INTRODUCTORY SECTION

November 15, 2012

To the taxpayers of Panola County and the citizens of the Panola College service area:

We are pleased to present the following comprehensive annual financial report (CAFR) for the Panola County Junior College District (Panola College) for the fiscal year ended August 31, 2012. The CAFR has been prepared in conformance with the financial reporting standards applicable to government entities set forth by the Governmental Accounting Standards Board (GASB) in its authoritative pronouncements, as well as the financial reporting requirements of the Government Finance Officers Association (GFOA). The report complies with the requirements of Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges as set forth by the Texas Higher Education Coordinating Board (THECB).

The College is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act as amended in 1996 and U. S. Office of Management and Budget Circular A-133, <u>Audits of States</u>, <u>Local Governments</u>, and <u>Non-Profit Organizations</u>. Information related to this single audit, including the schedule of expenditures of federal awards and auditor's reports on the internal control over compliance with applicable laws and regulations are included in this report.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation of this report, including all disclosures, rests with the management of Panola College. To the best of our knowledge, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the College. All disclosures necessary to enable the reader to gain an understanding of the College's financial activities have been included.

The administration of the College is responsible for establishing and maintaining internal control over financial reporting designed to provide reasonable, but not absolute, assurance that the assets of the College are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The concept of reasonable assurance recognizes that the cost of controls should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by administration.

The independent accounting firm of Alexander, Lankford & Hiers, Inc. conducted the audit of the financial statements and related notes in conformance with generally accepted auditing standards, Government Auditing Standards issued by the Comptroller General of the United States, and state statutes. Their report on the MD&A, the basic financial statements, and supplementary schedules are included within the financial section of this report.

GASB Statement No. 34 requires that management provide a narrative introduction, overview and analysis to accompany the Basic Financial Statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is intended to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Auditor's Report.

COLLEGE PROFILE

Panola County Junior College District was established as a public junior college in an election held in Panola County, Texas, in 1947. The District operates as a junior college district under the laws of the State of Texas. An elected, seven-member Board of Trustees governs the District.

The College is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting and recordkeeping requirements of these entities, it is not a component unit of any other governmental entity.

Panola College's campus is located in the city of Carthage, Panola County, Texas. Classes are offered at alternate sites in Shelby County and Harrison County. Panola College is committed to offering quality educational programs and services for the people of the College's service area at a reasonable cost. The College provides a wide range of programs, including general academic, technical-vocational, student development services, continuing education, and community service.

The Panola College Foundation, Inc. was created for the sole purpose to support the mission and vision of Panola College and to support its students. The Foundation is controlled by a separate board of directors that are ratified by the Panola College Board of Trustees and is included in the financial statements of the College as an affiliated organization.

ECONOMIC CONDITION AND OUTLOOK

Panola College's four county service area borders Louisiana in Northeast Texas. The counties include Panola, Shelby, Marion, and Harrison. The largest cities in the service area are Carthage, Center, Jefferson and Marshall. These cities are also the county seats of their respective counties.

Panola County ranks as one of the leading natural gas producers in Texas and is located in the Cotton Valley Gas Field, which is the second largest natural gas field in the state. Continued lignite mining activities along with new natural gas wells contribute greatly to the area's wealth. Timber, poultry, and cattle production also continue to contribute to the local economy. All of these activities have a positive impact on employment and the county tax base.

The three largest areas of funding for Panola College are property taxes, tuition and fees and state funding. Community colleges in Texas receive state appropriations based upon a contact hour formula that was originally intended to cover the institution's instructional and administrative costs with the local taxpayers and tuition and fee revenues to pay for facilities. Panola College's contact hours have increased by 14.4% over the last two years while state appropriations have decreased by 8.3% over that same period of time. Also in 2012 the College's budget was impacted by significant reductions in state-funded group health insurance and retirement benefits. Funding in these areas was decreased by \$600,867 or 46%.

As part of the College's long-term financial plan, the College maintains reserves sufficient to operate the College for between 3.6 and 6 months. The plan also calls for the acquisition of property contiguous to the campus as it becomes available and the management of college timber.

BUDGETING PROCESS

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenses for the fiscal year beginning September 1. The annual budget process allocates resources based on the College's strategic, institutional, and long term financial plans. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the College's Board of Trustees. Activities of the unrestricted current fund, auxiliary enterprises fund, and retirement of indebtedness fund are included in the annual appropriated budget. The College also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at year-end. However, encumbrances are appropriated as part of the next year's budget.

As demonstrated by the statements and schedules included in the financial section of this report, the College continues to meet its responsibility for sound financial management.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting (CAFR) for the fiscal year ended August 31, 2011 to Panola College for its comprehensive annual financial report. This was the eighteenth consecutive year that the college has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a College must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGMENTS

The preparation of the comprehensive annual financial report on a timely basis was made possible by the hard work and diligence of many College employees. Each employee who contributed to this report has our sincere appreciation. We would also like to thank the accounting firm of Alexander, Lankford & Hiers, Inc. for their assistance and timely completion of the audit.

Sincerely,

Stephen K. Williams

INDEPENDENT AUDITOR'S REPORT

Board of Trustees Panola College Carthage, Texas

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Panola College as of and for the years ended August 31, 2012 and 2011, which collectively comprise Panola College's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Panola College's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of Panola College as of August 31, 2012 and 2011 and the respective changes in financial position and cash flows thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2012 on our consideration of Panola College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

INDEPENDENT AUDITOR'S REPORT - CONTINUED

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 11 through 19 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise Panola College's financial statements. The supplementary schedules, which include the Schedule of Expenditures of Federal Awards, as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations (Circular A-133), and the Schedule of Expenditures of State Awards, as required by the State of Texas Single Audit Circular, are presented for purposes of additional analysis, and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules are fairly stated in all material respects in relation to the financial statements as a whole.

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise Panola College's financial statements. The introductory section and statistical supplements are presented for the purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Panola County Junior College District (College), we offer readers of the College's financial statement this narrative overview and analysis of the financial activities of the College for the year ended August 31, 2012. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found at the front of this report, and the District's financial statements and notes to the financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The assets of the College exceeded its liabilities at August 31, 2012 by \$23,769,667 (net assets). Of this amount, \$13,103,905 (unrestricted net assets) may be used to meet the College's ongoing obligations.
- Revenue exceeded expenses by \$2,533,672, or 10.80%, for the current fiscal year end.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the College's basic financial statements. Governmental Accounting Standards Board (GASB) Statement No. 34 first required the implementation of new financial statement reporting standards for the College with the fiscal year ended August 31, 2002. The new standards required the College's financial statements to be prepared using the economic resources measurement focus and the accrual basis of accounting. The basic financial statements include: 1) the Statement of Net Assets, 2) the Statement of Revenues, Expenses, and Changes in Net Assets, and 3) Statement of Cash Flows. The notes to the financial statements are an integral part of the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

<u>Statement of Net Assets</u>. The Statement of Net Assets presents all of the College's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the College is improving or deteriorating.

<u>Statement of Revenues, Expenses, and Changes in Net Assets.</u> The Statement of Revenues, Expenses, and Changes in Net Assets focuses on both the gross costs and the net costs of College activities, which are supported mainly by state appropriations, federal revenue, ad-valorem taxes, and tuition and fee revenues. This approach is intended to summarize and simplify the user's analysis of costs of various College services to students and the public. The statement presents information for all of the current year's revenues and expenses regardless of when cash is received or paid. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of these statements distinguish the functions of the College as being a "<u>special purpose government engaged only in business-type activities</u>" (BTA), as permitted in GASB 35, Par. 43. Business-type activity reporting is a category of "Proprietary" funds referred to as "Enterprise" funds (GASB 34, Par. 66 and 138) and is presented in a single column entity-wide format. Although the College is funded from sources in addition to user charges, the district meets the principal criteria for BTA reporting (GASB 34, Par. 67 & GASB 35 Par. 44).

<u>Statement of Cash Flows</u>. The Statement of Cash Flows is used to account for essentially the same functions reported in the other basic financial statements. However, unlike the Statement of Net Assets and The Statement of Revenues, Expenses, and Changes in Net Assets, the Statement of Cash Flows focuses on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources at the end of the fiscal year.

Notes to the financial statements.

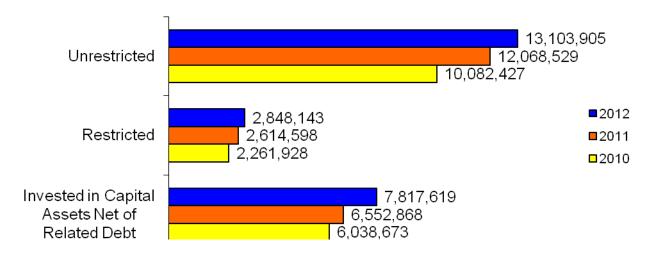

The notes to the financial statements provide additional information that is essential to a complete understanding of the data provided in the basic financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

Net Assets As of August 31, 2012, 2011, and 2010

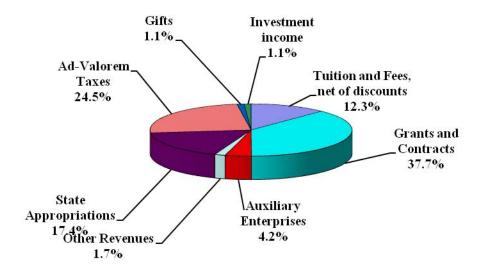

The College's assets exceeded liabilities by \$23,769,667 at August 31, 2012. Assets amounted to \$33,777,408 with investment in capital assets comprising \$12,914,811 of that total. Capital assets include land, library books, buildings and improvements, construction in progress, vehicles, furniture, and equipment. The College uses these capital assets to provide services to students and, consequently, these assets are not available for future spending. The College's investment in capital assets, reported net of related debt, is 33.0% of total net assets. It should be noted that the capital assets themselves may not be used to liquidate liabilities. Additionally \$2,848,143 or 12.0%, of total net assets is externally restricted. The remaining balance of \$13,103,905 represents unrestricted net assets that may be used to meet the College's ongoing obligations. Debt related to capital assets was \$5,110,000. Total liabilities amounted to \$10,007,741, of which \$5,505,464 is due next year.

Revenue by Source For Year Ending August 31, 2012

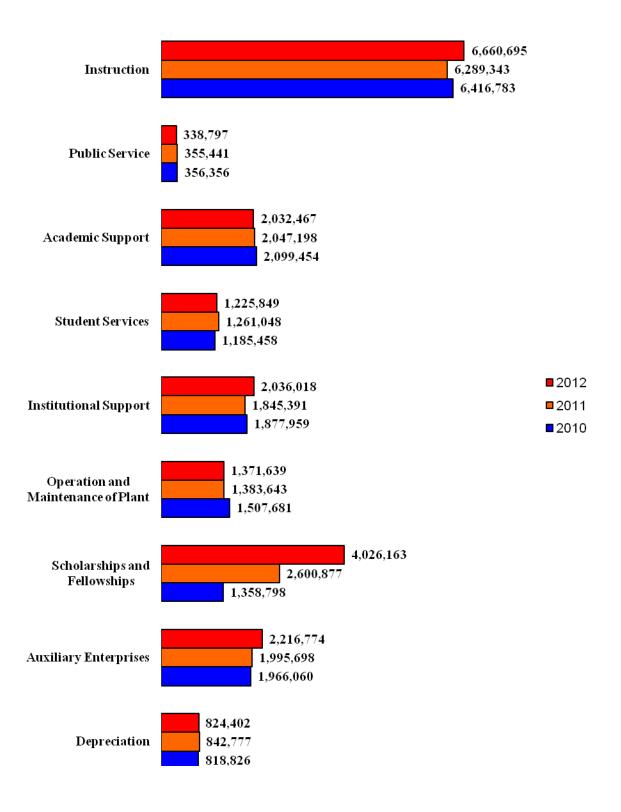

Expenses by Function For Year Ending August 31, 2012

Operating revenues amounted to \$4,795,793 and non-operating revenues \$18,660,615 for a total of \$23,456,408. Major operating revenues include \$2,879,361 in tuition and fees, \$539,547 in grants and contracts, and \$980,922 in auxiliary enterprises. Gross tuition and fees are up 31.1% this year due to tuition, fee and enrollment increases.

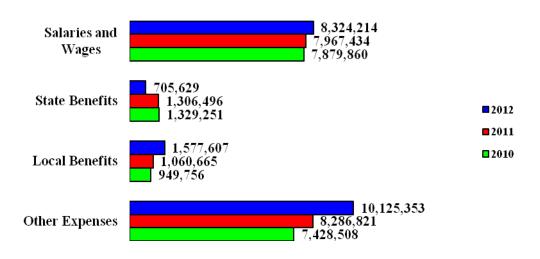

Major non-operating revenues include \$4,087,270 in state appropriations, \$5,750,320 in ad-valorem taxes, and \$8,296,479 in federal revenues. State appropriations include \$705,629 for employee benefits (\$203,037 for retirement benefits and \$502,592 for health and life insurance coverage). Additional information is available in footnotes 14, 15, and 17-19 found on pages 42-46. The Federal Pell Grant Program is the largest of the federal revenues and amounts to \$4,900,247. More detail is provided on federal awards in Schedule F (page 53) and state awards in Schedule G (page 54).

Operating Expense Comparison For Years Ended August 31, 2012, 2011, and 2010

Operating Expenses totaled \$20,732,804 and non-operating expenses \$189,932 for total expenses of \$20,922,736. Instruction at \$6.7 million is the largest operating expense. It includes expenditures for all activities that are part of the institution's instruction program. These activities include credit and noncredit courses for academic, vocational, and developmental and tutorial instruction. Public Service expenses totaled \$338,797. Public Service includes funds expended for activities that are established primarily to provide non-instructional services beneficial to individuals and groups external to the College. Academic support amounted to \$2.0 million. These expenses are used to provide support services for the College's primary missions of instruction, research, and public service. This includes library expenses, academic administration, computer services, and distance learning support. Student services, \$1.2 million, include expenses for offices of records and admissions and student activities. Institutional support, \$2.0 million, includes expenses related to the College's executive management, fiscal operations, personnel management, college development, administrative computing, and general institutional expenses. Operation and maintenance of plant, \$1.4 million, are expenditures for the operation and maintenance of the physical plant. Additional information on the College's long-term debt can be found in footnote number 9 on page 37 of this report.

ECONOMIC FACTORS

The College has seen record student enrollment for each of the last eight semesters. Due to economic conditions the State has reduced our appropriations significantly over that same time period. For the year ended August 31, 2012 they also reduced the State's contribution for retirement and health insurance by 46%. Despite the continued funding reductions from the State, the District's outlook for the foreseeable future is positive as a result of its strategic leadership and fiscal management.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, students, stakeholders and creditors with a general overview of the College's finances as well as demonstrate accountability for the funds the College receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Office of the Vice President of Fiscal Services, Panola College, 1109 West Panola, Carthage, Texas 75633.

1. <u>REPORTING ENTITY</u>

Panola College was established in 1947 in accordance with the laws of the State of Texas to serve the educational needs of the Panola College service area. The College is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the College receives funding from local, state and federal sources, and must comply with the spending, reporting and recordkeeping requirements of these entities, it is not a component unit of any other governmental entity.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The College applies all applicable GASB pronouncements and all applicable Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, unless they conflict or contradict GASB pronouncements. The College has elected not to apply FASB guidance issued subsequent to November 30, 1989, unless specifically adopted by the GASB. The College is reported as a special-purpose government engaged in business-type activities in accordance with GASB Statements 34 and 35.

Tuition Discounting

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. The amount set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code 56.0333). When the award for tuition is used by the student, the amount is recorded as tuition and a corresponding amount is recorded as a tuition discount.

Title IV, Higher Education Act (HEA) Program Funds

Certain Title IV HEA Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as restricted revenue. When the student is awarded and uses these funds for tuition and fees, the amounts are recorded as revenue and a corresponding amount is recorded as a tuition discount.

Other Tuition Discounts

The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amounts are recorded as tuition and fee revenue and a corresponding amount is recorded as a tuition discount.

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, the College's policy is to apply restricted assets first.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for expenditures of funds are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration. Under Texas law, appropriations lapse at August 31, and encumbrances outstanding at that time are to be either cancelled or appropriately provided for in the subsequent year's budget. Encumbrances outstanding at year-end that are provided for in the subsequent year's budget are reported as unrestricted net assets since they do not constitute expenditures or liabilities.

Budgetary Data

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The District's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning.

Cash and Cash Equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. (The governing board has designated public funds investment pools comprised of \$795 and \$794 at August 31, 2012 and 2011, respectively, to be short-term investments). Long-term investments have an original maturity of greater than one year at the time of purchase.

Inventories

Inventories consist of consumable office supplies, physical plant supplies, food service supplies, and bookstore stock. Inventories are valued at lower of cost under the "first-in, first-out" method, or market and are charged to expense as consumed.

Capital Assets

Capital assets are stated at cost. Donated capital assets are valued at their estimated fair market value on the date received. Panola College's capitalization policy includes real or personal property with a value equal to or greater than \$5,000 and has an estimated life of greater than 1 year. The College reports depreciation under a single-line item as a business-type unit. Depreciation is computed using the straight-line method over the estimated useful lives of the assets applying the half-year convention. The following lives are used:

| Buildings | 30 years |
|--|-------------|
| Facilities and Other Improvements | 10-20 years |
| Furniture, Machinery, Vehicles and Other Equipment | 5-10 years |
| Telecommunications and Peripheral Equipment | 5 years |
| Library Books | 15 years |

Collections

The College does not maintain any capitalized collections for public exhibition, education, or research.

Deferred Revenues

Tuition, fees, and other revenues received and related to the periods after August 31, 2012 and 2011 have been deferred.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating Revenues and Expenses and Non-Operating Revenues and Expenses

The statement of revenues, expenses and changes in net assets distinguishes between operating revenues and expenses and non-operating revenues and expenses. For this purpose, operating revenues, such as tuition and fees, result from exchange transactions associated with the principal ongoing operations of the College. Exchange transactions are those in which each party to the transactions receives or gives up essentially equal values. Non-operating revenues arise from exchange transactions not associated with the College's principal activities (such as investment income and state allocations) and from all non-exchange transactions (such as property taxes and Title IV grants). Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. Non-operating expenses are comprised of interest on long-term debt.

Net Assets

The College reports its net assets in three components. Net assets invested in capital assets are equal to amounts reported for capital assets net of accumulated depreciation and net of related debt. Restricted net assets are reported when assets (net of related debt) can only be used for a specified purpose that is established by grantors, contributors, or laws or regulations governing the College. Unrestricted net assets are all other College net assets that do not meet the definitions of invested in capital assets or restricted.

3. <u>COMPONENT UNIT (AFFILIATED ORGANIZATION)</u>

Governmental Accounting Standards Board (GASB) Statement 39 amends GASB Statement 14 regarding the inclusion of annual financial statements of certain non-profit organizations in the primary government's annual report. The Panola College Foundation (the Foundation) is a non profit corporation organized under the Texas Non Profit Corporation Act. The Foundation is not a governmental entity. The Foundation is exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code. The sole purpose of the Foundation is to strengthen the educational resources of Panola College by encouraging a program of benefactions to the College. Appointments to the board of trustees are ratified by the Panola College board of trustees, and two members of the College's board serve on the Foundation's board. The College discretely presents the financial activity of the Foundation in the College's annual financial report as an affiliated organization. Separate financial statements of the Foundation are normally not issued.

Financial transactions in the form of support from the Foundation to the College for the years ended August 31, 2012 and 2011 amounted to approximately \$38,984 and \$19,679 respectively.

Deposits were fully covered by FDIC insurance at August 31, 2012 and 2011, and consisted of deposits in bank, certificates of deposit and money market funds. Investments in mutual funds and annuities are valued at fair value based on quoted market values obtained from the various investment brokers. The Foundation's investments in mutual funds are all rated "***" or better by Morningstar Rating Services, except for the investment in TPF Balanced Fund which is unrated.

4. AUTHORIZED INVESTMENTS

Panola College is authorized to invest in obligations and instruments as defined in the Public Funds Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute. The investments of the College are in compliance with these investment policies.

5. **DEPOSITS AND SHORT-TERM INVESTMENTS**

During the 2012 and 2011 fiscal years, deposits and investments were comprised of cash on hand, bank demand deposits, bank time deposits, investments with the Lonestar Investment Pool, and mutual funds administered by American Funds Distributors.

Deposits on account with financial institutions were insured by federal depository insurance and collateralized by pledged securities. The pledged securities are held by the depository bank's agent bank in the name of the College. Such securities cannot be released without the express written permission of the Board of Trustees of the College.

The College's temporary investments consist of balances held by Lonestar Investment Pool (Government Overnight Fund) and Lincoln Financial Advisors. The Lonestar Investment Pool is a public funds investment pool created to provide a safe environment for the placement of local government funds in short-term investments. The Government Overnight Fund is regulated by the Securities and Exchange Act and seeks to maintain a net asset value of one dollar, and its dollar weighted average maturity is 60

days or fewer. Lonestar Investment Pool is administered by First Public. Lonestar Investment Pool has a rating of AAAm by Standard & Poor's.

The fair value of the investment in Lonestar Investment Pool was the same as its carrying value of \$795 and \$794 for the years ending August 31, 2012 and 2011, respectively.

Lincoln Financial Advisors is the broker for the College's investment in five mutual funds within the American Funds Family. Each of the five funds were rated "***" or better by Morningstar Rating Services. The fair value of the mutual fund investments was the same as its carrying value of \$140,610 and \$116,074 for the years ending August 31, 2012 and 2011, respectively.

Details of the composition of the deposit balances and categorization as presented in the Statement of Net Assets at Exhibit 1 are summarized below:

Policies Governing Deposits and Investments

In compliance with the *Public Funds Investment Act*, the College has adopted a deposit and investment policy. Specific policies applicable to deposits and investments of the College and the risks of such are described below.

- a. Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The College's investment policy does not limit investments based on credit ratings. The credit ratings for the College's investments are indicated in the preceding paragraphs.
- b. Custodial Credit Risk Deposits: This is the risk that, in the event of a bank failure, the College's deposits may not be returned to it. The College's policy with respect to custodial credit risk complies with State law. At August 31, 2012 and 2011, the bank balance of the College's deposits were \$16,750,685 and \$15,783,574, respectively. Of these balances, the amounts covered by FDIC insurance were \$656,240 and \$697,360 at August 31, 2012 and 2011, respectively. Of the remaining balance at August 31, 2011, \$14,731,226 was covered by pledged collateral held by the pledging financial institution's agent in the College's name and \$354,988 was uninsured and uncollateralized. The remaining balance at August 31, 2012 of \$16,094,445 was entirely covered by pledged collateral held by the pledging financial institution in the College's name.

c. Concentration of Credit Risk: This is the risk of loss that occurs due to a lack of diversification. The College's investment policy does not limit the amount that may be invested in any one issuer. At August 31, 2012 and 2011, more than five percent of the College's investments, excluding certificates of deposit, were in the following:

| <u>Issuer</u> | <u>% of</u> | Investments |
|----------------------------------|-------------|-------------|
| | | |
| Mutual Funds | 8/31/12 | 8/31/11 |
| The Growth Fund of America | 17.41% | 17.13% |
| New Perspective Fund | 13.81% | 13.70% |
| Capital Income Builder | 28.52% | 29.67% |
| Washington Mutual Investors Fund | 17.82% | 17.03% |
| American Balanced Fund | 21.88% | 21.79% |
| | | |
| | | |

6. **DERIVATIVES**

Derivatives are investment products which may be a security or contract which derives its value from another security, currency, commodity or index, regardless of the source of funds used. Panola College did not invest in any derivative products during the year.

7. <u>ENDOWMENTS</u>

The investment policy of the Board of Trustees is reviewed and adopted annually. Within that investment policy, the investment objective for the endowment fund is to preserve the real purchasing power of the principal and to provide a stable source of perpetual financial support to scholarships in accordance with the endowment spending policy. The brokerage firm or other endowment manager is also adopted annually by the Board of Trustees and is required to certify familiarity with and compliance with the Public Funds Investment Act of the State of Texas and the Investment Policy of the College.

Distributions from endowment investments are required to be spent for the purposes for which the endowment was established. Scholarship distributions are made pursuant to the investment policy. For the years ended August 31, 2012 and 2011, endowment interest, dividend earnings, and capital gains totaled \$28,280 and \$27,493 respectively. Unrealized gains and losses for the years ended August 31, 2012 and 2011 totaled \$14,536 gain and \$12,460 gain, respectively.

8. <u>CAPITAL ASSETS</u>

Capital assets activity for the year ended August 31, 2012 was as follows:

| Description | Balance September 1, 2011 | Increases | Decreases | Balance August 31, 2012 |

Maintenance Notes Payable

On December 15, 2001, the College issued Maintenance Tax Notes, Series 2001 in the amount of \$2,000,000. The maintenance notes carry an interest rate of 4.6% payable in thirty semi-annual installments of \$93,025 each.

The notes were issued to finance facility improvements related to an energy management project. In addition to the note proceeds being used for upgrades and replacements to lighting and HVAC equipment, the notes were also used for roofing projects and other maintenance projects to the physical plant.

In accordance with Section 45.108 of the Texas Education Code, all available funds of the College are pledged to the payment of principal and interest on the notes. In the event such available funds are insufficient to meet the obligations, the College has the authority to assess a separate maintenance tax levy in addition to the regular maintenance and operations tax levy to insure the funds are available to meet the scheduled obligations.

The notes were paid off during 2012 with total principal and interest amounts totaling \$915,590.

The first of the thirty semi-annual installments was made on June 19, 2002. Interest expense on the note amounted to \$12,067 and \$44,621 for the years ended August 31, 2012 and 2011, respectively. Accrued interest on the note at August 31, 2012 and 2011 amounted to approximately -0- and \$8,441 respectively, and is included in the financial statements.

Annual debt service requirements associated with the notes are summarized below.

Revenue Bonds Payable

The College also issues bonds where the College pledges income derived from the acquired or constructed assets to pay debt service.

The College issued \$2,500,000 in revenue bonds in fiscal year 2005 to finance construction of student housing apartment complexes and additional improvements to the physical plant. In accordance with Section 130.123 of the Texas Education Code, the Series 2005 revenue bonds are to be paid by the

assessment of a dorm fee to all students occupying residence halls at the College. Such fees assessed are pledged toward repayment of the bonds along with other pledged revenues of the College sufficient for payment of principal and interest on the bonds. The Series 2005 bonds mature in the year ending August 31, 2020. The remaining principal and interest to be paid was \$1,789,464 and \$2,013,183 at August 31, 2012 and 2011, respectively. Principal and interest paid during the years ended August 31, 2012 and 2011 was \$223,708 and \$223,708 respectively. Total dorm fee revenue for August 31, 2012 and 2011 was \$981,087 and \$878,727, respectively.

In fiscal year 2008, the College issued \$6,000,000 in revenue bonds to finance the expansion and renovation of the existing library. In accordance with Section 130.123 of the Texas Education Code, the Series 2008 revenue bonds are to be paid by the collection of a general use fee. Such fees assessed are pledged toward repayment of the bonds along with other pledged revenues of the College sufficient for payment of principal and interest on the bonds. The final maturity of the bonds is in the year ending August 31, 2018. The remaining principal and interest to be paid was \$3,962,880 and \$4,683,840 at August 31, 2012 and 2011, respectively. Principal and interest paid during the years ended August 31, 2012 and 2011 was \$720,960 and \$738,240 respectively. Total general use fee revenue for August 31, 2012 and 2011 was \$2,304,945 and \$1,812,964 respectively

Revenue bonds currently outstanding are as follows:

| <u>Issue</u> | <u>Purpose</u> | Interest Rates | <u>Amount</u> |
|--------------|-------------------|----------------|---------------|
| Series 2005 | Student housing | 3.94% | \$ 1,510,000 |
| Series 2008 | Library expansion | 2.88% | 3,600,000 |

Total outstanding revenue bonds

\$ 5.110.000

Interest expense on the bonds amounted to \$177,865 and \$201,190 for the years ended August 31, 2012 and 2011, respectively.

Accrued interest on the bonds at August 31, 2012 and 2011 amounted to approximately \$61,190 and \$70,005 respectively, and is included in the financial statements.

Annual debt service requirements associated with the bonds are summarized below.

11. CONTRACT AND GRANT AWARDS

Contract and grant awards are accounted for in accordance with the requirements of the AICPA Industry Audit Guide, Audits of Colleges and Universities. Revenues are recognized on Exhibit 2 and Schedule A. For federal contract and grant awards, funds expended, but not collected, are reported as Federal Receivables on Exhibit 1. Non-federal contract and grant awards for which funds are expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements.

12. PROPERTY TAXES

Property taxes are levied each October 1 in conformity with Subtitle E, Texas Property Tax Code. The levy is based on the assessed value as of the prior January 1 for all real and personal property located in

the District. The taxes become due January 1 of the following year. A discount of up to 3% is allowed for taxes paid between October 1 and December 31. Taxes become past due February 1 and become delinquent on June 30. A tax lien attaches to property on January 1 of each year to secure the payment of all taxes, penalties, and interest ultimately imposed. Taxes receivable as reflected on the balance sheet are net of an allowance for doubtful accounts. The allowance is based upon historical experience in collecting property taxes.

Taxes levied for current year operations are summarized below:

| | 2012 | 2011 | | |
|-----------------------------------|-----------------|------|-----------|--|
| Original tax levy | \$ 5,864,343 | \$ | 5,734,799 | |

14. <u>EMPLOYEE RETIREMENT PLANS</u>

The State of Texas has joint contributory retirement plans for almost all its employees.

Teacher Retirement System of Texas (TRS)

Plan Description. Panola County Junior College District contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing, multiple employer defined benefit pension plan. TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec 67, and Texas Government Code, Title 8, Subtitle C. The Texas state legislature has the authority to establish and amend benefit provisions of the pension plan. TRS issues a publicly available financial report with required supplementary information which can be obtained from www.trs.state.tx.us under the TRS Publications heading.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas legislature. The state funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6 percent of the member's annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation of all members of the system; (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of a particular action, the time required to amortize TRS's unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State law provides for a member contribution rate of 6.4 percent for fiscal years 2012, 2011 and 2010. The state contribution rate was 6.0 percent for fiscal year 2012. The state contribution rate was 6.644 for fiscal year 2011. The state contribution rate was 6.4 percent for September through December and then increased to 6.644 for January through August of fiscal year 2010. In certain instances the reporting district is required to make all or a portion of the state's contributions.

In 2012, the State of Texas has not provided approximately \$195,490 of the On-Behalf State contribution. See Note 26–Contingencies for further discussion. Actual contributions by the College equaled the required contributions for 2012. Actual contributions to TRS for both the State and the College were equal to the required contributions for 2011 and 2010. Contributions made for 2010-2012 are shown below:

| Fiscal Year | On-Behalf | Panola | | | | Total |
|-------------|---------------------|---------------------|--------------|---------------------|----------------|----------------|
| Ended | State | College | Employee | Total | Covered | College |

Optional Retirement Program

Plan Description. Participation in the Optional Retirement Program, a defined contribution plan, is in lieu of participation in the Teacher Retirement System of Texas. The optional retirement program provides for the purchase of annuity contracts or mutual funds and operates under the provisions of the Texas Constitution, Article XVI, Sec 67, and the Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas legislature. The percentages of participant salaries contributed by the state and each participant are 6.00 and 6.65 respectively for fiscal year 2012 and 6.40 and 6.65 respectively for fiscal years 2011 and 2010. The College contributed 2.5 percent for fiscal year 2012 and 2.10 percent for fiscal years 2011 and 2010 for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual contracts, the state has no additional or unfunded liability for the program.

Actual contributions to ORP, which were equal to the required contributions each year, are shown below:

| | On Behalf | Panola | | | |
|------------|---------------------|---------------------|----------------------|----------------------|----------------|

15. DEFERRED COMPENSATION PROGRAM

State employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001. As of August 31, 2012 and 2011, the College had twenty-six and thirty-one respectively, employees participating in the tax sheltered annuity program. A total of \$92,750 and \$135,250 in payroll deductions was invested in approved plans during the years ending August 31, 2012 and 2011, respectively.

16. <u>COMPENSATED ABSENCES</u>

Upon retirement, termination, or death of full time employees, the College pays employees for unused vacation leave. The College recognized the accrued liability for the unpaid annual leave in the financial statements. Sick leave is not paid to an employee upon death, termination, or retirement; therefore, there is no liability shown in the financial statements.

Vacation is earned at the rate of one day per month up to a maximum of ten days per year for 12 month employees only. Employees accrue vacation during the first six months of employment but are not eligible to take vacation until after six months of continuous employment. Sick leave is also earned at the rate of one day per month up to ten days per year. In addition, two personal days are earned each year.

Total accrued compensated absences representing unused vacation leave amounted to approximately \$208,537 at August 31, 2012 and \$190,133 at August 31, 2011. The liability is shown in the statement of net assets split between current and noncurrent in the amounts of \$101,365 and \$107,172 respectively for August 31, 2012 and \$91,010 and \$99,123 respectively for August 31, 2011.

17. HEALTH CARE AND LIFE INSURANCE COVERAGE

Employees of Panola College were covered by a health and life insurance plan (the Plan). The Plan is funded by the State. The State paid premiums of \$438 and \$413 per month per employee to the Plan for the years ending August 31, 2012 and 2011, respectively. Employees, at their option, authorized payroll withholdings to pay premiums for dependents. All premiums were paid to a licensed insurer. The Plan was authorized by Article 3.51.2, Texas Insurance Code.

The College supplements cost of the plan from local sources for active employees and board members due to the state not fully funding this benefit plan. Cost and employees covered under the plan are summarized below.

| Fiscal | Average | | | |
|------------|------------------|---------|---------------|---------------|
| Year | Number | Board | On Behalf | |
| Ended | Employees | Members | State | College |
| August 31, | Covered | Covered | Contributions | Contributions |
| 2012 | 135 | 6 | \$ 112,682 | \$ 673,816 |
| 2011 | 135 | 6 | 565,386 | 213,107 |
| 2010 | 135 | 6 | 588,913 | 166,342 |

18. POST-RETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee was \$438 per month for the year ended August 31, 2012 and \$413 per month for the year ended August 31, 2011 and totaled \$502,592 for the year ended August 31, 2012 and \$880,052 for the year ended August 31, 2011. The cost of providing those benefits for 65 retirees in the year ended August 31, 2012 was \$389,910 and benefits for 63 retirees cost \$314,666 in the year ended August 31, 2012. For 135 active employees, the cost was \$112,682 for the year ended August 31, 2012 and active employee benefits for 135 employees cost \$565,386 for the year ended August 31, 2011.

Panola College as allowed, but not required by state statutes, presently reimburses retired employees for the cost of continuation of dental insurance. This is the same amount provided to active employees employed prior to May 26, 1998 who participate in the dental plan.

Additionally, the College in accordance with state statutes, funds the costs of health insurance of retired employees who formerly worked in auxiliary departments of the College. Shown below are costs and coverages associated with the dental and health insurance plans.

| | Average | Average | | Average |
|------------|----------|-------------|------------------|-------------------------|
| Year | Number | Monthly | Retired | Monthly |
| Ended | Retirees | Dental | Auxiliary | Health Insurance |
| August 31, | Covered | Premium | Employees | Premium |
| 2012 | 52 | \$ 20.00 | 2 | \$ 438 |
| 2011 | 56 | 20.00 | 2 | 413 |
| 2010 | 54 | 20.00 | 2 | 385 |

19. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Panola College contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit postemployment healthcare plan administered by the Employee Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

ERS issues a publicly available financial report that includes financial statements and required supplementary information for SRHP. That report may be obtained from ERS via their website at http://www.ers.state.tx.us/.

Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy which is actuarially determined in accordance with the parameters of GASB statement 45.

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed 30 years.

The College's contribution to SRHP for the years ended August 31, 2012, 2011, and 2010 were \$673,816, \$213,107, \$166,342, respectively, which equaled the required contributions each year.

20. RELATED PARTIES

Panola College Development Foundation is a nonprofit organization with the sole purpose of supporting the educational and other activities of the College. The Foundation accepts donations and acts as coordinator of gifts made by other parties. Other details regarding activities of the Foundation are presented in Note 3.

21. FUNDS HELD IN TRUST BY OTHERS

The balances and transactions of funds held in trust by others on behalf of Panola College are not reflected in the financial statements. At August 31, 2012 and 2011, there were five such funds for the benefit of the College. The Lawrence R. and Debbie H. Sharp Endowment Scholarship Fund, the Q. M. Martin Trust No. 2, the Reeves Scholarship Fund, the Daniel Scholarship Fund, and the Jacke Daniel Davis Memorial Scholarship Fund are held in trust by First State Bank and Trust of Carthage, Texas. Funds held in trust on these amounted to approximately \$283,307 at August 31, 2012 and \$314,337 at August 31, 2011.

22. RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The College maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the College. At no time during the last three fiscal years have claims exceeded commercial coverage.

23. NON-MONETARY TRANSACTIONS

The College receives the benefit from the use of certain facilities at its off campus sites at no cost or costs below prevailing market rates that the College would have to pay in an exchange transaction. Included in operating revenues is approximately \$229,000 and \$227,000 in non-monetary transactions representing the value of the use of the facilities for the years ended August 31, 2012 and 2011 respectively. A corresponding amount is also included in operating expenses.

24. PENDING CLAIMS

The administration of the College and its legal counsel are not aware of any pending lawsuits against the College.

25. OTHER DISCLOSURES

Panola College had no transactions related to advance refunding bonds or defeased bonds outstanding during the periods.

The College is exempt from income taxes under Internal Revenue Code Section 115, <u>Income of States</u>, <u>Municipalities</u>, Etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), <u>Imposition of Tax on Unrelated Income of Charitable</u>, <u>Etc. Organizations</u>. The College had no unrelated business income tax liability for the year ended August 31, 2012 or 2011.

26. CONTINGENCIES

Texas Constitution article 16, section 67(b)(3) provides that the State of Texas must contribute "not less than six percent nor more than ten percent of the aggregate compensation paid to individuals participating in the system," referring to the State's Teacher Retirement System (TRS) including the related faculty Optional Retirement Program (ORP). During the 2011 legislative session, the Texas Legislature appropriated retirement funds for various types of educational institutions other than community and junior colleges in satisfaction of this requirement, but the community college appropriations restricted the state's contribution to TRS/ORP on behalf of community colleges to only six percent of each district's unrestricted general revenue appropriation for each year of the biennium state budget. There is no pending litigation concerning this issue to construe the constitutional funding requirements; or to hold that the state biennium appropriations satisfy those requirements; or to attempt to collect any shortfall contributions from any community college district. The College has calculated that as of August 31, 2012 the contribution that has not been paid to TRS on behalf of college employees is \$195,490. This amount has not been reflected in the financial statements as of August 31, 2012.

Significant Accounting Policies Used in Preparing the Schedules

The expenditures included in the schedules are reported for the College's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported on pages 54 and 55 represent funds which have been expended by the College for the purposes of the award. The expenditures reported in the schedules may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedules may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedules.

Relationship to Federal and State Financial Reports

Amounts reflected in the financial reports filed with grantor agencies for the programs and in the schedules of expenditures of federal and state awards may be different because of program year ends and accruals that will be reflected in the next report filed with the agencies.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Panola College Carthage, Texas

We have audited the financial statements of the business-type activities and the discretely presented component unit of Panola College as of and for the year ended August 31, 2012, which collectively comprise Panola College's basic financial statements and have issued our report thereon dated November 15, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of Panola College is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Panola College's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Panola College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Panola College's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS - CONTINUED

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Panola College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Public Funds Investment Act

We have performed tests designed to verify Panola College's compliance with the requirements of the Public Funds Investment Act. During the year ended August 31, 2012, no instances of noncompliance were found.

This report is intended solely for the information and use of management, the audit committee, Board of Trustees, others within the entity, the Texas Higher Education Coordinating Board, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Trustees Panola College Carthage, Texas

Compliance

We have audited Panola College's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Panola College's major federal programs for the year ended August 31, 2012. Panola College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Panola College's management. Our responsibility is to express an opinion on Panola College's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Panola College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Panola College's compliance with those requirements.

In our opinion, Panola College complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2012.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 - CONTINUED

Internal Control Over Compliance

Management of Panola College is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Panola College's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Panola College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.
