INDEPENDENT AUDITOR'S REPORT

Members of the Board of Trustees
Laredo Community College District
Laredo, Texas

Report on the Financial Statements

We have audited the accompanying basic financial statements of the Laredo Community College District (the "District"), as of and for the year ended August 31, 2014 as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the District as of August 31, 2014, and the respective changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis section be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The introductory section, supplemental schedules and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules of expenditures of federal and state awards are presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the *State of Texas Single Audit Circular*, and are also not a required part of the basic financial statements.

The supplemental schedules of operating revenues, operating expenses by object, non-operating revenues and expenses, net assets by source and availability, and schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the supplemental schedules of operating revenues, operating expenses by object, non-operating revenues and expenses, net assets by source and availability, and schedules of expenditures of federal and state awards are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2014, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**Laredo Community College District
Management Discussion and Analysis
Year Ending August 31, 2014**

Overview of the Financial Statements and Financial Analysis

This section of Laredo Community College's Annual Financial Report presents Management's Discussion and Analysis of the College's financial position and activities for the year ended August 31, 2014, and comparative information for the year ended August 31, 2013 and August 31, 2012. Since the emphasis of discussion about these statements will be on current activities, resulting change and currently known facts, it should be read in conjunction with the College's Basic Financial Statements and the footnotes.

The financial statements of this annual report consist of three parts – Management's Discussion and Analysis, the Basic Financial Statements, and Required Supplementary Information. The financial statements, consisting of the Statement of Net Position; the Statements of Revenues, Expenses, and Changes in Net Position; and the Statements of Cash Flows are prepared in accordance with the Governmental Accounting Standards Board Statements No. 34 (GASB 34), *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*; and No. 35 (GASB 35), *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*.

These three statements will assist the reader in determining whether the College, as a whole, is performing financially better this year as compared to last year. These statements are prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged.

This discussion and analysis of the College's financial statements provides an overview of its financial activities for the year.

Financial Highlights

- The College's total combined Net Position was \$46,366,768 at August 31, 2014. Of this amount, \$18,934,164 may be used to meet the College's ongoing obligations.

- Total operating revenues increased by \$1,098,337 or 5.89% from \$18,649,602 in 2013 to \$19,747,939 in 2014.

- The College's operating expenses decreased 3.65% or \$2,782,761 from \$76,187,010 in 2013 to \$73,404,249 in 2014.

- State appropriations increased 8.67% or \$1,175,801 from \$13,561,791 in 2013 to \$14,737,592 in 2014.

- Capital assets, net of accumulated depreciation, at August 31, 2014, had an increase of \$5,912,931 from August 31, 2013.

Statement of Net Position

The statement of net position presents the assets, liabilities and net position of the College as of the end of the fiscal year. The purpose of the statement of net position is to present to the readers of the financial statements a fiscal snapshot of Laredo Community College.

From the data presented, readers of the statement of net position are able to determine the assets that are available to continue the operations of the College. They are also able to determine how much the College owes vendors, investors and lending institutions. Finally, the statement of net position provides a picture of the net position (assets minus liabilities) of the institution for the years ended August 31.

Condensed financial information from the Statements of Net Position is as follows:

Total Net Position	\$ 46,366,768	\$ 43,991,259	\$ 44,222,832

Fiscal Year 2014 compared to 2013

The total assets of the College increased \$97,062,106 or 45.29% compared to the prior year, from \$214,306,325 in 2013 to \$311,368,431 in 2014. Within the assets section, current assets increased by 120.37% - equal to \$90,274,207. This increase is due to an increase in cash and cash equivalents of \$88,874,887. The increase in cash and cash equivalents is attributed to the receipt of general obligation bond proceeds for Phase III of the Facilities Master Plan. Also increasing in this section were tuition and fees receivable which increased by \$1,192,187. The increase in tuition and fees receivable is attributed to an increase in fee revenue for fall 2014 attributed to a \$15 dollar increase to the general use fee and a \$2.50 increase to both the technology and instructional support fees. In addition, for fiscal year 2014 federal receivables increased by \$582,858, compared to the prior year. The \$582,858 increase in federal receivables is mainly attributed to an increase in Title V grant receivables. Also increasing in this area were other receivables which increased by \$221,996 compared to the prior year. These increases were slightly offset by decreases to property taxes receivable of \$309,500 and decreases to prepaid expenses of \$290,364.

Also within this section, capital assets, net of accumulated depreciation, increased by \$5,912,931 or 4.24%. The increase was primarily due to an increase in buildings of \$23,267,838 due to the capitalization of renovation costs for the Kazen Student Center, the Alpha Lee West Building, the Lerma Pena Building, campus housing buildings, Laird Hall, Music and Dance Building II and the Art Building II. For Fiscal Year 2014 there was an increase of \$3,355,703 in furniture and equipment. Other increases to capital assets include an increase to library books of \$77,469 and an increase of \$1,499,763 to land improvements. The increases were offset by a decrease in construction in process of \$15,768,672 due to the capitalization of Phase II renovation and construction projects. In addition, the increase in capital assets were also offset by increases in accumulated depreciation of \$5,023,270 and Fiscal Year 2014 amortization expense on leasehold interest equipment of \$463,493.

On the liability side, the total liabilities of the College increased by \$94,686,597 or 55.59% compared to fiscal year 2013, from \$170,315,066 in 2013 to \$265,001,663 in 2014. Within this net change, current liabilities decreased by \$685,276 or 2.77%, due primarily to a decrease in accounts payable of \$2,091,290. The decrease in accounts payable is attributed to a decrease of \$1,331,962 in construction accounts payable compared to the prior year and a decrease to salaries and benefits payable of \$655,147. In addition, there was a decrease in retainage payable of \$784,675, attributed to payments made for Facilities Master Plan Phase II construction projects that were completed during fiscal year 2014. These decreases were offset by

an increase of \$1,388,818 in deferred revenues for fall 2014 tuition and fees that were unearned at year-end and by an increase of \$831,525 in bonds payable. The increase in deferred revenues for fall 2014 was attributed to an increase in fee revenue for fall 2014 attributed to a \$15 dollar increase to the general use fee and a \$2.50 increase to both the technology and instructional support fees.

Non-current liabilities increased by \$95,371,873, or 65.52% from \$145,550,782 in 2013 to \$240,922,655 in 2014. The primary change that contributed toward this increase was an increase to bonds payable – noncurrent of \$95,999,467 due to the issuance of General Obligation Bonds Series 2014 in the amount of \$100,000,000.

The increase in total assets from 2013 to 2014 of \$97,062,106 less the increase in total liabilities of \$94,686,597 yields an increase in net position of \$2,375,509. Twenty eight percent of the College's net position, \$12,987,174, reflect the College's investment in capital assets net of related debt. Restricted net assets such as endowment gifts, grants from third-party agencies with expenditure restrictions, student loan funds, and assets designated for debt service represent and additional 31%. The remaining 41% of the College's net position, \$18,934,164 are unrestricted net assets and may be used for educational or general operations by the College.

Fiscal Year 2013 compared to 2012

The total assets of the College decreased \$3,005,380 or 1.38% compared to the prior year, from \$217,311,705 in 2012 to \$214,306,325 in 2013. Within the assets section, current assets decreased by 22.52% - equal to \$21,804,634. This decrease is due to a decrease in cash and cash equivalents of \$20,574,856. The decrease in cash and cash equivalents is attributed to the payment of construction costs for the second phase of the Facilities Master Plan. Also decreasing in this section were tuition and fees receivable which decreased by \$591,560 and federal receivables which decreased by \$758,087, compared to the prior year. The \$758,087 decrease in federal receivables is mainly attributed to a decrease in Title V grant receivables. Also decreasing in this area were prepaid expenses which decreased by \$84,093 compared to the prior year. These decreases were slightly offset by an increase to property taxes receivable of \$130,513.

Also within this section, capital assets, net of accumulated depreciation, increased by \$18,799,254 or 15.60%. The increase was primarily due to an increase in construction in process of \$11,615,936 during fiscal year 2013. The increase in construction in process was attributed to unfinished construction projects for the second phase of the Facilities Master Plan. In addition, there was an increase of \$8,938,271 in buildings due to the capitalization of renovation costs for the Adkins, Eloy Garcia, and Hachar Buildings. For Fiscal Year 2013 there was an increase of \$2,146,822 in furniture and equipment attributed to the renovation of the Adkins, Eloy Garcia, and Hachar Buildings as well as an increase of \$962,190 in leasehold interest equipment. Other increases to capital assets include an increase to library books of \$75,621 and an increase of \$51,441 to land improvements. The increases were offset by increases in accumulated depreciation of \$4,548,684 and Fiscal Year 2013 amortization expense on leasehold interest equipment of \$489,537.

On the liability side, the total liabilities of the College decreased by \$2,773,807 or 1.60% compared to fiscal year 2012, from \$173,088,873 in 2012 to \$170,315,066 in 2013. Within this net change, current liabilities increased by \$1,140,766, or 4.83%, due primarily to an increase in accounts payable of \$1,260,553. The increase in accounts payable is attributed to an increase in construction invoices outstanding at year end. In addition, there were increases in retainage payable of \$558,605, attributed to an increase in construction costs for the Facilities Master Plan Phase II, an increase in bonds payable current portion of \$127,484, an increase in accreted interest payable of \$101,278, and an increase in capital leases payable of \$105,029. These increases were offset by a decrease of \$1,090,566 in deferred revenues for fall 2013 tuition and fees that were unearned at year-end. The decrease in deferred revenues for fall 2013 was attributed to a 7% decrease in enrollment for the fall 2013 semester.

Non-current liabilities decreased by \$3,914,573, or 2.62% from \$149,465,355 in 2012 to \$145,550,782 in 2013. The primary change that contributed toward this decrease was a decrease to bonds payable – noncurrent of \$4,196,842 due to principal payments made during fiscal year 2013. This decrease was partially offset by an increase of \$614,860 to capital leases payable due to the acquisition of equipment under capital lease agreements.

The decrease in total assets from 2012 to 2013 of \$3,005,380 and the decrease in total liabilities of \$2,773,807 yields a decrease in net position of \$231,573. Twenty eight percent of the College's net position, \$12,311,996, reflect the College's investment in capital assets net of related debt. Restricted net assets such as endowment gifts, grants from third-party agencies with expenditure restrictions, student loan funds, and assets designated for debt service represent and additional 33%. The remaining 39% of the College's net position, \$17,144,968 are unrestricted net assets and may be used for educational or general operations by the College.

Fiscal Year 2012 compared to 2011

The total assets of the College increased \$54,899,708 or 33.80% from \$162,411,997 in 2011 to \$217,311,705 in 2012. Within the assets section, current assets increased by 56.40% - equal to \$34,907,503. This increase is due to an increase in cash and cash equivalents of \$33,962,721. The increase in cash and cash equivalents is attributed to the receipt of maintenance tax note proceeds and revenue bond proceeds for Phase II of the Facilities Master Plan. Also increasing in this section were property taxes receivable which increased by \$173,656 and tuition and fees receivables which increased by \$1,427,281, compared to the prior year. Also increasing in this area were prepaid expenses which increased by \$68,611 compared to the prior year. These increases were mainly offset by decreases to Federal receivables of \$103,352 and decreases to other receivables of \$621,018.

Also within this section, capital assets, net of accumulated depreciation, increased by \$19,992,205 or 19.89%. The increase was primarily due to an increase in buildings of \$33,654,324 during fiscal year 2012. The increase in buildings was attributed to the capitalization of the Lewis Energy Academic Building, the capitalization of the Visual and Performing Arts Building, the capitalization of the Moore Vocational Building the capitalization of the Chapel, and the acquisition of the Carlos Jose De Llano Complex. In addition, there was an increase of \$1,022,187 in land improvements due to the capitalization of the North Side Parking Lot project and an increase of \$2,884,660 in furniture and equipment attributed to the acquisition of furniture and equipment for the Lewis Energy Academic Building and the Visual and Performing Arts Building. Other increases in capital assets included an increase to library books of \$111,215. The increases were offset by decreases in construction in process in the amount of \$13,627,954 attributed to the capitalization of Facilities Master Plan Phase I projects and a \$517,710 decrease in leasehold interest due to fiscal year 2012 amortization.

On the liability side, the total liabilities of the College increased by \$50,226,961 or 40.88% compared to fiscal year 2011, from \$122,861,912 in 2011 to \$173,088,873 in 2012. Within this net change, current liabilities decreased by \$230,293, or 0.97%, due primarily to decreases in accounts payable of \$952,060, decreases in capital leases payable of \$112,965 and decreases in retainage payable of \$364,663. These decreases were offset by increases in bonds payable – current portion of \$616,893, increases in deferred revenues for fall 2013 tuition and fees that were unearned at year-end of \$100,799 and an increase of \$419,872 in compensated absences payable – current portion.

Non-current liabilities increased by \$50,457,254, or 50.96% from \$99,008,101 in 2011 to \$149,465,355 in 2012. The primary change that contributed toward this increase was an increase to bonds payable – noncurrent of \$50,651,059 due to the issuance of Maintenance Tax Notes Series 2011 in the amount of \$40,730,000 and the issuance of Revenue Bonds Series 2011 in the amount of \$12,390,000.

The increase in total assets from 2011 to 2012 of \$54,899,708 and the increase in total liabilities of \$50,226,961 yields an increase in net position of \$4,672,747. Thirty percent of the College's net position, \$13,260,689, reflects the College's investment in capital assets net of related debt. Restricted net assets such as endowment gifts, grants from third-party agencies with expenditure restrictions, student loan funds, and assets designated for debt service represent and additional 29%. The remaining 41% percent, \$18,227,739 are unrestricted net assets and may be used for educational or general operations by the College.

Statement of Revenues, Expenses and Changes in Net Position

The purpose of the statement of revenues, expenses and changes in net position is to present the operating and non-operating revenues received by the College, and operating and non-operating expenses incurred by the College, as well as any other revenues or expenses received or spent by the College.

Generally, operating revenues and expenses are transactions that occur in carrying out the mission of the College. Operating revenues are received in exchange for services while operating expenses are incurred to provide these services. Non-operating revenues are revenues for which goods and services are not provided. Non-operating expenses are incurred in activities that are outside of the College's mission. State appropriations, Title IV funds and ad valorem tax revenues are reported as non-operating in compliance with GASB.

The following summary is prepared from the College's Statements of Revenues, Expenses and Changes in Net Position for the fiscal years ended August 31:

As is normal, operations yielded a loss for the year of \$53,656,310. This is commonly referred to as the burden on taxpayers. The operating loss does not include state appropriations, Title IV funds, or ad valorem taxes, which are reported as non-operating revenues as required by GASB 35.

The operating loss decreased by \$3,881,098 or 6.75%, from \$57,537,408 in fiscal year 2013, to \$53,656,310 in fiscal year 2014. Operating revenues increased by \$1,098,337, and total operating expenses decreased by \$2,782,761.

Total operating revenues increased by \$1,098,337, which primarily consisted of an increase of \$833,178 in auxiliary enterprise revenue, an increase of \$580,492 in other operating revenues and an increase of \$571,371 in state grants and contracts. These increases were offset by a decrease of \$348,624 in federal grants and contracts and a by a decrease of \$296,587 in nongovernment grants and contracts revenue.

Fiscal Year 2013 compared to 2012

For Fiscal Year 2013, the statement of revenues, expenses and changes in net position reflects a decrease to net position of \$256,280, compared to an increase of \$4,672,747 for fiscal year 2012.

As is normal, operations yielded a loss for the year of \$57,537,408. This is commonly referred to as the burden on taxpayers. The operating loss does not include state appropriations, Title IV funds, or ad valorem taxes, which are reported as non-operating revenues as required by GASB 35.

The operating loss increased by \$1,267,629 or 2.25%, from \$56,269,779 in fiscal year 2012, to \$57,537,408 in fiscal year 2013. Operating revenues decreased by \$77,464, and total operating expenses increased by \$1,190,165.

Total operating revenues decreased by \$77,464, which primarily consisted of a decrease of \$729,456 in other operating revenues, a decrease in state grants and contracts of \$332,601 and a decrease of \$137,443 in auxiliary enterprise revenue. These decreases were offset by an increase of \$525,619 in tuition and fee revenue and an increase of \$491,284 in federal grants and contracts revenue.

Fiscal Year 2012 compared to 2011

For Fiscal Year 2012, the statement of revenues, expenses and changes in net assets reflects an increase to net position of \$4,672,747, compared to an increase of \$3,139,357 for fiscal year 2011.

As is normal, operations yielded a loss for the year of \$56,269,779. This is commonly referred to as the burden on taxpayers. The operating loss does not include state appropriations, Title IV funds, or ad valorem taxes, which are reported as non-operating revenues as required by GASB 35.

The operating loss decreased by \$3,937,152 or 6.54%, from \$60,206,931 in fiscal year 2011, to \$56,269,779 in fiscal year 2012. Operating revenues increased by \$880,102, and total operating expenses decreased by \$3,057,050.

Total operating revenues increased by \$880,102, which primarily consisted of an increase of \$647,577 in auxiliary enterprise revenue, an increase of \$544,489 in federal grants and contracts revenue, an increase of \$256,532 in nongovernment grants and contracts and an increase of \$301,900 in general operating revenues. In addition, the College experienced decreases in state grant revenues of \$646,211 and investment income of \$124,624.

Operating revenues, used to fund operating expenses, consisted of the following percentages of the total:

Operating revenues	2014		2013		2012

Fiscal Year 2014 compared to 2013

For 2014 operating expenses decreased by 3.65%, or \$2,782,761 compared to the prior year. The decrease in operating expenses was due to the budgeted level spending associated with decreased personnel costs and decreased operating costs associated with lower enrollments. An analysis of operating expenses by function indicates the most significant year-to-year decrease in expenditures to be in scholarship expenses by \$1,468,318 or 12.43% and in institutional support by \$1,293,407 or 9.48%. The decrease in scholarship expense is primarily due to a decrease in funds available from grants and scholarships to help students meet their educational needs. The decrease in institutional support is due to conservative spending practices by the college in response to decreases in enrollment.

Fiscal Year 2013 compared to 2012

For 2013 operating expenses increased by 1.59%, or \$1,190,165 compared to the prior year. The increase in operating expenses was due to the budgeted level spending associated with increased personnel costs and increased operating costs associated with newly expanded facilities. An analysis of operating expenses by function indicates the most significant year-to-year increase in expenditures to be in institutional support by \$1,931,698 or 16.48% and in instruction by \$1,434,624 or 6.24%. In addition, during fiscal year 2013 there was a decrease of \$4,086,311 or 25.70% in scholarship expenses. The decrease in scholarship expense is primarily due to a decrease in funds available from grants and scholarships to help students meet their educational needs.

Fiscal Year 2012 compared to 2011

For 2012 operating expenses decreased by 3.92%, or \$3,057,050 compared to the prior year. The decrease in operating expenses was due to the result of budgeted level spending reductions associated with State

appropriation cuts. An analysis of operating expenses by function indicates the most significant year-to-year reduction in expenditures to be in scholarships by \$2,028,865 or 11.32% and in instruction by \$1,401,983 or 5.75%. The decrease in scholarship expense is primarily due to a decrease in funds available from grants and scholarships to help students meet their educational needs. The decrease in instructional expenditures is due to a decrease in benefit expenditures due to State reductions in health and retirement benefit contributions.

Operating expenses, including depreciation, may be viewed by their function or by natural (object) classification as illustrated below:

Fiscal Year 2014 compared to 2013

Net non-operating revenues (expenses) decreased over fiscal year 2013 by 0.63%, or \$361,096. The decrease in revenues was due primarily to a decrease in federal revenues non-operating of \$1,172,332 due to a reduction of Title IV revenue. In addition, there was an increase of \$746,698 in bond issuance costs related to the issuance of the \$100 million dollar General Obligation Bond. Investment income decreased by \$312,132 or 44.76% compared to fiscal year 2013 due to lower interest rates. The decrease in federal revenues non-operating was offset by an increase in state appropriation revenue of \$1,175,801 or 8.67% compared to the prior year.

Fiscal Year 2013 compared to 2012

Net non-operating revenues (expenses) decreased over fiscal year 2012 by 6.01%, or \$3,661,398. The decrease in revenues was due primarily to a decrease in federal revenues of \$3,065,904 and a decrease in tax revenue for debt service of \$525,475. The decrease in federal revenues was due to a reduction of Title IV revenue. The decrease in tax revenue for general obligation bonds was due to a reduction in debt service requirements for fiscal year 2013. In addition, there was an increase of \$738,768 in interest on capital related debt due to interest payments on debt issued for the Facilities Master Plan Phase I and II. The decrease in tax revenue for general operating bonds was offset by an increase in maintenance and operations tax revenue of \$722,107 or 3.07% compared to the prior year.

Fiscal Year 2012 compared to 2011

For 2012, net non-operating revenues (expenses) decreased over fiscal year 2011 by 3.79%, or \$2,403,761. The decrease in revenues was due primarily to a decrease in State appropriations of \$3,245,940. The decrease in State appropriations was due to State reductions in health and retirement benefit contributions of \$1,269,973 and \$1,112,276 respectively and a reduction of \$863,961 in general appropriations. In addition, there was an increase of \$1,404,031 in interest on capital related debt due to interest payments on debt issued for the Facilities Master Plan Phase I. The decrease was offset by an increase in maintenance and operations tax revenue of \$2,361,186 or 11.17% compared to the prior year.

The Statement of Revenues, Expenses, and Changes in Net Position reflect a 5.40% increase in net position at the end of the year.

Some highlights of the information presented on the Statements of Revenues, Expenses, and Changes in Net Position are as follows:

- Tuition and fees were discounted by \$14,077,063 and \$13,715,296 in fiscal years 2014 and 2013 respectively, which consisted of federal, state, local and private grants that were provided as financial aid to students and other remissions and exemptions.
- Tax collections for maintenance and operations increased 2.81% from \$23,276,442 in 2013 to \$23,929,984 in 2014.
- The tax rates assessed in fiscal years 2013 and 2014 were \$0.257764 and \$0.255217 respectively.

Statement of Cash Flows

The final statement in our presentation is the statement of cash flows. It presents detailed information about the cash activity of the College during the year. The statement is divided into five sections. The first section reports the operating cash flows used by the College in its operating activities. For the year, the primary sources of operating cash inflows were tuition and fees and grant revenues. Conversely, the primary operating cash outflows were payments of salaries and fringe benefits. Net cash outflows for the year were \$51,887,309.

The second section reports cash flows from noncapital financing activities. This section includes cash received and spent for non-operating, non-investing, and non-capital financing purposes. The College experienced a net cash inflow for the year of \$60,975,647. The primary sources of cash were receipts from state appropriations, receipts from non-operating federal revenue and ad valorem (property) taxes levied for the maintenance and operation of plant, which generated an inflow of \$14,737,592, \$21,082,771 and \$25,118,074 respectively.

For 2013, the College experienced a net cash inflow from non-capital financing activities for the year of \$60,017,074. The primary sources of cash were receipts from state appropriations, receipts from non-operating federal revenue and ad valorem (property) taxes levied for the maintenance and operation of plant, which generated an inflow of \$13,561,791, \$22,255,103 and \$24,096,730 respectively.

For 2012, the College experienced a net cash inflow from non-capital financing activities for the year of \$62,448,321. The primary sources of cash were receipts from state appropriations, receipts from non-operating federal revenue and ad valorem (property) taxes levied for the maintenance and operation of plant, which generated an inflow of \$13,617,534, \$25,321,007 and \$23,331,480 respectively.

The third section reflects the cash flows from financing activities. This section deals with the cash used for the acquisition and construction of capital assets. Net cash inflows for the year were \$79,401,353. The primary cash inflows were receipts from the issuance of capital debt in the amount of \$100,939,391 for the financing of the Facilities Master Plan Phase III and ad-valorem taxes of \$3,701,325. The primary uses of the cash were outflows for payments on acquisition of capital assets in the amount of \$11,738,105 and payments on capital debt, leases, principal, interest and fees of \$12,626,290.

For 2013, net cash outflows from financing activities for the year were \$29,638,457. The primary uses of the cash were outflows for payments on acquisition of capital assets in the amount of \$21,587,401 and payments on capital debt, leases, principal, interest and fees of \$11,839,208. The primary cash inflows were ad-valorem taxes of \$3,781,659.

For 2012, net cash inflows from financing activities for the year were \$24,772,276. The primary cash inflows were receipts from the issuance of capital debt in the amount of \$53,120,000 for the financing of the Facilities Master Plan Phase II and ad-valorem taxes of \$4,307,134. The primary uses of the cash were outflows for payments on acquisition of capital assets in the amount of \$24,074,347 and payments on capital debt, leases, principal, interest and fees of \$8,592,068.

The fourth section reports cash flows from investing activities. It reports cash used for investment purposes and the proceeds and interest received from investing activities. For 2014, the College experienced a net cash inflow of \$385,196 from receipts from interest on investments.

For 2013, the College experienced a net cash inflow of \$697,328 from receipts from interest on investments.

For 2012, the College experienced a net cash inflow of \$681,283 from receipts from interest on investments.

The fifth section reconciles the net cash used by operating activities to the operating income or loss reflected on the statement of revenues, expenses and changes in net position.

Long Term Debt

Fiscal Year 2014

Long-term debt increased by \$95,999,467 during fiscal year 2014. The increase is attributed to the issuance of General Obligation Bonds in the amount of \$100,000,000 for the financing of Phase III of the Facilities Master Plan.

Fiscal Year 2013

Long-term debt decreased by \$4,196,842 during fiscal year 2013. The decrease is due primarily to principal payments on long-term debt.

Fiscal Year 2012

Long-term debt increased by \$50,651,059 during fiscal year 2012. The increase is due primarily to the issuance of Maintenance Tax Notes in the amount of \$40,730,000 and the issuance of Revenue Bonds in the amount of \$12,390,000 for the financing of Phase II of the Facilities Master Plan.

Economic Outlook

The College is not aware of any currently known facts, decisions, or conditions that are expected to have a significant effect on the financial position or results of operations during the coming fiscal year beyond those unknown variations having a global effect on virtually all types of business operations.

Increases in state appropriation revenue, increases in ad-valorem tax revenues and conservative spending practices have contributed to the College's overall financial stability.

Laredo Community College is financially sound and the economic outlook remains bright. As of August 31, 2014, the District's Unrestricted Net Assets totaled \$18,934,164 and the College's net position is \$46,366,768.

Laredo Community College District
Notes to Financial Statements
August 31, 2014

Note 1 – Reporting Entity

Laredo Community College (the College) was established in 1947 (as Laredo Junior College) in accordance with the laws of the State of Texas, to serve the educational needs of the public and the surrounding communities. The Laredo Community College District is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

Note 2 – Summary of Significant Accounting Policies

Report Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public and Community and Junior Colleges*. The College applies all applicable GASB pronouncements. The College is reported as a special-purpose government engaged in business-type activities.

Tuition Discounting

Texas Public Education Grants. Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code 56.033). When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act Program Funds. Certain Title IV HEA Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts. The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Budgetary Data

Each community college in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Cash and cash equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits, and short term investments with original maturities of three months or less from the date of acquisition.

Deferred Inflows

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflow of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Governments are only permitted to report deferred inflows in circumstances specifically authorized by GASB.

Deferred outflows

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Governments are only permitted to report deferred outflows in circumstances specifically authorized by the GASB. A typical deferred outflow for community colleges is a deferred charge on refunding debt.

Investments

In accordance with GASB 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity greater than one year at the time of purchase.

Inventories

Inventories consist of consumable office supplies and physical plant supplies. Inventories are valued at FIFO and are charged to expense as consumed.

Capital assets

Capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation, with one exception. The cost of several of the College's buildings could not be obtained. In lieu of cost, each building's estimated replacement cost was adjusted using the consumer price index of the year the College received title to the building to determine a capitalized value. For equipment, the District's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. Renovations of \$100,000 to buildings and infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets applying the half-year convention. The following lives are used:

Buildings and Building Improvements	50 years
Land Improvements	20 years
Library Books	15 years
Furniture, Machinery, Vehicles and Other Equipment	10 years
Telecommunications and Peripheral Equipment	5 years

Unearned Revenue

Tuition and fees of \$11,298,366 and \$10,010,637 and federal, state, and local grants of \$ 988,659 and \$887,570 have been reported as deferred revenues at August 31, 2014 and August 31, 2013 respectively.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating and non-operating revenue and expense policy

The College distinguishes operating revenues and expenses from non-operating items. The college reports as business type activities and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are state appropriations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. The operation of the bookstore and cafeteria is not performed by the College.

Prior Year Restatement

During the course of the year-end audit, an adjustment was made to the Fiscal Year 2014 beginning net assets. The adjustment was as follows:

- \$888,213 reduction to net assets for debt issuance costs which had previously been capitalized

This adjustment was made in order to comply with GASB 65 which now requires debt issuance costs to be expensed in the year they are incurred.

For Fiscal Year 2013, an adjustment was made to the Fiscal Year 2013 beginning net assets. The adjustment was as follows:

- Correction for amortization expenses charged in Fiscal Year 2011 & 2012 - \$24,707

These expenses were overstated in Fiscal Year 2011 and 2012 due to a calculation error. These expenses are associated with lease hold equipment acquired in Fiscal Year 2011 and 2012.

Note 3 – Authorized Investments

The Board of Trustees of Laredo Community College has adopted a written investment policy regarding the investment of its funds as defined in the Public Funds Investment Act (Chapter 2256.001, Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

Note 4 – Deposits, Securities and Investments

At August 31, 2014 and 2013, the carrying amount of the College's deposits was \$150,539,109 and \$61,664,222, respectively, and total demand deposits equaled \$150,525,659 and \$61,638,772, respectively. Deposits of \$258,425 and \$258,418 are covered by federal depository insurance and \$150,267,234 and \$61,380,354 were covered by \$153,374,681 and \$75,255,081 respectively, of collateral pledged in the College's name.

Note 11 – Employees' Retirement Plan

The State of Texas has joint contributory retirement plans for almost all its employees.

Teacher Retirement System of Texas – Defined Benefit Plan

Plan Description. The Laredo Community College District contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing multiple employer defined benefit pension plan. The TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. The Texas state legislature has the authority to establish and amend benefit provisions of the pension plan. The TRS issues a publicly available financial report with required supplementary information which can be obtained from www.trs.state.tx.us, under the TRS Publications heading.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The state funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of no less than six percent of the member's annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation of all members of the system; (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of a particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State law provides for a member contribution rate of 6.4 percent for fiscal years 2014 and 2013 and a state contribution rate of 6.8 percent for fiscal year 2014 and a state contribution rate of 6.4 percent for fiscal year 2013. Senate Bill (S.B.) 1812, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

Optional Retirement Plan – Defined Contribution Plan

Plan Description. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas legislature. The percentages of participant salaries currently contributed by the state and each participant are 6.6 percent and 6.65 percent, respectively. The College contributes 1.90 percent for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. S.B. 1812, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

The retirement expense to the State for the College was \$900,862 and \$692,746 for the fiscal years ended August 31, 2014, and August 31, 2013, respectively. This amount represents the portion of expended appropriations made by the State Legislature on behalf of the college.

The total payroll for all College employees was \$35,068,092 and \$34,935,468 for the fiscal years ended August 31, 2014, and 2013, respectively. The total payroll of employees covered by the Teacher Retirement System was \$21,707,196 and \$20,758,866 and the total payroll of employees covered by the Optional Retirement Program was \$9,198,495 and \$9,758,398 for fiscal years 2014 and 2013, respectively.

Note 12 – Compensable Absences

Regular college personnel employed on a twelve-month basis are entitled to ten working days (80 hours) per fiscal year as vacation time.

Terminating employees are paid their accrued vacation from the current fiscal year’s budget. This amount is recoverable due to a policy change put into effect in 2003; whereby, the position vacated by the terminating employee is kept vacant until the amount paid for the vacation time is recovered. Accordingly, no accrual is made at year end for vacation due to employees. This policy does not apply to executive officers. Executive officers may carry accrued leave forward from one fiscal year to another fiscal year with a maximum number of hours up to 160.

Regular college personnel employed on a twelve-month basis are entitled to twelve days (96 hours) per fiscal year as sick leave and can accumulate indefinitely. The payment of accrued sick leave will be paid to those employees who retire under the Teacher Retirement system while they are employed by the College. The maximum number of hours that will be paid for early retirement is 360 and 720 for regular retirement.

The college recognized accrued liability for unpaid annual leave for executive officers and accrued sick leave for college employees as of August 31, 2014 and August 31, 2013 in the amounts of \$1,622,014 and \$1,588,824, respectively.

Note 13 - Pending Lawsuits

On August 31, 2014, various lawsuits and claims involving the College were pending. After consultation with legal counsel, management believes that the liabilities, if any, arising from such litigation and claims will not be material to the financial statements.

Note 15 - Contracts and Grant Awards

Contract and grant awards are accounted for in accordance with the requirements of the AICPA Industry Audit Guide, Audits of Colleges and Universities. Revenues are recognized on Exhibit 2 and Schedule A. For federal contract and grant awards, funds expended, but not collected, are reported as Federal Receivables on Exhibit 1. Non-federal contract and grant awards for which funds are expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements. Contract and grant awards funds already committed, e.g., multi-year awards, or funds awarded during fiscal years 2014 and 2013 for which monies have not been received nor funds expended totaled \$5,561,795 and \$3,777,845. Of these amounts, \$4,500,755 and \$3,208,439 were from Federal Contract and Grant Awards; \$1,050,040 and \$569,406 were from State Contract and Grant Awards; \$11,000 and \$0 from Local Contract and Grant Awards; and \$0 and \$0 were from Private Contract and Grant Awards for the fiscal years ended August 31, 2014 and 2013, respectively.

Note 16 - Risk Management

The District maintains insurance for all insurable risks for which it may be liable for claims.

The more significant of this include \$1,000,000 of general liability insurance for fiscal years 2014 and 2013, property insurance covering the District's buildings and personal property in a combined amount of \$190,966,689 and 182,409,148 for fiscal years 2014 and 2013, respectively, and \$2,000,000 annual aggregate in school professional legal liability for fiscal years 2014 and 2013. In 2014, there was an increase of \$8,557,541 in building insurance coverage due to the renovations of buildings.

Note 17 – Health Care & Life Insurance Benefits

Certain health care and life insurance benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums.

The state's contribution for full-time active and retired employees for the year ended August 31, 2014 totaled \$2,721,760 for the year. Compare the state's contribution to that provided for the year ended August 31, 2013, when the contribution for full-time active and retired employees totaled \$2,009,157 for the year. S.B. 1812, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district. The cost of providing these benefits for retirees is not separable from the cost of providing benefits for the active employees.

Note 18 – Property Taxes

College property taxes are levied and become a lien on all taxable property on October 1 of each year, based on assessed values as of January 1 of the same year and become delinquent on February 1 of the succeeding year. The use of General Operations tax proceeds is restricted for maintenance and operations, and the use of Debt Service tax proceeds is restricted to the payment of debt service obligations. Delinquent taxes receivable are recognized as deferred revenues.

Upon collection, delinquent taxes are recognized as revenues.

Note 19 – Income Taxes

The College is a non-profit, tax-exempt institution under Section 115 of the Internal Revenue Code, Income of States, Municipalities, etc. Although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), Imposition of Tax on unrelated Business Income of Charitable, etc., Organizations. The college had no unrelated business income tax liability for the years ended August 31, 2014 and August 31, 2013.

Note 20 – Post employment Benefits Other than Pensions

Plan Description. In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. Laredo Community College contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit post employment healthcare plan administered by the Employees Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

ERS issues a publicly available financial report that includes financial statements and required supplementary information for SHRP. That report may be obtained from ERS via their website at <http://www.ers.state.tx.us/>.

Funding Policy. Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy which is actuarially determined in accordance with the parameters of GASB statement 45.

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years.

Beginning September 1, 2013, SB 1812 limited the state's contribution to 50% of eligible employees for community colleges.

The college's contributions to SHRP for the years ended August 31, 2014, 2013, and 2012, were \$90,000, \$89,156, and \$83,485 respectively, which equaled the required contributions each year.

Note 21 – Bad Debt Expense

In accordance with GAAP and Board policy CDA (local), bad debt expense was recognized for the years ended August 31, 2014 and August 31, 2013 in the following amounts, \$278,599 and \$128,504, respectively. At year end, the reserve for uncollectible accounts was \$818,073 and \$539,474. The property tax reserve was \$1,285,333 and \$1,218,086. The total reported allowance for doubtful accounts was a \$2,103,406 and \$1,757,560 for August 31, 2014 and August 31, 2013, respectively.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Members of the Board of Trustees
Laredo Community College District
Laredo, Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the basic financial statements of the Laredo Community College District (the "District") as of and for the year ended August 31, 2014, and have issued our report thereon dated December 11, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the basic financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions

of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR
A-133 AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR**

Members of the Board of Trustees
Laredo Community College District
Laredo, Texas

Report on Compliance for Each Major Federal and State Program

We have audited the compliance of the Laredo Community College District (the "District") with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the *State of Texas Single Audit Circular* that could have a direct and material effect on each of the District's major federal and state programs for the year ended August 31, 2014. The District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and the provisions of the *State of Texas Single Audit Circular*. Those standards, OMB Circular A-133, and the State of Texas Single Audit Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2014.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and the State of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.
