Introductory Section

November 25, 2014

Honorable Chair, Board of Trustees, and Interim District President Collin County Community College District McKinney, TX

Dear Board Members and Interim District President:

The following comprehensive annual financial report of the Collin County Community College District (the District) for the fiscal year ended August 31, 2014, is hereby submitted. The purpose of this report is to provide detailed information about the financial condition and performance of the District. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge, the enclosed data is accurate in all material respects and is reported in a manner designed to fairly present the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The District is a special purpose government engaged solely in business type activity (BTA). Adhering to Governmental Accounting Standards Board (GASB) Statements 34 and 35, this presentation of financial reporting combines all fund groups into a single column and resembles the format of the corporate presentation, thus facilitating comparison.

State statutes require an annual audit by independent certified public accountants. The District's Board of Trustees selected the accounting firm of Grant Thornton LLP. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the U.S. Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the *State of Texas Single Audit Circular*. Information related to the single audit is included in the single audit section of this report.

As a recipient of federal, state, and local financial funds, the District is responsible for providing an adequate internal control structure to ensure compliance with applicable laws and regulations related to those award programs. This internal control structure is subject to periodic review or evaluation by management, internal audit, and the independent auditors of the District. As a part of the District's single audit, tests are made to determine the effectiveness of the internal control structure, including that portion related to

major federal and state financial award programs. It is also used to determine that the District has complied with significant applicable laws and regulations.

The Administrative Services division is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived; and 2) the valuation of costs and benefits require estimates and judgments by management.

A narrative introduction, overview, and analysis accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A) providing information on the District's financial activity and position. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. In addition to the transmittal letter and the MD&A, the Comprehensive Annual Financial Report (CAFR) consists of the following:

- Basic Financial Statements
- Texas Higher Education Coordinating Board (THECB) Supplemental Schedules
- Statistical Section
- Single Audit Section
- Supplemental Financial Information

As demonstrated by the statements and schedules included in the financial section of this report, the District continues meeting its responsibility for sound financial management.

PROFILE OF THE DISTRICT

District Structure and Information

The District's mission is to provide students a community centered institution committed to developing skills, strengthening character and challenging the intellect. The student body is comprised mainly of residents of Collin County and surrounding communities.

The District strives to offer affordable, small, personalized classes and awardwinning faculty in a safe and friendly environment allowing students to fulfill their potential and achieve their goals. The college promotes life-long learning and the opportunity for its residents to further their education regardless of their schedule, time and distance constraints. The District was established as a public community college in an election held in Collin County, Texas, on April 6, 1985, in accordance with the laws of the State of Texas. It operates as a community college district under the Constitution of the State of Texas and the Texas Education Code. The District is governed by an elected, nine-member Board of Trustees (hereinafter called the "Board"). An election is held every two years (the first Saturday in May in odd-numbered years), where three Trustees are elected to serve in a six-year, at-large position. The Board holds regularly scheduled meetings on the fourth Tuesday of each month. Board meetings are held in the board room at the Collin Higher Education Center campus located in McKinney or as noted in the notice for a meeting in accordance with public notice requirements.

The Board has the final authority to determine and interpret the policies that govern the District and within the limits imposed by other legal authorities has complete and full control of the District. Official Board action is taken only in meetings that comply with the Open Meetings Act and are based on a majority vote of a quorum (five members) of the Board.

In general, the Board provides policy direction and sets goals for the District consistent with the District's role and mission. Besides general Board business, Trustees are charged with numerous statutory regulations, including:

- setting and collecting tuition, rentals, rates, charges and fees
- establishing goals consistent with the District's role and mission
- appointing the tax assessor/collector
- ordering elections
- adopting a tax rate each fiscal year
- levying and collecting taxes and issuing bonds
- approving an itemized budget each year
- appointing the President
- hiring employees of the District

The District is accredited by the Southern Association of College and Schools and Commission on Colleges (SACSCOC) to award associate degrees and certificates. An associate degree is an award that normally requires at least two, but less than four years of full-time equivalent college work. The District offers Associate of Arts, Associate of Arts in Teaching, Associate of Science and Associate of Applied Science degrees and numerous certificate programs.

In order to maintain its status as an institution accredited by SACSCOC, the District must complete the reaffirmation of accreditation process every ten years. This process requires extensive self-study including the completion of a compliance certification document reflecting compliance with core requirements, comprehensive standards and federal regulations. Over the last two years, the District has been preparing for the reaffirmation of accreditation and has

submitted the compliance certification documentation to the SACSCOC committee for the off-site review. The SACSCOC committee completed their onsite review in October 2014. A final disposition from the committee is expected in June 2015.

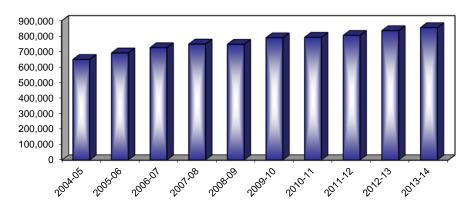

The District continues to meet the needs of the community in developing a professional workforce by expanding the educational opportunities available to its residents. The District provides training for many of the county's essential service positions such as police officers, emergency medical technicians, nurses, dental hygienists, and respiratory therapists.

The District is located in Collin County which is in the Dallas metropolitan area of North Central Texas. The county consists of 889 square miles with a population density of approximately 962 residents per square mile in 2014. The population of Collin County is estimated to be about 854,778 according to the US Census Bureau.

Information provided by the US Census Bureau as of 2013 shows a 3.8% increase in the estimated populations in McKinney, Frisco, Plano, and Allen between 2012 and 2013. In the past ten years, Collin County has experienced an increase in population of 32% as illustrated in the graph that follows.

Collin County Population

Component units

The Collin County Community College District Foundation, Inc. ("Foundation") has been discretely presented in the District's statements as a component unit by inclusion of the statements and footnotes of the Foundation in the District's statements and footnotes. Because the financial statements of the Foundation are presented in a different format from the District and are incompatible with the District's financial statements, the Foundation's financial statements. The Foundation is a non-profit organization established in 1987 to maintain, develop, increase and extend the facilities and services of the District and footnote.

Inter-local agreements and partnerships

The District's commitment to provide programs and services to the communities it serves is reflected by the many partnerships with local cities and schools. Such agreements are efficient and cost-effective. A partial list of our inter-local agreements and partnerships includes:

- The District has inter-local agreements with the Allen ISD and Rockwall ISD for satellite campuses to benefit students and staff.
- The District has reciprocal technical/occupational course agreements with the Dallas County Community College District, Tarrant County Community College District and Grayson County College, allowing students to enroll in programs not available in their home district at the in-county tuition rate.
- The road to medical school and other health care professions is shorter thanks to the unique partnership between Collin College and Plano Independent School District (PISD). The unique PISD Health Sciences Acadmey offers selected students a head start on health care careers while

they are still in high school, starting as early as ninth grade. Students can earn more than 50 hours of college credit and complete certifications in order to enter the health care workforce upon graduation from high school.

- The District has an agreement that allows Collin County to use up to sixteen strands of the District's Fiber Optic Wide Area Network (WAN), which is approximately 55 miles long, surrounds the county and connects our campuses with high speed communications.
- The District has an agreement with the Department of Homeland Security/Collin County Health Care Services to establish procedures to utilize the District's facilities and staff in case of a public health emergency.
- The District has agreements with four higher education institutions to dedicate classroom and lab facilities, office space and other student services at the Collin Higher Education Center in order to enable these institutions to provide upper-level undergraduate courses and graduate degree programs.
- On September 27, 2011, the District was selected by the U.S. Department of Labor in coordination with the U.S. Department of Education for a \$19,998,974 grant targeted for training and workforce development to help unemployed workers who are changing careers. The District is leading a consortium of six community colleges in the National Information, Security and Geospatial Technology Consortium and will focus training toward occupations that map to four IT disciplines: networking and data communication; applications development and analytics; geospatial technologies; and cyber security. The District received a no-cost extension for fiscal year 2014-15 to complete the objectives of the grant, originally scheduled to be completed in three years.
- The National Science Foundation awarded a \$4.4 million grant to the District's National Convergence Technology Center in August 2012. This grant allows the District to meet the growing workforce needs for convergence technology workers and further establishes the District as a leading voice in this industry.

Budget

Administrative Services, under the direction of the District Vice President of Administrative Services and CFO, maintains the District's budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the District's Board of Trustees. Activities of the unrestricted current funds, auxiliary enterprise funds, restricted funds, unexpended plant funds, and retirement-of-indebtedness funds are included in the annual appropriated budget. The District

also maintains an encumbrance accounting system which includes full-time payroll costs as a method for accomplishing budgetary control. Salary encumbrances lapse at year-end, while some encumbrances for outstanding purchase orders at year end are carried over as part of the next year's budget and are reserved as part of net position.

ECONOMIC CONDITION

Local economy

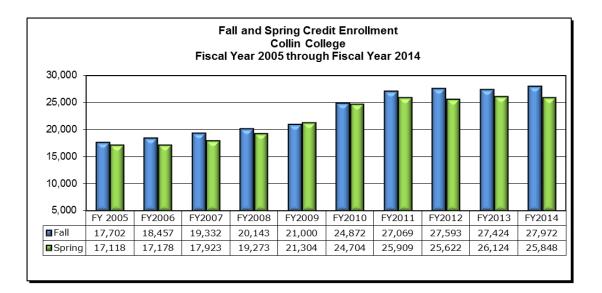

Major industries located within Collin County consist of finance, retail, computer technology, education, manufacturing, telecommunications, health care, and food industry. Possessing a well-educated workforce is a key factor in an area's ability to attract new businesses and maintain economic growth. Another critical factor for a growing economy is the availability of workforce training. The District regularly consults with employers in the area to determine their needs and develops training to fulfill those needs. Given the area's readily accessible workforce training, the desirability of the location, the excellence of the school districts, the proximity of family entertainment including shopping, fine arts, professional sports, entertainment parks, and the wealth of well-trained individuals, the District is optimistic that Collin County will continue to prosper.

Collin County had a civilian employed labor force from August 2013 to August 2014 of approximately 471,500 which was an increase of 2.4% over fiscal year 2013. The latest estimated unemployment rate for Collin County (August 2014) came in at 5.0%, compared to the state's rate of 5.5% and a national rate of 6.1%, according to the Bureau of Labor statistics and the Texas Workforce Commission.

Community colleges continue to play an important role in the State's workforce and economic development. Economic development depends on the strength of having a trained and educated workforce. As the economy changes due to automation, increased productivity, and advanced technology, the demand for physical jobs begins to decrease and workers are under greater pressure to learn new skills. Student enrollment at public two-year institutions in Texas has outnumbered enrollment in public four-year universities for more than ten years and state officials expect that trend to continue. According to the Texas Association of Community Colleges (TACC), more than 710,000 students enrolled in Texas public community colleges during the fall of 2013 compared to 587,000 at public Texas universities and 123,000 at independent college and universities.

The District headcount for credit enrollment for 2013-2014 held steady. (See the credit enrollment chart on the following page for the District's headcount statistics.) Comparing credit hours from Fall 2012 to Fall 2013, the District saw a slight increase of 1.1% totaling 2,628 credit hours. For Spring 2014, the District

saw a slight decrease in credit hours from 224,663 to 223,565 for a 0.5% decrease.

The 2013-2014 formula produced State appropriations were \$2,140 per full time student equivalent (FTSE). For years ending August 31, 2013, and 2012, the District received \$1,972, and \$1,970 per FTSE, respectively. The current year's funding rate, which includes appropriations for benefits, increased by 8.5% from last year's State funding rate.

The Board of Trustees approved a \$1, \$2, and \$7 per credit hour increase in tuition for in-county, out-of-county and out-of-state/country students, respectively, beginning Fall 2013. Tuition and fees for the District continue to rank in the lowest quartile among colleges and universities in the state of Texas. A quality education at the District remains a smart economical choice and a wise investment.

Appraised taxable values in Collin County have increased 6.2% from 2013 to 2014 with new construction increasing 44% from 2013 to 2014.

The District remains a valuable resource to the community in updating the skills necessary to obtain the new jobs of the 21st century by providing training and degrees in growth industries, such as technology, health care and hospitality.

Long-term financial planning

The District's budget development begins with updating and reviewing a multiyear budget model to ensure adequate funding is available to implement current as well as long-term initiatives.

The District began construction of a 125,000 square foot Health Sciences Facility, 23,000 square foot Conference Center, and a surface parking lot at the Central Park Campus in June 2014. Total budgeted cost for the project is expected to be approximately \$50.3 million. Construction is expected to be completed within eighteen months, ready for occupancy for the Spring 2016 semester. In addition to the new construction, the project includes remodeling the existing facilities with the renovation scheduled for completion in the Summer 2016. The source of funding for the construction project are funds transferred from the current unrestricted fund.

Relevant financial policies

Investment Policy: The District's investment policy is required by statute to be reviewed and updated annually. The Board approved the policy in August 2013. It is designed to minimize credit and market risks while maintaining a competitive yield on the portfolio. Accordingly, bank deposits were either insured by federal depository insurance or collateralized throughout the year.

Fund Balance Designation: Board policy dictates the District maintain a minimum fund balance equal to 25% of educational expenses adjusted for reserves and allocations. In addition, the Board continues to maintain designations totaling \$24.75 million for stabilization of maintenance and operations in the event ad valorem tax revenues were to decline based on fluctuations in appraised values. Health care reserves totaling \$30 million are being maintained in the event the State reduces its contribution to the District for health insurance.

Standard and Poor's Ratings Services affirmed the District's 'AAA' rating in September 2013 based on their evaluation of the District's "very strong financial position, coupled with good management practices; and having diverse revenue streams with significant revenue-raising flexibility."

Awards and Acknowledgements

Awards

The Government Finance Officer Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its CAFR for Fiscal Year ended August 31, 2013. This was the 17th consecutive year the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Texas Comptroller of Public Accounts awarded the District the Platinum Level Financial Transparency Award, the highest status in the program. To achieve this standard the District has made publically available online its budget, financial reports, tax information, check registers, investment data, and other information for the public in a clear, consistent and user-friendly format. The District is only one of two community colleges in the State receiving this distinction.

Acknowledgments

The preparation of this report could not have been accomplished without the efficient and dedicated services of the staff of Administrative Services, particularly in the Accounting Department. We would also like to thank the accounting firm of Grant Thornton LLP for their assistance and timely completion of the audit. Due credit should be given to the governing Board and District Leadership for their interest in planning and conducting the operations of the District in a responsible manner.

Respectfully submitted,

Board of Trustees Collin County Community College District

Report on the financial statements

We have audited the accompanying financial statements of the Collin County Community College District (the "District") as of and for the years ended August 31, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. We did not audit the financial statements of Collin County Community College Foundation, which represents the discretely presented component unit of the District. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for that component unit, is based on the report of other auditors.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District as of August 31, 2014 and 2013, and the changes in financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other matters

Required supplementary information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 19 through 32 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. This required supplementary information is the responsibility of management. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America. These limited procedures consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise the District's basic financial statements. The Schedule of Expenditures of Federal Awards and the Schedule of Expenditures of State Awards for the year ended August 31, 2014, as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State of Texas *Single Audit Circular*, respectively on pages 119 through 130, and the Texas Higher Education Coordinating Board ("THECB") supplemental schedules on pages 82 through 86, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other information

The introductory section, statistical section and supplementary financial information are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other reporting required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report, dated November 25, 2014 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

GRANT THORNTON LLP

Dallas, Texas November 25, 2014 This page intentionally left blank.

Overview of the Financial Statements and Financial Analysis

Collin County Community College District (the District) is proud to present its financial statements for fiscal years ended August 31, 2014 and 2013 which are in conformance with Governmental Accounting Standards Board (GASB) standards. There are three financial statements presented: the Statements of Net Position; the Statements of Revenues, Expenses and Changes in Net Position; and the Statements of Cash Flows. These statements should be read in conjunction with the Letter of Transmittal and the Notes to the basic financial statements. The following Management's Discussion and Analysis (MD&A) reviews the District's financial activity during the fiscal years ended August 31, 2014, 2013, and 2012 and is intended to provide readers with an overview of the basic financial statements.

In accordance with GASB Statement No. 61 *The Financial Reporting Entity: Omnibus-An Amendment of GASB Statements No. 14 and No. 34*, the District is including financial statements for the District's discrete component unit, Collin County Community College Foundation ("the Foundation"). The Foundation financial statements are presented in a different format from the District with a December 31 year end, and are incompatible with the District's financial statements. Therefore, the Foundation's financial statements, for fiscal years ending December 31, 2013 and 2012 are presented on separate pages behind the District's basic financial statements. The Foundation Notes may be found in Note 20 under Component Units.

Some of the financial highlights of the fiscal year are as follows:

- Assets of the District exceeded liabilities at the close of the fiscal year on August 31, 2014, by \$460.6 million (net position). Of this amount, \$235.6 million (unrestricted net position) may be used to meet the District's ongoing obligations, compared to unrestricted net position in the prior fiscal year end totaling \$218.8 million.
- Operating revenues totaled \$46.3 million, an increase of \$2.6 million or 6% from fiscal year ending 2013 of \$43.7 million. Operating revenues increased due to tuition and fee increases of \$1.4 million or 5% and a \$1.1 million increase in federal grants and contracts revenues.
- An increase in non-operating revenues from state appropriations by 8% or a total of \$2.9 million was realized this fiscal year. This is the first year of the biennium, and also the first year the state appropriations formula included funding based on three categories: core operations \$500,000, student success \$3,383,781, and contact hour funding \$29,252,294 for a total state appropriations of \$33,136,075. Benefits paid by the state on behalf of the District for health care and retirement benefits and included in the state appropriations revenue contributed to the overall increase in funds provided by the State from the prior year to the current year by approximately \$900,000.
- A 6% increase in non-operating revenues occurred from maintenance and operations ad valorem tax revenues from prior to current year. While the tax rate

of \$0.0800 remained the same for fiscal years 2013 and 2014, the adjusted assessed property values increased from \$75.8 billion to \$80.5 billion, resulting in the increased tax collections revenues. Total tax collections received for maintenance and operations has steadily increased over the last three years with the largest increase occurring in the most recent fiscal year. For fiscal years ending 2012, 2013, and 2014 the maintenance and operations tax collections were \$60.1 million, \$61.9 million, and \$65.4 million, respectively. See Note 15 for additional information on property taxes.

- Debt service revenues received from ad valorem taxes decreased 36% from the previous year by \$1.8 million due to the decrease in the tax rate assessed for debt service. The tax rate for debt service for fiscal year ending August, 31, 2013 was \$0.006299 and the rate for year ending August 31, 2014 was \$0.003643, a 42% reduction in the tax rate from the prior year to the current year. In addition to the taxes collected for debt service, the District used \$1.8 million from debt service fund balance to make general obligation bond principal and interest payments totaling \$4.4 million for fiscal year ending 2014. See Note 15 for additional information on property taxes.
- Operating expenses totaled \$151.9 million for fiscal year ending August 31, 2014 compared to \$147.0 million in the previous year, an increase of 3% or \$4.8 million. Instructional expenses account for 38% of total operating expenses. Of the \$4.8 million increase in operating expenses, \$2 million can be traced to increases in instructional expenses. Institutional support accounts for 10% of operating expenses which realized a 7% increase in expenses totaling \$1.0 million. Included in institutional support is bad debt expense and legal expenses as well as District administrative support services.
- The District's total bond debt decreased to \$39.0 million from \$42.8 million due to principal payments made during the year of \$2,865,000 and \$970,000 on General Obligation Bonds and Revenue Bonds, respectively. As required by GASB Statement 65, debt issuance costs are now required to be expensed in the year they are incurred. The remaining unamortized debt issuance cost balance related to the Series 2010 Limited Tax Refunding Bonds at August 31, 2013 totaling \$190,040 was expensed in the current fiscal year. The District continues to amortize the premium resulting from the Series 2010 Limited Tax Refunding Bonds. See Notes 6, 7, 8, and 9 for additional information on bonds payable.
- The State retirement contribution rate for fiscal year 2014 is 6.8% for TRS and 6.6% for ORP, up from 6.4% and 6.0%, respectively, in fiscal year 2013. The 83rd Texas Legislature passed Senate Bill 1812 which limits the State's contributions to the pension plan for community colleges to 50% of the State contribution rate. Therefore, the State paid 3.4% (of the 6.8%) and 3.3% (of the 6.6%) for TRS and ORP, respectively. The remaining 50% was paid by the District. The total retirement benefits paid by the state for fiscal years 2013 and 2014 were \$1.8 million and \$1.7 million respectively. See Note 10 for additional information on employees' retirement plan.

- The Board of Trustees approved the transfer of the Royden Lebrecht Quasi-Endowment Fund in the amount of \$1,581,057 plus accrued interest from the District to the Collin County Community College District Foundation.
- Six million dollars was expended in the current fiscal year on the Department of Labor Trade Adjustment Assistance Community College and Career Training (TAACCCT) Grant compared to \$4.8 million in the previous fiscal year, accounting for the increase in Federal grants and contracts revenue. The TAACCCT Grant is a \$19.9 million three-year grant. This was the third year of the three-year grant, however, since only 60% of the grant funds have been expended, or \$12.0 million, the District was granted a no-cost extension to complete the grant objectives in the next fiscal year.

Statement of Net Position

The Statement of Net Position presents the assets, liabilities, and net position of the District as of the end of the fiscal year. It is a point in time financial statement. The purpose of the Statement of Net Position is to give financial statement readers a snapshot of the fiscal condition of the District. It presents end-of-year data for current and noncurrent assets, current and noncurrent liabilities, and net position (assets minus liabilities). Also shown is the sum of total liabilities and net position which equals total assets. See Table 1 below for condensed Statements of Net Position for the years ending August 31, 2012 through 2014.

From the information shown, financial statement readers are able to determine the assets available to continue the operations of the District. The reader can also determine how much the institution owes vendors and bondholders. The net position and the availability of liquid assets for current expenditures can be determined as well.

| | Fiscal Year | | | | | Change | | |
|--|-------------|-------|----|-------|----|--------|-----------------|-----------------|

COLLIN COUNTY COMMUNITY COLLEGE DISTRICT

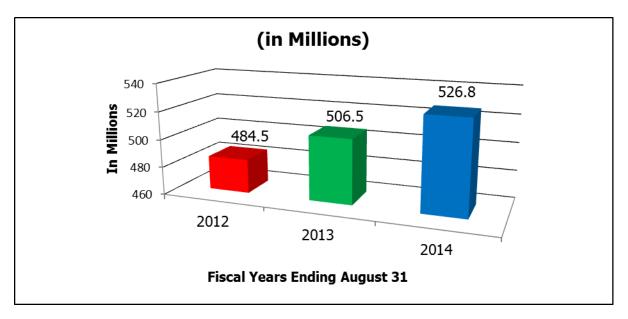

Management's Discussion and Analysis Fiscal Years Ended August 31, 2014 and 2013

The net position is divided into three major categories.

- Net investment in capital assets: provides the District's equity in land, buildings and improvements, and equipment it owns, and are not available,
- Restricted Net Position: these assets have external limitations on the way in which they may be used, and are not accessible for general use,
- Unrestricted net position: assets in this category are available to be used for any lawful purpose of the District at the direction of District management.

Total assets of the District for fiscal year 2014 are \$526.8 million, an increase from \$506.5 million in fiscal year 2013 and \$484.5 million in fiscal year 2012. Total assets increased from fiscal year 2013 to fiscal year 2014 by \$20.3 million and by \$22.0 million from 2012 to 2013 with the increase occurring primarily in short term investments and capital assets not subject to depreciation.

Total assets continue to increase as indicated in the following graph below.

Graph 1: Total Assets

Current assets are comprised of several categories. Cash and cash equivalents include the District's cash and investments in TexPool and TexSTAR, which are both statewide investment pools. Accounts receivables and short term investments account for 28% of total current assets. Other current assets include consumable inventory and inventories for resale related to the District's bookstores, as well as prepaid assets. While all excess funds were held at TexPool and TexSTAR at year end for 2012 and 2013, the District invested in short term investments totaling \$64.9 million at August 31, 2014. These investments included certificate of deposits and U.S. Agency Notes and Bonds. Cash and cash equivalents decreased from 2013 to 2014 by \$45.6 million, from \$232.1 million to \$186.5 million. From fiscal year 2012 to 2013 cash and cash equivalents increased almost \$20 million, from \$213.5 million to \$232.1 million. See Notes 3 and 4 for additional information on investments.

Receivables totaling \$9.8 million include tuition and fees receivable, and accounts receivable, (net of allowance for doubtful accounts). Accounts receivable decreased overall by 4.2% from the prior fiscal year. The decrease in accounts receivable, net of allowance, is due to an increase in the allowance for doubtful accounts, an offset against accounts receivables. Based on the District's collection experience for student receivables it has been necessary to increase the receivables allowance account. For additional information on accounts receivables and collections for the current fiscal year, see Note 13.

Prepaid expenses are consistent with previous year's prepaid expenses. Inventories for resale decreased from 2013 to 2014 by about \$1.0 million or 26.7% due to write-offs of obsolete inventory totaling \$409 thousand, and inventory discrepancies occurring due to new bookstore software implementation. Notes 2(e-i), and 13 provide additional information on current assets.

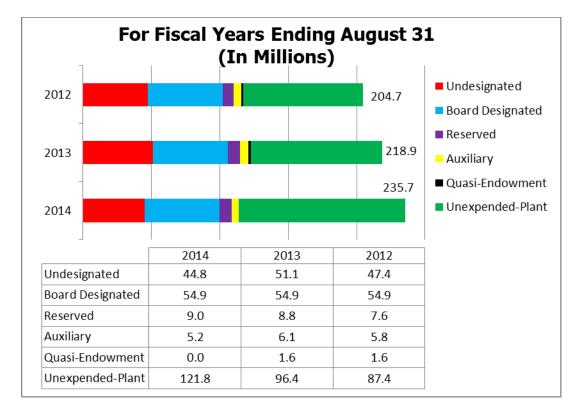

Non-current assets consist of capital assets. Capital assets include land, land improvements, buildings, equipment, WAN/LAN network equipment, library books and construction in progress, and are shown net of accumulated depreciation. Further information regarding capital assets is shown in Notes 2(j) and 5, as well as in the MD&A paragraph under the heading *Capital Assets and Debt Administration*.

Total liabilities of the District are \$66.1 million, 67.2 million, and 66.5 million in fiscal years ending August 31, 2014, 2013, and 2012, respectively, less than a 2% change from any one year to the next. Current liabilities are made up of accounts payable, accrued liabilities, funds held for others, unearned revenues and the current portions for accrued compensable absences and bonds payable. A liability is considered to be current if it is due within one year. Accounts payable and unearned revenues account for the largest percentage of current liabilities with accounts payable representing 34% of \$30.4 million in current liabilities and unearned revenues making up 51% of current liabilities for the current fiscal year. This compares to 31% and 52%, respectively for accounts payable and unearned revenues as a percentage of total current liabilities for the prior fiscal year, 2013 which totaled \$27.5 million.

The current year payables include payroll payables totaling \$1.5 million, \$2.7 million payable related to construction of the new Health Science Facility and Conference Center at Central Park Campus and \$361 thousand payable for renewal and replacement projects. A \$1.0 million decrease in the short-term overdraft from prior to current fiscal year, and a \$1.2 million reduction in auxiliary payables from prior to current year accounts for the net overall increase in accounts payable from prior year to current year of \$1.5 million. The accounts payable increase of \$4.0 million from 2012 to 2013 as shown was due to a timing difference for payroll payables, an increase in bookstore payables, and an increase in short-term overdraft to \$2.7 million at August 31, 2013 compared to \$1.0 million the previous year. See Note 13 for additional information on payables.

The two non-current liabilities are accrued compensable absences payable and the remainder of the bonds payable representing the portion which is not due within one year. Further information regarding long-term liabilities is shown in Notes 2(n), 6, 7, and 8.

Net position represents the District's equity, some of which is restricted for certain uses and some of which is unrestricted. Unrestricted net position increased \$16.8 million, or 7.7% from prior year to the current year. Total unrestricted net positions at August 31, 2014, 2013, and 2012 totals \$235.7 million, \$218.9 million, and \$204.7 million, respectively. The Board of Trustees has designated \$24.75 million and \$30 million of the unrestricted, unreserved net position for stabilization of maintenance and operations and health insurance reserves, respectively. Designating a portion of the District's net position for these purposes protects the District in the event ad valorem property taxes decline and/or health insurance benefits provided by the State are decreased. See graph below for a graphical representation of the components of current unrestricted net position.

Graph 2: Current Unrestricted Net Position

Statement of Revenues, Expenses and Changes in Net Position

The purpose of the Statement of Revenues, Expenses and Changes in Net Position is to present the revenues earned and expenses incurred by the District, both operating and non-operating, and any other revenues, expenses, gains and losses received or spent by the District. Operating expenses are those paid to acquire or produce the goods and services provided in return for the operating revenue and to carry out the District's mission. Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as ad valorem taxes, state appropriations, and federal grants. Depreciation on capital assets is included in operating expenses. Since State appropriations and ad valorem taxes make up a significant portion of the District's revenues, classification of this revenue as non-operating will usually result in an operating loss, as it does for the District in all fiscal years presented.

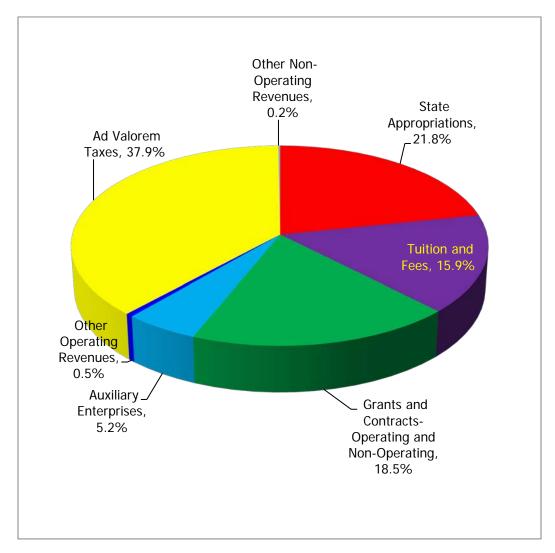

Table 2:Condensed Statement of Revenues, Expenses, and Changes in NetPosition (in Millions)

| | | Fisc | al Year | | | Change | | |
|------------------------------------|---------------|------|---------|----|--------|---------|---------|--|
| | | | | | | 2013 to | 2012 to | |

| Non-operating revenues (expenses): | | | | | | | | |
| State appropriations | \$ 38.4 | \$ | 35.5 | \$ | 34.4 | 8% | 3% | |
| Ad-valorem taxes (Net) | \$ 67.0 | \$ | 65.1 | \$ | 63.3 | 3% | 3% | |
| Federal revenue, Non-operating | \$ 24.4 | \$ | 25.3 | \$ | 27.1 | -4% | -7% | |
| Interest on capital related debt | \$ (1.7) | \$ | (1.8) | \$ | (1.9) | -6% | -5% | |
| Other non-operating revenues, net | \$ (1.2) | \$ | 0.5 | \$ | 0.8 | -340% | -38% | |
| Net non-operating revenues | \$ 126.9 | \$ | 124.6 | \$ | 123.7 | 2% | 1% | |
| ncrease in net position | \$ 21.3 | \$ | 21.3 | \$ | 25.1 | 0% | -15% | |
| Net position - beginning of year | \$ 439.3 | \$ | 418.0 | \$ | 392.9 | 5% | 6% | |
| Net position - ending of year | \$ 460.6 | \$ | 439.3 | \$ | 418.0 | 5% | 5% | |

61% percent of operating revenues consists of tuition and fees, net of discounts for both fiscal years ending 2014 and 2013. For fiscal years ending 2014, 2013, and 2012 tuition and fees, net of discounts was \$28.0 million, \$26.6 million, and \$23.7 million, respectively.

An increase in tuition and fees totaling 5% occurred from 2013 to 2014 due to an increase in tuition and fees beginning Fall 2013 of \$1, \$2, and \$7 per credit hours for in-county, out-of-county, and out-of-state/country residents, respectively. The increase in credit tuition was approximately \$1.8 million, although continuing education tuition showed a slight decline in revenues from fiscal year ending 2013 to 2014 totaling \$160 thousand. Total credit hours for fiscal year ending 2014 compared to 2013, was down slightly, by approximately .5% or 2,669 credit hours.

See the chart below for breakdown, by category, for total revenues, operating and nonoperating for the District for fiscal year ending August 31, 2014.

Graph 3: 2014 Total Operating and Non-Operating Revenues

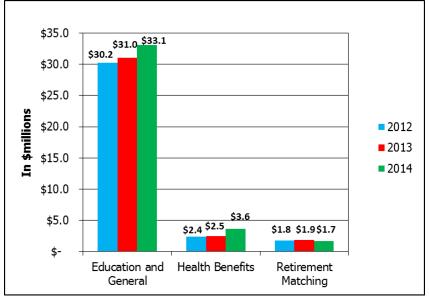

Tuition and fees increased from fiscal year ending 2012 to 2013 by \$2.9 million, an increase of 11.9% from the previous year. The District raised tuition for the first time since 2004 for in-county residents by \$3 per credit hour to a total of \$30 per credit hour beginning with the Spring 2013 semester. Tuition for all other students increased \$5 per credit hour. Total credit hours increased slightly from fiscal year ending 2012 to 2013, by 1.2%. For the fiscal years ending 2014, 2013, and 2012, scholarship allowances and discounts were \$6,962,093, \$6,652,045, and \$7,317,349 respectively. A 5% increase in scholarship allowances occurred from 2012 to 2013 due primarily to decreases in Pell and Texas Public Education Grants.

A 22% increase in federal grants and contracts from the prior year to the current year occurred as a result of increased expenditures for the Department of Labor Trade Adjustment Assistance Community College and Career Training (TAACCCT) Grant, and the National Science Foundation grant. Grants and contracts from fiscal year 2012 to 2013

increased \$3.8 million, an almost 130% increase from the prior year. The 2013 fiscal year was the second year of the three year Department of Labor TAACCCT grant. The first year of the TAACCCT grant, fiscal year 2012, the District received \$1.1 million in revenues for expenses incurred related to the TAACCCT grant and \$4.8 million in revenues for expenses incurred during 2013. Grant revenues are recognized to the extent grant expenses are incurred.

As noted above, non-operating revenues are funds received for which goods and services are not provided. The primary source of non-operating revenues comes from State appropriations, ad valorem taxes and federal revenues received for the Federal Pell Program, Federal Supplemental Educational Opportunity Grants and Federal Work-Study Program. Other non-operating revenues consist of net investment income, gifts, and other non-operating revenues.

State appropriation funding consists of education and general state support, state group insurance, and state retirement matching. As shown in Graph 4 below, funding from the State for education and general increased 2.7% from 2012 to 2013 and 6.6% from 2013 to 2014. Beginning in fiscal year 2014, State funding is divided between three categories: core operations, student success, and contact hour funding. Prior year's State funding was based solely on contact hours. The State continues to provide an allocation for health benefits and from 2013 to 2014 the allocation increased 41% from \$2.5 million to \$3.6 million. The increase from the State health benefits allocation helped offset the 7% increase in insurance premiums from 2013 to 2014.

Graph 4: 2014 State Appropriations

Instead of providing an allocation for retirement benefits as has been the practice in prior years, beginning with the current fiscal year ending August 31, 2014, the State legislature passed Senate Bill 1812 which provides for the State to pay fifty percent of the state matching for benefits eligible employees for Optional Retirement (ORP) and Texas Retirement System (TRS) contributions. The prior and current year's allocations for retirement benefits for both ORP and TRS was approximately \$1.8 million and \$1.7 million,

respectively. This represents a decrease in the State's retirement contribution of 7.6% from the prior year to the current year.

Revenues from ad valorem taxes for maintenance and operation increased by \$3.5 million due to assessed taxable values increasing from \$75.791 billion to \$80.479 billion from fiscal year ending 2013 to 2014. Ad valorem taxes assessed and received for debt service declined due to a reduction in the assessed tax rate from .006299 to .003643. A reduction in federal grants and contracts occurred primarily as a result of a decrease in Pell grants from fiscal year 2013 to 2014 by almost \$1.0 million.

Operating Expenses by Functional Classification

Functional classifications are the traditional categories that have been used to show expenses. They represent the type of programs and services provided. In Table 3 below, a comparison of the District's functional operating expenses from 2012 through 2014 is presented.

| | Fiscal Year | | | | | % Change | | |
|--|-------------|-------|----|-------|----|----------|---------------|---------------|
| | | 2014 | | 2013 | | 2012 | 2013 to 14 | 2012 to 13 |
| Instruction | \$ | 58.7 | \$ | 56.7 | \$ | 52.3 | 3.5% | 8.4% |
| Public Service | | 0.6 | | 0.6 | | 0.6 | 0.0% | 0.0% |
| Academic Support | | 15.6 | | 14.8 | | 10.1 | 5.4% | 46.5% |
| Student Services | | 9.7 | | 8.9 | | 8.4 | 9.0% | 6.0% |
| Institutional Support Operation and | | 15.5 | | 14.4 | | 13.7 | 7.6% | 5.1% |
| Maintenance of Plant | | 13.3 | | 13.6 | | 11.8 | -2.2% | 15.3% |
| Scholarships | | 20.1 | | 20.7 | | 22.2 | -2.9% | -6.8% |
| Auxiliary Enterprises | | 10.9 | | 10.0 | | 10.0 | 9.0% | 0.0% |
| Depreciation | | 7.5 | | 7.3 | | 6.8 | 2.7% | 7.4% |
| Total | \$ | 151.9 | \$ | 147.0 | \$ | 135.9 | 3.33% | 8.17% |

Table 3: Operating Expenses by Functional Classification (in Millions)

Overall operating expenses increased 3% and 8% from fiscal years 2013 to 2014 and from 2012 to 2013, respectively. The Board of Trustees approved a 4% salary increase for faculty, staff, and administrators for the current fiscal year, a 3.5% increase for fiscal year ending 2013. No salary increase was approved for fiscal year ending 2012. A 4% increase in instruction expenses occurred from fiscal year 2013 to 2014 made up primarily of an increase in faculty salaries. The District strives to maintain a 50 to 50 ratio of full time to part time faculty. District administrators evaluate the full time to part time ratios each year and make recommendations to hire additional full time faculty to meet this objective for the next budget period. Based on this evaluation in the Fall of 2012, the District hired fourteen new faculty for the 2013-14 fiscal year. In addition, new TRS

regulations requiring the District to provide benefits for employees working in excess of twenty hours resulted in hiring additional nursing faculty. Instruction saw an increase in expenses of 8.4% from 2012 to 2013 due to the salary increase and the hiring of nine new faculty. An increase in the allocation of benefits from \$3.75 million in 2012 to \$5.41 million in 2013 also contributed to the overall increase in instruction.

As in the previous year, the increase in expenses in academic support functional area from 2013 to 2014 was due primarily to reimbursements made to the partner colleges for the Department of Labor TAACCCT Grant. From fiscal year ending August 31, 2012 to 2013, \$3.7 million of the \$4.6 million increase in academic support expenses was a result of expenses for the Department of Labor TAACCCT Grant.

Institutional support expenses consist of the District's executive management, fiscal operations, general administration, public relations and development, and information technology. From fiscal years 2012 to 2013 and from 2013 to 2014, institutional support saw a 5.1% and 7.6% increase, respectively. As discussed previously, much of the increase for this category is due to an increase in salaries of 3.5% and 4.0% for 2013 and 2014. In addition, the District has seen an increase in expenses for legal fees, software and software training, and bad debt related to student receivables for the current fiscal year.

Operations and maintenance of plant expenses totaling \$13.3 million was consistent with prior year's expenses totaling \$13.6 million, whereas plant operations experienced a 15% increase in expenses between fiscal year ending 2012 and 2013 totaling \$1.7 million. The increase was attributable in part to non-capital outlay for equipment and furniture for the new Spring Creek library and remodeling of the existing campus. In addition, expenses for contractual services, including custodial services, and maintenance agreements contributed to the overall increase in operations and maintenance from fiscal year 2012 to 2013.

The District provides for renewal and replacement of physical plant annually by budgeting \$2 million. Additional funds for renewal and replacement were budgeted at mid-year for the major expenses related to the replacement of the cooling towers and upgrading the HVAC system at the Preston Ridge Campus. For the current fiscal year, \$2.6 million was expended for renewal and replacement of plant. Expenses include:

- painting-all campuses
- remodeling rest rooms-Spring Creek Campus, Preston Ridge Campus
- parking lot and paving repairs-Central Park Campus, Spring Creek Campus, Preston Ridge Campus
- replacement of physical plant equipment including upgrading HVAC equipment and replacing cooling towers at the Preston Ridge Campus, replacing pumps, fire alarm panel, and ceiling tiles at the Spring Creek campus, and chillers at the Central Park Campus.

These expenses are included in operation and maintenance of plant. Prior year expenses incurred for renewal and replacement totaled \$1.8 million.

Depreciation expense increased by 2.7% from \$7.3 million in fiscal year ending 2013 to \$7.5 million in 2014, due to an increase in depreciable capital equipment and library books totaling \$2.1 million. As noted in the Capital Assets section of the MD&A, the District has begun construction on a Conference Center and Health Science Facility at the Central Park Campus. At year ending August 31, 2014, however, all costs associated with the construction are recorded as Construction in Progress and will not be included as depreciable assets until construction is complete.

Scholarship expense decreased 2.9%, down from \$20.7 million in 2013 to \$20.1 million in 2014. The decrease in scholarship expense was down 6.8% from 2012 to 2013 or \$1.5 million. The reduction in scholarship expense from 2012 through 2014 is a result of reduction in Pell awards due to more stringent student financial aid eligibility requirements, the introduction by the Department of Education lifetime Pell limits, as well as District policies implemented for satisfactory academic progress.

Capital Assets and Debt Administration

The Board of Trustees approved the construction of a new Conference Center and Health Science Facility at the Central Park Campus. The guaranteed maximum price (GMP) approved by the Board for construction costs was \$43.8 million. Construction began in June 2014 and is expected to be ready for occupancy by January 2016. In addition to new construction, the existing facility is scheduled to be renovated with the renovation costs totaling \$2.8 million. The renovation costs are included in the GMP. The renovation is expected to be completed by the summer 2016. The entire project costs, including architectural fees, materials testing, and furniture and equipment is expected to total approximately \$50.3 million. The project is being funded with transfers from the current unrestricted fund.

At August 31, 2013, the District completed construction on the Spring Creek Library, an adjoining parking lot, and completed the renovation of the existing Spring Creek campus library, laboratories, and print shop. The District capitalized \$25.1 million for the construction and renovation at the Spring Creek Campus.

| | | | | | | | |

At August 31, 2014, amounts committed under construction contracts were \$38.6 million. These commitments are for the construction projects at the Central Park Campus as noted above. The preceding table shows the capital assets for the fiscal years ending August 31, 2014, 2013, and 2012. Additional information regarding capital assets may be found in Note 5.

The District's outstanding general obligation bonds at year ending 2014 consists of Series 2006 and 2010 tax improvement bonds totaling \$34,805,723. The Series 2003 general obligation bonds were paid off in the current fiscal year. All general obligation bonds are funded through ad valorem taxes. Revenue bonds totaling \$4,195,000 are outstanding at year end and are collateralized by pledged revenues of the unrestricted current funds, excluding state allocations or those raised by local taxes.

| Total | \$ 39,000,723 | \$42,859,245 | \$ 46,577,768 |
| | | | |

Table 5: Bond Obligations

Noted in the table above is the outstanding debt at the end of fiscal year 2014, compared to the debt at the end of the two previous fiscal years ending 2013 and 2012.

As of August 31, 2014, the district's bond ratings with both Moody's Investors Service and Standard and Poor's continues to remain at an Aaa/AAA rating since being elevated to this level at the issuance of the bonds in 2002. The most recent review by Standard and Poor's rating agency occurred in September 2013, with the agency reaffirming its AAA rating of the District.

For more detailed information on the District's capital assets and long-term debt, see Notes 5, 6, 7, 8 and 9.

Economic Factors That Will Affect the Future

The economic position of the District is closely tied to that of Collin County and the State of Texas. Tax revenues provide the largest source of revenue for the District at 37.9% of total revenues. Property values for fiscal year 2014 increased 6.2%, resulting in additional tax collections of \$3.5 million for maintenance and operations. Tax collections increased 3% or by \$1.8 million from 2012 to 2013. An expected increase in appraised values totaling 9.5% is expected to generate additional tax revenues of \$5.1 million for the 2014-15 fiscal year. For fiscal year 2014-15, the maintenance and operations tax rate was set at \$.078965, a reduction from \$0.0800 for the first time since fiscal year ending 2000. The tax revenues generated are expected to be sufficient to meet the District's needs due to the anticipated increase in appraised property values. Similarly, the District lowered the ad valorem tax rate for debt service for 2014-15 fiscal year to \$0.002995 from \$0.003643 in 2014, and \$0.006299 in 2013.

State appropriations provide 21.8% of total revenue. State appropriations per full-time student equivalent (FTSE) increased 8.5% for the current year to \$2,140 from \$1,972 in 2013. The increase can be attributable primarily to the increase in the group insurance allocation. State funding per FTSE for the two previous years was \$1,970 in 2012 and \$1,972 in 2013. The District will continue to receive the majority (90%) of state funding based on contact hours, but a portion (10%) of the funding is tied to a success-points system in which colleges earn funding for students' academic milestones, such as earning an associate's degree, a certificate or transferring to a university. Also included in the District's State appropriations is \$500,000 for core operations for each year of the biennium.

The Board approved a tuition increase effective Fall 2014 increasing in-county tuition by \$1 per credit hour and by \$3 per credit hour for out-of-county, out-of-state, and out-of-country. No increase in enrollment is expected for the upcoming year.

The Board of Trustees approved a 4% increase in salaries for the upcoming fiscal year for which the District reserved \$3.8 million in the budget to accommodate the salary increase.

1) Reporting Entity

The Collin County Community College District (the District) was established in 1985, in accordance with the laws of the State of Texas, to serve the educational needs of the District. The District's student body is comprised mainly of residents of Collin County and surrounding communities. The District is considered to be a special-purpose entity, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14, *The Financial Reporting Entity*. While the District receives funding from local, state, and federal sources and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

GASB Statement 61, *The Financial Reporting Entity: Omnibus*—an amendment of GASB Statements 14 and 34, gives guidance in determining whether certain organizations for which the primary government is not financially accountable should be reported as component units based on the nature and significance of their relationship with the primary government. It requires reporting as a component unit if the organization raises and holds economic resources for the direct benefit of the governmental unit and the component unit is significant compared to the primary government. GASB 61 has been applied as required in the preparation of these financial statements, and as such, the District is including the Collin County Community College District Foundation (the "Foundation") as a component unit, as noted below.

The Foundation is a nonprofit organization with the sole purpose of supporting the educational and other activities of the District. The District does not appoint a voting majority, nor is it obligated to pay debt related to the Foundation. The Foundation solicits donations and acts as coordinator of gifts made by other parties. The Foundation made restricted payments to or on behalf of the District in amounts totaling approximately \$536,255 and \$371,327 during the years ending August 31, 2014 and 2013, respectively. During the fiscal year, the District furnished certain services, such as office space, utilities and staff assistance to the Foundation. District funds used to support the Foundation for fiscal year ending August 31, 2014 totaled \$275,082. The costs of these services were not significant to the District. The financial position and results of operations of the Foundation are included in these financial statements in accordance with GASB Statement No. 39, Determining Whether Certain Organizations Are Component Units – an Amendment of GASB Statement No. 14, and Statement No. 61 The Financial Reporting Entity: Omnibus-An Amendment of GASB Statements No. 14 and No. 34 as an affiliated entity because the Foundation's sole function is to fund the District and its students.

2) Summary of Significant Accounting Policies

a) **Reporting Guidelines**

The significant accounting policies followed by the District in preparing these financial statements are in accordance with the Texas Higher Education Coordinating Board's (THECB) Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges. The District applies all applicable GASB pronouncements. The District is reported as a special-purpose government engaged in business-type activities. The District complies with the financial statement presentation format required by the THECB.

b) Tuition Discounting

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. These funds, called the Texas Public Education Grant (TPEG), are shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.0333). When the award for tuition is used by the student, the amount is recorded as tuition and a corresponding amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount disbursed is recorded as scholarships expense.

Title IV Higher Education Authority (HEA) Program Funds

Certain Title IV HEA Program funds (Pell grants and FSEOG) are received by the District to pass through to the student. These funds are initially received by the District and recorded as restricted revenue. When the student is awarded and uses these funds for tuition and fees, a corresponding amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

The District awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amounts are recorded as tuition and fee revenue and a corresponding amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as scholarship expense.

c) Basis of Accounting

The financial statements of the District are reported using the economic resources measurement focus and the accrual basis of accounting, whereby all revenues are

recorded when earned and all expenses are recorded when the liability is incurred and they have been reduced to a legal or contractual obligation to pay.

d) Budgetary Data

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenses for the fiscal year beginning September 1. The District's Board of Trustees adopts the budget, which is prepared on the modified accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the THECB, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1. Board policy requires that the District maintain a minimum fund balance equal to 25% of educational expenses adjusted for reserves and allocations. For the years ended August 31, 2014 and 2013, respectively, the minimum unrestricted fund balance to be maintained was \$26,229,000 and \$29,470,551. The District exceeded this minimum required fund balance for both years.

e) Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. The District also considers funds on deposit with TexPool and TexSTAR, which are both statewide investment pools, as cash and cash equivalents.

f) Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools,* investments are reported at fair value or money market and other short-term, highly liquid investments may be reported at amortized cost, provided that the fair market value is not significantly different. This GASB Statement considers U.S. Treasury and agency obligations with maturities of less than one year to be money market investments. Accordingly, the U.S. Government Agency issues are reported at amortized cost.

Short-term investments have an original maturity greater than three months, but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

g) **Deferred Outflows**

In addition to assets, the statements of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Governments are only permitted to report deferred

Notes to Basic Financial Statements August 31, 2014 and 2013

outflows in circumstances specifically authorized by GASB. A typical deferred outflow for community colleges is a deferred charge on refunding debt.

h) Deferred Inflows

In addition to liabilities, the statements of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Governments are only permitted to report deferred inflows in circumstances specifically authorized by GASB.

i) Inventories

Consumable inventories consist of office supplies and postage, which are valued at cost and are charged to expense as consumed. Inventory held for sale, consisting primarily of textbooks, is valued using the retail method of inventory valuation and is recorded as an expense when sold.

j) Capital Assets

Assets with a purchase cost of at least \$5,000 and a useful life greater than one year are capitalized. Interest costs incurred during construction of physical plant are capitalized as incurred. Depreciation on buildings and site improvements is calculated using the half-year convention, straight-line method with residual value of 10%. Depreciation for the fiscal years 2014 and 2013 totaled \$7,544,508 and \$7,315,549, respectively. Depreciation is not allocated to the functional expense categories. Expenditures for construction in progress are capitalized as incurred, but are not depreciable until assets are put into production.

Capital assets are stated at cost. Donated capital assets are valued at their estimated fair market value on the date received. The District reports capital assets net of accumulated depreciation. Depreciation on assets other than buildings and site improvements is computed using the straight-line method over the estimated useful lives of the assets applying the half-year convention and no residual value. The following lives are used:

| Buildings | 50 years |
|--|----------|
| Land Improvements | 20 years |
| Library books | 15 years |
| Furniture, machinery, vehicles and other equipment | 10 years |
| Telecommunications and peripheral equipment | 5 years |

k) Unearned Revenues

Revenues of \$15,321,811 and \$14,179,534 are recorded on the Statements of Net Position as unearned revenue at August 31, 2014 and 2013, respectively, and primarily consist of tuition and fees related to academic terms in the next fiscal year. Unearned revenues related to grant funds were received, but not yet expended.

l) Estimates

The preparation of the financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

m) Operating and Non-Operating Revenue and Expense Policy

The District distinguishes operating revenues and expenses from non-operating items. The District reports as a business type activity (BTA) and as a single proprietary fund. Operating revenues and expenses generally result from providing services in connection with the District's principal ongoing operations. The principal operating revenues are tuition and related fees, auxiliary enterprises and federal grants and contracts, excluding Title IV financial aid programs. The major non-operating revenues consist of state appropriations, property tax collections, federal grant revenue related to Title IV financial aid programs, and investment income. Operating expenses include providing educational services, administrative expenses, and depreciation on capital assets. Non-operating expenses consist of interest on capital related debt.

n) Vested Vacation Benefits and Other Compensated Absences

Vacation is earned in varying amounts up to a maximum of 21 days for employees with 11 years or more of service. Unused vacation leave carried forward from one year to the next is limited to 15 days for each employee. Upon termination, employees are paid for earned but unused vacation for the current year and up to the 10 day maximum allowed for unused vacation carried over from the prior year. Compensated absences activity for the years ended August 31, 2014 and 2013 were as follows:

| | Beginning | | | Ending | Current |
|------|-----------|-------------|----------------|------------|------------|
| | Balance | Additions | Reductions | Balance | Portion |
| 2013 | \$782,060 | \$1,793,538 | \$ (1,777,794) | \$ 797,804 | \$ 107,943 |
| 2014 | \$797,804 | \$2,062,522 | \$ (1,997,462) | \$ 862,864 | \$ 145,441 |

District employees are entitled to sick leave, which is accumulated but does not vest. Therefore, no liability for accumulated sick leave has been recorded in the accompanying basic financial statements.

o) Income Tax Status

The District is exempt from income taxes under Internal Revenue Code Section 115, *Income of States, Municipalities*, etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511(a)(2)(B), *Imposition of Tax on Unrelated Business Income of Charitable, etc., Organizations.* The District had no significant unrelated business income tax liability for the years ended August 31, 2014 and 2013, and therefore, has not recorded a liability for income taxes.

p) Board Designations

Included in unrestricted net position are certain amounts that have been set aside by the Board. The Board has designated \$24,750,000 to provide maintenance and operations stabilization. Although maintenance and operations costs are budgeted yearly, this amount was set aside in case of decreased property values. The District also designated \$100,000 to cover insurance deductibles in the event of a catastrophic loss and \$30,000,000 for a health insurance reserve.

3) Authorized Investments

Board policy allows the District to invest in investments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include only the following:

- Treasury bills, treasury notes, and treasury bonds of the United States and other direct obligations of the agencies and instrumentalities of the United States, Texas Government Code 2256.009.
- Collateralized deposits guaranteed or insured by the FDIC as permitted by Texas Government Code 2256.010.
- Fully collateralized repurchase agreements as expressly defined by Texas Government Code 2256.011.
- Local government investment pools approved by the College District's Board, by resolution, as permitted by Government Code 2256.016.
- No-load money market mutual funds as permitted by Texas Government Code 2256.014.

4) **Deposits and Investments**

At August 31, 2014 and 2013, the net carrying amount of the District's deposits was an overdraft of \$1,776,869 and \$2,763,404, respectively. Bank balances up to \$250,000 are covered by the Federal Depository Insurance Corporation and the remainder was covered by collateral pledged in the District's name. The collateral was held in the District's name by the safekeeping department of the Federal Reserve Bank, which acts as the pledging bank's agent and had a fair value of \$767,151 as of August 31, 2014. The District is subject to custodial credit risk in the event of the bank's nonperformance under the collateral agreement.

Cash and cash equivalents, as reported on Exhibit 1, Statements of Net Position, consist of the following items:

| | As of August 31, | | | | |
|---------------------------------|------------------|-------------|----|-------------|--|
| Cash and Cash Equivalents | | 2014 | | 2013 | |
| Petty cash on hand | \$ | 26,750 | \$ | 26,420 | |
| Checking account | | 438,000 | | 492,321 | |
| TexPool | | 148,695,060 | | 194,216,589 | |
| TexSTAR | | 37,336,561 | | 37,323,332 | |
| Total cash and cash equivalents | \$ | 186,496,371 | \$ | 232,058,662 | |
| | | (Exhibit 1) | | (Exhibit 1) | |

In accordance with GASB Statement No. 31, colleges may also report money market and other short-term, highly liquid investments at amortized cost, provided that the fair market value is not significantly different. This GASB Statement considers U.S. Treasury and agency obligations with maturities of less than one year to be money market investments. Collateral was held in the District's name by the safekeeping department of the Federal Reserve Bank, which acts as the pledging bank's agent and had a fair market value of \$55,420,761 as of August 31, 2014.

| | | Market Value | | | |
|------------------------------|------------------|--------------|-----------|----|--|
| | Weighted Average | as of Au | ugust 31, | | |
| Short Term Investments | Maturity (Years) | 2014 | 2013 | | |
| | | | | | |
| Bank of America CD's | 0.34 | \$40,000,000 | \$ | 0 | |
| US Agency Notes and Bond | ls 0.24 | 24,987,597 | | 0 | |
| Total Short Term Investments | | \$64,987,597 | \$ | 0 | |
| | | (Exhibit 1) | (Exhibit | 1) | |

Interest Rate Risk – In accordance with state law and District policy, the District does not directly purchase any investments with maturities greater than 24 months beyond

Notes to Basic Financial Statements August 31, 2014 and 2013

the date of purchase unless specifically permitted by the Public Funds Investment Act as noted in Section 2256, Texas Government Code.

Credit Risk – In accordance with state law and the District's investment policy, investments in investment pools are rated at least AAA or an equivalent rating by at least one nationally recognized rating service. Both TexPool and TexSTAR investment pools are rated AAAm by Standard & Poors. The District is authorized to invest in direct obligations of agencies and instrumentalities of the United States when market conditions are favorable to do so. U.S. government agencies are only implicitly guaranteed by the government but, when rated, are considered AAA by Standard & Poors. It is the investment strategy of the District to hold these types of investments until maturity so as to eliminate credit risk.

Concentration of Credit Risk – The District does not place a limit on the amount the District may invest in any one issuer. Major investment types of greater than 5% of the District's total cash and investments are in TexPool (59.24%), TexSTAR (14.87%), Bank of America CD's (15.94%), and U.S. Agency Notes and Bonds (9.95%).

The local government investment pools such as TexPool and TexSTAR are not evidenced by securities in physical form. They are managed conservatively to provide safe, efficient and liquid investments to Texas governmental entities. The pools both seek to maintain a \$1 value per share as required by the Texas Public Funds Investment Act.

Federated Investors manages the assets, provides participant services, and arranges for all custody and other functions in support of TexPool operations under a contract with the State Comptroller of Public Accounts. The state comptroller maintains oversight responsibility for TexPool, including the ability to influence operations, designation of management and accountability for fiscal matters. Although TexPool is not registered with the SEC as an investment company, it operates in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. GASB 31 allows 2a7-like pools to use amortized cost (which excludes unrealized gains and losses) rather than market value to report net assets to compute share price. The fair value of the District's position in TexPool is the same as the value of TexPool shares.

TexSTAR is overseen by a Governing Board consisting of individuals from participating Government Entities in the pool. The business and affairs of TexSTAR are managed by the Board. JPMorgan Investment Management, Inc. provides investment management, fund accounting, transfer agency and custodial services for the pool and First Southwest Asset Management, Inc. provides administrative, marketing and participant services. The fair value of funds in TexSTAR is also the same as the value of TexSTAR shares.

5) Capital Assets

The following table summarized changes in capital assets balances for the year ended August 31, 2014

| | Balance 8/31/2013 | Increases | (Decreases) Adjustments | Balance 8/31/2014 |
|---|--|---|--|--|
| Not Depreciated | | | | |

| | | | | | | |

8) Bonds Payable

Bonds payable as of August 31, 2014 and 2013 consisted of the following:

| Bond issue | Purpose | Date issued | Amount issued | Revenue source | Outstanding balance August 31, 2014 | Outstanding balance August 31, 2013 |
|---|---|----------------|---------------|---|--|--|
| Series 2003 Limited Tax Improvement Bonds | Constructing, renovating, improving and equipping school buildings and purchasing necessary sites. | 8/15/2003 | \$18,585,000 | Ad valorem taxes | \$0 | \$ 980,000 |
| Series 2006 Limited Tax Improvement Bonds | Constructing, renovating, improving and equipping school buildings and purchasing necessary sites. | 1/15/2006 | \$18,415,000 | Ad valorem taxes | \$13,300,000 | \$14,115,000 |
| Series 2008 Refunding Revenue Bonds | Refunded 1997 and 1998 Revenue Bonds | 2/20/2008 | \$ 9,610,000 | Pledged revenues from general use fees, gross revenues from the bookstore, tuition pledge | \$ 4,195,000 | \$ 5,165,000 |
| Series 2010 Limited Tax Refunding Bonds | Refunded 2002 and 2003 Tax Bonds | 11/2/2010 | \$24,099,912 | Ad valorem taxes | \$21,505,723 | \$22,599,245 |
| Total | | | | | \$39,000,723 | \$42,859,245 |

Bonds payable are due in annual principal installments varying from \$815,000 to \$2,895,000 with interest rates from 2.90% to 5.15% and the final installments are due in 2026.

On September 28, 2010, the Board approved the sale of \$23,800,000 Limited Tax Refunding Bonds. The sale closed and funds were received on November 2, 2010 with an average coupon rate of 4.2 percent. Proceeds from the sale totaling \$26,805,157, including \$543,227 in premium, were used to refund \$24,090,000 of the District's outstanding Limited Tax Improvement Bonds, Series 2002, and Series 2003, lowering the overall debt service requirements for the District. Issuance costs related to the refunding totaled \$243,315. As required by GASB Statement 65, debt issuance costs are now required to be expensed in the year they are incurred. The District expensed the remaining issuance costs totaling \$190,040 in the current year.

Notes to Basic Financial Statements August 31, 2014 and 2013

continues to be amortized over the life of the bonds using the straight line method. An economic gain (the difference between net present values of the debt service payments on the old and new debt adjusted for cash paid out) of \$1,472,957 was obtained by the refunding.

During February 2008, the District closed on \$9,610,000 in Consolidated Fund Revenue Refunding Bonds with an interest rate of 2.97 percent. The proceeds from the bonds were used to call Revenue Series 1997 and 1998 Bonds. The District had related issuance costs of \$50,178 at the closing of the bond sale. This refunding reduced the District's future debt service payments by \$941,870. An economic gain (the difference between net present values of the debt service payments on the old and new debt adjusted for cash paid out) of \$901,391 was obtained by the refunding. The accounting loss that resulted from the bond refunding was \$80,571.

The Series 2008 revenue bonds are collateralized by pledged revenues of the Unrestricted Current Fund other than state allocations or those raised by local taxation. They require mandatory transfer of gross revenue to the Retirement of Indebtedness Fund as set forth in the bonds' covenants. This transfer provides for principal and interest payments as they become due. In addition, they impose certain restrictions on the District with respect to the maintenance of insurance and other financial covenants. At August 31, 2014, the District was in compliance with these restrictions and had made all applicable insurance premium payments. Insurance policies in force at August 31, 2014, include major equipment, fire and extended property, general liability and auto coverage.

In January 2006, the District closed on \$18,415,000 in Limited Tax Improvement Bonds with an average interest rate of 4.24 percent. Proceeds from the sale of the bonds are being used for constructing, renovating and equipping buildings, and paying issuance costs. Proceeds of the bonds were \$18,412,449. The District had related issuance costs of \$95,000 and accrued interest of \$92,449 at the closing of the bond sale.

During September 2003, the District closed of \$18,585,000 in Limited Tax Improvement Bonds with an average interest rate of 4.56 percent. Proceeds from the sale of the bonds are being used for constructing, renovating and equipping buildings, and paying issuance costs. Proceeds of the bonds were \$18,585,000. The District had related issuance costs of \$68,756 and accrued interest of \$89,220 at the closing of the bond sale. The District made the final payments on the Series 2003 Limited Tax Improvement Bonds during the current fiscal year.

The Series 2003, 2006 and 2010 Tax Improvement Bonds are tax-supported general obligation bonds. The tax rate authorized and assessed to pay principal and interest on these bonds is set forth in Note 15.

Notes to Basic Financial Statements August 31, 2014 and 2013

9) Defeased Bonds Outstanding

As of August 31, 2014 and 2013 the District had the following defeased bonds outstanding:

| | Year Refunded | Par Value Outstanding 2014 | Par Value Outstanding 2013 |
|---|------------------|----------------------------------|----------------------------------|
| Series 2002 Limited Tax Improvement Bonds | 2010 | \$ 10,850,000 | \$ 11,915,000 |
| Series 2003 Limited Tax Improvement Bonds | 2010 | 11,165,000 | 11,165,000 |
| Series 1997 Revenue Bonds | 2008 | 1,565,000 | 2,025,000 |
| Series 1998 Revenue Bonds | 2008 | 1,295,000 | 1,580,000 |
| Total Defeased Bonds | | \$ 24,875,000 | \$ 26,685,000 |

10) Employees' Retirement Plan

The State of Texas (the State) has joint contributory retirement plans for almost all employees.

Teacher Retirement System of Texas-Defined Benefit Plan

Plan Description - One of the primary plans in which the District participates is administered under the provisions of the U.S. Internal Revenue Code Section 401(a) by the Teacher Retirement System of Texas (TRS or the "System"), a multi-employer defined benefit public employee retirement system (PERS). It is a cost-sharing PERS with one exception: all risks and costs are not shared by the District, but are the liability of the State. All District employees, except those employed less than one-half the standard workload and those exempted by law, are required to participate in the System The System administers retirement and disability as a condition of employment. annuities and death and survivor benefits to employees and to beneficiaries of employees covered under the plan. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. The System also administers proportional retirement benefits and service credit transfer under Texas Government Code, Title 8, Chapters 803 and 805. The State legislature has the authority to establish and amend benefit provisions of the pension plan. TRS does not separately account for each of its component government agencies because it bears sole responsibility for retirement commitments beyond contributions fixed by the State legislature. TRS issues a publicly available financial report that includes financial statements and required supplementary information for the defined benefit pension plan. That report may be obtained by downloading the report from the TRS internet website, www.trs.state.tx.us under the TRS Publications heading.

Funding Policy - Contribution requirements are not actuarially determined but are legally established each biennium pursuant to the following State funding policy: (1) The State constitution requires the legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a State contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation of all members of the system during that fiscal year, and (2) a State statute prohibits benefit improvements or contribution reductions if, as a result of the particular action, the time required to amortize the System's unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or if the amortization period already exceeds 31 years, the period would be increased by such action. Senate Bill (S.B.) 1812, effective September 1, 2013 limits the amount of the State's contribution to 50% of the state matching requirement for TRS eligible employees in the District.

| Teacher Retirement Contribution Rates | 2014 | 2013 |
|---------------------------------------|-------|-------|
| Member Contribution | 6.40% | 6.40% |
| State Contribution | 3.40% | 6.40% |
| District Contribution (State Mandate) | 3.40% | 0.00% |

Notes to Basic Financial Statements August 31, 2014 and 2013

In certain instances, the reporting district is required to pay all or a portion of the State's legally established rate of contribution amount. Eligible new employees become members of TRS on their first day of employment and local employers are statutorily mandated to pay the State contribution for TRS participation for the first 90 days of employment.

Optional Retirement Plan-Defined Contribution Plan

Plan Description - The State has also established an optional retirement program for institutions of higher education. The Optional Retirement Program (ORP) is a defined contribution plan. Participation in the optional retirement program is in lieu of participation in the TRS and at the option of full-time teaching faculty, reference librarians, the president, vice-presidents, deans, associate deans, and directors. Other professional staff may also be eligible for participation in the optional retirement program if those positions held are advertised in national publications and are at a salary rate equivalent to the rate for teaching faculty for the institution. The ORP provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy - Contribution requirements are not actuarially determined, but are established and amended by the State legislature. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the State has no additional or unfunded liability for this program. Senate Bill (S.B.) 1812, effective September 1, 2013 limits the amount of the State's contribution to 50% of the state matching requirement for eligible employees in the District. In additional 1.75% District ORP contribution for benefit's eligible employees.

| Optional Retirement Plan Contribution Rates | 2014 | 2013 |
|--|-------|-------|
| Member Contribution | 6.65% | 6.65% |
| State Contribution | 3.30% | 6.00% |
| District Contribution (State Mandate) | 3.30% | 0.00% |
| District Contribution | 1.75% | 1.75% |

Other

Part-time employees of the District are required to participate in the Program for Extra Retirement Compensation (the PERC plan) unless exempt. The PERC plan, as established by the District under the provisions of the Omnibus Budget Reconciliation Act of 1990, requires participants to contribute 7.5% of their pay to a tax-sheltered annuity administered by Metropolitan Life Insurance Company. Contributions to the PERC plan are immediately 100% vested. The District makes no contributions to the PERC plan. Total payroll of participants in the PERC plan was approximately \$11,705,000 and \$11,320,800 for the years ended August 31, 2014 and 2013, respectively.

Total payroll for all employees and total payroll for employees covered by TRS and ORP follows in the table below. The District pays retirement benefits for employees whose salaries may not be paid from appropriated funds including employees charged to plant operations, auxiliary services, and public service. In addition, as noted above, the District is also paying 50% of the state mandated contribution amount for both TRS and ORP eligible employees, and pays retirement benefits for the first 90 days of employment.

Cost of Retirement Plans

| ORP and TRS Retirement Expense | 2014 | 2013 |
|---|---------------|--------------|
| Total Payroll | \$ 72,465,133 | \$70,206,931 |
| TRS Payroll - Eligible Employees | \$ 35,073,700 | \$32,435,600 |
| ORP Payroll - Eligible Employees | \$ 16,562,150 | \$16,512,600 |
| Actual Cost of ORP and TRS Retirement Benefits | \$ 3,837,352 | \$ 3,311,582 |
| State Legislative Appropriations Expended for ORP and TRS | \$ 1,739,056 | \$ 1,881,432 |
| District Contribution for ORP and TRS Retirement Benefits | \$ 2,098,296 | \$ 1,430,150 |

11) Post-Retirement Healthcare and Life Insurance Benefits

In addition to the pension benefits described in Note 10 above, the State provides certain healthcare and life insurance benefits for retired employees. Almost all of the employees may be eligible for those benefits if they reach normal retirement age with at least ten years of TRS/ORP eligible service credit while working for the State. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The State recognized the cost of providing these benefits by expending the annual insurance premiums.

These on-behalf payments are recognized as revenues and expenses by the District in the period expended.

| | 2014 | | | | 2 | 013 | | |
|----------------------------|--------------------------|----|--------------------------------|----|--------------------------|-----|--------------------------------|--|
| HealthSelect of Texas Plan | Employee Contribution | | State/Employer Contribution | | Employee Contribution | | State/Employer Contribution | |
| Member Only | \$ 0 | \$ | 503.14 | \$ | 0 | \$ | 470.38 | |
| Member & Spouse | \$ 288.02 | \$ | 791.16 | \$ | 269.20 | \$ | 739.58 | |
| Member & Child(ren) | \$ 192.86 | \$ | 696.00 | \$ | 180.24 | \$ | 650.62 | |
| Member & Family | \$ 480.88 | \$ | 984.02 | \$ | 449.44 | \$ | 919.82 | |

The cost of retirees and active employees' health care is provided in the table below:

State/Employer Contribution for Health Care Insurance (includes basic life insurance rate)

| Cost of Providing Health Care Insurance | 2014 | 2013 |
|--|------------------------------|------------------------------|
| Number of Retirees Cost of Health Benefits for Retirees | 150 \$ 956,295 | 138 \$ 851,014 |
| Number of Active Full Time Employees | \$ | \$ 031,014 945 |
| Cost of Health Benefits for Active Full Time Employees | \$7,267,429 | \$ 6,368,498 |
| State Appropriation for Health Insurance District's Expense | \$ 3,582,043 \$ 4,641,681 | \$ 2,535,631 \$ 4,683,881 |

12) Deferred Compensation Program

Employees of the District may elect to defer a portion of their earnings for income tax and investment purposes pursuant to the authority granted under Government Code 609.001. The general maximum annual contribution limit in tax year 2014 and 2013 was \$17,500 (\$20,500 for Section 403(b) participants who qualified for the 15-year rule) with a \$5,500 make-up provision for individuals 50 years or older in tax year 2014.

| Deferred Compensation Programs | 2014 | 2013 |
|--|--------------|--------------|
| Number of Participants (TSA) | 277 | 283 |
| 403(b) Tax Sheltered Annuity (TSA) Contributions | \$ 1,345,974 | \$ 1,257,891 |
| Number of Participants (DCP) | 36 | 37 |
| Section 457 Deferred Compensation Plan (DCP) | \$ 268,935 | \$ 230,686 |

The District does not contribute to either plan. The deferred compensation program is not included in the basic financial statements because the programs' assets are assets of the plan participants and not of the District.

13) Disaggregation of Receivables and Payables Balances

Receivables at August 31 were as follows:

| | 2014 | 2013 | |
|---------------------------------------|---------------------|---------------|--|
| Student loans | \$ 4,837 | \$ 10,625 | |
| Federal and state receivables | 1,475,558 | 1,474,305 | |
| Trade receivables | 7,733,262 | 7,783,139 | |
| Other receivables (auxiliary) | 389,811 | 793,479 | |
| A/R collection agency | 1,907,671 | 1,439,308 | |
| Total Accounts Receivable | 11,511,139 | 11,500,856 | |
| Less: allowance for doubtful accounts | (1,758,366) | (1,325,641) | |
| Accounts Receivable Net of Allowance | \$ 9,752,773 | \$ 10,175,215 | |
| | | | |
| Taxes receivable | 1,270,902 | 1,063,412 | |
| Less: allowance for doubtful accounts | (824,816) | (661,442) | |
| Total Taxes Receivable | \$ 446,086 \$ 401,9 | | |

An allowance for doubtful accounts estimated at \$1,758,366 has been established for student receivables based on the uncertainty of collectability. A corresponding bad debt expense has been recorded to institutional support. One hundred percent allowance was established for student receivables aged two or more years and a seventy five percent allowance was set up for student receivables more than one year, but less than two years old. In August 2012, the District contracted with two collection agencies to provide collection services for outstanding student receivables. See the Student Receivables Placed with Collection Agencies Table below for additional information on student receivables.

| Student Receivables Placed with Collection Agencies | Balance at 9/1/2013 | Addition | Collections | Adjustments | Returned to Collin College | Balance 8/31/2014 |
|---|------------------------|-------------------------|-------------------------|-------------------------|-------------------------------|-----------------------------|
| First Placement Collection Agency Second Placement Collection Agency | \$ 1,439,308 0 | \$ 632,483 1,362,990 | \$ (84,461) (55,647) | \$ (11,190) (15,911) | \$ (1,359,901) 0 | \$ 616,239 1,291,432 |
| Total Student Receivables Placed with Collections | 1,439,308 | 1,995,473 | (140,108) | (27,101) | (1,359,901) | 1,907,671 |
| Allowance for doubtful accounts | (1,325,641) | (694,976) | 0 | 262,251 | 0 | (1,758,366) |
| Net Receivables Placed with Collections | \$ 113,667 | \$ 1,300,497 | \$ (140,108) | \$ 235,150 | \$ (1,359,901) | \$ 149,305 |

Payables at August 31 were as follows:

| | 2014 | 2013 |
|----------------------------------|---------------|--------------|
| Vendors payable | \$ 2,013,747 | \$ 1,634,950 |
| Salary and benefits payable | 1,533,997 | 899,205 |
| Federal and state grants payable | 968,582 | 841,366 |
| Auxiliary payables | 388,833 | 1,596,358 |
| Unexpended plant payables | 2,940,569 | 292,578 |
| Student payable | 621,238 | 680,389 |
| Short-term bank overdraft | 1,776,869 | 2,763,404 |
| Total Accounts Payable | \$ 10,243,835 | \$ 8,708,250 |
| | | |

District funds are held in highly liquid investments and are used to fund disbursements on a daily basis as they are presented to the bank, sometimes resulting in a short-term overdraft due to timing differences.

14) Risk Management

GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, requires that a liability be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Accrued liabilities include provisions for claims reported and claims incurred but not reported.

Previously, the District participated in a self-funded workers' compensation program in which the remaining outstanding claims are administered by Claims Administrative Services (CAS) of Tyler, Texas. Total claims paid by the District to CAS during the years ended August 31, 2014 and 2013, were \$486 and \$104, respectively. Total estimated claims outstanding for the years ended August 31, 2014 and 2013 were \$4,743 and \$8,823, respectively. The estimated liability includes the amount of money that will be needed for future payments, on both (a) claims that have been reported and (b) claims that have been incurred but not reported. Changes in the fund's claims liability amount in fiscal years 2014 and 2013 were:

| | | | | End of |
|------|----------------|------------|----------|-----------|
| | Beginning | Claims & | | fiscal |
| | of fiscal | changes in | Claim | year |
| | year liability | estimate | payments | liability |
| 2014 | 8,823 | (3,594) | (486) | 4,743 |
| 2013 | 8,814 | 113 | (104) | 8,823 |

Currently, the District pays a premium for fixed cost and the loss fund maximum to Deep East Texas, a guaranteed cost program within a workers' compensation selfinsurance fund. Fixed costs are primarily affected by payroll; the loss costs, however, are determined by expected losses, which are determined primarily by historical loss experience. The fixed costs cover claims administration and loss control and are not recoverable by the District. Loss costs are only paid if the District experiences losses.

The District has other insurance coverage such as property, general liability, and automobile insurance. There were no significant reductions in coverage in the past fiscal year and there were no settlements exceeding insurance coverage in each of the past three fiscal years.

15) Property Tax

The District's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. Property taxes attach an automatic enforceable lien on property the first day of January. The lien is removed if taxes are paid by February 1.

Exemptions include \$30,000 for over age 65 and \$20,000 for disabled persons in addition to Homestead and Veteran exemptions. If a person who is disabled or is sixty-five (65) years of age or older receives a residence homestead exemption, the total amount of ad valorem taxes imposed by the District may not be increased while it remains the residence homestead of that person or that person's spouse who is disabled or sixty-five (65) years of age or older and receives the residence homestead exemption on the homestead. This tax limitation cannot be repealed or rescinded.

| At August 31, | 2014 | 2013 |
|--|-------------------|-------------------|
| Assessed Valuation of the District: | \$ 93,973,412,369 | \$ 88,709,272,519 |
| Less: Exemptions | (12,914,074,308) | (12,236,699,146) |
| Less: Abatements | (588,400,171) | (691,185,275) |
| Net Assessed Valuation of the District | 80,470,937,890 | 75,781,388,098 |
| Plus: Supplements through August 31 | 8,230,779 | 9,815,828 |
| Adjusted Assessed Valuation | \$ 80,479,168,669 | \$ 75,791,203,926 |

Tax rates for the years ended August 31, 2014 and 2013, are as follows:

| | FY 2014 | | | FY 2013 | |
|------------|--------------|---|--|---|---|
| Current | | | Current | | |
| Operations | Debt Service | Total | Operations | Debt Service | Total |
| \$0.080000 | \$0.120000 | \$0.200000 | \$0.080000 | \$ 0.120000 | \$0.200000 |
| \$0.08000 | \$0.003643 | \$0 083643 | \$0.08000 | \$ 0 006200 | \$0.086299 |
| | Operations | Current Operations Debt Service \$0.080000 \$0.120000 | Current OperationsDebt ServiceTotal\$0.080000\$0.120000\$0.200000 | Current OperationsDebt ServiceTotalCurrent Operations\$0.080000\$0.120000\$0.200000\$0.080000 | Current OperationsDebt ServiceTotalCurrent OperationsDebt Service\$0.080000\$0.120000\$0.200000\$0.080000\$0.120000 |

Taxes levied for the years ended August 31, 2014 and 2013, were \$68,789,565 and \$66,737,544, respectively, including any penalty and interest assessed.

| | | FY 2014 | | | FY 2013 | |
|----------------------------------|----------------|--------------|---------------|---------------|--------------|---------------|
| | Current | | | Current | | |
| | Operations | Debt Service | Total | Operations | Debt Service | Total |
| Current Taxes Collected | \$ 64,585,123 | \$3,059,835 | \$ 67,644,958 | \$ 60,901,794 | \$ 4,796,016 | \$ 65,697,810 |
| 00100100 | \$ 0 1/000/120 | \$6,00,,000 | ¢ 0770 117700 | ¢ 0077017771 | \$ 177707010 | \$ 0070777010 |
| Delinquent Taxes Collected | 496,435 | 24,402 | 520,837 | 633,149 | 49,861 | 683,010 |
| Penalties & Interest | | | | | | |
| collected | 313,174 | 15,448 | 328,622 | 373,312 | 29,398 | 402,710 |
| Total Collections | \$ 65,394,732 | \$3,099,685 | \$ 68,494,417 | \$ 61,908,255 | \$ 4,875,275 | \$ 66,783,530 |

The use of tax proceeds is restricted to either maintenance and operations or debt service expenditures. Current taxes collected for the years ended August 31, 2014 and 2013, were 98.34% and 98.44% of the current tax levy, respectively. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes with the offset recorded against ad valorem tax revenue. For the years ended August 31, 2014 and 2013, this adjustment was an overall increase in 2014 and a decrease in 2013 in ad valorem taxes totaling \$81,200 and \$75,812, respectively. Total Tax Increment Finance District funding net of collection costs for the years ended August 31, 2014 and 2013 was \$1,434,741 and \$1,558,438, respectively.

16) Operating Lease Commitments and Rental Agreements

The District had the following commitments for operating leases and rental agreements having initial or remaining non-cancelable terms in excess of one year:

| | August 31, | | | |
|-------|---------------|----|---------|--|
| FY | 2014 | | 2013 | |
| 2014 | \$ 0 | \$ | 178,685 | |
| 2015 | 217,183 | | 89,597 | |
| 2016 | 76,487 | | 37,616 | |
| 2017 | 46,020 | | 27,804 | |
| 2018 | 17,957 | | 17,957 | |
| Total | \$ 357,647 | \$ | 351,659 | |

17) Postemployment Benefits Other than Pensions

The District contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit postemployment healthcare plan administered by the Employees Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges, and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

ERS issues a publicly available financial report that includes financial statements and required supplementary information for SRHP. That report may be obtained from ERS via their website at <u>http://www.ers.state.tx.us/</u>.

Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy which is actuarially determined in accordance with the parameters of GASB statement 45.

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years.

The employer contribution for the retiree medical insurance is funded by the State as an on-behalf contribution. The State's on-behalf contributions to SRHP for the years ended August 31, 2014, 2013, and 2012 were \$956,295, \$851,014, and \$734,958, respectively.

18) Contract and Grant Awards

Contract and grant awards are accounted for in accordance with generally accepted accounting principles (GAAP). Grant funds are considered to be earned when all eligibility requirements have been met and to the extent of expenses made under the provisions of the grant. Accordingly, when such funds are received in advance, they are recorded as unearned revenue until earned. Revenues recognized are presented on Exhibit 2 and Schedules A and C. Funds expended for federal and non-federal contract and grant awards, but not collected, are reported within accounts receivable on Exhibit 1 and in Note 13. Contract and grant awards that are not yet funded and for which the District has not yet performed services are not included in the basic financial statements.

Contract and grant award commitments, e.g. multi-year awards, or funds awarded for which no expenses have yet been incurred are noted in the table below.

| | 2014 | 2013 |
|---|---------------|---------------|
| Federal contracts and Grant Awards | \$ 12,166,889 | \$ 17,254,608 |
| State Contracts and Grant Awards | 301,308 | 241,465 |
| Local/Private Contract and Grant Awards | 25,000 | 0 |
| Total | \$ 12,493,197 | \$ 17,496,073 |

19) New Accounting Pronouncements

GASB has issued Statement No. 65, "Items Previously Reported as Assets and Liabilities." This Statement specifies that certain items that were previously reported as assets and liabilities should now be reported as deferred outflows or resources, deferred inflows of resources, GASB Statement 63, Financial Reporting of Deferred Outflows of Resources, Inflows of Resources, and Net Position, is effective for periods beginning after December 15, 2012 and the District adopted for the period ending August 31, 2013. It provides a new statement of net position format to report all assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position (which is the net residual amount of the other elements). This statement requires that deferred outflows of resources and deferred inflows of resources be reported separately from assets and liabilities. GASB 63 also amends certain provisions of GASB Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, and related pronouncements to reflect the residual measure in the statement of financial position as net position, rather than net assets. As part of GASB Statement No. 65, debt issuance costs are now required to be expensed in the year they are incurred. The District fully expensed the remaining unamortized costs of \$190,040 related to all outstanding bonds in the current fiscal year.

The GASB has issued Statement No. 68, "Accounting and Financial Reporting for Pensions; an amendment of GASB Statement No. 27." This Statement replaces the requirements of Statements No. 27 and No. 50 related to pension plans that are administered through trusts or equivalent arrangements. The requirements of Statements No. 27 and No. 50 remain applicable for pensions that are not administered as trusts or equivalent arrangements. The requirements of this Statement are effective for financial statements for fiscal years beginning after June 15, 2014. This Statement will be implemented for the fiscal year ending August 31, 2015, to meet GASB requirements. The District is evaluating the specific impact upon the financial position, results of operations and cash flows upon adoption of this Statement. The impact is expected to be significant.

20) Component Units

Complete financial statements of Collin County Community College Foundation can be obtained from the administrative office of the Foundation.

A. Background & Summary of Significant Accounting Policies

1. Background

Collin County Community College District Foundation, Inc. ("Foundation") is a nonprofit organization established to maintain, develop, increase, and extend the facilities and services of the Collin County Community College District ("District") and to provide broader educational service opportunities to its students, staff, and faculty.

The Foundation is supported primarily through contributions, grants, and fundraising activities.

2. Basis of Accounting

The accounting policies of the Foundation conform to accounting principles generally accepted in the United States of America. The financial statements of the Foundation were prepared using the accrual basis of accounting. Material amounts of goods and services are recorded as assets or expenses at the time the liabilities arise, which is normally when title to the goods pass or when the services are received.

3. Basis of Presentation

In order to comply with accounting principles generally accepted in the United States of America, the Foundation must prepare its external financial statements in accordance with statements issued by the Financial Accounting Standards Board. The Board requires that all not-for-profit organizations provide a statement of financial position, a statement of activities, and a statement of cash flows. It requires reporting amounts for the Foundation's total assets, liabilities, and net assets in a statement of financial position; reporting the change in the Foundation's net assets in a statement of activities; and reporting the change in its cash and cash equivalents in a statement of cash flows.

The Board also requires classification of the Foundation's net assets and its revenues, expenses, gains, and losses based on the existence or absence of donor-imposed restrictions. It requires that the amounts for each of three classes of net assets - permanently restricted, temporarily restricted, and unrestricted - be displayed in a statement of financial position and that the amounts of change in each of those classes of net assets be displayed in a statement of activities.

4. Contributions

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional; that is, when the conditions on which they depend are substantially met. Contributions of assets, other than cash, are recorded at their estimated fair value.

5. Donated Services and Facilities

Many individuals volunteer their time and perform a variety of tasks that help the Foundation provide expanded educational opportunities in Collin County. These donated services are not reflected in the financial statements.

The District allows the Foundation to use certain office space, personnel and equipment at no cost. The value of these in kind contributions are not reflected in the financial statements.

6. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, demand deposits and short-term investments with a maturity date within three months of the date acquired by the Foundation.

7. Investments

Investments in marketable debt and equity securities are stated at fair value. Fair value is based upon quoted market prices.

8. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

9. Income Taxes

The Foundation is a not-for-profit organization that is exempt from income taxes under Section 501(c) (3) of the Internal Revenue Code.

B. <u>Deposits</u>

As of December 31, 2013, the Foundation's carrying amount of deposits was \$569,326, which includes \$228,317 with JP Morgan Chase Bank, N.A., \$100 of petty cash and \$340,909 with Northern Trust, NA. The bank balance at JP Chase Morgan Bank, N.A. of \$161,090 was fully insured by the Federal Deposit Insurance Corporation.

C. Investments

Investments are stated at fair value and consist mainly of equity and fixed income securities. Investments are summarized as follows:

| | 20 | 13 | 2014 | | |
|--|--------------|--------------|--------------|-------------|--|
| | Cost | Fair Value | Cost | Fair Value | |
| Marketable Debt and Equity Securities, Northern Trust, NA | \$ 6,312,017 | \$ 6,802,786 | \$ 5,001,963 | \$5,708,426 | |
| Cash Value of Life Insurance | 17,087 | 17,129 | 16,065 | 16,071 | |
| Total Investments | \$ 6,329,104 | \$6,819,915 | \$ 5,018,028 | \$5,724,497 | |

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. There are three levels of inputs that may be used to measure fair value.

- Level 1 Quoted prices in active markets for identical assets or liabilities
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The Foundation has only Level 1 investments.

Notes to Basic Financial Statements

| August | 31, | 2014 | and | 2013 |
|--------|-----|------|-----|------|

| | 2013 | 2012 | |
|---|---------------|------|----------|
| Reconciliation of Investment Income/(Loss) | | | |
| Interest and Dividends - Northern Trust | \$ 149,817 | \$ | 151,043 |
| Unrealized Gains/(Losses) - Northern Trust | (216,497) | | 437,234 |
| Realized Gains/(Losses) - Northern Trust | 806,850 | | 130,692 |
| Increase/Decrease in Cash Value of Life Insurance | | | |
| Policies-Net of Premiums | 36 | | (242) |
| Investment Expenses | (12,724) | | (17,372) |
| Gain/(Loss) on Investments | \$ 727,482 | \$ | 701,355 |
| | | | |
| | 2012 | | 2012 |
| | 2013 | | 2012 |
| Investment Gain/(Loss) reported in: | | | 70.007 |
| Unrestricted Fund | \$ 192,514 | \$ | 73,987 |
| Temporarily Restricted Fund | 432,872 | | 607,230 |
| Permanently Restricted Fund | 102,096 | | 20,138 |
| Gain/(Loss) on Investments | \$ 727,482 | \$ | 701,355 |

The Foundation has an investment policy which directs that investments be managed as follows:

1. Make a reasonable effort to preserve capital, understanding that losses may occur in individual securities. Further, reasonable efforts will be taken to control risk, understanding that risk is present in all types of securities and investment styles and recognizing that some risk is necessary to produce long-term investment results sufficient to meet the Foundation's objectives.

Portfolio will be managed in the following manner with monies being allocated 2. into the following accounts:

a. Endowment accounts: Asset allocation will be determined by the Board of Directors to facilitate the achievement of the Foundation's long-term objectives. Assets will be diversified to minimize adverse or unexpected results, reducing the detrimental impact of the entire portfolio. The portfolio will be rebalanced by the investment manager to maintain appropriate asset class weights. Appropriations of investment earnings will be voted on by the Board of Directors based on current endowment value compared to historical dollar value of gifts and consistent with terms of the endowment agreements.

b. Reserve accounts: Funds will include Excellence Funds, annual scholarship, non- endowed funds and operating funds authorized but not expended. Funds will be primarily invested in interest bearing accounts, money market accounts, certificates of deposits, and government securities. When Reserve Account is held with a brokerage firm, certificate of deposits should not exceed the federal insurance limits unless approved by the Board. Investments will be limited in term, with the board approving terms longer than three years.

c. Operating accounts: Purpose of funds will be to provide cash for expenditures for operational needs of the Foundation. Funds will be held primarily by commercial banks, savings and loans, credit unions and brokerage firms in interest bearing accounts, money market accounts, certificates of deposit and government securities. Certificates of Deposits will not exceed federal insurance limits. Investments will be limited in term, with the board approving terms longer than one year.

Performance Measurement

The Investment Committee will review and evaluate investment performance quarterly in the context of the prevailing investment environment and consistent with the long-term investment horizon of the portfolio. Performance evaluation will be done at the portfolio level and for each asset class.

The performance review at the portfolio level will evaluate total portfolio performance versus the overall policy benchmark. The performance review at the asset class level will evaluate asset class performance versus the benchmark.

The portfolio risk will be evaluated by standard deviation, and any other metric the committee deems appropriate after discussion with investment managers.

D. <u>Temporarily Restricted Net Assets</u>

The Foundation reports gifts of cash and other assets as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Donor restricted contributions whose restrictions are met in the same reporting period are reported as unrestricted support.

The Foundation reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long lived assets are reported as temporarily restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the

Foundation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Temporarily restricted net assets are available for the following purposes:

| | 2013 | 2012 |
|------------------------|--------------|--------------|
| Purpose | | |
| Scholarhips | \$1,784,594 | \$1,104,490 |
| Excellence Funds | 393,600 | 393,541 |
| Trust/Quasi-Endowments | 571,635 | 421,060 |
| Other | 299,369 | 464,409 |
| | \$ 3,049,198 | \$ 2,383,500 |

Temporarily restricted net assets were released from restriction for the following purposes:

| | 2013 | 2012 |
|----------------------|------------|------------|
| Purpose | | |
| Scholarships | \$ 315,307 | \$ 349,152 |
| Program Enhancements | 11,890 | 6,942 |
| Investment Expenses | 10,321 | 15,436 |
| | | |
| | \$ 337,518 | \$ 371,530 |

E. Permanently Restricted Net Assets

These assets were given with donor imposed restrictions that stipulate the original gift must be permanently maintained but permit the Foundation to use part or all of derived income.

Permanently restricted net assets are held in perpetuity, the income from which is expendable to support:

| | 2013 | 2012 |
|--------------|--------------|-------------|
| Purpose | | |
| Scholarships | \$ 6,069,962 | \$3,840,724 |

F. Other Liabilities

Other liabilities represent revenues received in advance of being earned.

Pledges Receivable

Unconditional promises to give are recognized as revenues in the period that the promise is made and at their fair value. Pledges due in one year or more are discounted to a present value using a 2% discount rate.

| Gross Pledges Receivable at December 31, 2013 | \$2,297,296 |
|---|--------------|
| Discount for Loss in Value of Money Over the | |
| Twenty Four Month Collection Period | (16,112) |
| Net Pledges Receivable at December 31, 2014 | \$ 2,281,184 |

Estimated Pledge Collection by Fiscal Year:

| 2014 | \$2,114,996 |
|------|--------------|
| 2015 | 35,243 |
| 2016 | 34,552 |
| 2017 | 33,874 |
| 2018 | 33,210 |
| 2019 | 14,800 |
| 2020 | 14,509 |
| | \$ 2,281,184 |

It is estimated that all outstanding pledges will be collected.

G. In-Kind Services and Facilities

During the year, individuals at the college have devoted a substantial amount of time developing and cultivating business relationships and planning fundraisers for the Foundation. The value of contributed services and facilities meeting the requirements for recognition in the financial statements was \$255,184. However, the Foundation has elected not to record either the revenue or expense as the results would have no bearing on net assets.

H. Evaluation of Subsequent Events

The Foundation has evaluated subsequent events through June 2, 2014, the date which the financial statements were available to be issued, citing no material subsequent events have occurred since the year ended December 31, 2013.

21) Subsequent Events

No significant subsequent events have occurred since year ending August 31, 2014 through the issuance date of this report.

Note: Board policy requires that the District maintain a minimum fund balance equal to 25% of educational expenses adjusted for reserves and allocations. For the years ended August 31, 2014 and August 31, 2013, the minimum required unrestricted fund balance was \$26,229,000 and \$29,470,551, respectively. This amount is included as part of the undesignated balance.

COLLIN COUNTY COMMUNITY COLLEGE DISTRICT

Statistical Tables

These statistical tables provide selected financial and demographic information. The statistical tables are for informational purposes only and are not audited.

This page intentionally left blank.

Statistical Section Categories Fiscal Year Ended August 31, 2014

Statistical Section (unaudited)

Tables in the statistical section present detailed information as a context for understanding what the information contained in the financial statements, note disclosures, and required supplementary information says about the overall financial health of the District.

Financial Trends- Statistical Supplements 1-3, pages 91-95

These supplements contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

<u>Revenue Capacity</u>- Statistical Supplements 4-8, pages 96-103 These supplements contain information to help the reader assess the District's significant revenue sources.

<u>Debt Capacity</u>- Statistical Supplements 9-11, pages 104-109

These supplements present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt as needed in the future.

<u>Demographic and Economic Information</u>- Statistical Supplements 12-13, pages 110-111

These supplements offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

<u>Operating Information</u>- Statistical Supplements 14-18, pages 112-118 These supplements contain employment, enrollment and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs. This page intentionally left blank.

Source:

(a) As reported in notes to the financial statement for the year of the levy.

(b) As of August 31st of the current reporting year.

(c) Property tax only - does not include penalties and interest.

(d) Represents cumulative collections of prior years not collected in the current year or the year of the tax levy.

(e) Represents current year collections of prior years levies.

Total Collections = C + D + E

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Grant Thornton LLP 1717 Main Street, Suite 1500 Dallas, TX 75201-4667

T 214.561.2300 F 214.561.2370 GrantThornton.com linkd.in/GrantThorntonUS twitter.com/GrantThorntonUS

Board of Trustees Collin County Community College District

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Collin County Community College District (the "District") as of and for the year ended August 31, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 25, 2014.

Our report includes a reference to other auditors who audited the financial statements of Collin County Community College Foundation ("the Foundation"), as described in our report on the District's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting ("internal control") to design audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the District's internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and other matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Intended purpose

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR

Grant Thornton LLP 1717 Main Street, Suite 1500 Dallas, TX 75201-4667

T 214.561.2300 F 214.561.2370 GrantThornton.com linkd.in/GrantThorntonUS twitter.com/GrantThorntonUS

Board of Trustees Collin County Community College District

Report on compliance for each major federal and state program

We have audited the compliance of Collin County Community College District (the "District") with the types of compliance requirements described in the U.S. Office of Management and Budget's OMB Circular A-133 Compliance Supplement and the State of Texas Single Audit Circular that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2014. The District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to the District's federal and state programs.

Auditor's responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the State of Texas *Single Audit Circular*.

The above-mentioned standards and OMB Circular A-133 and the State of Texas *Single Audit Circular* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on each major federal and state program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2014.

Report on internal control over compliance

Management of the District is responsible for designing, implementing, and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of compliance requirements that could have a direct and material effect on each major federal and state program to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and State of Texas *Single Audit Circular*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control of deficiencies, in internal control over compliance compliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the District's internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this Report on Internal Control Over Compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and State of Texas *Single Audit Circular*. Accordingly, this report is not suitable for any other purpose.

| Direct Student Loans | 33,815,662 |
| Total Federal Revenues per Schedule of Expenditures of Federal Awards | \$65,957,541 |

Note 2: Significant accounting policies used in preparing the schedule

The expenditures included in the schedule are reported for the District's fiscal year using the accrual basis of accounting. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds that have been expended by the District for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from the amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The District has followed all applicable guidelines issued by various entities in the preparation of the schedule.

Note 3: Amounts processed through the District

The following amounts expended by the listed consortium members were reimbursed by and recorded as an expense to the District. These amounts were from the Trade Adjustment Assistance Community College and Career Training (TAACCCT) Grant, CFDA 17.282, from the Department of Labor:

| Bellevue College | \$ 649,784 |
|--|-----------------|
| Bunker Hill Community College | 558,438 |
| Del Mar College | 512,300 |
| Moraine Valley Community College | 1,246,781 |
| Maricopa County Community College/Rio Salado | 968,179 |
| Salt Lake Community College | 273,258 |
| Total amount expended by consortium members | \$ 4,208,740 |

Notes to Schedule of Expenditures of Federal Awards For the year ended August 31, 2014 (Continued)

Note 4: Amounts passed-through by the District

The following amounts were passed-through to the listed subrecipients by the District. These amounts were from the Education and Human Resources Program CFDA 47.076 from the National Science Foundation:

| Coast Community College | \$ 56,643 |
|---------------------------------------|---------------|
| Dallas County Community College | 55,263 |
| Florida State College at Jacksonville | 52,151 |
| Fox Valley Technical College | 127,380 |
| Georgia Southern University | 75,946 |
| Lansing Community College | 35,452 |
| University of North Texas | 77,545 |
| | |
| Total amount passed-through | \$ 480,380 |
