long-term view of the College's finances. The Statement of Financial Position; the Statement of Activities; and the Statement of Cash Flows provide information on the Foundation as a whole.

### **The Statement of Net Position**

The Statement of Net Position presents the financial position of the College at the end of the fiscal year and includes all assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The difference between total assets, deferred outflows of resources, total liabilities, and deferred inflows of resources – net position – is an indicator of the current financial condition of the College. Assets and liabilities are generally measured using current values. Capital assets, which represent 73% of total assets and deferred outflow of resources, are stated at historical cost less an allowance for depreciation.

Net position is divided into three major categories. The first category, net investment in capital assets, provides the College's equity in property, plant and equipment owned less any related outstanding debt used to acquire those assets. The next category is restricted net position, which is divided into two categories, nonexpendable and expendable. The corpus of nonexpendable restricted resources is only available for investment purposes. Expendable restricted net assets are available for expenditure by the College, but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets. The final category is unrestricted net position. The unrestricted net position is available for use by the College for any legal purpose.

Assets consist primarily of cash and cash equivalents, investments, accounts, notes and grants receivable, and capital assets. Liabilities include long-term bonded debt, compensated absences, and deferred revenue. The College records asset acquisitions that have a unit value of \$ 5,000 or more as capital assets that are depreciated over time related to the useful life of the assets. Furnishings, fixtures, and other equipment having unit values less than \$ 5,000 are recorded as expenses during the period acquired.

*YEARS ENDED AUGUST 31, 2019, 2018 AND 2017*

**Capital Asset and Debt Administration - Continued**

On September 15, 2016, the College authorized and issued \$ 4,545,000 in Combined Fee Revenue Refunding Bonds, Series 2016 to refund \$ 4,460,000 in Combined Fee Revenue Bonds Payable – Series 2006.

On April 17, 2017, the College authorized and issued \$ 9,015,000 in Limited Tax Refunding Bonds, Series 2017 to advance refund \$ 9,135,000 in Limited Tax Bonds, Series 2010.

Brazosport College currently is rated as Aa2 by Moody's and as AA- by Standard & Poor's. More detailed information about the College long-term liabilities is presented in Notes 5-9 to the financial statements.

**Economic Factors That Will Affect the Future**

In September, 2019 the Board of Regents approved a slight overall increase in the property tax rate for Fiscal Year 2019-2020. The approved rate was an increase in property tax of \$ 0.001677 per \$100 of valuation. This sets the rate at \$ 0.253401 per \$100 of valuation for the 2019-2020 assessment and \$ 0.046776 per \$100 valuation to pay the debt service on the General Obligation Bonds. Therefore, the current tax rate for the District is \$ 0.300177 per \$100 of valuation, which is a slight increase over the prior year's overall rate of \$ 0.298500. The current year overall rate was set at the effective rate, which is below the rollback rate. The net overall rate increase of \$ 0.001677 applied to an increase in the tax base generated a Fiscal Year 2019 budget increase of \$ 783,000.

The Board approved capital budget decreased from \$ 6,600,000 in Fiscal Year 2019 to \$ 6,400,000 in Fiscal Year 2020. Two large projects, the first stage of a piping project and the student information system replacement were budgeted in FY 2019, but due to delays the projects were not started and were thus included in FY 2020's capital budget. It is expected that the budgeted capital projects will be paid for from unrestricted cash, which increased significantly in Fiscal Year 2019. The College has retained an architectural firm to begin designs for a D-Wing remodel and facility building expansion. The FY 2020 capital budget included \$ 600,000 for architectural fees, but did not include the cost of construction. The cost of construction is estimated to be between \$ 5,000,000 and \$ 6,000,000. The cost of construction is expected to be paid for with bonds.

**Requests for Information**

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the College's finances, as well as demonstrate accountability for funds the College receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Vice-President, Financial Services and CFO, Brazosport College District, 500 College Drive, Lake Jackson, Texas 77566.

*NOTES TO THE FINANCIAL STATEMENTS*  
*YEARS ENDED AUGUST 31, 2019 AND 2018*

**1. REPORTING ENTITY**

**1.A. Introduction**

The accounting and reporting framework and the more significant accounting principles and practices of Brazosport College District (the “College”) are discussed in subsequent sections of this note. The remainder of the notes are organized to provide explanations, including required disclosures, of the College’s financial activities for the fiscal years ended August 31, 2019 and 2018.

**1.B. Reporting Entity**

Brazosport College District was established in 1948, in accordance with the laws of the State of Texas, to serve the educational needs of Brazosport and the surrounding communities. On September 15, 2003 the Board of Regents of the Brazosport College District passed a resolution to change the corporate name of the college district to Brazosport College District. The Brazosport College District is considered to be a special purpose, primary government financial reporting entity as defined by the Governmental Accounting Standards Board (GASB) in its GASB Statement No. 61, “The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14. and No. 34”. While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting, and record keeping requirements of the these entities, it is not a component unit of any other governmental entity.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**2.A. Report Guidelines**

The financial statements of the College are prepared in accordance with generally accepted accounting principles (GAAP). The significant accounting policies followed by the College in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The College applies all applicable GASB pronouncements. The College is reported as a special-purpose government engaged in business-type activities.

**2.B. Tuition Discounting**

**Texas Public Education Grants**

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.0333). When the award for tuition is used by the student, the amount is recorded as tuition and a corresponding amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

*NOTES TO THE FINANCIAL STATEMENTS*  
*YEARS ENDED AUGUST 31, 2019 AND 2018*

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**2.B. Tuition Discounting (Continued)**

Title IV, Higher Education Act Program Funds

Certain Title IV Higher Education Act Program funds are received by the College to pass through to the student. The funds are initially received by the College and recorded as non-operating revenue. When the student is awarded and uses these funds for tuition and fees, the amounts are recorded as revenue and a corresponding amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

The college awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amounts are recorded as tuition and fee revenue and a corresponding amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

**2.C. Basis of Accounting**

The financial statements of the College and the financial statements of the component unit report using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing or related cash flows. Property tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met. Major revenue sources susceptible to accrual include: state appropriations, tuition and fees, grants and contracts, property taxes, and investment income.

Operating income includes revenues and expenses related to the primary, continuing operations of the College. Principal operating revenues include tuition and fees, grants and contracts, and charges to customers for sales and services. Principal operating expenses are the costs of providing services and include administrative expenses and depreciation of capital assets.

When both restricted and unrestricted resources are available for use, it is the College's policy to use restricted resources first, and then unrestricted resources as needed. See Note 2.F. for information describing restricted assets.

**2.D. Budgetary Data**

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Regents adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for expenditures of funds are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration. Under Texas law, appropriations lapse at August 31, and encumbrances outstanding at that time are to be either canceled or appropriately provided for in the subsequent year's budget.

*NOTES TO THE FINANCIAL STATEMENTS*  
*YEARS ENDED AUGUST 31, 2019 AND 2018*

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**2.E. Cash and Investments**

The College considers highly liquid investments (including restricted assets) with an original maturity of three months or less when purchased to be cash equivalents.

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. The governing board has designated public funds investment pools comprised of \$ 13,088,345 and \$ 10,694,001 at August 31, 2019 and 2018, respectively to be short-term investments. Long-term investments have an original maturity of greater than one year at the time of purchase.

**2.F. Restricted Assets**

Certain College assets are restricted for construction funded through long-term debt, payment of debt service and fiscal fees on long-term debt, endowments, student aid and instructional programs. Restricted assets include the excess of restricted assets over restricted liabilities except for restricted liabilities related to investment in capital assets. See Note 2.C. describing the priority for use on restricted and unrestricted assets. See Note 2.L. for additional information on donor restricted endowments.

**2.G. Inventories**

Inventories consist of consumable office supplies, physical plant supplies, food service supplies, and computer equipment and related accessories. Inventories are valued at cost and are charged to expense as consumed.

**2.H. Capital Assets**

Capital assets are recorded at historical cost at the date of acquisition, or acquisition value of donated assets. For equipment, the College's capitalization policy includes all items with a unit cost of \$ 5,000 or more and an estimated useful life in excess of one year. Renovations of \$ 100,000 to buildings and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets applying the half-year convention. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations. Estimated useful lives, in years, for depreciable assets are as follows:

Buildings	50 years
Land Improvements	20 years
Furniture, Machinery, Vehicles and Other Equipment	10 years
Library Books	10 years
Telecommunications and Peripheral Equipment	5 years

**BRAZOSPORT COLLEGE DISTRICT**  
*NOTES TO THE FINANCIAL STATEMENTS*  
*YEARS ENDED AUGUST 31, 2019 AND 2018*

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**2.I. Capitalized Interest**

Interest costs are capitalized when incurred on debt where proceeds were used to finance construction of assets. Interest earned on proceeds of tax-exempt borrowing arrangements restricted to the acquisition of qualifying assets is offset against interest costs in determining the amount to be capitalized. During the years ended August 31, 2019 and 2018, the College did not capitalize any interest.

**2.J. Unearned Revenues**

Tuition and fees of \$ 1,797,039 and \$ 1,833,307, and federal, state and local grants of \$ 216,947 and \$ 200,495, have been reported as unearned revenue at August 31, 2019 and 2018 respectively.

**2.K. Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**2.L. Endowments (Donor Restricted)**

Effective January 1, 2008, the College adopted the provisions of FASB Codification (Topic 958, Sub-section 205, Section 5, paragraph 10) related to "Endowment of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act, and Enhanced Disclosures for All Endowment Funds" The FASB Codification provides guidance on the net asset classification of donor restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA) and also required disclosures about endowment funds, both donor-restricted and board-designated endowment funds.

The College's endowment consists of approximately 38 individual funds established for a variety of purposes including both donor-restricted endowment funds and funds designated by the Board of Regents to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

**Interpretation of Relevant Law**

The Board of Regents of the College has interpreted the Uniform Prudent management of Institutional Funds Act of 2007 (the Act) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the College classifies as permanently restricted net position (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

*YEARS ENDED AUGUST 31, 2019 AND 2018*

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**2.L. Endowments (Donor Restricted) (Continued)**

The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net position is classified as temporary restricted net position until those amounts are appropriated for expenditure by the College in a manner consistent with the standard of prudence prescribed by the Act. In accordance with the Act, the College considers the following factors in making determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund.
2. The purposes of the College and the donor-restricted endowment fund.
3. General economic conditions.
4. The possible effect of inflation and deflation.
5. The expected total return from income and the appreciation of investments.
6. Other resources of the College.
7. The investment policy of the College.

Endowment net position consists of the following at August 31, 2019 and 2018:

<u>August 31, 2019</u>	<u>Net Assets Without Donor Restriction</u>	<u>Net Assets With Donor Restriction</u>	<u>Total</u>

*YEARS ENDED AUGUST 31, 2019 AND 2018*

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**2.L. Endowments (Donor Restricted) - Continued**

**Funds with Deficiencies**

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or the Act requires the College to retain as a fund of perpetual duration. These deficiencies result from unfavorable market fluctuations that occurred shortly after the investment of new permanently restricted contributions and continued appropriation for certain programs that was deemed prudent by the Board of Regents. Subsequent gains that restore the fair value of the assets of the endowment fund to the required level will be classified as an increase in unrestricted net position. There were no such deficiencies as of August 31, 2018 or August 31, 2019.

**Return Objectives and Risk Parameters**

The College has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for a donor specified period as well as board-designated funds.

If a donor has not provided specific instructions, State law appears to permit the College's Board of Regents to authorize for expenditure the net appreciation (realized and unrealized) of the investments of endowment funds. When administering its power to spend net appreciation, the Board of Regents is required to consider the College's long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price-level trends, and general economic conditions. Any net appreciation that is spent is required to be spent for the purposes for which the endowment was established.

**Strategies Employed for Achieving Objectives**

To satisfy its long-term rate-of-return objectives, the College's security selection and asset allocation strategy sets a long-term percentage target for the amount of the endowment's market value that is to be invested in any one-asset class (See Note 3.B. for details).

**Spending policy and How the Investment Objectives Relate to Spending Policy**

The College's Board of Regents chooses to spend only a portion of the endowment earnings each year. Under the policy established by the Board, annual distributions shall be approximately 3 to 5 percent of the sum of the original corpus plus realized gains. The annual spending shall not reduce the original corpus value. The remaining endowment earnings, if any, is retained and classified as expendable for future years. The Board may spend income from the endowment fund for scholarships or operations of the college. For the years ended August 31, 2019 and 2018, net assets without donor restrictions increased the amount available to be spent by \$ 35,189 and \$ 41,315.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**2.M. Operating and Non-Operating Revenue and Expenses Policy**

The College distinguishes operating revenues and expenses from non-operating items. The College reports as a Business Type Activity (BTA) and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees. In response to guidance provided by the Government Accounting Standards Board (GASB) as question/answer 7.72.10 in the Implementation Guide, revenue received for federal Title IV grant programs (Federal Supplemental Education Opportunity Grants, Student Loan Program, Federal Work Study Program, Pell Grant, and Academic Competitiveness Program) is now characterized as non-operating revenue as opposed to operating revenue. The major non-operating revenues are state allocations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. The College does not perform the operation of the bookstore and the cafeteria.

**2.N. Authorized Investments**

Brazosport College District is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

**2.O. New Pronouncements**

GASB issues statements on a routine basis with the intent to provide authoritative guidance on the preparation of financial statements and to improve governmental accounting and financial reporting of governmental entities. Management reviews these statements to ensure that preparation of its financial statements are in conformity with generally accepted accounting principles and to anticipate changes in those requirements. The following recent GASB Statements reflect the action and consideration of management regarding these requirements:

GASB No. 83 "Certain Asset Retirement Obligations" was issued in November 2016. This statement was implemented and did not have a material effect on the District's financial statements. The requirements of this Statement are effective for periods beginning after June 15, 2018.

GASB No. 84 "Fiduciary Activities" was issued in January 2017. The management of the College does not expect the implementation of this standard to have a material effect on the financial statements of the College. The requirements of this Statement are effective for periods beginning after December 15, 2018.

GASB No. 87 "Leases" was issued in June 2017. The management of the College does not expect the implementation of this standard to have a material effect on the financial statements of the College. The requirements of this Statement are effective for periods beginning after December 15, 2019.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**2.O. New Pronouncements (Continued)**

GASB No. 88 “Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements” was issued in April 2018. The management of the College does not expect the implementation of this standard to have a material effect on the financial statements of the College. The requirements of this statement are effective for reporting periods beginning after December 15, 2019.

GASB No. 89 “Accounting for Interest Cost Incurred before the End of a Construction Period” was issued in June 2018. The management of the College does not expect the implementation of this standard to have a material effect on the financial statements of the College. The requirements of this statement are effective for reporting periods beginning after December 15, 2019.

GASB No. 90 “Majority Equity Interests – an amendment of GASB Statements No. 14 and No. 61” was issued in August 2018. The management of the College does not expect the implementation of this standard to have a material effect on the financial statements of the College. The requirements of this statement are effective for reporting periods beginning after December 15, 2018.

GASB No. 91 “Conduit Debt Obligations” was issued in May 2019. The management of the District does not expect the implementation of this standard to have a material effect on the financial statements of the District. The requirements of this statement are effective for reporting periods beginning after December 15, 2020.

**2.P. Pensions and Other Post-Employment Benefits (OPEB)**

The fiduciary net position of the Teacher Retirement System of Texas (TRS) – Defined Benefit Pension Plan, and the Employees Retirement System of Texas (ERS) – OPEB Plan have been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, pension and OPEB expense, and information about assets, liabilities and additions to/deductions from TRS’s and ERS’s fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**3. DEPOSITS AND INVESTMENTS**

The College classifies deposits and investments for financial statement purposes as cash and cash equivalents, short-term investments, and investments based upon both liquidity (demand deposits) and maturity date (deposits and investments) of the asset at the date of purchase. For this purpose an investment is considered a cash equivalent if when purchased it has maturity of three months or less. Investments are classified as either short-term investments or investments. Short-term investments have maturity of one year or less and investments are those that have a maturity of one year or more. See Note 2.E. for additional Governmental Accounting Standards Board Statement No. 31 disclosures.

**3.A. Deposits**

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a financial institution failure, the College's deposits may not be returned to them. The College requires that all deposits with financial institutions be collateralized in an amount equal to 100 percent of uninsured balances.

At August 31, 2019 and 2018, the carrying amounts of the College's deposits of the primary government were \$ 1,297,038 and \$ 2,809,532 and total financial institution balances equaled \$ 1,583,650 and \$ 3,042,062, respectively. At August 31, 2019 and 2018, financial institutions balances of \$ 349,000 and \$ 1,158,712 were covered by federal depository insurance, \$ 524,539 and \$ 504,100 were covered by the Securities Investor Protection Corporation Insurance, \$ 710,111 and \$ 1,379,250 were covered by collateral pledged in College's name. The collateral was held in safekeeping departments of unrelated financial institutions, which act as the pledging financial institution's agents. The College's deposits held at financial institutions were collateralized or insured.

The College's deposits and investments are invested pursuant to the investment policies, which are approved by the Board of Regents. The investment policies include lists of authorized investment instruments and allowable stated maturity of individual investments. In addition they include an "Investment Strategy Statement" that specifically addresses each type's (unrestricted and restricted) investment options and describes the priorities of suitability of investment type, preservation and safety of principal, liquidity, marketability, diversification and yield. Additionally, the soundness of financial institutions (including broker/dealers) in which the College will deposit funds is addressed.

The College's Investment Officer submits an investment report each quarter to the Board of Regents. The report details the investment positions of the College and the compliance of the investment portfolio's as they relate to both the adopted investment strategy statements and Texas State law.

Unrestricted Investment Policy

The College is authorized to invest in the following investment instruments provided that they meet the guidelines of the investment policy:

1. Obligations of the United States Government or its agencies and instrumentalities, which have the full faith and credit guarantee of the United States Government or its agencies and instrumentalities.
2. Certificates of deposit guaranteed by the Federal Deposit Insurance Corporation issued by state and national banks domiciled in Texas.
3. Demand deposits and certificates of deposit guaranteed by the Federal Deposit Insurance Corporation or secured by pledged securities issued by the depository approved by the Board of Regents.
4. Public funds investment pools as permitted by Government Code 2256.016 – 2256.019 and approved by Board resolution up to twenty-five million dollars. Public funds investment pools may also be used to deposit bond sale proceeds up to the limit of the bonds issued. As long-term investments are purchased, the funds are transferred out of the public funds investment pool account.
5. Commercial paper that has a maturity of 270 days or fewer and is rated no less than A-1 or P-1 by at least two nationally recognized rating agencies.
6. Money market mutual funds as permitted by Government Code 2256.014 and approved by Board resolution.
7. Fully collateralized repurchase agreements as permitted by Government Code 2256.011.

Restricted Investment Policy (Endowments)

The College's endowment fund assets are to be invested in accordance with sound investment practices that emphasize long-term growth for the endowment. This endowment will be managed according to the following underlying principles:

1. The endowment's investments shall emphasize long-term capital appreciation as a primary source of return. Current income is a supplementary source of gains;
2. The investment objective recognizes that the assets are exposed to risk and may be subject to large fluctuations in market value from year-to-year. This volatile performance is acceptable, as long as the endowment is invested primarily for capital appreciation over the long-term;
3. The endowment's assets are expected to earn long-term returns sufficient to grow the purchasing power of assets over the long-term, net of disbursements and fees;
4. The investment objective implies a long-term time horizon available for investment in order to benefit from total returns that would normally accrue to a patient investment strategy;
5. The endowment shall be diversified in order to reduce the risk of wide swings in market value from year-to-year, or of incurring large losses that may result from concentrated positions; and
6. The endowment shall achieve investment results over the long-term that compare favorably with those of other professionally managed portfolios and of appropriate market indices.

Restricted Investment Policy (Endowments) (Continued)

The College's endowment funds are authorized to be invested in the items listed in the Unrestricted Investment Policy and the following investment instruments provided that they meet the guidelines of the investment policy:

1. Mutual Fund Investments – The investment guidelines for mutual funds and limited partnerships are detailed in the prospectus or Declaration of Trust for individual funds. The investment advisor is responsible for reviewing these guidelines to ensure they are generally consistent with College's investment policy and advising the Board.
2. Permitted Securities – The securities shall be registered with the Securities and Exchange Commission, and traded on a recognized U.S. stock exchange or over-the-counter market. Private placement issues also known as "144A" securities may not be purchased.
  - a. Real Estate Securities include: Equity REITs, mortgage REITs, CMO or mortgage-related securities REITs, Health Care REITs, and equities of real estate operating companies.
  - b. Fixed Income Securities include: Domestic fixed and variable rate bonds and notes issued by the U.S. Government and its Agencies, U.S. Corporations, Yankee bonds and notes (bonds or notes issued by non-U.S. based corporations and governments but traded in the US), securitized mortgages (GNMA's, FNMA's, FHLMC's) collateralized mortgage obligations, asset-backed securities, taxable municipal bonds, convertible bonds and preferred stock.
  - c. International Securities include: sponsored and unsponsored American Depository Shares (ADS's) or other depository securities of non-U.S. based companies traded in the U.S. and closed-end country funds. Equities of foreign domiciled companies that are traded in the U.S. may also be purchased so long as the securities are registered with the Securities and Exchange Commission and traded on a recognized national exchange or over-the-counter market.
3. Excluded Investments – The endowment's assets may not be used for the following purposes:
  - a. Short sales;
  - b. Purchases of letter stock or private placements;
  - c. Leveraged transactions except through experienced fund managers;
  - d. Commodities transactions;
  - e. Puts, calls, straddles, or other option strategies;
  - f. Purchase of real estate, oil and gas properties, or other natural resources related properties with the exception of Real Estate Investment Trusts or marketable real estate securities;
  - g. Investment in limited partnerships except for publicly traded Master Limited Partnerships and debt issued by Real Estate Master Trusts; and
  - h. Investments in futures, use of margin, or investments in any derivatives not explicitly permitted in the investment policy statement.

The College's security selection and asset allocation strategy sets a long-term percentage target for the amount of the endowment's market value that is to be invested in any one-asset class. In line with the return objectives and risk parameters of the endowment, the mix of assets should be generally maintained as follows:

<u>Asset Class/Investment Style</u>	<u>Minimum</u>	<u>Target</u>	<u>Maximum</u>
Domestic Large/Medium/Small Cap Stocks	0%	30-50%	50%
International Stocks	0%	5-15%	15%
Total equities	0%	30-50%	50%
Investment grade fixed income *	0%	35-50%	100%
Real estate funds, convertible funds, and Closed-end funds	0%	5-10%	15%
State sponsored pools	0%	**	100%**
Cash and cash equivalents	0%	**	100%**

In order to assure preservation of original corpus, managers may be required to hold cash, cash equivalents, and investment grade fixed income securities when appropriate.

\* Investment grade is securities with a minimum BBB rating by Standard & Poors.

\*\* Cash held outside the investment manager's accounts shall be the minimum amount needed to meet anticipated expenditures.

Rebalancing the Portfolio – The allocation to each asset class and to investment styles within asset classes is expected to remain stable over most market cycles. Since capital appreciation (depreciation) and trading activity in individually managed portfolios can result in deviation from overall asset allocation, the aggregate asset allocation can result in deviation from overall asset allocation; the aggregate asset allocation will be monitored by the investment advisor and readjusted at least annually. Should an allowable asset range be violated, the Board of Regents must rebalance the existing assets to the target mix within three months of the time when the deviation is discovered.

The College participates in four Local Government Investment Pools (LGIPs): TexPool, Lone Star, TexSTAR, and LOGIC. The State Comptroller oversees TexPool, with Federated Investors managing the daily operations of the pool under a contract with the State Comptroller. Although there is no regulatory oversight over Lone Star, TexSTAR, and LOGIC, advisory boards consisting of participants or their designees, maintains oversight responsibility for Lone Star, TexSTAR, and LOGIC.

The College invests in TexPool, Lone Star, TexSTAR, and LOGIC to provide its liquidity needs. TexPool, Lone Star, TexSTAR, and LOGIC are local government investment pools that were established in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code and the Public Funds Investment Act, Chapter 2256 of the Code. TexPool, Lone Star, TexSTAR, and LOGIC are 2(a)7 like funds, meaning that they are structured similar to a money market mutual fund. Such funds allow shareholders the ability to deposit or withdraw funds on a daily basis. Interest rates are also adjusted on a daily basis. Such funds seek to maintain a constant net asset value of \$ 1.00, although this cannot be fully guaranteed. TexPool, Lone Star, TexSTAR, and LOGIC are rated AAAM and must maintain a dollar weighted average maturity not to exceed 60 days, which is the limit. At August 31, 2019 TexPool, Lone Star, TexSTAR, and LOGIC had a weighted average maturity of 36 days, 27 days, 22 days, and 47 days, respectively. Although TexPool, Lone Star, TexSTAR, and LOGIC portfolios had a weighted average maturity of 36 days, 27 days, 22 days, and 47 days, respectively, the College considers holdings in these funds to have a one day weighted average maturity. This is due to the fact that the share position can usually be redeemed each day at the discretion of the shareholder, unless there has been a significant change in value.

All of the College's investments are insured, registered, or the College's agent holds the securities in the College's name; therefore, the College is not exposed to custodial credit risk.

The following table includes the portfolio balances of all investment types of the College at August 31, 2019 and 2018.

Unrestricted Funds

As of August 31, 2019 and 2018, the College's unrestricted funds had the following investments:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Weighted Average Maturity (Days)</u>
<u>August 31, 2019</u>		
Local government investment pools (LGIP)	\$ 11,691,751	22

	13,278,014	88
Mutual funds	<u>67,033</u>	
	<u>\$ 13,345,047</u>	

Credit Risk – As of August 31, 2019 and 2018, the LGIPs (which represent approximately 74% and 75% of the unrestricted portfolio) are rated AAAM by Standard and Poor's. The certificates of deposit accounts (which represent approximately 0% and 6% of the unrestricted portfolio) are covered 100% by federal deposit insurance. The U.S. Treasuries (which represent approximately 0% and 7%) and the U.S. agencies (which represent approximately 26% and 11% of the unrestricted portfolio) are rated AAA and Aaa by Standard and Poor's, and Moody's. The Mutual funds (which represent 0% and 1% of the unrestricted portfolio) complete the investment portfolio.

Interest Rate Risk – As a means of minimizing risk of loss due to interest rate fluctuations, the Investment Policy requires 50% of unrestricted net assets not exceed one (1) year and none exceed two (2) years, unless matched to a specific requirement, such as investments required to support student scholarships. Quality short-to-medium term securities should be purchased, which complement each other in a structured manner that minimizes risk and meets the College's cash flow requirements.

<u>August 31, 2018</u>		
Local government investment pools (LGIP)	\$ <u>700,248</u>	28
	\$ <u>700,248</u>	

Credit Risk - As of August 31, 2019 and 2018, the LGIP's (which represent 100% and 100% of the restricted (non-endowment) portfolio are rated AAAM by Standard and Poor's.

Interest Rate Risk - As a means of minimizing risk of loss due to interest rate fluctuations, the Investment Policy allows investment of these funds for periods matched to the specific purpose of such funds.

Restricted (Endowment) Funds

As of August 31, 2019 and 2018, the College's endowment restricted funds had the following investments:

Credit Risk - As of August 31, 2019 and 2018, the certificates of deposit (which represent approximately 1% and 2% of the restricted (endowment) portfolio) are covered 100% by federal deposit insurance. Mutual funds (which represent approximately 69% and 66% of the restricted (endowment) portfolio), and equities (which represent approximately 30% and 32% of the restricted (endowment) portfolio), complete the investment portfolio.

Interest Rate Risk - The College's investment policy for endowments emphasizes long-term capital appreciation as a primary source of return with and current income as a supplementary source of gains. However, quality medium-to-long term securities should be purchased, which complement each other in a structured manner that minimizes risk and meets the College's endowment investment strategy.

Foreign Currency Risk – The College's investment policy permits it to invest up to 15 percent of total investments in foreign investments. Amounts over 15 percent require periodic rebalancing. As of August 31, 2019 and 2018, the College's restricted investments in mutual funds and equity securities were exposed to foreign currency risk as follows:

**3.C. Fair Value Measures**

GASB No. 72, "Fair Value Measurement and Application" establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GASB No. 72 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**4.B. Depreciation Expense**

Depreciation expense has not been charged to functional categories. This does not comply with Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements – and Management’s Discussion and Analysis – For State and Local Governments. However, the Texas Higher Education Coordinating Board guidelines contained in the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges* does not require allocation of depreciation to functional categories. Since the College is reported as a special-purpose government engaged in business-type activities, this is not considered material to the financial statements.

**4.C. Unexpended Plant Construction Commitments**

The College has not entered into contracts for construction as of August 31, 2019 and 2018.

**7. ADVANCE REFUNDING AND DEFEASED DEBT, AND REFUNDING COSTS**  
**(Continued)**

**7A. Advance Refunding and Defeased Debt (Continued)**

On April 17, 2017, the College issued \$ 9,015,000 in Limited Tax Revenue Refunding Bonds – Series 2017 for the refunding of previously issued outstanding bonds, as follows: \$ 9,135,000 in Limited Tax Bonds, Series 2010. The College placed the proceeds (\$ 9,885,638) of the refunding in an escrow fund. The escrow fund is irrevocably pledged to the payment of principal and interest on the bonds issued being refunded. The difference between the cash flow required to service the old debt and that required to service the new debt and complete the refunding was a decrease of \$ 534,103. The economic gain resulting from the transaction was \$ 405,181. The outstanding balance of these defeased bonds at August 31, 2019 and 2018 was \$ 9,135,000 and \$ 9,135,000, and the balance held in escrow was \$ 9,406,578 and \$ 9,633,254.

**7B. Refunding Costs**

The cost of refunding is the difference in the amount placed in escrow for the refunding of debt less the debt being refunded (debt principal, related net premium, and related accrued interest). This amount is reported a deferred outflow of resources and amortized over the life of the new or old bonds, whichever is shorter.

The Limited Tax Refunding Bonds – Series 2016 resulted in a \$ 1,986,472 refunding cost. At August 31, 2019 and 2018, the net refunding cost was \$ 15,414 and \$ 153,892, respectively. These refunding costs will be fully amortized on February 15, 2020.

The Combined Fee Limited Tax Refunding Bonds – Series 2016 resulted in a \$ 140,504 refunding cost. At August 31, 2019 and 2018, the net refunding cost was \$ 70,220 and \$ 93,973. These refunding costs will be fully amortized on February 15, 2022.

**10. EMPLOYEE RETIREMENT AND OPEB PLANS**

**10.A. DEFINED BENEFIT PENSION PLAN – Teacher Retirement System**

**Plan Description**

The College participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supposed education institutions in Texas who are employed for one-half or more of the standard work load who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

**Pension Plan Fiduciary Net Position**

Detail information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. The report may be obtained on the Internet at <http://www.trs.state.tx.us/amount/documents/cafr.pdf#CAFR>; by writing to TRS at 1000 Red River Street, Austin, TX 78701-2698; or by calling (512) 542-6592.

**Benefits Provided**

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credit service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan Description above.

**Contributions**

Contribution requirements are established or amended pursuant to Article 16, Section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code Section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83<sup>rd</sup> Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 thru 2017. The 85<sup>th</sup> Texas Legislature, General Appropriations Act (GAA) affirmed that the employer contribution rates for fiscal years 2018 and 2019 would remain the same.

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing College is a public junior college or junior college College, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, there are two additional surcharges an employer is subject to.

- When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement age surcharge.
- When a school College or charter school does not contribute to the Federal Old-Age, Survivors and Disability Insurance (OASDI) Program for certain employees, they must contribute 1.5% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

**Actuarial Assumptions**

The total pension liability in the August 31, 2017 actuarial valuation rolled forward to August 31, 2018 was determined using the following actuarial assumptions:

Valuation Date	August 31, 2017 rolled forward to August 31, 2018
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	6.907%
Long-term expected Investment Rate of Return	7.25%
Inflation	2.30%
Salary Increases including inflation	3.05% to 9.05%
Payroll Growth Rate	2.50%
Benefit changes during the year	None
Ad-hoc post-employment benefit changes	None

The actuarial methods and assumptions are based primarily on a study of actual experience for the four year period ending August 31, 2017 and adopted in July 2018.

**Discount Rate**

The single discount rate used to measure the total pension liability was 6.907%. The single discount rate was based on the expected rate of return on pension plan investments of 7.25 percent and a municipal bond rate of 3.69 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan’s fiduciary net position was sufficient to finance the benefit payments until the year 2069. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2069, and the municipal bond rate was applied to all benefit payments after that date. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2018 are summarized below:

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At August 31, 2019, the College reported a liability of \$ 7,875,563 for its proportionate share of TRS’s net pension liability. This liability reflects a reduction for State pension support provided to the College. The amount recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College were as follows:

College’s Proportionate share of the collective net pension liability	\$ 7,875,563
State’s proportionate share that is associated with the College	<u>4,013,714</u>
 Total	 <u>\$ 11,889,277</u>

The net pension liability was measured as of August 31, 2017 and rolled forward to August 31, 2018 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of August 31, 2017 and rolled forward to August 31, 2018. The employer’s proportion of the net pension liability was based on the employer’s contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2017 through August 31, 2018.

At August 31, 2018 the employer’s proportion of the collective net pension liability was 0.0143081685% which was an decrease of 0.00432624% from its proportion measured as of August 31, 2017.

**Changes since the prior Actual Valuation**

The following were changes to the actuarial assumptions or other inputs that affected measurement of the total pension liability since the prior measurement period.

- The Total Pension Liability as of August 31, 2018 was developed using a roll-forward method from the August 31, 2017 valuation.
- Demographic assumptions including post-retirement mortality, termination rates, and rates of retirement were updated based on the experience study performed for TRS for the period ending August 31, 2017.
- Economic assumptions including rates of salary increase for individual participants was updated based on the same experience study.
- The discount rate changed from 8.0 percent as of August 31, 2017 to 6.907 percent as of August 31, 2018.
- The long-term assumed rate of return changed from 8.0 percent to 7.25 percent.
- The change in the long-term assumed rate of return combined with the change in the single discount rate was the primary reason for the increase in the Net Pension Liability.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

For the year ended August 31, 2019, the College recognized pension expense of \$ 1,045,754 and revenue of \$ 392,875 for support provided by the State.

At August 31, 2019, the College reported its proportionate share of TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 49,090	\$ 193,235
Changes in actuarial assumptions	2,839,520	88,735

**10.B. Other Post-Employment Benefits (OPEB) – Employees Retirement System of Texas (ERS)**

**Plan Description**

The College participates in a cost-sharing, multiple-employer, other post-employment benefit (OPEB) plan with a special funding situation. The Texas Employees Group Benefits Program (GBP) is administered by the Employees Retirement System of Texas (ERS). The GBP provides certain postemployment health care, life and dental insurance benefits to retired employees of participating universities, community college, and State agencies in accordance with Chapter 1551, Texas Insurance Code. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the State and retire with at least 10 years of service to eligible entities. Surviving spouses and dependents of these retirees are also covered. Benefit and contribution provisions of the GBP are authorized by State law and may be amended by the Texas Legislature.

**OPEB Plan Fiduciary Net Position**

Detailed information about the GBP's fiduciary net position is available in the separately issued ERS Comprehensive Annual Financial Report (CAFR) that includes financial statements, notes to the financial statements and required supplementary information. That report may be obtained on the Internet at <https://ers.texas.gov/About-ERS/Reports-and-Studies/Reports-on-Overall-ERS-Operations-and-Financial-Management>; or by writing to ERS at 200 East 18<sup>th</sup> Street, Austin, TX 78701; or by calling (877) 275-4377.

**Benefits Provided**

Retiree health benefits offered through the GBP are available to most State of Texas retirees and their eligible dependents. Participants need at least ten years of service credit with an agency or institution that participates in the GBP to be eligible for GBP retiree insurance. The GBP provides self-funded group health (medical and prescription drug) benefits for eligible retirees under HealthSelect. The GBP also provides a fully insured medical benefit option for Medicare-primary participants under the HealthSelect Medicare Advantage Plan and life insurance benefits to eligible retirees via a minimum premium funding arrangement. The authority under which the obligations of the plan members and employers are established and/or may be amended is Chapter 1551, Texas Insurance Code.

**Contributions**

Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. The employer and member contribution rates are determined annually by the ERS Board of Trustees based on the recommendations of ERS staff and its consulting actuary. The contribution rates are determined based on (I) the benefit and administrative costs expected to be incurred, (II) the funds appropriated and (III) the funding policy established by the Texas Legislature in connection with benefits provided through the GBP. The Trustees revise benefits when necessary to match expected benefit and administrative costs with the revenue expected to be generated by the appropriated funds.

The following table summarizes the maximum monthly employer contribution toward eligible retirees' health and basic life premium. Retirees pay any premium over and above the employer contribution. The employer does not contribute toward dental or optional life insurance. Surviving spouses and their dependents do not receive any employer contribution. As the non-employer contributing entity (NECE), the State of Texas pays part of the premiums for the junior and community colleges.

Many of the actuarial assumptions used in this valuation were based on the results of actuarial experience studies performed by the ERS and TRS retirement plan actuaries for the period September 31, 2010 to August 31, 2017 for higher education members.

**Investment Policy**

The State Retiree Health Plan is a pay-as-you-go plan and does not accumulate funds in advance of retirement. The System's Board of Trustees adopted the amendment to the investment policy in August 2017 to require that all funds in the plan be invested in short-term fixed income securities and specify that the expected rate of return on these investments is 2.4%.

**Discount Rate**

Because the GBP does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the municipal bonds rate. The discount rate used to determine the total OPEB liability as of the *beginning* of the measurement year was 3.51%. The discount rate used to measure the total OPEB liability as of the *end* of the measurement year was 3.96%, which amounted to an increase of 0.451%. The source of the municipal bond rate was the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. The bonds average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp's AA rating. Projected cash flows into the plan are equal to projected benefit payments out of the plan. Because the plan operates on a pay-as-you-go (PAYGO) basis and is not intended to accumulate assets, there is no long-term expected rate of return on plan assets and therefore the years of projected benefit payments in which the long-term expected rate of return is applicable is zero years.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

At August 31, 2019, the College reported a liability of \$ 17,996,726 for its proportionate share of the ERS's net OPEB liability. This liability reflects a reduction for State support provided to the College for OPEB. The amount recognized by the College as Its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the College were as follows:

College's Proportionate share of the collective net OPEB liability	\$ 17,996,726
State's proportionate share that is associated with College	<u>14,793,969</u>
<b>Total</b>	<b>\$ <u>32,790,693</u></b>

The net OPEB liability was measured as of August 31, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The College's proportion of the net OPEB liability was based on the College's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2018, thru August 31, 2019.

For the year ended August 31, 2019, the College recognized a reduction in revenue of \$ 89,415 related to its proportionate share of support provided by the State. In contrast, for the year ended August 31, 2018, the College recorded revenue of \$ 334,302 for support provided by the state.

Changes Since the Prior Actuarial Valuation – Changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period were as follows:

i. Demographic Assumptions

Since the last valuation was prepared for this plan, demographic assumptions (including rates of retirement, disability, termination, and mortality, and assumed salary increases) for Higher Education members have been updated to reflect assumptions recently adopted by the TRS Trustees. These new assumptions were adopted to reflect an experience study on the TRS retirement plan performed by the TRS retirement plan actuary.

In addition, the following assumptions have been updated since the previous valuation to reflect recent plan experience and expected trends.

- Percentage of current retirees and retiree spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and retiree spouses who will elect to participate at the plan at the earliest date at which coverage can commence.
- Percentage of future retirees assumed to be married and electing coverage for their spouse.

ii. Economic Assumptions

Assumptions for Expenses, Assumed Per Capital Health Benefit Costs and Health Benefit Cost and Retiree Contribution and Expense trends have been updated since the previous valuation to reflect recent health plan experience and its effects on our short-term expectations.

The discount rate was changed from 3.51% to 3.96% as a result of requirements by GASB No. 75 to utilize the yield or index rate for 20-year, tax-exempt general obligation bonds rate AA/Aa (or equivalent) or higher in effect on the measurement date.

Minor benefit changes described below have been reflected in the FY 2019 Assumed Per Capita Health Benefits Costs.

**10. EMPLOYEE RETIREMENT AND OPEB PLANS (Continued)**

**10.C. Optional Retirement System**

Brazosport College District's full-time employees and administrators as defined in accordance with Texas Civil Statutes, Title 110B, Section 31.001, Subdivision (8), Revised Statutes, as amended are eligible to participate in the Optional Retirement Program (ORP). By statute, the State of Texas contributes to the retirement program an amount equal to the current authorized rates times the aggregate annual compensation of all members of the retirement program during that fiscal year. Member benefits in the ORP vest after one year of participation in one or more optional retirement plans operating in one or more institutions of higher education in Texas.

The State of Texas contribution rate is 3.30% for fiscal year 2017-2018 and 2018-2019 with a 0.78% supplement for 2017-2018 and 2018-2019 for those participating on August 31, 1995 or before which is paid by the College. Member contribution rate is 6.65% for fiscal years 2017-2018 and 2018-2019. These rates are set by state statutes. The contribution requirement of the fiscal years ended August 31, 2019 and 2018 for the College was \$ 704,129 and \$ 684,943, which consisted of \$ 168,161 and \$ 163,037 from the state, \$ 179,098 and \$ 193,362 from the College, and \$ 338,870 and \$ 328,544 from the employees, and, \$ -0- and \$ -0- from grantors, respectively. The College's total payroll for the years ended August 31, 2019 and 2018 was \$ 22,467,844 and \$ 20,991,992 of which \$ 5,095,797 and \$ 4,940,517 was covered payroll for this plan, respectively.

**10.D. Teachers Insurance Annuity Association/College Retirement Equities Fund**

Brazosport College District's part-time employees are eligible to participate in the Teachers Insurance Annuity Association/College Retirement Equities Fund (TIAA/CREF). The member contribution rate was 6% for fiscal years 2017-2015, and 2018-2019. The College's contribution rate was 1.5% for the same period. The contribution requirement of the fiscal years ended August 31, 2019 and 2018 was \$ 41,008 and \$ 38,468 from the College and \$ 164,025 and \$ 153,866 from the employees, respectively. The College's total payroll for the years ended August 31, 2019 and 2018 was \$ 22,467,844 and \$ 20,991,992 of which \$ 2,735,002 and \$ 2,564,415 was covered payroll for this plan, respectively.

**11. DEFERRED COMPENSATION PROGRAM**

College employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001. The plan is essentially an unfunded promise to pay by the employer to each of the plan participants.

As of August 31, 2019 and 2018, the College has 50 and 53 employees participating in the program, 49 and 55 employees were vested as of August 31, 2019 and 2018. A total of \$ 532,168 and \$ 500,255 in contributions were deferred by employees during the fiscal year ended August 31, 2019 and 2018 creating a payable to the vested employees of zero. The College is not custodian for this plan and therefore does not administrate any type of plan where it would have any records on employee contributions. The College withholds the amount requested by the various employees and then immediately remits it to the broker selected by each employee. Since these are individual annuity contracts, the College has no additional or unfunded liability for this program and has no contractual liability.

*NOTES TO THE FINANCIAL STATEMENTS*  
*YEARS ENDED AUGUST 31, 2019 AND 2018*

**12. COMPENSATED ABSENCES**

Full time employees of the College earn annual leave from 12 to 20 days each year depending upon the number of years employed with the College; however, in no case shall annual leave accrue in units other than one-half day or full days. Individuals employed after March 1, shall not receive credit for a year of service under this policy. Employees may accrue to a maximum of fifteen days of leave from prior years with the approval of the College president. At August 31, 2019 and 2018 the accrued liability for unpaid leave totaled \$ 351,075 and \$ 332,382, of which \$ -0- and \$ 55,000, respectively is classified as a current liability.

Under the College's sick leave policy, full-time and part-time (regularly employed on 50% or more basis) employed personnel, incapable of performing duties, shall be allowed up to ninety working days disability leave (sick leave) without loss of pay during any academic year or for any continuous absence for an accident or illness in which the ninety days includes days in two academic years. No leave under this policy shall accrue from one year to another; therefore, no accrual of liability exists at August 31, 2019 and 2018.

**13. PENDING LAWSUITS AND CLAIMS**

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The College maintains commercial insurance for these types of risks. There have been no significant changes in insurance coverage, and no settlements have significantly exceeded insurance coverage for the years ended August 31, 2019 and 2018.

The College is contingently liable in respect to lawsuits and other claims in the ordinary course of its operations. The potential settlement (if any) of such contingencies under the budgetary process would require appropriation of revenues yet to be realized and would not materially affect the financial position of the College at August 31, 2019 and 2018.

**14.C. Uncollectible Accounts**

Taxes

Ad valorem taxes receivable are reserved based upon historical experience and evaluation of collectivity as the lesser of a percentage of the original levy and the current receivable for each levy year. The allowance for uncollectible taxes as of August 31, 2019 and 2018 was \$ 205,267 and \$ 184,908, respectively.

Customer Receivables

The allowance for uncollectible receivables related to College services is determined based on historical experience and evaluation of collectivity in relation to the aging of customer accounts. The allowance for uncollectible accounts as of August 31, 2019 and 2018 was \$ 621,097 and \$ 570,454, respectively.

Tuition and Fees Receivable

The allowance for uncollectible receivables related to College services is determined based on historical experience and evaluation of collectivity in relation to the aging of customer accounts. The College considers tuition and fees receivable to be fully collectible as of August 31, 2019 and 2018; accordingly no allowance for uncollectible accounts is required.

Notes Receivable - Student Loans

The allowance for uncollectible student loans is determined based on historical experience and evaluation of collectivity in relation to the aging of notes outstanding. At August 31, 2019 and 2018, no allowance was established. During the years ended August 31, 2019 and 2018, there were no write-offs of student loans.

**14.D. Unearned Revenues**

Current Unrestricted Fund revenues, consisting of tuition and fees related to academic terms in the next fiscal year, are recorded on the balance sheet as unearned revenue at August 31, 2019 and 2018. Of these amounts only the tuition and fees, and clarion tickets were collected prior to August 31, 2019 and 2018. These amounts are as follows:

	2019	2018
Current Liabilities:		
Tuition and fees	\$ 1,797,039	\$ 1,833,307

**15. OPERATING LEASE REVENUES**

Brazosport College District is the lessor of various properties and rights under operating leases as follows:

1. Beginning April 18, 2003 the College entered into a lease agreement with Texas Book Company to lease the bookstore for 8.5% of gross sales up to \$ 2,000,000, plus 10% of gross sales over \$ 2,000,000, but not less than \$ 100,000 annually. The College provides utilities, furniture and equipment, and maintenance of facilities while the lessee provides maintenance of furniture and equipment and specified insurance coverage. On August 21, 2006, the College approved modifications to the existing agreement, which calls for the Texas Book Company to commit up to \$ 90,000 for bookstore renovations and to provide a \$ 10,000 contribution to the College. The agreement was for seven years from May 1, 2007 to April 30, 2014. Effective November 1, 2012, the College renewed the agreement through October 31, 2017 and again effective November 1, 2017 the College renewed the agreement through October 31, 2022. Upon completion of the renewal term, the lease shall automatically self-renew for five years under the same provisions. The College received \$ 77,281 and \$ 95,893 in lease income for the years ended August 31, 2019 and 2018, respectively.
2. On May 23, 2012, the College entered into a lease agreement with Tommy's to lease the cafeteria for 5% of net sales (gross sales less sales taxes), but not less than \$ 400 monthly. If not paid by the due date, the amount due will increase to 6%. The College provides utilities, specified furniture and equipment, and maintenance of facilities and the lessee provides maintenance of furniture and equipment, specified insurance coverage, inventory and business licenses and permits. Lessee agrees to comply with all applicable laws. The lease began on January 20, 1999 and was renewed several times. The most recent amendment, which was on September 1, 2012, makes the agreement effective until August 31, 2019. The College received \$ 43,257 and \$ 40,955 of lease income on this contract for the years ended August 31, 2019 and 2018, respectively.

**16. CONTRACTS AND GRANTS**

Contract and grant awards are accounted for in accordance with the requirements of the AICPA Industry Audit Guide, Audits of Colleges and Universities. Revenues are recognized on Exhibit 2 as federal grants and contracts (operating revenue) and Title IV federal grants (non-operating revenues). For federal contract and grant awards, funds expended, but not collected, are reported as Federal Receivables on Exhibit 1. Non-federal contract and grant awards for which funds are expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements. Contract and grant awards already committed, e.g., multi-year awards, or funds awarded during fiscal years ending August 31, 2019 and 2018 for which monies have not been received totaled zero.

**17. POST RETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS**

In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee varied based upon coverage category. Monthly contribution amounts for the year ended August 31, 2019 were \$ 624.82 for "Employee Only" coverage, \$ 982.82 for "Employee and Spouse" coverage, \$ 864.52 for "Employee and Children" coverage, and \$ 1,222.52 for "Employee and Family" coverage. The cost of providing those benefits for 94 retirees was \$ 380,558 and for 291 active employees was \$ 1,170,548. For the year ended August 31, 2019 the state contribution was limited to \$ 1,551,106.

Monthly contribution amounts for the year ended August 31, 2018 were \$ 621.90 for "Employee Only" coverage, \$ 978.22 for "Employee and Spouse" coverage, \$ 860.48 for "Employee and Children" coverage, and \$ 1,216.80 for "Employee and Family" coverage. The cost of providing those benefits for 83 retirees was \$ 353,205 and for 278 active employees was \$ 1,130,312. For the year ended August 31, 2018 the state contribution was limited to \$ 1,483,517.

**18. ON-BEHALF PAYMENTS**

The State of Texas provided on-behalf payments for the following benefits for the years ended August 31, 2019 and 2018:

Tax collections for the years ended August 31, 2019 and 2018 were 100.62% and 99.80% of the current tax levy, respectively. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to maintenance and operations.

**20. INCOME TAXES**

The College is exempt from income taxes under internal Revenue Code Section 115. Income of States, Municipalities, Etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations. The college had no unrelated business income tax liability for the year ended August 31, 2019 and 2018.

**21. COMPONENT UNITS**

Brazosport College Foundation - Discrete Component Unit

Brazosport College Foundation (the Foundation) was established as a separate nonprofit organization on November 22, 1995, to raise funds to provide student scholarships, building projects and support other projects of the College. The Governmental Standards Board Statement No. 61, "The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14. and No. 34", an organization should report as a discretely presented component unit those organizations that raise and hold economic resources for the direct benefit of government unit.

Accordingly, the Foundation financial statements are included in the College's annual report as a discrete component unit (see table of contents). Complete financial statements of the Brazosport College Foundation can be obtained from the Vice President, Financial Services & CFO, Brazosport College District, 500 College Drive, Lake Jackson, Texas 77566.

**22. RELATED PARTIES**

The College has no related parties except the Brazosport College Foundation which is mentioned as a Component Unit in Note 21.

**23. EVALUATION OF SUBSEQUENT EVENTS**

The management of the College has evaluated subsequent events through November 26, 2019, the date which the financial statements were available to be issued.

**24. TAX ABATEMENTS**

The College enters into property tax abatement agreements with local businesses. The abatement agreements, which were approved by the College's Board of Regents, call for a partial or full abatement of property taxes for a range of from five to ten years. The agreements call for a minimal annual fee to be paid during the years of active abatement. The College has the following tax abatement agreements in place which span a total of nine (9) entities, as follows:

*NOTES TO THE FINANCIAL STATEMENTS*  
*YEARS ENDED AUGUST 31, 2019 AND 2018*

**25. CHANGE IN ACCOUNTING PRINCIPLE AND PRIOR PERIOD RESTATEMENT**

During the year ended August 31, 2018, the District implemented GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions." This statement replaces the requirements of Statements No. 45 and No. 57 and requires the liability of employers and nonemployers contributing entities to employees for defined benefit OPEB (net OPEB liability) to be measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employee's past periods of service (total OPEB liability), less the amount of the OPEB plan's fiduciary net position. It establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expenditures. It requires a government employer to recognize a net OPEB liability measured as of a date (the measurement date) no earlier than the end of its prior fiscal year. If a government employer makes a contribution to a defined benefit OPEB plan between the measurement date of the reported net OPEB liability and the end of the government's reporting period, it requires that the government recognize its contribution as a deferred outflow of resources. The following represents the retroactive restatement of net position as a result of implementation of GASB No. 75 and prior period adjustment.

## Independent Auditor's Report

On Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Regents  
Brazosport College District  
Lake Jackson, Texas 77566

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities, each major fund, and the discretely presented component unit of Brazosport College District (the "College"), as of and for the years ended August 31, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated November 26, 2019.

### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We have performed tests designed to verify the District's compliance with the requirements of the Public Funds Investment Act. During the years ended August 31, 2019 and 2018, no instances of noncompliance, either material or immaterial, were found.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report  
On Compliance for Each Major Program and on Internal Control over  
Compliance Required by the Uniform Guidance

To the Board of Regents  
Brazosport College District  
Lake Jackson, Texas 77566

**Report on Compliance for Each Major Federal Program**

We have audited the Brazosport College District's (the "College") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended August 31, 2019. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the College's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, the College, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2019.

### **Report on Internal Control over Compliance**

Management of the College, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES USED IN PREPARING SCHEDULE**

The expenditures included in the schedule are reported for the college’s fiscal year ended August 31, 2019 and 2018. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds which have been expended by the College for purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the general purpose financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedule.

**NOTE 3 - MATCHING EXPENDITURES**

The Small Business Development (SBDC) program requires local matching expenditures. The District accounts for these expenditures within the Current Unrestricted Funds. Matching expenditures for the years ended August 31, 2019 and 2018 were as follows:

	Federal CFDA Number	Pass -Through Grantor's Number	Program Matching Required	Direct Matching Expenditures Years Ended August 31,
