November 20, 2011

Honorable Rick Perry, Governor
Honorable Susan Combs, Texas Comptroller of Public Accounts
John O'Brien, Director, Legislative Budget Board
John Keel, CPA, State Auditor

Dear Lady and Gentlemen:

We are pleased to submit the annual financial report of Stephen F. Austin State University for the year ended August 31, 2011, in compliance with Texas Government Code Annotated, Section 2101.011 and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the *State of Texas Comprehensive Annual Financial Report (CAFR)*. Therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Ms. Dora Fuselier at (936) 468-2112. Ms. Letitia Hamilton may be contacted at (936) 468-2250 for questions related to the Schedule of Expenditures of Federal Awards.

Sincerely,

Baker Pattillo
President

STEPHEN F. AUSTIN STATE UNIVERSITY

Office of the Controller

P.O. Box 13035, SFA Station • Nacogdoches, Texas 75962-3035
Phone (936) 468-2303 • Fax (936) 468-2207

November 20, 2011

Dr. Baker Pattillo
President
Stephen F. Austin State University
P. O. Box 6078, SFA Station
Nacogdoches, Texas 75962

Dear Dr. Pattillo:

Submitted herein is the Annual Financial Report of Stephen F. Austin State University for the fiscal year ended August 31, 2011.

The financial statements in this report have been prepared in conformity with the General Provisions of the Appropriations Act, Article IX, and in accordance with the requirements established by the Comptroller of Public Accounts.

The accompanying Annual Financial Report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report (CAFR). Therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact me.

Sincerely,

Dora Fuselier, C.P.A.
Controller

Approved:

Danny Gallant
Vice President for Finance and Administration

STEPHEN F. AUSTIN STATE UNIVERSITY

Management's Discussion and Analysis

Unaudited

For the Year Ended August 31, 2011

INTRODUCTION

Stephen F. Austin State University (the University) is a comprehensive regional public institution of higher education and an agency of the State of Texas. Named for the "Father of Texas", the University was founded in 1923. It is located in Nacogdoches in the Pineywoods area of East Texas. The main campus includes more than 400 acres, part of the original homestead of Thomas J. Rusk, early Texas patriot and United States Senator. In fall 2010, the University enrolled nearly 13,000 students in 32 academic units and 6 colleges. Degrees are awarded at the bachelor's, master's and doctoral levels.

The University is accredited by the Southern Association of Colleges and Schools Commission on Colleges. Specific academic programs hold numerous other accreditations.

The University does not include any blended components in the Financial Statements.

OVERVIEW OF THE FINANCIAL STATEMENTS AND FINANCIAL ANALYSIS

Stephen F. Austin State University presents in this discussion and analysis the Financial Statements for fiscal year 2011 with comparative information for 2010. This discussion, prepared by management, will focus on the University's current year data, trends in data, and overview of the financial activities for the year. It should be read in conjunction with the accompanying Financial Statements and Notes, which offer various financial definitions and accounting information.

Three primary statements are presented: Statement of Net Assets; Statement of Revenues, Expenses, and Changes in Net Assets; and Statement of Cash Flows. The Financial Statements are prepared in accordance with requirements established by the Texas Comptroller of Public Accounts.

FINANCIAL HIGHLIGHTS

- Enrollment for the 2010 fall semester of 12,954 was the highest in the University's history.
- The University phased in the human resource and workflow components as part of its comprehensive conversion to the Sungard Banner software system. This completes the software conversion to Banner.
- Capitalized expenditures totaled approximately \$34.7 million. The University completed a new parking garage, which was opened in January 2011, and a new freshman residence hall, which was opened in August 2011.
- The University used capital from a revolving loan fund from the State Energy Conservation Office (SECO) funded with American Recovery and Reinvestment Act (ARRA) funds to finance a comprehensive energy management program. Work on the project began in August 2010. Expenditures of \$13.1 million were made during fiscal year 2011 in conjunction with this project. The University expects the project to be completed in fiscal year 2012. The anticipated savings in utility costs will be used to repay the debt.
- The University fully transitioned to the William D. Ford Direct Loan Program (Direct Loan), which permits universities to work directly with the federal government for reimbursement of student loans. This allows the University to process student loans much quicker. Also, since universities are not allowed to charge processing fees, students save money. In fiscal year 2011, the University processed over \$83.1 million in student loans.

CONDENSED FINANCIAL INFORMATION AND FINANCIAL HIGHLIGHTS

Statement of Net Assets

The Statement of Net Assets presents the assets, liabilities, and net assets of the University at a specific point in time, in this case August 31, 2011. Net assets are the difference between total assets and total liabilities and represent the residual interest in the University's assets after liabilities are deducted. "Net Assets" are presented in three major categories: Invested in Capital Assets, Net of Related Debt; Restricted Net Assets; and Unrestricted Net Assets. The Invested in Capital Assets, Net of Related Debt category identifies the equity in property, plant and equipment owned by the University. Restricted Net Assets are either expendable or non-expendable. Expendable restricted net assets may be expended only for the purposes designated by the external donor or provider of the assets. Non-expendable net assets are comprised entirely of funds held as permanent endowments. Unrestricted Net assets are available for any lawful purpose of the University. Although Unrestricted Net Assets are not subject to externally imposed stipulations, these assets may have other commitments for various future uses in support of the University's mission. These include commitments for encumbrances outstanding at year-end. Also, recognized in Unrestricted Net Assets are unspent Higher Education Funds (HEF), which have restrictions imposed by the State of Texas. Assets and liabilities are generally measured using current values, except capital assets, which are stated at historical cost less an allowance for depreciation.

The Statement of Net Assets presents a snapshot view of assets available for use in the University's continuing operations and enables readers to determine the amounts owed to others. Over time, increases or decreases in net assets are indicators of the improvement or decline of the financial health of the University.

A summarized comparison of the University's Statement of Net Assets at August 31, 2011 and 2010 follows:

Statement of Net Assets

	August 31, 2011	August 31, 2010 (as restated)
Assets		
Current Assets	\$ 139,300,730.71	\$ 155,540,918.69
Noncurrent Assets		
Other Noncurrent Assets	48,628,559.12	42,900,726.26
Capital Assets, Net of Depreciation	239,816,208.96	219,471,545.59
Total Assets	427,745,498.79	417,913,190.54
Liabilities		
Current Liabilities	109,063,684.64	104,853,653.12
Noncurrent Liabilities	185,036,481.36	181,206,012.33
Total Liabilities	294,100,166.00	286,059,665.45
Net Assets		
Invested in Capital Assets, Net of Related Debt	57,781,095.27	57,538,220.11
Restricted Net Assets		
Expendable	24,077,946.31	20,210,798.47
Non-expendable	6,867,650.39	6,660,524.01
Unrestricted Net Assets	44,918,640.82	47,443,982.50
Total Net Assets	\$ 133,645,332.79	\$ 131,853,525.09

In fiscal year 2011, total assets of the University increased approximately \$9.8 million from the previous fiscal year.

Current assets decreased approximately \$16.2 million. Decreases in cash and cash equivalents and short-term investments accounted for approximately \$29.1 million. The change in cash and cash equivalents and short-term investments is primarily attributed to the use of bond proceeds for construction projects. These amounts were previously held in short-term investments and interest bearing bank accounts. Part of the change is also attributed to unreimbursed payments from the Direct Loan program.

These decreases were offset by increases in accounts and intergovernmental receivables of \$11 million. The intergovernmental receivables category includes amounts due from the federal government for reimbursements for the Direct Loan program of \$12.4 million. It also includes amounts due from other State agencies of \$2.9 million related to payments due the University for costs associated with the Columbia Regional Geospatial Service Center. The University has not received reimbursements for expenditures related to this federally funded earmark since 2010.

Accounts receivable increased \$1.4 million. This is primarily attributed to unreimbursed amounts from the SECO loan program.

Legislative appropriations increased by \$.7 million. These are funds held at the State on the University's behalf and are drawn down either as direct payments to vendors or for reimbursements to the University of expenditures paid with local bank funds. Unspent balances are attributed primarily to the timing of expenditures from the HEF. The University has authority to carry these balances forward to a subsequent year.

Prepaid items (primarily scholarships awarded for the subsequent fiscal year) increased \$.3 million.

Increases in noncurrent assets other than capital assets were approximately \$5.7 million. There was an increase in noncurrent investments of approximately \$6.7 million. Because of low interest returns on short-term investments, the University has locked in higher rates by investing in longer term investments. Changes in the noncurrent portion of student loan receivables and student account receivables are attributed to both an increase in the allowance for doubtful accounts of approximately \$.5 million, and a reduction in the receivables themselves of approximately \$.5 million.

Capital assets, net of depreciation, increased approximately \$20.3 million. This is attributed to capital outlay of \$34.7 million offset by depreciation expenditures of \$14.2 million.

Total liabilities increased by approximately \$8 million. Of this amount, current liabilities increased by approximately \$4.2 million. This is attributed to a number of factors. Of this total, \$3.6 million is due to the increase in fall 2011 deferred revenues related to tuition and fees and room and board rate increases and from increased enrollment. The deferred revenues relate amounts billed to students for the subsequent fall semester. Funds held for others increased \$2.5 million. Funds held for others are fiduciary funds held by the University. They are used to account for assets the University holds on behalf of others in a purely custodial capacity. At year-end, undisbursed student refunds of nearly \$16.3 million are accounted for in this category. These refunds are held on the students' behalf until disbursed after the twelfth class day of each semester. These increases were offset by decreases in payables from restricted assets of \$2.8 million. This is primarily due to reduced payables for construction activity related to the bond funded projects.

Of the \$3.8 million increase in noncurrent liabilities, \$12.8 million is attributed to an increase in the SECO loans payable and a decrease of \$9.1 million in the long-term portion of bonds payable.

Expendable restricted net assets increased by \$3.9 million. This is attributed to the bond proceed balances reserved for construction projects. Non-expendable restricted net assets increased \$.2 million. This is the addition to the corpus of the restricted endowment accounts.

Unrestricted net assets decreased by \$2.5 million. This is attributed primarily to decreases in State appropriations, which were not offset by tuition and fee increases.

Statement of Revenues, Expenses, and Changes in Net Assets

Changes in total net assets are based on the activity shown on the Statement of Revenues, Expenses, and Changes in Net Assets. This statement presents operating revenues and expenses, non-operating revenues and expenses, and other gains and losses.

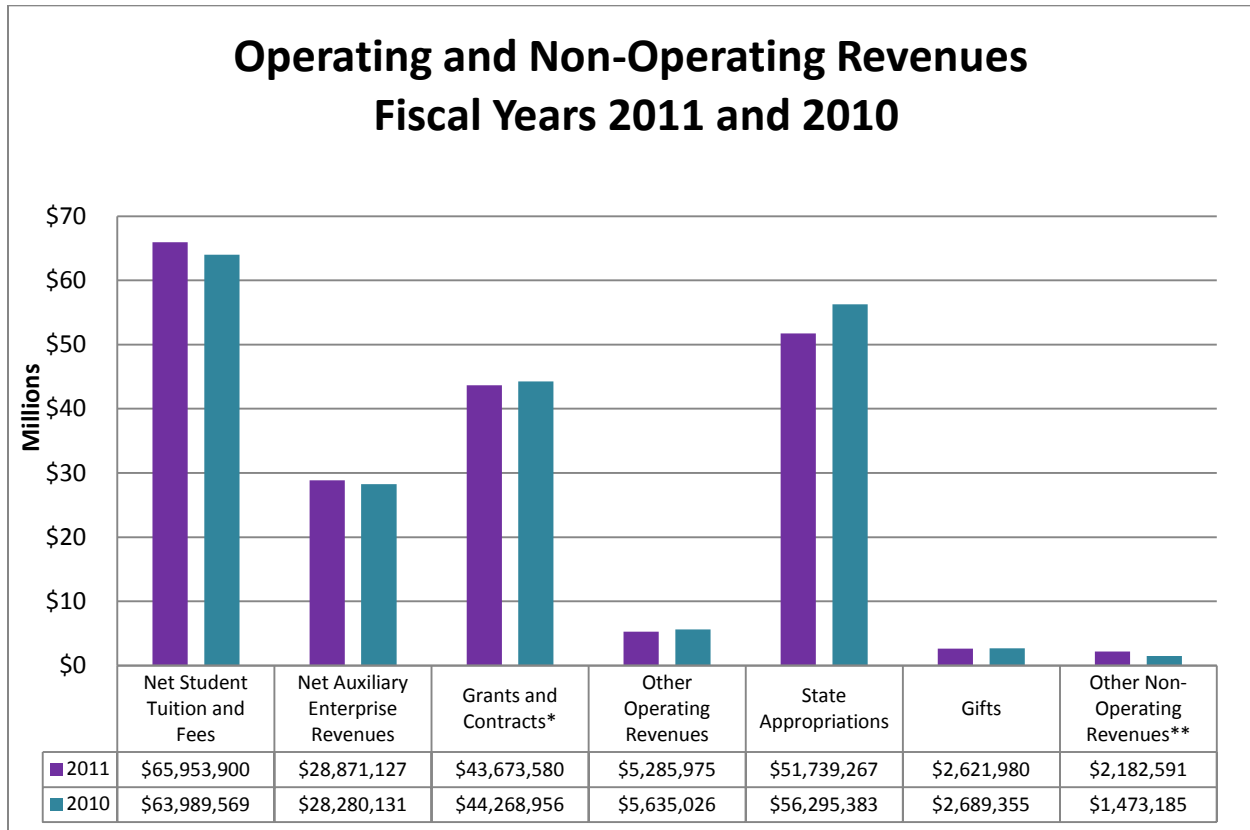

Operating revenues are revenues received for providing goods and services to the various constituencies of the University. Operating expenses are expenses paid to acquire goods and services provided in return for operating revenues to carry out the mission of the University. Non-operating revenues are those for which no goods or services have been provided. This category includes State appropriations, Pell grants, and other federal revenues.

A summarized comparison of the University's Statement of Revenues, Expenses, and Changes in Net Assets for the years ended August 31, 2011 and 2010 follows:

Statement of Revenues, Expenses, and Changes in Net Assets

	<u>2011</u>	<u>2010</u>
Operating Revenues:		
Net Student Tuition and Fees	\$65,953,899.52	\$63,989,568.66
Net Auxiliary Enterprise Revenues	28,871,127.11	28,280,131.38
Grants and Contracts	20,526,925.81	22,484,671.86
Other Operating Revenues	<u>5,285,975.28</u>	<u>5,635,025.84</u>
Total Operating Revenues	120,637,927.72	120,389,397.74
Total Operating Expenses	<u>(199,641,635.77)</u>	<u>(196,671,193.67)</u>
Operating Income (Loss)	<u>(79,003,708.05)</u>	<u>(76,281,795.93)</u>
Non-Operating Revenues (Expenses):		
Legislative Revenue (State)	40,703,316.00	44,114,346.00
Additional Appropriations	11,035,951.04	12,181,036.67
Federal Revenues - Non-Operating	22,517,882.43	19,725,231.57
Federal Pass-Through Revenues - Non-Operating	628,772.00	2,059,053.00
Gifts	2,621,979.50	2,689,354.98
Net Investment Income (Loss)	2,025,167.15	1,469,968.48
Net Increase in Fair Value of Investments	123,164.25	503,595.06
Interest Expenses and Fiscal Charges	(6,794,445.77)	(5,935,248.51)
Net Other Non-Operating Revenues (Expenses)	<u>34,259.74</u>	<u>(500,378.84)</u>
Total Non-Operating Revenues (Expenses)	<u>72,896,046.34</u>	<u>76,306,958.41</u>
Income (Loss) Before Other Revenues, Expenses, Gains or Losses	(6,107,661.71)	25,162.48
Other Revenues, Expenses, Gains (Losses) and Transfers	<u>7,899,469.41</u>	<u>6,761,059.05</u>
Change in Net Assets	<u>1,791,807.70</u>	<u>6,786,221.53</u>
Net Assets, Beginning of Year	131,924,940.60	125,138,719.07
Restatements	<u>(71,415.51)</u>	<u>-</u>
Restated Net Assets, Beginning of Year	<u>131,853,525.09</u>	<u>125,138,719.07</u>
Net Assets, End of Year	<u><u>\$133,645,332.79</u></u>	<u><u>\$131,924,940.60</u></u>

The following graph represents operating and non-operating revenues by major source:

* *Grants and Contracts includes both Operating and Non-Operating Grants and Contracts.*

***Other Non-Operating Revenues include Net Investment Income, Net Increase (Decrease) in Fair Value of Investments, and Other Non-Operating Revenues.*

Some of the fiscal year 2011 highlights presented in the Statement of Revenues, Expenses, and Changes in Net Assets are as follows:

- There was a \$2 million increase in net tuition and fees. Gross tuition was offset by increases in tuition exemptions. The University uses a formula provided by the National Association of College and University Business Officers (NACUBO) to calculate tuition discounts, which takes into account student charges, payments both to and from students, loan proceeds, contractual payments made on a student's behalf, and scholarships. (See chart below.)
- Net auxiliary enterprise revenues increased approximately \$.6 million. This is attributed to the calculated discounts of \$8 million in 2011 compared to \$7.9 million in 2010. Gross auxiliary revenues increased approximately \$.4 million. (See chart below.)

Gross Student Revenues, Exemptions, Discounts and Allowances			
	2011	2010	Net Change
Tuition and Fees – Pledged	\$ 81,947,512.20	\$ 79,582,472.23	\$ 2,365,039.97
Tuition and Fees - Non-Pledged	3,720,664.27	3,771,119.55	(50,455.28)
Exemptions	(2,201,875.36)	(1,420,401.85)	(781,473.51)
Discounts	(17,339,375.64)	(17,674,579.03)	335,203.39
Allowances for Doubtful Accounts	(173,025.95)	(269,042.24)	96,016.29
Net Student Tuition and Fees	\$ 65,953,899.52	\$ 63,989,568.66	\$ 1,964,330.86
Auxiliary Enterprises – Pledged	\$ 35,544,871.90	\$ 35,171,878.84	\$ 372,993.06
Discounts	(8,030,379.69)	(7,927,012.70)	(103,366.99)
Allowances for Doubtful Accounts	(201,377.97)	(388,667.72)	187,289.75
Auxiliary Enterprises - Non-Pledged	1,558,012.87	1,423,932.96	134,079.91
Net Auxiliary Enterprise Revenues	\$ 28,871,127.11	\$ 28,280,131.38	\$ 590,995.73

- Grants and contracts income decreased by \$1.9 million. Although Pell grants revenue increased \$2.7 million, these increases did not offset the decreased revenues attributed to the discontinuance of the Columbia Regional Geospatial Service Center grant funding.
- There was a \$4.5 million decrease in State appropriations. Budget cuts at the State resulted in the University having to return \$5 million in State appropriations.

The following data summarizes the operating expenses in the natural classification expense categories for the fiscal years ended August 31, 2011 and 2010:

	<u>2011</u>	<u>2010</u>
Cost of Goods Sold	\$ 9,021,470.61	\$ 8,697,461.66
Salaries and Wages	86,557,949.01	86,887,290.06
Payroll Related Costs	23,543,958.72	22,557,158.24
Professional Fees and Services	1,840,279.45	2,362,478.89
Travel	1,818,166.42	2,436,138.08
Materials and Supplies	14,579,048.60	16,185,307.45
Communication and Utilities	12,124,573.22	13,374,744.93
Repairs and Maintenance	4,322,203.73	3,685,736.73
Rentals and Leases	1,671,271.76	1,810,094.89
Printing and Reproduction	586,971.98	681,224.21
Federal Pass-Through Expenditure	250,386.64	2,233,393.72
Federal Pass-Through Expenditure to Non-State Entities	839,517.65	160,043.71
Amortization	446,492.78	401,631.73
Depreciation	13,831,809.65	12,115,885.16
Bad Debt Expense	82,668.21	380,794.73
Scholarships	22,882,348.14	16,898,886.42
Claims and Settlements	0.00	1,166.95
Other Operating Expenses	5,242,519.20	5,801,756.11
	<u>\$ 199,641,635.77</u>	<u>\$ 196,671,193.67</u>

Following is a graphic presentation of the major operating expense categories for the fiscal years ended August 31, 2011 and 2010:

*Other Operating Expenses includes Cost of Goods Sold, Professional Fees and Services, Travel, Repairs and Maintenance, Rentals and Leases, Printing and Reproduction, Federal and State Pass-Through Expenses, Bad Debt Expense, Claims and Settlements, and Other Operating Expenses.

Operating Expenses by Category Fiscal Year 2011

Some of the FY 2011 significant changes from the prior year Operating Expenses are:

- Salaries and wages and payroll related costs increased by approximately \$.6 million. Four mandated furlough days and a hiring freeze attributed to a decrease to salaries and wages of approximately \$.3 million. However, increased health insurance expense of nearly \$1 million offset that decrease.
- Materials and supplies decreased by \$1.6 million. This is primarily attributed to a reduction of purchases associated with bond projects that do not meet capitalization thresholds.
- Depreciation increased by \$1.7 million. This is attributed to the completion of several projects. Costs previously captured as construction in progress were moved into depreciable categories. \$30.2 million was moved from construction in progress. \$25.7 million was moved to buildings and \$4.5 million to facilities and other improvements.
- Communication and Utilities decreased by \$1.3 million. This is attributed to savings achieved from the energy efficiency projects undertaken with proceeds from the SECO loan.
- Federal Pass-Through Expenditures decreased by \$1.3 million. Pass-through expenditures associated with the Columbia Regional Geospatial Service Center decreased with the elimination of this funding.
- Reported scholarships increased by \$5.9 million. However, scholarships awarded actually increased \$5.7 million. As discussed previously, a portion of scholarships are reclassified as either tuition discounts or auxiliary discounts using the NACUBO discount formula. The discount calculation takes into account all aid to the student. The gross amounts and related reclassifications are shown below:

Gross Scholarships and Related Discounts Applied to Revenues			
	2011	2010	Net Change
Student Loans (includes Perkins, Direct Loans, FFEL)	\$ 83,770,162.00	\$ 95,390,122.32	\$ (11,619,960.32)
Gross Scholarships	48,252,103.47	42,500,478.15	5,751,625.32
Scholarships- Reclassed to Tuition Discounts	(17,339,375.64)	(17,674,579.03)	335,203.39
Scholarships- Reclassed to Auxiliary Enterprises	(8,030,379.69)	(7,927,012.70)	(103,366.99)
Scholarships (as reported)	<u>\$ 22,882,348.14</u>	<u>\$ 16,898,886.42</u>	<u>\$ 5,983,461.72</u>

Statement of Cash Flows

The Statement of Cash Flows provides details about the University's major sources and uses of cash during the year. It presents detailed information about the cash activity and an indication of the University's liquidity and ability to meet cash obligations. There are four categories of cash flow activity:

1. Cash Flows from Operating Activities – the net cash used by operating activities
2. Cash Flows from Non-Capital Financing Activities – the net cash received and spent for non-operating, non-capital financing, and non-investing purposes
3. Cash Flows from Capital and Related Financing Activities – the net cash from capital and related financing activities that is used to acquire, construct, or improve capital assets
4. Cash Flows from Investing Activities – the net cash from the acquisition and disposition of debt or equity instruments

The sum of the Net Cash Provided (Used) by these four activity types is the Increase (Decrease) in Cash and Cash Equivalents.

The final section of the Statement of Cash Flows reconciles the Net Cash Provided (Used) by Operating Activities to the Operating Income (Loss) reflected on the Statement of Revenues, Expenses, and Changes in Net Assets. A summarized comparison of the Statement of Cash Flows at August 31, 2011 and 2010 follows:

Statement of Cash Flows

	<u>2011</u>	<u>2010</u>
Net Cash Provided (Used) by:		
Operating Activities	\$(71,158,009.88)	\$(62,445,255.77)
Non-Capital Financing Activities	75,138,231.60	82,203,088.24
Capital and Related Financing Activities	(29,063,275.75)	(1,671,286.39)
Investing Activities	<u>127,523.98</u>	<u>181,818.42</u>
 Increase (Decrease) in Cash and Cash Equivalents	 (24,955,530.05)	 18,268,364.50
 Cash and Cash Equivalents, Beginning of Year	 <u>92,519,122.73</u>	 <u>74,250,758.23</u>
 Cash and Cash Equivalents, End of Year	 <u><u>\$ 67,563,592.68</u></u>	 <u><u>\$ 92,519,122.73</u></u>

Net Cash Provided (Used) by Operating Activities should be viewed together with Net Cash Provided (Used) by Non-Capital Financing Activities. State appropriations are significant sources of recurring revenue in support of operating expenses, but under GASB Statement No. 35 they must be classified as Non-Capital Financing Activities instead of Operating Activities. Additionally, Pell grants revenue is classified as Non-Operating Activities since this is considered a non-exchange activity.

The increase in cash used for Operating Activities of \$8.7 million is attributed to several factors. The University had increased cash flows of approximately \$5.6 million from student payments for tuition and fees and auxiliary services. Payments to vendors for goods and services were reduced by \$3.9 million, which also increased cash flows. However, the net increase in cash flows attributed to these factors were offset by decreased cash receipts from grants and contracts of \$14.6 million. This was due primarily to the timing of the drawdowns from the federal government for reimbursements on the student Direct Loan program. Additionally, payments for scholarships increased \$1.5 million and payments to employees for salaries and benefits increased by \$2.1 million.

The decrease in cash flows from Non-Capital Financing Activities of \$8.4 million is primarily attributed to the reduction in legislative appropriations of \$7.4 million.

The increase of \$27.4 million for cash used by Capital and Related Financing Activities can be attributed to capital expenditures related to prior year bond proceeds. Fiscal year 2010 amounts reflected the cash provided from the 2010 bond issue.

The change in Cash Flows from Investing Activities was negligible.

CAPITAL ASSET AND DEBT ADMINISTRATION

The University continues to improve its campus through development and renewal of its facilities and other capital assets. Capital additions totaled approximately \$34.7 million in fiscal year 2011, \$31.5 million in fiscal year 2010, and \$35.3 million in fiscal year 2009.

A parking garage and new residence hall were completed in fiscal year 2011. These projects were funded with bond proceeds from the 2010 series.

Credit ratings assigned by Fitch were revised from a positive outlook to a stable outlook in July 2010.

Major initiatives to reduce energy costs were funded with two loans from SECO. Of the \$17.2 million allocated to the University, \$12.8 million was spent in 2011. These initiatives have already resulted in utility cost savings to the University.

ECONOMIC OUTLOOK

Management is not aware of any facts, decisions, or conditions that are expected to have a material effect on the financial position or results of operations during the fiscal year 2012. Enrollment trends continue to remain positive. Fall 2011 enrollment of 12,903 was the second highest in school history. The University's highest enrollment, 12,954, was recorded in fall 2010. Housing for the student body for fall 2011 was at 100 percent capacity. Campus improvements and increased marketing efforts are expected to have a continued positive impact on enrollment.

Continued budget reductions at the State will impact funding from State appropriations during the next biennium. In fiscal year 2011, the University returned approximately \$5 million of State appropriations. In fiscal years 2012 and 2013, the State appropriation levels are budgeted to decline an additional \$3 million from fiscal year 2011 levels. The University plans to offset these declines with a combination of increased revenues from tuition and fees and auxiliary enterprises and reduced operating expenses.

SIGNIFICANT EVENTS

Management is not aware of any significant events that impact the financial statements this year.

NOTE 1: Summary of Significant Accounting Policies

Entity

Stephen F. Austin State University (the University) is an agency of the State of Texas (the State). The University's financial records comply with State statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' *Reporting Requirements for Annual Financial Reports of State Agencies and Universities*.

The University serves the State as a public institution of higher education.

The University has six related entities. The University has determined no related entity is a reportable component unit of Stephen F. Austin State University. These related entities are listed in Note 19.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements — and Management's Discussion and Analysis — for State and Local Governments* and GASB Statement No. 35, *Basic Financial Statements — and Management's Discussion and Analysis — for Public Colleges and Universities*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in these Statements. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas *Comprehensive Annual Financial Report*; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

The university follows the "business-type activities" reporting requirement of GASB Statement No. 34 that provides a comprehensive one-line look at the university's financial activities.

Blended Component Units

No component unit has been identified which should be reported as a blended unit.

Discretely Presented Component Units

No component unit has been identified which should be discretely presented.

Fund Structure

Basis of Accounting – Proprietary Fund Accounting

Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial positions, and cash flows. The financial statements of the University have been prepared on the accrual basis. Accrual accounting attempts to record a transaction's financial effects in the period in which the transaction occurred, rather than when cash is received or paid. Revenues are recorded when they are earned or when the University has a right to receive the revenues. Expenses are recognized when they are incurred.

There are four essential elements of accrual accounting. They are:

- Deferral of expenditures and the subsequent amortization of the deferred costs.
- Deferral of revenues until they are earned.
- Capitalization of certain expenses and the subsequent depreciation of the capitalized costs.
- The accruals of revenues that have been earned and expenses that have been incurred.

Proprietary funds use the flow of economic resources measurement focus, which is similar to the focus used by commercial entities. Proprietary funds focus on whether the enterprise is economically better off as a result of the events and transactions that occurred during the fiscal period reported. Transactions and events that improved an enterprise's financial position are reported as revenues or gains. Transactions and events that diminished the economic position of the enterprise are reported as expenses or losses. Both current and long-term assets and liabilities are shown on the Statement of Net Assets.

The Statement of Revenues, Expenses, and Changes in Net Assets is segregated into operating and non-operating sections.

Generally, operating activities are those that directly result from the provision of goods and services to

Stephen F. Austin State University-755
UNAUDITED
Notes to the Financial Statements
August 31, 2011

customers or are directly related to the principal and usual activity of an enterprise. GASB Statement No. 34 indicates that a consideration for defining a proprietary fund's operating revenues and expenditures is how individual transactions would be classified for purposes of preparing a Statement of Cash Flows according to GASB Statement No. 9.

Since certain grants are actually contracts for services, they are classified as operating activities. State appropriations and certain grants, such as the Pell grants, are reported as non-operating activities even though they are directly related to the principal and usual activity of the University. These are considered non-exchange transactions, and are therefore considered non-operating revenues.

Budget and Budgetary Accounting

The University prepares an annual budget which represents anticipated sources of revenue and authorized uses. This budget is approved by the University's Board of Regents. Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated. Budget information is not included in the Annual Financial Report.

Assets, Liabilities, and Net Assets

Assets

Cash and Cash Equivalents

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of proprietary fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements.

Inventories

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued using the average cost method. The consumption method of accounting is used to account for inventories and prepaid items. The cost of these items is expensed when the items are sold or consumed.

Prepaid Items

Prepaid items include prepaid expenses attributable to a subsequent fiscal year, including scholarships attributed to the 2011 fall semester.

Capital Assets

Equipment with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year is capitalized. Buildings, infrastructure, facilities, and other assets are capitalized when they meet thresholds set by the State. These assets are capitalized and reported at cost or, if not purchased, at appraised fair value on the date of acquisition. Depreciation is reported on all "exhaustible" assets. "Inexhaustible" assets, such as works of art and historical treasures, are not depreciated. Assets are depreciated over the estimated useful life of the asset using the straight-line method of depreciation.

Other Receivables - Current and Noncurrent

Current receivables are specified in the Statement of Net Assets. They include amounts that are reasonably expected to be received in fiscal year 2012. Noncurrent receivables are those receivables that are not expected to be collected within one year. Included in this category are student accounts receivables and loan receivables that are not expected to be received during fiscal year 2012. The disaggregation of other receivables as reported in the financial statements is shown in Note 24, "Disaggregation of Receivable and Payable Balances."

Liabilities

Liabilities are reported separately as either current or noncurrent in the Statement of Net Assets.

Stephen F. Austin State University-755
UNAUDITED
Notes to the Financial Statements
August 31, 2011

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Other Payables - Current

The disaggregation of other payables as reported in the financial statements is shown in Note 24, "Disaggregation of Receivable and Payable Balances."

Employees' Compensable Leave Balances

Employees' Compensable Leave Balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. These obligations are normally paid from the same funding source from which the covered employee's salary or wage compensation was paid.

Capital Lease Obligations

Capital Lease Obligations represent the liability for future lease payments under capital lease contracts. Liabilities are reported separately in the Statement of Net Assets as either current, for the amounts due within one year, or noncurrent, for the amounts due thereafter.

Bonds Payable - Revenue Bonds

The principal of revenue bonds is reported separately in the Statement of Net Assets as either current, for the amounts due within one year, or noncurrent, for the amounts due thereafter. Bonds payable are recorded at par value. Interest expense is reported on the accrual basis.

Bonds Payable - Tuition Revenue Bonds

The principal of tuition revenue bonds is reported separately in the Statement of Net Assets as either current, for the amounts due within one year, or noncurrent, for the amounts due thereafter. Bonds payable are recorded at par value. Interest expense is reported on the accrual basis.

Bonds Payable - General Obligation Bonds

The principal of general obligation bonds is reported separately in the Statement of Net Assets as either current, for the amounts due within one year, or noncurrent, for the amounts due thereafter. Bonds payable are recorded at par. Interest expense is reported on the accrual basis.

Net Assets

The difference between assets and liabilities is "Net Assets" on the Statement of Net Assets.

Invested in Capital Assets, Net of Related Debt

Invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted Net Assets

Restricted net assets result when constraints placed on their use are either externally imposed by creditors, grantors, contributors and the like, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Assets

Unrestricted net assets consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources that are imposed by management, but these constraints can be removed or modified.

Interfund Activities and Balances

The University has the following types of transactions among State appropriated funds and other State agencies:

Stephen F. Austin State University-755
UNAUDITED
Notes to the Financial Statements
August 31, 2011

- Transfers: Legally required transfers that are reported when incurred as “Transfers In” by the recipient fund or State agency and as “Transfers Out” by the disbursing fund or State agency.
- Reimbursements: Reimbursements of expenditures made by one State agency for another are recorded as expenditures by the reimbursing State agency and as a reduction of expenditures by the reimbursed State agency. Reimbursements are not displayed in the financial statements.
- Interfund Receivables and Payables: Interfund receivables and payables are recorded as “Due from Other Agencies” or “Due to Other Agencies” on the Statement of Net Assets. Repayments due during the current year are classified as "Current"; repayments due thereafter are classified as "Noncurrent."
- Interfund Sales and Purchases: Charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund.

The composition of the University's interfund activities and balances are presented in Note 12.

NOTE 3: Deposits, Investments and Repurchase Agreements

The University is authorized by statute to make investments following the "prudent person rule." There were no significant violations of legal provisions during the period.

Deposits of Cash in Bank

As of August 31, 2011, the carrying amount of deposits was \$89,213,498.33 as presented below:

CASH IN BANK – CARRYING AMOUNT	\$89,213,498.33
Less: Certificates of Deposit included in carrying amount and reported as Short Term Investments and in the Noncurrent, Unrestricted Investments - Operating	(28,763,389.55)
Less: Uninvested Securities Lending Cash Collateral included in carrying amount and reported as Securities Lending Collateral	0.00
Less: Securities Lending CD Collateral included in carrying amount and reported as Securities Lending Collateral	0.00
Total Cash in Bank per AFR	\$60,450,108.78

Proprietary Funds Current Assets Cash in Bank	\$43,107,678.00
Proprietary Funds Current Assets Restricted Cash in Bank	17,342,430.78
Proprietary Funds Noncurrent Restricted Cash in Bank	0.00
Cash in Bank per AFR	\$60,450,108.78

These amounts consist of all cash in banks. These amounts are included on the Statement of Net Assets as part of the "Cash and Cash Equivalents" accounts, except for the certificates of deposit, which are recorded as Investments.

As of August 31, 2011, the total bank balance was as follows:

Business-Type Activities	\$69,469,778.91	Fiduciary Funds	\$0.00
--------------------------	-----------------	-----------------	--------

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the University will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The Stephen F. Austin State University Board Policy C-41, *Investments*, states that all deposits shall be secured by a pledge of collateral with a market value equal to no less than 100% of the deposits less any amount insured by the FDIC or FSLIC and pursuant to Chapter 2257, the Public Funds Collateral Act. Although there were no significant violations of legal provisions during the fiscal year, some deposits were under-collateralized during one day of March 2011.

At August 31, 2011, amounts insured by the FDIC were \$1,276,740.87. The bank balances at August 31, 2011, that were exposed to custodial credit risks were as follows:

Fund Type	GAAP Fund	Uninsured and uncollateralized	Uninsured and collateralized with securities held by the pledging financial institution	Uninsured and collateralized with securities held by the pledging financial institution's trust department or agent but not in the University's name
7999	9999	\$0.00	\$68,193,038.04	\$0.00

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Stephen F. Austin State University Board Policy C-41, *Investments*, addresses credit risks by authorizing investments only in certain types of securities.

Stephen F. Austin State University-755
 UNAUDITED
 Notes to the Financial Statements
 August 31, 2011

As of August 31, 2011, the Standard & Poor's credit quality ratings of the University's investments by type of securities with credit risk exposure were as follows:

Investment Type	AAA	AA	A	NR
U.S. Government Agency Obligations (Excludes obligations explicitly guaranteed by the U.S. Government)	\$0.00	\$3,708,835.31	\$0.00	\$0.00
U.S. Government Agency Obligations (Texas Treasury Safekeeping Trust Co)	0.00	0.00	0.00	0.00
Corporate Obligations	470,976.66	2,357,107.81	904,791.34	0.00

Alternative Investments	0.00	0.00	0.00	1,046,658.59
	AAAf	AAf	Unrated	
Fixed Income Money Market and Bond Mutual Fund	\$0.00	\$0.00	\$2,135,180.98	
	A-1	A-2	A-3	
Commercial Paper	\$0.00	\$0.00	\$0.00	

Concentration of credit risk is the risk of loss attributable to the magnitude of investment in a single issuer. As of August 31, 2011, the University's concentration of credit risk is immaterial to any single issuer.

Reverse Repurchase Agreements

The University, by statute, is authorized to enter into reverse repurchase agreements. A reverse repurchase agreement is a transaction in which a broker-dealer or financial institution transfers cash to the University and the University transfers securities to the broker-dealer and promises to repay the cash plus interest in exchange for the same or similar securities. Credit risk exposure for the University arises when a broker-dealer does not return the securities or their value at the conclusion of the reverse repurchase agreement. There were no significant violations of legal or contractual provisions during the year.

As of August 31, 2011, the University was not participating in reverse repurchase agreements.

Securities Lending

In securities lending transactions, the University would transfer its securities to broker-dealers and other entities for collateral – which may be cash or securities – and simultaneously agrees to return the collateral for cash or the same securities in the future. The University did not participate in securities lending transactions during fiscal year 2011.

NOTE 4: Short-Term Debt

The University had no short-term debt as of August 31, 2011.

SECO Loans Payable	0.00	12,774,273.72	0.00	12,774,273.72	0.00	12,774,273.72
Total Business-Type Activities	\$191,144,062.00	\$13,401,530.59	\$9,990,413.10	\$194,645,179.49	\$9,608,698.13	\$185,036,481.36

Claims and Judgments

The University had no unpaid settlements or judgments as of August 31, 2011.

Employees' Compensable Leave

A State employee is entitled to be paid for all unused vacation time (annual leave) accrued in the event of the employee's resignation, dismissal, or separation from State employment, provided the employee has had continuous employment with the State for at least six months. The University reports the liability for the unpaid annual leave in the Statement of Net Assets. No liability is recorded for sick pay benefits.

NOTE 6: Bonded Indebtedness

Bonds Payable

General information related to bonds is summarized below:

Texas Public Finance Authority Stephen F. Austin State University Revenue Financing System Revenue Bonds - Series 2002

- To provide funds for construction of a facility to replace the Birdwell Building, construction of a new Telecommunications and Networking building, renovations to Power Plant, and renovations to existing structures at the University.
- Issued 7-9-02.
- \$14,070,000; All authorized bonds have been issued.
- Source of revenue for debt service:
 - Pledged Student Tuition
 - Other Pledged Revenues
- Changes in Debt: Principal paid during fiscal year \$635,000; Outstanding at year end \$9,275,000.

Texas Public Finance Authority Stephen F. Austin State University Revenue Financing System Revenue Bonds - Series 2002(A)

- To provide funds for renovation of the stadium press box.
- Issued 12-19-02.
- \$1,320,000; All authorized bonds have been issued.
- Source of revenue for debt service:
 - Pledged Student Tuition
 - Other Pledged Revenues
- Changes in Debt: Principal paid during fiscal year \$190,000; Outstanding at year end \$0.

Texas Public Finance Authority Stephen F. Austin State University Revenue Financing System Revenue Bonds - Series 2004

- To provide funds for renovation and expansion, and equipment for the Student Center.
- Issued 2-18-04.
- \$26,030,000; All authorized bonds have been issued.
- Source of revenue for debt service:
 - Pledged Student Tuition
 - Pledged Student Center Fees
 - Other Pledged Revenues
- Changes in Debt: Principal paid during fiscal year \$1,050,000; Outstanding at year end \$20,140,000.

Texas Public Finance Authority Stephen F. Austin State University Revenue Financing System Revenue Bonds - Series 2004(A)

- To provide funds to construct a 400-space parking garage adjacent to the Student Center.
- Issued 8-17-04.
- \$5,460,000; All authorized bonds have been issued.
- Source of revenue for debt service:
 - Pledged Student Tuition
 - Pledged Student Center Fees
 - Other Pledged Revenues
- Changes in Debt: Principal paid during fiscal year \$220,000; Outstanding at year end \$4,260,000.

Texas Public Finance Authority Stephen F. Austin State University Revenue Financing System Revenue Bonds - Series 2005

- To provide funds to construct a new student residence hall and associated parking garage; and to pay the costs related to the issuance of the bonds.
- Issued 6-23-05.
- \$17,215,000; All authorized bonds have been issued.
- Source of revenue for debt service: Pledged Revenues consisting of Unrestricted Current Funds Revenues excluding: remissions, governmental appropriations and gifts, grants and contracts within the Educational and General Fund Group; Higher Education Funds; and student service fees and private gifts in the Auxiliary Fund Group.
- Changes in Debt: Principal paid during fiscal year \$675,000; Outstanding at year end \$14,060,000.

Texas Public Finance Authority Stephen F. Austin State University Revenue Financing System Revenue Bonds - Series 2005(A)

- To provide funds to construct a new student residence hall and associated parking garage; to construct a new student recreational center and to pay the costs related to the issuance of the bonds.
- Issued 11-02-05.
- \$55,365,000; All authorized bonds have been issued.
- Source of revenue for debt service:
 - Pledged Recreational Sports Fee
 - Other Pledged Revenues consisting of Unrestricted Current Funds Revenues excluding: remissions, governmental appropriations and gifts, grants, and contracts within the Educational and General Fund Group; Higher Education Funds; and student service fees and private gifts in the Auxiliary Fund Group.
- Changes in Debt: Principal paid during fiscal year \$2,195,000; Outstanding at year end \$49,620,000.

Texas Public Finance Authority Stephen F. Austin State University Revenue Financing System Revenue Bonds - Series 2008

- To provide funds to construct a new Early Childhood Research Center which will provide an early childhood laboratory for the College of Education and a charter school campus.
- Issued 03-04-08.
- \$20,175,000; All authorized bonds have been issued.
- Source of revenue for debt service: Pledged revenues consisting of Unrestricted Current Fund Revenues excluding: remissions, governmental appropriations and gifts, grants, and contracts within the Educational and General Fund Group; Higher Education Funds; and student service fees and private gifts in the Auxiliary Fund Group.
- Changes in Debt: Principal paid during fiscal year \$665,000; Outstanding at year end \$15,675,000.

State of Texas Constitutional Appropriation Bonds Stephen F. Austin State University - Series 2008

- To provide a portion of the funds to complete construction and equip the Early Childhood Research Center and pay certain costs related to the issuance of the bonds.
- Issued 12-18-08.
- \$10,200,000; All authorized bonds have been issued.
- Source of revenue for debt service: Pledged revenues consisting of Higher Education Funds.
- Changes in Debt: Principal paid during fiscal year \$900,000; Outstanding at year end \$8,430,000.

Texas Public Finance Authority Stephen F. Austin State University Revenue Financing System Revenue Bonds - Series 2009

- To provide funds to construct a new nursing facility expansion and provide campus-wide deferred maintenance to multiple buildings.
- Issued 02-04-09.
- \$23,615,000; All authorized bonds have been issued.
- Source of revenue for debt service: Pledged revenues consisting of Unrestricted Current Fund Revenues excluding: remissions, governmental appropriations and gifts, grants, and contracts within the Educational and General Fund Group; Higher Education Funds; and student service fees and private gifts in the Auxiliary Fund Group.
- Changes in Debt: Interest accreted \$1,290.65; Principal paid during fiscal year \$830,000; Outstanding at year end \$20,250,000.
- Revenue Financing System Bonds issued include a Serial Bond of \$1,715,000, a Capital Appreciation Bond (CAB) of \$209,575, and Current Interest Serial Bonds of \$21,070,000. The CAB matured October 15, 2010, at \$830,000. CAB proceeds include \$603,053.10 of bond premium in addition to the par value of \$209,575 for a total issue price of \$812,628.10. The CAB have interest accretion of \$17,371.90, all of which has been accreted as of August 31, 2011.

Texas Public Finance Authority Stephen F. Austin State University Revenue Financing System Revenue Bonds - Series 2010

- To provide funds to construct a new freshman residence hall and adjacent parking garage.
- Issued 04-01-10.
- \$35,035,000; All authorized bonds have been issued.
- Source of revenue for debt service: Pledged unappropriated fund balances available at the beginning of the year. Pledged revenues consist of Unrestricted Current Fund Revenues excluding: remissions, governmental appropriations and gifts, grants, and contracts within the Educational and General Fund Group; and student service fees and private gifts in the Auxiliary Fund Group.
- Changes in Debt: Principal paid during fiscal year \$1,310,000; Outstanding at year end \$33,725,000.

Texas Public Finance Authority Stephen F. Austin State University Revenue Financing System Revenue Bonds - Series 2010A

- To refund outstanding Board of Regents of Stephen F. Austin State University Revenue Financing System, Texas Public Finance Authority Revenue Bonds - Series 1998.
- Issued 04-01-10.
- \$3,415,000; All authorized bonds have been issued.
- Source of revenue for debt service: Pledged unappropriated fund balances available at the beginning of the year. Pledged revenues consist of Unrestricted Current Fund Revenues excluding: remissions, governmental appropriations and gifts, grants, and contracts within the Educational and General Fund Group; and student service fees and private gifts in the Auxiliary Fund Group.
- Changes in Debt: Principal paid during fiscal year \$675,000.00; Outstanding at year end \$2,475,000.

NOTE 7: Derivative Instruments

The University did not participate in derivative activity during fiscal year 2011.

NOTE 8: Leases

Operating Leases

Included in the expenditures reported in the financial statements are the following amounts of rent paid or due under operating lease obligations:

<u>Fund Type</u>	<u>Amount</u>
Proprietary Fund	\$325,883.93

Future minimum lease rental payments under non-cancelable operating leases having an initial term in excess of one year are as follows:

Year Ended August 31	
2012	\$314,721.05
2013	209,570.12
2014	147,014.61
2015	52,619.81
2016	19,924.86
2017-2021	6,196.80
Total Future Minimum Lease Rental Payments	\$750,047.25

Capital Leases

The University has entered into long-term leases for financing the purchase of certain capital assets. Such leases are classified as capital leases for accounting purposes and, therefore, are recorded at the present value of the future minimum lease payments at the inception of the lease. Following is a summary of original capitalized costs of all such property under lease as well as the accumulated depreciation as of August 31, 2011:

Stephen F. Austin State University-755
 UNAUDITED
 Notes to the Financial Statements
 August 31, 2011

Assets Under Capital Leases	Business-Type Activities
Furniture and Equipment	\$415,416.44
Less: Accumulated Depreciation	77,242.74
Vehicles	0.00
Less: Accumulated Depreciation	0.00
Total	\$338,173.70

Future minimum lease payments under these capital leases, together with the present value of the net minimum lease payments at fiscal year-end, are as follows:

Future Minimum Lease Payments	Business-Type Activities		
	Principal	Interest	Total
2012	\$76,480.37	\$1,283.83	\$77,764.20
2013	76,981.50	790.05	77,771.55
2014	73,408.35	351.40	73,759.75
2015	72,120.41	85.69	72,206.10
2016	0.00	0.00	0.00
2017-2021	0.00	0.00	0.00
Total Future Minimum Lease Payments	\$298,990.63	\$2,510.97	\$301,501.60
Less: Amount Representing Interest at Various Rates			2,510.97
Present Value of Net Minimum Lease Payments			\$298,990.63

NOTE 9: Pension Plans

The State of Texas has joint contributory retirement plans for all of its benefits-eligible employees. One of the primary plans in which the University participates is administered by the Teacher Retirement System of Texas (TRS). The contributory percentages of participant salaries currently provided by the State and by each participant are 6.644% and 6.4%, respectively, of annual compensation. TRS does not separately account for each of its component government agencies since TRS itself bears sole responsibility for retirement commitments beyond contributions fixed by the State Legislature. Further information regarding actuarial assumptions and conclusions, together with audited financial statements, are included in TRS' annual financial report.

The State has also established an Optional Retirement Program (ORP) for institutions of higher education for certain administrative personnel and faculty. Participation in ORP is in lieu of participation in TRS, and the selection to participate in ORP must be made in the first 90 days of eligibility. The ORP allows participants to select from a variety of companies for the purchase of annuity contracts or to invest in mutual funds. The contributory percentages on salaries for participants entering the program prior to September 1, 1995, are 8.5% and 6.65% by the State and each participant, respectively. The State's contribution is comprised of 6.4% from the ORP appropriation and 2.1% from other funding sources. The 6.4% contribution is mandatory with the other 2.1% being at the discretion of the University's Board of Regents. The Board has approved the additional contributions for these employees. The contributory percentages on salaries for participants entering the program after August 31, 1995, are 6.4% and 6.65% by the State and each participant, respectively. Since these are individual annuity contracts or mutual fund investments, the University has no additional or unfunded liability for this program.

GASB State No. 27, paragraph 27(d) requires that university system offices and independent universities that administer the ORP disclose the amounts contributed by members and by the employer for that plan. Following are the ORP contributions made for the 2011 fiscal year:

Member Contributions	\$1,786,693.00
Employer Contributions	\$2,006,649.00

NOTE 10: Deferred Compensation

University employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in the TEX. GOV'T. CODE ANN., Chapter 609. Two plans are available for employees: the 403(b) Tax Sheltered Annuity (TSA) plan and the Texasaver 457(b) plan. The TSA is administered by Stephen F. Austin State University. The 457(b) plan is administered by the Employees Retirement System of Texas. The assets of these plans do not belong to the University or to the State, and thus they have no liability related to the plans.

The detailed State Grant Pass-Through information is listed on Schedule 1-B - Schedule of State Grant Pass-Through From/To State Agencies.

NOTE 13: Continuance Subject to Review - (Not Applicable)

NOTE 14: Adjustments to Fund Balances/Net Assets

In fiscal year 2010, items related to facilities were capitalized and moved to construction in progress based on the assumption that the cost would exceed the capitalization threshold of \$100,000.00. Cost did not exceed the capitalization threshold amount. Therefore, an adjustment to fund balance was made to reflect the amount as expensed in a prior year. The adjustment of \$71,415.51 was made to the fiscal year 2010 balances in Construction in Progress and Invested in Capital Assets, Net of Related Debt. An adjustment of \$86,876.00 was also made to furniture and equipment and its related depreciation for two pieces of fully depreciated equipment that were added to the statewide property accounting system's inventory. No adjustment was made to fund balance for this change. These adjustments are reflected in Note 2, Capital Assets.

NOTE 15: Contingencies and Commitments

Unpaid Claims and Lawsuits

As of August 31, 2011, one lawsuit and some miscellaneous claims were pending. Subsequent to year end, two additional lawsuits were filed against the University. While the ultimate liability with respect to pending claims asserted against the University cannot be reasonably estimated at this time, such liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the University.

NOTE 16: Subsequent Events

Subsequent to year end, two lawsuits were filed against the University. While the ultimate liability with respect to pending claims asserted against the University cannot be reasonably estimated at this time, such liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the University.

NOTE 17: Risk Management

The University is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; losses resulting from providing health and other medical benefits to employees; and natural disasters. It is the University's policy to periodically assess the proper combination of commercial insurance and retention of risk to cover losses to which it may be exposed. The methods the University uses to handle each of these risks are summarized below.

Injuries to Employees: Employees of the University are covered by a workers' compensation insurance policy provided by the State Office of Risk Management (SORM). SORM assesses the University an amount for the insurance coverage in accordance with 28 T.A.C. 251.507. An Interagency Contract in the amount of \$187,031.76 was executed on behalf of the University for Worker's Compensation Insurance during the year ended August 31, 2011. A mid-year assessment adjustment in the amount of \$62,343.92 for 2011 was paid in May 2011 and recorded as an increase in current year expenditures.

Provision for Health and Other Medical Benefits: Employees of the University are eligible for health insurance and optional coverage(s) if they are employed at least 50 percent time. The coverage is provided through the State, under the Texas Employees Group Benefits Program (GBP), which is administered by Blue Cross Blue Shield of Texas. Eligible employees may select health, dental, life, accidental death and dismemberment, dependent life, and long and short-term disability coverage. All risks associated with these benefits are passed to the GBP. The costs of health insurance coverage are jointly paid by the State and the University as follows: 100% for full-time employees and 50% for their dependents; 50% for part-time employees and 25% for their dependents. Employees hired on or after September 1, 2003, have a 90-day waiting period to participate in health insurance coverage. Contributions made by the State on behalf of the University for health and other medical benefits were \$6,064,756.00 for the year ended August 31, 2011.

Stephen F. Austin State University-755
UNAUDITED
Notes to the Financial Statements
August 31, 2011

Damage to Property: The University is required by certain bond covenants to carry fire and extended coverage and boiler insurance on buildings financed through the issuance of bonds. The insurance protects the bondholders from a disruption to the revenue stream that is being utilized to make the bond interest and principal payments. In fiscal year 2011, there were no damage claims.

The Texas Motor Vehicle Safety Responsibility Act requires that every non-governmental vehicle operated on a State highway be insured for minimum limits of liability in the amount of \$25,000 per injured person, up to a total of \$50,000 for everyone injured in an accident (bodily injury) and \$25,000 for property damage. However, the University has chosen to carry liability insurance on its licensed vehicles in the amount of \$250,000/\$500,000/\$100,000. The University also carries physical damage for vehicles six years and newer. One vehicle, a 56-passenger bus, carries a \$1,000,000 limit per contractual requirements. The annual premium was \$57,424.00 with a deductible paid of \$892.00.

Torts and Other Risks: The University is exposed to a variety of civil claims resulting from the performance of its duties. The University has purchased commercial insurance to address this risk.

NOTE 18: Management's Discussion and Analysis (MD&A)

See *Management's Discussion and Analysis* at the beginning of this financial report.

NOTE 19: The Financial Reporting Entity
--

The University is an agency of the State of Texas. The ten members of its Board of Regents are appointed by the Governor, and include one non-voting student Regent. The University has no component units or joint ventures.

Six entities exist to benefit the University: Stephen F. Austin State University Foundation, Inc.; SFA Real Estate Foundation, Inc.; Stephen F. Austin State University Alumni Association, Inc.; Stephen F. Austin State University Alumni Foundation, Inc.; Stephen F. Austin State University Tip-In Club; and, Stephen F. Austin State University Quarterjack Club. Since the University's Board of Regents is not financially accountable for these entities and does not appoint their board members, they are not considered Related Parties per GASB Statement No.14, *The Financial Reporting Entity*, and GASB Statement 39, *Determining Whether Certain Organizations Are Component Units —an amendment of GASB Statement No. 14*. Accordingly, their financial data are not included in this financial report.

The Stephen F. Austin State University Foundation, Inc. is a non-profit organization operating exclusively to solicit, receive, hold, invest, and expend private funds for the sole benefit of the University. The University's Vice President for Development serves as the Executive Director of the Foundation and the University's President may serve as an ex officio, non-voting member of the Foundation's Board of Trustees. This Board of Trustees is a separate governing body from the University's Board of Regents, acting autonomously and with no overlapping members. The University provides certain personnel, office space, equipment and supplies to assist the Foundation in carrying out its mission and activities.

The SFA Real Estate Foundation, Inc. is a non-profit organization with the sole purpose of supporting the mission of the University. It receives, holds, manages, and controls real property gifts or acquisitions which benefit the University. The University's Vice President for Development serves as the Executive Director of the Foundation and the University's President may serve as an ex officio, non-voting member of the Foundation's Board of Trustees. The University furnishes certain services, such as office space, utilities, and some staff assistance, to the Foundation.

The Stephen F. Austin State University Alumni Association, Inc. is a non-profit organization dedicated to serving the alumni, friends, and current students of the University through programs, scholarships, and activities that create an attitude of continued loyalty and support. The University's Executive Director for Alumni Affairs serves as the Executive Director of the Alumni Association. The Alumni Association compensates the University for a portion of their employee support costs. The University provides certain services, such as office space, utilities, some staff assistance, and custodial services, to the Association.

 UNAUDITED
 Notes to the Financial Statements
 August 31, 2011

The Stephen F. Austin State University Alumni Foundation, Inc. is a non-profit organization which exists to award scholarships to students at the University. The Alumni Foundation is housed within the Alumni Association. Therefore, the University provides the same office space, utilities, staff assistance, and custodial services for the Alumni Foundation as it does for the Alumni Association.

The Stephen F. Austin State University Tip-In Club is a non-profit organization which exists for the sole purpose of supporting the Lumberjack Basketball program. It solicits donations and manages and holds gifts for the sole benefit of the intercollegiate men's basketball program. The University's Athletic Director serves as an ex officio, non-voting member of the Club's Board of Directors and reviews and approves activities to ensure compliance with National Collegiate Athletic Association (NCAA) requirements.

The Stephen F. Austin State University Quarterjack Club is a non-profit organization which exists for the sole purpose of supporting the Lumberjack Football program. This organization has been dormant for several years. The University's Athletic Director serves as an ex officio, non-voting member of the Club's Board of Directors and reviews and approves activities to ensure compliance with NCAA requirements.

NOTE 20: Stewardship, Compliance and Accountability

The University administration is unaware of any non-compliance items.

NOTE 21: Tobacco Settlement (Not Applicable)

NOTE 22: Donor-Restricted Endowments

Donor-Restricted Endowment	Amounts of Net Appreciation	Reported in Net Assets
True Endowments	\$600,588.58	Funds Held as Permanent Endowments, Expendable
Term Endowments	2,635.01	Funds Held as Permanent Endowments, Expendable
Total	\$603,223.59	Change in Net Assets, Expendable

The University spending policy provides for a target distribution rate of between 4% and 5% annually. If returns permit, an amount equal to the rate of inflation will be added back to each endowment principal balance. Additionally, if there are any returns beyond the inflation rate, then this amount may be added to a contingency reserve for distribution during years of poor investment performance. In 2011, account managers were given the option to replenish principal balances in order to offset prior year losses rather than make distributions, subject to the endowment agreements. Accordingly, 3.25% of total earnings was distributed to spending accounts and 6.68% was added back to the balance of each individual endowment account. In fiscal year 2011, no amount was added to the contingency reserve account.

NOTE 23: Extraordinary and Special Items - (Not Applicable)

NOTE 24: Disaggregation of Receivable and Payable Balances

Accounts Receivables

The components of Current Accounts Receivables, as reported in the Statement of Net Assets, are as follows:

Accounts Receivables Category	Current Amount
3 rd Party Contracts for Student Payments	\$1,807,819.61
SECO Loans Receivables	1,607,036.15
Miscellaneous Receivables	348,112.36
Total	\$3,762,968.12

Of these amounts, there are no significant receivable balances that the University does not expect to collect within the next fiscal year.

Accounts Payables

The components of Current Accounts Payables, as reported in the Statement of Net Assets, are as follows:

Accounts Payables Category	Current Amount
Payables on Construction Activity	\$293,402.05
Utility Payables	987,475.63
Procurement Card Payables	899,723.06
Food Service Payable	1,003,512.94
Miscellaneous	1,843,744.80
Total	\$5,027,858.48

NOTE 25: Termination Benefits – (Not Applicable)

NOTE 26: Segment Information - (Not Applicable)

STEPHEN F. AUSTIN STATE UNIVERSITY
Agency No. 755
Schedule 1-A-Schedule of Expenditures of Federal Awards
For the Fiscal Year Ended August 31, 2011

Note 1 - Nonmonetary Assistance - N/A

Note 2 - Reconciliation

Below is a reconciliation of the total of federal pass through and federal expenditures as reported on the Schedule of Federal Financial Assistance to the total of federal revenues and federal grant pass-through revenues as reported in the general-purpose financial statements. Generally, federal funds are not earned until expended; therefore, federal revenues equal federal expenditures for the reporting period.

Per Combined Statement of Changes in Revenues, Expenses and Net Assets

Federal Revenue Operating	\$ 5,551,982.01
Federal Pass-Through Revenue	2,513,990.43
Federal Pass-Through from Non-State Agency	477,654.55
Federal Non-Operating	22,517,882.43
Federal Pass-Through Non-Operating	<u>628,772.00</u>
Subtotal	<u>31,690,281.42</u>

Reconciling Items:

Non-monetary:	0.00
New Loans Processed:	
GSL/SLS/PLUS Loans	0.00
Federal Direct Student Loans (Direct Loans)	83,122,109.00
Federal Perkins Loans	<u>648,053.00</u>
Total Pass-Through and Expenditures per Federal Schedule	<u><u>\$115,460,443.42</u></u>

Note 3 - Student Loans Processed and Administrative Costs Recovered

Federal Grantor/CFDA Number/ Program Name	New Loans Processed	Admin Costs Recovered	Total Loans Processed & Admin Costs Recovered	End Balances of Previous Year's Loans
Department of Education 84.038 Federal Perkins Loans	\$ 648,053.00	\$ 69,674.00	\$ 717,727.00	\$ 5,230,318.95
Department of Education 84.032 GSL/SLS/Plus Loans	0.00	0.00	0.00	0.00
Department of Education 84.268 Federal Direct Student Loans (Direct Loans)	83,122,109.00	0.00	83,122,109.00	0.00
Total Department of Education	<u>\$ 83,770,162.00</u>	<u>\$ 69,674.00</u>	<u>\$ 83,839,836.00</u>	<u>\$ 5,230,318.95</u>

Note 4 - Depository Libraries for Government Publications - N/A

Note 5 - Unemployment Insurance - N/A

Note 6 - Rebates from the Special Supplemental Food Program for Women, Infant and Children (WIC) - N/A

Note 7 - Federal Deferred Revenue

Federal Deferred Revenue 9-1-10	\$ 207,237.37
Increase (Decrease)	<u>22,744.31</u>
Federal Deferred Revenue 8-31-11	<u><u>\$ 229,981.68</u></u>
