(This page intentionally left blank)

Annual Financial Report

## Notes to the Financial Statements August 31, 2015

## NOTE 1 Summary of Significant Accounting Policies

#### **REPORTING ENTITY**

Texas Tech University Health Sciences Center at El Paso (TTUHSCEP) is a component unit of the State of Texas and its financial records reflect compliance with applicable state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements for Annual Financial Reports of State Agencies and Universities.

This *Annual Financial Report* includes the results of operations of TTUHSCEP. On May 18, 2013, the Texas Tech University Health Sciences Center at El Paso (TTUHSCEP) was established as a separate component unit of the State of Texas under Texas Senate Bill 120. However, TTUHSCEP was not included in the General Appropriations Act for appropriating money to the various agencies of the State of Texas until the 2016-2017 Biennium. Thus, this *Annual Financial Report* includes transfers from the Texas Tech University Health Sciences Center (TTUHSC) in support of TTUHSCEP's operations for the 2014 and 2015 fiscal years.

TTUHSCEP is one of five entities included in the Texas Tech University System. The other four entities are reported separately as additional component units of the State of Texas. These entities are Angelo State University, Texas Tech University Health Sciences Center (TTUHSC), Texas Tech University (TTU) and Texas Tech University System Administration (TTUSA). TTUHSCEP is under the direction, management, and control of the Texas Tech University System Board of Regents; which acts separately and independently on all matters affecting TTUHSCEP.

TTUHSCEP includes within this report all components as determined by an analysis of the relationship to TTUHSCEP.

#### **Blended Component Units**

Texas Tech Physician Associates (TTPA) is reported as a blended component unit of TTUHSCEP in this *Annual Financial Report*. TTPA balances and activities are blended with TTUHSCEP balances and activities since the sole purpose of TTPA is to financially support TTUHSCEP. Refer to Note 19 for more detailed information regarding TTPA balances and activities.

Texas Tech Foundation, Inc. (TTFI) is a component unit of the consolidated Texas Tech University System since it serves the fundraising needs of all entities of the Texas Tech University System. No balances or activities associated with TTFI are included in this *Annual Financial Report*.

Due to the significant changes to statewide requirements embedded in GASB Statement No. 34, *Basic Financial Statements — and Management's Discussion and Analysis — for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying *Annual Financial Report* to comply with all the requirements in this statement. The financial report is considered for audit by the state auditor as part of the audit of the state's *Comprehensive Annual Financial Report* (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

As an institution of higher education of the State of Texas, the income of TTUHSCEP is generally exempt from income taxes. However, income unrelated to the exempt purpose of TTUHSCEP would be subject to tax under § 511(a)(2)(B) of the Internal Revenue Code. Management does not believe that there is any material unrelated income for the year ended August 31, 2015.

Annual Financial Report

## Notes to the Financial Statements August 31, 2015

## NOTE 1 (continued) Summary of Significant Accounting Policies

#### **REPORTING ENTITY** (continued)

TTUHSCEP offers graduate and undergraduate programs in two schools: the Paul L. Foster School of Medicine and the Gayle Greve Hunt School of Nursing. Major ancillary operations include grant and contract activities and clinical operations.

#### **BASIS OF ACCOUNTING**

During the course of normal operations, the fiscal records of TTUHSCEP are maintained using a modified accrual basis of accounting, and most internal financial reports utilize this basis. However, financial balances and amounts are converted to the full accrual basis in compliance with Governmental Accounting Standards Board (GASB) statements 34 and 35 for most external reporting, including this *Annual Financial Report*. Under the full accrual basis of accounting, revenues are recognized when earned and expenses are recognized when an obligation has been incurred.

For reporting purposes, TTUHSCEP is considered as a special-purpose government engaged only in business-type activities. Business type activities are those activities that are financed in whole or in part by fees charged to external parties for goods and services, and whose focus is on determining operating income, changes in net position, and cash flows. Accordingly, TTUHSCEP's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting.

#### ASSETS, LIABILITIES, AND FUND EQUITY

#### **Current and Non-Current Assets**

Current assets are those that are readily available to meet current operational requirements. Non-current assets are those that are not readily available to meet current operational requirements and, instead, are intended to support longer-term institutional needs.

#### Cash and Cash Equivalents

Cash and cash equivalents are defined as all cash on hand, demand deposits in banks, reimbursements due from the State Treasury, local balances of legislative appropriations (held in the State Treasury), and short-term highly liquid investments with original maturities of 90 days or less. TTUHSCEP utilizes bank deposits and eligible investment pools as cash equivalents in its Short/Intermediate Term Investment Fund.

#### **Investments**

Investments are reported at fair value in this *Annual Financial Report*. Fair value, which is determined based on quoted market prices, is the amount at which an investment could be exchanged in a current transaction between parties other than in a forced or liquidation sale. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the accompanying *Comparative Statement of Revenues, Expenses, and Changes in Net Position*.

## NOTE 1 (continued) Summary of Significant Accounting Policies

#### **Restricted Assets**

Restricted assets include monies or other resources restricted by legal or contractual requirements, including proceeds from revenue bonds and other revenues set aside for statutory or contractual requirements. Cash and cash equivalents that are held for endowments or for special programs are reported as restricted since they are not available for current operations, but are instead associated with programs that are restricted by an external party. In cases where both restricted and unrestricted net assets are available for use, restricted resources are used first and then unrestricted resources are used as needed.

#### **Inventories and Prepaid Items**

Inventories include both consumable inventories and merchandise inventories on hand for resale. Consumable inventories include supplies and postage that are on hand and available for consumption. Merchandise inventories include materials, supplies, and other items on hand and for sale. Inventories are valued at cost generally utilizing the first-in/first-out method. Inventories and prepaid items are reported using the consumption method. Under the consumption method, the cost of these items is expensed when the inventories or prepaid items are used or consumed.

#### Receivables

The most significant categories of TTUHSCEP receivables are patient receivables, contract receivables and pledged gift receivables. Patient receivables are reported net of allowances for contractual, uncollectible and similar adjustments. Gift receivables are accounted for at their estimated net realizable value, which consists of the present value of long-term pledges and a reduction for any allowance for uncollectible pledges.

Allowances for uncollectible balances and other adjustments are estimated using either (1) aging schedules (for student accounts receivable), (2) percentage of revenues (for pledged gifts receivable), or (3) detailed evaluations of past collection performance (for patient accounts receivable, contract accounts receivable, loans and notes receivable, and other accounts receivable).

Receivables that are not expected to be collected within one year are reported as non-current assets and include portions of pledged gifts receivable and loans and notes receivable. Details regarding Current and Non-current receivables are presented in Note 24.

#### **Capital Assets**

Assets such as furniture, equipment and vehicles with an aggregate cost of more than \$5,000 and an estimated useful life in excess of one year are capitalized. Capitalization thresholds are also utilized for buildings and building improvements (\$100,000), infrastructure (\$500,000), and facilities and other improvements (\$100,000). Capital assets are recorded at cost at the date of acquisition or, in the case of gifts, at fair value as of the date of acquisition. For fabricated assets financed by debt, construction period interest is capitalized as part of the capital asset cost. The capitalized interest is combined with the other costs associated with constructing the asset and depreciated over the appropriate useful life beginning when the asset is placed into service.

Capital assets are depreciated over the estimated useful life of the asset using the straight line method based on allocation methods and estimated lives prescribed by the Statewide Property Accounting (SPA) system. Depreciation is recorded as a periodic expense and accumulated as an offset to the asset book values. Depreciation expense is not allocated to functional categories for this *Annual Financial Report*.

## NOTE 1 (continued) Summary of Significant Accounting Policies

#### **Capital Assets** (continued)

Intangible capital assets are defined as assets that lack physical substance, are nonfinancial in nature, and have an initial useful life extending beyond a single reporting period. These assets are required to be reported if they are identifiable. Land use rights are capitalized if the cost meets or exceeds \$100,000. Purchased computer software is capitalized if the aggregate cost of the purchase meets or exceeds \$100,000. Internally generated computer software has a capitalization threshold of \$1,000,000, and other intangible capital assets must be capitalized if the cost meets or exceeds \$100,000. Intangible assets are amortized based on the estimated useful life of the asset using the straight-line method.

#### **Payables**

Accounts payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending. Major categories of TTUHSCEP accounts payable include general accounts payable and payroll payable. Details regarding payable balances can be found in Note 24.

#### **Compensable Leave**

Employees' compensable leave balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the *Comparative Statement of Net Position*. Compensable leave balances represent the approximate value of unused employee vacation time and other compensated time, which is accrued in a manner consistent with State of Texas rules and guidelines and in accordance with generally accepted accounting principles. Within the framework of those guidelines, employees are eligible to carry forward a limited annual leave balance.

#### **Employee Sick Leave**

Employee sick leave is accrued in a manner consistent with State of Texas rules and guidelines and in accordance with generally accepted accounting principles. Within the framework of those guidelines, employees are eligible to carry forward an unlimited sick leave balance. Accumulated sick leave balances are not recognized as an institutional liability since such leave is not paid out to terminating employees.

#### **Capital Lease Obligations**

Capital lease obligations represent the liability for future lease payments under capital lease contracts. Liabilities are reported separately as either current or noncurrent in the *Comparative Statement of Net Position*. A capital lease is defined by fulfilling any of the following four conditions: (1) the ownership of the asset transfers to the lessee at the end of the lease; (2) the lessee has the option of purchasing the leased asset at the end of the lease for a bargain price; (3) the term of the lease represents 75% or more of the useful life of the leased asset; or (4) the discounted present value of all future lease payments at the inception of the lease represent 90% or more of the fair value of the leased asset.

#### **Notes and Loans Payable**

Notes payable represents amounts owed for commercial paper that was issued during the current period. Notes payable balances are explained further in Note 4.

## NOTE 1 (continued) Summary of Significant Accounting Policies

#### **Bonds Payable**

TTUHSCEP has a number of bond issues outstanding which are supported either directly or indirectly by tuition revenue. Detailed information regarding bonds payable can be found in Note 5 and Note 6.

#### **Net Position**

Net position is the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net position is divided into three categories as described below.

#### Invested In Capital Assets, Net Of Related Debt:

Invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, and reduced by outstanding balances for bond, notes and other debt that are attributed to the acquisition, construction or improvement of those assets.

#### **Restricted Net Position:**

Restricted net position results when constraints placed on net resources are either externally imposed by creditors, grantors, contributors and the like or imposed by law through constitutional provisions or enabling legislation.

#### **Unrestricted Net Position:**

Unrestricted net position consists of net resources that do not meet the definition of the two preceding categories. Unrestricted net position often has constraints on resources that are imposed by management but can be removed or modified.

#### **Interfund Activity and Transactions**

TTUHSCEP is regularly involved in both interfund activity and interfund transactions. Interfund activity is defined as financial interaction between internal funds, including blended component units. Interfund transactions are defined as financial interactions between legally separate entities. Interfund activity and interfund transactions are both clearly identifiable and are eliminated where appropriate. Interfund transfers represent the flow of assets without equivalent flow of assets in return or a requirement for repayment. Transfers are reported after non-operating revenues and expenses in the *Comparative Statement of Revenues, Expenses and Changes in Net Position;* included in this *Annual Financial Report*.

#### NOTE 2 Capital Assets

Capital assets are categorized as (1) Land and Land Improvements, (2) Buildings and Building Improvements, (3) Infrastructure, (4) Furniture and Equipment, (5) Vehicles, (6) Construction in Progress, (7) Other Capital Assets, (8) Facilities and Other Improvements, or (9) Computer Software. Non-depreciable capital assets include Land and Land Improvements, Construction in Progress, and Other Capital Assets (representing primarily artwork). All other capital asset categories are either depreciated or amortized.

Depreciation of capital assets is recorded as a periodic expense and accumulated as an offset to the asset book values. Depreciation of capital assets is based on allocation methods and estimated lives prescribed by the State Property Accounting (SPA) system. Accumulated depreciation is classified by capital asset category, providing for an estimation of the net book value of each asset category.

## NOTE 3 Deposits, Investments and Repurchase Agreements

TTUHSCEP's investment portfolio is invested pursuant to the parameters of applicable Texas law and the governing board's Investment Policies. Under Texas law, TTUHSCEP investments may be "any kind of investment that persons of ordinary prudence, discretion, and intelligence, exercising the judgment and care under the circumstances then prevailing, acquire or retain for their own account in the management of their affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital." Under Texas law, TTUHSCEP is required to invest its institutional funds according to written investment policies adopted by the Board of Regents. No person may invest TTUHSCEP funds without express written authority from the governing board.

The governing investment policy is Regents' Rules Chapter 09, "Investment and Endowments." The majority of TTUHSCEP assets are invested in two investment pools; the Long Term Investment Fund (LTIF) and the Short/Intermediate Term Investment Fund (STIF), both having their own stand-alone investment policies. Endowment funds and certain eligible long-term institutional funds are invested in the LTIF, which invests in equity and fixed income securities, as well as alternative investments such as hedge funds and private equity, and is operated using a total return philosophy. Other institutional funds not in the LTIF are invested in the STIF. Other assets include securities gifted to TTUHSCEP with donor instructions to maintain in their original form.

## NOTE 3 (continued) Deposits, Investments and Repurchase Agreements

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the agency will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. TTUHSCEP's policy is to require collateralization of bank balances in excess of FDIC protection. TTUHSCEP did not have any funds considered to be uninsured or uncollateralized as of August 31, 2015 or 2014.

## Notes to the Financial Statements August 31, 2015

## NOTE 3 (continued) Deposits, Investments and Repurchase Agreements

#### **Derivative Investing**

TTUHSCEP's Investment Policy Statement for the LTIF allows investments in certain derivative securities. A derivative security is a financial instrument which derives its value from another security, currency, commodity or index.

TTUHSCEP entered into futures contracts, options, and swaps as efficient substitutes for traditional securities to reduce portfolio risks created by other securities, or in fully hedged positions, to take advantage of market anomalies. The derivatives entered into during fiscal year 2015 all had market indices as its underlying securities, in order to gain and reduce market exposure in an efficient manner. The contracts are valued daily and TTUHSCEP's net equity in the contracts, representing unrealized gain or loss, is reported on the *Statement of Net Position* as derivative instruments.

These instruments involve market and/or credit risk in excess of the amount recognized in the *Statement of Net Position*. Risks arise from the possibility that counterparties will be unable to meet the terms of their contracts and from movement in index values. Futures contracts have reduced counterparty credit risk since they are exchange-traded and the exchange's clearinghouse, as counterparty to all exchange-traded futures, guarantees them against default. Counterparty risk for swaps and options is mitigated by master netting agreements between TTUHSCEP and its counterparties, and by the posting of collateral on a daily basis.

TTUHSCEP's gross counterparty exposure, as of August 31, 2015, is as presented below.

## Notes to the Financial Statements August 31, 2015

#### NOTE 4 (continued) Short Term Debt

#### **COMMERICAL PAPER**

Commercial paper was issued during the fiscal year to finance the construction of a new Gayle Greve Hunt School of Nursing building in advance of the issuance of authorized bonds. Debt service for the commercial paper obligation is provided by gifts pledged for the purpose of constructing the new School of Nursing building. During the fiscal year, TTUSA issued Revenue Financing System bonds, which included refunding a portion of the outstanding commercial paper debt.

For the fiscal year ended August 31, 2015, TTUHSCEP's commercial paper activity is reflected in this *Annual Financial Report*. However, beginning September 1, 2016, TTUHSCEP's share of commercial paper payable and related activity will be recorded at a consolidated level by TTUSA, with interagency transfers recorded to/from TTUSA for TTUHSCEP's share of debt service payments and debt proceeds. Thus, at the end of the fiscal year, TTUHSCEP transferred its remaining Commercial Paper balance in the amount of \$10,738,384.22 to TTUSA to facilitate the central administration of Texas Tech University System's Revenue Financing System commercial paper indebtedness in the subsequent fiscal year. This transfer is reflected in the Restatement/Adjustment column in the above table.

#### NOTE 5 Long Term Liabilities

The following changes occurred in long-term liabilities for the year ended August 31, 2015:

Category	Balance as of 09/01/14	Additions	Reductions	Restatement/ Adjustment	Balance as of 08/31/15	Amounts Due Within One Year	Amounts Due Thereafter

Revenue Bonds Payable	54,900,349.25		(4,300,000.00)	(50,600,349.25)		. <u></u>	
Total Long Term Liabilities	\$61,416,562.81	\$360,960.05	\$(4,307,447.00)	<u>\$(50,600,349.25</u> )	\$6,869,726.61	\$ 824,367.19	\$6,045,359.42

#### **CAPITAL LEASE OBLIGATION**

As of August 31, 2015, no material outstanding TTUHSCEP leases satisfied the requirements for capitalization.

#### **COMPENSABLE LEAVE**

Compensable leave balances represent the approximate value of unused employee vacation time and other compensated time as of August 31, 2015. Past experience has demonstrated that approximately 12% of TTUHSCEP compensable leave balances will mature within one year. Therefore, the non-current portion of the liability as of August 31, 2015 was estimated at \$6,045,359.41 out of a total liability of \$6,869,726.61. Funding for future leave balance payments will be from the same source as annualized salary expense.

#### NOTE 5 (continued) Long Term Liabilities

#### **REVENUE BONDS PAYABLE**

For the fiscal year ended August 31, 2015, payment of principal and interest expense related to Revenue Bonds Payable is reflected in this *Annual Financial Report*. However, beginning September 1, 2016, TTUHSCEP's share of revenue bonds payable and related activity will be recorded at a consolidated level by TTUSA, with interagency transfers recorded to/from TTUSA for TTUHSCEP's share of debt service payments and debt proceeds to fund approved projects. Thus, at the end of the fiscal year, TTUHSCEP transferred its remaining Revenue Bonds Payable balance in the amount of \$50,600,349.25 to TTUSA to facilitate the central administration of Texas Tech University System's Revenue Financing System revenue bonded indebtedness in the subsequent fiscal year. This transfer is reflected in the Restatement/Adjustment column in the previous table.

#### NOTE 6 Bonded Indebtedness

TTUHSCEP transferred its remaining revenue bonds payable balance of \$50,600,349.25 as of August 31, 2015 to TTUSA to facilitate the central administration of the Texas Tech University System's Revenue Financing System revenue bonded indebtedness for all TTUSA components beginning on September 1, 2016. Therefore, the supplemental bond information is included in TTUSA's *Annual Financial Report* in Note 6 and in Supporting Schedules 2A through 2F.

### NOTE 7 Derivatives

The System Investment Policy Statement for the LTIF allows investment in certain derivative securities. Derivatives are financial instruments whose values are derived in whole or in part from the value of any one or more underlying assets or index of asset values. Investment derivatives are entered into with the intention of managing transaction or currency exchange risk in purchasing, selling or holding investments. These include future contracts, options, and swaps.

The following table summarizes TTUHSCEP's derivative activity for the year ended August 31, 2015.

	Changes in Fair Value			Fair Value at August 31, 2015

#### **FAIR VALUE**

Derivative instruments are recorded at fair value. Futures contracts are marked-to-market daily and valued at closing market prices on valuation date. A daily variation margin between the daily value of the contracts and the value on the previous day is recorded and settled in cash with the broker the following morning. Options and swaps are valued using broker quotes, proprietary pricing agents or appropriate pricing models with primarily externally verifiable model inputs.

#### INVESTMENT DERIVATIVES

Investment derivatives expose TTUHSCEP to certain investment related risks. More information regarding investment derivatives is disclosed in Note 3 to these financial statements.

NOTE 8
NOTES
Lareas
Leases

#### **OPERATING LEASES**

TTUHSCEP leases various buildings and equipment from others under operating lease agreements. Operating leases do not give rise to property rights and, therefore, the related assets and liabilities are not reported in this *Annual Financial Report*. Total rental expense under these agreements was \$2,162,601.61 and \$1,897,467.76 for the years ended August 31, 2015 and 2014 respectively.

TTUHSCEP also leases space to others under operating lease agreements. Leased space comprises approximately 2.25% of the total building space. The net carrying value of the assets associated with these leases was \$787,881.91 as of August 31, 2015, and consists of historical cost of \$1,343,457.14 less related accumulated depreciation of \$555,575.24. There were no reported contingent rental revenues. Total operating lease income under these agreements was \$65,214.31 and \$72,493.78 for the years ended August 31, 2015 and 2014 respectively.

TTUHSCEP structures all leases to allow for cancellation within the current period. Most of the cancellation clauses are based on a 30-day notice condition or on the condition of continuing appropriations. However, there is little or no historical precedence for lease cancellations at TTUHSCEP.

2020	1,371,749.76	82,788.00			

#### **CAPITAL LEASES**

As of August 31, 2015, TTUHSCEP had no material outstanding leases that satisfy the requirements for capitalization.

#### NOTE 9 Pension Plans

The State of Texas has also established an Optional Retirement Program (ORP) for institutions of higher education. Participation in ORP is in lieu of participation in the Teacher Retirement System of Texas (TRS) program and is available to certain eligible employees. ORP is a defined contribution pension plan that provides for the purchase of annuity and custodial mutual fund contracts. Current contributory percentages for employees who participated before September 1, 1995 are 8.5% provided by the State, and 6.65% provided by each participant, of annual participant compensation. The state's contribution is comprised of 6.4% from the ORP appropriation and 2.1% from other sources. The 6.4% contribution is mandatory, with the other contributions being at the discretion of the governing board of TTUHSCEP, which has approved the additional contributions for TTUHSCEP employees. Current contributory percentages for employees who participated after August 31, 1995, are 6.6% provided by the State, and 6.65% provided by each participant, of annual participant compensation. Since these are individual annuity contracts, the state has no additional or unfunded liability for this program.

ORP contributions made by plan members and the employer for the years ending August 31, 2015 and 2014 are detailed in the following table.

For the Year Ended:		08/31/15	08/31/14

## NOTE 11 Post-Employment Health Care and Life Insurance Benefits (administering agencies only)

Per the *Reporting Requirements for Annual Financial Reports of State Agencies and Universities*, Note 11 is not applicable to TTUHSCEP for the year ended August 31, 2015.

## NOTE 12 Interfund Activity and Balances

As explained in Note 1, TTUHSCEP has interfund activities and transactions within its internal funds and with other State agencies. At year-end, amounts to be received and/or paid related to these interfund activities and transactions are reported as: Due from Other Agencies or Due to Other Agencies, Transfers In or Transfers Out, Legislative Transfers In or Legislative Transfers Out, Interagency Capital Asset Transfers In and Interagency Capital Asset Transfers Out.

#### **DUE FROM/TO OTHER STATE AGENCIES**

As of August 31, 2015, TTUHSCEP had outstanding Due to/from Other Agencies with other State agencies primarily for federal and state pass through agreements.

Details about these Due To/From Other Agencies balances for the year ended August 31, 2015 and 2014 are shown in the following table.

## NOTE 14 Adjustments to Fund Balances and Net Position

TTUHSCEP had no material prior-period adjustments to Net Position for the year ended August 31, 2015.

## NOTE 15 Contingencies and Commitments

#### **PENDING LITIGATION**

At August 31, 2015, TTUHSCEP has been named as a defendant in a lawsuit for which the plaintiff is seeking pecuniary damages related to charges of discrimination and retaliation. The case is currently under litigation. Given the pending nature of this matter and various judicial factors, at this time, the probability of an unfavorable outcome cannot be ascertained, and a reasonable estimate of the loss cannot be made. However, an adverse ruling could result in an additional liability to TTUHSCEP.

Various other lawsuits and claims involving TTUHSCEP were also pending as of August 31, 2015. While the ultimate liability with respect to litigation and other claims asserted against TTUHSCEP cannot be reasonably estimated at this time, such liability, to the extent not provided for by insurance, is not likely to have a material impact on TTUHSCEP. However, adverse rulings could result in an additional liability to TTUHSCEP.

#### **INVESTMENT FUNDS**

TTUHSCEP entered into capital commitments with investment managers for future funding of investment funds as shown in the table below. Investment funds include hedge fund pools, private investment pools, public market funds and other alternative investments managed by external investment managers.

Description	As of 8/31/15 As of 8/31/14
Total Unfunded Commitments	\$ 2,137,176.07 \$ 6,596,150.98

#### **CONSTRUCTION CONTRACT COMMITMENTS**

Numerous large contracts have been entered into for the purposes of planning, constructing, and equipping building additions and other projects. Outstanding commitment amounts totaled \$709,469.87 as of August 31, 2015. These commitments will be funded by donor contributions, appropriations from the state, issuance of revenue bonds, and other borrowings. As of August 31, 2015, there were no outstanding commitments for capital legislative appropriations from the state.

## NOTE 15 (continued) Contingencies and Commitments

#### **DIRECT LENDING**

TTUHSCEP participates in the federal Direct Loan Program, which provides loans from the federal government to qualifying students and their families for educational purposes. While TTUHSCEP helps students to obtain these loans, the institution is not a party to the loans and is not responsible for collection of monies owed or for defaults by borrowers. The amount of direct loans issued during the year ended August 31, 2015 and 2014 were \$10,992,456 and \$9,622,016 respectively.

#### NOTE 16 Subsequent Events

TTUSA intends to issue Revenue Financing System commercial paper notes after August 31, 2015 to acquire new proceeds for the design phase of construction projects, which include TTUHSCEP projects, as approved by the State Legislature for Tuition Revenue Bond repayment. More information regarding the issuance is included in TTUSA's *Annual Financial Report* in Note 16.

#### NOTE 17 Risk Management

TTUHSCEP is self-insured for medical malpractice coverage through a medical malpractice self-insurance plan with TTUHSC. The plan is managed by the Office of General Counsel. The medical malpractice self-insurance plan, an occurrence based plan, was established in 1985. Claim limits associated with the plan are \$400,000 per occurrence and \$1,200,000 aggregate per annum for services provided by faculty physicians (unless lower limits are set by law, in which case the lower limits set by law apply), \$100,000 per occurrence and \$300,000 aggregate per annum for services provided by resident physicians, and \$25,000 per occurrence and \$75,000 aggregate per annum for services provided by students.

The liability associated with the medical malpractice self-insurance plan is adjusted annually based on an actuarially estimated incurred but not reported (IBNR) liability to reflect the anticipated future claims related to past medical services. The activity related to actual claims paid and the IBNR adjustment for the fiscal year ended August 31, 2015 is reflected in the *Annual Financial Report* for TTUHSC. However, beginning September 1, 2016, TTUSA will provide central administration of the medical malpractice self-insurance plan on behalf TTUHSCEP and TTUHSC.

As of September 1, 2003, providers of health care (physicians) are no longer exempted from the statutory limits of liability set for public servants as set out in § 108.002 of the Texas Civil Practices and Remedies Code. Public servants are limited in liability to \$100,000 to a single person and \$300,000 for a single occurrence. There is also a \$250,000 per person and \$500,000 per occurrence statutory limit in place for tort claims against TTUHSCEP as an institution.

# Notes to the Financial Statements August 31, 2015

#### NOTE 17 (continued) Risk Management

TTUHSCEP has self-insured arrangements for Unemployment Compensation Fund coverage with the Texas State Comptroller of Public Accounts under TTUHSC. The *General Appropriations Act* of the 83<sup>rd</sup> Texas Legislature provides that TTUHSCEP must reimburse the General Revenue Fund, from TTUHSCEP appropriations, one-half of the unemployment benefits expected to be paid for former and current employees. The Texas Comptroller of Public Accounts determines the proportionate amount to be reimbursed from each appropriated fund type. TTUHSCEP must also reimburse the General Revenue Fund for all of the cost of unemployment claims paid for any employees. Such reimbursements are paid from non-state funds held in local bank accounts or from local balances of legislative appropriations held in the State Treasury. TTUHSCEP paid total Unemployment Compensation for fiscal year 2015 in the amount of \$ 133,548.78. For fiscal year 2014, TTUHSCEP payments for Unemployment Compensation were paid for by TTUHSC. No material outstanding claims were pending as of August 31, 2015.

For workers compensation, TTUHSCEP is required by State law to be a participant in the Worker's Compensation Program and Pool managed by the State Office of Risk Management (SORM). SORM assesses fees based upon claims cost, claim count, payroll and FTE. The assessed fees are remitted, from both appropriated and unappropriated fund types, to SORM. Total estimated payments made by TTUHSCEP to SORM for fiscal year 2015 amounted to \$277,449.71. TTUHSCEP was included in the TTUHSC assessment for fiscal year 2014. Total estimated payments made by TTUHSC on behalf of TTUHSCEP for fiscal year 2014 amounted to \$84,103.62. SORM assumes the responsibility for paying all workers compensation claims for current and former employees of TTUHSCEP.

## NOTE 18 Management Discussion and Analysis

On May 18, 2013, the Texas Tech University Health Sciences Center at El Paso (TTUHSCEP) was established as a separate component unit of the State of Texas under Texas Senate Bill 120, and is one of five entities included in the Texas Tech University System. TTUHSCEP expects to receive appropriated funds for the 2016-2017 Biennium under the General Appropriations Act. The results of operations for the years ended August 31, 2015 and 2014 for TTUHSCEP are incorporated within this *Annual Financial Report*. This financial report contains certain allocations for reporting purposes between TTUHSCEP and TTUHSC that are reflected as net transfers.

#### NOTE 19 The Financial Reporting Entity

TTUHSCEP is an agency of the State of Texas, and is one of five components of the Texas Tech University System. The accompanying financial statements reflect inclusion of one blended component unit described in detail in Note 1. TTUHSCEP has no other related organizations, joint ventures or jointly governed organizations.

Texas Tech Physician Associates (TTPA) is a certified non-profit health corporation authorized under the Medical Practice Act § 5.01(a), article 4495b of the State of Texas. TTPA is exempt from tax under Internal Revenue Code §501(c)(3). The TTPA board consists of nine directors appointed by TTUHSCEP and, thus, TTUHSCEP can impose its will on TTPA. Further, TTPA was created for the purpose of entering into prepaid capitation agreements for physician and other medical services. Therefore, although it is a legally separate entity, TTPA is reported as a component unit since its sole purpose is to financially support TTUHSCEP. Independent financial statements for TTPA can be obtained from Provider Payer Relations, 3601 4th Street, Mail Stop 8300, Lubbock, Texas 79430.

TTUHSCEP has no material stewardship, compliance or accountability issues.

#### NOTE 21 Not Applicable

Per the *Reporting Requirements for Annual Financial Reports of State Agencies and Universities*, Note 21 is not applicable for the year ended August 31, 2015.

## NOTE 22 Donor Restricted Endowments

TTUHSCEP endowments are categorized as either true endowments or funds functioning as endowments. As of August 31, 2015, TTUHSCEP had no term endowments. Expenditure of true endowment funds is not permitted without the express consent of the donor. Most TTUHSCEP endowments are held in perpetuity. In many cases, a portion of the endowment earnings are expendable for student financial assistance or other purposes as designated by the donor or associated agreement. In other cases, endowment earnings are fully reinvested.

Annual Financial Report

# Notes to the Financial Statements August 31, 2015

## NOTE 22 (continued) Donor Restricted Endowments

Endowment assets are invested predominantly in the Long Term Investment Fund (LTIF), described in more detail in Note 3. The LTIF has experienced varying performance since its exception. The net appreciation (cumulative and unexpended) on donor-restricted endowments presented below is available for authorization and expenditure by TTUHSCEP.

		Amounts of	Net Appreciation*
Donor-Restricted Endowments	Reported in Net Position	8/31/2015	8/31/2014
True Endowments	Restricted Expendable	\$ 263,305.9	90 \$ 374,694.27

<sup>\*</sup>The fair value adjustment was (\$111,388.37) and \$178,202.04 for fiscal years 2015 and 2014 respectively

The TTUSA spending policy for endowments reflects an objective to distribute as much of the total return as is consistent with overall investment objectives while protecting the inflation adjusted value of the endowment principal for future users. The following factors are considered in the spending policy: the duration and preservation of the LTIF, the purposes of the TTUSA and the LTIF, general economic conditions, the possible effect of inflation or deflation, the expected total return from income and the appreciation of investments, other resources of the System and the overall investment policy. The distribution of spendable earnings shall not exceed 6% nor be less than 4% of the average net asset value of the LTIF over the preceding 12 quarters.

## NOTE 24 (continued) Disaggregation of Receivable and Payable Balances

#### Contractual Arrangements and Concentrations of Credit Risk

TTUHSCEP provides care to patients covered by various third party payers such as Medicare, Medicaid, and private insurance companies and health maintenance organizations (HMOs). Management does not believe there is significant credit risk associated with the listed payers, other than the self-pay and medically indigent category. Further, patient receivable balances are monitored and reserves and allowances associated with these receivables are adjusted accordingly. Patient accounts receivables are reported in this *Annual Financial Report* net of allowances for bad debts, contractual adjustments, and charity care.

Concentrations of gross patient accounts receivable as of August 31, 2015 and 2014 are depicted in the following table:
