INTRODUCTORY SECTION

TJCTM

DISTRICT

November 19, 2019

Dr. Juan E. Mejia, President
Members of the Board of Trustees, and
Citizens of the Tyler Junior College District

The following comprehensive annual financial report of the Tyler Junior College District (“the College”) for the fiscal year ended August 31, 2019, is hereby submitted. The financial statements are prepared in accordance with Generally Accepted Accounting Principles (GAAP) as established by the Governmental Accounting Standards Board (GASB) and comply with the Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges as set forth by the Texas Higher Education Coordinating Board (THECB). The notes to the financial statements are provided in the financial section and are considered essential for fair and adequate disclosure of all information presented in this financial report. The independent auditor’s report is located at the front of the financial section of this report.

Management assumes full responsibility for the completeness and reliability of the information contained in this report based upon a comprehensive framework of internal controls. The objective of internal controls is to provide reasonable, rather than absolute, assurance that the financial statements are free of material misstatements. The concept of reasonable assurance ensures the cost of the controls does not exceed the benefits derived. Management’s discussion and analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

State statute requires an annual audit by independent certified public accountants. The purpose of an independent audit is to provide assurance, based on independent review and testing, that the basic financial statements and accompanying notes are fairly stated in all material respects. The Federal Single Audit Act Amendments of 1996, Uniform Administrative Requirements, Cost Principles and Audit Requirements of Federal Awards and State of Texas Uniform Grant Management Standards require the College to have a single audit of state and federal awards. Information related to the single audit is included in the single audit section of this report.

To the best of our knowledge, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the College. All disclosures necessary to enable the reader to gain an understanding of the College’s financial activities have been included.

PROFILE OF THE DISTRICT

The Tyler Junior College District facilities are located in Tyler, Texas, a city of approximately 100,000 located in East Texas. The District was created in 1926 as part of the Tyler public school system to serve the higher education needs of area citizens. In 1945, Tyler voters established the Tyler Junior College District as an independent local governmental entity with a publicly elected board of trustees and the authority to levy taxes in support of the District. The District is currently comprised of some or all of six independent school districts including Chapel Hill, Grand Saline, Lindale, Tyler, Van, and Winona school districts located in Smith and Van Zandt counties. The District is considered a special-purpose government engaged in business-type activities for financial reporting purposes.

In 1995, the 74th Texas Legislature defined the District's service area by adding the Yantis, Alba-Golden, Arp, Bullard, Hawkins, Jacksonville, Mineola, New Summerfield, Quitman, Rusk, Troup, and Whitehouse independent school districts to the existing six districts mentioned above. While not adding to the tax base, defining the service area clarifies the geographic boundaries within which the District may offer its courses and programs.

Although the Tyler Junior College District is regional in concept, the District's 128 degree and certificate programs at relatively low cost attracts students from thirty-eight states and thirty-seven foreign countries. Annual fall unduplicated enrollment is approximately 12,500 academic and vocational students with an additional 2,200 unduplicated "non-credit" continuing education students. In addition to outstanding instructional programs, the District offers a broad array of campus activities, men's and women's intercollegiate athletic programs, marching band, Apache Belles precision dance team, and a strong performing arts program. Student and service clubs, campus housing, career guidance and counseling, endowed scholarships, federal financial aid, and a modern 145-acre campus round out the educational experience.

The Tyler Junior College District has an academic heritage of providing the first two years of a four-year baccalaureate degree education. The District is committed to providing a traditional campus experience for current and future students at an affordable cost. In order to offer expanded education opportunities to students, the District has been authorized by the 85th Texas legislature to offer up to five baccalaureate degrees. The District has also been approved for a level change from an associate degree granting institution to a baccalaureate degree granting institution. Currently, the District offers a baccalaureate degree in Dental Hygiene and a baccalaureate degree in Healthcare Technologies and Medical Systems. These additional degrees expand the District's ability to offer opportunities for students to access higher education at an affordable cost.

COMPONENT UNIT REPORTING

In accordance with the provisions of GASB 39, the financial statements for the Tyler Junior College Foundation, a separate 501(c)(3) corporation, are presented discretely in the accompanying financial statements. The Tyler Junior College Foundation is a nonprofit corporation organized under the Texas Corporation Act. Its mission is to enhance the overall reputation of Tyler Junior College, to provide external resources to fund College priorities, and to create opportunities for the College to build partnerships with alumni, friends, donors, corporations, and foundations.

FINANCIAL PLANNING AND BUDGETING

Budgeting is the process whereby the plans of the institution are translated into an itemized, authorized, and systematic plan of operation expressed in dollars for a given period. Development of the budget should also ensure that all institutional activities and programs are simultaneously examined to determine, in light of available resources, which should be supported and at what levels. The budget is prepared by fund, department (e.g. History) and function (e.g. Instruction). The result of this process is a document that is used to monitor and control the ongoing operations of the institution.

An itemized budget covering the operation of the College must be approved on or before September 1 of each year for the fiscal year beginning on September 1 of each year. The adopted budget provides the authority to expend funds for the purposes indicated and in accordance with state law, Board policy, and the College District's approved purchasing procedures. The budget and expenditures are monitored by the President for the College District, the Vice President for Financial and Administrative Affairs/CFO, the Business Services staff and the Board. The Board may make adjustments to the operating budget at any time during the budget year upon recommendation by the President for the College District.

The annual budget is developed in conjunction with department budget owners. Budget requests are submitted by specified due dates, reviewed by administrative leadership and compiled into a proposed College-wide budget. Budget projections are used to determine potential future tuition and fee rate increases. Once the annual budget is approved, department heads are responsible for monitoring expense activity within their budget authority. Business Services staff review transactions to determine if they are reasonable and appropriate as well as monitoring budget deficits. Additions to the budget or unusual transactions require oversight and approval by the President for the College District or his designee, or the Board.

ECONOMIC CONDITION AND OUTLOOK

Tyler is located in Smith County in northeastern Texas approximately 100 miles east of Dallas and 100 miles west of Shreveport, Louisiana. Tyler is considered the advanced manufacturing, health care, educational, and retail center of East Texas. The population of the Tyler Metropolitan Statistical Area (MSA) is over 230,000 as of 2018. The 35th Annual Perryman Economic Outlook report forecasts continued growth in the Tyler Metropolitan Statistical Area (MSA) with an expected population increase of 1.12% by 2023. This is slightly less than the estimated population growth for the State of Texas, but more than projected growth for the United States.

Employment is projected to grow 2.08% annually with nearly 12,000 net new positions added by 2023. Occupations expected to add the most jobs between 2019-2023 in the Tyler MSA area are in the fields of services, wholesale and retail trade, finance, insurance and real estate, and transportation and warehousing. Unemployment in the East Texas area has been declining and is currently at a rate of 3.2% which is slightly less than both state and national unemployment levels. The economy in Tyler, the East Texas area and the state of Texas continues to grow at a healthy rate as compared to the national economy.

Academic year 2018-2019 enrollment and contact hours increased slightly as compared to 2017-2018. Modest enrollment growth is expected in the future as economic trends continue to improve in the Tyler area and the District adds new programs and expands existing programs in response to workforce development and student needs.

State appropriations for fiscal year 2019 remained flat as compared to the prior year. The 86th Texas Legislative session resulted in positive outcomes for the District. Funding for academic year 2020 will increase slightly due primarily to the increase in contact hour funding for the biennium. The District reviews tuition and fee schedules annually and adjusts tuition and fee rates as necessary to mitigate the impact of reduced state funding from prior years and the uncertainty of future appropriations. The Board approved a minimal fee increase for out-of-district fees for the Spring 2018 semester, but no additional tuition or mandatory fee increases were recommended for academic years 2018-2019 or 2019-2020. The District strives to maintain a low cost tuition and fee structure to remain competitive and provide access to education for as many students as possible.

The District also relies on local tax revenues to support the ongoing maintenance of existing facilities and grounds plus any additional capital growth as a result of increased capacity needs. Tax revenues have continued to increase modestly over the past several years due to an expanded tax base and increased property valuations. Property valuations of the District increased approximately 6.4% this past year with a corresponding increase in property tax exemptions. The District increased the maintenance and operation tax rate for 2018-2019 to \$.158000 per \$100 valuation and decreased the associated debt tax rate to \$.041926 per \$100 valuation. The total tax rate for 2018-2019 for the District remained at \$.199926 per \$100 valuation. The Tyler area economy is expected to continue to grow and property valuations to increase resulting in increased tax revenues. The District is mindful of the relationship with the taxing district and strives to keep the tax rates at reasonable levels while still providing funds for the District to preserve existing infrastructure and provide for future capital growth. The District has maintained its total tax rate of \$.199926 since fiscal year 2013.

MAJOR INITIATIVES

Tyler Junior College installed its seventh president in July 2019. Dr. Juan E. Mejia was selected as the sole finalist for the position of President after an extensive national search. Dr. Mejia has been with Tyler Junior College for six years and was previously the Provost and Vice President for Academic and Student Affairs and then most recently the District Provost and President for Branch Locations. Prior to Tyler Junior College, Dr. Mejia served for many years with South Texas College as Vice President for Academic Affairs and Chief Academic Officer. Dr. Mejia was the 2017 recipient of the Nelson Award by the Texas Association of Community Colleges, and he has been recognized during the 84th, 85th, and 86th Texas Legislative Sessions for his service to Texas students and communities through his role with a Texas junior/community college.

Strategic planning has been a priority for the 2018-2019 academic year. The current strategic plan expires in 2019 and the College created a Strategic Planning Steering Committee to begin work on reviewing and revising the strategic plan. The committee has been meeting for approximately 18 months and is in the process of finalizing a new vision, mission and core values in conjunction with College leaders and the Board of Trustees. Broad-based involvement has been sought to develop the new plan including College administrators, faculty, and staff. The College is also preparing for the decennial reaffirmation review by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) which will occur during 2020.

The Tyler Junior College Foundation initiated a capital campaign to raise funds for the renovation of Wise Auditorium which has been a landmark for TJC and East Texas performing arts programs since 1956. The TJC Campaign for the Performing Arts was launched in April 2018 to provide \$7.5 million in private funding to underwrite the construction. Additional funding will be provided by the College. The Rogers Palmer Performing Arts Center will feature 14,000 square feet in additional space including a new stage with state-of-the-art technology; a renovated auditorium with new

seating, acoustical treatments and sound system; a new performance space and art gallery; a large main lobby with accessible box office, concession and event areas; spacious green room, rehearsal and dance studios; a presidential suite for hosting community guests and administrative offices. The new facility will ensure that TJC can continue to recruit exceptional talent, grow the College's arts programs and help build a thriving arts culture for East Texas by offering high quality and accessible programming. The Rogers Palmer Performing Arts Center is scheduled to be complete in January 2021.

During fiscal year 2019, the College issued over \$22,000,000 in maintenance tax notes. These notes funded in September 2019 and will be used to perform needed renovations across campus. Renovation projects include the Wise Auditorium conversion to Rogers Palmer Performing Arts Center project; roof and window replacement and HVAC retrofit of the White Administrative Services Center building which has not been renovated since its construction in 1992; roof, ceiling and floor repair to Rogers Student Center; and, renovation to legacy residence halls. Other maintenance, repairs and renovations include painting facilities, modernization of elevators and bathroom renovations.

The College is actively discussing participation in the Federation for Advanced Manufacturing Education (FAME) program to align with our Industrial Maintenance AAS degree. The purpose of FAME is to develop world-class technical talent for manufacturing and other employers of technical workers. The FAME program aims to provide a continuous stream of skilled workers in sufficient numbers to keep job openings filled and provide high paying jobs doing critical work to individuals who complete the Advanced Manufacturing Technician program.

The 85th Texas Legislature permanently authorized Tyler Junior College to award baccalaureate degrees. The Southern Association of Schools Commission on Colleges (SACSCOC) approved the College for a level change from an associate degree granting institution to a baccalaureate degree granting institution allowing the District to pursue additional baccalaureate degree opportunities with the appropriate approval of the Texas Higher Education Coordinating Board. The Texas Higher Education Coordinating Board has approved the District to offer two baccalaureate degrees as of Fall 2018. The District is currently considering a third baccalaureate degree in Public Safety Management. The District will continue to review baccalaureate program possibilities and offer additional degrees as it identifies opportunities to meet the needs of both students and employers.

Tyler Junior College has committed to and partnered with the community to provide additional educational opportunities to all students in the taxing district who are willing to commit to their educational goals. The TJC Promise program was launched during fiscal year 2016-2017, the 90th anniversary of the District. The Tyler Junior College Foundation has established a goal to raise \$20 million in donations to fully fund the TJC Promise. The program will provide scholarships to students who sign contracts as freshmen in high school and meet defined academic and community service requirements. The first class of TJC Promise students will begin attending Tyler Junior College in Fall 2020. The District is excited to offer this program and strongly believes it will provide students who are underserved the opportunity to obtain a higher education credential that may have been unattainable otherwise.

AWARDS AND ACKNOWLEDGMENTS

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Tyler Junior College District for its comprehensive annual financial report (CAFR) for the fiscal year ended August 31, 2018. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standard for preparation of a state and local government financial report.

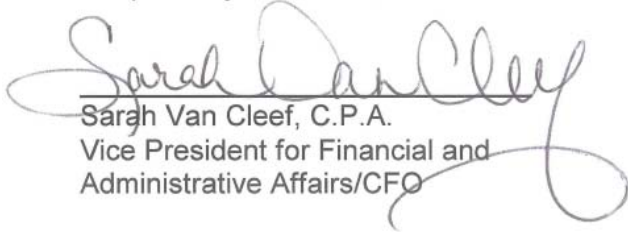

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The 2018 report was the twenty-third submission for the District, having earned its first Certificate of Achievement in 1996. We believe our current report continues to conform to the Certificate of Achievement program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of the District's financial statements and reports requires the ongoing efforts and diligence of many persons and offices. We would like to express our appreciation to the individuals who work throughout the year to maintain the accuracy and integrity of the District's financial information. We would also like to thank the President for the College District and the Board of Trustees for their progressive leadership and support of the financial operations of the District.

Respectfully submitted,

Sarah Van Cleef, C.P.A.

INDEPENDENT AUDITORS' REPORT

Board of Trustees
Tyler Junior College District
Tyler, Texas

Report on the Financial Statements

We have audited the accompanying basic financial statements of the Tyler Junior College District as of and for the years ended August 31, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the Tyler Junior College District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We did not audit the financial statements of Tyler Junior College Foundation, a component unit of the District, which statements reflect total assets of \$80,030,172 and \$64,216,617 as of August 31, 2019 and 2018 and total revenues of \$20,425,427 and \$16,359,174 for the years then ended. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the component unit in Exhibits 1-1 and 2-1, is based on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the Tyler Junior College District as of August 31, 2019 and 2018, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (MD&A) on pages 3 – 16 and the information contained in Schedules 1 through 4 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Tyler Junior College District's basic financial statements. The introductory section, statistical section, and the Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental information contained in Schedules A - D and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information contained in Schedules A - D and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 19, 2019, on our consideration of the Tyler Junior College District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tyler Junior College District's internal control over financial reporting and compliance.

Tyler Junior College District

Management's Discussion and Analysis

Tyler Junior College District is a public, open door, comprehensive community college dedicated to meeting the changing needs of citizens in its seven county service area. By offering a broad spectrum of programs, the District provides students with opportunities for educational, personal and professional advancement. A wide range of academic courses prepares students to transfer to four-year institutions. Technical programs equip students to master certain skills as well as to utilize them through job entry.

Tyler Junior College District is proud to present its financial statements for fiscal year 2019. The emphasis of discussions about these statements will be on current year data. There are three financial statements presented: the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows.

This discussion and analysis of the District's financial statements provides an overview of its financial activities for the year.

Statement of Net Position

The Statement of Net Position presents the assets, liabilities, and net position of the District as of the end of the fiscal year. The Statement of Net Position is a 'point in time' financial statement. The purpose of the Statement of Net Position is to present to the readers of the financial statements a fiscal snapshot of Tyler Junior College District. The Statement of Net Position presents end-of-year data concerning Assets (current and noncurrent), Liabilities (current and noncurrent), and Net Position (Assets and Deferred Outflows minus Liabilities and Deferred Inflows). The difference between current and noncurrent assets will be discussed in the financial statement disclosures.

From the data presented, readers of the Statement of Net Position are able to determine the assets available to continue the operations of the institution. They are also able to determine how much the institution owes vendors, investors and lending institutions.

Net position is divided into three major categories. The first category, net investment in capital assets, provides the institution's equity in property, plant and equipment owned by the institution. The next asset category is restricted net position, which is divided into two categories, nonexpendable and expendable. The corpus of nonexpendable restricted resources is only available for investment purposes. Expendable restricted resources are available for expenditure by the institution, but must be spent for purposes as determined by donors and/or external entities

that have placed time or purpose restrictions on the use of the assets. The final category is unrestricted net position. Unrestricted net position is available to the institution for any appropriate purpose of the institution.

Unrestricted	(54,202)	(46,182)	4,143	(8,020)	(50,325)
Total Net Position	<u>\$ 44,230</u>	<u>\$ 45,924</u>	<u>\$ 89,120</u>	<u>\$ (1,694)</u>	<u>\$ (43,196)</u>

The \$241.7 million in assets includes cash and cash equivalents of \$15.6 million. This represents a \$4.9 million decrease compared to the cash and cash equivalents of \$20.5 million in FY2018. The majority of the decrease is a result of the spending down of the proceeds from the issuance of \$9,830,000 of Maintenance Tax Notes, Series 2016, on September 22, 2016 for the repairs and renovations of existing campus projects. A review of the Statement of Net Position also reveals accounts receivable of \$21.4 million compared to \$19.9 million in FY2018 and \$19.7 million in FY2017. Approximately 85 percent of the accounts receivable are for student loans and fees.

Capital assets display the result of the implementation of a policy to capitalize only those capital assets with an acquisition cost of \$5,000 or more. The consumption of assets follows the institutional philosophy to use available resources to acquire and improve all areas of the institution to better serve the instruction and public service missions of the institution.

There was an increase in activity on campus during FY2019 regarding renovations and upgrades, as well as equipment purchases. Numerous buildings on the main campus as well as on the west campus received new roofs and enhancements to air conditioning systems. An event space was incorporated and completed into existing space in the Rogers Nursing and Health Sciences building. Additionally, the repurposing of current space for the new Culinary Arts program was completed during FY2019. Equipment was also purchased for the Culinary Arts program during the year. Other projects completed during the 2019 year included upgrades and replacements to the existing technology infrastructure and hardware. A comprehensive renovation of the existing Wise Auditorium into a state of the art performing arts center including an additional 14,000 square feet was underway during the latter part of 2019. Furthermore, an intramural softball field was incorporated onto the eastern frontier of the campus. More detailed information of capital asset activity and long-term debt activity is presented in the note disclosures Number 6 that details the capital assets, Number 7 that discloses the details pertaining to long-term liabilities and Number 8 that displays details of all outstanding bonds payable.

Based on the provisions of GASB Statement 68, the District must record Deferred Outflows of Resources and Deferred Inflows of Resources related to pensions. Deferred Outflows of Resources totaling \$11,406,018 for FY2019 include the District's proportionate share of the differences between expected and actual economic experience, changes in actuarial assumptions, net difference between projected and actual investment earnings, changes in proportion and difference between the employer's contributions and the proportionate share of contributions, and contributions paid to Teacher Retirement System (TRS) subsequent to the measurement date of August 31, 2018. Deferred Inflows of Resources totaling \$6,977,679 for FY2019 include differences between expected and actual economic experience, changes in actuarial assumptions, net difference between projected and actual investment earnings, and changes in proportion and difference between the employer's contributions and the proportionate share of contributions. The FY2018 Deferred Outflows of Resources and Deferred Inflows of Resources were \$8,745,800 and \$4,936,542, respectively. Additional information regarding deferred outflows and deferred inflows of resources may be found within Note 10, Employees' Retirement Plan, in the note disclosures, and Schedules 1 and 2 of the Required Supplementary Information.

Based on the provisions of GASB Statement 75, the District must now record Deferred Outflows of Resources and Deferred Inflows of Resources related to other post-employment benefits (OPEB). Deferred Outflows of Resources totaling \$20,382,237 for FY2019 include the District's proportionate share of the net difference between projected and actual investment earnings, changes in proportion and difference between the employer's contributions and the proportionate share of contributions, and contributions paid to Employees Retirement System of Texas (ERS) subsequent to the measurement date of August 31, 2018. Deferred Inflows of Resources totaling

\$18,645,657 for FY2019 include the differences between expected and actual economic experience, changes in actuarial assumptions, and changes in proportion and difference between the employer's contributions and the proportionate share of contributions. The FY2018 Deferred Outflows of Resources and Deferred Inflows of Resources were \$1,031,150 and \$7,928,288, respectively. Additional information regarding deferred outflows and deferred inflows of resources may be found within Note 17, Postemployment Benefits Other Than Pensions, in the note disclosures, and Schedules 3 and 4 of the Required Supplementary information.

Liabilities of \$204 million include debt of \$103 million, compensated absences of \$791,868, \$15.5 million for the District's net pension liability and \$48.2 million for the District's net other post-employment benefits liability, as a result of the implementation of GASB Statement 75, as of the end of the 2019 fiscal year. This compares to the liabilities in FY2018 of \$195 million with \$112 million of debt, \$948,519 in compensated absences, \$14.3 million for the District's net pension liability and \$35.9 million for the District's net other post-employment benefits liability.

The assets plus deferred outflows less liabilities and deferred inflows result in a net position of \$44.2 million compared to the \$45.9 million in FY2018 and the \$89.1 million in FY2017. In connection with the implementation of GASB Statement 75, a restatement to the beginning net position was required for the recording of the beginning net OPEB liability in FY2018. As a result, a prior period adjustment of (\$41.9) million has been recorded for the Net OPEB liability. The District's FY2019 net investment in capital assets is \$97.7 million compared to \$91.4 million in FY2018.

The District reports as an enterprise activity and as such does not have a debt limit that impacts the financing of any planned facilities or services. Additional information that pertains to the District's long-term debt liability can be found in the notes to the financial statements, Numbers 7 and 8.

Statement of Revenues, Expenses and Changes in Net Position

Changes in total net position as presented on the Statement of Net Position are based on the activity presented in the Statement of Revenues, Expenses and Changes in Net Position. The purpose of the statement is to present the revenues received by the institution, both operating and nonoperating, and the expenses paid by the institution, operating and nonoperating, and any other revenues, expenses, gains and losses received or spent by the institution.

Operating revenues are received for providing goods and services to the various customers and constituencies of the institution. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the institution. Nonoperating revenues are revenues received for which goods and

services are not provided. For example, property taxes are nonoperating because the taxes are paid by citizens without the citizens receiving any commensurate goods or services. Additionally, state appropriations and Title IV financial aid revenue are considered to be nonoperating revenues based on the reporting requirements set forth by the Texas Higher Education Coordinating Board.

The nonoperating revenues (expenses) are comprised of \$22.3 million state educational contracts, \$26.1 million property taxes, \$21.6 million in Title IV financial assistance, investment income of \$510,673 and \$3.3 million interest paid on capital related debt. These numbers compare to FY2018 nonoperating revenues (expenses) of \$21.8 million state educational contracts, \$24.6 million property taxes, \$21.0 million in Title IV financial assistance, \$296,863 investment income

and \$3.5 million interest paid on capital related debt. The total for nonoperating revenues (expenses) increased approximately 5% from FY2018. Significant contributors to the increase were property tax revenue and Title IV financial assistance, with increases during the year of over \$1.5 million and \$565,095, respectively. Additionally, there was an increase in investment income of \$213,810 over last year that contributed to the overall increase in the nonoperating revenues (expenses).

The Statement of Revenues, Expenses, and Changes in Net Position reflects a positive year with a decrease in the net position at the end of the year. Some highlights of the information presented on the Statement of Revenues, Expenses, and Changes in Net Position are discussed in the following section.

Operating Revenue by Type
(thousands of dollars)

	<u>August 31</u>			<u>Change</u>	
	<u>2019</u>	<u>2018</u>	<u>2017</u>	<u>2018 to 2019</u>	<u>2017 to 2018</u>
Operating Revenues					
Tuition and Fees	\$ 21,843	\$ 19,825	\$ 20,240	\$ 2,018	\$ (415)
Auxiliary Enterprises	4,856	4,882	5,147	(26)	(265)
Federal Grants and Contracts	1,328	2,734	3,036	(1,406)	(302)

Sales and Service of Educational Activities	110	121	110	(11)	11
Miscellaneous	2,366	2,106	3,357	260	(1,251)
Total Operating Revenues	<u>\$ 32,505</u>	<u>\$ 31,621</u>	<u>\$ 33,937</u>	<u>\$ 884</u>	<u>\$ (2,316)</u>

The above chart displays, in thousands of dollars, the operating revenues by type and their relationship with one another. Student tuition and fees represent the largest type of operating revenue followed by auxiliary enterprises. All other types of revenue represent approximately 18% of the total operating revenue. A significant element in the decrease of operating revenue in FY2019 is the decline in Federal Grants and a slight decline in State Grants of \$1.5 million cumulatively from \$4.1 million in FY2018 to \$2.6 million in FY2019. A contributing factor to this decline is the cessation of the Literacy Council Adult Education grant in FY2019.

The auxiliary services, other than the residence halls, are not self-supporting activities. Two principal auxiliary services, athletics and the Earth and Space Science Center, are programmed to be supported by the general operating resources.

The District relies equally on operating revenue as well as nonoperating revenue. When all of the revenues by source are combined, the District experienced a modest increase in total revenue from FY2018 to FY2019, approximately 3.6% from \$99.4 million in FY2018 to \$103 million in FY2019. The Property Taxes source is the largest contributor in FY2019 at 25.4% compared to 24.7% and 23.9% for FY2018 and FY2017, respectively. This source is derived from the tax payers residing in one of the six independent school districts including Chapel Hill, Grand Saline, Lindale, Tyler, Van, and Winona school districts located in Smith and Van Zandt counties. Property valuations increased throughout the district resulting in the increased revenue. The Grants and Contracts source is the second largest contributor in FY2019 at 24.2% compared to 25.9% and 24.8% for FY2018 and FY2017, respectively. This source is restricted in nature and includes the federal Pell grant awards that pass through the District directly to the students. The State

Appropriations contribution has remained relatively consistent over the last three years even though State Appropriations account for a significant portion of the District's revenue. For the year 2019, the State Appropriations were 21.6% of the total revenue for the District at \$22.3 million, compared to 22.0% in FY2018 at \$21.8 million and 21.8% in FY2017 at \$21.4 million. Other Operating Revenue represents 2.4% of the total revenue for FY2019 compared to 2.2% and 3.5% of the total revenue for FY2018 and FY2017, respectively.

Total Revenues by Source
(thousands of dollars)

	August 31			Change	
	2019	2018	2017	2018 to 2019	2017 to 2018
Revenue Sources:					
State Appropriations	\$ 22,268	\$ 21,841	\$ 21,442	\$ 427	\$ 399
Property Taxes	26,115	24,581	23,551	1,534	1,030
Net Tuition and Fees	21,843	19,825	20,240	2,018	(415)
Grants and Contracts	24,931	25,722	24,344	(791)	1,378
Other Operating Revenue	2,476	2,228	3,467	248	(1,239)
Auxiliary Enterprises	4,856	4,882	5,147	(26)	(265)
Investment and Other Income	511	297	148	214	149
Total Revenue	\$ 103,000	\$ 99,376	\$ 98,339	\$ 3,624	\$ 1,037

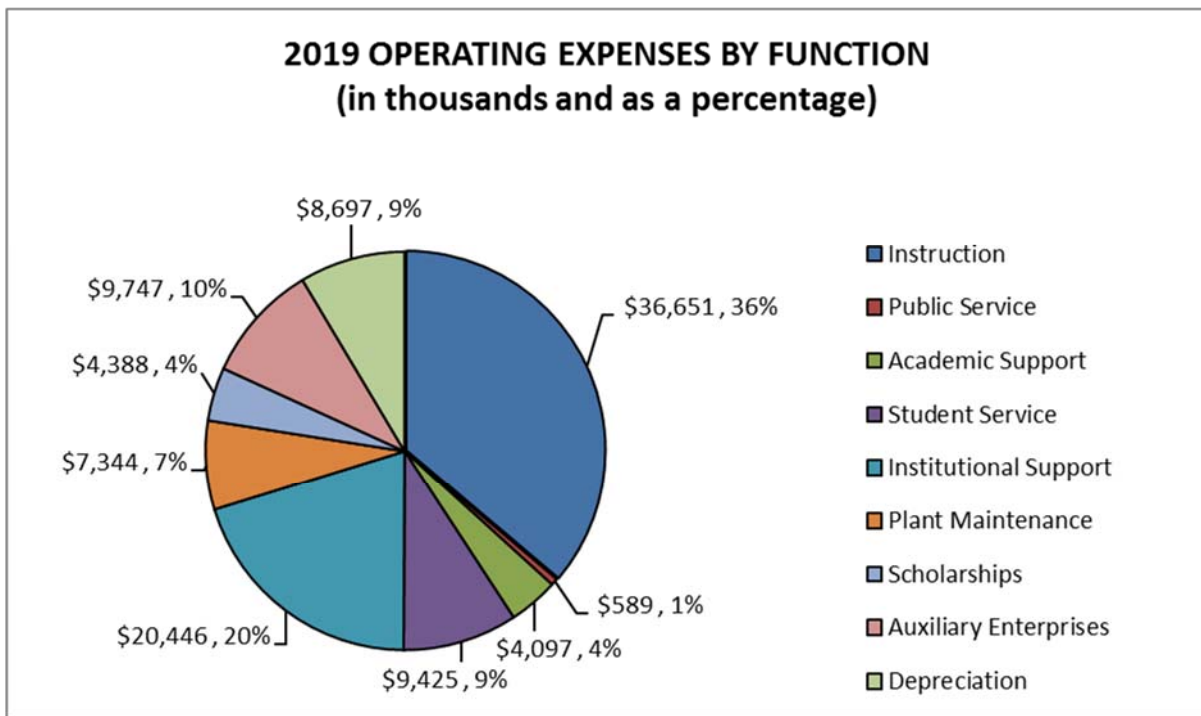

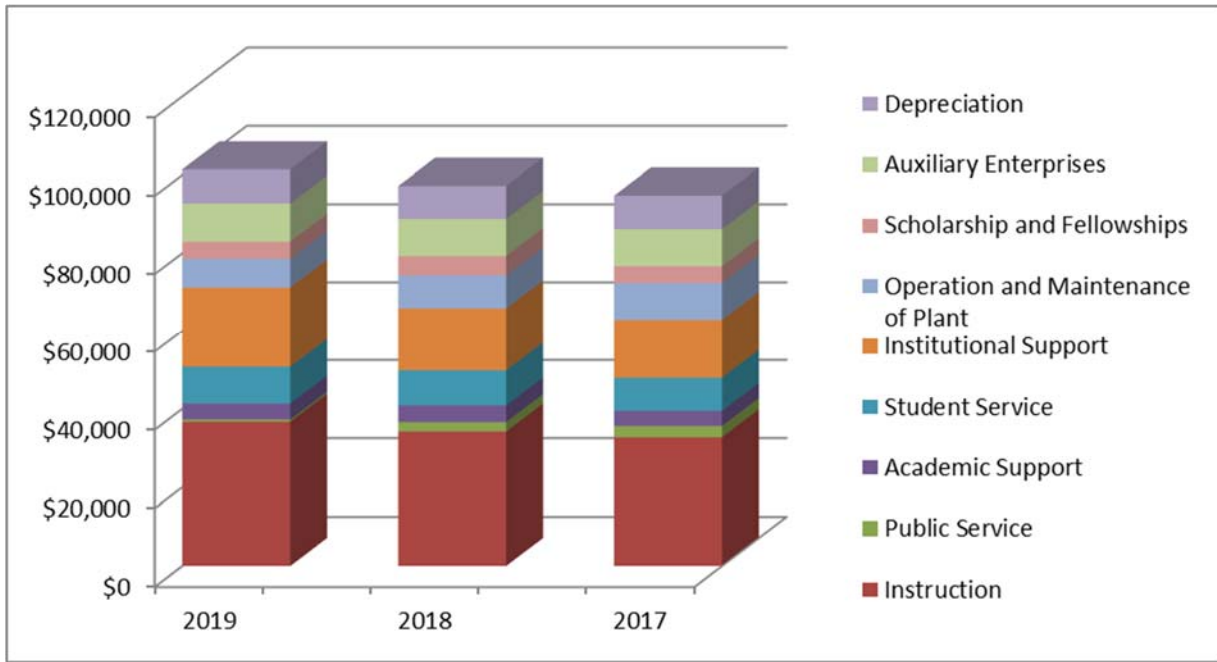

While the District experienced a modest increase in total revenue for FY2019 of 3.6%, or approximately \$3.6 million, the operating expenses also increased for FY2019 by 4.3%, or approximately \$4.2 million. Costs to maintain enrollment at the District remained strong at over \$36 million for FY2019. There was a slight increase in Instruction cost of 7% or \$2.5 million for FY2019 to total \$36.7 million as compared to \$34.2 million in FY2018 and \$32.7 million in FY2017.

This slight increase is attributable to several new faculty hires in new or expanding programs. Academic Support expenses experienced a slight decrease from FY2018 to FY2019 of \$170,000. Student Service expenses increased slightly from FY2018 to FY2019 by \$453,000. The expenses for Institutional Support experienced an increase of \$4.5 million or 28% in FY2019 to total \$20.4 million compared to an increase of \$1 million or 7% in FY2018 to total \$15.9 million and an increase of \$582,000 or 4% in FY2017 to total \$14.9 million. A majority of the increase in FY2019 for Institutional Support can be attributed to the continued implementation of GASB Statement 75, \$4.1 million. Scholarships and Fellowships decreased by \$537,000 to \$4.4 million for FY2019 compared to \$4.9 million in FY2018 and \$4.3 million for FY2017. With the completion of significant capital construction projects and other projects funded by donations, general obligation bonds and maintenance tax notes and several years of depreciation, the 3% increase in depreciation expense appears reasonable. The increase equates to a total depreciation expense of \$8.7 million for FY2019 as compared to \$8.4 million in FY2018 and \$8.5 million in FY2017.

Operating Expenses by Function
(in thousands)

	<u>August 31</u>			<u>Change</u>	
	<u>2019</u>	<u>2018</u>	<u>2017</u>	<u>2018 to 2019</u>	<u>2017 to 2018</u>
Operating Expenses:

Total Operating Expenses	<u>\$ 101,385</u>	<u>\$ 97,192</u>	<u>\$ 94,727</u>	<u>\$ 4,193</u>	<u>\$ 2,465</u>

Although the District's operating expenses are reported by functional classification, the operating expenses restated by their natural classification is necessary because each function contains each of the natural classification expenses except depreciation that is considered both a functional and natural expense class. Operating expenses are summarized here by natural classification. Natural classification displays the type of expense regardless of program.

Operating Expenses by Natural Classification
(in thousands)

	August 31			Change	
	2019	2018	2017	2018 to 2019	2017 to 2018
Operating Expenses:					
Salaries	\$ 42,394	\$ 41,329	\$ 40,128	\$ 1,065	\$ 1,201
Benefits	20,109	16,757	14,781	3,352	1,976
Other Expenses	30,185	30,674	31,273	(489)	(599)
Depreciation	8,697	8,432	8,545	265	(113)
Total Operating Expenses	<u>\$ 101,385</u>	<u>\$ 97,192</u>	<u>\$ 94,727</u>	<u>\$ 4,193</u>	<u>\$ 2,465</u>

Approximately 41.8% of the District's \$101.4 million operating expenses are expended for salaries and wages. When the benefits are combined with the salaries and wages, the total of \$62.5 million is 61.6% of the District's total operating expense as compared to 59.8% in FY2018 and 58.0% in FY2017. The second highest portion of the operating expenses is the \$30.2 million of operating expenses that the District paid in FY2019 to its vendors to acquire supplies, goods and services. This amount expended to vendors compared to \$30.7 million in FY2018 and \$31.3 million in FY2017. Depreciation expense increased slightly in FY2019 to \$8.7 million up from \$8.4 million in FY2018 and \$8.5 million in FY2017.

Statement of Cash Flows

The final statement presented by the District is the Statement of Cash Flows. The Statement of Cash Flows presents detailed information about the cash activity of the institution during the year. The statement is divided into five components. The first component deals with operating cash flows and shows the net cash used by the operating activities of the institution. The second section reflects cash flows from noncapital financing activities. This section reflects the cash received and spent for nonoperating, noninvesting, and noncapital financing purposes. The third component reflects the cash flows from investing activities and shows the purchases, proceeds, and interest received from investing activities. The fourth component deals with cash flows from capital and related financing activities. This section deals with the cash used for the acquisition and construction of capital and related items. The fifth and final component presented in the statement reconciles the net cash used to the operating income or loss reflected on the Statement of Revenues, Expenses and Changes in Net Position.

Condensed Cash Flows for the Year ended August 31 (thousands of dollars)

	<u>August 31</u>			<u>Change</u>	
	<u>2019</u>	<u>2018</u>	<u>2017</u>	<u>2018 to 2019</u>	<u>2017 to 2018</u>

Capital and Related Financing Activities	(17,979)	(17,868)	(4,475)	(111)	(13,393)
Investing Activities	511	297	148	214	149
Net Change in Cash	<u>(4,900)</u>	<u>(5,530)</u>	<u>8,275</u>	<u>630</u>	<u>(13,805)</u>
Cash, Beginning of Year	20,545	26,075	17,801	(5,530)	8,274
Cash, End of Year	<u>\$ 15,645</u>	<u>\$ 20,545</u>	<u>\$ 26,075</u>	<u>\$ (4,900)</u>	<u>\$ (5,530)</u>

The primary cash receipts from operating activities consist of tuition and fees and auxiliary enterprises. Operating cash receipts in FY2019 totaled \$31.2 million as compared to \$32.9 million in FY2018, and \$33.4 million in FY2017. Cash outlay payments for wages, benefits, supplies, utilities and scholarships totaled \$83.2 million in FY2019 as compared to \$83.4 million in FY2018, and \$80.9 million in FY2017. These receipts and cash outlay payments resulted in \$1.5 million more net cash used by operating activities in FY2019.

State educational contracts were once the primary source of noncapital financing. Property tax revenue and nonoperating federal revenue are now the primary sources of noncapital financing. State educational contracts make up the third largest source of noncapital financing. These sources of revenue are categorized as noncapital even though the District's budget depends on

them to continue the current level of operations. In FY2019, \$64.6 million was received as compared to \$62.5 million in FY2018, and \$60.2 million in FY2017. Other noncapital financing activity includes the cash held in trust for others that was received and disbursed. Although funds held for others are both received and disbursed throughout the year, the amount received in FY2019 was \$362,018 less than the amount disbursed as compared to a slightly less received than the amount disbursed in FY2018 of \$201,521 and a greater amount received than disbursed in FY2017 of \$111,517.

The capital and related financing activities in FY2019 included \$6.0 million expended for campus construction, improvements, and renovations. The capital and related financing activities in FY2018 included \$7.1 million expended for campus construction, improvements and renovations. This compares to \$4.2 million expended in FY2017 for campus construction, improvements and renovations. Financing outflows also include expenditures for debt service payments and related long-term debt interest. The long-term debt interest of \$3.3 million was \$193,125 less than the amount paid in FY2018.

Investing activities reflect purchases, sales, and interest income earned on investments. Investments identified in the cash flow statement investing activities include both short and long-term investments. The total amount of investment income received in FY2019 was approximately \$214,000 more than the amount received in FY2018. There were no investments, specifically certificates of deposits, which matured during FY2019.

Economic Outlook

As in prior years, the District is not aware of any currently known facts, decisions, or conditions that are expected to have a significant effect on the financial position or results of operations during the forthcoming fiscal year beyond those unknown variations having a global effect on virtually all types of business operations.

Fall enrollment at the District increased for the 2018-2019 academic year as compared to the enrollment for the 2017-2018 year. This compares with a slight increase in enrollment for the 2017-2018 academic year when compared with the 2016-2017 year. The lower unemployment in the region continues to play a significant part in stable enrollment as the numbers of displaced workers desiring to improve their skills, or obtain a new skill set has remained relatively level. Moreover, contact hours increased in the 2018-2019 academic year as compared to the 2017-2018 academic year indicating that students are enrolling in additional courses as compared to prior years. This is a trend from the increase in contact hours that occurred in the 2017-2018 year when compared with the 2016-2017 year. Current enrollment levels are expected to continue to rise for fiscal year 2020. The addition of new programs and certificates and the increasing offerings of academic and

technical dual credit to the local high school students as well as the increased participation in the District's two Early College High Schools will contribute to the District's stable enrollment.

The District's overall financial position is strong. The District underwent credit rating reviews with Standard & Poor's Rating Services during the 2019 year. Standard & Poor's affirmed its 'AA+' long-term rating on the District's general obligation (GO) bonds, with a stable outlook. Additionally, Standard & Poor's assigned its 'AA+' long-term rating for the Series 2019 Maintenance Tax Notes that were issued in September, 2019. Even with the positive financial position, the District continues to work with the lingering effects of the slow economic recovery. The District is coping with the financial pressures by maintaining operating budget controls, addressing reserves, evaluation of new hires and capital expenditures and through the assessment of current processes and procedures to locate efficiencies.

Given the economic constraints at the local, state and national level, relatively stable ad-valorem tax valuation changes and student fee increases, the District anticipates fiscal year 2020 will be comparable to fiscal year 2019 and will keep a close watch over resources to maintain the District's ability to react to unknown internal and external issues.

TYLER JUNIOR COLLEGE DISTRICT
Notes to the Financial Statements

NOTE 1 — REPORTING ENTITY

The Tyler Junior College District was established in 1926 in accordance with the laws of the State of Texas, to serve the educational needs of the City of Tyler and surrounding communities. The District is governed by an elected nine member Board of Trustees which has oversight responsibility over all District activities. The District consists of the areas of six Independent School Districts located in Smith and Van Zandt Counties, Texas. The Tyler Junior College District is considered to be a special purpose, primary government according to the definition in *Governmental Accounting Standards Board (GASB) Statement 14* and as amended by *(GASB) Statement 61*. While the District receives funding from local, state, and federal sources and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

Tyler Junior College Foundation is a legally separate, tax-exempt component unit of the District. The foundation acts primarily as a fund-raising organization to supplement the resources that are available to the District in support of its educational programs and student services. The foundation is a non-governmental entity and follows accounting standards set forth by the *Financial Accounting Standards Board (FASB)*. Although the District does not control the timing or the amount of receipts from the foundation, the majority of resources, or income thereon that the foundation holds and invests is restricted to the activities of the District. Because these restricted resources held by the foundation can only be used by, or for the benefit of, the District, the foundation is considered a component unit of the District and is discretely presented in the District's financial statements.

During the year ended August 31, 2019 and 2018, the foundation distributed \$3,222,647 and \$2,453,638 in support and scholarships to the District. Complete financial statements for the foundation can be obtained from the foundation's offices in the White Administrative Services Center on the District's main campus.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Guidelines

The significant accounting policies followed by the District in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community Colleges*. The District applies all applicable pronouncements as set forth by the Governmental Accounting Standards Board. The District is reported as a special purpose government engaged in business-type activities.

Basis of Accounting

The financial statements of the District have been prepared on the accrual basis of accounting as appropriate for public colleges and universities. Under the accrual basis, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of cash flows.

Private-sector standards of accounting and financial reporting issued prior to November 30, 1989, generally are followed in the proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

Tuition Discounting

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.033). When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act Program Funds

Certain Title IV, HEA Program funds are received by the District to pass through to the student. These funds are initially received by the District and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

The District awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Budgetary Data

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for current operating funds for the fiscal year beginning September 1. The District's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Cash and Cash Equivalents

The District considers cash and cash equivalents as cash on-hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Also, cash equivalents include funds maintained at Texpool which is an overnight investment pool and the funds held there can be readily converted to cash on a daily basis.

Investments

In accordance with GASB 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Deferred Outflows

The District is aware that the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and is not recognized as an outflow of resources (expense) until that time. GASB standards authorize the reporting on deferred outflows in connection with the timing of pension activity, other postemployment benefit activity, and reporting.

Allowance for Doubtful Accounts

The allowance for doubtful accounts for accounts receivable, taxes receivable and notes receivable is based on management's estimate of the anticipated collectability of the respective accounts.

Capital Assets

Capital assets include land, infrastructure, buildings, improvements, and equipment. The District's board voted to set a capitalization policy for assets with a unit cost of \$5,000 and an estimated useful life of greater than one year. Such assets are recorded at cost at the date of acquisition, or fair value at the date of donation. The costs of normal repairs and maintenance that do not add to the value of the asset or significantly extend an asset's useful life are charged to expense when incurred. Costs incurred for capital projects are included in construction in progress until the project is completed at which time the asset is properly categorized and depreciated over its estimated useful life.

Capital assets of the District are depreciated using the straight-line and composite methods over the following useful lives.

<u>Assets</u>	<u>Years</u>
Buildings and renovations	50
Improvements including re-roofing	20
Equipment	10
Library Books	10

Capitalized Interest

The District has capitalized a portion of the interest paid on its debt as construction in progress in relation to the portion of debt used to fund construction projects during the current year.

Pensions

The District participates in the Teacher Retirement System of Texas (TRS) pension plan, a multiple-employer cost-sharing-defined benefit pension plan with a special funding situation. The fiduciary net position of TRS has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Postemployment Benefits Other than Pensions (OPEB)

The fiduciary net position of the Employee Retirement System (ERS) State Retiree Health Plan (SRHP) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities, and additions to/deductions from SRHP's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms.

Prior Year Restatement

In connection with the implementation of GASB Statement 75, a restatement to beginning net position was made for the year ended August 31, 2018 for the recording of the beginning net OPEB liability.

Beginning net position	\$ 89,120,218
Prior period adjustment implementation of GASB 75:	
Net OPEB liability (measurement date as of August 31, 2017)	<u>(41,856,314)</u>
Beginning net position, as restated	<u>\$ 47,263,904</u>

Unearned Revenues

The District has recorded tuition and related fees as well as housing and related fees in the amount of \$25,546,435 and \$24,590,482 as of August 31, 2019 and 2018 in the statement of net position. These amounts represent revenues for the subsequent fall semesters that are recognized in revenues in the subsequent fiscal years.

Tax Abatements

The tax abatements for the district are less than .41% of total tax revenues and are considered to be immaterial to the financial statements.

Deferred Inflows

The District is aware that the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and is not recognized as an inflow of resources (revenue) until that time. GASB standards authorize the reporting on deferred inflows in connection with the timing of pension activity, other postemployment benefit activity, and reporting.

Estimates

Preparation of the basic financial statements in conformity with U.S. generally accepted accounting principles requires the District's management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from these estimates.

Operating and Non-Operating Revenue and Expense Policy

The District distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses result from providing services and producing goods and related services in connection with the District's ongoing operations to provide educational needs to its students and community. The principal operating revenues of the District are tuition and fees along with auxiliary revenues. The major non-operating revenues are state appropriations, property tax collections and Title IV financial aid. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets.

NOTE 3 — AUTHORIZED INVESTMENTS

Tyler Junior College District is authorized to invest in obligations and instruments as defined in the *Public Funds Investment Act* (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of

Texas or its agencies, (3) obligations of political subdivisions rated not less than "A" by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute. The fair value of the District's position in Texpool is the same as the value of the pool shares.

NOTE 4 — DEPOSITS AND INVESTMENTS

As of August 31, 2019 and August 31, 2018, the District had the following deposits and investments:

	August 31, 2019		August 31, 2018	
	Book Balance	Bank Balance	Book Balance	Bank Balance
Depository Accounts				
Insured	\$ 500,000	\$ 500,000	\$ 500,000	\$ 500,000
Collateral held by pledging bank's trust department in District's name	13,094,849	15,396,836	16,386,441	24,107,203
Total Deposits	13,594,849	15,896,836	16,886,441	24,607,203
Petty cash on hand	3,350	-	3,340	-
TexasTERM Investments	274,839	274,839	268,561	268,561
Texpool Investments	1,771,526	1,771,526	3,386,567	3,386,567
Total Cash and Cash Equivalents	<u>\$ 15,644,564</u>	<u>\$ 17,943,201</u>	<u>\$ 20,544,909</u>	<u>\$ 28,262,331</u>

Interest Rate Risk – The District's investment policy allows for portfolio maturities to be structured to meet the obligations of the District first, and then to achieve the highest return of interest. The maximum allowable stated maturity of any individual investment of the District is ten years.

Credit Risk – The District's investment pool with Texpool has a AAAm rating with Standard and Poor's.

NOTE 5 — DISAGGREGATION OF RECEIVABLES AND PAYABLES BALANCES

Receivables at August 31, 2019 and August 31, 2018, were as follows:

	8-31-19	8-31-18
Student tuition and fees receivable (net of allowance for doubtful accounts of \$4,139,458 and \$3,831,726, respectively)	\$ 18,119,257	\$ 17,072,922
Taxes receivable (net of allowance for doubtful accounts of \$533,205 and \$516,222, respectively)	777,623	715,828
Federal receivable	240,831	363,452
Student loans receivable (net of allowance for doubtful accounts of \$2,127,979 and \$2,142,865, respectively)	-	-
Other receivables	2,300,630	1,739,675
Total Receivables	<u>\$ 21,438,341</u>	<u>\$ 19,891,877</u>

Accounts payable and accrued liabilities at August 31, 2019 and August 31, 2018 were as follows:

	8-31-19	8-31-18
Vendors payable	\$ 4,478,328	\$ 5,062,366
Salaries and benefits payable	2,197,052	2,079,374
Interest payable	138,450	149,628
Total Accounts Payable and Accrued Liabilities	<u>\$ 6,813,830</u>	<u>\$ 7,291,368</u>

NOTE 6 — CAPITAL ASSETS

Capital asset activity for the year ended August 31, 2019 was as follows:

	Balance			Balance
	September 1, 2018	Additions	Reductions	August 31, 2019
Non Depreciated Assets				
Land	\$ 11,705,806	\$ 102,488	\$ -	\$ 11,808,294

NOTE 8 — BONDS PAYABLE

Bonds payable as of August 31, 2019 and August 31, 2018 are comprised of the following:

	<u>8-31-19</u>	<u>8-31-18</u>
Maintenance Tax Notes, Series 2009, issued solely for repairs and renovations of existing campus infrastructure, issued October 22, 2009 for \$24,500,000, plus premium of \$1,624,703; all authorized notes have been issued. The source of revenues for debt service is designated property tax revenues.	\$ 2,780,000	\$ 5,460,000
Maintenance Tax Notes, Series 2016, issued solely for repairs and renovations of existing campus projects, issued September 22, 2016 for \$9,830,000; all authorized notes have been issued. The source of revenues for debt service is designated property tax revenues.	9,830,000	9,830,000
General Obligation Bonds, Series 2012, issued to construct a new Nursing and Health Sciences Building, issued September 26, 2012 for \$25,000,000 plus premium of \$652,472; all authorized bonds have been issued. The source of revenues for debt service is designated property tax revenues.	17,550,000	18,650,000
Combined Fee Revenue Bonds, Series 2013, issued to construct a new Energy Center on West Campus, issued December 19, 2013 for \$9,705,000; all authorized bonds have been issued. The source of revenues for debt service is Pledged Revenues consisting of certain tuition, fees and auxiliary revenues.	6,575,000	7,220,000
Combined Fee Revenue Bonds, Series 2014, issued to construct a new residence hall and complete the new Nursing and Health Sciences Building, issued February 27, 2014 for \$41,385,000; all authorized bonds have been issued. The source of revenues for debt service is Pledged Revenues consisting of certain tuition, fees and auxiliary revenues.	34,815,000	36,555,000
Maintenance Tax Notes, Series 2015, issued solely for repairs and renovations of existing campus projects, issued March 26, 2015 for \$4,684,000; all authorized notes have been issued. The source of revenues for debt service is designated property tax revenues.	2,904,000	3,133,000
Combined Fee Revenue Bonds, Series 2015, issued to complete construction on a new residence hall, issued March 26, 2015 for \$5,316,000; all authorized bonds have been issued. The source of revenues for debt service is Pledged Revenues consisting of certain tuition, fees and auxiliary revenues.	4,384,000	4,724,000

Combined Fee Revenue Refunding Bonds, Series 2016, issued to retire the remaining Series 2006 bonds, issued August 24, 2016 for \$27,325,000; all authorized bonds have been issued. The source of revenues for debt service is Pledged Revenues consisting of certain tuition, fees and auxiliary revenues.

	<u>22,805,000</u>	<u>24,335,000</u>
Total	101,643,000	109,907,000
Plus: Unamortized Bond Premium	1,620,230	1,872,605
Less: Unamortized Bond Discount	(183,523)	(213,198)
Net Outstanding Bonds Payable	<u>\$ 103,079,707</u>	<u>\$ 111,566,407</u>

Bonds are due in annual principal installments varying from \$235,000 to \$2,960,000 with interest rates from 1.50% to 5.00% with the final installments due in 2036.

Debt service requirements at August 31, 2019 were as follows:

Year Ending 8/31	Principal Due 2/15 or 8/15	Interest Rates	Interest Due		Total Principal and Interest Requirements
			2/15	8/15	
2020	\$ 8,519,000	2.00 - 4.00	\$ 1,592,172	\$ 1,516,983	\$ 11,628,155
2021	7,468,000	1.50 - 5.00	1,453,187	1,421,426	10,342,613
2022	7,009,000	1.50 - 5.00	1,348,330	1,315,938	9,673,268
2023	7,223,000	2.00 - 5.00	1,238,443	1,204,220	9,665,663
2024	7,459,000	2.00 - 4.00	1,123,440	1,085,297	9,667,737
2025-2029	34,562,000	2.00 - 5.00	3,985,498	3,832,171	42,379,669
2030-2034	26,298,000	2.50 - 5.00	1,543,341	1,465,961	29,307,302
2035-2039	<u>3,105,000</u>	3.00	<u>70,125</u>	<u>70,125</u>	<u>3,245,250</u>
	<u>\$ 101,643,000</u>		<u>\$ 12,354,536</u>	<u>\$ 11,912,121</u>	<u>\$ 125,909,657</u>

Pursuant to terms of the original issue of the bonds, a Reserve Fund was required to contain a Required Reserve Fund Amount. The District's Board of Trustees has adopted a resolution authorizing the substitution of a surety bond in lieu of cash and investments to satisfy the Required Reserve Fund Amount, as authorized by Section 130.125, Texas Education Code, as amended. Also, two of the bond issues require the District to maintain a Reserve Fund which has been established and is included as part of cash equivalents (current assets) in Exhibit 1. The District has also included a statistical table at Table 18 that reflects the maturity schedule for each debt obligation above in compliance with HB No. 1378.

NOTE 9 — CAPITAL LEASES

During the current year, the District entered into three separate lease agreements as the lessee for financing the acquisition of technology equipment and upgrades. These leases qualify as capital leases for accounting purposes and the assets acquired are as follows:

Technology equipment	\$ 4,868,240
Less: accumulated depreciation	(642,500)
	<u>\$ 4,225,740</u>

The future minimum lease obligations as of August 31, 2019 were as follows:

Year Ending 8/31	Total Payments
2020	\$ 1,081,552
2021	1,073,511
2022	988,043
2023	988,043
Total minimum lease payments	4,131,149
Less: Interest costs	(351,940)
Present value of minimum lease payments	\$ 3,779,209

NOTE 10 — EMPLOYEES' RETIREMENT PLAN

Defined Benefit Pension Plan

Plan Description

The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). The TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.trs.texas.gov.pdf by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, whose formulas use the three highest annual salaries. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no

automatic post-employment benefit changes; including automatic cost of living adjustments (COLA). Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas Legislature to establish a member contribution rate of not less than 6 percent of the member’s annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements if, as a result of the particular action, the time required to amortize TRS’ unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The 85th Texas Legislature, General Appropriations Act (GAA), established the employer contribution rates for fiscal years 2018 and 2019.

Contribution Rates

	<u>2019</u>	<u>2018</u>
Member	7.7%	7.7%
Non-Employer Contributing Entity (State)	6.8%	6.8%
Employers	6.8%	6.8%
FY 2019 Employer Contributions	\$948,268	
FY 2019 NECE On-behalf Contributions	\$768,251	

The District’s contributions to the TRS pension plan in fiscal year 2019 were \$948,268 as reported in the Schedule of District Contributions for pensions in the Required Supplementary Information section of these financial statements. Estimated State of Texas on-behalf contributions for fiscal year 2019 were \$768,251.

- As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during the fiscal year reduced by the amounts described below which are paid by the employers.

Public junior colleges or junior college districts are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member’s first 90 days of employment.
- When any part or all of an employee’s salary is paid by federal funding sources, a privately sponsored source, from non-educational and general or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50 percent of the state contribution rate for certain instructional or administrative employees; and 100 percent of the state contribution rate for all other employees.
- In addition to the employer contributions listed above, when employing a retiree of the Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions

The total pension liability in the August 31, 2018, actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2017 rolled forward to August 31, 2018
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Actuarial Assumptions:	
Single Discount Rate	6.907%
Long-term expected Investment Rate of Return*	7.25%
Municipal Bond Rate*	3.69%*
Last year ending August 31 in the 2016 to 2115 Projection period (100 years)	2116
Inflation	2.30%
Payroll Growth Rate	2.50%
Salary Increases including inflation	3.05% to 9.05%
Benefit Changes during the year	None
Ad hoc post-employment benefit changes	None

* Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."

The actuarial methods and assumptions were selected by the Board of Trustees based upon analysis and recommendations by the system's actuary. The Board of Trustees has sole authority to determine the actuarial assumptions used for the plan. The actuarial methods and assumptions were primarily based on a study of actual experience for the three-year period ending August 31, 2017 and were adopted in July 2018. There were no changes to the actuarial assumptions or other inputs that affected the measurement of the total pension liability since the prior measurement period. Assumptions, methods, and plan changes were updated from the prior year's report. The net pension liability increased significantly since the prior measurement date due to a change in the following actuarial assumptions:

- The total pension liability as of August 31, 2018 was developed using a roll-forward method from the August 31, 2017 valuation.
- Demographic assumptions including postretirement mortality, termination rates, and rates of retirement were updated based on the experience study performed for TRS for the period ending August 31, 2017.
- Economic assumptions including rates of salary increase for individual participants was updated based on the same experience study.
- The discount rate changed from 8 percent as of August 31, 2017 to 6.907 percent as of August 31, 2018.
- The long-term assumed rate of return changed from 8 percent to 7.25 percent.
- The change in the long-term assumed rate of return combined with the change in the single discount rate was the primary reason for the increase in the net pension liability.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Discount Rate

The discount rate used to measure the total pension liability was 6.907 percent. The single discount rate was based on the expected rate of return on pension plan investments of 7.25 percent and a municipal bond rate of 3.69 percent. The projection of cash flows used to

determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments until the year 2069. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2069, and the municipal bond rate was applied to all benefit payments after that date. The long-term rate of return on pension plan investments is 7.25 percent. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2018 are summarized below:

Asset Class	Target Allocation	Long-Term Expected Arithmetic Real Rate of Return	Expected Contribution to Long-Term Portfolio Return*
Global Equity			
U.S.	18.00%	5.70%	1.04%
Non-U.S Developed	13.00%	6.90%	0.90%
Emerging Markets	9.00%	8.95%	0.80%
Directional Hedge Funds	4.00%	3.53%	0.14%
Private Equity	13.00%	10.18%	1.32%
Stable Value			
U. S. Treasuries	11.00%	1.11%	0.12%
Absolute Return	0.00%	0.00%	0.00%
Stable Value Hedge Funds	4.00%	3.09%	0.12%
Cash	1.00%	-0.30%	0.00%
Real Return			
Global Inflation Linked Bonds	3.00%	0.70%	0.02%
Real Assets	14.00%	5.21%	0.73%
Energy and Natural Resources	5.00%	7.48%	0.37%
Commodities	0.00%	0.00%	0.00%
Risk Parity			
Risk Parity	5.00%	3.70%	0.18%
Inflation Expectation			2.30%
Volatility Drag			-0.79%
Total	100.00%		7.25%

* The expected contribution to returns incorporates the volatility drag resulting from the conversion between Arithmetic and Geometric mean returns.

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1 percent less than and 1 percent greater than the discount rate that was used (6.907%) in measuring the Net Pension Liability.

	1% Decrease in Discount Rate (5.907%)	Discount Rate (6.907%)	1% Increase in Discount Rate (7.907%)
Tyler Junior College District's proportionate share of the net pension liability	\$23,383,985	\$15,488,233	\$9,106,378

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2019, the Tyler Junior College District reported a liability of \$15,488,233 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the Tyler Junior College District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

TJC District's Proportionate share of the collective net pension liability	\$ 15,488,233
State's proportionate share that is associated with TJC District	<u>12,560,378</u>
Total	<u>\$ 28,048,611</u>

The net pension liability was measured as of August 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2017 thru August 31, 2018.

At the measurement date of August 31, 2018, the employer's proportion of the collective net pension liability was .028149 percent which was a decrease of .0165035 percent from its proportion measured as of August 31, 2017.

For the year ended August 31, 2019, the Tyler Junior College District recognized pension expense of \$1,243,143 and revenue of \$1,243,143 for support provided by the State. Refer to the 2019 Schedule of On-Behalf Contributions for this information posted on the TRS website under GASB Statements 67 and 68.

At August 31, 2019, the Tyler Junior College District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between the expected and actual economic experience	\$ 96,576	\$ 380,159
Changes in actuarial assumptions	5,586,291	174,572
Difference between projected and actual investment earnings	805,206	1,099,191
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	3,973,353	5,323,757
Contributions paid to TRS subsequent to the measurement date	944,592	-
Total	\$ 11,406,018	\$ 6,977,679

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended August 31:	Pension Expense Amount
2020	\$ 1,068,134
2021	449,471
2022	324,540
2023	910,602
2024	686,528
Thereafter	44,472
	\$ 3,483,747

NOTE 11 — OPTIONAL RETIREMENT PLAN – DEFINED CONTRIBUTION PLAN

Plan Description

Participation in the Optional Retirement Program is in lieu of participation in the TRS retirement program. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy

Contribution requirements are not actuarially determined but are established and amended by the Texas Legislature. The percentages of participant salaries currently contributed by the state and each participant are (3.30 percent – State; 3.30 percent - District) and (6.65 percent), respectively. The District contributes 1.90 percent for employees who are participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. Senate Bill (SB) 1812, 83rd Texas Legislature, Regular Session, effective September 1, 2013, limits the amount of the state's contribution to 50 percent of eligible employees in the reporting district.

The retirement expense to the state for the District was \$298,398 and \$329,886 for the fiscal years ended August 31, 2019 and 2018, respectively. This amount represents the portion of expensed appropriations made by the Legislature on behalf of the District. The total payroll for all District employees was \$37,588,247 and \$35,560,946 for fiscal years ended August 31, 2019 and 2018,

respectively. The total payroll of employees covered by the TRS was \$27,506,400 and \$25,458,439, and the total payroll of employees covered by the Optional Retirement Program was \$10,081,847 and \$10,102,507 for the fiscal years ended August 31, 2019 and 2018, respectively.

NOTE 12 — DEFERRED COMPENSATION PLAN

District employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Texas Government Code 609.001. The employees' investments are held in tax-deferred annuity plans pursuant to Internal Revenue Code Section 403(b). Employees also have the option to defer a portion of their earnings for tax treatment pursuant to IRC Section 457(g)(3). As of August 31, 2019, the District had 27 employees participating in the 403(b) program and 10 employees participating in the 457 plan. A total of \$203,366 and \$48,503 in payroll deductions had been invested in the 403(b) and 457 approved plans, respectively, during the fiscal year.

Effective January 2013, the District developed an additional retirement plan for employees to elect to defer a portion of their earnings for tax treatment pursuant to IRC Section 457(g)(3). The District also created a 401(a) plan at the same time. As of September 1, 2013, the District contributes 4% of all eligible full-time employees' payroll to a retirement account in the employee's name whether the employee contributes or not. If the employee chooses to contribute a portion of their salary, the employee's contributions are deposited into a 457 plan in the employee's name. The District also contributes an additional matching percentage of up to 3% if the employee contributes. As of August 31, 2019, the District had 686 participants in the 401(a) plan and 590 participants in the 457 employee plan. The District contributed \$2,209,116 and employees contributed \$1,118,848 to this plan during the fiscal year.

NOTE 13 — COMPENSABLE ABSENCES

Full-time employees earn annual leave from 6.67 to 13.33 hours per month depending on the number of years employed by the District. The District's policy is that an employee may carry accrued leave forward from one fiscal year to another fiscal year with a maximum number of hours up to 240 for those employees with eight or more years of service. Employees with at least six months of service who terminate their employment are entitled to payment for all accumulated annual leave up to 160 hours. The District recognized the accrued liability for the unpaid annual leave in the amount of \$791,868 and \$948,519 as of August 31, 2019 and 2018, respectively. Sick leave, which can be accumulated to a limit of 720 hours, is earned at the rate of eight hours per month. It is paid to an employee who misses work because of illness or to the estate of an employee in the event of his/her death. The maximum sick leave that may be paid an employee's estate is one-half of the employee's accumulated entitlement. The District's policy is to recognize the cost of sick leave when paid. The liability is not shown in the financial statements since experience indicates the expenditure for sick leave to be minimal.

The District also has a policy whereby employees with an initial employment date prior to May 22, 1997 and with over ten years of service who terminate their employment are entitled to payment for one-half of their allowable accumulated sick leave. The related accrued liability has been recorded in the basic financial statements by the District.

NOTE 14 — PENDING LAWSUITS AND CLAIMS

From time to time, the District is named as a defendant in legal actions arising out of the ordinary course of business. There were no such legal actions as of August 31, 2019 that are required to be disclosed in the financial statements.

NOTE 15 — OPERATING LEASE COMMITMENTS

Included in current expenditures are the following amounts of rent paid or due under operating leases.

<u>Fund Group</u>	Year Ended August 31, 2019	Year Ended August 31, 2018
Unrestricted Current Funds	<u>\$636,216</u>	<u>\$578,312</u>
Total	<u>\$636,216</u>	<u>\$578,312</u>

Future commitments under operating leases in effect as of August 31, 2019 are as follows:

Year Ended August 31, 2020	\$555,528
Year Ended August 31, 2021	\$68,004
Year Ended August 31, 2022	\$21,032

Effective January 1, 2016, the District entered into an agreement to lease a building (converted dormitory) to a local Foundation for \$1,000 per month (\$12,000 annually). The lease term is for 27 years and ends on December 31, 2043.

Future commitments for lease income under this agreement as of August 31, 2019 are as follows:

Year Ended August 31, 2020	\$12,000
Year Ended August 31, 2021	\$12,000
Year Ended August 31, 2022	\$12,000
Year Ended August 31, 2023	\$12,000
Year Ended August 31, 2024	\$12,000
Thereafter	\$232,000

NOTE 16 — RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. There has been no reduction in insurance coverage from the prior year. Settlements in each of the past three fiscal years have not exceeded insurance coverage. Prior to the current year, the District was self-insured for coverage under workers' compensation. Pursuant to terms of terminating this plan, claims can arise for a five-year period and be required to be covered. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). Changes in the balances in claims liabilities related to this plan during the past two years are as follows:

	8-31-19	8-31-18
Liability, beginning of year	\$ 147,039	\$ 52,112
Incurred claims (including IBNRs)	19,797	134,204
Claim payment	<u>(76,331)</u>	<u>(39,277)</u>
Liability, end of year	<u>\$ 90,505</u>	<u>\$ 147,039</u>

NOTE 17 — POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description

The District participates in a cost-sharing, multiple-employer, other postemployment benefit (OPEB) plan with a special funding situation. The Texas Employees Group Benefits Program (GBP) is administered by the Employees Retirement System of Texas (ERS). The GBP provides certain postemployment health care, life, and dental insurance benefits to retired employees of participating universities, community colleges, and State agencies in accordance with Chapter 1551, Texas Insurance Code. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the State and retire with at least ten years of service to eligible entities. Surviving spouses and dependents of these retirees are also covered. Benefit

and contribution provisions of the GBP are authorized by State law and may be amended by the Texas Legislature.

OPEB Plan Fiduciary Net Position

Detailed information about the GBP's fiduciary net position is available in a separately issued ERS Comprehensive Annual Financial Report (CAFR) that includes financial statements, notes to the financial statements, and required supplementary information. That report may be obtained on the Internet at <https://ers.texas.gov/About-ERS/Reports-and-Studies/Reports-on-Overall-ERS-Operations-and-Financial-Management>; or by writing to ERS at: 200 East 18th Street, Austin, TX 78701; or by calling (877) 275-4377.

Benefits Provided

Retiree health benefits offered through GBP are available to most State of Texas retirees and their eligible dependents. Participants need at least ten years of service credit with an agency or institution that participants in the GBP to be eligible for GBP retiree insurance. The GBP provides self-funded group health (medical and prescription drug) benefits for eligible retirees under HealthSelect. The GBP also provides a fully insured medical benefit option for Medicare-primary participants under the HealthSelect Medicare Advantage Plan and life insurance benefits to eligible retirees via a minimum premium funding arrangement. The authority under which the obligations of the plan members and employers are established and/or may be amended is Chapter 1551, Texas Insurance Code.

Contributions

Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. The employer and member contribution rates are determined annually by the ERS Board of Trustees based on the recommendations of the ERS staff and consulting actuary. The contribution rates are determined based on (i) the benefit and administrative costs expected to be incurred, (ii) the funds appropriated, and (iii) the funding policy established by the Texas Legislature in connection with benefits provided through the GBP. The Trustees revise benefits when necessary to match expected benefit and administrative costs with the revenue expected to be generated by the appropriated funds.

The following table summarizes the maximum monthly employer contribution toward eligible retiree's health and basic life premium. Retirees pay any premium over and above the employer contribution. The employer does not contribute toward dental or optional life insurance. Surviving spouses and their dependents do not receive any employer contribution. As the non-employer contributing entity (NECE), the State of Texas pays part of the premiums for the junior and community colleges.

Maximum monthly contribution by the employer for fiscal year 2018 are as follows:

Retiree only	\$ 621.90
Retiree & Spouse	1,334.54
Retiree & Children	1,099.06
Retiree & Family	1,811.70

Contributions of premiums to the GBP plan for the current and prior fiscal year by source is summarized in the following table.

	<u>08/31/19</u>	<u>08/31/18</u>
Employer Contributions	\$ 499,032	\$ 937,388
Member (Employee) Contributions	330,148	206,062
NECE On-behalf Contributions	26,957	48,506

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of August 31, 2018, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date	August 31, 2018
Actuarial Cost Method	Entry Age
Amortization Method	Level Percent of Pay, Open
Remaining Amortization Period	30 Years
Asset Valuation Method	Marked to Market
Actuarial Assumptions:	
Discount Rate	3.96%
Inflation	2.50%
Salary Increases including inflation	0.00% to 9.50%
Healthcare Cost Trend Rates	7.30% for FY 20, 7.40% for FY21, 7.00% for FY22, decreasing 0.50% per year to an ultimate rate of 4.50% for FY 27 and later years
Ad hoc Post-employment Benefit Changes	None
Mortality assumptions:	
Service retirees, survivors, and other inactive members	Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018.
Disability retirees	Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018 using a three year set forward and minimum mortality rates of four per one hundred male members and two per one hundred female members.
Active members	Sex Distinct RP-2014 Employee Mortality multiplied by 90% with Ultimate MP Projection Scale from the year 2014

Source: FY 2018 ERS CAFR except for mortality assumptions obtained from ERS FY 2018 GASB 74 Actuarial Valuation

Many of the actuarial assumptions used in this valuation were based on the results of actuarial experience studies performed by the ERS and TRS retirement plan actuaries for the period of September 1, 2010 to August 31, 2017 for higher education members.

Investment Policy

The State Retiree Health Plan is a pay-as-you-go plan and does not accumulate funds in advance of retirement. The System's Board of Trustees adopted the amendment to the investment policy in August 2017 to require that all funds in the plan be invested in short-term fixed income securities and specify that the expected rate of return on these investments is 2.4%.

Discount Rate

Because the GBP does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the municipal bonds rate. The discount rate used to determine the total OPEB liability as of the beginning of the measurement year was 3.51%. The discount rate used to measure the total OPEB liability as of the end of the measurement year was

3.96%, which amounted to an increase of 0.45%. The source of the municipal bond rate was the Bond Buyer Index of general obligation bonds with twenty years to maturity and mixed credit quality. The bonds average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corporation's AA rating. Projected cash flows into the plan are equal to projected benefit payments out of the plan. Because the plan operates on a pay-as-you-go (PAYGO) basis and is not intended to accumulate assets, there is no long-term expected rate of return on plan assets and therefore the years of projected benefit payments to which the long-term expected rate of return is applicable is zero years.

Discount Rate Sensitivity Analysis

The following schedule shows the impact on the District's proportionate share of collective net OPEB liability if the discount rate used was 1 percent greater than the discount rate that was used (3.96%) in measuring the net OPEB Liability.

	1% Decrease in Discount Rate (2.96%)	Current Discount Rate (3.96%)	1% Increase in Discount Rate (4.96%)
Tyler Junior College District's proportionate share of the net OPEB liability	\$57,191,387	\$48,172,013	\$41,345,360

Healthcare Trend Rate Sensitivity Analysis

The initial healthcare trend rate is 7.30% and the ultimate rate is 4.50%. The following schedule shows the impact on the District's proportionate share of the collective net OPEB Liability if the healthcare cost trend rate used was 1 percent less than and 1 percent greater than the healthcare cost trend rate that was used in measuring the net OPEB Liability.

	1% Decrease (6.30 decreasing to 3.50%)	Current Healthcare Cost Trend Rates (7.30% decreasing to 4.50%)	1% Increase (8.30% decreasing to 5.50%)
Tyler Junior College District's proportionate share of the net OPEB liability	\$40,795,465	\$48,172,013	\$57,687,774

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At August 31, 2019, the Tyler Junior College District reported a liability of \$48,172,013 for its proportionate share of the ERS's Net OPEB Liability. This liability reflects a reduction for State OPEB support provided to the District for OPEB. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the Tyler Junior College District were as follows:

TJC District Proportionate share of the collective net OPEB liability	\$ 48,172,013
State's proportionate share that is associated with TJC District	38,689,680
Total	<u>\$ 86,861,693</u>

The net OPEB liability was measured as of August 31, 2018 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The

employer's proportion of the net OPEB liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period of September 1, 2017 through August 31, 2018.

At the measurement date of August 31, 2018, the employer's proportion of the collective net OPEB liability was .16253604%, which was .0572985% greater than the proportion measured as of August 31, 2017.

For the year ended August 31, 2019, the Tyler Junior College District recognized OPEB expense of \$229,995 and revenue of \$229,995 for support provided by the State.

Changes Since the Prior Actuarial Valuation – Changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period were as follows:

- Demographics assumptions (including rates of retirement, disability, termination, and mortality, and assumed salary increases) for Higher Education members have been updated to reflect assumptions recently adopted by the TRS Trustees. These new assumptions were adopted to reflect an experience study on the TRS retirement plan performed by the TRS retirement plan actuary.
- Assumed expenses, assumed per capita health benefit costs, and assumed health benefit cost, retiree contribution, and expense trends have been updated to reflect recent experience and its effects on our short-term expectations.
- The percentage of current retirees and their spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and their spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- The percentage of future retirees assumed to be married and electing coverage for their spouse have been updated to reflect recent plan experience and expected trends.
- The discount rate assumption was increased from 3.51% to 3.96% to utilize the updated yield or index rate for 20-year, tax-exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

Changes in Benefit Terms Since Prior Measurement Date – The following benefit revisions have been adopted since the prior valuation:

- An increase in the out-of-pocket maximum for both HealthSelect and Consumer Directed HealthSelect for those HealthSelect retirees and dependents for whom Medicare is not primart.

These minor benefit changes have been reflected in the fiscal year 2019 assumed per capita health benefit costs.

At August 31, 2019, the Tyler Junior College District reported its proportionate share of the ERS's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between the expected and actual economic experience	\$ -	\$ 1,530,259
Changes in actuarial assumptions	-	12,798,697
Net difference between projected and actual investment earnings	17,032	-
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	19,990,144	4,316,701
Contributions paid to ERS subsequent to the measurement date	375,061	-
Total	\$ 20,382,237	\$ 18,645,657

The net amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended August 31:	OPEB Expense Amount
2020	\$ (397,714)
2021	(397,714)
2022	(397,714)
2023	1,142,599
2024	1,412,062
Thereafter	-
	\$ 1,361,519

NOTE 18 — PROPERTY TAXES

The District's property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District.

As of August 31:

Assessed Valuation of the District	\$ 18,177,316,184
Less: Exemptions	4,421,486,925
Net Taxable Valuation of the District	\$ 13,755,829,259

The authorized rates for the year ended August 31, 2019 were as follows:

	Current Operations	Debt Service	Total
Authorized Tax Rate per \$100 valuation (Maximum per enabling legislation)	\$.2800	-	\$.2800
Assessed Tax Rate per \$100 valuation for assessed	\$.158000	\$.041926	\$.199926

The authorized rates for the year ended August 31, 2018 were as follows:

	Current Operations	Debt Service	Total
Authorized Tax Rate per \$100 valuation (Maximum per enabling legislation)	\$.2800	-	\$.2800
Assessed Tax Rate per \$100 valuation for assessed	\$.154160	\$.045766	\$.199926

Taxes levied for the years ended August 31, 2019 and 2018 amounted to \$26,179,363 and \$24,504,733, respectively, including any penalty and interest assessed. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

Tax collections for the year ended August 31, 2019 were as follows:

Taxes Collected	Current Operations	Debt Service	Total
Current taxes collected	\$20,131,204	\$5,370,972	\$25,502,176
Delinquent taxes collected	225,414	68,870	294,284
Penalties and interest collected	253,105	66,008	319,113
Total Collections	\$20,609,723	\$5,505,850	\$26,115,573

Tax collections for the year ended August 31, 2018 were as follows:

Taxes Collected	Current Operations	Debt Service	Total
Current taxes collected	\$18,436,814	\$5,514,419	\$23,951,233
Delinquent taxes collected	251,712	80,683	332,395
Penalties and interest collected	234,137	63,363	297,500
Total Collections	\$18,922,663	\$5,658,465	\$24,581,128

Tax collections for the year ended August 31, 2019 and 2018 were approximately 97.44 percent and 97.74 percent, respectively, of the current tax levy. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted for the use of maintenance and/or general obligation debt service.

NOTE 19 — INCOME TAXES

The District is exempt from income taxes under Internal Revenue Code Section 115, *Income of States, Municipalities, etc.*, although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511(a)(2)(B), *Imposition of Tax on Unrelated Business Income of Charitable, etc. Organizations*. The District had no material unrelated business income tax liability for the years ended August 31, 2019 and 2018.

NOTE 20 — CONTRACTUAL AGREEMENTS

The District has a contract for the District's food services for students, faculty, staff, employees and invited guests. The District awarded a new contract for food services effective May 20, 2013, through May 19, 2023. Under the agreement, the food service provider bills the District weekly for service based on day rates per resident under resident meal plans plus other special events. In consideration of the right to operate the campus dining services, the District is paid 10% commission on retail and catering sales and a 15% commission on concessions. Food service commissions are remitted monthly to the District.

The District also has an agreement for the operation and management of the campus bookstore. The manager owns all inventories of merchandise and has the sole and exclusive right to sell this inventory. In consideration for the use of campus space, the manager pays the greater of a yearly fee as stated in the contract, or a percentage of all gross revenues in a contract year as outlined in the contract. The District's contract runs through August 31, 2022. The terms of the agreement call for a 13.75% commission to the District on the first \$4 million in sales and a 14.75% commission on all sales above \$4 million.

The District has entered into a contract with a company to provide beverage and food vending services to its main campus and to its Regional Training and Development Center (RTDC) complex. The District is paid a commission for vending sales based on the products sold at varying commission rates as set forth in the agreement. This agreement was effective August 1, 2016 through July 31, 2019 and the District exercised a one year option to extend the agreement through July 31, 2020.

The District also has a contract with a local bottling company for exclusive rights as beverage supplier for all District events. Under the agreement, the District will receive commissions on beverages sold as outlined in the agreement, as well as other sponsorship and contributions for the District's academic and athletic programs. This contract was awarded in February 2018 and is effective through March 31, 2028.

The District participates in a tax increment financing agreement under Chapter 311 of the Texas Tax Code through the City of Tyler Reinvestment Zone #1. The Reinvestment Zone was created in 1998 for the purpose of financing the construction of a District-owned educational facility. The original financing agreement was paid in full earlier than scheduled and the agreement was amended in 2014. The amended agreement is for the purpose of financing construction of another District-owned educational facility in the Reinvestment Zone. The District and one other taxing entity pledged their incremental tax collections on growth in the appraised values for the construction of the new facility.

The District has a contract with a local hospital to provide on-campus medical care. The health care provider maintains a clinic in the student center on the main campus. This contract calls for an annual payment of \$360,912 and is under a one year renewal through August 31, 2020.

The District also has a contract for custodial services with an outside company. The contract was renewed beginning September 1, 2014, to include additional buildings. This contract was amended in October 2017 to split out the Rogers Nursing and Health Science (RLH) building from the main campus. Beginning in October 2017, the monthly contract amount is \$16,643 and \$99,341 for the RLH building and the main campus, respectively, and the current contract is under a renewal through July 31, 2020.

During a prior year, the District entered into two separate agreements to provide educational opportunities at satellite centers. The first agreement was a joint effort with a local hospital and a neighboring Economic Development Corporation to provide nursing classes in a renovated wing of an existing hospital. Under this agreement, the District received funding from the hospital and the Economic Development Corporation over a three year period to assist in building improvements and the operations of the nursing program. The contract is currently under a one year extension through July 31, 2020.

The other agreement is similar and provides financial assistance from another local Economic Development Council to provide classes in a rented facility within the District. The lease on the classroom space is for five years. The agreement has been renewed beginning January 1, 2016 through December 31, 2020 for \$10,853 per month.

The District entered into a new agreement beginning June 1, 2018 with a local orthopedic hospital to provide sports medicine and rehabilitation services for the District's athletic department. As part of the agreement the facility will provide scholarship funds for the Sports Medicine Training

Program and the District will pay for graduate assistant trainers under a schedule within the agreement. The agreement is for a four year period ending May 31, 2022 and calls for an annual payment of \$128,000.

In connection with the issuance of Series 2019 Maintenance Tax Notes as described in Note 22, the District entered into a construction contract for improvements to the Rogers Palmer Performing Arts Center with an anticipated completion date of December 2020 and an estimated cost of \$13,157,399.

NOTE 21 – TUITION AND FEES

Tuition and fees are the student component of the Texas public junior college funding model, the other components consisting of state contracts and local district property taxes. Tuition and fees are set by the Board of Trustees and account for approximately 67% of total current Unrestricted Fund revenues.

Tuition rates for Texas public junior colleges are authorized by state law with an \$8 per semester credit hour minimum. Fees are established by the local governing board and are frequently used to designate, but not legally restrict, charges for certain purposes. An additional reason designated fees are levied, instead of increasing tuition rates, is the tendency of state legislators to focus on “tuition” when mandating set asides, waivers, exemptions, or otherwise restricting portions of local revenues available for college operations. The District’s tuition and fees are listed below.

Tuition – (\$32) per Semester Hour for Texas residents; (\$56) per semester hour non-Texas residents.

Contributes to the support of the District’s educational operations.

General Education Fee – (\$42) per Semester Hour

Adopted to supplement state contracts in funding regularly scheduled academic functions.

Registration Fee - \$45 per Semester

Defrays increased labor and processing expenses during registration.

Laboratory Fee - \$20 per Semester Hour

Defrays the cost of supplies used in courses with laboratory sessions.

Music Fees - \$85-\$110 for Private Lessons

Defrays the cost of private lessons.

Distance Education Fee (\$10) per Semester Hour

Charged to students registered for online courses to help defray costs associated with technology costs.

Technology Fee (\$15) per Semester Hour

Defrays the cost of instruction based technology improvements.

Differential Fee (\$7-\$25) per Semester Hour

Defrays the costs for certain programs with higher instructional costs.

Out of District Surcharge –(\$60) per Semester Hour

Charged to students from outside the Tyler Junior College District taxing district to partially equalize operational costs borne by District taxpayers.

Campus Security Fee – (\$40) per Semester

Designated for use in constructing and maintaining parking facilities.

Health Service Fee – (\$35) per semester

Charged to students for use of on-campus medical care facility.

Student Life Fee - \$2 per Semester Hour (max of \$26)

Charged to students for on campus extracurricular activities.

NOTE 22 – SUBSEQUENT EVENTS

On September 26, 2019, the District received \$20,140,000 through the funding of Maintenance Tax Notes, Series 2019, which will be used for various improvements throughout the campus. Subsequent events have been evaluated through November 19, 2019, the date which the financial statements were available to be issued.

TYLER JUNIOR COLLEGE DISTRICT
NOTES TO REQUIRED SUPPLEMENTAL INFORMATION
FISCAL YEAR ENDED AUGUST 31, 2019

Changes Since the Prior Actuarial Valuation for TRS Pension:

Demographic Assumptions

- Demographic assumptions including post-retirement mortality, termination rates, and rates of retirement were updated based on the experience study performed for TRS for the period ending August 31, 2017.

Economic Assumptions

- The discount rate changed from 8.0 percent as of August 31, 2017 to 6.907 percent as of August 31, 2018. The single discount rate was based on the expected rate of return on pension plan investments of 7.25 percent and a municipal bond rate of 3.69 percent.
- Economic assumptions, including rates of salary increase for individual participants was updated based on the experience study performed for TRS for the period ending August 31, 2017.
- The long term assumed rate of return changed from 8.0 percent to 7.25 percent.

Other

- A change was made in the measurement date of the total pension liability for the current fiscal year. The actuarial valuation was performed as of August 31, 2017. Updated procedures were used to roll forward the total pension liability to August 31, 2018. This is the first year using roll forward procedures.

Changes Since the Prior Actuarial Valuation for ERS OPEB:

Changes to Benefit Terms

- Benefit revisions have been adopted since the prior valuation. The only benefit change for HealthSelect retirees and dependents for whom Medicare is not primary is an increase in the out-of-pocket maximum for both HealthSelect and Consumer Directed HealthSelect (CDHP) from \$6,550 to \$6,650 for individuals and from \$13,100 to \$13,300 for families in order to remain consistent with Internal Revenue Service maximums. The minor benefit change is provided for in the FY 2019 Assumed Per Capita Health Benefit Costs. There are no benefit changes for HealthSelect retirees and dependents for whom Medicare is Primary.

Demographic Assumptions

- Demographics assumptions (including rates of retirement, disability, termination, and mortality, and assumed salary increases) for Higher Education members have been updated to reflect assumptions recently adopted by the TRS Trustees. These new assumptions were adopted to reflect an experience study on the TRS retirement plan performed by the TRS retirement plan actuary.
- The following assumptions have been updated since the previous valuation to reflect recent plan experience and expected trends:
 - Percentage of current retirees and retiree spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and retiree spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
 - Percentage of future retirees assumed to be married and electing coverage for their spouse.

Economic Assumptions

- Assumptions for expenses, assumed per capita health benefit costs and health benefit cost and retiree contribution and expense trends have been updated since the previous valuation to reflect recent health plan experience and its effects on our short-term expectations.
- The discount rate was changed from 3.51% to 3.96% as a result of requirements by GASB No. 75 to utilize the yield or index rate for 20-year, tax-exempt general obligation bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

DISTRICT

TYLER, TEXAS

STATISTICAL SECTION (UNAUDITED)

**TYLER JUNIOR COLLEGE DISTRICT
TYLER, TEXAS**

**STATISTICAL SECTION
(UNAUDITED)**

This part of Tyler Junior College District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

The information contained within this section is being presented to provide the reader with a better understanding of five objectives:

- Financial Trends – Showing the District's financial position has changed over time.
- Revenue Capacity – Assessing the District's ability to generate revenue by examining its major revenue sources.
- Debt Capacity – Assessing the affordability of the District's current level of outstanding debt and the District's ability to issue additional debt in the future.
- Demographic and Economic Information – Providing demographic and economic indicators to help in understanding the environment within which the District's financial activities take place.
- Operating Information – Providing information about how the District's financial report relates to the services it provides and the activities it performs.

Sources: Unless, otherwise noted, the information in these schedules is derived from the annual financial reports for the relevant year.

**TYLER JUNIOR COLLEGE DISTRICT
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED AUGUST 31, 2019**

NOTE 1 — SIGNIFICANT ACCOUNTING POLICIES USED IN PREPARING THE SCHEDULE

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Tyler Junior College District under programs of the federal government for the year ended August 31, 2019 and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance).

Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds which have been expended by the District for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies.

NOTE 2 — FEDERAL FINANCIAL ASSISTANCE RECONCILIATION

Federal Grants and Contracts per Schedule A	\$ 1,285,541
Non Operating Revenue From Schedule C	21,600,574

**TYLER JUNIOR COLLEGE DISTRICT
 NOTES TO SCHEDULE OF EXPENDITURES OF STATE AWARDS
 FOR THE YEAR ENDED AUGUST 31, 2019**

NOTE 1 — SIGNIFICANT ACCOUNTING POLICIES USED IN PREPARING THE SCHEDULE

The accompanying schedule of expenditures of state awards includes the state award activity of Tyler Junior College District, under programs of the state government for the year ended August 31, 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance) and the State of Texas *Uniform Grant Management Standards* (UGMS). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in, the preparation of the basis financial statements.

Expenditures reported in the schedule is presented on the modified accrual basis of accounting, which is described in Note 2 to the District's financial statement. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and UGMS, wherein certain types of expenditures are not allowable or limited as to reimbursement.

The District did not elect to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 2 — STATE FINANCIAL ASSISTANCE RECONCILIATION

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees
Tyler Junior College District
Tyler, Texas

Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Tyler Junior College District as of and for the year ended August 31, 2019, and the related notes to the financial statements, which collectively comprise Tyler Junior College District's basic financial statements, and have issued our report thereon dated November 19, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Tyler Junior College District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tyler Junior College District's internal control. Accordingly, we do not express an opinion on the effectiveness of Tyler Junior College District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tyler Junior College District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Certified Public Accountants

Tyler, Texas

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM
GUIDANCE**

Board of Trustees
Tyler Junior College District
Tyler, Texas

Board of Trustees:

Report on Compliance for Each Major Federal Program

We have audited the Tyler Junior College District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Tyler Junior College District's major federal programs for the year ended August 31, 2019. Tyler Junior College District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Tyler Junior College District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Tyler Junior College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Tyler Junior College District's compliance.

Opinion on Each Major Federal Program

In our opinion, Tyler Junior College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs for the year ended August 31, 2019.

Report on Internal Control Over Compliance

Management of Tyler Junior College District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance referred to above. In planning and performing our audit of compliance, we considered Tyler Junior College District's internal control over compliance with the types of requirements that could have a direct and material effect on each federal major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Tyler Junior College District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
