INDEPENDENT AUDITOR'S REPORT

Members of the Board of Trustees
Laredo Community College District
Laredo, Texas

We have audited the accompanying basic financial statements of the Laredo Community College District (the "District"), as of and for the year ended August 31, 2012, as listed in the table of contents. These basic financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the District as of August 31, 2012, and the respective changes in financial position, and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2012, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis section be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of

the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The accompanying introductory section, supplemental schedules and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal and state awards are presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the *State of Texas Single Audit Circular*, and are also not a required part of the basic financial statements. The supplemental schedules of operating revenues, operating expenses by object, non-operating revenues and expenses, net assets by source and availability, and schedules of expenditures of federal and state awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on them.

Management Discussion and Analysis
Year Ending August 31, 2012**

Overview of the Financial Statements and Financial Analysis

This section of Laredo Community College's Annual Financial Report presents Management's Discussion and Analysis of the College's financial position and activities for the year ended August 31, 2012, and comparative information for the year ended August 31, 2011 and August 31, 2010. Since the emphasis of discussion about these statements will be on current activities, resulting change and currently known facts, it should be read in conjunction with the College's Basic Financial Statements and the footnotes.

The financial statements of this annual report consist of three parts – Management's Discussion and Analysis, the Basic Financial Statements, and Required Supplementary Information. The financial statements, consisting of the Statement of Net Assets; the Statements of Revenues, Expenses, and Changes in Net Assets; and the Statements of Cash Flows are prepared in accordance with the Governmental Accounting Standards Board Statements No. 34 (GASB 34), *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*; and No. 35 (GASB 35), *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*.

These three statements will assist the reader in determining whether the College, as a whole, is performing financially better this year as compared to last year. These statements are prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged.

This discussion and analysis of the College's financial statements provides an overview of its financial activities for the year.

Financial Highlights

- The College's total combined net assets were \$44,222,832 at August 31, 2012. Of this amount, \$18,227,739 may be used to meet the College's ongoing obligations.

- During the fiscal year, the College's combined net assets increased by \$4,672,747 or 11.81%.

- During fiscal year 2012, the balance of cash and cash equivalents increased by \$33,962,721 or 70.35%. The increase was primarily due to the receipt of funds from the issuance of Maintenance Tax Notes and Revenue Bonds. Tuition and Fees receivables increased by \$1,427,281 or 20.30%.

- Capital assets, net of accumulated depreciation, at August 31, 2012, had an increase of \$19,992,905 from August 31, 2011. Changes to capital assets include an increase to buildings of \$33,654,324 due to the addition of three new buildings and the capitalization of remodeling costs to the Moore and the Historical Chapel buildings. Changes also included an increase to land improvements of \$1,022,187, an increase to furniture and equipment of \$2,884,660, an increase of \$111,215 to library books and a decrease to construction in process of \$13,627,954.

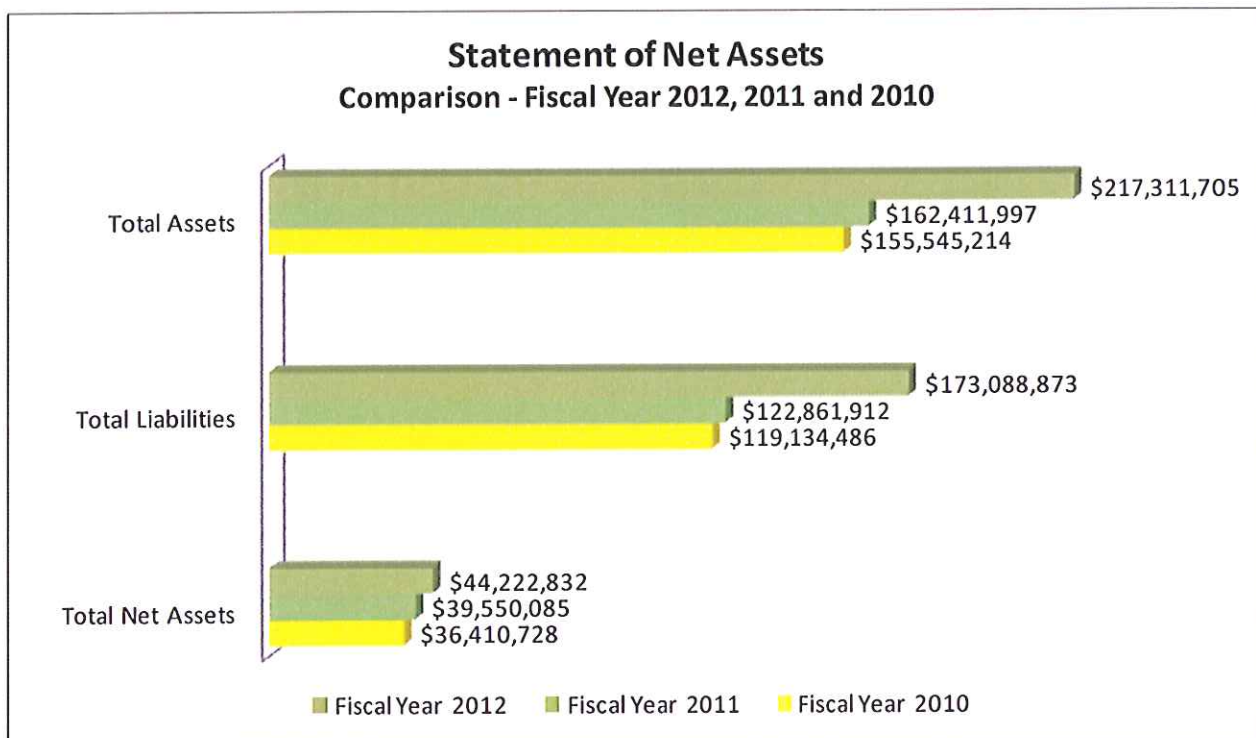

Statement of Net Assets

The statement of net assets presents the assets, liabilities and net assets of the College as of the end of the fiscal year. The purpose of the statement of net assets is to present to the readers of the financial statements a fiscal snapshot of Laredo Community College.

From the data presented, readers of the statement of net assets are able to determine the assets that are available to continue the operations of the College. They are also able to determine how much the College owes vendors, investors and lending institutions. Finally, the statement of net assets provides a picture of the net assets (assets minus liabilities) of the institution for the years ended August 31.

Condensed financial information from the Statements of Net Assets is as follows:

Statement of Net Assets			
	2012	2011	2010
Assets:			
Current assets	\$ 96,802,300	\$ 61,894,797	\$ 72,989,602

Non-current liabilities	149,465,355	99,008,101	102,135,609
Total liabilities	173,088,873	122,861,912	119,134,486
Investment in capital assets, net of related debt	13,260,689	8,389,756	9,985,526
Restricted net assets	12,734,404	15,445,033	11,630,442
Unrestricted net assets	18,227,739	15,715,296	14,794,760
Total net assets	\$ 44,222,832	\$ 39,550,085	\$ 36,410,728

The total assets of the College increased \$54,899,708 or 33.80% compared to the prior year, from \$162,411,997 in 2011 to \$217,311,705 in 2012. Within the assets section, current assets increased by 56.40% - equal to \$34,907,503. This increase is due to an increase in cash and cash equivalents of \$33,962,721. The increase in cash and cash equivalents is attributed to the receipt of maintenance tax note proceeds and revenue bond proceeds for Phase II of the Facilities Master Plan. Also increasing in this section were property taxes receivable which increased by \$173,656 and Tuition and Fee receivables which increased by \$1,427,281, compared to the prior year. Also increasing in this area were prepaid expenses which increased by \$68,611 compared to the prior year. These increases were mainly offset by decreases to Federal receivables of \$103,352 and decreases to other receivables of \$621,018.

Also within this section, capital assets, net of accumulated depreciation, increased by \$19,992,205 or 19.89%. The increase was primarily due to an increase in buildings of \$33,654,324 during fiscal year 2012. The increase in buildings was attributed to the capitalization of the Lewis Energy Academic Building, the capitalization of the Visual and Performing Arts Building, the capitalization of the Moore Vocational Building the capitalization of the Chapel, and the acquisition of the Carlos Jose De Llano Complex. In addition, there was an increase of \$1,022,187 in land improvements due to the capitalization of the North Side Parking Lot project and an increase of \$2,884,660 in furniture and equipment attributed to the acquisition of furniture and equipment for the Lewis Energy Academic Building and the Visual and Performing Arts Building. Other increases in capital assets included an increase to library books of \$111,215. The increases were offset by decreases in construction in process in the amount of \$13,627,954 attributed to the capitalization of Facilities Master Plan Phase I projects and a \$517,710 decrease in leasehold interest due to fiscal year 2012 disposals.

On the liability side, the total liabilities of the College increased by \$50,226,961 or 40.88% compared to fiscal year 2011, from \$122,861,912 in 2011 to \$173,088,873 in 2012. Within this net change, current liabilities decreased by \$230,293, or 0.97%, due primarily to decreases in accounts payable of \$952,060, decreases in capital leases payable of \$112,965 and decreases in retainage payable of \$364,663. These decreases were offset by increases in bonds payable – current portion of \$616,893, increases in deferred revenues for Fall 2013 tuition and fees that were unearned at year-end of \$100,799 and an increase of \$419,872 in compensated absences payable – current portion.

Non-current liabilities increased by \$50,457,254, or 50.96% from \$99,008,101 in 2011 to \$149,465,355 in 2012. The primary change that contributed toward this increase was an increase to bonds payable – noncurrent of \$50,651,059 due to the issuance of Maintenance Tax Notes Series 2011 in the amount of \$40,730,000 and the issuance of Revenue Bonds Series 2011 in the amount of \$12,390,000.

The increase in total assets from 2011 to 2012 of \$54,899,708 and the increase in total liabilities of \$50,226,961 yields an increase in total net assets of \$4,672,747. Thirty percent of net assets, \$13,260,689, reflect the College's investment in capital assets net of related debt. Restricted net assets such as endowment gifts, grants from third-party agencies with expenditure restrictions, student loan funds, and assets designated for debt service represent and additional 29%. The remaining forty one percent of net assets, \$18,227,739 are unrestricted net assets and may be used for educational or general operations by the College.

The total assets of the College from fiscal year 2010 to 2011 increased by \$6,866,783 or 4.41%, from \$155,545,214 in 2010 to \$162,411,997 in 2011. Within the assets section, current assets decreased by 15.20% - equal to \$11,094,805. This decrease was due to a decrease in short term investments of \$27,405,994. The decrease in short term investments was attributed to Treasury Bill investments maturing during fiscal year 2011. Also decreasing in this section were property taxes receivable which decreased by \$519,065 and Federal receivables which decreased by \$60,729, compared to fiscal year 2010. These decreases were mainly offset by an increase to cash and cash equivalent of \$14,431,578 and increase of \$1,754,539 in tuition and fees receivable.

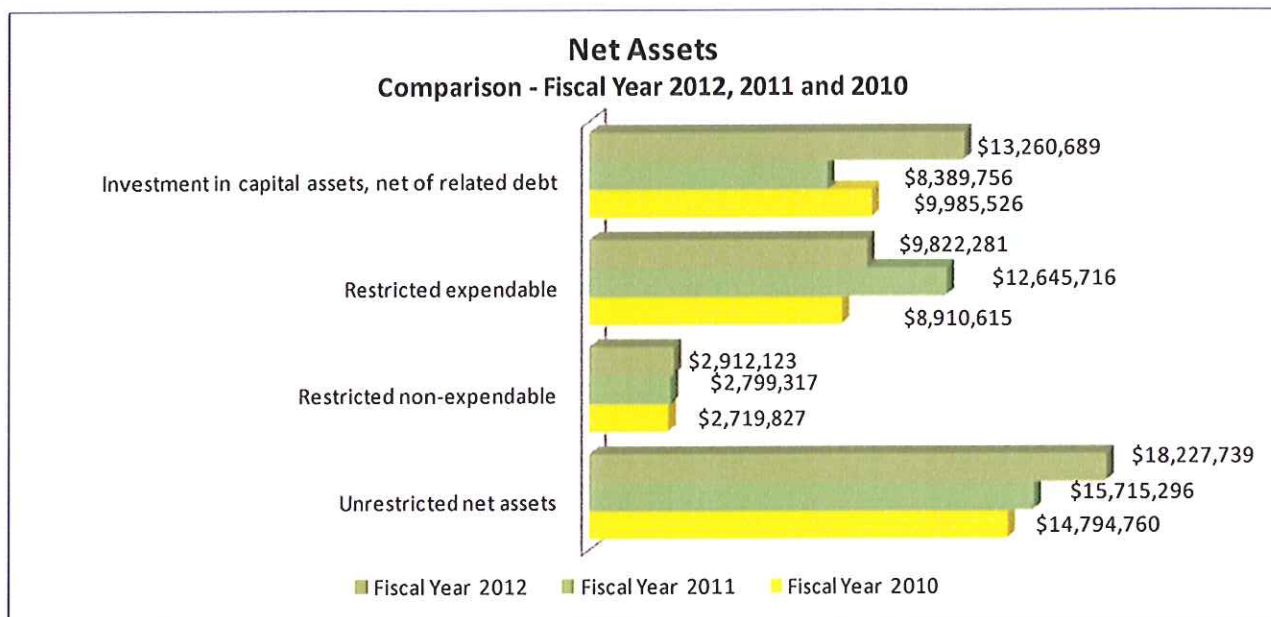

Also within this section, capital assets, net of accumulated depreciation, increased by \$17,961,588. The increase was primarily due to an increase in construction in progress of \$15,638,803 during fiscal year 2011. The increase in construction in progress was attributed to construction projects for Phase I and II of the Facilities Master Plan at August 31, 2011. In addition, there was an increase of \$3,410,291 in land

improvements due to the capitalization of the South Campus Recreation Complex and an increase of \$99,372 in buildings attributed to the capitalization of the paint room storage addition to the Raquel Gonzalez Automotive Technology Center. The increases were offset by decreases in buildings in the amount of \$818,809 attributed to the disposal of the Fort McIntosh dorm complex and a \$143,795 decrease in furniture and equipment due to fiscal year 2011 equipment and furniture disposals.

Total liabilities of the College increased from fiscal year 2010 to fiscal year 2011 by \$3,727,426 or 3.13%, from \$119,134,486 in 2010 to \$122,861,912 in 2011. Within this net change, current liabilities increased by \$6,854,934, or 40.33%, due primarily to an increase of \$3,240,106 in deferred revenues for Fall 2012 tuition and fees that were unearned at fiscal year-end 2011 and an increase of \$2,530,376 in accounts payable.

Non-current liabilities decreased by \$3,127,508, or 3.06% from \$102,135,609 in 2010 to \$99,008,101 in 2011. The primary change that contributed toward this decrease was a decrease to bonds payable – noncurrent of \$3,452,465 due to principal payments and associated amortization of bond discount, premium and deferred loss during fiscal year 2011.

The increase in total assets from 2010 to 2011 of \$6,866,783 and the increase in total liabilities of \$3,727,426 yielded an increase in total net assets of \$3,139,357. Twenty one percent of net assets, \$8,389,756, reflect the College’s investment in capital assets net of related debt. Restricted net assets such as endowment gifts, grants from third-party agencies with expenditure restrictions, student loan funds, and assets designated for debt service represent an additional 39%. The remaining forty percent of net assets, \$15,715,296 were unrestricted net assets at fiscal year-end 2011.

Statement of Revenues, Expenses and Changes in Net Assets

The purpose of the statement of revenues, expenses and changes in net assets is to present the operating and non-operating revenues received by the College, and operating and non-operating expenses incurred by the College, as well as any other revenues or expenses received or spent by the College.

Generally, operating revenues and expenses are transactions that occur in carrying out the mission of the College. Operating revenues are received in exchange for services while operating expenses are incurred to provide these services. Non-operating revenues are revenues for which goods and services are not provided. Non-operating expenses are incurred in activities that are outside of the College’s mission. State appropriations, Title IV funds and ad valorem tax revenues are reported as non-operating in compliance with GASB.

The following summary is prepared from the College's Statements of Revenues, Expenses and Changes in Net Assets for the fiscal years ended August 31:

Statement of Revenues, Expenses and Changes in Net Assets

	2012	2011	2010
Operating Revenues	\$ 18,727,066	\$ 17,846,964	\$ 16,999,328
Operating Expenses	74,996,845	78,053,894	75,021,438
Operating Loss	(56,269,779)	(60,206,930)	(58,022,110)
Non-operating revenues and expenses	60,942,526	63,346,287	60,536,248
Increase in net assets	4,672,747	3,139,357	2,514,138
Net assets at beginning of year	39,550,085	36,410,728	33,896,590
Net assets at end of year	\$ 44,222,832	\$ 39,550,085	\$ 36,410,728

The statement of revenues, expenses and changes in net assets reflects an increase to net assets of \$4,672,747 for fiscal year 2012, compared to an increase of \$3,139,357 for fiscal year 2011.

As is normal, operations yielded a loss for the year of \$56,269,779. This is commonly referred to as the burden on taxpayers. The operating loss does not include state appropriations, Title IV funds, or ad valorem taxes, which are reported as non-operating revenues as required by GASB 35.

The operating loss decreased by \$3,937,152 or 6.54%, from \$60,206,931 in fiscal year 2011, to \$56,269,779 in fiscal year 2012. Operating revenues increased by \$880,102, and total operating expenses decreased by \$3,057,050.

Total operating revenues increased by \$880,102, which primarily consisted of an increase of \$647,577 in auxiliary enterprise revenue, an increase of \$544,489 in federal grants and contracts revenue, an increase of \$256,532 in nongovernment grants and contracts and an increase of \$301,900 in general operating revenues. In addition, the College experienced decreases in state grant revenues of \$646,211 and investment income of \$124,624.

For Fiscal Year 2011, the statement of revenues, expenses and changes in net assets reflects an increase to net assets of \$3,139,357, compared to an increase of \$2,514,138 for fiscal year 2010.

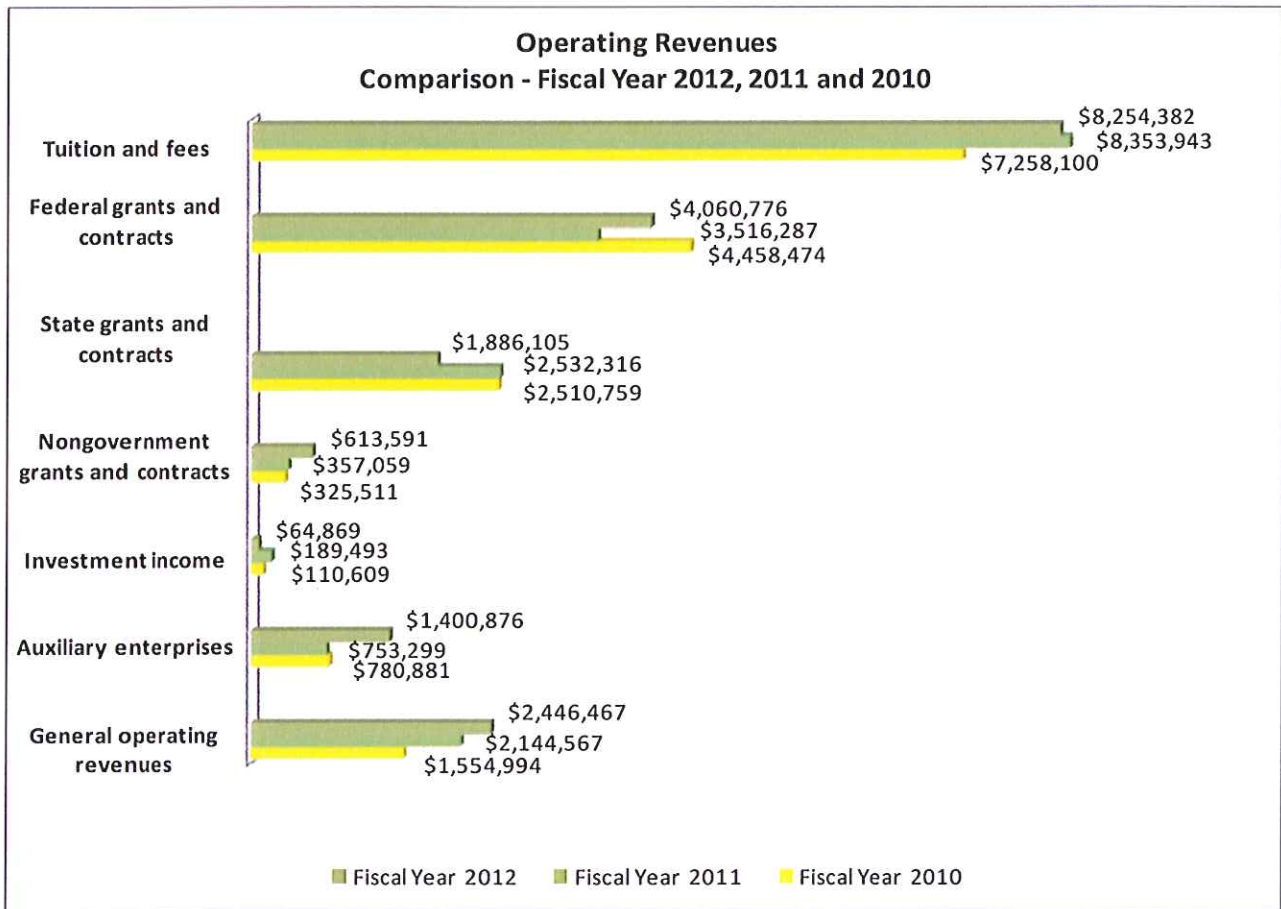

As is normal, operations yielded a loss for the year of \$60,206,930. This is commonly referred to as the burden on taxpayers. The operating loss does not include state appropriations, Title IV funds, or ad valorem taxes, which are reported as non-operating revenues as required by GASB 35.

The operating loss increased by \$2,184,820 or 3.77%, from \$58,022,110 in fiscal year 2010, to \$60,206,930 in fiscal year 2011. Operating revenues increased by \$847,636, and total operating expenses increased by \$3,032,456.

Total operating revenues increased by \$847,636, which primarily consisted of an increase of \$1,095,843 in tuition and fees, an increase of \$78,884 in investment income, increases of \$21,557 and \$31,548 in state and nongovernment grants and contracts and an increase of \$589,573 in general operating revenues. In addition, the College experienced decreases in federal grant revenues of \$942,187 and auxiliary enterprise revenue of \$27,582.

Operating revenues, used to fund operating expenses, consisted of the following percentages of the total:

Operating revenues	2012		2011		2010	
	Amount	Percentage of Total	Amount	Percentage of Total	Amount	Percentage of Total
Tuition and fees (net of discounts)	\$ 8,254,382	44.08%	\$ 8,353,943	46.81%	\$ 7,258,100	42.70%
Federal grants and contracts	4,060,776	21.68%	3,516,287	19.70%	4,458,474	26.23%
State grants and contracts	1,886,105	10.07%	2,532,316	14.19%	2,510,759	14.77%
Nongovernment grants and contracts	613,591	3.28%	357,059	2.00%	325,511	1.91%
Investment income (program restricted)	64,869	0.35%	189,493	1.06%	110,609	0.65%
Auxiliary enterprises (net of discounts)	1,400,876	7.48%	753,299	4.22%	780,881	4.59%
Other operating revenues	2,446,467	13.06%	2,144,567	12.02%	1,554,994	9.15%
Total	\$ 18,727,066	100.00%	\$ 17,846,964	100.00%	\$ 16,999,328	100.00%

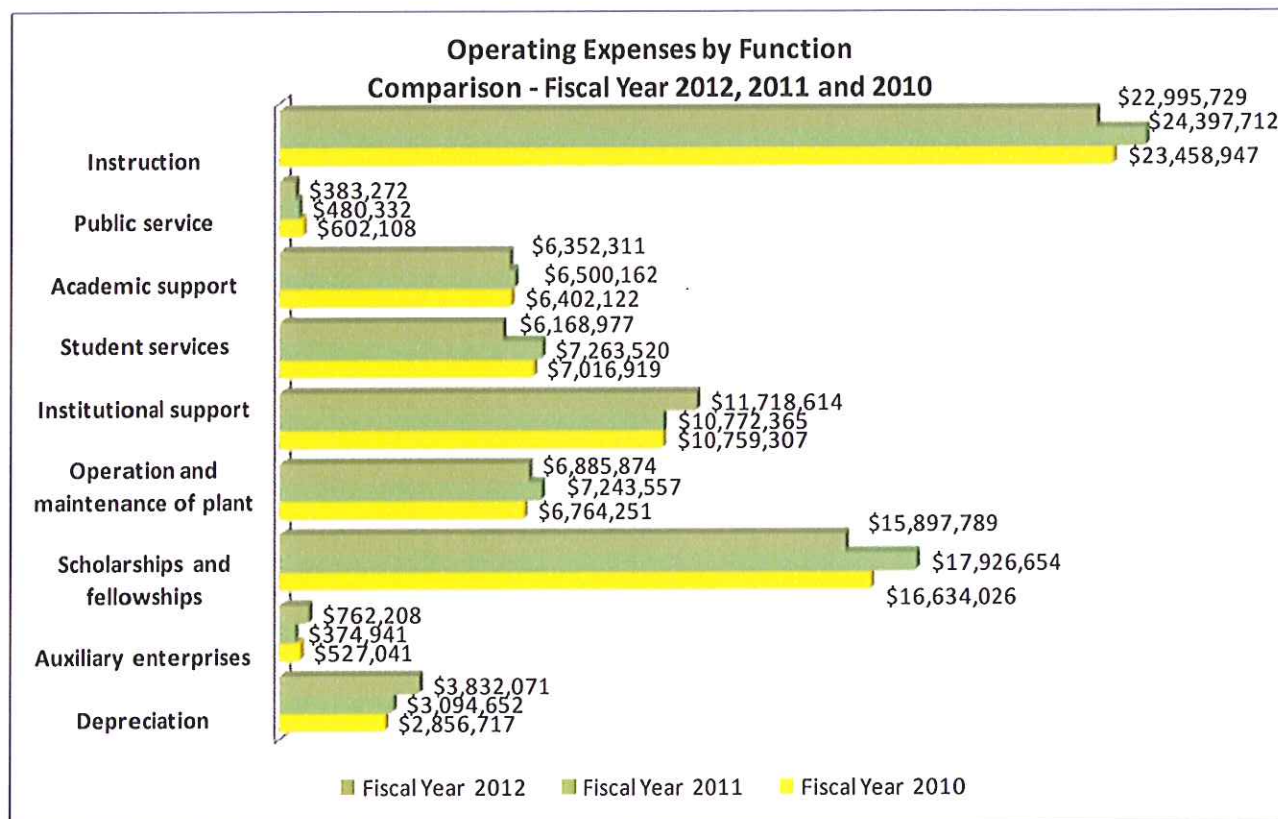

For 2012 operating expenses decreased by 3.92%, or \$3,057,050 compared to the prior year. The decrease in operating expenses was due to the result of budgeted level spending reductions associated with State appropriation cuts. An analysis of operating expenses by function indicates the most significant year-to-year reduction in expenditures to be in scholarships by \$2,028,865 or 11.32% and in instruction by \$1,401,983 or 5.75%. The decrease in scholarship expense is primarily due to a decrease in funds available from grants and scholarships to help students meet their educational needs. The decrease in instructional expenditures is due to a decrease in benefit expenditures due to State reductions in health and retirement benefit contributions.

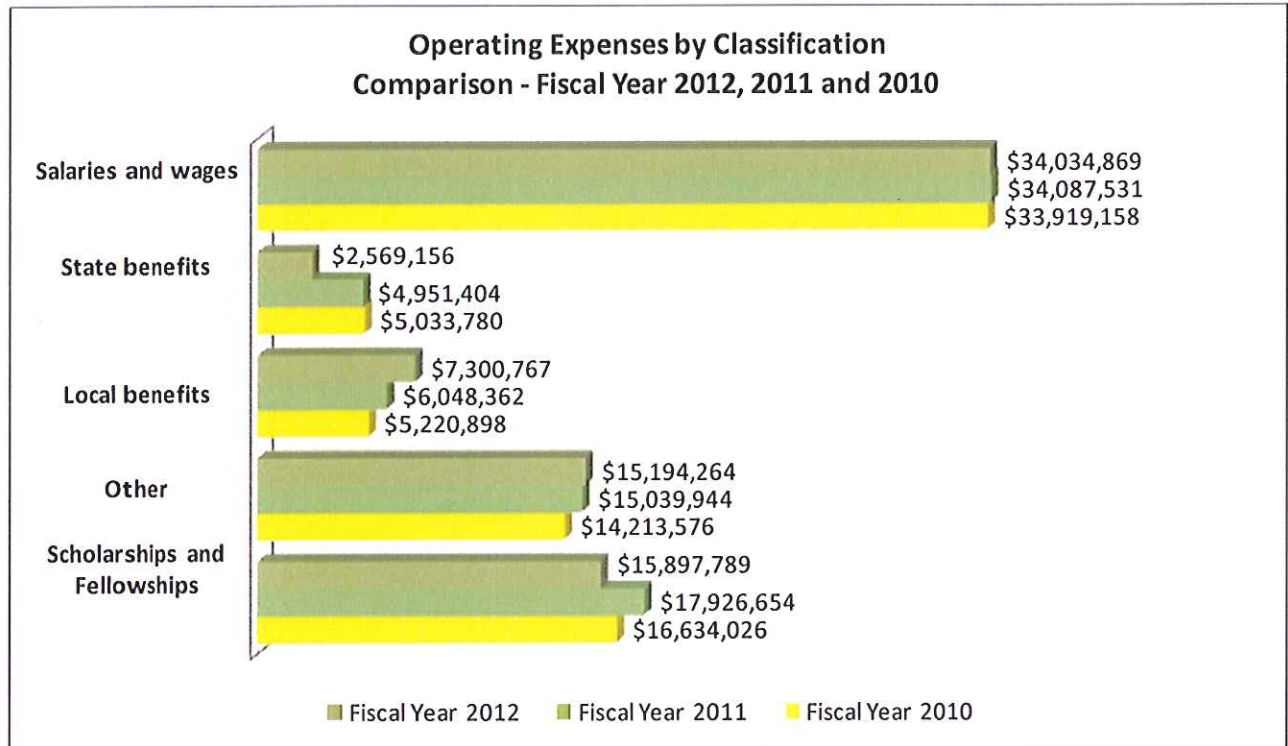

During 2011 operating expenses increased by 4.04%, or \$3,032,457 for the year. The increase in operating expenses was due to the result of budgeted level spending associated with increased operating costs associated with enrollment growth. An analysis of operating expenses by function indicates the most significant year-to year expense change to be in scholarships by \$1,292,628 or 43% and instruction by \$938,765 or 31%. The increase in scholarship expense is primarily due to an increase in funds available to help students meet their educational needs.

Operating expenses, including depreciation, may be viewed by their function or by natural (object) classification as illustrated below:

Net non-operating revenues (expenses) decreased over fiscal year 2011 by 3.79%, or \$2,403,761. The decrease in revenues was due primarily to a decrease in State appropriations of \$3,245,940. The decrease in State appropriations was due to State reductions in health and retirement benefit contributions of \$1,269,973 and \$1,112,276 respectively and a reduction of \$863,961 in general appropriations. In addition, there was an increase of \$1,404,031 in interest on capital related debt due to interest payments on debt issued for the Facilities Master Plan Phase I. The decrease was offset by an increase in maintenance and operations tax revenue of \$2,361,186 or 11.17% compared to the prior year.

For 2011, net non-operating revenues (expenses) increased over fiscal year 2010 by 4.64%, or \$2,810,039. The increase in revenues was due primarily to increases in ad valorem taxes and Federal Revenue, Non-Operating in the amount of \$275,029 and \$3,544,633, respectively. The increase was offset by an increase in interest on capital related debt of \$1,338,449. The increase in interest on capital related debt was attributed to interest payments on new debt issued for the Facilities Master Plan Phase I.

The Statement of Revenues, Expenses, and Changes in Net Assets reflect a positive year with an increase in net assets at the end of the year.

Some highlights of the information presented on the Statements of Revenues, Expenses, and Changes in Net Assets are as follows:

- Tuition and fees were discounted by \$12,616,309 and \$10,631,923 in fiscal years 2012 and 2011 respectively, which consisted of federal, state, local and private grants that were provided as financial aid to students and other remissions and exemptions.
- Tax collections for maintenance and operations increased 8.93% from \$20,657,109 in 2011 to \$22,501,125 in 2012.
- The tax rates assessed in fiscal years 2011 and 2012 were \$0.23812 and \$0.25854 respectively.

Statement of Cash Flows

The final statement in our presentation is the statement of cash flows. It presents detailed information about the cash activity of the College during the year. The statement is divided into five sections. The first section reports the operating cash flows used by the College in its operating activities. For the year, the primary sources of operating cash inflows were tuition and fees and grant revenues. Conversely, the primary operating cash outflows were payments of salaries and fringe benefits. Net cash outflows for the year were \$53,939,159.

The second section reports cash flows from noncapital financing activities. This section includes cash received and spent for non-operating, non-investing, and non-capital financing purposes. The College experienced a net cash inflow for the year of \$62,448,321. The primary sources of cash were receipts from state appropriations, receipts from non-operating federal revenue and ad valorem (property) taxes levied for the maintenance and operation of plant, which generated an inflow of \$13,617,534 \$25,321,007 and \$23,331,480 respectively.

For 2011, the College experienced a net cash inflow of \$64,004,934. The primary sources of cash were receipts from state appropriations, receipts from non-operating federal revenue and ad valorem (property) taxes levied for the maintenance and operation of plant, which generated an inflow of \$16,863,474, \$25,314,801 and \$21,663,015 respectively.

The third section reflects the cash flows from financing activities. This section deals with the cash used for the acquisition and construction of capital assets. Net cash inflows for the year were \$24,772,276. The primary cash inflows were receipts from the issuance of capital debt in the amount of \$53,120,000 for the financing of the Facilities Master Plan Phase II and ad-valorem taxes of \$4,307,134. The primary uses of the cash were outflows for payments on acquisition of capital assets in the amount of \$24,074,347 and payments on capital debt, leases, principal, interest and fees of \$8,592,068.

For 2011, net cash outflows for the year were \$24,126,657. The primary uses of the cash were outflows for payments on acquisition of capital assets in the amount of \$19,779,006 and payments on capital debt, leases, principal, interest and fees of \$8,663,654. The primary cash inflows were ad-valorem taxes of \$4,269,388.

The fourth section reports cash flows from investing activities. It reports cash used for investment purposes and the proceeds and interest received from investing activities. For 2012, the College experienced a net cash inflow of \$681,283 from receipts from interest on investments.

For Fiscal Year 2011, the College experienced a net cash inflow of \$28,203,225. The primary cash inflows were receipts from sales and maturities of investments of \$27,405,994 and receipts from interest on investments of \$797,231.

The fifth section reconciles the net cash used by operating activities to the operating income or loss reflected on the statement of revenues, expenses and changes in net assets.

Capital Assets and Long-Term Debt

During the year, \$49,495,528 of new assets was capitalized. This amount is composed of the following:

- \$16,452,808 increase to buildings due to the capitalization of the Lewis Energy Academic Building
- \$11,510,838 of construction in progress related to the Facilities Master Plan phase II projects
- \$ 9,698,988 increase to buildings due to the capitalization of the Visual and Performing Arts Building
- \$ 4,336,575 increase to buildings due to the capitalization of the Moore Vocational Building
- \$ 2,902,190 of new equipment was capitalized
- \$ 1,633,175 increase due to the acquisition of new buildings at the Carlos Jose De Llano Complex
- \$ 1,532,778 increase to buildings due to the capitalization of the Historic Chapel Renovation project
- \$ 1,022,187 increase to land improvements due to the capitalization of the North side parking lot.
- \$ 277,361 for the acquisition of land for the Carlos Jose de Llano Complex
- \$ 121,766 of new library books was capitalized.
- \$ 6,862 for a capital lease of computer equipment.

Long-term debt increased by \$50,651,059 during fiscal year 2012. The increase is due primarily to the issuance of Maintenance Tax Notes in the amount of \$40,730,000 and the issuance of Revenue Bonds in the amount of \$12,390,000 for the financing of Phase II of the Facilities Master Plan.

Long-term debt decreased by \$3,452,465 during fiscal year 2011. The decrease is due primarily to principal payments on long-term debt.

Economic Outlook

The College is not aware of any currently known facts, decisions, or conditions that are expected to have a significant effect on the financial position or results of operations during the coming fiscal year beyond those unknown variations having a global effect on virtually all types of business operations.

Increases in ad valorem taxes, federal grants, operating revenues, and decreases in operating expenses largely offset the decrease in state appropriations and the loss of tuition and fee revenue attributed to decreases in enrollment during the 2012 spring semester and the 2012 summer sessions.

Laredo Community College is financially sound and the economic outlook remains bright. As of August 31, 2012, the District's Unrestricted Net Assets totaled \$18,227,739. As a whole, Laredo Community College's net assets increased by 11.81% or \$4,672,747 from \$39,550,085 in fiscal year 2011 to \$44,222,832 in fiscal year 2012. For fiscal years 2011 and 2010 the College's net assets increased by 8.62% or \$3,139,357 from \$36,410,728 in fiscal year 2010 to \$39,550,085 in fiscal year 2011.

Laredo Community College District
Notes to Financial Statements
August 31, 2012

Note 1 – Reporting Entity

Laredo Community College (the College) was established in 1947 (as Laredo Junior College) in accordance with the laws of the State of Texas, to serve the educational needs of the public and the surrounding communities. The Laredo Community College District is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

Note 2 – Summary of Significant Accounting Policies

Report Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public and Community and Junior Colleges*. The College applies all applicable GASB pronouncements and all applicable *Financial Accounting Standards Board (FASB)* statements and interpretations issued on or before November 30, 1989 unless they conflict or contradict GASB pronouncements. The College has elected not to apply FASB guidance issued subsequent to November 30, 1989, unless specifically adopted by the GASB. The College is reported as a special-purpose government engaged in business-type activities.

Tuition Discounting

Texas Public Education Grants. Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code 56.033). When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act Program Funds. Certain Title IV HEA Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts. The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Budgetary Data

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Cash and cash equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits, and short term investments with original maturities of three months or less from the date of acquisition.

Investments

In accordance with GASB 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity greater than one year at the time of purchase.

Inventories

Inventories consist of consumable office supplies and physical plant supplies. Inventories are valued at FIFO and are charged to expense as consumed.

Capital assets

Capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation, with one exception. The cost of several of the College's buildings could not be obtained. In lieu of cost, each building's estimated replacement cost was adjusted using the consumer price index of the year the College received title to the building to determine a capitalized value. For equipment, the District's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. Renovations of \$100,000 to buildings and infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets applying the half-year convention. The following lives are used:

Buildings and Building Improvements	50 years
Land Improvements	20 years
Library Books	15 years
Furniture, Machinery, Vehicles and Other Equipment	10 years
Telecommunications and Peripheral Equipment	5 years

Deferred revenues

Tuition and fees of \$10,900,013 and \$9,996,453 and federal, state, and local grants of \$1,088,759 and \$1,837,541 have been reported as deferred revenues at August 31, 2012 and August 31, 2011 respectively.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating and non-operating revenue and expense policy

The College distinguishes operating revenues and expenses from non-operating items. The college reports as business type activities and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees.

The major non-operating revenues are state appropriations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. The operation of the bookstore and cafeteria is not performed by the College.

Characterization of Title IV Grant Revenue

In response to guidance provided by the Government Accounting Standards Board (GASB) as question/answer 7.72.10 in the Implementation Guide, revenue received for federal Title IV grant programs (i.e. Pell grants) is now characterized as non operating revenue as opposed to operating revenue.

Note 3 – Authorized Investments

The Board of Trustees of Laredo Community College has adopted a written investment policy regarding the investment of its funds as defined in the Public Funds Investment Act (Chapter 2256.001, Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

Note 10 – Defeased Bonds Outstanding

The College defeased outstanding general obligation bonds by placing the proceeds of the new bonds in an irrevocable trust to provide for the future debt service payments on the old bonds. Accordingly, neither the trust account assets nor the defeased bonds are included in the College’s financial statements.

Bond issue	Year refunded	Par value outstanding at August 31, 2012

Limited tax bonds, series 2002	2006	17,645,000
Total		<u>\$ 21,785,000</u>

Note 11 – Employees' Retirement Plan

The State of Texas has joint contributory retirement plans for almost all its employees. One of the primary plans in which the College participates is administered by the Teacher Retirement System of Texas.

Teacher Retirement System of Texas

Plan Description. The Laredo Community College District contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing multiple employer defined benefit pension plan. TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. The Texas state legislature has the authority to establish and amend benefit provisions of the pension plan. TRS issues a publicly available financial report with required supplementary information which can be obtained from www.trs.state.tx.us, under the TRS Publications heading.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The state funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of no less than 6 percent of the member's annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation of all members of the system; (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of a particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State law provides for a member contribution rate of 6.4 percent for fiscal years 2012 and 2011 and a state contribution rate of 6 percent for fiscal year 2012 and a state contribution rate of 6.64 percent for fiscal year 2011. In certain instances the reporting district is required to make all or a portion of the state's 6.00 and 6.64 percent contribution for fiscal year 2012 and 2011.

Optional Retirement Plan

Plan Description. The state has also established an optional retirement program for institutions of higher education. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The percentages of participant salaries currently contributed by the state and each participant are 6 percent and 6.65 percent, respectively. The College contributes 2.50 percent for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program.

The retirement expense to the State for the College was \$663,268 and \$1,775,544 for the fiscal years ended August 31, 2012, and August 31, 2011, respectively. This amount represents the portion of expended appropriations made by the State Legislature on behalf of the college.

The total payroll for all College employees was \$34,034,870 and \$34,087,531 for the fiscal years ended August 31, 2012, and 2011, respectively. The total payroll of employees covered by the Teacher Retirement System was \$20,586,143 and \$20,418,220 and the total payroll of employees covered by the Optional Retirement Program was \$9,924,610 and \$10,248,531 for fiscal years 2012 and 2011, respectively.

Note 12 – Deferred Compensation Plan

College employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001.

Note 13 – Compensable Absences

Regular College personnel employed on a twelve-month basis are entitled to ten working days (80 hours) per fiscal year as vacation time.

Terminating employees are paid their accrued vacation from the current fiscal year's budget. This amount is recoverable due to a policy change put into effect in 2003; whereby, the position vacated by the terminating employee is kept vacant until the amount paid for the vacation time is recovered. Accordingly, no accrual is made at year end for vacation due to employees.

Regular College personnel employed on a twelve-month basis are entitled to twelve days (96 hours) per fiscal year as sick leave and can accumulate indefinitely. The payment of accrued sick leave will be paid to those employees who retire under the Teacher Retirement system while they are employed by the College. The maximum number of hours that will be paid for early retirement is 360 and 720 for regular retirement. Accrued Sick Leave as of August 31, 2012 and August 31, 2011 was \$1,744,484 and \$1,662,808, respectively.

Note 14 - Pending Lawsuits

On occasion, the College may become party to litigation and claims arising in the normal course of operations. After consultation with legal counsel, management believes that the liabilities, if any, arising from such litigation and claims will not be material to the financial statements.

Note 15 - Disaggregation of Receivables and Payable Balances

Receivables

Receivables at August 31, 2012 and August 31, 2011 were as follows:

	Receivable	Allowance for doubtful accounts	Net receivable August 31, 2012	Net receivable August 31, 2011
Student receivables	\$ 8,620,879	\$ (162,429)	\$ 8,458,449	\$ 7,031,168

Other receivables	1,683,607	(8,609)	1,674,998	2,147,945
Total accounts receivable	<u>\$ 15,366,846</u>	<u>\$ (1,587,651)</u>	<u>\$ 13,779,195</u>	<u>\$ 12,902,628</u>

Payables

Payables at August 31, 2012 and August 31, 2011 were as follows:

	August 31, 2012	August 31, 2011
Accounts payable - construction	\$ 1,527,121	\$ 2,210,156
Payroll payables	750,447	986,516

Accounts payable - trade	1,469,159	1,502,116
Retainage payable	481,891	846,554
Total accounts payable trade	<u>\$ 4,612,908</u>	<u>\$ 5,896,998</u>

Note 16 – Contracts and Grant Awards

Contract and grant awards are accounted for in accordance with the requirements of the AICPA Industry Audit Guide, Audits of Colleges and Universities. Revenues are recognized on Exhibit 2 and Schedule A. For federal contract and grant awards, funds expended, but not collected, are reported as Federal Receivables on Exhibit 1. Non-federal contract and grant awards for which funds are expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Contract

and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements. Contract and grant awards funds already committed, e.g., multi-year awards, or funds awarded during fiscal years 2012 and 2011 for which monies have not been received nor funds expended totaled \$12,737,397 and \$8,644,264. Of these amounts, \$12,623,184 and \$7,902,058 were from Federal Contract and Grant Awards; \$46,684 and \$688,076 were from State Contract and Grant Awards; \$0 and \$0 from Local Contract and Grant Awards; and \$67,529 and \$54,130 were from Private Contract and Grant Awards for the fiscal years ended August 31, 2012 and 2011, respectively.

Note 17—Risk Management

The District maintains insurance for all insurable risks for which it may be liable for claims. In fiscal year 2012, the more significant of this included \$1,000,000 of general liability insurance, property insurance covering the District’s buildings and personal property in a combined amount of \$182,409,148 and \$2,000,000 annual aggregate in school professional legal liability. In 2012, there was a decrease of \$23,983,781 in the District’s buildings and personal property insurance coverage due to the reassessment of contents and personal property and an increase of \$25,388,630 in building insurance coverage due to the addition of two new buildings. These adjustments resulted in a net increase of \$1,404,849 in building and personal property insurance coverage.

Note 18 – Post Retirement Health Care & Life Insurance Benefits

In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums.

The state’s contribution for full-time active and retired employees for the year ended August 31, 2012 totaled \$1,905,887 for the year. Compare the state’s contribution to that provided for the year ended August 31, 2011, when the contribution for full-time active and retired employees totaled \$3,175,860 for the year. The cost of providing these benefits for retirees is not separable from the cost of providing benefits for the active employees.

Note 19 – Property Taxes

College property taxes are levied and become a lien on all taxable property on October 1 of each year, based on assessed values as of January 1 of the same year and become delinquent on February 1 of the succeeding year. The use of General Operations tax proceeds is restricted for maintenance and operations, and the use of Debt Service tax proceeds is restricted to the payment of debt service obligations. Delinquent taxes receivable are recognized as deferred revenues. Upon collection, delinquent taxes are recognized as revenues.

For the year ended August 31, 2012:

Total Property Taxes Collected					<u>\$25,062,498</u>

Note 20 – Income Taxes

The College is a non-profit, tax-exempt institution under Section 115 of the Internal Revenue Code, Income of States, Municipalities, etc. Although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), Imposition of Tax on unrelated Business Income of Charitable, etc., Organizations. The college had no unrelated business income tax liability for the years ended August 31, 2012 and August 31, 2011.

Note 21 - Subsequent Events

The College's Board of Trustees approved \$12.4 million dollars in revenue bonds and \$40.7 million in maintenance tax notes in November 2011 for the financing of Phase II of the Facilities Master Plan. Proceeds from these issuances are being used for the renovation and refurbishment of instructional and administrative facilities at the Fort McIntosh and South Campuses.

The total cost for the Facilities Master Plan is projected to be \$136,545,000. Work is currently under way on the development of a \$50 million dollar financing plan for FY 2013 that will cover construction costs for the third and final phase of the Facilities Master Plan.

Note 22 – Post employment Benefits Other than Pensions

Plan Description. Laredo Community College contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit post employment healthcare plan administered by the Employees Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

ERS issues a publicly available financial report that includes financial statements and required supplementary information for SHRP. That report may be obtained from ERS via their website at <http://www.ers.state.tx.us/>.

Funding Policy. Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It

is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy which is actuarially determined in accordance with the parameters of GASB statement 45.

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years.

The college's contributions to SHRP for the years ended August 31, 2012, 2011, and 2010, were \$83,485, \$93,822, and \$91,669, respectively, which equaled the required contributions each year.

Note 23 – Bad Debt Expense

In accordance with GAAP and Board policy CDA (local), bad debt expense was recognized for the years ended August 31, 2012 and August 31, 2011 in the following amounts, \$307,455 and \$180,225, respectively. At year end, the reserve for uncollectible accounts was \$410,969 and \$729,662.

Note 24 – SACS Accreditation

During the reaffirmation process of Laredo Community College's 10-year accreditation in 2010, SACS identified four areas of non-compliance with accreditation standards primarily related to inadequate procedures and reporting standards to inform and guide institutional improvement. As a result, SACS put the district on notice and began a two-year monitoring of Laredo Community College outside the regular decennial review period.

On June 28, 2012, SACS released a notice indicating that the district failed to resolve all outstanding areas of non-compliance within the allotted two year period. The College's accreditation was re-affirmed for 'good cause', which reflects SACS view that Laredo Community College is on the path toward remedying non-compliance with accreditation standards. In the process of reaffirming LCC for 'good cause', SACS also imposed a twelve month public probation on LCC, which requires the district to submit a follow up report in February 2013 that fully resolves all areas of non-compliance.

Over the past two years, senior leadership has identified and rectified weaknesses in the internal management of its re-accreditation efforts by creating an Institutional Effectiveness unit which centralized the current and ongoing oversight accreditation process. In addition, the college purchased data monitoring and reporting software that is expected to facilitate reporting to SACS.

In order to properly execute the report, management has hired an external consultant with relevant experience in the area of Institutional Effectiveness. The timeline, which remains on track, calls for the completion of a draft copy of the report and multiple reviews in advance of the submission date. The Board of Trustees is actively engaged in the process, which provides an added layer of oversight that bodes well for a favorable resolution.

The outcome of the report should be publicly released by the end of July 2013.

Note 25 – State Appropriations for TRS and ORP

During the 2011 legislative session, the Texas Legislature limited the State's contribution to TRS and ORP on behalf of community colleges to only six percent of each district's unrestricted General Revenue appropriation. Since the General Revenue appropriation is less than the anticipated total of the College's compensation to be paid to employees who are TRS or ORP participants, the amount appropriated to the College for retirement contributions was less than the required by the state constitution.

The state agencies responsible for the administration of the TRS/ORP funds appear to have taken the position that any shortfalls between the amounts the State is supposed to deposit to TRS/ORP participants retirement accounts and the amounts available in the appropriations should be made up by the community colleges. These agencies have not identified any legal basis or authority that places such responsibility on the community colleges.

As of December 5, 2012, the state agencies responsible for the administration of TRS/ORP have not sought to enforce the position that the community colleges are responsible for the appropriation shortfalls. At this point there is no pending litigation regarding this matter and no attempts have been made to collect any shortfall contributions from any community college district. Because there does not appear to be any legal requirement imposed on community colleges to make up

such State appropriation shortfalls, and because the state constitutional requirement does not appear to be ambiguous, it is not clear whether such suits, if prosecuted, would be successful.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Members of the Board of Trustees
Laredo Community College District
Laredo, Texas

We have audited the financial statements of the Laredo Community College District (the "District") as of and for the year ended August 31, 2012, and have issued our report thereon dated December 13, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances

of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the management of the District in a separate letter dated December 13, 2012.

This report is intended solely for the information and use of management, the board of trustees, others within the entity, federal and state awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT
COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH
OMB CIRCULAR A-133 AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR**

Members of the Board of Trustees
Laredo Community College District
Laredo, Texas

Compliance

We have audited the compliance of the Laredo Community College District (the "District") with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the *State of Texas Single Audit Circular* that could have a direct and material effect on each of the District's major federal and state programs for the year ended August 31, 2012. The District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*; and the provisions of the *State of Texas Single Audit Circular*. Those standards, OMB Circular A-133, and the State of Texas Single Audit Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

In our opinion, that District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2012.

Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a

direct and material effect on a major federal or state program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliances that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the board of trustees, others within the entity, federal and state awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Note 2: Significant accounting policies used in preparing the schedule.

The expenditures included in the schedule are reported for the college's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds which have been expended by the college for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The college has followed all applicable guidelines issued by various entities in the preparation of the schedule.

Note 3: Amounts passed-through by the college

The following amounts were passed-through to the listed sub recipients by the college. These amounts were from the Title V - TTL program, CFDA 84.031S, from U.S. Department of Education, from CFDA the Adult Basic Education program, CFDA 84.002, from U.S Department of Education through the Texas Education Agency, and from the USDA - Increasing Multicultural Diversity, CFDA 10.223, from U.S. Department of Agriculture.
