## Independent Auditor's Report

### UNMODIFIED OPINION ON BASIC FINANCIAL STATEMENTS ACCOMPANIED BY REQUIRED SUPPLEMENTARY INFORMATION AND OTHER INFORMATION - STATE OR LOCAL GOVERNMENTAL ENTITY

Board of Regents  
Cisco College District  
101 College Heights  
Cisco, Texas 76437

#### Report on the Financial Statements

I have audited the accompanying financial statements of the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information for Cisco College District (the "District") as of and for the years ended August 31, 2013 and 2012, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

#### *Opinions*

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Cisco College District as of August 31, 2013 and 2012, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with account principles generally accepted in the United States of America.

#### Other Matters

#### *Required Supplementary Information*

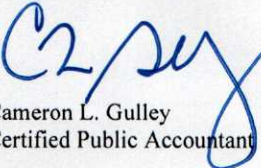

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedure to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

**Other Information**

My audit was made for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The supplemental schedules, the Texas Higher Education Coordinating Board's (the "THECB") required statistical schedules and the schedule of expenditures of federal awards, as required by Office of Management and Budget *Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations* listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplemental schedules, the THECB required statistical schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplemental schedules, the THECB required statistical schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole. The supplemental schedules, the THECB required statistical schedules and the schedule of expenditures of federal awards have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, I do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, I have also issued my report dated November 18, 2013, on my consideration of the District's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Cameron L. Gulley  
Certified Public Accountant

**MANAGEMENT’S DISCUSSION AND ANALYSIS (M,D&A)**

The following discussion of Cisco College’s financial report presents our analysis and insight to the College’s financial performance for the fiscal year ended August 31, 2013 including some comparative information with the fiscal years ended August 31, 2012 and 2011. Please read it in conjunction with the transmittal letter preceding this report and the College’s financial statements, which follow this report.

**The Basic Financial Statements**

The annual financial report consists of a set of financial statements and reports as required by Government Accounting Standards Board (GASB) Statement No. 34 for a government engaged in Business Type Activities. These basic financial statements appear in Exhibits 1-3 and in the notes to the financial statements. The basic financial statements consist of the following four elements: a Statement of Net Position; a Statement of Revenues, Expenses, and Changes in Net Position; a Statement of Cash Flows; and the Notes to the Financial Statements. These statements are presented in a government-wide format, which means all of the funds of the College are combined into a single report. A brief explanation of the purpose of each of the components of the basic financial statements is set out below.

The Statement of Net Position shows the combined assets of the College, as well as the combined liabilities. The difference in the total assets and the total liabilities is the net position, which are broken out in its various components. The information shown in this statement is a snapshot of the College’s accounts on August 31 of the year indicated. This is important data in determining the viability of the school and in determining the College’s overall financial strength.

The Statement of Revenues, Expenses, and Changes in Net Position shows the results of the fiscal year’s operations. Revenues and expenses are arranged by their functional classifications so that a year-to-year comparison will show relevant trends. The information in this statement will assist in evaluating the College’s performance for the year concluded.

The Statement of Cash Flows shows the sources and uses of cash for the fiscal year. It is divided into several categories: operating activities, non-capital financing activities, capital financing activities, and investing activities. Upon review of the Cash Flow Statement, a person knowledgeable in using this statement can determine an institution’s ability to generate future cash flows, and its ability to meet financial obligations.

The Notes to the Financial Statements provide the required disclosures to comply with GASB pronouncements and other relevant information that a user might find helpful in understanding the College’s financial statements as a whole.

## Condensed Comparative Financial Information

Table 1 - Net Position			
	Year Ended August 31, 2013	Year Ended August 31, 2012	Year Ended August 31, 2011

Net Position - End of Year	\$11,906,057	\$12,711,854	\$12,088,700

### **Analysis of the College's Overall Financial Position and Results of Operations**

Table 1 provides a summarization of significant financial data from the Statement of Net Position. Cisco College has continued to experience a decline in enrollment after the spike in enrollment in FY10 which has affected many items in this table. The data in Table 1 reflects the decrease in Total Assets; however, the Total Liabilities went down, due to the re-funding of the remaining consolidated fund revenue and refunding bonds, series 2002, which decreased long-term liabilities.

Table 2 provides information concerning the College's results of operations for the past three years. There are many significant changes this year. The decrease in enrollment this year has impacted the Auxiliary Enterprises by over \$350,000. The decrease in Federal Revenue is impacted by the drop in enrollment and the decreased number of students who qualified for federal grants. The Institutional Support expense is up due to the cut in the health insurance funding by the State Legislature.

### **Significant Capital Asset and Long-Term Debt Activity**

Note 3 to the financial statements is a summary of the current fiscal year's capital asset activity. A review of this data shows additions to capital assets of almost \$300,000. These were offset by depreciation expense of \$745,000 resulting in a net decrease of over \$445,000. Capital assets that were purchased during the year include vehicle purchases of \$23,000; mowers of \$22,000; computers and related equipment of \$118,000; and library books of \$15,000.

Note 4 to the financial statements is a composite of the College's long-term liabilities for the current and previous fiscal years. During the current year, there was an addition to capital leases of \$154,000 and a decrease of \$153,000 for computers and related equipment. This long-term lease commitment is another step in the College's plan to maintain information technology equipment at the highest level possible while remaining fiscally sound. The College currently has six lease agreements; each of the lease agreements will run for a period of 48 months. It is the College's plan to continue this rolling lease agreement process in order to achieve a high level of technology for our students and employees.

## **Discussion of Other Facts, Decisions, and Conditions**

During the 2013 year, the College redeemed the remaining \$1,500,000 in consolidated fund revenue and refunding bonds, series 2002 and issued \$1,585,000 in consolidated fund revenue refunding bonds, series 2013. This resulted in savings of over \$310,000 over the life of the loan.

Cisco College faced a deficit of over \$400,000 in FY13. With the decreased enrollment, the tuition and fee revenue and the auxiliary enterprises revenue were down. The state continued the reduction in the amount of health insurance they pay on behalf of the College; therefore, Cisco College expended over \$1,100,000 for health insurance. The state share of the retirement programs was also reduced, resulting in additional expenses of \$190,000. Cisco College is funded primarily by the state appropriations and tuition and fee revenue. The College is looking into enrollment-generating programs for next year and will continue to maintain a tight budget while continuing quality instruction at an affordable price.

CISCO COLLEGE DISTRICT  
CISCO, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
AUGUST 31, 2013 AND 2012

1. Reporting Entity

Cisco College District (the “District”) was established in 1940 in accordance with the laws of the State of Texas to serve the educational needs of Cisco and the surrounding communities. District is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While District receives funding from local, state, and federal sources, and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

The Board of Regents (the “Board”), a nine member group, is the level of government which has governance responsibilities over all activities related to the education of students who attend The District. The Board members are elected by the public and have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for the fiscal matter concerning the District. The District has two campuses, Cisco and Abilene, which offer a wide variety of general academic and vocational courses in a two year curriculum.

2. Summary of Significant Accounting Policies

Report Guidelines

The significant accounting policies followed by the District in preparing these financial statements are in accordance with the Texas Higher Education Coordinating Board’s *Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The District applies all applicable Governmental Accounting Standards Board (GASB) pronouncements. The District is reported as a special-purpose government engaged in business-type activities.

Tuition Discounting

Texas Public Education Grants - Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.0333). When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act Program Funds - Certain Title IV HEA Program funds are received by the District to pass through to the student. These funds are initially received by the District and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts - The District awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Basis of Accounting

The financial statements of the District have been prepared on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal and contractual obligation to pay.

Budgetary Data

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The District’s board adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor’s Office of Budget and Planning by December 1.

Cash and Cash Equivalents

The District’s cash and cash equivalents are considered to be cash on hand, demand deposits and short term investments with original maturities of three months or less from the date of acquisition.

Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Inventories

Inventories consist of consumable office supplies, physical plant supplies, book store stock, and food service supplies. Inventories are valued at the lower of cost under the “first-in, first-out” method, or market and are charged to expense when consumed.

Capital Assets

Capital assets are stated at cost at the date of acquisition, or fair value at the date of donation. For equipment, the District’s capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. Renovations to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets’ lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets applying the half-year convention. The following useful lives are:

Buildings	50 years
Facilities and Other Improvements	20 years
Furniture, Machinery, Vehicles and Other Equipment	10 years
Telecommunications and Peripheral Equipment	5 years
Library Books	20 years

### Unearned Revenues

Tuition and fees of \$3,788,556 and \$3,480,242 and federal, state, and local grants of \$10,854 and \$9,301 have been reported as unearned revenues at August 31, 2013 and 2012, respectively.

### Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### Operating and Non-Operating Revenue and Expense Policy

The District distinguishes operating revenues and expenses from non-operating items. The District reports as a BTA and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the District's principal ongoing operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are state appropriations, federal Title IV grant revenues and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets.

### Characterization of Federal Title IV Grant Revenue

In response to guidance provided by the Government Accounting Standards Board (GASB) as question/answer 7.72.10 in the Implementation Guide, revenue received for federal Title IV grant programs (i.e. Pell grants) is now characterized as non-operating revenue as opposed to operating revenue.

### 3. Capitalized Assets

Capital asset activity for the year ended August 31, 2013 was as follows:

	Balance 9/1/12	Increases	Decreases	Balance 8/31/13
Not Depreciated:				
Land	\$ 384,779			\$ 384,779
Construction in Progress	0			0
Subtotal	384,779			384,779
Other Capital Assets:				
Buildings	19,452,366			19,452,366
Land Improvements	1,911,229			1,911,229
Library Books	213,581	\$ 15,416		228,997

Long-term liability activity for the year ended August 31, 2012 was as follows:

	Balance 9/1/11	Additions	Reductions	Balance 8/31/12	Current Portion
Leases, Bonds and Notes					
Revenue Bonds and Notes	\$ 10,425,000	\$ 8,295,000	\$ 9,200,000	\$ 9,520,000	\$ 550,000
Notes Payable	700,000		700,000	0	0
Capital Leases	362,189	67,227	131,422	297,994	121,630
<b>Total Leases, Bonds and Notes</b>	<b>11,487,189</b>	<b>8,362,227</b>	<b>10,031,422</b>	<b>9,817,994</b>	<b>671,630</b>
Other Liabilities					
Compensated Absences	320,213	226,821	229,040	317,994	0
Other - Deposits	26,450			26,450	0
<b>Total Other Liabilities</b>	<b>346,664</b>	<b>226,821</b>	<b>229,040</b>	<b>344,444</b>	<b>0</b>
<b>Total Long-Term Liabilities</b>	<b>\$ 11,833,852</b>	<b>\$ 8,589,048</b>	<b>\$ 10,260,462</b>	<b>\$ 10,162,438</b>	<b>\$ 671,630</b>

On December 6, 2011, the District issued \$8,295,000 in consolidated fund revenue refunding bonds to provide the resources to place in an escrow account for the purpose of generating resources for future debt service payments of \$8,435,000 of consolidated fund revenue and refunding bonds issued in 2002. Interest rates on the debt range from 2.0% - 4.0% and mature on July 1, 2026. As a result, the refunded bonds are considered defeased and the liability has been removed from the financial statements. The reacquisition price exceeded the net carrying amount of the refunded debt by \$186,150 (net of issuance costs and premiums). This advance refunding was undertaken to reduce total debt service payments over the life of the new issue versus the refunded issue by \$1,558,922 and resulted in an economic gain of \$1,372,772.

On May 23, 2013, the District issued \$1,585,000 in consolidated fund revenue refunding bonds to provide the resources to place in an escrow account for the purpose of generating resources for future debt service payments of \$1,500,000 of consolidated fund revenue and refunding bonds issued in 2002. Interest rates on the debt are 1.89% and mature on July 1, 2026. As a result, the refunded bonds are considered defeased and the liability has been removed from the financial statements. The reacquisition price exceeded the net carrying amount of the refunded debt by \$130,729 (net of issuance costs and premiums). This advance refunding was undertaken to reduce total debt service payments over the life of the new issue versus the refunded issue by \$350,060 and resulted in an economic gain of \$219,331.

The District has pledged the following source revenues as security for the bonds: (a) pledged tuition fees totaling the mathematical product of \$15 multiplied by the number of students regularly enrolled at the District for each regular school semester thereof and the product of \$7.50 multiplied by the number of students regularly enrolled in the District for each of the two summer school terms thereof; (b) building use fees; (c) educational service fees meaning the gross collections of a special fee charged and collected from all students enrolled at the District's Abilene Educational Center for the use of facilities; (d) the out-of-district fees; (e) the operating fees for any charges for use of the District's facilities in addition to items (a) through (f); (f) the gross revenues from the Auxiliary Enterprise fund of the District; (g) earnings of the District on all investments lawfully available for this purpose; (h) all monies deposited to the District's revenue and interest and sinking funds for the purpose of the Bonds and all investment income derived from such deposits; (i) all monies deposited to the District's reserve fund for the purpose of the Bonds and all investment income derived from such deposits; (j) and any other income, receipts, or other resources permitted by law with the exception of any revenues appropriated by the State of Texas unless prior approval has been given by the Texas Higher Education Coordinating Board.

In April, 2010, the District entered into a capital lease agreement with American National Leasing for a period of sixty (60) months for the acquisition of maintenance equipment. Terms of the lease were as follows: lease agreement dated April 1, 2010 payable in 5 annual installments of \$5,083 at an annual imputed interest rate of 7.94%. Total capitalized cost of the lease totaled \$21,940.

In August, 2010, the District entered into a capital lease agreement with Key Government Finance for a period of forty-eight (48) months for the acquisition of computer equipment. Terms of the lease were as follows: lease agreement dated August 1, 2010 payable in 48 monthly installments of \$3,629 at an annual imputed interest rate of 4.23%. Total capitalized cost of the lease totaled \$159,974.

In October, 2010, the District entered into a capital lease agreement with Key Government Finance for a period of forty-eight (48) months for the acquisition of computer equipment. Terms of the lease were as follows: lease agreement dated October 15, 2010 payable in 48 monthly installments of \$834 at an annual imputed interest rate of 4.23%. Total capitalized cost of the lease totaled \$36,751.

In July, 2011, the District entered into a capital lease agreement with Key Government Finance for a period of forty-eight (48) months for the acquisition of computer equipment. Terms of the lease were as follows: lease agreement dated July 1, 2011 payable in 48 monthly installments of \$3,296 at an annual imputed interest rate of 2.94%. Total capitalized cost of the lease totaled \$149,101.

In August, 2012, the District entered into a capital lease agreement with Key Government Finance for a period of forty-eight (48) months for the acquisition of computer equipment. Terms of the lease were as follows: lease agreement dated August 15, 2012 payable in 48 monthly installments of \$1,502 at an annual imputed interest rate of 3.49%. Total capitalized cost of the lease totaled \$67,227.

In September, 2012, the District entered into a capital lease agreement with PNC Equipment Finance for a period of thirty-six (36) months for the acquisition of maintenance equipment. Terms of the lease were as follows: lease agreement dated September 6, 2012 payable in 3 annual installments of \$5,199 at an annual imputed interest rate of 7.764%. Total capitalized cost of the lease totaled \$14,499.

In February, 2013, the District entered into a capital lease agreement with Key Government Finance for a period of forty-eight (48) months for the acquisition of computer equipment. Terms of the lease were as follows: lease agreement dated February 1, 2013 payable in 48 monthly installments of \$637 at an annual imputed interest rate of 4.159%. Total capitalized cost of the lease totaled \$28,125.

In July, 2013, the District entered into a capital lease agreement with Key Government Finance for a period of forty-eight (48) months for the acquisition of computer equipment. Terms of the lease were as follows: lease agreement dated July 15, 2013 payable in 48 monthly installments of \$1,995 at an annual imputed interest rate of 3.19%. Total capitalized cost of the lease totaled \$89,770.

## 5. Debt and Lease Obligations

Debt service requirements at August 31, 2013 were as follows:

Year Ended August 31,	Bonds Payable		
	Principal	Interest	Total
2014	\$ 585,000	\$ 276,072	\$ 861,072
2015	600,000	264,482	864,482
2016	615,000	247,647	862,647
2017	635,000	230,363	865,363
2018	650,000	212,534	862,534
2019-2023	3,535,000	777,418	4,312,418
2024-2026	2,405,000	178,880	2,583,880
	<u>\$ 9,025,000</u>	<u>\$ 2,187,396</u>	<u>\$ 11,212,396</u>

As of August 31, 2013 and 2012, the District was in compliance with all material aspects of the bond indentures.

Obligations under capital leases at August 31, 2013 were as follows:

Year Ended August 31,	Total
2014	\$ 145,429
2015	92,734
2016	49,609
2017	25,762
Total minimum lease payments	313,534
Less: incremental borrowing rate of interest	(14,950)
Present value of minimum lease payments	<u>\$ 298,584</u>

6. Operating Lease Commitments and Rental Agreement

On April 18, 2006 the District entered into an operating lease with Cisco Independent School District (“CISD”) for use of CISD’s community gym and football stadium. Terms of the lease were for a period of ten (10) years beginning September 1, 2006 and continuing thereafter at an annual lease payment of \$25,000. Following is the remaining lease liability:

Year ended August 31,	Total
2014	\$ 25,000
2015	25,000
2016	25,000
Total Lease Liability	\$ 75,000

7. Authorized Investments

The District is authorized to invest in obligations and instruments as defined in the Public Funds Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

8. Deposits and Investments

Cash and Deposits include as reported on Exhibit 1, Statement of Net Position, consist of the items reported below:

	August 31, 2013	August 31, 2012
Bank Deposits		
Demand Deposits	\$ 3,381,726	\$ 3,730,170
Time Deposits	551,156	323,321
Total Bank Deposits	3,932,882	4,053,491
Cash and Cash Equivalents		
Petty Cash on Hand	7,875	7,875
Deposits in Transit	0	0
Money Market Investments - 1st Southwest Securities	43,004	42,990
Money Market Investments - Ameriprise Financial	103,741	178,741
Cash Equivalents - LOGIC Investment Pool	581,012	580,125
Cash Equivalents - Lone Star Investment Pool	666,006	488,187
Cash Equivalents - TexStar Investment Pool	36,482	45,149
Total Cash and Cash Equivalents	1,438,120	1,343,067
Total Cash and Deposits	\$ 5,371,002	\$ 5,396,558

## Reconciliation of Deposits and Investments to Exhibit 1:

Type of Security	August 31, 2013	August 31, 2012
	Market Value	Market Value
U.S. Government Securities	\$ 150,000	\$ 300,012
Total Investments	150,000	300,012
Total Cash and Deposits	5,371,002	5,396,558
Total Deposits and Investments	<u>\$ 5,521,002</u>	<u>\$ 5,696,570</u>
Cash and Temp. Investments (Ex. 1)	\$ 3,927,781	\$ 4,273,479
Restricted Cash (Ex. 1)	581,552	447,185
Endowment Investments (Ex. 1)	853,669	852,905
Other Long-Term Investments (Ex. 1)	158,000	123,001
Total Deposits and Investments (Ex. 1)	<u>\$ 5,521,002</u>	<u>\$ 5,696,570</u>

### District Policies and Legal and Contractual Provisions Governing Deposits

Custodial Credit Risk for Deposits - State law requires governmental entities to contract with financial institutions in which funds will be deposited to secure those deposits with insurance or pledged securities with a fair value equaling or exceeding the amount on deposit at the end of each business day. The pledged securities must be in the name of the governmental entity and held by the entity or its agent. Since the District complies with this law, it has no custodial credit risk for deposits.

Foreign Currency Risk - The District limits the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit by not investing in any foreign currency.

### District Policies and Legal and Contractual Provisions Governing Investments

The **Public Funds Investment Act** (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the District to adopt, implement, and publicize an investment policy. Statutes authorize the District to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) Investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the District to have independent auditors perform test procedures related to investment practices as provided by the Act. The District is in substantial compliance with the requirements of the Act and with local policies.

As of August 31, 2013, the District had the following investments and maturities.

Investment Type	Investment Maturities (in years)				
	Fair Value	Less than 1 Year	1-2 Years	2-3 Years	> 3 Years
U.S. Government Securities	\$ 150,000		\$ 150,000		
Certificates of Deposit	551,156	\$ 551,156			
Money Market Deposits	146,745	146,745			
Investment Pools	1,283,500	1,283,500			
Total	\$2,131,401	\$1,981,401	\$ 150,000		\$ 0

Additional policies and contractual provisions governing deposits and investments for the District are specified below:

Credit Risk - To limit the risk that an issuer or other counterparty to an investment will not fulfill its obligations the District limits investments in certificates of deposit or publicly funded investment pools to the top ratings issued by nationally recognized statistical rating organizations (NRSROs). As of August 31, 2013, the District's investments in U.S. government securities and investment pools were rated A1 by Standard and Poor's.

Custodial Credit Risk for Investments - To limit the risk that, in the even of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in possession of an outside party the District requires counterparties to register the securities in the name of the District and hand them over to the District or its designated agent. This included securities in securities lending transactions. All of the securities are in the District's name and held by the District or its agent.

Concentration of Credit Risk - To limit the risk of loss attributed to the magnitude of a government's investment in a single issuer, the District limits investments to less than 5% of its total investments. The District further limits investments in a single issuer when they would cause investment risk to be significantly greater in the governmental and business-type activities, individual major funds, aggregate non-major funds and fiduciary fund types than they are in the primary government. Usually this limitation is 20%.

Interest Rate Risk - To limit the risk that changes in interest rates will adversely affect the fair value of investments, the District requires at least half of the investment portfolio to have maturities of less than one year on a weighted average maturity basis.

Foreign Currency Risk for Investments - The District limits the risk that changes in exchange rates will adversely affect the fair value of an investment by limiting all investments denominated in a foreign currency to zero.

## 9. Derivatives

None.

10. Property Taxes

Property taxes are levied on October 1 of each year based on the assessed value listed as of the prior January 1 for all real and business personal property located in the District.

At August 31:

	FY 2013	FY 2012
Assessed Valuation of the District	\$ 546,773,786	\$ 470,860,903
Less: Exemptions	(1,131,000)	(922,260)
Less: Abatements		
Net Assessed Valuation of the District	<u>\$ 545,642,786</u>	<u>\$ 469,938,643</u>

	Year End August 31, 2013			Year End August 31, 2012		
	Current Operations	Debt Service	Total	Current Operations	Debt Service	Total
Tax Rate per \$100 valuation authorized	\$ .5000	\$.50000	\$1.0000	\$.5000	\$.50000	\$1.0000
Tax Rate per \$100 valuation assessed	\$.10791	N/A	\$.10791	\$.1150	N/A	\$.1150

Taxes levied for the year ended August 31, 2013 and 2012 totaled \$588,803 and \$540,429, respectively. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

Taxes Collected	FY 2013 Current Operations	FY 2012 Current Operations
Current Taxes Collected	\$ 581,845	\$ 531,868
Delinquent Taxes Collected	8,090	5,148
Penalties and Interest Collected	8,055	4,557
Total Collections	<u>\$ 597,990</u>	<u>\$ 541,573</u>

Tax collections for the year ended August 31, 2013 and 2012 were 100.19% and 99.37% of the current tax levies, respectively. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to either maintenance and operations or interest and sinking expenditures.

11. Employees’ Retirement Plan

The State of Texas has joint contributory retirement plans for almost all its employees.

Teacher Retirement System of Texas - Defined Benefit Plan

*Plan Description.* The District contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing, multiple employer defined benefit pension plan. TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. The Texas state legislature has the

authority to establish and amend benefit provisions of the pension plan. TRS issues a publicly available financial report with required supplementary information which can be obtained from [www.trs.state.tx.us](http://www.trs.state.tx.us), under the TRS Publications heading.

*Funding Policy.* Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The state funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation of all members of the system; (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of a particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State law provides for a member contribution rate of 6.4% for fiscal years 2013 and 2012 and a state contribution rate of 6.4% for fiscal year 2013 and 6.0% for fiscal year 2012. In certain instances the reporting district is required to make all or a portion of the state's 6.4% contribution for fiscal year 2013 and 6.0% for fiscal year 2012.

#### Optional Retirement Plan - Defined Contribution Plan

*Plan Description.* Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67 and Texas Government Code, Title 8, Subtitle C.

*Funding Policy.* Contribution requirements are not actuarially determined but are established and amended by the Texas legislature. The percentages of participant salaries currently contributed by the state and each participant are 6.0% and 6.65%, respectively. The District contributes 0.00% for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program.

The retirement expense to the state for the District was \$506,893 and \$487,846 for fiscal years ended August 31, 2013 and 2012, respectively. This amount represents the portion of expended appropriations made by the state legislature on behalf of the District.

The total payroll for all District employees was \$8,791,523 and \$8,999,664 for fiscal years 2013 and 2012, respectively. The total payroll of employees covered by the Teacher Retirement System was \$5,085,467 and \$4,994,071, and the total payroll of employee covered by the Optional Retirement Program was \$2,834,740 and \$2,831,622 for fiscal years 2013 and 2012, respectively.

#### 12. Deferred Compensation Program

The District employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001. The plan is essentially an unfunded promise to pay by the employer to each of the plan participants.

#### 13. Compensated Absences

Full-time employees earn annual leave from ten (10) days per year for 1-9 years of service to fifteen (15) days per year for 10+ years of service. The District's policy is that an employee may carry his accrued leave forward from one fiscal year to another fiscal year with maximum number of days up to the number of days earned in two years. Employees with at least six months of service who terminate their employment are entitled to payment for all accumulated annual leave up to the

maximum allowed. The District recognized the accrued liability for the unpaid annual leave in the amount of \$292,202 and \$317,994 at August 31, 2013 and 2012. Sick leave, which can be accumulated without limit, is earned at the rate of one day per month. It is paid to an employee who misses work because of illness or to the estate of an employee in the event of his/her death. The District's policy is to recognized the cost of sick leave when paid. The liability is not shown in the financial statements since experience indicated the expenditure for sick leave to be minimal.

14. Contract and Grant Awards

Contract and grant awards are accounted for in accordance with requirements of the AICPA Industry Audit Guide, *Audits of Colleges and Universities*. Revenues are recognized on Exhibit 2 and Schedule A. For federal contract and grant awards, funds expended, but not collected, are reported as Federal Receivables on Exhibit 1. Non-federal contract and grant awards for which funds are expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements. Contract and grant awards funds already committed, e.g., multi-year awards, or funds awarded during fiscal years 2013 and 2012 for which monies have not been received nor funds expended totaled \$0 and \$0. Of these amounts \$0 and \$0 were from Federal Contract and Grant Awards; \$0 and \$0 were from State Contract and Grant Awards; \$0 and \$0 from Local Contract and Grant Awards; and \$0 and \$0 were from Private Contract and Grant Awards for the fiscal years ended 2013 and 2012, respectively.

15. Post Retirement Health Care and Life Insurance Benefits

In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution totaled \$545,653 for the year ended August 31, 2013 and \$898,092 for the year ended August 31, 2012. The cost of providing those benefits was \$1,130,463 and \$487,846 for retirees and active employees for fiscal years 2013 and 2012, respectively. The cost of providing those benefits for retirees is not separable from the cost of providing benefits for the active employees.

16. Group "Pooled Risk" Self-Insurance Pool

The District is a participant in the Community Colleges of Texas Insurance Association Self-Insurance Program (the "program"). The purpose of the program is to provide the statutory benefits for the members' employees through self-insurance workers' compensation prescribed by Texas Revised Civil Statutes Annotated Art. 8309h and Texas Government Code Ch. 791 (the "Interlocal Cooperation Act"). All fund members must be members of the Community Colleges of Texas Insurance Association.

The interlocal agreement between the District and the program is for a term beginning September 1, 2012, and ending August 31, 2013. Either party may terminate the agreement upon 60 days written notice.

The required contributions for each fund member is based on the prorated percentage of the members' gross payroll compared to the gross payroll of all fund members. The interlocal agreement states that members will have no joint and several liability beyond the loss fund maximum contribution payable.

The District's loss fund maximum for the period of the contract was \$63,427 and \$73,088 for the years ended August 31, 2013 and 2012, respectively, and stop loss protection up to a limit prescribed by law was purchased for losses above this amount. The board reserved the right in the interlocal agreement to adjust this stop loss provision in the event that the fiscal soundness of the fund would justify such an adjustment and/or result in savings to fund members. All claims are processed and paid by the District through the servicing contractor employed by the fund.

17. Potential Liabilities

The District had potential claims liabilities as a result of workers' compensation claims. Its claims administrator estimated that the total potential claims liability of the District amounted to \$63,427 and \$73,088 as of August 31, 2013 and 2012, respectively. Total claims paid to date as a result of the estimated claims liabilities were \$38,716 and \$24,098 for the same periods, respectively.

18. Income Taxes

The District is exempt from income taxes under Internal Revenue Code Section 115, Income of States, Municipalities, Etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511(a)(2)(B), Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations. The District had no unrelated business income tax liability for the year ended August 31, 2013 and 2012.

19. Disaggregation of Receivables and Payables Balances

Receivables at August 31, 2013 and 2012 were as follows:

	August 31, 2013	August 31, 2012
Taxes Receivable	\$ 14,039	\$ 14,067
Accounts Receivable	620,934	767,878
Current Pledged Gifts Receivable	0	0
Federal Receivable	87,766	180,671
Total	<u>\$ 722,739</u>	<u>\$ 962,616</u>

Payables and Accrued Liabilities at August 31, 2013 and 2012 were as follows:

Vendors Payable	\$ 187,614	\$ 275,303
Salaries and Benefits Payable	232,759	219,294
Accrued Interest	46,012	55,547
Total Accounts Payable and Accrued Liabilities	<u>\$ 466,385</u>	<u>\$ 550,144</u>

20. Beginning Balance Adjustment

GASB Statement No. 65 changed the way that certain bond issue costs should be reported (previously capitalized and amortized over the life of the associated debt; presently expensed in the period incurred). The pronouncement change was effective for the current year's audit period. Therefore, a beginning net position adjustment was necessary to remove previously capitalized bond issue costs on the Statement of Activities. Amounts previously capitalized but unamortized amounted to \$388,833.

Note 3: Significant accounting policies used in preparing the schedule.

The expenditures included in the schedule are reported for the District's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds which have been expended by the District for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the general purpose financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The District has followed all applicable guidelines issued by various entities in the preparation of the schedule.

Note 4: Pass through amounts included in program expenditures:

None.

CISCO COLLEGE DISTRICT  
 SCHEDULE OF EXPENDITURES OF STATE AWARDS  
 FOR THE YEAR ENDED AUGUST 31, 2013  
 SCHEDULE F

Grantor Agency/Program Title	Grant Contract Number	Expenditures
Texas Higher Education Coordinating Board		
Texas Grant Program		\$162,301
Texas Education Opportunities Grant		16,562
Texas College Work Study		19,034
Total Texas Higher Education Coordinating Board		197,897
 Total State Financial Assistance		 \$197,897

Note 1: State Assistance Reconciliation

State Revenues - per Schedule A:		
State Financial Assistance per Schedule of Expenditures of State Awards		\$197,897
State Financial Assistance Continuing Education Tuition and Fees Included in Exhibit 2 Captioned "Tuition and Fees"		_____
 Total State Revenues per Schedule A		 \$197,897

Note 2: Significant Accounting Policies Used in Preparing the Schedule

The accompanying schedule is presented using the accrual basis of accounting. See Note 2 to the financial statements for the District's significant accounting policies. These expenditures are reported on the District's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis.

## Independent Auditor's Report

### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS

Board of Regents  
Cisco College District  
101 College Heights  
Cisco, Texas 76437

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Cisco College District (the "District") as of and for the years ended August 31, 2013 and 2012, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued my report thereon dated November 18, 2013.

#### Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, I do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

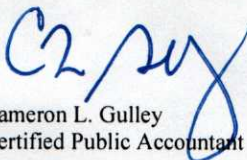

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit, I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cisco College District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CISCO COLLEGE DISTRICT  
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS  
FOR THE YEAR ENDED AUGUST 31, 2013

Finding	Statement of Condition	Material Weakness?	Questioned Costs
	None reported.		

This page left intentionally blank.

CISCO COLLEGE DISTRICT  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED AUGUST 31, 2013

A. Summary of Auditor's Results

An unmodified opinion was issued on the general purpose financial statements.

Internal control over financial reporting:

Material weaknesses identified – no.

Significant deficiencies identified that are not considered to be material weaknesses – none reported.

The audit disclosed no noncompliance which is material to the general purpose financial statements.

Internal control over major programs:

Material weaknesses identified – no.

Significant deficiencies identified that are not considered to be material weaknesses – none reported.

An unmodified opinion was issued on compliance for major programs.

The audit disclosed no audit findings which are required to be reported in this schedule under OMB Circular A-133.

Major programs are as follows:

84.063 - Federal Pell Grant Program	\$ 6,689,609
84.033 - Federal Work-Study Program	55,708
84.007 - Federal Supplemental Educational Opportunity Grant	104,035
84.032 - Federal Family Education Loans	<u>4,630,190</u>
Total Student Financial Aid Clustered Programs	<u>\$11,479,542</u>

The threshold used to distinguish between Type A and Type B federal programs was \$300,000.

The District was classified as a low-risk auditee in the context of OMB Circular A-133.

B. Findings Relating to the Financial Statements which are Required to be Reported in Accordance with Generally Accepted Government Auditing Standards

None reported.

C. Findings and Questioned Costs for Federal Awards

None reported.

CISCO COLLEGE DISTRICT  
CORRECTIVE ACTION PLAN  
FOR THE YEAR ENDED AUGUST 31, 2013

None required.

FEDERAL AWARDS SECTION

**Independent Auditor's Report**

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM;  
REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT  
ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
REQUIRED BY OMB CIRCULAR A-133

Board of Regents  
Cisco College District  
101 College Heights  
Cisco, Texas 76437

**Report on Compliance for Each Major Federal Program**

I have audited Cisco College District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Cisco College District's major federal programs for the year ended August 31, 2013. Cisco College District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

***Auditor's Responsibility***

My responsibility is to express an opinion on compliance for each of Cisco College District's major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Cisco College District's compliance with those requirements and performing such other procedures as I consider necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination of Cisco College District's compliance.

***Opinion on Each Major Federal Program***

In my opinion, Cisco College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2013.

## **Report on Internal Control Over Compliance**

Management of Cisco College District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered Cisco College District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of Cisco College District's internal control over compliance.

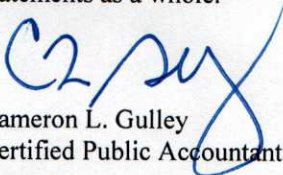

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

## **Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

I have audited the financial statements of Cisco College District as of and for the year ended August 31, 2013, and have issued my report thereon dated November 18, 2013, which contained an unmodified opinion on those financial statements. My audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.
