AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

ORGANIZATIONAL CHART
August 31, 2013

December 20, 2013

Honorable Chairman, Board of Trustees, and President
The Citizens of the Austin Community College District

Dear Board Members and President:

The following comprehensive annual financial report of the Austin Community College District (“the College”) for the fiscal year ended August 31, 2013, is hereby submitted. Responsibility for the preparation and integrity of the financial information, and the completeness and fairness of the presentation, including all disclosures, rests with the College. The financial statements are prepared in accordance with Generally Accepted Accounting Principles (GAAP) as established by the Financial Accounting Standards Board (FASB) and the Governmental Accounting Standards Board (GASB) and comply with Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges as set forth by the Texas Higher Education Coordinating Board (THECB). The Notes to the Basic Financial Statements are provided in the financial section and are considered essential to fair presentation and adequate disclosure for this financial report. The notes include the Summary of Significant Accounting Policies for the College and other necessary disclosures of important matters relating to the financial position of the College. The notes are treated as an integral part of the financial statements and should be read in conjunction with them.

The College is reported as a special purpose government engaged solely in business type activity (BTA). In accordance with GASB Statements 34 and 35, this presentation of financial reporting combines all fund groups into a single column, and resembles the format of the corporate presentation, thus facilitating comparison.

To the best of our knowledge, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the College. All disclosures necessary to enable the reader to gain an understanding of the College’s financial activities have been included.

The College is required to undergo an annual federal single audit in conformity with the provisions of the Single Audit Act Amendments of 1996, and the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and an annual state single audit in conformity with the Texas Governor’s Office of Budget and Planning *Uniform Grant Management Standards Single Audit Circular*. Information related to these Single Audits, including the schedule of expenditures of federal awards, schedule of expenditures of state awards, and auditor’s reports on compliance and on internal controls is included in the federal and state single audit sections of this report.

Governmental Structure

The Austin Community College District was established as a public community college in December 1972 and began operations in September 1973. The College operates as a community college district under the Texas Education Code. The College is governed by an elected nine-member Board of Trustees (“the Board”). At each election, three Trustees are elected to serve in a six-year, at-large position. The Board holds regularly scheduled meetings on the first Monday of each month, unless otherwise announced. Board meetings are held in the Boardroom at the College’s administrative office building (Highland Business Center), unless otherwise provided in the notice of a meeting.

The Board has the final authority to determine and interpret the policies that govern the College and has oversight responsibility for the College’s activities, limited only by the state legislature, the courts, and the will of the people as expressed in Board of Trustee elections. Official Board action is taken only in meetings that comply with the Open Meetings Act.

In general, the Board provides policy direction and sets goals for the College consistent with the College’s role and mission. Besides general Board business, trustees are charged with numerous statutory regulations, including appointing the tax assessor/collector, ordering elections, and issuing bonds. The Board is also responsible for appointing the President, setting the tax rate, and adopting the budget for the ensuing fiscal year.

Service Area

The Austin Community College District is dedicated to providing quality education that exceeds the expectations of its service area as defined by Texas Education Code 130.166. This service area includes all of Hays, Gillespie, Caldwell, and Blanco counties, most of Travis and Bastrop counties, and part of Williamson, Gonzales, Guadalupe, Lee, and Fayette counties.

Vision, Values, and Mission

The College’s Vision Statement: The Austin Community College District will be recognized as the preferred gateway to higher education and training and as the catalyst for social equity, economic development, and personal enrichment.

Value Statements: These are the core values that guide the Austin Community College District’s internal and external interactions with each other and our community:

- **C - Communication:** ACC values open, responsible exchange of ideas;
- **A - Access:** ACC values an open door to educational potential.
- **R - Responsiveness:** ACC values targeted actions to address Service Area and internal needs within available resources.
- **E - Excellence:** ACC values commitment to integrity and exemplary standards.
- **S - Stewardship:** ACC values personal and professional ownership that generates accountability.

Mission Statement: The Austin Community College District values and respects each individual student. We promote student success and improve communities by providing affordable access, through traditional and distance learning models to higher education and workforce training in the eight-county service area.

Economic Condition and Outlook

The College's service area is located in Central Texas, about 150 miles inland from the Gulf of Mexico. According to the Bureau of Economic Analysis, in fiscal year 2012 the population of the Austin-Round Rock-San Marcos MSA was 1,783,519, an increase of 4.6 percent since 2010. Growth in these counties is expected to continue at this rate or faster in the future. Austin is the state capital, and consequently 22 percent of its workforce is employed by government agencies. The remainder of the counties' economic base consists of manufacturing, computer technology, and trade and service industries.

The Austin-Round Rock-San Marcos MSA continues to outpace the national averages in economic indicators. According to the Texas Workforce Commission, the Austin-Round Rock MSA civilian workforce increased 1.6 percent from 967,357 in 2012 to 982,713 in 2013. The unemployment rate in 2013 was 5.6 percent, which is lower than the statewide unemployment rate of 6.2 percent, and significantly lower than the national unemployment rate of 7.3 percent. According to the US Census, residents of the Austin-Round Rock MSA are typically well educated, with 40.6 percent of the workforce population age 25 or older possessing a bachelor's degree or higher.

During the past five years, the College's financial condition has been stable. The College weathered the Great Recession, state funding cuts, and extremely volatile enrollments, while slightly increasing its unrestricted net position from \$20.7 million to \$21.7 million over that time. This stability is due to a commitment from the Board and administration to sound financial planning and budget performance. The College has increased its use of long-term planning and financial forecasting which has improved the decision-making process. Now, the local economy seems to be in full economic recovery, including very low unemployment and a strong real estate market. While low unemployment usually has a negative impact on community college enrollments, any negative financial impacts for lower enrollments should be more than offset by increases in ad valorem taxes and stability in State funding.

While recently stable, State funding continues to be a concern. The State reduced the College's 2010-2011 appropriations by 7.5 percent. Additionally, there was a 10 percent reduction for the 2012-2013 biennium. The current funding rate is significantly less per contact hour than the College was receiving in 2000. Because the State continues to confront various funding challenges, the future of State funding for higher education represents an ongoing concern. The College is committed to the legislative process, and will continue to work with State leaders to inform them of the crucial role of community colleges for the State's economic and social well-being. At the same time, the College will continue to take steps to mitigate the impact of State appropriations on the College's fiscal stability.

Financial Planning and Budgeting

The College's financial planning is comprised of three processes:

- Long-Term Facilities Plan
- Three Year Master Plan
- Annual Budget, including 10 year projections

The College recently developed a regional facilities master plan designed specifically to address the College's *Closing the Gaps* target, which identifies the College's enrollment targets up to the year 2025. The facilities plan includes six recommendations for meeting this demand, all of which were adopted by the Board:

- 1) Approve land acquisition for a campus in Round Rock;
- 2) Hire an architectural/engineering firm to begin the design of a campus in Round Rock;
- 3) Reaffirm master plan recommendation for a campus in San Marcos;
- 4) Form a Public Facilities Corporation (PFC) to finance new campuses;
- 5) Pursue land donations and/or purchases in strategic areas with future growth potential;
- 6) Develop individual master plans for expansion and renovations at existing campuses.

The College has completed all of the above recommendations, including item 6 which is the development of individual campus master plans for all of the existing campuses. These plans address the potential expansions and needed renovations at each campus in order to meet future enrollment projections.

The above recommendations, along with major instructional and operational initiatives, are incorporated into a three year master plan, which is driven by strategic goals developed by the President and approved by the Board. This is a rolling three year plan that is updated each year, prior to the annual budget cycle. This master plan identifies the initiatives that the College will focus on for the next three years; it therefore drives the annual budget decisions.

The annual budget is developed with a bottom-up approach, with the approved master plan serving as a guide. During the budget development cycle, departments are asked to identify the funds needed in their departmental budgets in order to accomplish the goals laid out in the master plan. After this information is collected from the departments, it is compiled into a proposed College-wide budget. That budget, accompanied by budget projections for the next 10 years, is then presented to the Board. The budget projections incorporate the proposed new initiatives and other operating increases in order to demonstrate the long-term impact of the current year funding decisions and they also project future tuition rate increases.

The combined use of these three planning devices allows the College to develop funding strategies to meet its future expenditure needs and maintain a strong financial balance. Thanks to the College's commitment to planning, in the last five years the College has met the demands of both enrollment increases and increased programs and services for students, while nonetheless maintaining a balanced fiscal position.

Major Initiatives

The College has devoted significant time and effort in planning for the future. During 2013 the College developed a new academic master plan and continued progress with its current facilities master plan in order to meet the State's *Closing the Gaps* initiative of increasing participation in higher education. The College has clearly emerged as the regional leader in the *Closing the Gaps* effort to promote economic development through an educated workforce.

Major initiatives that highlighted 2013 include:

- Began renovation on the Highland Mall (1.2 million sq. ft.). Phase 1 of the renovation includes over 200,000 sq. ft. of space, paving the way for a state-of-the-art learning environment and center for community and business partnerships, expanding educational opportunities for all Central Texans.
- Successfully completed and opened the new Elgin Campus which will provide comprehensive educational services to the easternmost portion of the service area.
- Continued construction of the new Hays Campus which is on track and on budget for a Spring 2014 opening. The Hays Campus will provide comprehensive educational services to the southernmost portion of the service area.

The College is moving ahead with significant plans for expansion thanks to its community support, and it expects to maintain its role as a major source of post-secondary education and economic development in the Central Texas region. For 2014 the College plans to further develop its strategic academic and facilities planning for the region.

Independent Audit

State statutes require an annual audit by independent certified public accountants. The College's Board of Trustees selected the accounting firm of Grant Thornton LLP. In addition to meeting the requirements set forth in State statutes, their audit also was designed to meet the requirements of the Federal Single Audit Act Amendments of 1996 and related OMB Circular A-133 and the State single audit related to the Uniform Grant Management Standards Single Audit Circular. The auditor's reports related specifically to the Single Audits are included in the Single Audit Sections.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Austin Community College District for its comprehensive annual financial report for the fiscal year ended August 31, 2012. This was the tenth consecutive year that the College has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

We are grateful to the Board of Trustees for its interest in planning and oversight of the financial operations of the College. We especially want to acknowledge the staff of Business Services for their hard work and dedicated service, for we could not have accomplished the preparation of this report without their diligent efforts. We would also like to thank the accounting firm of Grant Thornton LLP for their assistance with the audit.

Respectively submitted,

Report on the financial statements

We have audited the accompanying financial statements of the Austin Community College District (the "District") as of and for the years ended August 31, 2013 and 2012, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. We did not audit the financial statements of ACC Foundation, Inc., which represents the discretely presented component unit of the College. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for that component unit, is based on the report of other auditors.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

THIS PAGE LEFT INTENTIONALLY BLANK

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District as of August 31, 2013 and 2012, and the changes in financial position and, cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other matters

Required supplementary information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 16 and the Schedule of Funding Progress on page 70 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. This required supplementary information is the responsibility of management. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America. These limited procedures consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The Schedule of Expenditures of Federal Awards and the Schedule of Expenditures of State Awards for the year ended August 31, 2013, as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State of Texas *Single Audit Circular*, respectively, on pages 104 through 105 and page 119 respectively, and the Texas Higher Education Coordinating Board ("THECB") supplemental schedules on pages 71 through 74, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

THIS PAGE LEFT INTENTIONALLY BLANK

Other information

The introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other reporting required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report, dated December 20, 2013, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

Financial Statement Analysis and Overview

The following discussion and analysis of the Austin Community College District's ("the College") annual financial statements provides an overview of the College's financial activities for the years ended August 31, 2013 (Fiscal Year 2013), 2012 (Fiscal Year 2012), and 2011 (Fiscal Year 2011), and identifies changes in its financial position for these years. In conformity with Government Accounting Standards Board (GASB) Statement No. 34, the discussion focuses on currently known facts, decisions, and conditions that have an impact on the financial activities of the College, and is intended to assist the reader in the interpretation of the financial statements. The financial statements should be read in conjunction with the Notes to the Basic Financial Statements.

The financial statements are prepared in accordance with the GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* and Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. Three primary statements are required: the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows.

Financial statements for the College's discrete component unit, Austin Community College Foundation ("the Foundation"), are issued independent of the College. The Foundation's financial information for fiscal years 2013 and 2012 is shown on separate pages behind the College's basic financial statements. Refer to Notes 1 and 25 in the Notes to the Basic Financial Statements for more detail on the Foundation.

The College formed the Austin Community College District Public Facility Corporation ("the PFC"), which was incorporated on December 21, 2007, as a non-profit corporation formed under the Texas Public Facility Corporation Act. The PFC was formed for the purpose of assisting the College in financing, refinancing, providing, or otherwise assisting in the acquisition of public facilities. The PFC is reported as a blended component unit in the financial statements of the College, and therefore its activities are blended with the activities of the College. Refer to Note 1 in the Notes to the Basic Financial Statements for more detail on the PFC.

The following management discussion and analysis is intended to provide readers with an overview of the basic financial statements.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

Statement of Net Position

The Statement of Net Position includes assets, deferred outflows of resources, liabilities, deferred inflows of resources, and the change in net position as of the end of the year. The College had both, current and non-current assets and liabilities. There were no deferred outflows of resources and deferred inflows of resources. Current assets are those assets that are available to satisfy current liabilities or liabilities that are due within one year. Non-current assets include capital assets, long-term investments, and other assets not classified as current. Non-current liabilities include bonds payable and other long-term commitments. Net position equals assets plus deferred outflows of resources, minus liabilities, minus deferred inflows of resources. It is one indicator of whether the overall financial condition has improved or deteriorated during the year, when considered with other factors such as enrollment, contact hours of instruction, student retention and other non-financial information. Finally, the Statement of Net Position is useful in determining the assets available to continue operations as well as how much the College owes to vendors, bondholders, and other entities at the end of the year.

Additional detail regarding basis of accounting and major categories of net position can be found in Note 2 in the Notes to the Basic Financial Statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

Since 2011, the College has increased its total assets before considering liabilities by \$98.0 million, most of which is related to real estate acquisitions and facility construction. Total Assets increased from 2012 to 2013 by \$59.7 million. The increase was primarily due to increases in restricted cash and investment related to the Highland Campus construction project. Because this project is funded with bonds, the increase in assets is offset by an increase in liabilities. Unrestricted cash and investments declined by \$4.0 million, which was entirely due to a one-time \$4.3 million payment to Teachers Retirement System of Texas (TRS). During the fiscal year ended August 31, 2013, the State Legislature, in collaboration with the Texas community colleges, brought resolution to the dispute concerning state funding of retirement contributions. As part of that resolution, a new funding methodology was developed which will result in higher retirement funding levels in the future, starting in fiscal year 2014, compared to the fiscal years 2012 and 2013 funding levels. However, as part of that resolution, the future increases in funding are contingent upon the community colleges paying all outstanding amounts due from fiscal year ended August 31, 2012, which for Austin Community College amounted to \$4,359,541. In August 2013, the College paid the outstanding amount in full.

Total liabilities increased from 2012 to 2013 by \$70.1 million. The increase resulted from the \$74.8 million bond issue during 2013 for the Highland Campus Renovation, Phase 1. This increase in bonds payable was partly offset by principal payments made during the year for bonds and capital lease payables.

The College's net position was \$83.4 million in 2013, \$93.8 in 2012, and \$92.0 million in 2011. The \$10.4 million decrease in the current year was caused by the one-time payment to TRS (mentioned above) of \$4.3 million and approximately \$6.7 million in charges related to the Series 2012 bond issuance, Series 2011 bond refunding, and project expenditures for the new Elgin Campus. The \$1.8 million increase in 2012 is attributed to positive cash flows from operations. The \$5.2 million decrease in 2011 is attributable to a \$3.2 million increase in depreciation, a mid-year reduction in state appropriations of \$2.1 million and a \$1.7 million reduction in tuition revenue due to the successful annexation of Elgin and Hays Consolidated Independent School Districts (ISDs). The increase in depreciation expense is attributed to the completion and opening of the Round Rock Campus. This campus is by far the College's largest and most costly to date, and therefore it had a significant impact on depreciation expense. While the College's original budget included capital purchases that would have offset the impact of depreciation on net position, the mid-year cuts in state appropriations forced the College to delay most of the planned capital expenditures. Delaying the capital expenditures allowed the College to preserve cash, which was a priority for the College, but the reduction to the capital budget prevented the reinvestment in capital assets needed to offset the impact of depreciation on those assets. Additionally, the College's tuition revenue was \$1.7 million less than budgeted due to the successful annexation of Elgin and Hays Consolidated ISDs. While these annexations are very positive for the College and will generate positive cash flows in the future, there is a timing difference between the reduction in tuition revenue and the increase in ad valorem tax revenue. Because the annexation occurred mid-year 2011, the residents of those ISDs became eligible for the reduced in-district tuition rate immediately which was for the Spring 2011 semester. However, because ad valorem taxes are paid in arrears, the tax collections would not have begun until the College's fiscal year 2012. This timing difference resulted in a loss of tuition revenue of about \$1.7 million during the current year. Since the future tax revenues exceeded the reduced tuition revenues, the impact was reflected in 2012 and all

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

future years thereafter. A more detailed discussion follows in the Statement of Revenues, Expenses, and Changes in Net Position section.

Statement of Revenues, Expenses, and Changes in Net Position

The Statement of Revenues, Expenses and Changes in Net Position presents the College's overall results of operations. The statement is divided into Operating Revenues, Operating Expenses, and Non-Operating Revenues and Expenses. The College is dependent primarily upon three sources of revenue: state appropriations; tuition and fees; and property taxes. Since state appropriations and property taxes are classified as Non-operating Revenues (per the GASB requirement), Texas community colleges will generally display an operating deficit before taking into account other support. Therefore, total revenues and total expenses should be considered in assessing the change in the College's financial position.

Condensed Statement of Revenues, Expenses and Changes in Net Position

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

Key Factors impacting total revenues:

- State appropriations, which are categorized as non-operating revenues, were \$ 54.2 million, an increased of \$1.1 million from fiscal year 2012. However this slight increase of 2% was not enough to offset the decline of 10% in 2012. In 2012 and 2011, state appropriations were reduced by 10.0% and 7.5%, respectively. State appropriations accounted for 18.9% of total revenue in the current year, compared to 18.7% in 2012, and 20.8% in 2011.
- Tuition and Fees, net of discounts, were up \$0.6 million in 2013. However, discounts were up by \$0.4 million. Therefore, gross tuition & fee revenues increased by \$1.0 million as a result of tuition rate increases of \$5 per credit hour for all students and an additional \$20 per credit hour for out-of-district students. Tuition and Fees accounted for 20.8% of total revenue in the current year, compared to 20.7% in 2012 and 18.5% in 2011.
- Grants and Contracts revenue decreased primarily as a result of decreased funding for student financial aid.
- Other Operating Revenue, which includes interest income, continuing education programs, miscellaneous fees, property rental, and testing fees, totaled \$10.7 million in 2013, \$9.0 million in 2012, and \$7.8 million in 2011. The increase in 2013 and 2012 is due to increases in property rental income related to the Highland Mall acquisitions.
- Ad valorem taxes, which are categorized as non-operating revenues, increased by \$5.4 million in 2013 and increased by \$5.4 million in 2012. Specifically, the College recognized \$111.6 million of ad valorem tax revenue in 2013, \$106.2 million in 2012, and \$100.8 million in 2011. The 2013 increase was due to a growing local economy and therefore increases in the taxable value of real estate properties, including the addition of new properties. The increase in 2012 was largely due to the successful annexations of Elgin Independent School District and Hays Consolidated Independent School District. In November 2010, the voters of these areas held successful elections to enter the College's taxing district. The College began collecting property taxes from these areas in fiscal year 2012. These areas added about \$4.5 billion in taxable property to the College, generating about \$4.0 million in new revenues. Ad valorem taxes in 2012 were 37.4% of total revenues compared to 35.4% in 2011 and 37.8% in 2010. See graphical illustration on next page.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

Factors impacting operating expenses by natural classification include the following:

- Salary expenses increased by \$0.7 million in 2013. This increase was due to employee raises of 2%, but was partially offset by lower faculty salaries caused by reduced enrollments. Salary expense in 2012 increased by \$5.6 million, a 3.5% increase over 2011. The increase was primarily due to employee raises.
- Benefit expenses increased by \$10.3 million in 2013. This increase was due to the previously mentioned (page 5) one-time payment of \$4.3 million to TRS. In 2012, benefit expenses decreased by \$2.9 million.
- Other operating expenses increased by \$5.1 million in 2013 and decreased by \$4.9 million in 2012. In 2013, the majority of the increase was due to one-time startup costs related to the new Elgin Campus. The decrease in 2012 was due to budget reductions and freezes implemented to counter the decrease in state funding and enrollments.
- Depreciation expense increased in 2013 and 2012 by \$0.3 million primarily due to addition of buildings at the Highland Mall location.
- Total scholarship costs for 2013 were \$22.3 million compared to \$27.5 million in 2012 and \$34.6 million in 2011. The decrease in 2013 and 2012 was due to a 5% decrease in enrollments, plus an increase in tuition rates. The increased tuition rates reduced the amount of financial aid that was disbursed to students after tuition and fees are deducted, thus reducing scholarship expense.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

In 2013, most of the functional expense increases were due to salary raises and higher benefit cost due to the one-time payment to TRS previously mentioned (page 5). For Institutional Support there was an additional increase due to expenses related to operating the Highland Mall property. In 2012, most of the functions decreased due to budget reductions and freezes implemented to counter the decrease in state funding and enrollments.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

The College had \$435.7 million, \$392.1 million, and \$376.5 million invested in capital assets, net of accumulated depreciation, at August 31, 2013, 2012, and 2011, respectively. The amount of accumulated depreciation was \$82.3 million, \$72.5 million and \$63.5 million for fiscal years 2013, 2012, and 2011, respectively. Depreciation charges totaled \$10.4 million, \$10.1 million and \$9.8 for fiscal years 2013, 2012, and 2011, respectively.

Changes in net capital assets are the result of acquisitions, improvements, deletions, and changes in accumulated depreciation. During 2013, the College completed construction of the Elgin Campus (\$25.9 million), began construction of the Hays Campus (\$25.2 million), and began construction of the Highland Campus, Phase 1 (\$12.1 million). During 2012, the College began construction of the Elgin Campus (\$13.1 million) and acquired the final component of the Highland Mall (\$2 million). During 2011, the College completed construction of a new parking lot at the Pinnacle campus (\$2.7 million). Additionally, the College completed land acquisitions in Elgin and Hays ISDs related to the successful annexation elections in those areas (\$13.2 million). Finally, the College made additional acquisitions at the Highland Mall site (\$36.5 million).

In accordance with GASB Statements No. 34 and 35, the College does not record the cost of its capital assets as an expense at the time of acquisition/completion of the asset, but rather shows the expense systematically over the expected life of the asset as depreciation expense. The amount shown in the accounting records for the value of the asset will decrease each year until the asset is fully depreciated or removed from service. As a result, the amount of capital assets shown in the Statement of Net Position may decrease from one year to another even though new assets have been acquired during the year. Capital assets subject to depreciation include improvements to land (such as parking lots and signage), buildings, equipment, and library books. Land is not depreciated.

More detailed information about the College's capital assets is presented in Note 6 of the Basic Financial Statements.

Debt Administration

At August 31, 2013, the College had approximately \$478.1 million in outstanding debt, compared to \$406.5 million in 2012 and \$373.9 million in 2011. The 2013 increase resulted from the \$74.8 million Series 2012 Combined Fee Revenue Bonds which were issued for the construction at the Highland Mall location. This increase in bonds payable was partly offset by a decrease in bonds and capital lease payables by \$8.8 million due to principal payments made during the year. The 2012 increase resulted from the \$44.4 million PFC lease revenue bond issuance for the Hays Campus. This increase in bonds payable was partly offset by a decrease in bonds and capital lease payables by \$7.3 million due to principal payments made during the year. The increase in 2011 is the result of a \$33.5 million PFC lease revenue bond issuance related to the Elgin ISD annexation election and the future campus there. Additionally, \$10.0 million in combined fee revenue bonds was issued related to the Hays ISD annexation election and the land acquisition there. Finally, the College issued \$42.5 million in combined fee revenue bonds related to additional acquisitions at the Highland mall site. These increases were offset by \$6.5 million in reduction due to regularly scheduled principal payments.

	<u>2013</u>	<u>2012</u>	<u>2011</u>	<u>2012 to</u> <u>2013</u>	<u>2011 to</u> <u>2012</u>
Outstanding Debt:					
Revenue Bonds	\$ 185.8	\$ 112.1	\$ 125.8	\$ 73.7	\$ (13.7)
General Obligation Bonds	95.6	96.2	95.2	(0.6)	1.0
Lease Revenue Bonds - PFC	194.7	197.0	152.4	(2.3)	44.6
Capital Leases	2.0	1.2	0.5	0.8	0.7
Total Outstanding Debt	<u>\$ 478.1</u>	<u>\$ 406.5</u>	<u>\$ 373.9</u>	<u>\$ 71.6</u>	<u>\$ 32.6</u>

In 2013, the College issued \$74.8 million for Series 2012 Combined Fee Revenue Bonds which were issued for the construction at the Highland Mall location. These funds will be used to renovate over 200,000 sq. ft., converting the former JC Penney's building into a state-of-the-art educational facility. In 2012, the College issued, via its public facilities corporation, Series 2012 Lease Revenue Bonds of \$44.4 million. These bonds are being used to construct a campus in Hays CISD and defease the Series 2011B Combined Fee Revenue Bonds. Additionally, the College issued Limited Tax Refunding Bonds, Series 2011 which refunded certain portions of Series 2003 Bonds and Series 2004 Bonds. The present value of the refunding gain was \$1.6 million. In 2011, the College issued, via its public facilities corporation, Series 2010 Lease Revenue Bonds of \$33.5 million. These bonds were used to acquire land and construct a campus in Elgin ISD. Also, the College issued the Series 2010 Combined Fee Revenue Refunding Bonds of \$3.9 million. These bonds were used to refund the callable outstanding series 2002 bonds in order to achieve present value savings. The College also issued \$52.5 million for Series 2011, 2011A, and 2011B Combined Fee Revenue Bonds to be used for real estate acquisitions in Hays CISD and at the Highland Mall site.

The College's combined fee revenue bonds are special obligations of the College that are payable solely from, and will be equally and ratably secured by, an irrevocable first lien on pledged revenues. The pledged revenues include, but are not limited to: general fees; pledged tuition, and investment income derived from any and all funds of the College. General obligation bonds are payable from ad valorem taxes levied, within the limitation prescribed by law, against all property located within the College's taxing district. Payments are derived from taxes levied and collected on an annual basis in an amount sufficient to pay the principal and interest when due, full allowance made for delinquencies and collection costs. The PFC lease revenue bonds will be paid with the proceeds from the lease payments made by the College to the PFC at such times and in such amounts as will be required to timely pay the principal of, premium, and interest on the bonds. The obligation of the College to make lease payments is a current expense, payable solely from funds annually appropriated by the College for such use. Capital lease obligations are paid from any legally available operating source.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

For 2013, the College's bond ratings, assigned by Moody's Investors Service and Standard and Poor's Rating Services, are "Aa2" and "AA+" for general obligation bonds, "A1" and "AA-" for combined fee revenue bonds, and "Aa3" and "AA" for lease revenue bonds, respectively. Prior to 2006, the College purchased financial guaranty insurance in order to get a higher rating on all the outstanding bond issues. However, due to upgrades in the College's bond ratings and other market conditions, the College has not purchased insurance on any bonds since 2006.

More detailed information about the College's long-term liabilities is presented in Notes 7, 8, and 9 of the Basic Financial Statements.

Economic Factors That Will Affect the Future

The economic position of the College is influenced in part by the economic position of the State of Texas and of the Austin-Round Rock-San Marcos MSA. State appropriations are expected to be approximately \$58.2 million for fiscal year 2014, in accordance with the funding awarded for the State's 2013-2014 biennium. This is \$4.0 million more than the appropriation received in 2013 and \$5.1 million more than the appropriation received in 2012.

Tax revenues in 2014 are projected to increase by \$6.7 million or 6.0% to \$118.3 million from \$111.6 million in 2013, and \$106.2 million in 2012. The expected increase in 2014 is primarily due to valuation and new property growth in the local tax base. The increase in 2013 was due to valuation and new property growth in the local tax base. The increase in 2012 was due to the successful annexations of Elgin Independent School District and Hays Consolidated Independent School District. The College began collecting property taxes from these areas in fiscal year 2012. These areas added about \$4.5 billion in taxable property to the College, generating about \$4.0 million in new revenues.

Tuition and fee revenue for 2014 is projected to be approximately \$59.6 million which is flat compared to \$59.6 million in 2013. The College increased tuition rates for 2014 by \$5 per credit hour, plus there were additional increases to the Out-of-District Fee, which is the fee paid by those students who do not pay ad valorem taxes to the College.

These projected increases in revenue will be necessary to fund new or increased expenses in instructional and support functions as the College continues to achieve the State's *Closing the Gaps* initiative. The College's 2014 budget is balanced and structurally sound; however the College will continue to face challenges in the future to fund anticipated increases in demands for services provided by community colleges.

The accompanying notes are an integral part of the financial statements.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 1. REPORTING ENTITY

The Austin Community College District (“the College”) was established in December 1972, in accordance with the laws of the State of Texas, to serve the educational needs of Austin and the surrounding communities, and began operation in September 1973. The College is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*. While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

The College is a comprehensive, public, two-year institution offering academic, general, occupational, developmental, and continuing adult education programs through a network of campuses. The College is governed by a nine-member Board of Trustees (“the Board”), which has governance responsibilities over all activities related to the College.

Blended Component Unit

Using the criteria established by GASB Statement No. 14, *The Financial Reporting Entity*, GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units - an amendment of GASB Statement No. 14*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*, the College’s management has determined that the Austin Community College District Public Facility Corporation (“the PFC”) should be blended with the activities of the College because its sole purpose is to assist the College in financing or otherwise assisting in the acquisition of public facilities because the College’s management has operational responsibility for the PFC.

The PFC was incorporated on December 21, 2007, as a non-profit corporation formed under the Texas Public Facility Corporation Act. The PFC was formed for the purpose of assisting the College in financing, refinancing, providing, or otherwise assisting in the acquisition of public facilities. The PFC is governed by a nine-member Board of Directors that is the same nine-member Board of Trustees of the College. The PFC does not have authority to levy taxes. Although the PFC is legally separate from the College, the PFC is reported as if it were part of the College because its sole purpose is to assist the College in the acquisition of public facilities. That is, the PFC is reported as a blended component unit in the Basic Financial Statements of the College. Financial information for the PFC may be obtained from the College’s business office.

Discrete Component Unit

Using the criteria established by GASB Statement No. 14, *The Financial Reporting Entity*, GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units - an amendment of GASB Statement No. 14*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*, the College’s management has determined that the Austin Community College Foundation (“the Foundation”) should be reported as a discrete component unit of the College because of the nature and significance of its relationship with the College.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 1. REPORTING ENTITY (Continued)

The Foundation is a Texas nonprofit corporation chartered in 1991 to provide supplemental financial resources to advance the institutional goals and expand the educational services of the College. It is the intention of the Foundation to support educational initiatives which will enhance the quality of facilities and instruction, increase and diversify educational services, and improve accessibility to educational opportunities for students, faculty, staff, and residents of the geographic areas served by the College. The Foundation is accounted for separately in the Basic Financial Statements of the College and has a May 31 fiscal year end. The Foundation's Notes to Financial Statements are disclosed in Note 25. Complete financial statements of Austin Community College Foundation can be obtained from the business office of the College.

Other Organizations

The College has a financial relationship with the Austin Community College Center for Public Policy and Political Studies ("the Center"). The Center is a non-for-profit organization created to enable students to gain practical experience in learning how government policies are created and executed, and to improve communications between public entities and the people they serve. Using the criteria established by GASB Statement No. 14, *The Financial Reporting Entity*, GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units - an amendment of GASB Statement No. 14*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*, the College's management has determined that the Center will not be reported as a component unit because the relationship with the College is not financially significant, and its exclusion does not cause the College's financial statements to be misleading.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with accounting principles generally accepted in the United States of America as prescribed by GASB. Additionally, the College complies with *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*.

The College applies all applicable GASB pronouncements. The College is reported as a special-purpose government engaged in business-type activities (BTA).

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis, whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Tuition Discounting

Texas Public Education Grants:

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set-aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set-aside amount (Texas Education Code § 56.033). When the award is used by the student for tuition and fees, the amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act (HEA) Program Funds:

Certain Title IV HEA Program Funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Tuition Remissions and Exemptions:

Certain State or College programs provide full or partial tuition and fee exemptions to students who qualify. These remissions and exemptions are recorded as a tuition discount.

Budgetary Data

Each community college in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Cash and Cash Equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash and cash equivalents that are externally restricted as to their use are classified as noncurrent assets in the Statement of Net Position, unless they are considered to offset maturing debt and payables that has been set up as a current liability; in that case, they are presented as current assets in the Statement of Net Position.

Board policy requires the College to maintain a minimum unrestricted, unallocated cash and investments level of 16.7% of budgeted total annual expenses plus total accounts payable. The College was in compliance with this policy as of August 31, 2013 and 2012.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity date greater than three months but less than one year at the time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation. Equipment with an estimated useful life less than one year is not capitalized. Land and works of art are capitalized but not depreciated. Renovations to buildings and infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the useful life of the asset are charged to operating expense in the year in which the expense is incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

The following represents the capitalization threshold and useful lives for the capital asset types:

Capital Asset Type	Capitalization Threshold	Estimated Useful Life
Buildings and Building Improvements	\$ 100,000	50 Years
Infrastructure	100,000	30 Years
Other Real Estate Improvements	100,000	20 Years
Library Books	N/A	15 Years
Furniture, Machinery, Vehicles and Other Equipment	5,000	10 Years
Telecommunications and Peripheral Equipment	5,000	5 Years
Leasehold Improvements	100,000	Lease Tenure

Net Position

The College's net position is classified as follows:

Invested in Capital Assets, Net of Related Debt: This category represents the College's total investment in capital assets, net of related outstanding debt and accumulated depreciation.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restricted Net Position, Nonexpendable: Net Position, such as endowments and similar type funds, which are subject to externally imposed stipulations requiring that the funds be maintained permanently by the College.

Restricted Net Position, Expendable: Net Position for which the College is legally or contractually obligated to spend in accordance with external restrictions.

Unrestricted Net Position: Unrestricted Net Position are resources that are not subject to any external restrictions and may be used at the discretion of the governing board for any lawful purpose of the College.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the College's policy is to first apply the expense towards restricted resources and then towards unrestricted resources.

Deferred Revenues

Tuition, fees, and other revenues received and related to periods after August 31, 2013 or 2012, respectively, have been deferred to the subsequent fiscal year.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating and Non-Operating Revenue and Expense Policy

The College distinguishes operating revenues and expenses from non-operating items. The College reports as a BTA and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are State appropriations, property tax revenues, and Title IV Federal grants and contracts. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. The major non-operating expenses include interest on capital related debt and losses on disposal of capital assets.

In response to guidance provided by GASB as question/answer 7.72.10 in the Implementation Guide, revenue received for federal Title IV grant programs (e.g., Pell grants) is characterized as non-operating revenue as opposed to operating revenue.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New GASB Pronouncements

The GASB has issued Statement No. 65, "Items Previously Reported as Assets and Liabilities." This Statement specifies the items that were previously reported as assets and liabilities that should now be reported as deferred outflows of resources, deferred inflows of resources, outflows of resources, or inflows of resources. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2012. This statement will be implemented for the fiscal year ending August 31, 2014, to meet GASB requirements. The College is evaluating the impact upon its financial position, results of operations and cash flows upon adoption of this Statement.

The GASB has issued Statement No. 68, "Accounting and Financial Reporting for Pensions; an amendment of GASB Statement No. 27." This Statement replaces the requirements of Statements No. 27 and No. 50 related to pension plans that are administered through trusts or equivalent arrangements. The requirements of Statements No. 27 and No. 50 remain applicable for pensions that are not administered as trusts or equivalent arrangements. The requirements of this Statement are effective for financial statements for fiscal years beginning after June 15, 2014. This statement will be implemented for the fiscal year ending August 31, 2015, to meet GASB requirements. The College is evaluating the specific impact upon its financial position, results of operations and cash flows upon adoption of this Statement. However, the impact is expected to be significant.

NOTE 3. AUTHORIZED INVESTMENTS

The College is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (PFIA) (Sec. 2256.001 Texas Government Code). The Board has adopted a written investment policy regarding the investment of its funds as defined in the PFIA. Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than "A" by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute. During the years ended August 31, 2013 and 2012, the College was in compliance with the Public Funds Investment Act.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 4. DEPOSITS AND INVESTMENTS

At August 31, 2013 and 2012, the College had demand deposits with the carrying amount of \$21,634,953 and \$18,386,991, respectively, and total bank balances equaled \$22,277,341 and \$18,974,248, respectively.

Bank balances up to \$250,000 were covered under the Federal Deposit Insurance Corporation (FDIC) for the years ended August 31, 2013 and 2012. Additionally, from September 1, 2012 to December 31, 2012, all noninterest-bearing transactions were fully insured under Bank of America's Temporary Unlimited Coverage.

Demand deposits not covered under the FDIC require pledged collateral with a fair value of at least 102% of the par value of the deposit. Monthly collateral reports reporting the pledged securities and their fair values are required from each financial institution. As of August 31, 2013 and 2012, the College had demand deposits not covered under the FDIC in the amount of \$21,357,341 and \$18,223,348, respectively.

In addition to insurance and collateral, the College utilizes sweep agreements as a funding mechanism for its demand deposit accounts. Under this agreement the funds are maintained in a money market account in the College's name, and then swept into the demand deposit account as needed to fund disbursements. Since the funds reside in a money market fund, custodial risk is kept to a minimum.

The College's investments in certificates of deposits require pledged collateral with a fair value of at least 102% of the par value of the deposit. In addition, monthly collateral reports, including the pledged securities and their fair values, are required from each financial institution. As of August 31, 2013 and 2012, the College had certificates of deposits in the amount of \$82,280,048 and \$36,707,576, respectively.

Cash and Cash Equivalents

Cash and cash equivalents and restricted cash and cash equivalents, included on Exhibit 1, Statements of Net Position, consist of the items reported below:

	<u>2013</u>	<u>2012</u>
Petty Cash on Hand	\$ 16,933	\$ 17,257
Demand Deposits	21,634,953	18,386,991
Money Market Mutual Funds	36,256,600	44,456,752
Investment Pools	16,058,924	13,917,806
Total Cash and Cash Equivalents	<u>\$ 73,967,410</u>	<u>\$ 76,778,806</u>

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 4. DEPOSITS AND INVESTMENTS (Continued)

As of August 31, 2013 the College had the following investments and maturities:

Investment Type	Fair Value	Weighted Average Maturity (Years)	Credit Exposure	Exposure Permitted by Investment Policy
Investment Pools	\$ 16,058,924	0.00	11.88%	80%
Money Market Mutual Funds	36,256,600	0.00	26.83%	80%
Certificates of Deposit	82,280,048	1.35	30.71%	80%
Municipal Bonds	<u>542,895</u>	4.14	0.40%	25%
Total Portfolio	<u>\$ 135,138,467</u>	0.84		

Reconciliation of Deposits and Investments to Statement of Net Position:

Type of Security	Fair Value August 31, 2013	Fair Value August 31, 2012
Investment Pools	\$ 16,058,924	\$ 13,917,806
Money Market Mutual Funds	36,256,600	44,456,752
Cash and Deposits	<u>21,651,886</u>	<u>18,404,248</u>
Total	73,967,410	76,778,806
Investments	<u>82,822,943</u>	<u>61,012,153</u>
Total Deposits and Investments	<u>\$ 156,790,353</u>	<u>\$ 137,790,959</u>

Per Statement of Net Position (Exhibit 1):

Cash and Cash Equivalents	\$ 37,077,260	\$ 25,649,682
Restricted Cash and Cash Equivalents (Current)	19,615,766	14,545,451
Restricted Cash and Cash Equivalents (Noncurrent)	17,274,384	36,583,673
Investments (Current)	12,000,000	30,626,026
Investments (Noncurrent)	3,017,046	-
Restricted Investments	<u>67,805,897</u>	<u>30,386,127</u>
Total Deposits and Investments	<u>\$ 156,790,353</u>	<u>\$ 137,790,959</u>

Interest Rate Risk - In accordance with state law and College's policy, the College does not purchase any investments with maturities greater than five years. The College manages its exposure to declines in fair value by limiting the weighted average maturity of its investment portfolio to a maximum of one and one-half years.

Credit Risk and Concentration of Credit Risk - In accordance with state law and the College's investment policy, investments in investment pools must be rated at least "AAA" or "AAA-m", commercial paper must be rated at least "A-1" or "P-1", and investments in obligations from other states, municipalities, counties, etc. must be rated at least "A". The College does not limit the amount it may invest in any one issuer.

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 4. DEPOSITS AND INVESTMENTS (Continued)

As of August 31, 2013, the College had an investment of \$542,895 in Municipal Bonds. The Municipal Bonds had a Standard and Poor rating of AAA and a Moody's rating of Aaa.

The State Comptroller of Public Accounts exercises oversight responsibility over TexPool, the Texas Local Government Investment Pool. Oversight includes the ability to significantly influence operations, designation of management and accountability for fiscal matters. Additionally, the State Comptroller has established an advisory board composed of both participants in TexPool and other persons who do not have a business relationship with TexPool. The Advisory Board members review the investment policy and management fee structure. TexPool invests in securities that meet the requirements of Texas Public Funds Investment Act. Standard & Poor rates TexPool AAA-m. As a requirement to maintain the rating, weekly portfolio information must be submitted to Standard & Poor, as well as to the Office of Comptroller of Public Accounts, for review. As of August 31, 2013 and 2012, the College had an investment of \$16,058,924 and \$13,917,806, respectively, in TexPool, the Texas Local Government Investment Pool.

TexPool operates in a manner consistent with the SEC's Rule 2a-7 of the Investment Act of 1940. TexPool uses amortized cost rather than fair value to report net assets to compute share prices. Accordingly, the fair value of the position in TexPool is the same as the value of TexPool shares. The College reports investments in TexPool as cash and cash equivalents.

NOTE 5. DERIVATIVES

Derivatives are investment products that may be a security or contract that derives its value from another security, currency, commodity, or index, regardless of the source of funds used.

At August 31, 2013 and 2012, the College had not engaged in any derivative transactions either for investment purposes or as a risk management strategy.

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 8. DEBT AND LEASE OBLIGATIONS

Lease Revenue Bonds

On April 1, 2012, the College and the PFC entered into a Lease with an Option to Purchase agreement whereby the PFC will lease the Hays Campus Facility to the College, and as a result the PFC issued \$44,430,000 in Lease Revenue Bonds (Hays New Campus Project), Series 2012. The Bonds were issued at a premium of \$2,055,517. Proceeds from the Bonds will be used to finance the costs of acquisition, construction and equipment of the Hays campus that will be used by the College. A portion of the proceeds will also be used to pay for the costs of issuing the Bonds.

The College also has outstanding Lease Revenue Bonds issued in 2010 and 2008 which proceeds were used to finance the costs of acquisition, construction and equipment of the Elgin and the Round Rock campuses, respectively, and to pay the costs of issuing the Bonds.

The PFC pays Lease Revenue Bonds from the lease payments made by the College. The Lease payments are due at such times and in such amounts as will be required to timely pay the principal and interest on the Lease Revenue Bonds. The Lease Revenue Bonds Series 2012 are due and payable in annual installments varying from \$190,000 to \$6,500,000, with interest rates varying from 2.0% to 5.0% and the final installment due in 2036. The Lease Revenue Bonds, Taxable Series 2010A are due and payable in annual installments varying from \$130,000 to \$3,980,000, with interest rates varying from 3.828% to 6.523% and the final installment is due in 2035. The Lease Revenue Bonds Series 2008 are due and payable in annual installments varying from \$1,500,000 to \$9,000,000, with interest rates varying from 5.0% to 5.5% and the final installment due in 2033.

The obligation of the College to make lease payments is a current expense, payable solely from funds annually appropriated by the College for such use. Remedies available upon a failure of the College to appropriate or pay lease payments are limited to termination of the College's leasehold interest, the right to take possession and control of the Project, and the right to sell or lease the Project upon foreclosure.

Build America Bonds

The PFC designated the Lease Revenue Bonds Taxable Series 2010A, as "Build America Bonds" for purposes of the American Recovery and Reinvestment Act of 2009 ("the Recovery Act"). In general, the PFC will receive periodic Federal Payments from the United States Treasury equal to 35% of the interest payable on these Bonds. However, pursuant to the requirements of the Balanced Budget and Emergency Deficit Control Act of 1985, these Federal payments are subject to sequestration, and, as a result, the refund payments for the fiscal year ended August 31, 2014, will be reduced by the fiscal year 2014 sequestration rate of 7.2 percent. In order to receive Federal Payments, the PFC is required to file a form with the Internal Revenue Service prior to each interest payment date for the Bonds. The Federal payments do not constitute a full faith and credit guarantee of the United States Government, but they are required to be paid by the United States Treasury under the Recovery Act. The Federal Payments will not be pledged to secure payment of the Bonds; however, the PFC has

For The Years Ended August 31, 2013 and 2012

NOTE 8. DEBT AND LEASE OBLIGATIONS (Continued)

agreed to deposit all Federal Payments with respect to the Bonds to the Interest and Sinking Fund.

General Obligation Bonds

On April 1, 2013, the College issued \$40,745,000 in Limited Tax Refunding Bonds, Series 2013. The Bonds were issued to refund certain outstanding General Obligation Bonds issued in 2004 and 2003 and to pay the costs of issuance related to the Bonds. The Bonds are due and payable in annual installments varying from \$505,000 to \$4,800,000, with interest rates varying from 2.0% to 5.0% and the final installment due in 2033.

On December 1, 2011, the College issued \$28,200,000 in Limited Tax Refunding Bonds, Series 2011. The Bonds were issued to refund certain outstanding General Obligation Bonds issued in 2004 and 2003 and to pay the costs of issuance related to the Bonds. These General Obligation Bonds are due and payable in annual installments varying from \$540,000 to \$4,185,000, with interest rates varying from 3.0% to 5.0% and the final installment due in 2025.

The refunding 2006 General Obligation Bonds are due and payable in annual installments varying from \$40,000 to \$1,645,000, with interest rates varying from 4.0% to 9.6% and the final installment due in 2034. The remaining \$620,000 principal on the 2004 General Obligation Bonds not refunded by the 2013, 2011 and 2006 bond issuances are due and payable on August 1, 2014, at an interest rate of 4.125%.

The General Obligation Bonds are direct obligations payable from ad valorem taxes levied, within the limitation prescribed by law, against all property located within the College's taxing district. Payment of the bonds will be derived from taxes levied and collected on an annual basis in an amount sufficient to pay the principal and interest when due, full allowance being made for delinquencies and collection costs.

Revenue Bonds

On November 1, 2012, the College issued \$74,790,000 in Combined Fee Revenue Building Bonds, Series 2012. The Bonds were issued to pay for the acquisition, construction, and improvement of property, buildings and facilities for the College and to pay for the costs of issuing the Bonds. The Bonds are due and payable in annual installments varying from \$150,000 to \$8,725,000, with interest rates varying from 3.0% to 4.0% and the final installment due in 2037.

On May 1, 2012, the College paid off the outstanding balance of the Subordinate Lien Combined Fee Revenue Bonds, Series 2011B, with the proceeds received from the Hays land transfer to the PFC. These Bonds had been previously issued on July 29, 2011, for \$10,050,000 to acquire the Hays campus land and to pay for the cost of issuing the Bonds.

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 8. DEBT AND LEASE OBLIGATIONS (Continued)

Repayment of the revenue bond indebtedness is collateralized by a first lien on a pledge of certain tuition and fees described below. The bond indentures for all outstanding Revenue Bonds require that the College deposit into an interest and sinking fund the following: 1) Tuition Fee pledged at the maximum amount permitted by Section 130.123 of the Texas Education Code, as amended. Section 130.123 currently limits the maximum pledge to an amount equal to 25% of all tuition collections; 2) the General Fee of \$13 per semester credit hour from all nonexempt students for each semester and summer term; and 3) investment income derived from any and all funds. Such pledged tuition and fees amounted to \$25,244,838 and \$25,340,243 for the years ended August 31, 2013 and 2012, respectively. The pledged amount equates to 36.4% and 37.2% of the above revenue streams, respectively. The actual debt service payment for those years was \$10,446,704 and \$8,835,527, respectively. Compared to the minimum required pledge-to-debt service coverage ratio of 1.25, the actual coverage ratio was 2.42 and 2.87, respectively. Revenue bonds payable are due in annual installments varying from \$125,000 to \$8,725,000, with interest rates ranging from 0.711% to 5.767% and the final installment due in 2037. The College has complied with all significant bond covenants for the years ended August 31, 2013 and 2012.

The debt service requirement at August 31, 2013 is summarized below:

For Year Ended August 31,	General Obligation Bonds		Combined Fee Revenue Bonds		Lease Revenue Bonds	
	Principal	Interest	Principal	Interest	Principal	Interest (1)
2014	\$ 2,545,000	\$ 3,547,830	\$ 4,170,000	\$ 7,240,457	\$ 2,460,000	\$ 9,372,000
2015	2,420,000	3,461,805	4,315,000	7,107,295	2,970,000	9,242,851
2016	3,290,000	3,391,405	7,696,421	7,379,084	3,460,000	9,090,516
2017	1,609,694	3,229,855	7,882,344	7,079,766	4,175,000	8,913,777
2018	1,538,965	3,213,655	9,054,780	6,738,998	4,845,000	8,707,088
2019 - 2023	19,225,000	14,157,388	34,040,971	31,720,459	31,690,000	39,370,058
2024 - 2028	23,605,000	9,434,704	37,450,000	18,799,554	47,895,000	29,700,701
2029 - 2033	29,380,000	3,984,050	38,980,000	10,217,842	69,925,000	16,298,723
2034 - 2037	1,645,000	74,025	34,825,000	2,504,517	23,895,000	2,130,922
SubTotal	\$85,258,659	\$44,494,717	\$178,414,516	\$98,787,972	\$191,315,000	\$132,826,636
Net premium	8,540,074	-	3,537,271	-	3,369,946	-
Accreted Interest	1,794,409	-	3,888,916	-	-	-
Total	<u>\$95,593,142</u>	<u>\$44,494,717</u>	<u>\$185,840,703</u>	<u>\$98,787,972</u>	<u>\$194,684,946</u>	<u>\$132,826,636</u>

Note:

(1) Future interest amount is shown net of "Build America Bonds" Federal subsidy. As "Build America Bonds," the PFC will receive, in general, periodic Federal Payments from the United States Treasury equal to 35% of the interest payable on its Taxable Series 2010A bonds. However, these payments are subject to sequestration in accordance with the requirements of the Balanced Budget and Emergency Deficit Control Act of 1985. As such, refund payments processed on or after October 1, 2013 and on or before September 30, 2014 will be reduced by the fiscal year sequestration rate of 7.2 percent.

For The Years Ended August 31, 2013 and 2012

NOTE 8. DEBT AND LEASE OBLIGATIONS (Continued)

General information related to general obligation, revenue and lease revenue bonds payable is summarized below:

General Obligation Bonds:

- Limited Tax Bonds Refunding, Series 2013.
 - To refund a portion of Series 2003 and 2004 bonds.
 - Issued April 1, 2013.
 - Total authorized \$40,745,000; all authorized bonds have been issued.
 - Source of revenue for debt service is ad valorem taxes.
 - Outstanding principal balance as of August 31, 2013 and 2012 is \$40,745,000 and \$0, respectively.

- Limited Tax Bonds Refunding, Series 2011.
 - To refund a portion of Series 2003 and 2004 bonds.
 - Issued December 1, 2011.
 - Total authorized \$28,200,000; all authorized bonds have been issued.
 - Source of revenue for debt service is ad valorem taxes.
 - Outstanding principal balance as of August 31, 2013 and 2012 is \$28,200,000 and \$28,200,000, respectively.

- Limited Tax Bonds Refunding, Series 2006.
 - To refund a portion of Series 2003 and 2004 bonds.
 - Issued December 12, 2006.
 - Total authorized \$17,573,659; \$15,530,000 Current Interest Bonds and \$2,043,659 Capital Appreciation Bonds; all authorized bonds have been issued.
 - Source of revenue for debt service is ad valorem taxes.
 - Outstanding principal balance as of August 31, 2013 and 2012 is \$15,693,659 and \$15,953,659, respectively.

- Limited Tax Bonds, Series 2004.
 - To construct, renovate and equip college buildings district-wide, including phase 2 of the Health Careers Building, construction of the South Austin campus, parking and other such improvements as determined by the College.
 - Issued June 30, 2004.
 - Total authorized \$99,000,000; \$23,910,000 issued.
 - Source of revenue for debt service is ad valorem taxes.
 - Outstanding principal balance as of August 31, 2013 and 2012 is \$620,000 and \$1,860,000, respectively.

NOTE 8. DEBT AND LEASE OBLIGATIONS (Continued)

- Limited Tax Bonds, Series 2003.
 - To construct, renovate and equip college buildings district-wide, including student parking and other such improvements as determined by the College.
 - Issued July 10, 2003.
 - Total authorized \$99,000,000; \$75,000,000 issued.
 - Source of revenue for debt service is ad valorem taxes.
 - Outstanding principal balance as of August 31, 2013 and 2012 is \$0 and \$43,890,000, respectively.

Combined Fee Revenue Bonds:

- Combined Fee Revenue Building Bonds, Series 2012.
 - To pay for the acquisition, construction, and improvement of property, buildings and facilities for the College.
 - Issued November 1, 2012.
 - Total authorized \$74,790,000; all authorized bonds have been issued.
 - Source of revenue for debt service is tuition and general fees.
 - Outstanding principal balance as of August 31, 2013 and 2012 is \$74,790,000 and \$0, respectively.
- Combined Fee Revenue Building Bonds, Taxable Series 2011A.
 - To acquire real property and renovate and improve college facilities including real property in the vicinity of Highland Mall.
 - Issued July 1, 2011.
 - Total authorized \$20,275,000; all authorized bonds have been issued.
 - Source of revenue for debt service is tuition and general fees.
 - Outstanding principal balance as of August 31, 2013 and 2012 is \$19,650,000 and \$19,975,000, respectively.
- Combined Fee Revenue Building Bonds, Taxable Series 2011.
 - To acquire real property and renovate and improve college facilities including acquiring a substantial portion of Highland Mall.
 - Issued April 1, 2011.
 - Total authorized \$22,225,000; all authorized bonds have been issued.
 - Source of revenue for debt service is tuition and general fees.
 - Outstanding principal balance as of August 31, 2013 and 2012 is \$22,225,000 and \$22,225,000, respectively.

NOTE 8. DEBT AND LEASE OBLIGATIONS (Continued)

Lease Revenue Bonds:

- Lease Revenue Bonds, Series 2012.
 - To finance the cost of acquisition, construction and equipment of the Hays Campus.
 - Issued April 1, 2012.
 - Total authorized \$44,430,000; all authorized bonds have been issued.
 - Source of revenue for debt service is lease payments in amounts required by lease purchase agreement between the College and the PFC.
 - Outstanding principal balance as of August 31, 2013 and 2012 is \$44,430,000 and \$44,430,000, respectively.

- Lease Revenue Bonds, Taxable Series 2010A (Build America Bonds – Direct Payment).
 - To finance the cost of acquisition, construction and equipment of the Elgin Campus.
 - Issued December 1, 2010.
 - Total authorized \$33,470,000; all authorized bonds have been issued.
 - Source of revenue for debt service is lease payments in amounts required by lease purchase agreement between the College and the PFC.
 - Outstanding principal balance as of August 31, 2013 and 2012 is \$33,470,000 and \$33,470,000, respectively.

- Lease Revenue Bonds, Series 2008.
 - To finance the cost of acquisition, construction and equipment of the Round Rock Campus.
 - Issued August 1, 2008.
 - Total authorized \$118,980,000; \$93,305,000 Serial Bonds and a \$25,675,000 2033 Term Bond; all authorized bonds have been issued.
 - Source of revenue for debt service is lease payments in amounts required by lease purchase agreement between the College and the PFC.
 - Outstanding principal balance as of August 31, 2013 and 2012 is \$113,415,000 and \$115,375,000, respectively.

Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. The College had no arbitrage liability for the years ended August 31, 2013 and 2012.

Capital Leases

As of August 31, 2013 and 2012, the College made annual lease payments for capital leased property of \$579,876 and \$853,130, respectively.

NOTE 8. DEBT AND LEASE OBLIGATIONS (Continued)

Obligations under capital leases at August 31, 2013, were as follows:

For the year ended August 31,	Total
2014	\$ 579,876
2015	579,876
2016	579,876
2017	279,802
Total Minimum Lease Payments	2,019,430
Less: Amount Representing Interest Costs	(64,284)
Present Value of Minimum Lease Payments	\$ 1,955,146

Interest Expense

For the year ended August 31, 2013, the College incurred \$22,819,625 in interest cost, of which \$19,164,207 was expensed and \$3,655,418 was capitalized. For the year ended August 31, 2012, the College incurred \$17,921,992 in interest cost, of which \$15,797,675 was expensed and \$2,124,317 was capitalized.

NOTE 9. DEFEASED BONDS OUTSTANDING

The liability for the bonds below does not appear on the College's financial statements as these bonds are considered legally defeased as of August 31, 2013 and 2012:

Bond Issued	Year Refunded	2013 Par Value Outstanding	2012 Par Value Outstanding
Limited Tax Bonds, Series 2004	2013	\$ 645,000	\$ -

NOTE 9. DEFEASED BONDS OUTSTANDING (Continued)

On April 1, 2013, the College issued Limited Tax Refunding Bonds, Series 2013. The par value was \$40,745,000 and they were issued for the refunding of certain outstanding Limited Tax Bonds Series 2004 and 2003. The present value of the net refunding gain was \$5,296,512. The total cash flows to service the refunded bonds and cash flows required to service the refunding bonds as of the effective date of the refunding were \$73,760,641 and \$66,653,701.

On December 21, 2011, the College issued Limited Tax Refunding Bonds, Series 2011. The par value was \$28,200,000 and they were issued for the refunding of certain outstanding Limited Tax Bonds Series 2004 and 2003. The present value of the net refunding gain was \$1,653,548. The total cash flows to service the refunded bonds and cash flows required to service the refunding bonds as of the effective date of the refunding were \$41,861,369 and \$39,362,808.

NOTE 10. OPERATING LEASE COMMITMENTS AND RENTAL AGREEMENTS

The College leases various classrooms, offices, parking lots, and equipment under Rental Agreements. These agreements have clauses which allow the College to terminate the agreement if funding becomes unavailable or the Board does not approve funding. Rental payments during the fiscal year ended August 31, 2013 and 2012 were \$1,732,776 and \$1,446,465, respectively.

The lease with the City of Austin (see Note 18) is the only non-cancelable lease for the College, and the future minimum rental payments are as follows:

For the Year Ending August 31,	Total
2014	\$ 70,000
2015	70,000
2016	70,000
2017	70,000
2018	70,000
2019	70,000
Total Future Minimum Lease Payments	<u>\$ 420,000</u>

For The Years Ended August 31, 2013 and 2012

NOTE 11. EMPLOYEES' RETIREMENT PLANS

Defined Benefit Plan

The State of Texas ("the State") has joint contributory retirement plans for almost all of its employees. One of the primary plans in which the College participates is administered by the Teacher Retirement System of Texas (TRS), a multiple-employer public employee retirement system (PERS). It is a cost-sharing PERS with one exception: all risks and costs are not shared by the employer but are the liability of the State. TRS administers retirement and disability annuities and death and survivor benefits to employees and beneficiaries of employees covered under the plan. It operates primarily under the provisions of Texas Constitution, Article XVI § 67 and Texas Government Code, Title 8, Subtitle C. TRS also administers proportional retirement benefits and service credit transfer under Texas Government Code, Title 8, Chapter 803 and Chapter 805, respectively. Structure, benefits and contributions are established by state statute. State law provides a state contribution rate of 6.4%, 6.0% and 6.644% for fiscal years 2013, 2012, and 2011, respectively, and a member contribution rate of 6.4%. Contribution requirements are not actuarially determined but are legally established each biennium pursuant to the following state funding policy:

- (1) The state constitution requires the Legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation of all members of the system during that fiscal year.
- (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of the particular action, the time required to amortize TRS's unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

All College employees, except those employed less than one-half the standard workload, those exempted by law, and those participating in the Optional Retirement Program (ORP), are required to participate in TRS. Some employees, like physical plant or grant funded employees, are not funded by the State, and therefore the College funds TRS for these employees.

The State's, the College's, and the participants' combined contributions to TRS were \$16,311,333, \$7,042,922, and \$11,397,994 for the years ended August 31, 2013, 2012, and 2011, respectively. These contributions represent 100% of the annual required contributions for each year. For the years ended August 31, 2013, 2012, and 2011, TRS contributions made by employees were \$5,955,673, \$5,870,316, and \$5,570,098, respectively; contributions made by the State were \$903,338, \$786,639, and \$5,360,013, respectively; and the expense to the College was \$9,452,322, \$385,967, and \$467,883, respectively. Total payroll for employees covered by the System for the years ended August 31, 2013, 2012 and 2011 was \$93,057,346, \$91,722,333, and \$87,041,567, respectively.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 11. EMPLOYEES' RETIREMENT PLANS (Continued)

TRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the TRS Communications Department, 1000 Red River Road, Austin, Texas 78701, by calling 1-800-223-8778, or by downloading the report from the TRS internet website, www.trs.state.tx.us, under the TRS Publications heading.

The Texas 82nd Legislature, as part of the General Appropriation Act, changed its historical methodology for funding employer retirement contributions. The new methodology underfunded the State's contribution to the Teachers Retirement System resulting in a shortfall for TRS. On December 1, 2011, TRS distributed a letter to all Community Colleges informing them of the shortfall and requesting the Colleges to fund the State's shortfall. Collectively, the Community Colleges, via their statewide association, the Texas Association of Community Colleges, responded to TRS, on December 5, 2011, that the Community Colleges were not liable for the State's shortfall, nor was there any legal basis for TRS to request that the Colleges fund the shortfall. As such, it was the position of the Community Colleges, including Austin Community College, that the Colleges were not liable for this shortfall. As of August 31, 2012, the amount of the TRS shortfall related to the College's employees was estimated to be \$4,364,698.

During the fiscal year ended August 31, 2013, the State Legislature, in collaboration with the Texas community colleges, brought resolution to the dispute concerning state funding of retirement contributions. As part of that resolution, a new funding methodology was developed which will result in higher retirement funding levels in the future, starting in fiscal year 2014, compared to the fiscal years 2012 and 2013 funding levels. However, as part of that resolution, the future increases in funding are contingent upon the community colleges paying all outstanding amounts due from fiscal year ended August 31, 2012, which for Austin Community College amounted to \$4,359,541. In August 2013, the College paid the outstanding amount in full.

Defined Contribution Retirement Plans

The State has also established an Optional Retirement Plan (ORP) for institutions of higher education that is subject to amendment by the Texas Legislature. Participation in the ORP is in lieu of participation in the TRS. The ORP provides for the purchase of annuity contracts as individual retirement accounts and is a defined contribution plan. For fiscal years 2013 and 2012, the employee contribution rate is 6.65% and the State contribution rate is 6.00% and 6.40%, respectively. For those employees hired prior to September 1, 1995, the College contributes an additional 2.10% for the fiscal years ended August 31, 2013 and 2012. For the years ended August 31, 2013 and 2012, ORP contributions made by employees were \$2,160,380 and \$2,146,484, respectively; contributions made by the State were \$1,941,038 and \$1,936,700, respectively; and the expense to the College was \$409,178 and \$408,763, respectively. Total payroll of employees participating in ORP for the fiscal years ended August 31, 2013 and 2012 are \$32,465,851 and \$32,279,502, respectively.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 11. EMPLOYEES' RETIREMENT PLANS (Continued)

In addition, the College has established a defined contribution Money Purchase Plan for part-time employees, called the Part-Time Employees Retirement System (PTERS). To be eligible for participation in the PTERS, an employee must complete one hour of service in a service period. Participation in this plan is in lieu of participation in the TRS or the ORP. Under the PTERS, the College is required to withhold from an employee's compensation 6% and match an amount equal to 1.5% of the employee's total compensation, for a combined contribution of 7.5% of the employee's total annual compensation. The College has contracted with Ohio National Life Insurance Company to administer the PTERS. The College maintains the authority to amend plan provisions and contributions of the PTERS. For the years ended August 31, 2013 and 2012, PTERS contributions made by employees were \$2,058,086 and \$2,110,228; and the expense to the College was \$516,425 and \$528,578, respectively. Total payroll of employees participating in PTERS for the fiscal years ended August 31, 2013 and 2012 are \$34,326,945 and \$35,171,107, respectively.

The College has no additional or unfunded liabilities for these plans.

NOTE 12. HEALTHCARE AND LIFE INSURANCE BENEFITS

In addition to the pension benefits described in Note 11, the State provides certain health care and life insurance benefits for most active and retired employees. Some employees, like physical plant or grant funded employees, are not funded by the State and therefore the College funds the benefits for these employees. The State appropriates a sum-certain amount for these benefits to the College based on employee enrollments during the legislative cycle, and any additional expense must be funded by the College. These benefits are administered by the Employee Retirement System of Texas and provided through an insurance company whose premiums are based on benefits paid during the previous year.

For the year ended August 31, 2013, the State's maximum contribution per full-time employee was \$472 per month for the year and totaled \$5,669 per employee for the year. The State also paid a maximum amount for a spouse, child(ren), or family of \$1,011, \$833, and \$1,371 per month, respectively. The total cost of providing those benefits for the year was \$1,789,587 for 299 retirees and \$14,114,165 for 2,138 active employees.

For the year ended August 31, 2012, the State's maximum contribution per full-time employee was \$461 per month for the year and totaled \$5,527 per employee for the year. The State also paid a maximum amount for a spouse, child(ren), or family of \$986, \$812, and \$1,337 per month, respectively. The total cost of providing those benefits for the year was \$1,558,346 for 277 retirees and \$12,849,752 for 2,166 active employees.

Of the costs above, the health and life insurance expense to the State on-behalf of the College was \$5,272,591 and \$5,001,580 for the fiscal years ended August 31, 2013 and 2012, respectively. The expense to the College was \$10,631,161 and \$9,457,286 for the fiscal years ended August 31, 2013 and 2012, respectively.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 13. ON-BEHALF PAYMENTS

For the fiscal years ended August 31, 2013 and 2012 the College recorded State on-behalf contributions for the Teacher's Retirement System of \$903,338 and \$786,639, respectively, and contributions for the Optional Retirement Program of \$1,941,038 and \$1,936,700, respectively. The Optional Retirement Program contributions are received as cash reimbursements from the State for payments made by the College to the respective investment funds on behalf of the employees.

The College recorded State on-behalf contributions for health insurance of \$5,272,591 and \$5,001,580 for the fiscal years ended August 31, 2013 and 2012, respectively. These were non-cash, on-behalf contributions.

The State's total on-behalf contributions for the fiscal years ended August 31, 2013 and 2012 of \$8,116,967 and \$7,724,919, respectively, were recorded as revenues and expenses in the accompanying basic financial statements.

NOTE 14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Retiree Medical Insurance - Plan Description

The College contributes to the State Retiree Health Plan (SRHP), a cost sharing, multiple-employer, defined benefit postemployment healthcare plan administered by the Employees Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

ERS issues a publicly available financial report that includes financial statements and required supplementary information for SRHP. That report may be obtained from ERS via their website at <http://www.ers.state.tx.us/>.

Retiree Medical Insurance - Funding Policy

Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy which is actuarially determined in accordance with the parameters of GASB Statement No. 45, *Accounting and Reporting by Employers for Postemployment Benefits Other Than Pensions*.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years.

The employer contribution for the retiree medical insurance is funded by the State as an on-behalf contribution. The State's on-behalf contributions to SRHP for the years ended August 31, 2013, 2012, and 2011, were \$1,789,587, \$1,558,346, and \$1,217,188, respectively.

Retiree Dental Care – Plan Description

The College has elected to reimburse retirees' cost of dental benefits received through the State's SRHP. The College refers to the reimbursement program as the "Retiree Dental Care Plan" and it is considered a single employer plan. Retirees who elect to receive dental benefits, make direct contributions to the SRHP. The College then reimburses the retirees quarterly for the cost of their contribution to the SRHP. There are no stand-alone reports associated with this plan.

Retiree Dental Care – Funding Policy Annual OPEB Cost

The College reimburses 100% of the retirees cost of the dental benefits provided by the SRHP. These costs are funded on a pay-as-you-go basis. A retired employee becomes eligible for dental benefits upon retirement from the College, assuming they meet the eligibility requirements for participation in the SRHP. The College's annual cost per retiree was \$282.96, \$282.96, and \$269.52, for the years 2013, 2012, and 2011, respectively. The total annual contributions made by the College were \$63,445, \$59,817, and \$53,082, for the years 2013, 2012, and 2011, respectively.

Retiree Dental Care – Net OPEB Obligation

The College's annual other post-employment benefits (OPEB) cost related to the "Retiree Dental Care Plan" is calculated based on the annual required contributions of the employer (ARC), an amount actuarially determined in accordance with the parameter of GASB Statement No. 45, *Accounting and Reporting by Employers for Postemployment Benefits Other Than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

The College's annual OPEB cost for the years ended August 31, 2013, 2012, and 2011 is as follows:

	2013	2012	2011
Annual Required Contribution (ARC)	\$ 352,453	\$ 433,889	\$ 433,889
Interest on OPEB Obligation	72,705	-	-
Adjustment to ARC	(67,361)	-	-
Annual OPEB Cost, End of Year	\$ 357,797	\$ 433,889	\$ 433,889
Employer Contributions	(63,445)	(59,817)	(53,082)
Increase in Net OPEB Obligation	\$ 294,352	\$ 374,072	\$ 380,807
Net OPEB Obligation, Beginning of Year	1,615,677	1,241,605	860,798
Net OPEB Obligation, End of Year	<u>\$ 1,910,029</u>	<u>\$ 1,615,677</u>	<u>\$ 1,241,605</u>

The College's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the years ended August 31, 2013, 2012, and 2011 are as follows:

Fiscal Year Ended	Net OPEB Obligation Beginning of Year	Annual OPEB Cost	Employer Contributions	Net OPEB Obligation End of Year	Annual OPEB Cost Contributed
2013	\$ 1,615,677	\$ 357,797	\$ 63,445	\$ 1,910,029	17.73%
2012	1,241,605	433,889	59,817	1,615,677	13.79%
2011	860,798	433,889	53,082	1,241,605	12.23%

Funding Status and Funding Progress

The funded status of the College's retiree dental care plan, under GASB Statement No. 45 as of August 31, 2013, 2012, and 2011 is as follows:

Actuarial Valuation Date as of August 31,	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll	UAAL as a Percentage of Covered Payroll
2013	\$ -	\$ 3,538,156	\$ 3,538,156	0%	\$ 125,523,197	2.82%
2012	-	4,112,179	4,112,179	0%	124,001,834	3.32%
2011	-	4,112,179	4,112,179	0%	118,176,838	3.48%

For The Years Ended August 31, 2013 and 2012

NOTE 14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

Actuarial Methods and Assumptions

The Projected Unit Credit, Level Percent of Payroll actuarial cost method is used to calculate the GASB ARC for the College's retiree dental care plan. Using the plan benefits, the present dental premiums and a set of actuarial assumptions, the anticipated future payments are projected. The projected unit credit method then provides for a systematic funding for these anticipated payments. The yearly ARC is computed to cover the cost of benefits being earned by covered members as well as to amortize a portion of the unfunded accrued liability.

Projections of dental benefits are based on the plan as understood by the College and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the College and the College's employees to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions for the years ended August 31, 2013, 2012, and 2011 were as follows:

<u>Actuarial Methods and Assumptions</u>	
Rate of Inflation	3.0% per Year
Investment Rate of Return	4.50% Net of Expenses
Actuarial Cost Method	Projected Unit Credit Cost Method
Amortization Method	Level as a Percentage of Employee Payroll
Amortization Period	30 year, Open Amortization
Salary Growth Rate	3.0% per Year
Medical Trend	N/A (Dental Benefit Only)
Dental Trend	3.0% per Year

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status and the annual required contributions of the College's retiree dental care plan are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 15. COMPENSABLE ABSENCES

Full-time employees earn annual leave from 10 to 13.34 hours per month, depending on the number of years employed with the College. The College's policy is that classified, professional-technical or administrative employees may accrue up to 240 hours of annual leave.

Sick leave, which is limited to a maximum of 1,200 hours, is earned at the rate of 8 hours per month. The maximum sick leave that may be paid to an employee when he retires or otherwise terminates employment is one-half of the employee's accumulated entitlement in excess of 960 hours. The College's policy is to recognize the cost of sick leave when earned, which provides for the College's maximum vested liability.

For the fiscal years ended August 31, 2013 and 2012, the College recognized \$5,445,340 and \$5,135,101, respectively, as an accrued liability for the unpaid annual and sick leave. The College's reporting of accrued liabilities for compensable absences is in accordance with GASB Statement No. 16, *Accounting for Compensated Absences*. The total amount accrued at August 31, 2013, of \$5,445,340; of that amount, \$1,094,416 is allocated to sick leave and \$4,350,924 to annual leave. The total amount accrued at August 31, 2012, of \$5,135,101; of that amount, \$1,063,690 is allocated to sick leave and \$4,071,411 to annual leave.

NOTE 16. PENDING LAWSUITS AND CLAIMS

On August 31, 2013 and 2012, various lawsuits and claims involving the College were pending. While the ultimate liability with respect to litigation and other claims asserted against the College cannot be reasonably estimated at this time, this liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the College.

The College receives federal, state and local grants that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. The College's management believes such disallowances, if any, will not have a material effect on the basic financial statements.

Total Payables	\$ 17,758,610	\$ 16,040,263

NOTE 18. DEFERRED REVENUE – CITY OF AUSTIN LEASE

In 1997, the College and the City of Austin (“the City”) desired to jointly develop a “One Stop Career Center” to more efficiently coordinate the training and employment of individuals needing specialized vocational job training and educational opportunities. In order to construct and develop the Center, the College and the City executed several lease agreements. Those agreements allowed the City to provide money to the College for the construction of the One Stop Career Center as part of the College’s development of its Eastview Campus.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 18. DEFERRED REVENUE – CITY OF AUSTIN LEASE (Continued)

The College entered into a lease with the City for a portion of the Eastview Campus. The College and the City then entered into a sublease agreement in connection with the lease-back of the premises to the College. This lease-back allowed the College to enter into a second sublease with the Capital Area Workforce Development Board for the ultimate purpose of providing work space for the One Stop Career Center. All leases are effective February 1, 1999, through January 31, 2019.

The City funded this lease with funds received from the United States Department of Housing and Urban Development, and it discounted the cost of the rent payment under the Sublease Agreement with the College as a grant. That grant enabled the College to reduce the cost of its sublease to the Capital Area Workforce Development Board for the One Stop Career Center project.

The College and the City agreed that the City would begin paying an annual base rent of \$95,000 once the building was completed, or by May 31, 2000. As a result of the prime lease, the City prepaid the entire twenty year annual base rent of \$1,900,000 to the College. For the years ended August 31, 2013 and 2012, the College has recognized \$95,000 each year as lease payments. The remaining liability is recorded as deferred revenue for the fiscal years ended August 31, 2013 and 2012, in the amounts of \$514,583 and \$609,583, respectively.

NOTE 19. FUNDS HELD FOR OTHERS

The College holds funds for certain student organizations and other agencies. These amounts are reflected in the basic financial statements as funds held for others in the amount of \$1,110,619 and \$1,615,532 for the fiscal years ended August 31, 2013 and 2012, respectively.

NOTE 20. CONTRACT AND GRANT AWARDS

Contract and grant awards are accounted for in accordance with accounting principles generally accepted in the United States of America. Revenues are recognized on *Statements of Revenues, Expenses and Changes in Net Position* (Exhibit 2), *Schedule of Operating Revenues* (Schedule A) and *Schedule of Non-Operating Revenues and Expenses* (Schedule C). Contract and grant awards for which funds are expended but not yet collected are included in Accounts Receivable in the *Statement of Net Position* (See Contracts and Grants Receivable, Note 17). Contract and grant awards that are not yet funded or expended are not included in the financial statements. Contract and grant awards funds already committed, e.g., multi-year awards, or funds awarded during fiscal years ended August 31, 2013 and 2012, for which no expenses have been incurred totaled \$5,207,664 and \$7,808,814, respectively.

Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 21. PROPERTY TAXES (Continued)

Taxes levied for the years ended August 31, 2013 and 2012, were \$111,213,977 and \$106,050,760, respectively (which includes adjustments for the year, if applicable). Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1st of the year following the year in which imposed. On January 1 of each year a tax lien attaches to property to secure payment of all taxes, penalties, and interest.

Taxes collected for the years ended August 31, 2013 and 2012, are as follows:

Fiscal Year 2013:

	Current Operations	Debt Service	Total
Current Taxes Collected	\$ 104,657,846	\$ 5,930,611	\$110,588,457
Delinquent Taxes Collected	304,919	17,279	322,198
Penalties & Interest Collected	448,951	25,441	474,392
Other Tax Related Collections	88,803	5,032	93,835
Total Collections	<u>\$105,500,519</u>	<u>\$ 5,978,363</u>	<u>\$111,478,882</u>

Fiscal Year 2012:

	Current Operations	Debt Service	Total
Current Taxes Collected	\$ 99,924,417	\$ 5,329,303	\$105,253,720
Delinquent Taxes Collected	302,125	16,113	318,238
Penalties & Interest Collected	485,367	25,886	511,253
Other Tax Related Collections	68,547	3,656	72,203
Total Collections	<u>\$100,780,456</u>	<u>\$ 5,374,958</u>	<u>\$106,155,414</u>

Tax collections for the years ended August 31, 2013 and 2012, are 99.31% and 99.23%, respectively, of the current tax levy. The allowance for uncollectible property taxes amounted to \$286,339 and \$272,228 for the years ended August 31, 2013 and 2012, respectively. The use of debt service tax proceeds is restricted for the retirement of general obligation bonds.

NOTE 22. INCOME TAXES

The College is exempt from income taxes under Internal Revenue Code Section 115, *Income of States, Municipalities, Etc.*, although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511(a)(2)(B), *Imposition of Tax on Unrelated Business Income of Charitable, etc., Organizations*. The College had no unrelated business income tax liability for the fiscal years ended August 31, 2013 and 2012.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 23. GREATER AUSTIN AREA TELECOMMUNICATIONS NETWORK

The College entered into a telecommunications network interlocal agreement with the Austin Independent School District, Travis County, the State of Texas, the University of Texas System, and the City of Austin (“the Participants”) to provide a governmental communications network linking each of the Participants’ facilities. The Participants formed the Greater Austin Area Telecommunications Network Interlocal Agency to manage the network. No compensation is paid to any entity for use of the network. Instead, the cost of the construction of the network and use of the network is allocated among the owners on the basis of their respective interests.

NOTE 24. CONSTRUCTION COMMITMENTS

The College has entered into construction commitments for various projects including the renovation of facilities and the construction of buildings. At August 31, 2013 and 2012, the outstanding commitments under construction contracts for facilities and other projects are \$83,719,282 and \$40,388,126, respectively.

NOTE 25. DISCRETE COMPONENT UNIT– AUSTIN COMMUNITY COLLEGE FOUNDATION

Complete financial statements of Austin Community College Foundation can be obtained from the College’s Business Office.

Notes to the Foundation Financial Statements

The following footnotes are excerpted from the Foundation’s audited financial statements dated May 31, 2013:

A: ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

1. Organization and Nature of Activities

Austin Community College Foundation (Foundation) is a Texas non-profit corporation chartered in 1991 to provide supplemental financial resources to advance the institutional goals and expand the education services of Austin Community College District (ACC). The mission of the Foundation is to support educational initiatives which will enhance the quality of facilities and instruction, increase and diversify educational services, and improve accessibility to educational opportunities for students, faculty, staff and residents of the geographic areas served by ACC.

The Foundation is organized exclusively to support ACC and its programs and is considered a component unit by ACC. As such, the financial statements of the Foundation are included within the financial statements of ACC.

Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 25. DISCRETE COMPONENT UNIT– AUSTIN COMMUNITY COLLEGE FOUNDATION
(Continued)

A: ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables and other liabilities.

3. Basis of Presentation

Financial statement presentation follows the guidance of the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 958-205, *Not-for-Profit Entities: Presentation of Financial Statements*. Under these standards, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

4. Cash Equivalents

The Foundation considers checking accounts, savings accounts, money market funds and certificates of deposits with initial maturities of three months or less to be cash equivalents.

5. Investments

The Foundation records investments using the guidance of FASB ASC 958-320, *Not-for-Profit Entities: Investments - Debt and Equity Securities*. Investments are stated at their readily determinable fair values in the statements of financial position, except for certificates of deposits that are stated at cost. Unrealized gains and losses are included in the change in net assets.

6. Contributions

The Foundation records contributions using the guidance of FASB ASC 958-605, *Not-for-Profit Entities: Revenue Recognition*. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions. As donor or time restrictions are satisfied, net assets are reclassified to unrestricted net assets. The Foundation's policy is to report restricted support that is satisfied in the year of receipt as restricted and then released in the same year.

Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 25. DISCRETE COMPONENT UNIT– AUSTIN COMMUNITY COLLEGE FOUNDATION
(Continued)

A: ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Functional Expenses

Expenses are categorized by function as either (1) program services, (2) general and administrative, or (3) fundraising expenses. Expenses that are specifically identifiable to a function are allocated entirely to that function. Expenses that are not specifically identifiable to a function are allocated based upon management's estimate of time and resources devoted to the function.

8. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

B: TAX EXEMPT STATUS

The Foundation is generally exempt from federal income tax under Internal Revenue Code Section 501(a) as an organization described in Section 501(c)(3). The Foundation has also been determined not to be a private foundation within the meaning of Section 509(a) of the Code because it is an organization described in Section 509(a)(1) and 170(b)(1)(A)(vi). Therefore, no provision for income taxes has been included in these financial statements.

The tax years 2009 through 2012 remain open to examination by the major taxing jurisdictions in which returns are filed.

C: INVESTMENTS

Investments comprised the following at May 31,

	<u>2013</u>	<u>2012</u>
Mutual funds	\$ 3,761,166	\$ 2,612,497
Corporate bonds	1,522,129	1,616,959
Certificates of deposit	200,902	49,992
Government securities	<u>62,056</u>	<u>130,056</u>
	<u>\$ 5,546,253</u>	<u>\$ 4,409,504</u>

For The Years Ended August 31, 2013 and 2012

NOTE 25. DISCRETE COMPONENT UNIT– AUSTIN COMMUNITY COLLEGE FOUNDATION
(Continued)

C: INVESTMENTS (Continued)

Investments held by the Foundation’s brokerage firm are insured by the Securities Investor Protection Corporation (SIPC) for loss, theft, or destruction of securities while in the brokerage firm’s custody. In the event of a brokerage firm’s failure, coverage is provided for up to \$500,000. This coverage does not protect against market risks and fluctuations associated with normal market investments.

D: PROMISES TO GIVE

The promises to give balances as of May 31, 2013 and 2012 were considered fully collectible. Therefore, no allowances for uncollectible balances are reflected in these financial statements. Due to the immaterial amounts of discounts calculated as of May 31, 2013 and 2012, no discounts to present value are reflected in these financial statements. Promise to give comprised the following at May 31,

	2013	2012
Collection expected in less than one year	\$ 63,991	\$ 130,092
Collection expected in one to five years	35,834	103,233
Promises to give, gross	99,825	233,325

E: RESTRICTIONS ON NET ASSETS

Following are descriptions of restrictions relating to selected permanently and temporarily restricted net asset balances.

ACC Counseling Services Endowed Scholarship

Provide recognition to ACC students who seek professional guidance in achieving their educational goals.

AMD/Gary Heerssen Memorial Scholarship

Provide recognition and financial assistance to ACC students enrolled in the electronics program.

Denius/Schulman Commercial Music Management Endowed Scholarship

Provide recognition and financial assistance to ACC students enrolled in the Commercial Music Management program.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 25. DISCRETE COMPONENT UNIT– AUSTIN COMMUNITY COLLEGE FOUNDATION
(Continued)

E: RESTRICTIONS ON NET ASSETS (Continued)

Denius/Schulman Recording Workshop Endowed Scholarship

Provide support for ACC's Commercial Music Management summer music workshop for high school students.

Drs. John and Suanne Roueche Endowed Scholarship

Provide recognition and financial assistance to ACC students who exhibit high academic standards.

Military Order of the Purple Heart Service Foundation, Inc. Endowed Scholarship

Provide scholarship opportunities for veterans and their spouses to pay for selected computer courses offered at ACC.

Robert W. Galvin Endowed Scholarship

Provide recognition and financial assistance to ACC students enrolled in the Semiconductor Manufacturing Technology program.

Royce & Donna Faulkner Family Endowed Scholarship

Provide recognition and financial assistance to ACC students enrolled in the Building Construction program.

Roy F. and Joann Mitte Foundation Endowed Scholarship

Provide recognition and financial assistance to ACC students who exhibit high academic standards.

St. David's Neal Kocurek ACC Endowed Scholarship

Provide financial assistance to ACC students enrolled in a health science program.

F: ENDOWMENT FUND

The Foundation's endowment comprised approximately 50 individual funds established for a variety of purposes. The Foundation does not have any Board designated endowment funds.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 25. DISCRETE COMPONENT UNIT– AUSTIN COMMUNITY COLLEGE FOUNDATION
(Continued)

F: ENDOWMENT FUND (Continued)

The Foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of original gift amounts of donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to a permanent endowment, (b) the original value of subsequent gifts to a permanent endowment, and (c) accumulations to a permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the endowment. The remaining portion of a donor-restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the Foundation and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Foundation
- The investment policies of the Foundation

Funds with Deficiencies

From time to time, the fair value of assets associated with donor-restricted endowment funds may fall below the level that the donors require the Foundation to retain as a fund of perpetual duration. Deficiencies of this nature that are reported in unrestricted net assets were \$15,169 and \$26,956 at May 31, 2013 and 2012, respectively.

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowments while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended achieve a rate of return on investments over a 10-year period at least equal to the rate of inflation plus 5%. Actual returns in any given year may vary.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

NOTES TO THE BASIC FINANCIAL STATEMENTS
For The Years Ended August 31, 2013 and 2012

NOTE 25. DISCRETE COMPONENT UNIT– AUSTIN COMMUNITY COLLEGE FOUNDATION
(Continued)

F: ENDOWMENT FUND (Continued)

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation has adopted the following strategic asset allocation ranges: 45%-55% equity; 35%-45% fixed income; and 5%-15% cash. The Foundation's Investment Committee reviews the performance of its investments and makes reports and/or recommendations to the Foundation's Board of Directors on at least an annual basis.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Foundation has a policy of appropriating for distribution each year a minimum of 3 percent of each endowment fund. In establishing this policy, the Foundation considered the long-term expected return on its endowment. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to grow in order to maintain the purchasing power of its endowments. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity as well as to provide additional real growth through new gifts and investment return.

Changes in Endowment Funds

Changes in the Foundation's endowment funds (excludes promises to give) were as follows for the years ended May 31, 2013 and 2012:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>	<u>Total</u>

H: RELATED PARTY TRANSACTIONS

The purpose of the Foundation is to support initiatives of ACC. For the years ended May 31, 2013 and 2012, the Foundation remitted \$565,265 and \$529,697, respectively, to ACC for scholarships and programs.

All of the Foundation's personnel and facilities are provided by ACC. ACC's cost of providing these services totaled approximately \$213,289 and \$214,691 during the years ended May 31, 2013 and 2012, respectively. The personnel provided by ACC do not meet the requirements for recognition as set forth in the FASB ASC 958-605 and, therefore, are not reflected in the statements of activities.

The Foundation receives in-kind contributions of property and equipment on behalf of ACC. These are considered agency transactions as the Foundation never takes custody of the property, but merely acts as a transfer agent. Therefore, these donations are not reflected as contributions and related program expenses on the statements of activities. The Foundation acted as a transfer agent and received approximately \$131,964 and \$9,508 of property and equipment during the years ended May 31, 2013 and 2012, respectively, on ACC's behalf.

Statistical Section

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

STATISTICAL SECTION
(UNAUDITED)

This part of Austin Community College District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the College's overall financial health.

The information contained within this section is being presented to provide the reader with a better understanding of five objectives:

- Financial Trends – Showing how the College's financial position has changed over time.
- Revenue Capacity – Assessing the College's ability to generate revenue by examining its major revenue sources.
- Debt Capacity – Assessing the affordability of the College's current levels of outstanding debt and the College's ability to issue additional debt in the future.
- Demographic and Economic Information – Providing demographic and economic indicators to help in understanding the environment within which the College's financial activities take place.
- Operating Information – Providing information about how the College's financial report relates to the services it provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the annual financial reports for the relevant year.

Notes:

To be comparable and consistent, this table reflects the rates from the Fall semester of each fiscal year.
In addition to the above, various miscellaneous fees may be required depending on the courses or activities taken.

- (a) Student Fees changed to per hour after Fall 2004.
- (b) In 2012, a portion of out-of-district tuition was reclassified to an out-of-district fee.

Travis, Williamson, Hays, Batrop, Lee, and Caldwell Counties Appraisal Districts

Notes:

Property is assessed at full market value.

(a) per \$100 Taxable Assessed Valuation

(b) Starting in tax year 2005, Travis County Appraisal District added property owned by the State of Texas to the Assessed Valuation of Property. These properties were not included in this amount for previous years and are exempt from taxation by the College.

Travis and Williamson County Tax Assessor/Collector

Notes:

(a) IBM is listed as the taxpayer on several accounts on the appraisal district's records and it might be separate entities.

(b) Beginning in 2006, Freescale is listed as the taxpayer on two separate accounts on the appraisal district's records and they might be separate corporations. Motorola is not listed anymore on the 2006 appraisal district's records. The new Freescale taxpayer listed in 2006 might be Motorola's SPS semiconductor division named "Freescale Semiconductor." This company was formed by the spin-off of Motorola's SPS semiconductor division in 2005.

(c) Amounts for 2002 were obtained from Travis County appraisal district reports as of October 2006. The amounts reflected in this year have been adjusted and represent 2006 adjusted figures for those years.

Board of Trustees
Austin Community College District

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Austin Community College District (the "District") as of and for the year ended August 31, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 20, 2013.

Our report includes a reference to other auditors who audited the financial statements of Austin Community College Foundation, Inc. (the "Foundation"), as described in our report on the District's financial statements. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

Internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting ("internal control") to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in the District's internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

THIS PAGE LEFT INTENTIONALLY BLANK

Compliance and other matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Intended purpose

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Report on compliance for each major federal program

We have audited the compliance of Austin Community College District (the "District") with the types of compliance requirements described in the U.S. Office of Management and Budget's *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2013. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to the District's federal programs.

Auditor's responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

The above-mentioned standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

THIS PAGE LEFT INTENTIONALLY BLANK

Basis for qualified opinion on the Student Financial Aid Cluster

As described in the accompanying schedule of findings and questioned costs, the District did not comply with the requirements regarding the Student Financial Aid Cluster as described in item 2013-1 for Special Tests and Provisions: Enrollment Reporting. Compliance with such requirements is necessary, in our opinion, for the District to comply with the requirements applicable to that program.

Qualified opinion on the Student Financial Aid Cluster

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion on the Student Financial Aid Cluster paragraph, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the Student Financial Aid Cluster for the year ended August 31, 2013.

Unmodified opinion on each of the other major federal programs

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended August 31, 2013.

District's response to findings

The District's response to our noncompliance finding, which is described in the accompanying schedule of findings and questioned costs, was not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on the District's response.

Report on internal control over compliance

Management of the District is responsible for designing, implementing, and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of compliance requirements that could have a direct and material effect on each major federal program to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

THIS PAGE LEFT INTENTIONALLY BLANK

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. However, we identified a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2013-1, that we consider to be a material weakness in the District's internal control over compliance.

The District's response to our findings on internal control over compliance, which is described in the accompanying schedule of findings and questioned costs, was not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on the District's response.

The purpose of this Report on Internal Control over Compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF FEDERAL FINDINGS AND QUESTIONED COSTS
For The Year Ended August 31, 2013

NOTE 1: FEDERAL ASSISTANCE RECONCILIATION

Federal Grants and Contracts Revenue - per Schedule of Operating Revenues (Schedule A)	\$ 4,806,001
Federal Revenue, Non Operating - per Schedule of Non-Operating Revenues and Expenses (Schedule C)	39,178,373
Federal Direct Student Loans	<u>32,050,250</u>
Total Federal Revenues per Schedule of Expenditures of Federal Awards (Schedule E)	<u><u>\$ 76,034,624</u></u>

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES USED IN PREPARING SCHEDULE

The expenditures included in the schedule are reported for the College's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds that have been expended by the College for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedule.

NOTE 3: AMOUNTS PASSED THROUGH BY THE COLLEGE

The following amounts were passed through to the listed sub recipients by the College. These amounts were from the Texas Education Agency program CFDA #93.558 from U.S. Department of Health and Human Services.

Communities in Schools Central Texas	\$ 58,500
Ascend Center for Learning	38,404
Youth and Family Alliance	<u>12,330</u>
Total	<u><u>\$ 109,234</u></u>

The following amount was passed through to the listed subrecipient by the College. This amount was from the Texas Education Agency Program CFDA #84.002A from the U.S. Department of Education.

Austin Independent School District	\$ 296,325

SCHEDULE OF FEDERAL FINDINGS AND QUESTIONED COSTS
For The Year Ended August 31, 2013

SECTION I - SUMMARY OF AUDITORS' RESULTS

Financial Statements:

Type of auditors' report issued: Unqualified

Internal control over financial reporting:

- Material weakness identified? No
- Significant deficiencies identified that are not considered to be material weaknesses? No

Noncompliance material to financial statements noted? No

Federal Awards:

Internal control over major programs:

- Material weakness identified? Yes
- Significant deficiencies identified that are not considered to be material weaknesses? No

Type of auditors' report issued on compliance for major programs: Unqualified, except for student financial aid cluster, which is qualified for special tests: Enrollment Reporting (Student Status Change)

Any audit findings disclosed that are required to be Reported in accordance with section 510(a) of Circular A-133? Yes

Identification of Major Programs:

<u>Federal CFDA Number</u>	<u>Name of Federal Program</u>
17.282	Trade Adjustment Assistance Community College and Career Training (TAACCCT) Grant
47.076	Education and Human Resources
84.002	Adult Education – State Grant Program
84.048	Career and Technical Education – Basic Grants to States
93.558	Temporary Assistance for Needy Families (TANF)
84.007, 84.033, 84.063, 84.268, 84.375	Student Financial Aid Cluster

Dollar threshold used to distinguish between type A and type B programs: \$300,000

Auditee qualified as low-risk auditee? No

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

SCHEDULE OF FEDERAL FINDINGS AND QUESTIONED COSTS
For The Year Ended August 31, 2013

SECTION II – FINANCIAL STATEMENT FINDINGS

The results of our procedures disclosed no findings to be reported for the year ended August 31, 2013.

SECTION III - FEDERAL AWARDS FINDINGS

Finding 2013-1

Federal Program: U.S. Department of Education – Student Financial Aid Cluster

CFDA: 84.268 Federal Award Number: N/A Award Year: 2012/2013

Type of Finding: Material Weakness and Material Noncompliance

Compliance Requirement: Special Tests and Provisions: Enrollment Reporting (Student Status Changes)

Criteria: Under 34 CFR 682.610, the District is required to report to the Secretary of the Department of Education when a student who has received a loan ceases to be enrolled on at least a half-time basis. The method for this reporting is the National Student Loan Data System (NSLDS). Per the NSLDS Enrollment Reporting Guide, students who unofficially withdraw from all courses are to be reported to NSLDS within 30 days (or 60 days if expected to submit its next student status confirmation report) as withdrawn as of the last date that attendance can be verified.

Condition: Out of 40 students randomly selected for testing, we noted that 1 student had incorrect status reported to the NSLDS; and 11 students with status changes were not reported to the NSLDS in a timely manner.

Questioned Costs: None

Context: For one student, the status of “Withdrawn” was reported to the NSLDS instead of “Graduated.”

For 11 students, the status change was not reported to the NSLDS within the required timeframe.

Cause: We understand that the failure to report timely occurred due to the following:

- The Registrar’s office failed to report the student withdrawal status to the NSCH. Controls were not in place to ensure reporting was performed timely.
- Changes in enrollment status were not reported to the NSLDS accurately.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

SCHEDULE OF FEDERAL FINDINGS AND QUESTIONED COSTS
For The Year Ended August 31, 2013

SECTION III - FEDERAL AWARDS FINDINGS (Continued)

Effect: Users are not able to correctly assess the student's enrollment level and the student would not begin repayment of loans as required.

Recommendation: We recommend that the District implement enhanced monitoring controls to ensure that all required reporting is completed within the required timeframe.

Views of Responsible
Officials and Planned

Corrective Action: For the student reported as "withdrawn" instead of "graduated", the District has always sent graduation status information to the National Student Loan Clearinghouse; however, the setup at the Clearinghouse did not transmit this information to NSLDS, thus preventing the graduation status from being reported to NSLDS. This setup error has been corrected with the Clearinghouse and correctly reported since August 2013. Additionally, the District requested access to update information on NSLDS from the Department of Education. With this new access, the District has corrected all student records on NSLDS for FY13.

For the students not reported timely, most of these were late due to the same setup issue noted above impacting "graduated" students. Therefore the setup correction noted above will also resolve the timeliness issue for these students. Additionally, effective fall 2013, the faculty will be required to enter a last date of attendance/participation if a grade of "F" is entered on the roster. This new procedure will assist in reporting the correct date, in a timelier manner, for the unofficial withdrawals that are calculated at the end of the semester.

In summary, the District believes it has identified and corrected all system and procedure issues that caused this finding.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

SCHEDULE OF FEDERAL FINDINGS AND QUESTIONED COSTS
For The Year Ended August 31, 2013

SECTION IV – SUMMARY OF PRIOR YEAR AUDIT FINDINGS

Finding 2012-1

Federal Program: Adult Education – Basic Grants to States

CFDA: 84.002 Federal Award Number: N/A Award Year: 2011/2012

Type of Finding: Material Weakness

Compliance Requirement: Procurement, Suspension and Debarment

Criteria: Non-Federal entities are prohibited from contracting with or making subawards under covered transactions to parties that are suspended or debarred or whose principals are suspended or debarred. When a non-federal entity enters into a covered transaction with an entity at a lower tier, the non-federal entity must verify that the entity is not suspended or debarred or otherwise excluded. This verification may be accomplished by (1) checking the Excluded Parties List System (EPLS) maintained by the General Services Administration (GSA), (2) collecting a certification from the entity, or (3) adding a clause or condition to the covered transaction with that entity (2 CFR Section 180.300).

Condition: For one (1) of one (1) contract selected for testing (100% of population), the District did not have evidence that a verification check was performed for the covered transactions, by checking the EPLS, collecting a certification from the entity, or adding a clause or condition to the covered transaction with the entity prior to contracting with the vendor.

Questioned Costs: None

Context: The District is unable to provide evidence that the vendor was not suspended or debarred at the time of contract award. The District did subsequently perform a proper EPLS search and found that the vendor was not suspended or debarred.

Cause: While the District's purchasing policies do address the requirement to perform a verification check by checking the EPLS, there was no evidence that the check took place. The District did not collect a certification from the entity or add a clause or condition to the covered transactions with this entity.

Effect: There is the potential that the District may be contracting with individuals or subcontractors that are suspended or debarred, thus causing the District to be ineligible to receive federally reimbursed funds due to a lack of adherence to policies surrounding suspension and debarment.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

SCHEDULE OF FEDERAL FINDINGS AND QUESTIONED COSTS
For The Year Ended August 31, 2013

SECTION IV – SUMMARY OF PRIOR YEAR AUDIT FINDINGS (Continued)

Recommendation: We recommend that the District include a clause in all vendor contracts for vendors to certify that they are not suspended or debarred. The District should designate specific individual to perform EPLS verification and include the documentation of the search results in the vendor's file and provide adequate training to all purchasing personnel in regard to this requirement to enforce procedures and ensure compliance with this requirement.

Prior Year Views of Responsible Officials and Planned

Corrective Action: The District's purchasing procedures currently include a verification process for suspension and debarment, and the method of verification used by the District is one of the methods approved under OMB-133A. Therefore, the District feels that the potential that the District may be contracting with individuals or subcontractors that are suspended or debarred is remote, and in fact there is no evidence to suggest that the District has contracted with a suspended or debarred entity.

With that said, the District agrees with the auditor that the District should document that the verification was in fact performed. As such, effective immediately the District will improve its verification process by maintaining a copy or image of the EPSL status at the time of contract execution. This image will be retained in the official grant file. Additionally, the District will include a clause in all vendor contracts for vendors to certify that they are not suspended or debarred.

Status of Prior Year Corrective Action:

The District improved its verification process by maintaining a copy or image of the EPSL status at the time of contract execution. This image will be retained in the official grant file. Additionally, the District will include a clause in all vendor contracts for vendors to certify that they are not suspended or debarred.

**AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas**

**SCHEDULE OF FEDERAL FINDINGS AND QUESTIONED COSTS
For The Year Ended August 31, 2013**

SECTION IV – SUMMARY OF PRIOR YEAR AUDIT FINDINGS (Continued)

Finding 2012-2

Federal Program: U.S. Department of Education – Student Financial Aid Cluster

CFDA: 84.268 Federal Award Number: N/A Award Year: 2011/2012

Type of Finding: Significant Deficiency and Noncompliance

Compliance Requirement: Special Tests and Provisions – Return of Title IV Funds

Criteria: When a recipient of Title IV grant or loan assistance withdraws from an institution during a payment period or period of enrollment in which the recipient began attendance, the institution must determine the amount of Title IV assistance earned by the student as of the withdrawal date. If the total amount of Title IV assistance earned by the student is less than the amount that was disbursed to the student or on his or her behalf as of the date the institution's determination that the student withdrew, the difference must be returned to the Title IV programs.

The amount of earned Title IV grant or loan assistance is calculated by determining the percentage of Title IV assistance that has been earned by the student and applying that percentage to the total amount of Title IV assistance that was or could have been disbursed to the student for the payment period or period of enrollment as of the student's withdrawal date.

Condition & Context: For one student out of forty judgmentally selected for testing of the timeliness compliance requirement, it was determined that the District did not return all of the funds within the 45 day timeframe. It was also determined that for two out of sixty students judgmentally tested for accuracy, the amount of earned Title IV assistance was calculated incorrectly.

Questioned Costs: \$16.67

Cause: The failure to report accurately and timely occurred due to the following:

- Lack of proper review resulted in the funds not being returned within the 45 day requirement (one of the forty students judgmentally selected for testing).
- The return of funds amount was incorrect due to the percentage used in the calculation. The incorrect number of days completed by the student during the semester was used to determine the percentage of aid that had been earned by the student (two of the sixty students judgmentally selected for testing).

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

SCHEDULE OF FEDERAL FINDINGS AND QUESTIONED COSTS
For The Year Ended August 31, 2013

SECTION IV – SUMMARY OF PRIOR YEAR AUDIT FINDINGS (Continued)

Effect: For one student tested, funds were not returned in a timely manner, resulting in the school holding onto funds that should have been returned to the lender. For two students tested, the incorrect amount of financial aid was returned to the lender.

Recommendations: We recommend that a system control be implemented to ensure that the amount to be returned according to the Department of Education calculator is returned within the required timeframe. We also recommend that the system be reviewed to ensure that all refunds are being calculated properly and include all accepted grants and loans.

Prior Year Views of Responsible Officials and Planned

Corrective Action: While the District does have procedures to return Title IV funds accurately and timely, the auditors have identified an incidence in which a return fell through that process and thus was not returned timely and another incident where a return was calculated incorrectly. The District believes that these are isolated occurrences, but the process can and should be improved to further prevent these isolated errors. Therefore the District has implemented new controls, and is working on the development of others, to improve the accuracy and timeliness of return of Title IV funds.

To help ensure that funds are returned to the Department of Education within the required 45 days, the District will be improving the reporting related to this process, including developing new reports if needed. The improved reporting will better enable the District to identify funds that were not returned as part of the standard return process, and therefore address those returns within the 45 day requirement.

The one incident related to incorrect calculation of return of funds was attributed to a simple error in counting the number of days of attendance for a student which in turn caused the return of funds calculation to be wrong by one day. To prevent this error from occurring in the future, the District has created a grid that provides the employee the correctly calculated percentage for each day during the semester. Therefore, instead of the employee having to count the number of days and calculate the percentage manually, they can simply find the withdrawal date of the student on the grid, and the grid will provide the correct percentage needed for the calculation. The District is confident that this improvement will prevent this error in the future.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

SCHEDULE OF FEDERAL FINDINGS AND QUESTIONED COSTS
For The Year Ended August 31, 2013

SECTION IV – SUMMARY OF PRIOR YEAR AUDIT FINDINGS (Continued)

Status of Prior Year

Corrective Action: The District created a new format to more easily view each individual entry on the report and thus avoid human error by overlooking an entry. Notations are made on the report that it has been reviewed to assist that is has not been overlooked.

The District created an automated Excel spreadsheet with the various academic sessions and dates to eliminate human error in counting the number of days.

Finding 2012-3

Federal Program: U.S. Department of Education – Student Financial Aid Cluster

CFDA: 84.268 Federal Award Number: N/A Award Year: 2011/2012

Type of Finding: Material Weakness and Material Noncompliance

Compliance Requirement: Special Tests and Provisions – Student Status Changes

Criteria: Under 34 CFR 682.610, the District is required to report to the Secretary of the Department of Education when a student who has received a loan ceases to be enrolled on at least a half-time basis. The method for this reporting is the National Student Loan Data System (NSLDS). Per the NSLDS Enrollment Reporting Guide, students who unofficially withdraw from all courses are to be reported to NSLDS within 30 days (or 60 days if expected to submit its next student status confirmation report) as withdrawn as of the last date that attendance can be verified.

Condition: Out of 22 students judgmentally selected for testing, we noted that 7 students had incorrect withdrawal dates reported to the NSLDS; 3 students had incorrect statuses reported to the NSLDS; and 8 students with status changes were not reported to the NSLDS in a timely manner.

Questioned Costs: None

Context: For seven students, the last date of attendance, which was determined to be the withdrawal date, was not reported to the NSLDS. Instead, the last date of the semester was reported as the withdrawal date. For three students, the status of "Withdrawn" was reported to the NSLDS instead of "Graduated." For eight students, the status change was not reported to the NSLDS within the required timeframe.

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

SCHEDULE OF FEDERAL FINDINGS AND QUESTIONED COSTS
For The Year Ended August 31, 2013

SECTION IV – SUMMARY OF PRIOR YEAR AUDIT FINDINGS (Continued)

Cause: The failure to report accurately and timely occurred due to the following:

- Withdrawal dates were recorded as the last date of the semester and not the determined last date of attendance.
- The Registrar’s office failed to report the students’ withdrawal status to the NSCH. Controls were not in place to ensure reporting was performed timely.
- Changes in enrollment status were not reported to the NSLDS accurately.

Effect: Users are not able to correctly assess the student’s enrollment level.

Recommendations: We recommend that the District implement enhanced monitoring controls to ensure that all required reporting is done timely and accurately.

Prior Year Views of
Responsible Officials
and Planned

Corrective Action: While the District feels that the federal regulations and reporting guidelines are somewhat ambiguous as it relates to the expectations and requirements of student enrollment status reporting, the District does agree that improvements are needed. With that said, the District feels that some of the needed improvements will require clarification from the Department of Education on how to report certain student statuses. Currently, the District feels there is conflicting guidance from the Department of Education that is preventing the District from fully complying with both the awarding requirements and the reporting requirements simultaneously. The District will work with its contacts at the Department of Education to gain clarity on how to correctly report these unique situations.

For those aspects of the reporting that do not require clarification from the Departments of Education, the District will review the processes related to the enrollment status reporting and the programming that generates the reports in order to correct any existing reporting errors. The District has already begun this review process and will implement identified improvements as soon as possible.

Status of Prior Year
Corrective Action:

For the students reported as “withdrawn” instead of “graduated”, the District has always sent graduation status information to the National Student Loan Clearinghouse; however, the setup at the Clearinghouse did not transmit this information to NSLDS, thus preventing the graduation status from being reported to NSLDS. This setup error has been

AUSTIN COMMUNITY COLLEGE DISTRICT
Austin, Texas

SCHEDULE OF FEDERAL FINDINGS AND QUESTIONED COSTS
For The Year Ended August 31, 2013

SECTION IV – SUMMARY OF PRIOR YEAR AUDIT FINDINGS (Continued)

corrected with the Clearinghouse and correctly reported since August 2013. Additionally, the District requested access to update information on NSLDS from the Department of Education. With this new access, the District has corrected all student records on NSLDS for FY13.

For the students not reported timely, most of these were late due to the same setup issue noted above impacting “graduated” students. Therefore the setup correction noted above will also resolve the timeliness issue for these students. Additionally, effective fall 2013, the faculty will be required to enter a last date of attendance/participation if a grade of “F” is entered on the roster. This new procedure will assist in reporting the correct date, in a timelier manner, for the unofficial withdrawals that are calculated at the end of the semester.

In summary, the District believes it has identified and corrected all system and procedure issues that caused this finding.

Report on compliance for its major state program

We have audited the compliance of Austin Community College District (the “District”) with the types of compliance requirements described in the State of Texas *Single Audit Circular* that could have a direct and material effect on its major state program for the year ended August 31, 2013. The District’s major state program is identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to the District’s state programs.

Auditor’s responsibility

Our responsibility is to express an opinion on compliance for the District’s major state program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the State of Texas *Single Audit Circular*.

The above-mentioned standards and the State of Texas *Single Audit Circular* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the major state program occurred. An audit includes examining, on a test basis, evidence about the District’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the District’s major state program. However, our audit does not provide a legal determination of the District’s compliance.

Opinion on its major state program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major state program for the year ended August 31, 2013.

Report on internal control over compliance

Management of the District is responsible for designing, implementing, and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of compliance requirements that could have a direct and material effect on its major state program to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major state program and to test and report on internal control over compliance in accordance with the State of Texas *Single Audit Circular*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the District's internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this Report on Internal Control over Compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State of Texas *Single Audit Circular*. Accordingly, this report is not suitable for any other purpose.
