Independent Auditor's Report

Board of Regents
Lee College District
Baytown, Texas 77520

Members of the Board of Regents:

Report on the Financial Statements

We have audited the accompanying financial statements of Lee College District (the District) as of and for the years ended August 31, 2014 and 2013, the related notes to the financial statements, and the discretely presented component unit financial statements of Lee College Foundation, Inc., which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these basic financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor

considers internal control relevant to Lee College District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lee College District internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lee College District, and the discretely presented component unit, as of August 31, 2014 and 2013, and the respective changes in financial position, and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Change in Accounting Principle

As described in Note 2 to the financial statements, in 2014, Lee College District adopted new accounting guidance, Government Accounting Standards Board Statement No. 65, *Items Previously Reported as Assets and Liabilities*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis identified as Required Supplementary Information in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Required Supplementary Information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Lee College District's basic financial statements. The schedules of expenditures of federal and state awards are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the provisions of the State of Texas, *Uniform Grant and Contract Management Standards* (UGCMS) and are also not a required part of the basic financial statements. The accompanying other supplementary information is presented for purposes of additional analysis and is also not a required part of the basic financial statements.

The other supplementary information and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2014 on our consideration of Lee College District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations and contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lee College District's internal control over financial reporting and compliance.

Respectfully submitted,

Lovvorn + Kieschnick, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

This page is left blank intentionally.

**Management's Discussion and Analysis
Fiscal Year Ended August 31, 2014**

Overview of the Financial Statements and Financial Analysis

Lee College District (the District) is proud to present its financial statements for Fiscal Year 2014 which are in conformance with Governmental Accounting Standards Board (GASB) standards. There are three financial statements presented: the Statement of Net Position; the Statement of Revenues, Expenses and Changes in Net Position; and the Statement of Cash Flows. These statements should be read in conjunction with the notes to the basic financial statements. The following summary and management's discussion and analysis of the results is intended to provide readers with an overview of the basic financial statements.

Some of the financial highlights of the Fiscal Year are as follows:

- Assets and Deferred Outflows of Resources of the District exceeded liabilities at the close of the Fiscal Year on August 31, 2014, by \$44.2 million (net position). Of this amount, \$12.1 million (unrestricted and expendable net position) may be used to meet the District's ongoing obligations.
- Total net position increased by \$59,828 from Fiscal Year 2013 to Fiscal Year 2014. The District operated on a balanced budget for 2014 with no budgeted increase to fund balances. Through careful management the District met its budgetary obligations for the year.

Restatement of Net Position

The August 31, 2012 Ending Net Position was restated to implement Governmental Accounting Standards Board (GASB) Statement No. 65 that eliminated Capitalized Bond and Other Debt Issuance Costs from Assets on the Statement of Net Position. The restatement is as follows:

	September 1, 2013 Beginning Net Position
Beginning Net Position as previously reported	\$44,907,533
Restatement for Capitalized Bonds and Other Debt Issuance Costs, net of amortization	(461,734)
Beginning Net Position as Restated	\$44,445,799

Statement of Net Position

The Statement of Net Position presents the assets, deferred outflows of resources, liabilities, and net position of the District as of the end of the Fiscal Year. It is a point in time financial statement. The purpose of the Statement of Net Position is to give the financial statement readers a snapshot of the fiscal condition of Lee College District. It presents end-of-year data for Current and Noncurrent Assets,

Deferred Outflows of Resources, Current and Noncurrent Liabilities, and Net Position (Assets plus Deferred Outflows of Resources minus Liabilities).

From the information shown, financial statement readers are able to determine the assets available to continue the operations of the District. The reader can also determine how much the institution owes vendors and bondholders. The net position and its availability for expenditure can be determined as well.

Net Position is divided into three major categories. The first category, investment in capital assets, provides the District's equity in property, plant and equipment it owns. The next net position category is restricted net position. These assets have external limitations on the way in which they may be used. The last category is unrestricted net position. It is available to use for any lawful purpose of the District.

Total assets of the District for Fiscal Year 2014 are \$122.0 million a decrease of \$2.5 million compared to Fiscal Year 2013 and an increase of \$35.3 million compared to Fiscal Year 2012. The change in total assets between fiscal year 2014 and fiscal year 2013 can be attributed to payments during the year which reduced long-term debt by \$2.7 million. Changes in total assets over the past three years are depicted in the following chart:

Current assets are comprised of several categories. Cash and cash equivalents include the District's cash and investments in TexPool and certificates of deposit. TexPool is a statewide investment pool. In Fiscal Year 2014, cash, cash equivalents, and short-term investments totaled \$40.0 million a decrease of \$11.1 million from the Fiscal Year 2013 balance of \$51.1 million. Receivables include tuition and fees receivable, accounts receivable, and taxes receivable. Prepaid expenses and inventories are also assets of the District. Non-current assets consist of capital assets and funds held in endowments. Capital assets include land, land improvements, buildings, equipment, and library books. These items are reflected in the financial statements net of accumulated depreciation.

Total liabilities of the District are \$78.3 million in Fiscal Year 2014 as compared to \$81.0 million in Fiscal Year 2013 and \$42.9 million in Fiscal Year 2012 and also include a current and non-current portion. Total liabilities decreased from Fiscal Year 2014 to Fiscal Year 2013 due to a reduction in bonds payable resulting from payments on both general obligation and revenue bonds in 2014. Current liabilities include accounts payable and accrued liabilities, funds held for others, deferred revenue, accrued compensable absences payable and the current portion of bonds payable and leases payable. A liability is considered to be current if it is due within one year.

Net Position represents the District's equity, some of which is restricted for certain uses and some of which is unrestricted.

Statement of Revenues, Expenses and Changes in Net Position

The purpose of the Statement of Revenues, Expenses and Changes in Net Position is to present the revenues earned by the District, both operating and non-operating, and the expenses incurred, operating and non-operating, and any other revenues, expenses, gains and losses received or spent by the District. Generally, operating revenues are received for providing goods and services to the various customers of the District.

Operating expenses are those paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the District's mission. Non-operating revenues are funds received for which goods and services are not provided.

Net Position-End of Year	44,252,421	44,192,593	44,445,799

Total revenues for the District were \$58.6 million, \$57.3 million, and \$60.3 in 2014, 2013, and 2012, respectively. Total expenses were \$58.5 million, \$57.6 million, and \$55.9 million in 2014, 2013, and 2012, respectively.

Revenues for the District consist of four main categories: taxes, state appropriations, federal grants and tuition and fees. The following table shows the breakdown of total revenue for the District for 2014:

2014 Revenues

Non-operating revenues consist of the following: state appropriations, tax revenue, gifts, net investment income, payments in lieu of taxes, federal non-operating grants, and other revenues. Non-operating expenses consist of interest on capital related debt.

Operating revenues remained relatively unchanged from Fiscal Year 2013 to Fiscal Year 2014 as state and local operating funds including tuition and fees were level. Federal non-operating grants comprised mainly of federal student assistance funds such as Pell grants also remained relatively unchanged when comparing fiscal year 2014 to fiscal year 2013.

Operating Expenses by Functional Classification

Functional classifications are the traditional categories that have been used to show expenses. They represent the type of programs and services provided. The chart below shows the District's 2014 operating expenses in comparison to 2013 and 2012:

2012 / 2013 / 2014 Expense Comparison

Operating Expenses	<u>2014</u>	<u>2013</u>	<u>2012</u>
Instruction	18,902,333	18,700,123	18,212,927
Public Service	1,766,151	1,121,389	1,641,367
Academic Support	2,888,849	2,954,123	2,957,665
Student Services	5,020,746	4,898,188	3,629,067
Institutional Support	10,309,642	9,969,389	8,532,586
Operation and Maintenance of Plant	4,704,905	5,636,247	5,025,427
Scholarships and Fellowships	6,089,155	7,083,870	8,324,490
Auxiliary Enterprises	3,541,597	3,369,297	4,266,266
Depreciation	2,039,755	1,908,126	1,886,469
Total Operating Expenses (Schedule B)	55,263,134	55,640,752	54,476,264

From Fiscal Year 2013 to Fiscal Year 2014, operating expenses for instruction increased resulting from faculty raises and filling open faculty positions in high demand programs. The District continues to achieve operational and utility savings attributable to energy management programs implemented since 2010 whereby repairs and replacement of infrastructure items are financed with debt repayment funded from energy savings. This program allows new equipment, major repairs and retrofits to be financed over a 17 year term with energy savings derived from equipment replacement, repairs and retrofits utilized to fund the debt. Phase 1 of the energy management program was successfully implemented in 2010. Phase 2 was implemented in 2012. Scholarship expenses decreased due to a decreased amount of federal Pell grants stemming from new federal Pell grant requirements placed on students.

Capital Assets and Debt Administration

Below is a summary of District capital assets, net of depreciation.

	2014	2013	2012
Land	1,393,555	1,393,555	1,327,217
Construction in Progress	11,162,474	694,906	457,163
Buildings	57,684,638	58,917,931	60,151,224
Land Improvements	396,583	427,823	459,063
Equipment	2,890,484	3,043,118	3,352,541
Library Books	1,334,020	1,279,514	1,220,734
	<u>74,861,754</u>	<u>65,756,847</u>	<u>66,967,942</u>

The District has issued 75.2 million in capital improvement bonds since FY 1999. Shown in the table below is the outstanding debt at the end of the Fiscal Year as compared to the end of the two previous fiscal years.

	2014	2013	2012
General obligation bonds	48,915,000	50,235,000	12,045,000
Revenue bonds	10,500,000	11,225,000	11,925,000
	<u>59,415,000</u>	<u>61,460,000</u>	<u>23,970,000</u>

For more detailed information on the District's capital assets and long-term debt, see Notes 5-8 in the Notes to the Basic Financial Statements.

Financial information can be obtained from the Lee College District Business Office via written request to P.O. Box 818, Baytown, TX 77522-0818.

LEE COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2014 and 2013

(1) REPORTING ENTITY

The Lee College District (the District) was established in 1934, in accordance with the laws of the State of Texas, to serve the educational needs of Baytown and the surrounding communities. As a public two-year college, the District has taxing authority and possesses attributes of a local governmental unit. The District is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14 *The Financial Reporting Entity*. While the District receives funding from local, state and federal government sources and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

The accompanying financial statements include the Lee College Foundation, Inc. (the Foundation) as a component unit of the District. This unit, which has a fiscal year-end of August 31, 2014, has been discretely presented on separate pages to emphasize that it is legally separate from the District. The foundation was established to "...solicit and receive donations, gifts and grant... on behalf of Lee College, its departments and activities...." Although the Foundation is a legally separate, tax-exempt entity, it meets the criteria of GASB Statement No. 39 to be considered a component unit of the District. That is, the Foundation's economic resources are for the direct benefit of the District or its students. By the Foundation charter, the District is entitled to a majority of the Foundation's economic resources, and such economic resources are material to the District. Historically, the Foundation has made no direct contributions to the District, but has awarded scholarships to students attending the District. The Foundation is governed by a 25-member board of trustees, which includes two District regents.

Complete financial statements for the Foundation may be obtained at the entity's administrative offices:

Lee College Foundation
511 South Whiting
Baytown, Texas 77522

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Report Guidelines:

The significant accounting policies followed by the District in preparing these financial statements are in accordance with the Texas Higher Education Coordinating Board's *Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The District applies all applicable GASB pronouncements. The District is reported as a special-purpose government engaged in business-type activities.

Implementation of GASB Statement No. 65:

GASB 65 establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources and deferred inflows of resources, certain items that were previously reported as assets and liabilities. This statement is effective for periods beginning after December 15, 2012. The district has implemented the new requirements for the Fiscal Year Ended, August 31, 2014 financial statements.

Tuition Discounting:

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.0333). When the student uses the award for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

LEE COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2014 and 2013

Tuition Discounting:

Title IV, Higher Education Act Program Funds

Certain Title IV HEA Program funds are received by the District to pass through to the student. These funds are initially received by the District and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts:

The District awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Basis of Accounting:

The financial statements of the District have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Budgetary Data:

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The budget, which is prepared on the accrual basis of accounting, is adopted by the District's Board of Regents. A copy of the approved budget must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Cash and Cash Equivalents:

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments:

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. The governing board has designated public funds investment pools comprised of TexPool and Lone Star to be short-term investments. Long-term investments have an original maturity of greater than one year at the time of purchase.

Inventories:

Inventories, consisting of bookstore stock and food service and print shop supplies are valued at the lower of cost (under the "first-in, first-out" method) or market.

Capital Assets:

Capital assets are recorded at cost at the date of acquisition or fair value at the date of donation. For equipment, the District's capitalization policy includes all items with a unit cost of \$5,000 or more and has an estimated useful life in excess of one year. Renovations to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are charged to operating expense in the year in which the expense is incurred. The District reports depreciation under a single-line item as a business-type unit. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

LEE COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2014 and 2013

The following lives are used:

Buildings	50 years
Facilities and Other Improvements	20 years
Furniture, Machinery, Vehicles and Other Equipment	10 years
Telecommunications and Peripheral Equipment	5 years
Library Books	15 years

Unearned Revenues:

Tuition and fees of \$4,059,821 and \$3,770,401 have been reported as unearned revenues at August 31, 2014 and 2013, respectively.

Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating and Non-Operating Revenue and Expense Policy:

The District distinguishes operating revenues and expenses from non-operating items. The College reports as a BTA and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. Operating revenues and expenses generally result from providing services in connection with the District's principal ongoing operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are state appropriations, Federal Pell grants, all Title IV student financial aid grants, and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets.

Long-term Obligations:

Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

Net Position:

Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on the use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or law or regulations of other governments. Non-expendable endowments included in restricted net position represent permanently restricted assets subject to restrictions of gift instruments requiring the principal be invested for perpetuity and only the income be used for donor-designated purposes. The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted new position is available.

(3) AUTHORIZED INVESTMENTS

The District is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

LEE COLLEGE DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 AUGUST 31, 2014 and 2013

(4) DEPOSITS AND INVESTMENTS

Cash and Deposits included on Exhibit 1, Statement of Net Position, consist of the items reported below:

Cash and Deposits		
	<u>2014</u>	<u>2013</u>
Bank Deposits		
Demand Deposits	1,534,610	41,234,794

LEE COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2014 and 2013

Interest Rate Risk

In accordance with state law and District policy, the District does not purchase any investments with maturities greater than 10 years.

Credit Risk

In accordance with state law and the District's investment policy, investments in mutual funds and investment pools must be rated at least AAA, commercial paper must be rated at **least A-1 or P-1**, and investments in obligations from other states, municipalities, counties, etc. must be rated at least A. The District's investments in investment pools were rated AAA.

Concentration of Credit Risk

The District does not place a limit on the amount the District may invest in any one issuer. The District does not have a concentration of credit risk.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District does not have a custodial credit risk.

The local government investment pools such as TexPool and Lone Star Pool are not evidenced by securities in physical form. They are managed conservatively to provide safe, efficient and liquid investments to Texas governmental entities. The pools both seek to maintain a \$1 value per share as required by the Texas Public Funds Investment Act.

Federated Investors manages the assets, provides participant services, and arranges for all custody and other functions in support of TexPool operations under a contract with the State Comptroller of Public Accounts. The state comptroller maintains oversight responsibility for TexPool, including the ability to influence operations, designation of management and accountability for fiscal matters. Although TexPool is not registered with the SEC as an investment company, it operates in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. GASB 31 allows 2a7-like pools to use amortized cost (which excludes unrealized gains and losses) rather than market value to report net assets to compute share price. The fair value of the College's position in TexPool is the same as the value of TexPool shares.

Lone Star Investment Pool is administered by First Public. The fair value of the funds in Lone Star is also the same as the value of Lone Star shares.

LEE COLLEGE DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 AUGUST 31, 2014 and 2013

Total Cash and Investments for Lee College Foundation, Component Unit of Lee College District, consist of:

	August 31, 2014	August 31, 2013
<u>Bank Deposits</u>		
Demand Deposits	450,989	661,397
<u>Type of Security</u>

LEE COLLEGE DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 AUGUST 31, 2014 and 2013

Defeased bonds outstanding:

The District did not have any defeased bonds outstanding at August 31, 2014.

Capital Leases

During 2009, the District entered into a lease agreement for the construction of energy efficiency improvements at a cost of \$9,972,735. In 2011, the District refinanced the lease to include additional funding of \$2,797,012 to cover the cost of Phase II of the energy improvement project. Total proceeds from the refinancing were \$12,923,784. Interest incurred during the construction phase is reflected in the capitalized value of the energy improvement project. Capitalized interest for 2011 was \$149,858 and \$212,025 on the initial 2009 lease agreement. The scheduled maturity date of the final lease payment is June 25, 2028. The lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of future minimum lease payments as of the date of inception. Future minimum lease payments to be paid are as follows:

	Year Ending August 31	Minimum Payment
	2015	934,250
	2016	961,339
	2017	989,241
	2018	1,017,979
	2019	987,357
	2020-2024	5,384,621
	2025-2028	4,874,204
Total		15,148,991
Less Amount Representing Interest (Rate 3.7315%)		(3,552,002)
Present Value of Future Minimum Lease Payments		11,596,989

Employees of the District are awarded twelve days sick leave per year and may accumulate up to 120 days leave; however, accumulated sick leave does not vest and employees are not paid for unused days at the time of termination of employment. Employees of the District earn up to 168 hours paid vacation each year and may accumulate up to 208 hours. Earned vacation hours are credited to the employee on a monthly basis. Accumulated vacation hours in excess of 208 are forfeited. As of August 31, 2014, the value of all accumulated vested employee vacation benefits was \$543,164 which is included in the accompanying statement of net assets.

(8) OPERATING LEASE COMMITMENTS AND RENTAL AGREEMENTS

As of August 31, 2014, the District had no significant commitments under non-cancelable operating lease agreements. Total rental expenditures under operating leases for the year ended August 31, 2014 was approximately \$71,125 and \$69,750 for 2013.

(9) EMPLOYEES' RETIREMENT PLAN

The State of Texas has joint contributory retirement plans for almost all its employees.

Teacher Retirement System of Texas

Plan Description. Lee College District contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing, multiple employer defined benefit pension plan. TRS administers retirement and disability

LEE COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2014 and 2013

annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. The Texas state legislature has the authority to establish and amend benefit provisions of the pension plan. TRS issues a publicly available financial report with required supplementary information which can be obtained from www.trs.state.tx.us, under the TRS Publications heading.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The state funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6 percent of the member's annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation of all members of the system; (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of a particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State law provides for a member contribution rate of 6.4 percent for fiscal years 2014, 2013 and 2012 and a state contribution rate of 6.4 percent for fiscal year 2014; 6.4 percent for fiscal year 2013; and 6.4 percent for 2012. In certain instances the reporting district is required to make all or a portion of the state's 6.4 percent contribution for fiscal year 2014; 6.4 percent for fiscal year 2013; and 6.4 percent for fiscal year 2012.

Optional Retirement Plan

Plan Description. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas legislature. The percentages of participant salaries currently contributed by the state and each participant are 6.6% and 6.65 %, respectively. The college contributes 1.9% for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program.

The retirement expense to the state for the college was \$1,346,939 and \$1,161,020 for the fiscal years ended August 31, 2014 and 2013, respectively. This amount represents the portion of expended appropriations made by the state legislature on behalf of the college.

The total payroll for all college employees was \$26,080,217 and \$24,806,532 for fiscal years 2014 and 2013, respectively. The total payroll of employees covered by the Teacher Retirement System was \$14,140,263 and \$12,503,325, and the total payroll of employees covered by the Optional Retirement Program was \$8,979,738 and \$ 9,172,421 for fiscal years 2014 and 2013, respectively.

(10) DEFERRED COMPENSATION PROGRAM

District employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001.

(11) POST RETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The

LEE COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2014 and 2013

state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee was \$503 to \$1,465 per month for the year ended August 31, 2014 (\$470 to \$1,369 per month for 2013) and totaled \$1,675,626 for 2014 (\$1,255,670 for the year ended 2013). The cost of providing those benefits for 187 retirees in the year ended 2014 was \$1,192,612 (retiree benefits for 187 retirees cost \$1,046,436 in 2013). For 374 active employees, the cost of providing benefits was \$483,014 for the year ended 2014 (active employee benefits for 353 active employees cost \$124,824 for the year ended 2013).

(12) INCOME TAXES

The District is exempt from income taxes under Internal Revenue Code Section 115, Income of States, Municipalities, Etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511(a)(2)(B), Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations. The District had no unrelated business income tax liability for fiscal years 2011 and 2010. The Foundation is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

(13) AD VALOREM TAXES

Delinquent taxes receivable are shown in the accompanying statement of net assets net of the allowance for doubtful taxes of \$981,899 and \$1,057,375 for fiscal years 2014 and 2013, respectively. Allowances for uncollectibles are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

The District's Ad Valorem property tax is levied by October 1, on the assessed value listed as of the prior January 1, for all real and business personal property located in the District. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed.

At August 31:

	2014	2013
Assessed Valuation of the District	11,575,746,370	11,377,688,775
Less: Exemptions	(2,496,631,546)	(2,622,016,668)
Less: Abatements	-	-
Net Assessed Valuation of the District	9,079,114,824	8,755,672,107

	2014			2013		
	Current Operations	Debt Service	Total	Current Operations	Debt Service	Total
Authorized Tax Rate per \$100 valuation (Maximum per Enabling Legislation)	0.280000	0.500000	0.780000	0.280000	0.500000	0.780000
Assessed Tax Rate per \$100 valuation	0.220700	0.040000	0.260700	0.219500	0.021500	0.241000

LEE COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2014 and 2013

Taxes levied for the year ended August 31, 2014 and 2013 amounted to \$23,479,607 and \$21,115,140, respectively including any penalty and interest assessed. Tax collections follow:

	2014			2013		
	Current Operations	Debt Service	Total	Current Operations	Debt Service	Total
Current Taxes Collected	19,404,660	3,696,126	23,100,786	18,906,428	1,851,885	20,758,313
Delinquent Taxes Collected	164,185	31,273	195,273	279,327	28,970	308,297
Penalties & Interest Collected	203,390	38,741	242,131	190,955	35,523	226,478
Total Collections	19,772,235	3,766,140	23,538,375	19,376,710	1,916,378	21,293,088

Total tax collections for the year ended August 31, 2014 and 2013 were 100% and 100%, respectively of the current tax levy. Property tax revenue is recognized in the fiscal year in which the taxes are levied and is restricted to either maintenance and operations or interest and sinking expenditures.

During 2014, tax collections from one petrochemical complex within the District's taxing authority represented approximately 28% of total tax revenues.

(14) CONTRACT AND GRANT AWARDS

At August 31, 2014, there were no contract or grant awards funds already committed, e.g., multi-year awards, or funds awarded during fiscal year 2014 for which monies have not been received nor funds expended.

(15) ON-BEHALF PAYMENTS

Certain retirement and health insurance fringe benefits are funded by the State of Texas on behalf of the District (see Notes 9 and 11). For 2014, revenues and expenses in the accompanying Statement of Revenues, Expenses, and Changes in Net Position include \$1,675,626 for health insurance (\$1,255,670 for 2013) and \$1,346,939 for retirement benefits (\$1,161,020 for 2013) which were funded by the State on behalf of the District.

(16) DONATED PROPERTY AND MATERIALS

Donated property, plant and equipment are recorded as investment in plant at estimated fair market value at date of donation. Donated materials or consumable goods and supplies are not recorded in the financial statements, as such items are generally not material to the operations of the District.

(17) RISK MANAGEMENT

The District is exposed to various risks of loss related to theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District purchases commercial insurance for claims related to risks except loss due to theft and general liability.

LEE COLLEGE DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 AUGUST 31, 2014 and 2013

The District is essentially self-insured for risks arising from theft of property. Losses, if any, are funded on an as incurred basis. As a governmental entity, the District is essentially exempt from general liability claims and, accordingly, carries no general liability insurance.

The District obtains its property/casualty coverage through the PCAT – Property Casualty Alliance of Texas (Fund). The Fund is a modified self-funded plan of coverage offered to education based political subdivisions. Under the Fund, participants join together in a pool to purchase coverage for their property and liability exposures, as well as claim administration and loss control services. As a participant in the Fund, the District is not responsible for its own unpaid claims. Accordingly, no liabilities for unpaid claims have been recorded in the accompanying financial statements. Premiums paid by the District are expensed over the coverage period.

The District retains risk of loss, in the form of policy deductibles of \$100,000 for damage to or destruction of assets and \$10,000 for educator’s legal liability. Current coverage amounts are substantially unchanged from prior year amounts and settled claims have not exceeded the commercial coverage in any of the past three fiscal years.

(18) COMMITMENTS AND CONTINGENCIES

As of August 31, 2014, the District was not involved in any lawsuits or other legal actions which, in Administration’s opinion (based on discussions with legal counsel) would result in any direct loss to the District which would be material to its financial position.

(19) CONSTRUCTION COMMITMENTS

At August 31, 2014, the District has approximately \$30 million committed for construction, acquisition and equipping of school buildings.

(20) RESTATEMENT OF NET POSITION

The August 31, 2012 Ending Net Position was restated to implement the Governmental Accounting Standards Board (GASB) Statement No. 65 that eliminated Capitalized Bond and Other Debt Issuance Costs from Assets on the Statement of Net Position. Restatement is as follows:

	September 1, 2013 Beginning Net Position
Beginning Net Position, as previously reported	\$ 44,907,533
Restatement for Capitalized Bonds and other Debt Issuance Costs, net of amortization	(461,734)
Beginning Net Position, as restated	\$ 44,445,799

OTHER SUPPLEMENTARY INFORMATION

This section includes financial information and disclosures not required by the Governmental Accounting Standards Board and not considered a part of the basic financial statements. It may, however, include information which is required by other entities.

Note 2: Significant accounting policies used in preparing the schedule.

The expenditures included in the schedule are reported for the District's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds which have been expended by the college for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The District has followed all applicable guidelines issued by various entities in the preparation of the schedule.

Lovvorn & Kieschnick, LLP
CERTIFIED PUBLIC ACCOUNTANTS

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Board of Regents
Lee College District
Baytown, Texas 77520

Members of the Board of Regents:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the provisions of the State of Texas, *Uniform Grant and Contract Management Standards* (UGCMS), the basic financial statements of Lee College District (the District) as of and for the years ended August 31, 2014 and 2013, and the related notes to the financial statements, which collectively comprise Lee College District's basic financial statements, and have issued our report thereon dated December 16, 2014.

Internal Control over Financial Reporting

In planning and performing our audit, we considered Lee College District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lee College District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lee College District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and UGCMS.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Lovvorn + Kieschnick, LLP

Lovvorn & Kieschnick, LLP
CERTIFIED PUBLIC ACCOUNTANTS

**Independent Auditor's Report on Compliance
for Each Major Program and on Internal Control
Over Compliance Required by OMB Circular A-133**

Board of Regents
Lee College District
Baytown, Texas 77520

Members of the Board of Regents:

Report on Compliance for Each Major Federal Program

We have audited Lee College District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the provisions of the State of Texas, *Uniform Grant and Contract Management Standards* (UGCMS) that could have a direct and material effect on each of Lee College District's major federal and state programs for the year ended August 31, 2014. Lee College District's major federal and state programs are identified in the summary of auditor's result section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Lee College District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and the provisions of the State of Texas, *Uniform Grant and Contract Management Standards* (UGCMS). Those standards and OMB Circular A-133 require that we

plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about Lee College District's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination on Lee College District's compliance.

Opinion on Each Major Federal and State Program

In our opinion, Lee College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended August 31, 2014.

Report on Internal Control Over Compliance

Management of Lee College District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Lee College District's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal or state program that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and UGCMS, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Lee College District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than as material weakness in internal control over compliance, yet important enough to merit by those charged with governance

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we

consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and UGCMS. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,
