# PANOLA COLLEGE COMPREHENSIVE ANNUAL FINANCIAL REPORT

## INTRODUCTORY SECTION

903.693.2000 • panola.edu  
1109 West Panola • Carthage, Texas 75633

November 20, 2013

To the taxpayers of Panola County and the citizens of the Panola College service area:

We are pleased to present the following comprehensive annual financial report (CAFR) for the Panola County Junior College District (Panola College) for the fiscal year ended August 31, 2013. The CAFR has been prepared in conformance with the financial reporting standards applicable to government entities set forth by the Governmental Accounting Standards Board (GASB) in its authoritative pronouncements, as well as the financial reporting requirements of the Government Finance Officers Association (GFOA). The report complies with the requirements of Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges as set forth by the Texas Higher Education Coordinating Board (THECB).

The College is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act as amended in 1996 and U. S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and the State of Texas Single Audit Circular. Information related to this single audit, including the schedules of expenditures of federal and state awards and auditor's reports on the internal control over compliance with applicable laws and regulations are included in this report.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation of this report, including all disclosures, rests with the management of Panola College. To the best of our knowledge, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the College. All disclosures necessary to enable the reader to gain an understanding of the College's financial activities have been included.

The administration of the College is responsible for establishing and maintaining internal control over financial reporting designed to provide reasonable, but not absolute, assurance that the assets of the College are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The concept of reasonable assurance recognizes that the cost of controls should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by administration.

The independent accounting firm of Alexander, Lankford & Hiers, Inc. conducted the audit of the financial statements and related notes in conformance with generally accepted auditing standards, Government Auditing Standards issued by the Comptroller General of the United States, and state statutes. Their report on the MD&A, the basic financial statements, and supplementary schedules are included within the financial section of this report.

GASB Statement No. 34 requires that management provide a narrative introduction, overview and analysis to accompany the Basic Financial Statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is intended to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Auditor's Report.

*Panola College is an equal opportunity institution that provides educational and employment opportunities on the basis of merit and without discrimination because of race, color, religion, sex, age, national origin, veteran status, disability or genetic information.*

## **COLLEGE PROFILE**

**Panola County Junior College District was established as a public junior college in an election held in Panola County, Texas, in 1947. The District operates as a junior college district under the laws of the State of Texas. An elected, seven-member Board of Trustees governs the District.**

**The College is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting and recordkeeping requirements of these entities, it is not a component unit of any other governmental entity.**

**Panola College's campus is located in the city of Carthage, Panola County, Texas. Classes are offered at alternate sites in Shelby County and Harrison County. Panola College is committed to offering quality educational programs and services for the people of the College's service area at a reasonable cost. The College provides a wide range of programs, including general academic, technical-vocational, student development services, continuing education, and community service.**

**The Panola College Foundation, Inc. was created for the sole purpose to support the mission and vision of Panola College and to support its students. The Foundation is controlled by a separate board of directors that are ratified by the Panola College Board of Trustees and is included in the financial statements of the College as an affiliated organization.**

## **BOND ELECTION**

**On May 11, 2013 the College conducted a successful bond election in which the voters authorized the issuance of \$35 million of general obligation bonds for the construction of a new science/health science building, a new student life center and the renovation of several existing buildings.**

## **ECONOMIC CONDITION AND OUTLOOK**

**Panola College's four county service area borders Louisiana in Northeast Texas. The counties include Panola, Shelby, Marion, and Harrison. The largest cities in the service area are Carthage, Center, Jefferson and Marshall. These cities are also the county seats of their respective counties.**

**Panola County ranks as one of the leading natural gas producers in Texas and is located in the Cotton Valley Gas Field, which is the second largest natural gas field in the state. Continued lignite mining activities along with new natural gas wells contribute greatly to the area's wealth. Timber, poultry, and cattle production also continue to contribute to the local economy. All of these activities have a positive impact on employment and the county tax base.**

**Panola College continues to have strong enrollment growth. Since 2000 enrollment has increased by 81% and has seen record enrollment for the past 9 semesters. Today approximately 2,700 credit students and 800 continuing education students are enrolled in one of 56 programs of study offered through Panola College. This growth has created a need for additional facilities to handle the increased student loads. In addition to the aforementioned bond election, the College constructed a new 64 bed residence hall in fiscal year 2013. The College can now house up to 250 resident students.**

**Panola College's financial condition remains strong. The largest areas of funding for the College are property taxes, tuition and fees and state appropriations. Although the state appropriations have significantly decreased as a percentage of our total funding, the College's outlook for the future remains strong due to student growth, strategic leadership and fiscal management. As part of the College's long-term financial plan, the College maintains reserves sufficient to operate the College for between 3 and 7 months.**

*Panola College is an equal opportunity institution that provides educational and employment opportunities on the basis of merit and without discrimination because of race, color, religion, sex, age, national origin, veteran status, disability or genetic information.*

## **BUDGETING PROCESS**

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenses for the fiscal year beginning September 1. The annual budget process allocates resources based on the College's strategic, institutional, and long term financial plans. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the College's Board of Trustees. Activities of the unrestricted current fund, auxiliary enterprises fund, and retirement of indebtedness fund are included in the annual appropriated budget. The College also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at year-end. However, encumbrances are appropriated as part of the next year's budget.

As demonstrated by the statements and schedules included in the financial section of this report, the College continues to meet its responsibility for sound financial management.

## **AWARDS**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting (CAFR) for the fiscal year ended August 31, 2012 to Panola College for its comprehensive annual financial report. This was the nineteenth consecutive year that the college has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a College must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

## **ACKNOWLEDGMENTS**

The preparation of the comprehensive annual financial report on a timely basis was made possible by the hard work and diligence of many College employees. Each employee who contributed to this report has our sincere appreciation. We would also like to thank the accounting firm of Alexander, Lankford & Hiers, Inc. for their assistance and timely completion of the audit.

Sincerely,

## INDEPENDENT AUDITOR'S REPORT

Board of Trustees  
Panola College  
Carthage, Texas

### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Panola College (the College) as of and for the years ended August 31, 2013 and 2012, which collectively comprise Panola College's basic financial statements as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

## INDEPENDENT AUDITOR'S REPORT - CONTINUED

### Report on the Financial Statements – Continued

#### *Auditor's Responsibility - Continued*

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Opinions*

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of Panola College as of August 31, 2013 and 2012 and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Other Matters*

##### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 12 through 20 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

##### *Other Information*

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise Panola College's basic financial statements. The introductory section, supplementary schedules, which include the Schedule of Expenditures of Federal Awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the Schedule of Expenditures of State Awards, and statistical supplements are presented for purposes of additional analysis, and are not a required part of the financial statements.

## INDEPENDENT AUDITOR'S REPORT - CONTINUED

### Report on the Financial Statements – Continued

#### *Other Matters - Continued*

#### *Other Information - Continued*

The supplementary schedules, including the Schedule of Expenditures of Federal Awards and the Schedule of Expenditures of State Awards, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical supplements have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 20, 2013 on our consideration of Panola College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Panola College's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Panola County Junior College District (College), we offer readers of the College's financial statement this narrative overview and analysis of the financial activities of the College for the year ended August 31, 2013. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found at the front of this report, and the College's financial statements and notes to the financial statements, which follow this section.

### FINANCIAL HIGHLIGHTS

- The assets of the College exceeded its liabilities at August 31, 2013 by \$26,082,869 (net position). Of this amount, \$13,040,845 (unrestricted net position) may be used to meet the College's ongoing obligations.
- Revenue exceeded expenses by \$2,313,202, or 9.43%, for the current fiscal year end.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the College's basic financial statements. Governmental Accounting Standards Board (GASB) Statement No. 34 first required the implementation of new financial statement reporting standards for the College with the fiscal year ended August 31, 2002. The new standards required the College's financial statements to be prepared using the economic resources measurement focus and the accrual basis of accounting. The basic financial statements include: 1) the *Statement of Net Position*, 2) the *Statement of Revenues, Expenses, and Changes in Net Position*, and 3) the *Statement of Cash Flows*. The notes to the financial statements are an integral part of the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

*Statement of Net Position.* The Statement of Net Position presents all of the College's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the College is improving or deteriorating.

*Statement of Revenues, Expenses, and Changes in Net Position.* The Statement of Revenues, Expenses, and Changes in Net Position focuses on both the gross costs and the net costs of College activities, which are supported mainly by state appropriations, federal revenue, ad-valorem taxes, and tuition and fee revenues. This approach is intended to summarize and simplify the user's analysis of costs of various College services to students and the public. The statement presents information for all of the current year's revenues and expenses regardless of when cash is received or paid. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of these statements distinguish the functions of the College as being a "special purpose government engaged only in business-type activities" (BTA), as permitted in GASB 35, Par. 43. Business-type activity reporting is a category of "Proprietary" funds referred to as "Enterprise" funds (GASB 34, Par. 66 and 138) and is presented in a single column entity-wide format. Although the College is funded from sources in addition to user charges, the College meets the principal criteria for BTA reporting (GASB 34, Par. 67 & GASB 35 Par. 44).

*Statement of Cash Flows.* The Statement of Cash Flows is used to account for essentially the same functions reported in the other basic financial statements. However, unlike the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position, the Statement of Cash Flows focuses on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources at the end of the fiscal year.

Notes to the financial statements.

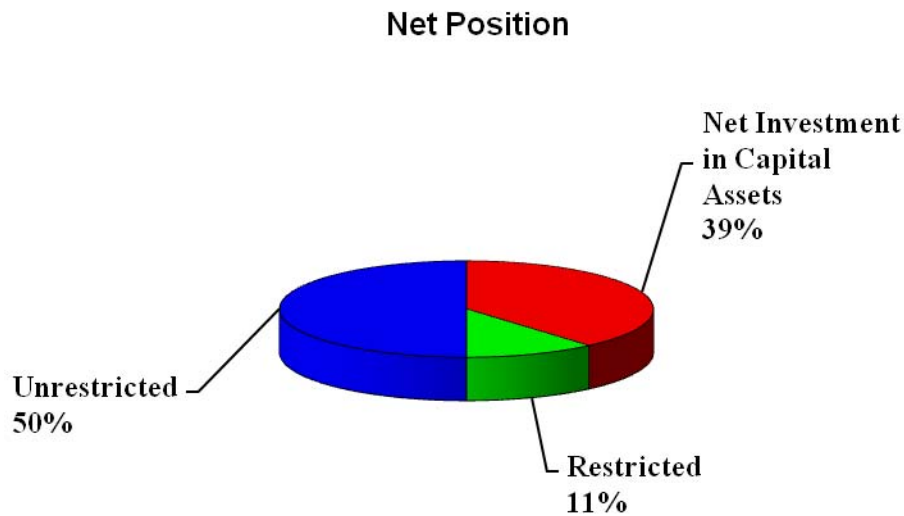

The notes to the financial statements provide additional information that is essential to a complete understanding of the data provided in the basic financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

## Net Position As of August 31, 2013, 2012, and 2011

The College's assets exceeded liabilities by \$26,082,869 at August 31, 2013. Assets amounted to \$35,601,835 with investment in capital assets comprising \$14,410,782 of that total. Capital assets include land, library books, buildings and improvements, construction in progress, vehicles, furniture, and equipment. The College uses these capital assets to provide services to students and, consequently, these assets are not available for future spending. The College's net investment in capital assets is 38.7% of total net position. It should be noted that the capital assets themselves may not be used to liquidate liabilities. Additionally \$2,955,531 or 11.3%, of total net position is externally restricted. The remaining balance of \$13,040,845 represents unrestricted net position that may be used to meet the College's ongoing obligations. Debt related to capital assets was \$4,346,000. Total liabilities amounted to \$9,518,967, of which \$5,761,800 is due next year.

### ECONOMIC FACTORS

Panola College is committed to excellence in instructional programs, student services, service to the community, and leadership in economic development and cultural enrichment of the area. Our ability to meet this commitment is highly dependent on enrollment and state appropriations. The College has seen record student enrollment for each of the last 10 semesters, but state appropriations have not kept up with this increase. Through strong leadership and fiscal management Panola College continues to remain financially strong.

The Board of Trustees and the citizens of the College district are committed to meeting the needs of our students today and in the future. A new 64 bed residence hall was constructed this year to meet current demands for more housing and a \$35 million bond program was passed by the voters to fund additional building needs. The College will continue to strive to meet its mission while providing an affordable education for its students.

PANOLA COLLEGE  
NOTES TO THE FINANCIAL STATEMENTS  
AT AND FOR THE YEARS ENDED AUGUST 31, 2013 AND 2012

1. REPORTING ENTITY

Panola College was established in 1947 in accordance with the laws of the State of Texas to serve the educational needs of the Panola College service area. The College is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the College receives funding from local, state and federal sources, and must comply with the spending, reporting and recordkeeping requirements of these entities, it is not a component unit of any other governmental entity.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The College is reported as a special-purpose government engaged in business-type activities in accordance with GASB Statements 34 and 35.

Tuition Discounting

*Texas Public Education Grants*

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. The amount set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code 56.0333). When the award for tuition is used by the student, the amount is recorded as tuition and a corresponding amount is recorded as a tuition discount.

*Title IV, Higher Education Act (HEA) Program Funds*

Certain Title IV HEA Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as restricted revenue. When the student is awarded and uses these funds for tuition and fees, the amounts are recorded as revenue and a corresponding amount is recorded as a tuition discount.

*Other Tuition Discounts*

The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amounts are recorded as tuition and fee revenue and a corresponding amount is recorded as a tuition discount.

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the College's policy is to apply restricted resources first.

**PANOLA COLLEGE  
NOTES TO THE FINANCIAL STATEMENTS  
AT AND FOR THE YEARS ENDED AUGUST 31, 2013 AND 2012**

Encumbrance accounting, under which purchase orders, contracts, and other commitments for expenditures of funds are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration. Under Texas law, appropriations lapse at August 31, and encumbrances outstanding at that time are to be either cancelled or appropriately provided for in the subsequent year's budget. Encumbrances outstanding at year-end that are provided for in the subsequent year's budget are reported as unrestricted net position since they do not constitute expenditures or liabilities.

**Budgetary Data**

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning.

**Cash and Cash Equivalents**

The College's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

**Investments**

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. (The governing board has designated public funds investment pools comprised of \$795 and \$795 at August 31, 2013 and 2012, respectively, to be short-term investments). Long-term investments have an original maturity of greater than one year at the time of purchase.

**Inventories**

Inventories consist of consumable office supplies, physical plant supplies, food service supplies, and bookstore stock. Inventories are valued at lower of cost under the "first-in, first-out" method, or market and are charged to expense as consumed.

**Capital Assets**

Capital assets are stated at cost. Donated capital assets are valued at their estimated fair market value on the date received. Panola College's capitalization policy includes real or personal property with a value equal to or greater than \$5,000 and has an estimated life of greater than 1 year. The College reports depreciation under a single-line item as a business-type unit. Depreciation is computed using the straight-line method over the estimated useful lives of the assets applying the half-year convention. The following lives are used:

Buildings	30 years
Facilities and Other Improvements	10-20 years
Furniture, Machinery, Vehicles and Other Equipment	5-10 years
Telecommunications and Peripheral Equipment	5 years
Library Books	15 years

PANOLA COLLEGE  
NOTES TO THE FINANCIAL STATEMENTS  
AT AND FOR THE YEARS ENDED AUGUST 31, 2013 AND 2012

**Collections**

The College does not maintain any capitalized collections for public exhibition, education, or research.

**Deferred Revenues**

Tuition, fees, and other revenues received and related to the periods after August 31, 2013 and 2012 have been deferred.

**Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Operating Revenues and Expenses and Non-Operating Revenues and Expenses**

The statement of revenues, expenses and changes in net position distinguishes between operating revenues and expenses and non-operating revenues and expenses. For this purpose, operating revenues, such as tuition and fees, result from exchange transactions associated with the principal ongoing operations of the College. Exchange transactions are those in which each party to the transactions receives or gives up essentially equal values. Non-operating revenues arise from exchange transactions not associated with the College's principal activities (such as investment income and state allocations) and from all non-exchange transactions (such as property taxes and Title IV grants). Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. Non-operating expenses are comprised of interest on long-term debt.

**Net Position**

The College reports its net position in three components. Net investment in capital assets is equal to amounts reported for capital assets net of accumulated depreciation and net of related debt. Restricted net position is reported when assets (net of related debt) can only be used for a specified purpose that is established by grantors, contributors, or laws or regulations governing the College. Unrestricted net position is comprised of all other College assets net of related depreciation and debt that do not meet the definitions of invested in capital assets or restricted.

3. **COMPONENT UNIT (AFFILIATED ORGANIZATION)**

Governmental Accounting Standards Board (GASB) Statement 39 amends GASB Statement 14 regarding the inclusion of annual financial statements of certain non-profit organizations in the primary government's annual report. The Panola College Foundation (the Foundation) is a non-profit corporation organized under the Texas Non Profit Corporation Act. The Foundation is not a governmental entity. The Foundation is exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code. The sole purpose of the Foundation is to strengthen the educational resources of Panola College by encouraging a program of benefactions to the College. Appointments to the board of trustees are ratified by the Panola College board of trustees, and two members of the College's board serve on the Foundation's board. The College discretely presents the financial activity of the Foundation in the College's annual financial report as an affiliated organization. Separate financial statements of the Foundation are normally not issued.

**PANOLA COLLEGE  
NOTES TO THE FINANCIAL STATEMENTS  
AT AND FOR THE YEARS ENDED AUGUST 31, 2013 AND 2012**

Financial transactions in the form of support from the Foundation to the College for the years ended August 31, 2013 and 2012 amounted to approximately \$161,267 and \$38,984 respectively.

Investments in mutual funds and annuities are valued at fair value based on quoted market values obtained from the various investment brokers. The Foundation's investments in mutual funds are all rated "\*\*\*\*" or better by Morningstar Rating Services, except for the investment in TPF Balanced Fund which is unrated.

**4. AUTHORIZED INVESTMENTS**

Panola College is authorized to invest in obligations and instruments as defined in the Public Funds Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute. The investments of the College are in compliance with these investment policies.

**5. DEPOSITS AND SHORT-TERM INVESTMENTS**

During the 2013 and 2012 fiscal years, deposits and investments were comprised of cash on hand, bank demand deposits, bank time deposits, investments with the Lonestar Investment Pool, and mutual funds administered by American Funds Distributors.

Deposits on account with financial institutions were insured by federal depository insurance and collateralized by pledged securities. The pledged securities are held by the depository bank's agent bank in the name of the College. Such securities cannot be released without the express written permission of the Board of Trustees of the College.

The College's temporary investments consist of balances held by Lonestar Investment Pool (Government Overnight Fund) and Lincoln Financial Advisors. The Lonestar Investment Pool is a public fund investment pool created to provide a safe environment for the placement of local government funds in short-term investments. The Government Overnight Fund is regulated by the Securities and Exchange Act and seeks to maintain a net asset value of one dollar, and its dollar weighted average maturity is 57 days or fewer.

**PANOLA COLLEGE

**Policies Governing Deposits and Investments**

In compliance with the *Public Funds Investment Act*, the College has adopted a deposit and investment policy. Specific policies applicable to deposits and investments of the College and the risks of such are described below.

- a. **Credit Risk:** Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The College's investment policy does not limit investments based on credit ratings. The credit ratings for the College's investments are indicated in the preceding paragraphs.
- b. **Custodial Credit Risk – Deposits:** This is the risk that, in the event of a bank failure, the College's deposits may not be returned to it. The College's policy with respect to custodial credit risk complies with State law. At August 31, 2013 and 2012, the bank balance of the College's deposits were \$17,169,354 and \$16,750,685, respectively. Of these balances, the amounts covered by FDIC insurance were \$633,568 and \$656,240 at August 31, 2013 and 2012, respectively. The remaining balance at August 31, 2013 and 2012 of \$16,535,786 and \$16,094,445, respectively, were entirely covered by pledged collateral held by the pledging financial institution in the College's name.

**PANOLA COLLEGE  
NOTES TO THE FINANCIAL STATEMENTS  
AT AND FOR THE YEARS ENDED AUGUST 31, 2013 AND 2012**

- c. **Concentration of Credit Risk:** This is the risk of loss that occurs due to a lack of diversification. The College's investment policy does not limit the amount that may be invested in any one issuer. At August 31, 2013 and 2012, more than five percent of the College's investments, excluding certificates of deposit, were in the following:

<u>Issuer</u>	<u>% of</u>	<u>Investments</u>
<b><u>Mutual Funds</u></b>	<b><u>8/31/13</u></b>	<b><u>8/31/12</u></b>
<b>The Growth Fund of America</b>	<b>18.71%</b>	<b>17.41%</b>

<b>Washington Mutual Investors Fund</b>	<b>18.52%</b>	<b>17.82%</b>
<b>American Balanced Fund</b>	<b>21.44%</b>	<b>21.88%</b>

6. **DERIVATIVES**

Derivatives are investment products which may be a security or contract which derives its value from another security, currency, commodity or index, regardless of the source of funds used. Panola College did not invest in any derivative products during the year.

7. **ENDOWMENTS**

The investment policy of the Board of Trustees is reviewed and adopted annually. Within that investment policy, the investment objective for the endowment fund is to preserve the real purchasing power of the principal and to provide a stable source of perpetual financial support to scholarships in accordance with the endowment spending policy. The brokerage firm or other endowment manager is also adopted annually by the Board of Trustees and is required to certify familiarity with and compliance with the Public Funds Investment Act of the State of Texas and the Investment Policy of the College.

Distributions from endowment investments are required to be spent for the purposes for which the endowment was established. Scholarship distributions are made pursuant to the investment policy. For the years ended August 31, 2013 and 2012, endowment interest, dividend earnings, and capital gains totaled \$32,384 and \$28,280 respectively. **12. PROPERTY TAXES**

Property taxes are levied each October 1 in conformity with Subtitle E, Texas Property Tax Code. A discount of up to 3% is allowed

for taxes paid between October 1 and December 31. Taxes become past due February 1 and become delinquent on June 30. A tax lien attaches to property on January 1 of each year to secure the payment of all taxes, penalties, and interest ultimately imposed. Taxes receivable as reflected on the balance sheet are net of an allowance for doubtful accounts. The allowance is based upon historical experience in collecting property taxes.

Taxes levied for current year operations are summarized below:

14. **EMPLOYEE RETIREMENT PLANS**

The State of Texas has joint contributory retirement plans for almost all its employees.

**Teacher Retirement System of Texas (TRS)**

*Plan Description.* Panola County Junior College District contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing, multiple employer defined benefit pension plan. TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec 67, and Texas Government Code, Title 8, Subtitle C. The Texas state legislature has the authority to establish and amend benefit provisions of the pension plan. TRS issues a publicly available financial report with required supplementary information which can be obtained from [www.trs.state.tx.us](http://www.trs.state.tx.us) under the TRS Publications heading.

*Funding Policy.* Contribution requirements are not actuarially determined but are established and amended by the Texas legislature. The state funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6 percent of the member's annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation of all members of the system; (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of a particular action, the time required to amortize TRS's unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State law provides for a member contribution rate of 6.4 percent for fiscal years 2013, 2012 and 2011. The state contribution rate was 6.0 percent for fiscal years 2013 and 2012. The state contribution rate was 6.644 for fiscal year 2011. In certain instances the reporting district is required to make all or a portion of the state's contributions.

For the years ended August 31, 2013 and 2012, the State of Texas did not provide \$216,161 and \$193,972, respectively, of the On Behalf State Contribution. The total of \$410,133 was paid by the College in fiscal year 2013. Actual contributions by the College equaled the required contributions for 2013 and 2012. Actual contributions to TRS for both the State and the College were equal to the required contributions for 2011. The on behalf amounts have been reflected in the financial statements as revenue and expense. Contributions made for 2011-2013 are shown below:

Fiscal Year Ended	On Behalf State	Panola College	Employee	Total	Covered	Total College
<u>August 31,</u>	<u>Contribution</u>	<u>Contribution</u>	<u>Contribution</u>	<u>Contribution</u>	<u>Payroll</u>	<u>Payroll</u>

**Optional Retirement Program**

*Plan Description.* Participation in the Optional Retirement Program, a defined contribution plan, is in lieu of participation in the Teacher Retirement System of Texas. The optional retirement program provides for the purchase of annuity contracts or mutual funds and operates under the provisions of the Texas Constitution, Article XVI, Sec 67, and the Texas Government Code, Title 8, Subtitle C.

*Funding Policy.* Contribution requirements are not actuarially determined but are established and amended by the Texas legislature. The percentages of participant salaries contributed by the state and each participant are 6.00 and 6.65 respectively for fiscal years 2013 and 2012 and 6.40 for fiscal years 2011. The College contributed 2.5 percent for fiscal years 2013 and 2012 and 2.10 percent for fiscal year 2011 for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual contracts, the state has no additional or unfunded liability for the program.

The on behalf amounts have been reflected in the financial statements as revenue and expense. Actual contributions to ORP, which were equal to the required contributions each year, are shown below:

Year Ended <u>August 31,</u>	On Behalf State <u>Contribution</u>	Panola College <u>Contribution</u>	Participant <u>Contributions</u>	Total <u>Contributions</u>	Covered <u>Payroll</u>
2013	\$127,107	\$30,046	\$140,877	\$298,030	\$2,118,450

2011	140,966	23,946	146,472	311,384	2,202,588

**15. DEFERRED COMPENSATION PROGRAM**

State employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001. As of August 31, 2013 and 2012, the College had twenty-six and twenty-six respectively, employees participating in the tax sheltered annuity program. A total of \$89,100 and \$92,750 in payroll deductions was invested in approved plans during the years ending August 31, 2013 and 2012, respectively.

**16. COMPENSATED ABSENCES**

Upon retirement, termination, or death of full time employees, the College pays employees for unused vacation leave. The College recognized the accrued liability for the unpaid annual leave in the financial statements. Sick leave is not paid to an employee upon death, termination, or retirement; therefore, there is no liability shown in the financial statements.

Vacation is earned at the rate of one day per month up to a maximum of ten days per year for 12 month employees only. Employees accrue vacation during the first six months of employment but are not eligible to take vacation until after six months of continuous employment. Sick leave is also earned at the rate of one day per month up to ten days per year. In addition, two personal days are earned each year.

Total accrued compensated absences representing unused vacation leave amounted to approximately \$224,644 at August 31, 2013 and \$208,537 at August 31, 2012. The liability is shown in the statement of net position split between current and noncurrent in the amounts of \$104,016 and \$120,628 respectively for August 31, 2013 and \$101,365 and \$107,172 respectively for August 31, 2012.

17. HEALTH CARE AND LIFE INSURANCE COVERAGE

Employees of Panola College were covered by a health and life insurance plan (the Plan). The Plan is funded by the State. The State paid premiums of \$470 and \$438 per month per employee to the Plan for the years ending August 31, 2013 and 2012, respectively. Employees, at their option, authorized payroll withholdings to pay premiums for dependents. All premiums were paid to a licensed insurer. The Plan was authorized by Article 3.51.2, Texas Insurance Code.

The College supplements the cost of the plan from local sources for active employees and board members due to the state not fully funding this benefit plan. Cost and employees covered under the plan are summarized below.

Fiscal Year Ended August 31,	Average Number Employees Covered	Board Members Covered	On Behalf State Contributions	College Contributions
2013	138	6	\$ 120,497	\$ 760,071
2012	135	6	112,682	673,816
2011	135	6	565,386	213,107

18. POST-RETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee was \$470 per month for the year ended August 31, 2013 and \$438 per month for the year ended August 31, 2012 and totaled \$529,825 for the year ended August 31, 2013 and \$502,592 for the year ended August 31, 2012. The cost of providing those benefits for 64 retirees in the year ended August 31, 2013 was \$409,328 and benefits for 65 retirees cost \$389,910 in the year ended August 31, 2012. For 138 active employees, the cost was \$120,497 for the year ended August 31, 2013 and active employee benefits for 135 employees cost \$112,682 for the year ended August 31, 2012.

Panola College as allowed, but not required by state statutes, presently reimburses retired employees for the cost of continuation of dental insurance. This is the same amount provided to active employees employed prior to May 26, 1998 who participate in the dental plan.

Additionally, the College in accordance with state statutes, funds the costs of health insurance of retired employees who formerly worked in auxiliary departments of the College. Shown below are costs and coverages associated with the dental and health insurance plans.

Year Ended August 31,	Average Number Retirees Covered	Average Monthly Dental Premium	Retired Auxiliary Employees	Average Monthly Health Insurance Premium
2013	51	\$ 20.00	2	\$ 470
2012	52	20.00	2	438
2011	56	20.00	2	413

**19. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS**

The College contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit postemployment healthcare plan administered by the Employee Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

ERS issues a publicly available financial report that includes financial statements and required supplementary information for SRHP. That report may be obtained from ERS via their website at <http://www.ers.state.tx.us/>.

Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy which is actuarially determined in accordance with the parameters of GASB Statement 45.

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed 30 years.

The College's contributions to SRHP for the years ended August 31, 2013, 2012, and 2011 were \$760,071, \$673,816, \$213,107, respectively, which equaled the required contributions each year.

**Significant Accounting Policies Used in Preparing the Schedules**

The expenditures included in the schedules are reported for the College's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported on pages 56 and 57 represent funds which have been expended by the College for the purposes of the award. The expenditures reported in the schedules may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedules may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedules.

**Relationship to Federal and State Financial Reports**

Amounts reflected in the financial reports filed with grantor agencies for the programs and in the schedules of expenditures of federal and state awards may be different because of program year ends and accruals that will be reflected in the next report filed with the agencies.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees  
Panola College  
Carthage, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of Panola College as of and for the year ended August 31, 2013, which collectively comprise Panola College's basic financial statements and have issued our report thereon dated November 20, 2013.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Panola College's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Panola College's internal control. Accordingly, we do not express an opinion on the effectiveness of Panola College's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS* - CONTINUED**

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Panola College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

*Public Funds Investment Act*

We have performed tests designed to verify Panola College's compliance with the requirements of the Public Funds Investment Act. During the year ended August 31, 2013, no instances of noncompliance were found.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Trustees  
Panola College  
Carthage, Texas

### **Report on Compliance for Each Major Federal Program**

We have audited Panola College's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Panola College's major federal programs for the year ended August 31, 2013. Panola College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### ***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of Panola College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Panola College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS  
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
IN ACCORDANCE WITH OMB CIRCULAR A-133 - CONTINUED**

**Report on Compliance for Each Major Federal Program - Continued**

*Auditor's Responsibility - Continued*

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Panola College's compliance.

*Opinion on Each Major Federal Program*

In our opinion, Panola College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2013.

**Report on Internal Control Over Compliance**

Management of Panola College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered Panola College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Panola College's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS  
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
IN ACCORDANCE WITH OMB CIRCULAR A-133 - CONTINUED**

**Report on Internal Control Over Compliance - Continued**

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
