INDEPENDENT AUDITOR'S REPORT

Board of Trustees College of the Mainland Texas City, Texas

We have audited the accompanying financial statements of the business-type activities and discretely presented component unit of College of the Mainland (the "College") as of and for the year ended August 31, 2014 and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement. The College of the Mainland Foundation, the discretely presented component unit, was not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of College of the Mainland as of August 31, 2014, and the respective changes in financial position and, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

3

Report on Summarized Comparative Information

We have previously audited the College of the Mainland's 2013 financial statements, and our report dated December 12, 2013, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended August 31, 2014, is consistent, in all material respects, with the audited financial statements from which it was derived.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 7 through 14 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the College's basic financial statements. The Supplemental Schedules A through D as required by the Texas Higher Education Coordinating Board's (THECB) *Budget Requirements and Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges* are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards, as required by Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, the Schedule of Expenditures of State Awards as required by the State of Texas Single Audit Circular contained in the Governor's Office of Budget and Planning *Uniform Grant Management Standards*, other supplemental schedules as listed in the table of contents, and other information such as the introductory and statistical supplement are also presented for additional analysis and are not a required part of the basic financial statements.

The Supplemental Schedules A through D, the schedule of expenditures of federal awards, and schedule of expenditures of state awards and other supplemental schedules, as listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplemental Schedules A through D, the schedule of expenditures of federal awards, and schedule of expenditures of state awards and other supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Board of Trustees College of the Mainland

The statistical supplements have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2014 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

The financial statements of the College of the Mainland Foundation were not audited in accordance with Government Auditing Standards.

MANAGEMENT'S DISCUSSION AND ANALYSIS

(This page intentionally left blank.)

In June 1999, the Governmental Accounting Standards Board ("GASB") released Statement No. 34, "Basic Financial Statements and Management Discussion and Analysis for State and Local Governments," which established a new reporting format for annual financial statements. In November 1999, GASB released Statement No. 35, "Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities," which applies the new reporting standards to public colleges and universities. College of the Mainland (the "College") is a local government entity and falls under GASB Standards for accounting and financial reporting. The College also falls under the financial reporting standards of the Texas Higher Education Coordinating Board (the "Coordinating Board"), and as directed by GASB 34, the Coordinating Board implemented the new accounting standards for fiscal year 2002.

The following analysis provides an overview of the College's financial activities for fiscal year 2014. The purpose of this overview is to present an "objective and easily readable analysis of the financial activities based on currently known facts, decisions, or conditions." The analysis conforms to topics covered in GASB Statement 34, paragraph 4, and reflects transactions, events, legislation and conditions that are presented in the College's financial report.

The College is a comprehensive public community college funded primarily through state appropriations, tuition and fees, taxes, and grant income. The College district is coterminous with the boundaries of five school districts; Dickinson ISD, Hitchcock ISD, La Marque ISD, Santa Fe ISD, and Texas City ISD. It has a service area that covers the whole of mainland Galveston County, Texas. The College employs approximately 341 full time staff and several hundred part-time staff and student workers.

Three financial statements are required to be presented under the new GASB requirements and they are: the Statement of Net Position; the Statement of Revenues, Expenses and Changes in Net Position; and the Statement of Cash Flows. Management's discussion will address all three (3).

The Statement of Net Position

The statement of net position represents the financial position of the College and presents all assets and liabilities using the accrual basis of accounting. During 2014, current assets (primarily cash and cash equivalents) decreased by \$1,535,070, which was offset by an increase of \$1,454,360 in restricted cash and cash equivalents.

Current liabilities decreased by \$360,818, which was primarily due to the final payments for both the tax refund payable and bonds payable.

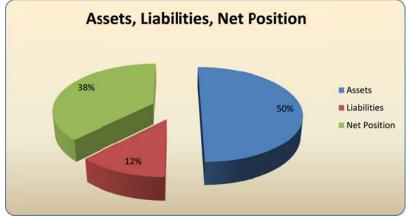

In 2014, noncurrent liabilities increased by \$425,778 due to several factors. The College offered another retirement incentive package in the amount of \$1.5M. The College also made payments for its 2010, 2011 and 2013 incentive packages in the amount of \$842,097.

The College offered a retirement incentive package in the amount of \$647,364 in 2013. The College will make annual payments of \$129,473. As of August 31, 2013, the retirement incentive payable is \$1,993,715.

Summary data for the Statement of Net Position is provided in the table below for fiscal years 2014, 2013, and 2012.

| | 2014 | | 2013 | | 2012 |
|----------------------------------|------------|------------|------------|------------|------------------|
| Current assets | \$ | 17,975,787 | \$ | 19,510,857 | \$ 20,802,501 |
| Capital assets (net) | | 11,887,586 | | 12,058,979 | 12,999,780 |
| Other non-current assets | | 6,649,013 | 5,196,818 | | 3,870,190 |
| Total Assets | 36,512,386 | | | 36,766,654 | 37,672,471 |
| | | | | | |
| Current liabilities | | 7,017,127 | | 7,377,945 | 8,352,697 |
| Non-current liabilities | | 2,040,541 | | 1,614,763 | 2,531,895 |
| Total Liabilities | | 9,057,668 | 8,992,708 | | 10,884,592 |
| | | | | | |
| Net investment in capital assets | | 11,887,586 | | 12,058,979 | 13,900,509 |
| Restricted net position | 5,581,096 | | 4,407,339 | | 2,261,077 |
| Unrestricted net position | 9,986,036 | | 11,307,628 | | 10,625,993 |
| Total net position | | | \$ | 27,773,946 | \$ 26,787,579 |

Assets, liabilities, and net position for fiscal year 2014 can be seen in the following graphical presentation.

Capital Assets and Long-Term Debt

The College's capital assets decreased by a total of \$171,393. The College's capital asset additions totaled \$1,174,986, while the accumulated depreciation increased by \$1,346,379. Details about the College's capital assets can be found on page 30.

As noted earlier, the College made its final payments related to the tax refund payable and bonds payable in the amounts of \$105,013 and \$295,000, respectively. Compensated absences payable and the retirement incentive payable increased by a total of \$551,598. Additional details about the College's long-term debt can be found on page 31.

Statement of Revenues, Expenses, and Changes in Net Position

This statement represents the operating activity of the College, which results from revenue, expenses, gains and losses during the year. In 2014, operating revenue decreased by \$929,681. This was primarily due to the decrease in private grants of \$1,321,893. Recall that the College was able to recognize its BP grant in the amount of \$1.2M as earned revenue in 2013. The grant program has been completed and any unused funds were recognized as earned revenue during the fiscal year ended August 31, 2013.

Operating Revenue

The decrease in private grants was offset by an increase in tuition in fees of \$874,271 (net of discounts). Tuition and fees are discounted or reduced for Title IV federal grant remissions. Tuition and fee revenue was \$4,013,377 for 2014 and \$3,139,106 for the prior year. If discounting is removed the tuition and fee revenue for 2014 was \$8,361,836 and \$7,750,187 for 2013 for an increase of \$611,649.

Federal grants and contract revenue decreased by \$325,918 in 2014 compared to the prior year. The decrease was due to the following:

- The TRIO cluster decreased by \$44,946
- Adult Education decreased by \$114,934
- Carl D. Perkins decreased by \$41,881
- Child Care Quality Improvement funds decreased by \$32,779

Enrollment increased slightly, primarily due to both out-of-district and in-district student counts when comparing Fall 2013 and Fall 2012 figures.

Operating Expenses

Operating expenses decreased by \$244,056 when compared to the prior year. There were several factors that contributed to this decrease. Instruction decreased by \$155,742. Public Service decreased by \$308,897 in 2014 compared to 2013.

Academic support increased by \$1.0M in 2014 when compared to the prior year. There were several expenditures charged to Academic Support related to Information Technology, salaries and various projects.

Student services expenses decreased in 2014 compared to 2013 by \$1.2M. The decrease is mainly due to reductions in salary costs and related benefits.

Institutional support decreased by \$2.1M. There were several projects that did not re-occur in 2014.

Operation and Maintenance of Plant increased by \$992,661 during fiscal year 2014. The College had budgeted for several repairs and maintenance for plumbing, utility and repair services.

Scholarships and fellowships increased by \$175,720. With the decrease in Pell grant funds the amount of Title IV Federal Grant Remissions also decreased, yielding a larger net scholarships and allowances.

The College also experienced an increase in Auxiliary enterprise expenses in the amount of \$22,492. This was primarily due to an increase in student organization expenses related to the student activity fee.

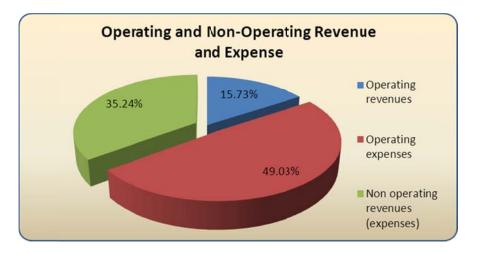

Non-Operating Revenues (Expenses)

Non-operating revenues (expenses) decreased by \$389,351 primarily due to the decrease in Pell grant revenue and property tax revenue.

Please see below for the actual revenue and expense figures for fiscal year ending 2014, 2013, and 2012.

| | 2014 | | 2013 | | 2012 | |
|---|-------------|------------|--------------|--------------|------|--------------|
| Operating revenues | \$ | 7,909,128 | \$ | 8,838,809 | \$ | 8,174,791 |
| Operating expenses | (42,320,540 | | (42,564,596) | | | (41,447,004) |
| Net operating income (loss) | (34,41 | | | (33,725,787) | | (33,272,213) |
| Non-operating revenues (expenses) | | 34,092,184 | | 34,712,154 | | 35,101,505 |
| Total increase (decrease) in net position | \$ | (319,228) | \$ | 986,367 | \$ | 1,829,292 |

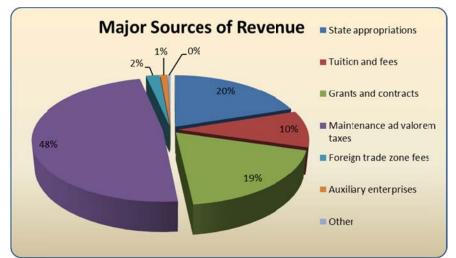

The table data above is graphically depicted below for 2014.

The College's combined operating and non-operating revenues by major source for fiscal years 2014, 2013 and 2012 are shown in the table below.

| | 2014 | | 2013 | | 2012 |
|-------------------------------------|------|------------|------|------------|------------------|
| State appropriations | \$ | 8,398,200 | \$ | 8,155,461 | \$ 8,292,705 |
| Tuition and fees (net of discounts) | | 4,013,377 | | 3,139,106 | 3,701,392 |
| Grants and contracts | | 7,880,835 | | 9,741,990 | 9,022,483 |
| Maintenance ad valorem taxes | | 20,303,526 | | 21,031,347 | 20,772,062 |
| Foreign trade zone fees | | 817,414 | | 717,198 | 792,856 |
| Auxiliary enterprises | | 429,122 | | 483,065 | 472,190 |
| Other | | 166,694 | | 302,874 | 232,404 |
| Total | \$ | 42,009,168 | \$ | 43,571,041 | \$ 43,286,092 |

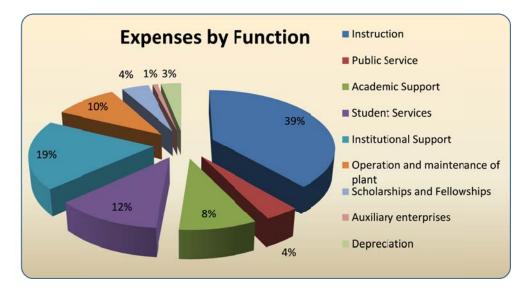

The table data for operating and non-operating for 2014 is shown graphically below.

Operating expenses are reported in the financial statement by functional classification and are presented below in the table for fiscal 2014, 2013, and 2012.

| | 2014 | | 2013 | | 2012 | |
|------------------------------------|---------------|------------|------|------------|------|------------|
| Instruction | \$ | 16,356,186 | \$ | 16,511,927 | \$ | 15,945,257 |
| Public Service | | 1,343,098 | | 1,651,995 | | 2,093,111 |
| Academic Support | | 4,713,235 | | 3,664,690 | | 3,188,221 |
| Student Services | | 3,847,892 | | 5,092,799 | | 4,589,659 |
| Institutional Support | | 7,225,747 | | 8,047,474 | | 7,410,450 |
| Operation and maintenance of plant | | 5,147,893 | | 4,155,232 | | 4,261,114 |
| Scholarships and Fellowships | | 1,930,859 | | 1,755,139 | | 2,155,005 |
| Auxiliary enterprises | | 409,251 | | 386,759 | | 295,214 |
| Depreciation | | 1,346,379 | | 1,298,581 | | 1,508,973 |
| Total operating expenses | \$ 42,320,541 | | \$ | 42,564,596 | \$ | 41,447,004 |

Please the graphical depiction for the table data above for fiscal year 2014.

Statement of Cash Flows

Cash flows from operating activities indicate the College spent \$774,751 less than the prior year. There were less payments incurred for compensated absences and the retirement incentive. In addition, the change in unearned income of \$377,269 was less than last year's decrease of \$710,174.

Cash flows from noncapital financing for 2014 decreased by \$625,165 compared to 2013. State appropriations and the foreign trade zone receipts increased by \$279,694 and \$100,216, respectively. However, the decrease in Pell grant fund receipts of approximately \$200,000 and the decrease in property taxes of \$798,114 resulted in less cash flow than the previous year.

Conclusion

In closing, the future looks solid for College of the Mainland. There was a 9% increase in the number of Associate of Applied Science degrees awarded for 2013-2014 academic year. A total of 193 AAS degrees were awarded, with 89 in Petrochemical Process Technology. The Dual Credit program had a 6.4% increase in the number of students taking classes, for a total of 1,012 students enrolled in fall 2014. College of the Mainland was awarded Hispanic Serving Institution (HSI) status during the 2013-14 year, which indicates that more than 25% of total student enrollment is Hispanic. These accomplishments help with enrollment and thus the financial stability of the college.

The College is very healthy financially, with reserves sufficient to sustain operations, faculty, and staff for a three (3) month period in the event of a catastrophic event. In addition, the College was able to decrease the operating budget by approximately half a million dollars without cutting programs or services.

The Office of Fiscal Affairs has had some recent challenges with vacancies in key administrative positions, the Vice President of Fiscal Affairs and Controller. Recommendations for the candidates selected to fill these two positions will be going to the Board of Trustees for approval within the next month.

There have been big strides made within Information Technology (IT) this year with the important and necessary investment in infrastructure and updated end-user technology. This momentum needs to continue in order to develop a modern network, allowing our institution to take advantage of future cost savings and support academic learning in the 21st century.

The major challenge that must be addressed in the near future is the aging facilities campus infrastructure. As College of the Mainland is approximately forty-seven (47) years old, elements of the piping, HVAC and electrical infrastructure are demonstrating their age with intermittent failures.

In conclusion, College of the Mainland has faced challenges in the past year but have had significant success as well. With continued Board support, College of the Mainland will continually strive to support and facilitate student success - academic, personal, and professional achievement and retention.

The financial report is designed to provide citizens, taxpayers, customers, investors and creditors with a general overview of the College's finances and to demonstrate the College's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Vice President for Fiscal Affairs at College of the Mainland, 1200 Amburn Road, Texas City, Texas 77591.

See accompanying notes to the financial statements.

COLLEGE OF THE MAINLAND NOTES TO THE BASIC FINANCIAL STATEMENTS August 31, 2014

Note 1 - Reporting Entity

College of the Mainland (the "College") was established in 1962, in accordance with the laws of the State of Texas, to serve the educational needs of Texas City and the surrounding communities. The College is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board ("GASB") Statement 61, *The Financial Reporting Entity: Omnibus* (an amendment of GASB Statements No 14. and No. 34). While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

The basic financial statements of the College include the funds of all organizational entities for which the College has oversight responsibility. Oversight responsibility includes, but is not limited to, financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In evaluating how to define the College for financial reporting purposes, management has considered all potential component units, including the College of the Mainland Foundation (the "Foundation").

The Foundation is a legally separate not-for-profit organization, which provides benefits such as scholarships to the College's students and assists in the development and growth of the College. The Foundation does not provide a financial benefit or impose a financial burden on the College. The College does not appoint any of the Foundation's board members. As a result, the financial position and results of operations of the Foundation are not combined with the financial position and changes in net position of the College.

GASB Statement 39 requires governments to report certain legally separate organizations as component units even though the primary government is *not* financially accountable for those organizations. The standard is directed principally toward fund-raising organizations. GASB Statement 39 requires a legally separate tax-exempt organization to be reported as a component unit if *all* of these criteria are met:

- a. The economic resources of the separate organization entirely, or almost entirely, directly benefit the primary government, its component units, or its constituents.
- b. The primary government or its component units are entitled to, or can otherwise access, a majority of the economic resources of the separate organization.
- c. The economic resources of the individual separate organization the primary government or the component unit is entitled to, or can otherwise access, are significant to that primary government.

Organizations that are component units based solely on the criteria established by GASB Statement 39 are required to be reported using discrete presentation. These organizations may not be blended.

Therefore, the Foundation has been presented as a discretely presented component unit in the College's financial statements. Note disclosures pertinent to the Foundation's financial information are contained in the notes to these financial statements. The Foundation's separately issued financial statements may be obtained by contacting the Foundation's business office at 1200 Amburn Road, Texas City, TX 77591.

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 2 - Summary of Significant Accounting Policies

Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the Texas Higher Education Coordinating Board's *Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The College applies all applicable GASB pronouncements The College is reported as a special-purpose government engaged in business-type activities.

Tuition Discounting

Title IV, Higher Education Act Program Funds - certain Title IV HEA Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Texas Public Education Grants - certain tuition amounts are required to be set aside for the use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG) is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code Section 56.0333). When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts - the College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amounts are recorded as tuition discounts. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Basis of Accounting

The basic financial statements of the College have been prepared on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Net Position

The College's net position categories are classified as follows:

Net Investment in Capital Assets

This represents the College's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component net investment in capital assets.

Restricted Net Position - Expendable

Restricted expendable net position includes resources in which the College is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 2 - Summary of Significant Accounting Policies (continued)

Unrestricted Net Position

Unrestricted net position represent resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College, and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty and staff.

Budgetary Data

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Cash and Cash Equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits and short term investments with original maturities of three months or less from the date of acquisition.

Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months, but less than one year at the time of purchase. Long-term investments have an original maturity of greater than one year at the time of acquisition.

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation. For equipment, the College's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. Renovations of \$100,000 to buildings and infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets applying the half-year convention. The following estimated useful lives are used:

| Buildings 50 years |
|---|
| Facilities and other improvements 20 years |
| Furniture, machinery, vehicles and other equipment 10 years |
| Telecommunications and peripheral equipment 5 years |
| Library books 15 years |

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 2 - Summary of Significant Accounting Policies (continued)

Unearned Revenues

Tuition, fees, and other revenues received that are related to the period after August 31, 2014, are reported as unearned revenues. Those amounts are as follows:

| | 2014 | | 2013 | | |
|---------------------------------|------|-----------|------|-----------|--|
| Tuition and fees | \$ | 2,658,057 | \$ | 2,937,462 | |
| Season tickets - Theater | | 115,260 | | 57,476 | |
| Federal, state and local grants | | 1,267,324 | | 1,492,015 | |
| Other | | 69,043 | | - | |
| | \$ | 4,109,684 | \$ | 4,486,953 | |

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Application of Restricted and Unrestricted Resources

The College's policy is to first apply an expense against restricted resources then toward unrestricted resources, when both restricted and unrestricted resources are available to pay an expense.

Operating and Non-Operating Revenue and Expense Policy

The College distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are state appropriations and property tax collections. Operating expenses include cost of sales and services, administrative expenses, and depreciation on capital assets. As of July 2011, the operation of the bookstore is not performed by the College.

Presentation of State Benefit Payments on Cash Flow Statements

In response to guidance form the Texas Higher Education Coordinating Board, benefit payments made by the state directly to the Employees' Retirement System of Texas (ERS) on behalf of the College are excluded from cash flows from operating activities on the Statement of Cash Flows. Instead, these payments are now included as reconciling items in the reconciliation of operating loss to net cash used by operating activities.

New Accounting Standards

In the current fiscal year, the College implemented the following new standards: GASB Statement 62, Codification of Accounting and Financial Reporting Guidance contained in Pre-November 30, 1989 FASB and AICPA Pronouncements ("GASB 62"), which incorporates into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the following pronouncements issued on or before November 30, 1989, which does not conflict or contradict GASB pronouncements: 1) Financial Accounting Standards Board (FASB) Statements and Interpretations; 2) Accounting Principles Board Opinions; 3) Accounting Research Bulletins of the American Institute of Certified Public Accountants' (AICPA) Committee on Accounting Procedure. Implementation of GASB 62 is reflected in the financial statements and notes to the financial statements.

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 2 - Summary of Significant Accounting Policies (continued)

GASB Statement 65, Items Previously Reported as Assets and Liabilities ("GASB 65"), establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources and deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The College did not have any items that required reclassification under this new standard.

Reclassifications

Certain amounts for 2013 have been reclassified to conform to current year reporting requirements.

Note 3 - Authorized Investments

The College is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statue.

Note 4 - Deposits and Investments

At August 31, 2014 and 2013, the carrying amount of the College's deposits was \$2,316,322 and \$2,792,126, respectively, and total bank balances equaled \$2,758,002 and \$3,262,432. Bank balances of \$250,000 are covered by federal depository insurance, and \$2,508,002 and \$3,012,432 were covered by collateral pledged in the College's name for the years ended August 31, 2014 and 2013.

During the fiscal years 2014 and 2013, the College held investments in TexPool, a public funds investment pool created by the Texas Treasury Safekeeping Trust Company (the "Trust Company") to provide a safe environment for the placement of local government funds in authorized short-term, fully collateralized investments, including direct obligations of or obligations guaranteed by the United States or State of Texas or their agencies; federally insured certificates of deposit issued by Texas banks or savings and loans; commercial paper and fully collateralized direct repurchase agreements secured by U.S. Government agency securities and placed through a primary government securities dealer. The Trust Company was incorporated by the State Treasurer upon authority of the Texas Legislature as a special purpose trust company with direct access to the services of the Federal Reserve Bank to manage, disburse, transfer, safe keep and invests public funds and securities more efficiently and economically. The State Comptroller of Public Accounts exercises oversight responsibility over TexPool. Oversight includes the ability to significantly influence operations, designation of management and accountability for fiscal matters.

TexPool operates in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. TexPool uses amortized cost rather than fair value to report net position to compute share prices. The fair value of the position in TexPool is the same as the value of TexPool shares. Accordingly, the District's investments in TexPool are stated at cost, which approximates fair value.

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 4 - Deposits and Investments (continued)

TexPool operates in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. TexPool uses amortized cost rather than fair value to report net position to compute share prices. The fair value of the position in TexPool is the same as the value of TexPool shares. Accordingly, the District's investments in TexPool are stated at cost, which approximates fair value.

Cash and Deposits as reported on Exhibit 1, Statement of Net Position, consist of the items reported below:

| | 2014 | | 2013 | |
|-------------------------------------|------|-----------|------|-----------|
| Cash and Deposits: | | | | |
| Bank Deposits: | | | | |
| Demand deposits | \$ | 2,316,322 | \$ | 2,792,126 |
| Cash on cash equivalents: | | | | |
| Petty cash on hand and change funds | | 3,070 | | 3,020 |
| Total Cash and Deposits | \$ | 2,319,392 | \$ | 2,795,146 |

Reconciliation of Deposits and Investments to Exhibit 1:

| | Fair Value | | | | | |
|---|------------|------------|---------------|--|--|--|
| Type of Security | | 2014 | 2013 | | | |
| Investments: | | | | | | |
| Government Investment Pools: | | | | | | |
| TexPool | \$ | 18,198,370 | \$ 17,441,758 | | | |
| Total Investments | | 18,198,370 | 17,441,758 | | | |
| Total Cash and Deposits | | 2,319,392 | 2,795,146 | | | |
| Total Deposits and Investments | \$ | 20,517,762 | \$ 20,236,904 | | | |
| Cash and temporary investments (Exhibit 1): | | | | | | |
| Cash and cash equivalents | \$ | 13,905,059 | \$ 15,078,561 | | | |
| Restricted cash and cash equivalents | | 6,612,703 | 5,158,343 | | | |
| Total Deposits and Investments | \$ | 20,517,762 | \$ 20,236,904 | | | |

As of August 31, 2014, the College had the following investments and maturities:

| | F | air Value | Credit Quality Rating | Percentage of Investments |
|---|----|------------|--------------------------|------------------------------|
| Investment Type: | | | | |
| Local Government Investment Pools: | | | | |
| TexPool | \$ | 18,198,370 | AAAm | 100.0% |
| Total Local Government Investment Pools | | 18,198,370 | | 100.0% |
| Total investments | \$ | 18,198,370 | | 100.0% |

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 4 - Deposits and Investments (continued)

| | Fair Value | Percentage of Investments | Weighted Average Maturity (Days) |
|---|------------------|------------------------------|--|
| Investments | | | • · • • |
| Local Government Investment Pools: | | | |
| TexPool | \$ 18,198,370 | 100.0% | 48 |
| Total Local Government Investment Pools | 18,198,370 | 100.0% | 48 |
| Total investments | \$ 18,198,370 | 100.0% | 48 |

Interest Rate Risk

The College has a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rate changes.

Credit Risk

State law limits investments in commercial paper, corporate bonds, and mutual bond funds to the top two ratings issued by nationally recognized statistical rating organizations. As of August 31, 2014, the College's investment in TexPool (a public funds investment pool) was rated AAAm by Standard and Poors.

Concentration of Credit Risk

The College places no limit on the amount that may be invested in any one issuer. One hundred percent (100%) of the College's investments was in TexPool as of August 31, 2014.

Custodial Credit Risk

The College's deposits are subject to custodial credit risk as \$2,508,002 of total deposits was uninsured but collateralized by securities held by the pledging financial institutions agent in the College's name. The College's deposits were fully collateralized at year-end and through-out the year.

Investment income for 2014 and 2013 was as follows:

| | 2 | 2014 | | 2013 | |
|---------------------------|----|-------|----|--------|--|
| Interest income | \$ | 6,866 | \$ | 20,319 | |
| Total Investment Earnings | \$ | 6,866 | \$ | 20,319 | |

As of August 31, 2014 and 2013, cash and cash equivalents was restricted for the following purposes:

| 2014 | | | 2013 | | |
|------|-----------|--|---|--|--|
| \$ | 2,958,406 | \$ | 2,550,768 | | |
| | 60,669 | | 58,459 | | |
| | | | | | |
| | 3,437,458 | | 2,374,594 | | |
| | 156,170 | | 174,522 | | |
| \$ | 6,612,703 | \$ | 5,158,343 | | |
| | \$ | \$ 2,958,406 60,669 3,437,458 156,170 | \$ 2,958,406 \$ 60,669 3,437,458 156,170 | | |

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 5 - Disaggregation of Receivables and Payables Balances

Accounts receivable at August 31, 2014 and 2013, consisted of the following:

| | 2014 | | 2013 |
|--|------|-------------|-----------------|
| Property taxes receivable | \$ | 2,476,703 | \$ 2,584,664 |
| Allowance for uncollectible property taxes | | (1,463,978) | (1,481,330) |
| Property taxes receivable, net | | 1,012,725 | 1,103,334 |
| Tuition and fees receivable | | 2,590,620 | 2,841,966 |
| Allowance for uncollectible tuition and fees | | (748,545) | (817,588) |
| Tuition and fees receivable, net | | 1,842,075 | 2,024,378 |
| Due from tax collector | | 8,054 | - |
| Due from other governments for grant awards | | 304,378 | 619,032 |
| Due from grantors for private awards | | 75,276 | 64,314 |
| Other receivables | | 300,448 | 265,874 |
| Total receivables, net | \$ | 3,542,956 | \$ 4,076,932 |

Accrued liabilities at August 31, 2014 and 2013, consisted of the following:

| | 2014 | | 2013 | |
|---------------------------------------|------|---------|------|---------|
| Accrued wages payable | \$ | 165,338 | \$ | 142,492 |

Note 8 - Employees Retirement Plan

The State of Texas has joint contributory retirement plans for almost all its employees. One of the primary plans in which the College participates is administered by the Teacher Retirement System of Texas.

Teacher Retirement System of Texas

Plan Description. The College of the Mainland contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing multiple employer defined benefit pension plan. TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. The Texas state legislature has the authority to establish and amend benefit provisions of the pension plan. TRS issues a publicly available financial report with required supplementary information which can be obtained from www.trs.state.tx.us, under the TRS Publications heading.

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 8 - Employees Retirement Plan (continued)

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The state funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6.4% of the member's annual compensation and a state contribution rate of not less than 6.4% and not more than 10% of the aggregate annual compensation of all members of the College; (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of a the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State law provides for a member contribution rate of 6.4% for fiscal year 2014, 6.4% for fiscal year 2013, and 6.0% for fiscal year 2012.

Optional Retirement Plan

Plan Description. The state has also established an optional retirement program for institutions of higher education. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The percentages of participant salaries currently contributed by the state and each participant are 6.4% and 6.4%, respectively. The College contributes 8.5% for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program.

The retirement expense to the State for the College was \$1,021,166 and \$1,042,175 for the fiscal years ended August 31, 2014 and 2013, respectively. This amount represents the portion of expended appropriations made by the State Legislature on behalf of the College.

The total payroll for all college employees was \$23,138,769 and \$22,487,632 fiscal years 2014 and 2013, respectively. The total payroll of employees covered by the Teacher Retirement System was \$14,570,114 and \$14,534,693 for fiscal years 2014 and 2013, respectively. The total payroll of employees covered by the Optional Retirement System was \$4,278,127 and \$3,961,767 for fiscal years 2014 and 2013, respectively.

Note 9 - Deferred Compensation Program

College employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001.

COLLEGE OF THE MAINLAND NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 10 - Compensated Absences

Sick Leave - All 100 percent full-time equivalent employees of the College earn one day of sick leave for each month of service. Sick leave benefits are earned by benefit eligible employees that are less than 100 percent full-time equivalent on a pro-rata basis. The maximum amount employees that are 100 percent full-time equivalent are eligible to accrue is 960 hours.

Effective September 1, 2013, sick leave is no longer paid out when an employee separates their employment with the College.

| | 2014 | | | 2013 |
|----------------------|------|---|----|-----------|
| Balance, September 1 | \$ | - | \$ | 907,449 |
| Additions | | - | | - |
| Payments | | _ | | (907,449) |
| Balance, August 31 | \$ | _ | \$ | - |

Vacation Leave - Employees Hired After June 30, 2012 – All 100 percent full-time equivalent, non-faculty personnel employed on a 12-month basis shall earn vacation time at the rate of seven hours per calendar month of service and are entitled to 10.5 working days of vacation per year. Benefit eligible employees that are less than 100 percent full-time equivalent, non-faculty personnel employed on a 12-month basis shall earn vacation time on a pro-rata basis related to their full-time equivalency, Personnel that are eligible to earn vacation time but are employed for a period less than 12 months will earn vacation time on a pro-rata basis related to their full-time equivalency.

After seven years of continuous service with the College District, a 100 percent full-time equivalent employee working in a position requiring 12 months of services annually shall earn vacation time at the rate of ten hours per calendar month. For positions that are benefit eligible that are less that 100 percent full-time equivalent shall earn vacation time on a pro-rata basis as described above.

Vacation Leave - Employees Hired Before or by June 30, 2012 – All 100 percent full-time equivalent, non-faculty personnel employed on a 12-month basis shall earn vacation time at the rate of 13.33 hours per calendar month of service and are entitled to 20 working days of vacation per year. Benefit eligible employees that are less than 100 percent full-time equivalent, non-faculty personnel employed on a 12-month basis shall earn vacation time on a pro-rata basis related to their full-time equivalency, Personnel that are eligible to earn vacation time but are employed for a period less than 12 months will earn vacation time on a pro-rata basis related to their full-time equivalency.

All accrued vacation over 240 hours or 30 days must be taken or shall be lost by the employee's anniversary date of service each year unless the employee is prevented from taking vacation for the convenience of the College. The maximum accrual of 240 hours shall be adjusted pro-rata for benefit eligible employees, non-faculty employees that are less than 100 percent full-time equivalent.

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 10 - Compensated Absences (continued)

The College's vacation leave payable at August 31, 2014 and 2013 was \$503,072 and \$527,214, respectively, and is included in accrued compensable absences on the balance sheet. The following is a summary of changes in vacation leave payable:

| | | 2013 | | |
|----------------------|----|-----------|----|-----------|
| Balance, September 1 | \$ | 527,214 | \$ | 190,433 |
| Additions | | 117,290 | | 470,984 |
| Payments | | (141,432) | | (134,203) |
| Balance, August 31 | \$ | 503,072 | \$ | 527,214 |
| Current | \$ | 140,860 | \$ | 147,620 |
| Noncurrent | | 362,212 | | 379,594 |
| | \$ | 503,072 | \$ | 527,214 |

Note 11 - Pending Lawsuits and Claims

On August 31, 2014, various lawsuits and claims involving the College were pending. While the ultimate liability with respect to litigation and other claims asserted against the College cannot be reasonably estimated at this time, this liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the College.

Note 12 - Operating Lease Commitments and Rental Agreements

Commitments under operating lease agreements for facilities and equipment are cancelable at any time. The College is therefore not obligated for minimum future rental payments at August 31, 2014. Rental expenditures were paid only from unrestricted current funds during 2014 and 2013 and were \$583,879 and \$736,886, respectively.

Note 13 - Contract and Grant Awards

Contract and grant awards are accounted for in accordance with the requirements of the AICPA Industry Audit Guide, *Audits of Colleges and Universities*. Funds received, but not expended during the reporting period, are deferred. Revenues are recognized on Exhibit 2 as funds are actually expended. For federal and state contract and grant awards, funds expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements.

Note 14 - Self-Insured Plans

The College participates in the TASB Risk Management Fund's (the Fund's) Property Casualty Program with coverage in Auto Liability, Auto Physical Damage, General Liability, Property, Sexual Misconduct Endorsement, and SP Legal Liability. The Fund was created and is operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. All members participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties.

COLLEGE OF THE MAINLAND NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 14 - Self-Insured Plans (continued)

The Fund purchases stop-loss coverage for protection against catastrophic and larger than anticipated claims for the Property Casualty Program. The terms and limits of the stop-loss program vary by line of coverage. The Fund uses the services of an independent actuary to determine the adequacy of reserves and fully funds those reserves. For the year ended August 31, 2014, the Fund anticipates the College has no additional liability beyond the contractual obligations for payment of contributions.

During the year ended August 31, 2014, the College provided unemployment compensation coverage to its employees through participation in the TASB Risk Management Fund (the Fund). The Fund was created and is operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. The Fund's Unemployment Compensation Program is authorized by Section 22.005 of the Texas Education Code and Chapter 172 of the Texas Local Government Code. All members participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties.

The Fund meets its quarterly obligation to the Texas Workforce Commission. Expenses are accrued each month until the quarterly payment has been made. Expenses can be reasonably estimated; therefore, there is no need for specific or aggregate stop loss coverage for Unemployment Compensation pool members.

For the year ended August 31, 2014, the College participated with other governments to form a Workers Compensation Fund, a public entity risk pool currently operating as a common risk management and insurance program for the Texas Public Jr. and Community College Employee Benefits Consortium (the "Pool"). The agreement for formation of the Pool provides that the Pool will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of \$200,000 for each insured event and \$5,000,000 in the aggregate.

The pooling agreement requires the Pool to be self-sustaining. The estimated range of losses to be borne by the College as of August 31, 2014 and 2013 amounted to \$128,360 and \$164,765, respectively.

The Texas Public Jr. and Community College Employee Benefits Consortium publishes its own financial report, which can be obtained from Claims Administrative Services, Inc.

Note 15 - Post Retirement Health Care and Life Insurance Benefits

In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee ranged from \$503 to \$984 per month depending upon coverage elected by the employee for the year ended August 31, 2014 and \$470 to \$920 per month for 2013, and totaled \$1,817,425 for the year ended August 31, 2014 (\$1,289,441 for the year ended August 31, 2013). The cost of providing those benefits for 213 retirees cost \$650,447 for August 31, 2014 (benefits for 193 retirees cost \$1,135,930 for August 31, 2013). The cost of providing those benefits for 318 active employees was \$1,166,978 for August 31, 2014 (benefits for 326 employees cost \$153,511 for August 31, 2013).

COLLEGE OF THE MAINLAND NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 16 - Related Parties

The College of the Mainland Foundation is a nonprofit organization with the sole purpose of providing scholarships for College of the Mainland students. The College does not appoint a voting majority; it confirms appointments made by the Foundation board of directors which is not substantive in nature. The College does not fund nor is it obligated to pay debt related to the Foundation. The College does not approve or amend the Foundation's budget. However, the College does have the ability to significantly influence the policies of the Foundation. The Foundation solicits donations to provide scholarships.

Note 17 - Property Tax

The College's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District.

| | 2014 | 2013 |
|---|---|---|
| Assessed Valuation of the District: Less: Exemptions | \$ 11,437,836,734 (2,148,307,503) | \$ 11,357,073,350 (2,351,862,933) |
| Net Assessed Valuation of the District | \$ 9,289,529,231 | \$ 9,005,210,417 |

| _ | 2014 | | | | | | 2013 | | | | | |
|--|------|----------------------|----|-----------------|----|----------|------|----------------------|----|-----------------|----|----------|
| _ | | Current perations | | Debt Service | | Total | | Current perations | | Debt Service | | Total |
| Authorized Tax Rate per \$100 Valuation | \$ | 0.600000 | \$ | 0.000000 | \$ | 0.600000 | \$ | 0.600000 | \$ | 0.000000 | \$ | 0.600000 |
| Assessed Tax Rate per \$100 Valuation | \$ | 0.221210 | \$ | 0.000000 | \$ | 0.221210 | \$ | 0.225970 | \$ | 0.000000 | \$ | 0.225970 |

The maximum combined authorized tax rate approved by voters in the College district is \$0.60. No separate limit is imposed on the tax rate specifically for current operations or debt service. However, pursuant to Texas Education Code Section 130.122 *Junior College Districts - Tax Bonds and Maintenance Tax*, the debt service portion of the combined tax rate may not exceed \$0.50.

Taxes levied for the year ended August 31, 2014 and 2013 amounted to \$19,855,274 and \$20,349,987 respectively, including any penalty and interest assessed. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

Tax collections for the year ended August 31, 2014, were as follows:

| | | Current | | | | |
|----------------------------------|----|------------|-------|------------|--|--|
| | (| Operations | Total | | | |
| Current taxes collected | \$ | 20,117,134 | \$ | 20,117,134 | | |
| Delinquent taxes collected, | | | | | | |
| net of refunds | | 36,914 | | 36,914 | | |
| Penalties and interest collected | | 233,101 | | 233,101 | | |
| Total collections | \$ | 20,387,149 | \$ | 20,387,149 | | |

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 17 - Property Tax (continued)

Tax collections for the year ended August 31, 2013, were as follows:

| | Current Operations | Total |
|----------------------------------|-----------------------|------------------|
| Current taxes collected | \$ 20,589,100 | \$ 20,589,100 |
| Delinquent taxes collected, | | |
| net of refunds | 255,014 | 255,014 |
| Penalties and interest collected | 293,828 | 293,828 |
| Total collections | \$ 21,137,942 | \$ 21,137,942 |

Tax collections for the years ended August 31, 2014 and 2013 approximated 98.2% of the current year levy for 2014 and 98.2% for 2013. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted for the use of maintenance and/or general obligation debt service.

Note 18 - Retirement Incentive Packages

During fiscal years 2011 and 2010, the district offered retirement incentive packages in the amount of \$873,187 and \$1,953,066, respectively. During fiscal year 2013, the College offered another incentive package in the amount of \$651,584. During fiscal year 2014, the College offered an incentive package in the amount of \$1,522,850. As of August 31, 2014, the combined liability for those retirement incentive packages is \$2,674,468 of which \$996,139 is considered current.

Retirement incentives payable were as follows as of August 31, 2014 and 2013.

| | 2014 | | | 2013 |
|----------------------|------|-----------|----|-----------|
| Balance, September 1 | \$ | 1,993,715 | \$ | 1,971,204 |
| Additions | | 1,522,850 | | 651,584 |
| Payments | | (842,097) | | (629,073) |
| Balance, August 31 | \$ | 2,674,468 | \$ | 1,993,715 |

Retirement incentive payment requirements for the next five years are summarized below:

| Retirement | | | | | |
|------------|-----------|--|--|--|--|
| Incentives | | | | | |
| \$ | 996,139 | | | | |
| | 589,226 | | | | |
| | 434,044 | | | | |
| | 434,044 | | | | |
| | 221,015 | | | | |
| \$ | 2,674,468 | | | | |
| | In | | | | |

COLLEGE OF THE MAINLAND NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 19 - Income Taxes

The College is exempt from income taxes under Internal Revenue Code Section 115, Income of States, Municipalities, etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations. The College had no unrelated business income tax liability for the years ended August 31, 2014 and 2013.

Note 20 - Postemployment Benefits Other than Pensions

Plan Description. The College contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit postemployment healthcare plan administered by the Employees Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

ERS issues a publicly available financial report that includes financial statements and required supplementary information for SRHP. That report may be obtained from ERS via their website at http://www.ers.state.tx.us/.

Funding Policy. Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy which is actuarially determined in accordance with the parameters of GASB statement 45.

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed 30 years.

The College's contributions to SRHP for the years ended August 31, 2014, 2013, and 2012 were \$100,553, \$83,602, and \$83,239 respectively, which equaled the required contributions each year.

Note 21 - Subsequent Events

No changes are necessary to be made to the financial statements as a result of these events. Management has evaluated subsequent events through December 12, 2014, the date which the financial statements were available to be issued.

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 22 - Disclosures Related to Discretely Presented Component Unit

A. Basis of Presentation and Summary of Significant Accounting Policies

The College of the Mainland Foundation (the "Foundation") was established in 1972 as a separate 501(c)(3), tax-exempt organization to provide funding for student and College needs. The mission of the COM Foundation is to support and encourage educational excellence through the College of the Mainland. The Foundation seeks to heighten community awareness of the mission and accomplishments of the College and to facilitate the creation of a student-centered learning community dedicated to excellence in education.

The Foundation provides student scholarships to the College's students based on financial need or academic merit.

Basis of Accounting

The financial statements of the Foundation have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Net Assets Presentation

The Foundation's resources are reported for accounting purposes in separate classes of net assets based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

- Unrestricted net assets These are net assets that are not subject to donor-imposed stipulations.
- Temporarily restricted net assets These are net assets that are subject to donor-imposed stipulations that may or will be met, either by actions of the Foundation, and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.
- Permanently restricted net assets These are net assets that are required to be maintained in perpetuity with only the income to be used for operating activities due to donor-imposed restrictions.

Fair Value Considerations

The Foundation uses fair value to measure financial assets and liabilities. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The fair value hierarchy established and prioritized fair value measurements into three levels based on the nature of the inputs. The hierarchy gives the highest priority to inputs based on market data from independent sources (observable inputs-Level 1) and the lowest priority to a reporting entity's internal assumptions based upon the best information available when external market data is limited or unavailable (unobservable inputs-Level 3).

The fair value option allows entities to choose, at specified election dates, to measure eligible financial assets and financial liabilities at fair value that are not otherwise required to be measured at fair value. If an organization elects the fair value option for an eligible item, changes in that item's fair value in subsequent reporting periods must be recognized in current earnings. The Foundation did not elect the fair value option for the measurement of any eligible assets or liabilities.

COLLEGE OF THE MAINLAND NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 22 - Disclosures Related to Discretely Presented Component Unit (continued)

A. Organization and Summary of Significant Accounting Policies (continued)

Cash and Cash Equivalents

Cash and cash equivalents consist of cash held in demand deposits and certificates of deposit. The carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments. The Foundation considers all highly liquid investments available for current use with an initial maturity of three months or less at date of purchase to be cash equivalents.

At August 31, 2014 and 2013, cash and cash equivalents included \$381,647 and \$442,516, respectively, of permanently restricted contributions for endowment purposes.

Investments and Investment Return

Investments are recorded at fair value. Investment return includes interest, dividends, capital gain distributions and realized and unrealized gains and losses. Investment return is reported in the statements of activities and changes in net assets as a change in unrestricted net assets unless the use of the income is limited by donor imposed restrictions. Investment return whose use is restricted by the donor is reported as a change in temporarily restricted net assets until expended in accordance with donor imposed restrictions.

Contributions Receivable and Promises to Give

Contributions receivable are amounts recorded from unconditional promises to give by third parties. Unconditional promises to give are recorded at net realizable value if expected to be collected in one year. Amounts that are expected to be collected in future years are discounted to estimate the present value of future cash flows, if material. Conditional promises to give are recorded as refundable advances when received, and are recognized as revenue when the conditions have been met.

If contributions receivable become doubtful of collection, allowances are made to the extent the amounts are determined to be doubtful, and are charged to expense. If doubtful amounts are subsequently determined to be uncollectible, they are written off against allowances in the period determined. As of August 31, 2014 and 2013, allowance for doubtful accounts totaled \$75,672 and \$67,672, respectively.

In-Kind Services

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Restricted net assets are reclassified to unrestricted net assets upon satisfaction of the time or purpose restrictions.

The Foundation recognizes donated services at their fair market value in the period received if the services received create or enhance nonfinancial assets or require specialized skills and are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. The Foundation receives donated services from unpaid volunteers who assist with program services and fundraising. The value of the contributed time is not reflected in the accompanying financial statements because it does not require a specialized skill or create or enhance a nonfinancial asset.

The College performs various administrative functions on behalf of the Foundation. The value of these services is recorded as in-kind revenue in the statements of activities (see Note F).

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 22 - Disclosures Related to Discretely Presented Component Unit (continued)

Federal Income Taxes

The Foundation is a nonprofit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code .

The Foundation accounts for uncertain tax positions, when it is more likely than not, that such an asset or a liability will be realized. As of August 31, 2014, management believes there were no uncertain tax positions.

Use of Estimates

The Foundation uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, the reported revenues and expenses, and the allocation of expenses among various functions. Actual results could vary from the estimates that were used. Estimates that have the most impact on financial position and results of operations primarily relate to collectability of receivables and the fair value of investments. Management believes these estimates and assumptions provide a reasonable basis for the fair presentation of the financial statements.

Reclassifications

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements. The reclassification had no effect on changes in net assets.

B. Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The fair value three tier hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are as follows:

- Level 1: Quoted market prices in active markets for identical assets or liabilities.
- Level 2: Inputs other than Level I inputs that are either directly or indirectly observable such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable; or other inputs not directly observable, but derived principally from, or corroborated by, observable market data.
- Level 3: Unobservable inputs that are supported by little or no market activity.

COLLEGE OF THE MAINLAND NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 22 - Disclosures Related to Discretely Presented Component Unit (continued)

B. Fair Value Measurements (continued)

The Foundation utilizes the market approach to measure fair value for its financial assets and liabilities. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Investments in corporate stocks, money market funds, and government and corporate bonds that are currently traded in active markets are classified as Level 1.

The value of assets measured at fair value on a recurring basis is as follows:

| | Activ | ted Prices in We Markets for Intical Assets | C Obs | nificant Other ervable | Unobs | ificant servable |
|-----------------------------------|-----------|---|---------------------|------------------------------|---------------------|---------------------|
| | (Level 1) | | Inputs (Level 2) | | Inputs (Level 3) | |
| August 31, 2014 | | | | , , | | , , |
| Fixed income funds | \$ | 1,077,090 | \$ | - | \$ | - |
| Real estate investment trust fund | | 43,247 | | - | | - |
| Equity mutual funds | | 480,649 | | - | | - |
| Corporate bonds | | 274,336 | | - | | - |
| Total | \$ | 1,875,322 | \$ | - | \$ | - |
| August 31, 2013 | | | | | | |
| Corporate stocks | \$ | 19,270 | \$ | - | \$ | - |
| Fixed income funds | | 928,340 | | - | | - |
| Equity mutual funds | | 460,814 | | - | | - |
| Corporate bonds | | 250,445 | | - | | - |
| Total | \$ | 1,658,869 | \$ | - | \$ | - |

The following summarizes the investment return in the statements of activities and changes in net assets:

| | 2014 | 2013 | | |
|-----------------------------------|---------------|------|--------|--|
| Dividends and interest income | \$ 62,789 | \$ | 66,035 | |
| Net realized and unrealized gains | 87,440 | | 267 | |
| Total Investment income | \$ 150,229 | \$ | 66,302 | |

Investments are exposed to various risks such as interest rate, market and credit risks. Because of these risks, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of financial position and the statements of activities and changes in net assets.

The Foundation's remaining financial instruments (primarily cash and cash equivalents, receivables, and payables) are carried in the financial statements at amounts that reasonably approximate fair value.

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 22 - Disclosures Related to Discretely Presented Component Unit (continued)

C. Contributions Receivable

Contributions are due to be collected as follows at August 31:

| | 2014 | | 2013 |
|--|--------------|----|----------|
| Less than one year | \$ 64,522 | \$ | 63,672 |
| One to five years | 20,000 | | 20,000 |
| Total Contributions receivable | 84,522 | | 83,672 |
| Less: Unamortized discount to net present value at 5.34% | (1,445) | | (2,433) |
| Less: Allowance for doubtful amounts | (75,672) | - | (67,672) |
| | \$ 7,405 | \$ | 13,567 |

D. Temporary Restrictions on Net Assets

Temporarily restricted net assets include the following at August 31:

| | 2014 | 2013 |
|--|-----------------|---------------|
| Scholarships | \$ 543,494 | \$ 422,996 |
| Accumulated undistributed earnings on endowments | 591,196 | 559,860 |
| Total | \$ 1,134,690 | \$ 982,856 |

E. Endowments

The Foundation has donor-restricted endowment funds which are maintained in accordance with explicit donor stipulations. The Foundation is subject to the Texas Uniform Prudent Management of Institutional Funds Act (TUPMIFA) which has been enacted by the state of Texas. The Board has interpreted TUPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of the interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulation to the permanent endowment made in accordance with the direction of the applicable donor gift at the time the accumulation is added to the fund. The remaining portion of the donor-restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by TUPMIFA.

In accordance with TUPMIFA, the Foundation considers the following factors in making determination to distribute accumulated donor-restricted endowment funds:

- 1) The duration and preservation of the fund
- 2) The purposes of the organization and the donor-restricted endowment fund
- 3) General economic conditions
- 4) The possible effect of inflation and deflation
- 5) The expected total return from income and the appreciation of investments
- 6) Other resources of the Foundation
- 7) The investment policies and objectives of the Foundation

NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 22 - Disclosures Related to Discretely Presented Component Unit (continued)

E. Endowments (continued)

The Foundation has not adopted an investment and spending policies specific to endowment assets. However, the assets are managed in a manner that attempts to provide a predictable stream of funding to programs supported by its endowment funds while also maintaining the purchasing power of those endowment assets over the long-term. Accordingly, the investment process seeks to achieve an after-cost total real rate of return, including investment as well as capital appreciation, which exceeds the annual distributions with acceptable levels of risk. Endowment assets are investment in a well-diversified asset mix, which includes equity and debt securities, that is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make distributions as needed, while growing the funds if possible. There is not an established expectation of an average rate of return. Investment risk is measured in terms of total endowment funds; investment assets and allocation between asset classes and strategies are managed to not expose the fund to unacceptable levels of risk. At August 31, 2014 and 2013, the endowments funds were held and managed by Bank of America, N.A.

The Foundation has not adopted a policy of appropriating periodic distributions. However, the objective is to maintain the purchasing power of the endowment assets as well as to provide additional real growth through new gifts and investment return.

The endowment funds consist of a multitude of named endowments. The principal balance of the permanently restricted endowments will remain in perpetuity and all earnings will be distributed as scholarships.

Changes in endowment net assets are as follows:

| | mporarily estricted | ermanently Restricted | Total |
|---|------------------------|--------------------------|-----------------|
| Endowment net assets, August 31, 2012 Investment return: | \$ 515,434 | \$ 1,236,327 | \$ 1,751,761 |
| Investment income | 44,426 | - | 44,426 |
| Net Appreciation of investments | - | 3,843 | 3,843 |
| Endowment net assets, August 31, 2013 Investment return: | 559,860 | 1,240,170 | 1,800,030 |
| Investment income | 31,336 | - | 31,336 |
| Net Appreciation of investments | - | 77,551 | 77,551 |
| Endowment net assets, August 31, 2014 | \$ 591,196 | \$ 1,317,721 | \$ 1,908,917 |

COLLEGE OF THE MAINLAND NOTES TO THE BASIC FINANCIAL STATEMENTS (continued) August 31, 2014

Note 22 - Disclosures Related to Discretely Presented Component Unit (continued)

F. Related Party Transactions

The College provides office space to the Foundation at no cost. In addition, the Foundation's payroll expenses, all employee benefits, and certain supplies are paid for by the College. The Foundation does not reimburse the College for these costs. As such, in-kind revenue and expense are recorded in the statement of activities for these costs. For the years ended August 31, 2014 and 2013, in-kind revenue and expense totaled \$70,329 and \$67,639, respectively.

All student scholarship expenditures are disbursed to the College. These expenses totaled \$112,994 and \$197,415, for the years ended August 31, 2014 and 2013, respectively.

As discussed in Note A, the Foundation operates as a separate organization for the purpose of assisting in and contributing to the academic and physical growth and development of the College. Presently, two (2) Directors of the Foundation Board serve by virtue of their status as a Trustee of the College. In addition, the College President serves as a Director of the Foundation. These positions are non-voting.

G. Concentration of Credit Risk

The Foundation maintains its cash balances in two financial institutions. At various times during the years, the Foundation may have bank deposits significantly in excess of FDIC insurance limits. Management believes the credit risk is low due to the overall financial strength of the financial institutions.

H. Subsequent Events

In preparing these financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through December 12, 2014, the date on which the financial statements were available to be issued.

(This page intentionally left blank.)

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

To the Board of Trustees College of the Mainland Texas City, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the business-type activities and discretely presented component unit of College of the Mainland (the "College"), which collectively comprise the College's basic financial statements as of and for the year ended August 31, 2014, and the related notes to the financial statements, and have issued our report thereon dated December 12, 2014 However, we did not audit the College of the Mainland Foundation in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item #2014-001, that we consider to be a significant deficiency.

To the Board of Trustees College of the Mainland

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The College's response to the finding identified in our audit is disclosed in the accompanying schedule of findings and questioned costs. The College's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND STATE OF TEXAS SINGLE AUDIT CIRCULAR

Independent Auditor's Report

To the Board of Trustees College of the Mainland Texas City, Texas

Report on Compliance for Each Major Federal and State Program

We have audited College of the Mainland's (the "College") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and *State of Texas Single Audit Circular* that could have a direct and material effect on each of the College's major federal and state programs for the year ended August 31, 2014. The College's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the *State of Texas Single Audit Circular*. Those standards, OMB Circular A-133, and State of Texas Single Audit Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the College's compliance.

57

Dallas

Opinion on Each Major Federal Program

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2014.

Report on Internal Control over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and State of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.

COLLEGE OF THE MAINLAND SCHEDULE OF FINDINGS AND QUESTIONED COSTS (continued) For the Year Ended August 31, 2014

II. Financial Statement Findings

Significant Deficiency

Finding 2014-001 General Ledger Reconciliations and Year-end Close Procedures

Criteria: Internal controls should be in place to assure that balances reported in the College's financial statements reflect the correct amounts. In addition, the financial close and reporting process should be well designed and implemented with written policies and procedures.

Condition: The College had not reconciled its operating bank account for fiscal year 2014 until after August 31, 2014. In addition, several audit adjusting entries were necessary to reflect actual amounts at fiscal year-end for payroll liabilities, on-behalf reconciliations, accounts payable and various other accounts.

Effect: If not detected, the financial statements could be materially misstated.

Cause: The College had significant turnover in its finance department. The Controller position was vacant for approximately eight months and the Vice President of Finance and Administration position became vacant in September 2014.

Recommendation: Management should develop and implement closing procedures and controls that minimize the risk of material misstatement in the financial statements. Someone other than the person responsible for preparing the year-end reconciliations should then be reviewed and approved as well as any necessary adjusting entries to the general ledger. Additionally, monthly bank reconciliations and periodic general ledger reconciliations should be performed.

III. Federal Award Findings and Questioned Costs

There were no items reported.

IV. Status of Prior-Year Findings

There were no prior year findings.

V. Corrective Action Plan

Corrective Action Plan: Recommendations for the candidates for the Vice President of Fiscal Affairs and Controller will be presented to the Board of Trustees. In addition, it is the College's priority to develop and implement year-end close procedures to ensure material balances and activities are reconciled on a timely basis.

Responsible Party: Vice President of Fiscal Affairs

Date of Implementation: By August 31, 2015

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the Year Ended August 31, 2014

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Note 1 - Federal Assistance Reconciliation

| Note 1: Federal Assistance Reconciliation | |
|---|-----------------|
| Federal Grants and Contracts revenue - Per Schedule A | \$ 1,363,243 |
| Add: Non Operating Federal Revenue From Schedule C | 4,574,034 |
| Total Federal Revenues per Statement of Revenues, Expenses and Changes and Net Assets | 5,937,277 |
| | |
| Reconciling Item: | |
| Add: Direct Students Loans | 1,363,832 |
| Total Federal Revenues per Schedule of Expenditures of Federal Awards | \$ 7,301,109 |

Note 2 - Significant accounting policies used in preparing the schedule

The expenditures included in Schedule E are reported for the College's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported on Schedule E represent funds that have been expended by the College for the purposes of the award. The expenditures reported on Schedule E may not have been reimbursed by the funding agencies as of the end of the fiscal year. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedule.
