Report on the Financial Statements

We have audited the accompanying financial statements of Amarillo College (the College) as of and for the year ended August 31, 2015, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

This page left blank intentionally.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the College as of August 31, 2015, and the changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 2 to the financial statements, in 2015, the College adopted new accounting guidance, GASB Statement No. 68, *Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date—an Amendment of GASB Statement No. 68*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of the College's Proportionate Share of the Net Pension Liability, and the Schedule of the College's Contributions on pages 8-15 and pages 52-54 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the basic financial statements of the College. The accompanying supplemental information listed in the table of contents, Schedules A, B, C and D, is likewise presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, Schedule E, and Schedule of Expenditures of State of Texas Awards, Schedule F, as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the State of Texas Single Audit Circular are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards, the Schedule of Expenditures of State of Texas Awards, and the Other Supplemental Information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing

procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards, the Schedule of Expenditures of State of Texas Awards, and the Other Supplemental Information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 24, 2015, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**AMARILLO COLLEGE
MANAGEMENT'S DISCUSSION AND ANALYSIS
Years Ended August 31, 2015, 2014 and 2013**

INTRODUCTION

The 2015 fiscal year was the fourteenth fiscal year that Amarillo College (the College) has presented financial statements in the format required by Governmental Accounting Standards Board (GASB) Statements No. 34 and 35. In the past, audit reports had the financial statements differentiating between the separate funds and fund groups of the College's general ledger. Under the new format, Exhibits 1, 2, and 3 present the financial data from all funds consolidated into a single column.

Exhibit 1, the Statements of Net Position corresponds to the Balance Sheet on prior year statements. This exhibit presents the assets, liabilities, and net position of the College in a single columnar format as of the end of the fiscal year.

Exhibit 2, the Statements of Revenues, Expenses, and Changes in Net Position presents the activity that occurred in the assets, liabilities, and net position for the fiscal year that resulted in the presentation of those items on Exhibit 1. Local ad valorem taxes assessed by the College, investment income, Title IV financial aid program, and state appropriations are reported as non-operating revenues.

Exhibit 3, the Statements of Cash Flows presents the inflow and outflow of cash collected and disbursed by the College for the fiscal year.

Schedule A, the Schedule of Operating Revenues presents a detailed list of the operating revenues, classified as Educational Activities (Unrestricted, Restricted) and Auxiliary Enterprises.

Schedule B, the Schedule of Operating Expenses by Object details the expenditures for the fiscal year classified by function (element of cost) and by natural (object code) classification.

Schedule C, the Schedule of Nonoperating Revenues and Expenses provides detail for the fiscal year classified as Unrestricted, Restricted and Auxiliary Enterprises.

Schedule D, the Schedule of Net Position by Source and Availability provides a reconciliation of fund balances to net position as well as funds available for current operations.

Schedule E, the Schedule of Expenditures of Federal Awards provides detail for the fiscal year for expenditures of federal financial assistance.

Schedule F, the Schedule of Expenditures of State of Texas Awards provides detail for the fiscal year for expenditures of state financial assistance.

CONDENSED COMPARATIVE FINANCIAL INFORMATION

This is the fourteenth year that the College has prepared these financial statements in the GASB 34/35 format. Following are the comparative financial statements for fiscal years 2015, 2014, and 2013:

ANALYSIS OF COLLEGE'S OVERALL FINANCIAL POSITION AND RESULTS OF OPERATIONS

REVENUES

State Appropriations – State appropriations for educational and general state support have been declining, but did increase for 2014 and then decreased slightly for 2015, the second year of the biennium.

<u>Year</u>	<u>State Appropriations</u>	<u>Change from Prior Year</u>	<u>% Change</u>
2012	\$ 15,320,559	\$ (572,664)	-3.6%
2013	15,097,688	(222,871)	-1.5%
2014	15,307,049	209,361	+1.4%
2015	15,289,482	(17,567)	-0.1%

Auxiliary Enterprises – Profits from the College's auxiliary enterprises remain steady, which includes the operation of family housing at the East Campus and the operation of the campus bookstores. For several years profit from auxiliary enterprises has been used to supplement the operation of the College's physical plant.

Investment Income – From 2003 to 2007 interest rates rose, increasing investment revenue; during 2008 interest rates started declining and continued to do so through 2015.

Ad Valorem Tax Base – The Amarillo Junior College District (the District) property appraisal increased \$445 million or 3.97% from the 2014 tax year to the 2015 tax year, \$360 million or 3.32% from the 2013 tax year to the 2014 tax year, and \$311 million or 3.0% from the 2012 tax year to the 2013 tax year. The increase is made up of new properties, improvements to existing properties, and increased valuations.

With the passage of the bond initiative in November of 2007 and the subsequent sale of \$68.3 million of construction bonds, the total tax rate for the 2015 tax year remained the same at \$.20750 per \$100 valuation; however, the maintenance and operations portion of the tax rate

increased \$.00148 over the previous year and the interest and sinking portion was reduced by the same amount. The last bond sale associated with the November 2007 bond initiative was on May 15, 2012, in the amount of \$14,305,000.

In November of 2006, the voters of the District passed the local option to freeze ad valorem taxes for seniors and disabled.

The Amarillo City Council adopted Ordinance No. 7012 on December 19, 2006, providing for the creation of a contiguous geographic area within the City to be a zone known as the Tax Increment Zone Number One, City of Amarillo, Texas (TIRZ #1) and the establishment of a tax increment fund for the Zone. The District's boundaries encompass the TIRZ #1. At a special meeting in November of 2007, the Board of Regents approved participation in the TIRZ #1. The contribution by the College to the TIRZ #1 district for 2014-15, 2013-14, and 2012-13, was \$104,275, \$104,814, and \$102,499, respectively.

Economic Outlook – While the recent recession has hit parts of the country very hard, the economic conditions in the College service area have not been that severe. The local unemployment rate of 3.4% is below the state and national averages of 4.1% and 5.3%, respectively. As mentioned above, appropriations from the state of Texas were increased by 1.4% for fiscal year 2014 from 2013. State appropriations for fiscal year 2015 remained consistent with the 2014 appropriations for the second year of the biennium.

EXPENSES

Employee Health Insurance – The College offers health insurance to its employees through the Employees Retirement System of Texas (ERS). The amount funded by the state was \$2.2 million, \$3.0 million, and \$3.2 million for fiscal years 2013, 2014, and 2015 respectively.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets are defined as those items costing over \$5,000 and which have a normal useful life of more than two years. Below is a summary of the capital assets, as of August 31:

	<u>2015</u>	<u>2014</u>	<u>2013</u> (restated)	<u>Percent Change</u>

CAPITAL ASSETS AND DEBT ADMINISTRATION (CONTINUED)

Certain buildings on the College's East Campus were determined to be obsolete. Impairment loss recognized for 2015, 2014, and 2013 are \$-0-, \$-0-, and \$406,554, respectively. The College has entered into various construction contracts. Total current commitments are \$3,690,799 of which \$20,109 was expended at August 31, 2015.

At August 31, 2015, the College had six bond issues outstanding, consisting of a revenue bond and five general obligation bond issues. The outstanding balance as of August 31, 2015, on each of the issues is \$9,425,000, \$15,215,000, \$17,005,000, \$14,305,000 for Series 2008, 2009, 2010, and 2012, respectively. In July of 2015, \$8,705,000 of the Series 2008 issue was refunded in order to lower the overall debt service requirements of the College. The Series 2015 issue resulted in an overall savings of approximately \$1,190,831. The 2011 revenue bond has an outstanding balance of \$3,935,000. Total long-term debt, excluding current portion, at August 31, 2015, is \$65,655,000.

Additional information on the College's capital assets and noncurrent liabilities can be found in Notes 5, 6, 7, and 8, respectively, to the basic financial statements.

OTHER MATTERS AT THE COLLEGE

Prior Period Adjustment – In June of 2012, the GASB issued Statement No. 68 which established new accounting and financial reporting requirements for governments that provide their employees with pensions. The guidance contained in the Statement changes how governments calculate and report the costs and obligations associated with pensions. GASB 68 provides specific guidance dependent on whether the pension plan the government participates in is considered a single-employer plan or multiple-employer plan.

Amarillo College provides pension benefits to its employees and retirees through its participation in the Teacher Retirement System of Texas (TRS) pension plan. TRS is considered to be a multiple-employer, cost-sharing pension plan with a special funding situation. A "special funding situation" as defined by GASB 68 refers to circumstances in which a non-employer contributing entity (NECE) is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity or entities and either the amount of the NECE contributions required are not dependent upon one or more events unrelated to pensions or the NECE is the only entity with a legal obligation to make contributions directly to the pension plan. With regard to the TRS plan, the State of Texas is the NECE as defined by GASB 68 and, as such, the TRS pension plan is properly classified as a multiple-employer, cost-sharing pension plan with a special funding situation, as reflected in the financial statements for the TRS plan itself. The prior period adjustment to record the net pension liability was (\$11,930,444).

OTHER MATTERS AT THE COLLEGE (CONTINUED)

We also made a prior period adjustment of \$2,002,639 for a previously impaired building that was put back in use by the institution. In addition, there was a prior period adjustment for pension expense in the amount of \$196,688 which was overbooked in the prior fiscal year. The Comparative Financial Information schedule reflects total prior period adjustments in the amount of (\$9,731,118) for the fiscal year 2015.

Amarillo Technical Center – Beginning with the 1996 fiscal year, the College assumed the operation of the Texas State Technical College Amarillo campus by act of the Texas State Legislature. The land and buildings were leased to the College through fiscal year 2002. On September 1, 2002, the land and facilities were transferred to the College by act of the Texas State Legislature. The Amarillo Technical Center has been renamed the Amarillo College East Campus. HB 521, which was passed in the Texas State Legislature, now gives the College the ability to dispose of excess acreage encompassed within the East Campus.

Moore County Branch Campus – In 1999 the voters of Moore County passed a Branch Campus Maintenance Tax to fund a branch campus of Amarillo College in Dumas, Texas.

The College agreed to underwrite the cost above revenues of the branch campus until the revenues generated by the operation of the campus were sufficient to cover the expenditures. The long-term financial plan for the Moore County Branch Campus projected that the campus would begin paying back the reserves used by the College in fiscal year 2004 and would have all of the reserves reimbursed during fiscal year 2006. During fiscal year 2003, the Moore County Branch Campus had paid back all underwriting funds.

The Amarillo College Moore County Campus Tactical Plan development for 2011-2015 has resulted in the construction of an approximately 30,000 square foot Career and Technical Center in Dumas, Texas. The Career and Technical Center is located in the Dumas Economic Development Corporation (DEDC) Business Park, which is located at Hwy 287 and Success Boulevard. DEDC donated approximately 11 acres in the Business Park with the understanding that construction was to commence within two years of the property being annexed to the City of Dumas and the utilities being located on the property. The Amarillo College Board of Regents approved the sale of \$4.5 million in Revenue Bonds to be used to finance the new Career and Technical Center. Construction on the Career and Technical Center was essentially completed by August 31, 2013.

Hereford Branch Campus – In 2003, citizens of Hereford, Texas, organized a steering committee to investigate the possibility of establishing a community college branch campus to be located in their city. The steering committee approached the College and discussions began concerning the establishment of a branch campus. In 2004, voters of the Hereford Independent School District passed a Branch Campus Maintenance Tax to fund a branch campus of Amarillo College in Hereford. The Hereford Branch Campus began operation for the 2005 Fall Semester.

OTHER MATTERS AT THE COLLEGE (CONTINUED)

During September of 2011, the College was approached by an individual wanting to make a monetary donation for construction of a new campus for Amarillo College in Hereford. In January of 2012, the Everett & Mabel McDougal Hinkson Foundation, Inc. was established with a gift of \$3,000,000 for construction of a new campus. Various covenants were specified, one of which was the requirement of the College to spend \$2,000,000 for the construction. The College contribution would be the first money used during construction, which began in Fall of 2012 and was completed for Spring 2014 classes. The total cost to the College was approximately \$2.5 million, which was funded by use of AC reserves and Hereford Branch Campus reserves. The Hereford Economic Development Corporation donated approximately 10 acres and the College purchased an additional 10 acres of land for the site of the new campus.

BOND ELECTION

At the regularly scheduled meeting in August 2007, the Board of Regents passed an election order calling for a \$68.3 million bond election in November of 2007. On November 6, 2007, the District bond election was passed by the voters of the District. Bonds in the amount of \$22,000,000, \$16,000,000, \$16,000,000, and \$14,305,000 were sold June 15, 2008, June 15, 2009, June 15, 2010, and May 15, 2012, respectively. The proceeds from bond sales have been used for new construction, renovation of existing buildings, equipping classrooms, and technology infrastructure. Standard & Poor's continues to provide the College's bond rating of AA+ based upon the College's strong and likely sustainable financial performance trend, evidenced by very strong reserves and substantial taxing flexibility. A parking lot expansion was completed in 2009. The Science Laboratory Building, expansion of the Chilled Water Loop on Washington Street Campus, Jones Hall on West Campus, and Warren Hall renovations were completed in 2010. The East Campus HVAC and Parcels project were completed in 2011. Byrd Business Building and Allied Health renovations, along with the Downtown Campus Parking Lot, were completed in 2012. The Music Building and the ground floor of the Byrd Business Building and Parcels Hall were completed in 2013 as well as renovations to Building V & S on the East Campus. The Math Center project and the 2nd floor of the Lynn Library were funded partially by bond funds and partially by grant funds. In 2014, renovations to Dutton Hall and the Student Union building were completed. Several additional projects were completed in 2015.

AMARILLO FOUNDATION FOR EDUCATION AND BUSINESS

On November 14, 2012, the Board of Regents entered into an agreement with an independent foundation entitled Amarillo Foundation for Education and Business (AFEB) for the sole purpose of selling land on East Campus. The Board of Directors consists of five members, two members who shall be appointed by PRANA Development Group, LLC, and three members who will be appointed by the College. AFEB is considered a blended component unit of the College. As of August 31, 2015, five land sales have taken place for a total of 77.46 acres being sold for \$863,752. There were no land sales in 2015.

SUBSEQUENT EVENTS

On October 20, 2015, the Board of Regents adopted a Voluntary Retirement Incentive Plan for eligible employees. This plan is available to employees who are eligible for full retirement under Teachers Retirement System of Texas, Optional Retirement Plan and Employees Retirement System of Texas. The anticipated salary savings from this plan is estimated to be \$4.7 million with a cost of approximately \$2.2 million.

On October 29, 2015, Amarillo College received a donation in the amount of \$750,000 from the Amarillo Area Foundation and a pledge for another \$750,000 in the following year. Amarillo Economic Development Committee has also pledged another \$2.8 million, which was approved on November 3, 2015, and will be approved by the City Commission on Tuesday, November 10, 2015. These funds will be used for expansion of East Campus facilities to upgrade the technical programs.

AMARILLO COLLEGE
NOTES TO FINANCIAL STATEMENTS
August 31, 2015

NOTE 1 - REPORTING ENTITY

Amarillo College (the College) was established in 1929, in accordance with the laws of the state of Texas, to serve the educational needs of Amarillo and the surrounding communities. The College is considered to be a special-purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement No. 14. While the College receives funding from local, state, and federal sources and must comply with the spending, reporting, and recordkeeping requirements of these entities, it is not a component unit of any other governmental entity.

The financial reporting entity includes both the primary institution and all of its component units. The Everett & Mabel McDougal Hinkson Foundation and the Amarillo Foundation for Education and Business are both considered blended component units. The blended component units, although legally separate, are in substance part of the College's operations and, therefore, are reported as if they were part of the College. See Note 23 for additional information.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The College applies all applicable GASB pronouncements. The College is reported as a special-purpose government engaged in business-type activities.

Tuition Discounting

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.033). When the award for tuition is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act Program Funds

Certain Title IV HEA Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as a tuition discount.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tuition Discounting (Continued)

If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Budgetary Data

Each community college in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Regents adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Deferred Inflows

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Governments are only permitted to report deferred inflows in circumstances specifically authorized by the GASB. The College has deferred inflows related to the recording of the net pension liability.

Deferred Outflows

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Governments are only permitted to report deferred outflows in circumstances specifically authorized by the GASB. The College has deferred outflows relating to deferred charges on refunding debt and the net pension liability.

Cash and Cash Equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Cash held in endowments is not considered to be cash and cash equivalents for cash flow purposes as it is permanently restricted.

AMARILLO COLLEGE
NOTES TO FINANCIAL STATEMENTS
August 31, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Restricted Cash

Restricted cash consists of restricted funds from donors, unspent bond proceeds, sinking funds, and cash belonging to the Amarillo Foundation for Education and Business (AFEB).

Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase or are funds which have donor-imposed restrictions (endowments).

Inventories

Inventories consist of consumable office supplies, physical plant supplies (including fuel), computers, and bookstore stock. Inventories are valued at the lower of cost (under the first-in, first-out method) or market and are charged to expense as consumed.

Capital Assets

Capital assets are recorded at cost at the date of acquisition or fair value at the date of donation. The capitalization policy includes items valued at \$5,000 or more and a useful life of greater than two years. Renovations of \$100,000 or more to buildings, infrastructures, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The following lives are used:

Buildings	50 years
Facilities and Other Improvements	20 years
Library Books	15 years
Furniture, Machinery, Vehicles and Other Equipment	10 years
Telecommunications and Peripheral Equipment	5 years

The GASB issued Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, in November 2003. This Statement was effective for the College's fiscal year ending August 31, 2006. This Statement establishes accounting and financial reporting standards for impairment of capital assets and also clarifies and establishes accounting requirements for insurance recoveries. The College analyzed its capital assets for impairment in accordance with GASB Statement No. 42. As a result, there were no impairment losses recognized during 2015.

AMARILLO COLLEGE
NOTES TO FINANCIAL STATEMENTS
August 31, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

The College capitalizes interest costs incurred on funds used to construct property, plant and equipment. The capitalized interest is recorded as part of the assets to which it relates and is amortized over the asset's estimated useful life. Interest cost capitalized was \$7,109 in 2015.

Unearned Revenues

Tuition, fees, and other revenues received and related to the period after August 31, 2015, have been deferred. Unearned revenues for August 31, 2015, are \$9,377,487.

Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS' fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating and Nonoperating Revenue and Expense Policy

The College distinguishes operating revenues and expenses from nonoperating items. The College reports as a business-type activity and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees. The major nonoperating revenues are state allocations, Title IV financial aid programs, and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets.

When both restricted and unrestricted resources are available for use, it is the College's practice to use restricted resources first, and then unrestricted resources as they are needed.

Change in Accounting Principles

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement No. 27* as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, is effective for financial statements for periods beginning after June 15, 2014. This Statement improves financial reporting by enhancing the reporting of the net pension liability and a more comprehensive measure of

pension expense. With GASB 68, the College must assume their proportionate share of the Net Pension Liability of the Teachers Retirement System of Texas. Adoption of GASB 68 required a prior period adjustment to report the effect of GASB 68 retroactively. There is added information available through new note disclosure and required supplementary information.

Restatement of Beginning Net Position

The College restated its Beginning Net Position by \$9,731,118. The decrease in net position was due to the following items:

Decrease in net position due to the implementation of GASB 68	\$ (11,930,444)
Increase in net position due to the addition of a building that had been set to be demolished but was placed back in service	2,002,638
Increase in net position due to an error in recording the prior year pension expense	<u>196,688</u>
Beginning Net Position, restated	<u><u>\$ (9,731,118)</u></u>

Beginning net position was \$97,916,705 and has been restated to \$88,185,587.

NOTE 3 - AUTHORIZED INVESTMENTS

The College is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the state of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

Investments as of August 31, 2015, are classified as follows:

Short-term investments	\$ 26,710,044
Restricted investments	1,500,000
Endowment investments	<u>2,500,000</u>
Total investments	<u>\$ 30,710,044</u>

As of August 31, 2015, the College had the following investments and maturities:

<u>Investment Type</u>	<u>Market Value</u>	<u>Percent</u>	<u>Investment Maturities (Years)</u>	<u>Security Rating</u>
TexPool cash endowment fund	\$ 345,878	1%	Less than 1 year	-
Endowed savings/mutual funds	4,063,979	13%	Less than 1 year	Unrated - BBB
Certificates of deposit	<u>26,300,187</u>	<u>86%</u>	Less than 1 year	-
Total investments	<u>\$ 30,710,044</u>	<u>100%</u>		

Interest Rate Risk - Interest rate risk occurs when potential purchasers of debt securities do not agree to pay face value for those securities if interest rates rise. In accordance with state law and Board policy, the College does not purchase any investments with maturities greater than one year except for endowed funds which can be invested to a maximum of five years. The College uses the specific identification method to disclose interest rate risk.

Concentration of Credit Risk - Concentration risk is defined as positions of 5% or more in the securities of a single issuer. The College's investment policy states that the balance in external investment pools shall not exceed 35% of the total College investment portfolio unless approved by the Investment Committee of the Board of Regents. The College held certificates of deposit at a local bank which are 8.5% of the portfolio as of August 31, 2015.

AMARILLO COLLEGE
NOTES TO FINANCIAL STATEMENTS
August 31, 2015

NOTE 4 - DEPOSITS AND INVESTMENTS (CONTINUED)

Credit Risk - In accordance with state law and the College's investment policy, with the exception of endowed investments, investments in mutual funds and investment pools must be rated at least AAA, commercial paper must be rated at least A-1 or P-1, and investments in obligations from other states, municipalities, counties, etc. must be rated at least A.

Custodial Credit Risk - For deposits and investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The College is not exposed to custodial credit risk for its deposits and investments as all are insured, registered, and held by the College or by its agent in the College's name.

Participation in External Investment Pools

As of August 31, 2015, the carrying amount of amounts invested in investment pools was \$7,224,941. Investment pools are recorded at cost, which approximated market value at August 31, 2015. All investment pools are uninsured and are not registered with the Securities and Exchange Commission. Investment pools are not subject to custodial credit risk as they are not evidenced by securities that exist in physical or book entry form.

The College's investment in investment pools is TexPool Participant Services. TexPool Participant Services' regulatory oversight agent is the Texas Treasury Safekeeping Trust Company and their credit risk rating is AAAM. Their financial reports may be obtained by writing Federated Investment Management Company, 1001 Texas Avenue, Suite 1400, Houston, TX 77002.

General Obligation Bonds, Series 2015

- Limited Tax Refunding Bonds, Series 2015, used to refund part of General Obligations Bonds Series 2008.
- Issued July 2, 2015
- Average Interest rate of bonds refunded: 5.00%
- Proceeds from Series: \$9,946,064 received, less cost of issuance of \$171,193, of which the remainder, \$9,774,871, was used in refunding part the General Obligations Bonds Series 2008.
- Source of revenue for the debt service – Ad valorem tax levied by the District on taxable property. Outstanding balance at August 31, 2015: \$ 8,520,000.
- The bonds are due in annual installments varying from \$343,450 to \$1,779,800, including interest with the interest rates from 4.00% to 4.50%, with the final installment due in 2028.

On June 2, 2015, Amarillo Junior College District issued general obligation bonds in the amount of \$8,665,000 with an interest rate from 2.00% to 4.50% to advance refund term bonds with an interest rate from 4.00% to 5.00% and a par value of \$8,665,000. The term bonds mature on February 15, 2028, and are callable on February 15, 2018. The general obligation bonds were issued at par and, after paying issuance costs of \$171,193 and including the reoffering premium of \$1,281,064, the net proceeds were \$9,774,871. The net proceeds from the issuance of the general obligations bonds were used to purchase U.S. government securities, and those securities were deposited in an irrevocable trust with an escrow agent to provide debt service payments until the term bonds are called on February 15, 2018. The advance refunding met the requirements of an in-substance debt defeasance, and the term bonds were removed from the District's financial statements.

As a result of the advance refunding, the District reduced its total debt service requirements by \$1,190,831, which resulted in an economic gain of \$1,008,316.

NOTE 9 - EMPLOYEES' RETIREMENT PLANS

Plan Description

The College participates in the TRS, a cost-sharing, multiple-employer defined benefit pension plan (the Plan) that has a special funding situation. TRS administers retirement and disability annuities and death and survivor benefits to employees and beneficiaries of employees of the public, state-supported educational institutions in Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Section 67, and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code (IRC). TRS also administers proportional retirement benefits and service credit transfers under Texas Government Code, Title 8, Chapters 803 and 805, respectively.

NOTE 9 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Plan Description (Continued)

The Texas Legislature has the authority to establish and amend benefit provisions of the pension plan and may, under certain circumstances, grant special authority to the TRS Board of Trustees. All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system. TRS issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. That report may be obtained by downloading the report from the TRS internet website, www.trs.state.tx.us, by writing to TRS at 1000 Red River Street, Austin, TX 78701-2698, or by calling (512) 542-6592.

Benefits Provided

Benefits are established or amended primarily under the authority of the provisions of the Texas Constitution, Article XVI, Section 67 and by the Legislature in the Texas Government Code, Title 8, Subtitle C. The pension's Board of Trustees does not have the authority to establish or amend benefits. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with five years of credited service or when the sum of the member's age and years of credited service equals or exceeds 80 years. Early retirement is at age 55 with five years of credited service and any age below 55 with 30 years of credited service. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. A member is fully vested after five years of creditable service and entitled to any benefit for which eligibility requirements have been met. There are no automatic post-employment benefit changes, including automatic COLAs. Ad hoc postemployment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Contributions

Contribution requirements are established or amended pursuant to the following state laws: (1) Article XVI, Section 67 of the Texas Constitution requires the Texas Legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code Section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in this manner are determined by the system's actuary.

NOTE 9 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Contributions (Continued)

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 through 2017. The 83rd Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2014 and 2015. Contribution amounts for fiscal year 2014 are as follows:

	<u>Contributions Required and Made</u>
Member (Employee)	\$ 1,542,561
College (Employer)	999,435
Non-employer contributing agency (State)	647,623

Contribution rates for Plan fiscal years (September to August) 2014 and 2015 follow:

	<u>Contribution Rates Plan Fiscal Year</u>	
	<u>2014</u>	<u>2015</u>
Member	6.4%	6.7%
Employer	6.8%	6.8%
Non-Employer Contributing Entity	6.8%	6.8%

Contributors to the plan include members, employers, and the State of Texas as the only non-employer contributing entity. As the non-employer contributing entity, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities, or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.

**AMARILLO COLLEGE
NOTES TO FINANCIAL STATEMENTS
August 31, 2015**

NOTE 9 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Contributions (Continued)

- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, when employing a retiree of the TRS, the employer shall pay both the member contribution and the state contribution as an employment-after-retirement surcharge.

Actuarial Assumptions

The actuarial assumptions used in the valuation were based on the results of an actuarial experience study for the four-year period ending August 31, 2010, and adopted on April 8, 2011. With the exception of the postretirement mortality rates for healthy lives and a minor change to the expected retirement age for inactive vested members stemming from the actuarial audit performed in the summer of 2014, the assumptions and methods are the same as listed in the prior valuation. When the mortality assumptions were adopted in 2011 they contained significant margin for possible future mortality improvements. As of the date of the valuation, there has been a significant erosion of this margin to the point that the margin has been eliminated.

Therefore, the postretirement mortality rates for current and future retirees have decreased to add additional margin for future improvement in mortality in accordance with the Actuarial Standards Practice No. 35.

The total pension liability as of August 31, 2014, was determined using the following actuarial assumptions:

Valuation date	August 31, 2014
Actuarial cost method	Individual entry age normal
Amortization method	Level percentage of payroll, open
Asset valuation method	5-year market value
Remaining amortization period	30 years
Actuarial assumptions:

Long-term expected investment rate of return**	8.00%
Inflation	3.00%
Salary increases**	4.25% to 7.25% including inflation
Weighted-average at valuation date	5.55%
Payroll growth rate	3.50%

** Includes inflation of 3%

AMARILLO COLLEGE
NOTES TO FINANCIAL STATEMENTS
August 31, 2015

NOTE 9 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Discount Rate

The discount rate used to measure the total pension liability was 8.0 %. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current Plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments is 8.0%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of August 31, 2014, as amended October 1, 2014, are summarized below:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Real Return Geometric Basis</u>	<u>Long-Term Expected Portfolio Real Rate of Return *</u>

Sensitivity of the College's Share of the Net Pension Liability

The following presents the College's share of the net pension liability of the Plan using the discount rate of 8%, as well as what the College's share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (7%) or one percentage point higher (9%) than the current rate:

	<u>1% Decrease in Discount Rate 7%</u>	<u>Current Discount Rate 8%</u>	<u>1% Increase in Discount Rate 9%</u>

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2015, the College reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the College. The net pension liability was measured as of August 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The amount recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College were as follows:

College's proportionate share of the net pension liability	\$ 10,529,921
State's proportionate share of the net pension liability associated with the College	<u>6,837,829</u>
Total	<u>\$ 17,367,750</u>

The net pension liability was measured as of August 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The College's proportion of the net pension liability was based on the College's contributions to the pension plan relative to the contributions of all participating entities to the Plan for the period September 1, 2013, through August 31, 2014. At August 31, 2014, the College's proportion of the collective net pension liability was 0.0394211%.

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

For the year ended August 31, 2015, the College recognized pension expense of \$632,145 and revenue of \$632,145 for support provided by the State.

Optional Retirement Plan – Defined Contribution Plan

Plan Description. Participation in the Optional Retirement Program (ORP) is in lieu of participation in the TRS. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined, but are established and amended by the Texas State Legislature. The percentage of participant salaries currently contributed by the state is 6.6% for fiscal years 2015 and 2014. The participant contribution rate is 6.65% for both years. The College contributes 1.31% for employees who were participating

in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment.

Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. S.B. 1812, effective September 1, 2013, limits the amounts of the state's contribution to 50% of eligible employees in the reporting district.

The ORP expense to the state for the College was \$266,541, \$292,661, and \$275,384 for the fiscal years ended August 31, 2015, 2014, and 2013, respectively. This amount represents the portion of expended appropriations made by the state legislature on behalf of the College.

The total payroll of employees covered by the ORP was \$8,386,463, \$9,321,638, and \$9,616,627 for fiscal years 2015, 2014, and 2013, respectively.

College-Sponsored Benefit Plans

The College has a voluntary employee defined contribution 403(b) plan administered by the Plan's trustee. The Plan is funded by matching employee and employer contributions of 6.65% of employee compensation. Plan funds are held in trust and are administered by the College's Vice-President of Business Affairs with oversight by the Board of Regents. Full-time employees and certain part-time employees are eligible to participate and are fully vested at all times. At August 31, 2015, 2014, and 2013, there were 968, 960, and 947, respectively, plan participants. The related expense was \$1,979,839, \$2,010,047, and \$2,029,805 for the years ended August 31, 2015, 2014, and 2013, respectively.

Part-time employees that are not covered by the defined contribution employee benefit plan are covered by a plan established pursuant to IRC Section 457. As a result of the passage of the Small Business Job Protection Act of 1996, beginning January 1, 1999, part-time plan funds are held in an irrevocable trust for the exclusive benefit of the participants. The College is responsible for due care in managing the investments of the Plan. The related expense was \$263,780, \$289,207, and \$283,707 for the years ended August 31, 2015, 2014, and 2013, respectively.

NOTE 11 - COMPENSABLE ABSENCES

Full-time employees earn annual leave from eight to twelve hours per month depending on the number of years employed with the College. The College's policy is that an employee may carry his accrued leave forward from one fiscal year to another fiscal year with a maximum number of hours up to 160 for those employees with five or less years of service, up to 200 hours for those employees with more than five years but under ten years of service, and up to 240 hours for those employees with more than ten years of service. Employees with at least six months of service who terminate their employment are entitled to payment for all accumulated annual leave up to the maximum allowed. The College recognized the accrued liability for the unpaid annual leave in the amount of \$1,048,851 as of August 31, 2015. Sick leave, which can be accumulated up to 120 days, is earned at the rate of eight hours per month; however, sick leave is not paid at termination. The College's policy is to recognize the cost of sick leave when utilized by employees.

NOTE 12 - ENDOWMENTS

KACV-TV (the Station) is part of and is operated by the College. In 1999, the Station received \$1,000,000 from the Sybil B. Harrington Living Trust (Harrington Trust) which was specified as an endowment. In 2005, the Station received an additional \$500,000 gift from an anonymous donor that was to be held as an endowment. The College also received a \$1,000,000 endowment from the Harrington Trust for the Harrington Library Consortium.

NOTE 13 - COMMITMENTS, CONTINGENCIES AND LAWSUITS

The College participates in various state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies. In the opinion of the College's management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies. Additionally, the College's students participate in the Federal Direct Loan Program for which the proceeds are used for tuition and education-related costs. Regulations require that default rates pertaining to loans to persons attending the College not exceed certain levels at the College. In the event that specific levels were exceeded, the program could be discontinued at the College; however, the College does not anticipate this occurring. The total amount of Direct Loans made during 2015 was \$9,405,302.

On August 31, 2015, various lawsuits and claims involving the College were pending. While the ultimate liability with respect to litigation and other claims asserted against the College cannot be reasonably estimated at this time, this liability, if any, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the College.

Total accounts payable	<u>\$ 1,334,878</u>

NOTE 15 - CONTRACT AND GRANT AWARDS

Contract and grant awards are accounted for in accordance with the requirements of the American Institute of Certified Public Accountants (AICPA) Industry Audit Guide, *Audits of Colleges and Universities*. Revenues are recognized on Exhibit 2, Schedule A, and Schedule C.

For federal and nonfederal contract and grant awards, funds expended, but not collected, are reported as accounts receivable on Exhibit 1. For federal and nonfederal contract and grant awards, funds received, but not yet expended, are reported as deferred revenue on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements. Contract and grant awards funds already committed, e.g., multi-year awards, or funds awarded during fiscal years 2015 for which monies have not been received nor funds expended, totaled \$6,977,903. Of these amounts, \$3,222,886 were from federal contract and grant awards, \$2,310,579 were from state contract and grant awards, and \$1,444,439 were from private contract and grant awards for the fiscal year ended 2015.

NOTE 16 - SELF-INSURED PLANS

The College does not participate in public entity risk pools. Claims and judgments are accounted for in accordance with GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*. Property and casualty risks are insured through insurance contracts. Workers' compensation risks are substantially covered by insurance. Health claims are fully covered by the state of Texas.

NOTE 17 - POSTRETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The cost of providing those benefits for retirees is not separable from the cost of providing benefits for the active employees. The state's contribution per full-time employee was approximately \$538 per month for the year ended August 31, 2015, and totaled \$3,221,262 for the year ended August 31, 2015. S.B. 1812, effective September 1, 2013, limits the amounts of the state's contribution to 50% of eligible employees in the reporting district.

NOTE 18 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description. The College contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit postemployment healthcare plan administered by the Employees Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges, and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contributions provisions of the SRHP are authorized by state law and may be amended by the Texas State Legislature. ERS issues a publicly available financial report that includes financial statements and required supplementary information for SRHP. That report may be obtained from ERS via their website at <http://www.ers.state.tx.us/>.

Funding Policy. Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy, which is actuarially determined in accordance with the parameters of GASB Statement No. 45.

**AMARILLO COLLEGE
NOTES TO FINANCIAL STATEMENTS

NOTE 18 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years.

Beginning September 1, 2013, S.B. 1812 limited the state's contribution to 50% of eligible employees for community colleges.

The College's contributions to SRHP for the years ended August 31, 2015, 2014, and 2013 were \$2,723,431, \$2,413,980, and \$2,218,070, respectively, which equaled the required contributions each year.

NOTE 19 - AD VALOREM TAX

The College's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and personal property located in the taxing jurisdiction.

At August 31, 2015:

Assessed valuation of the District	\$ 13,178,835,946
Less: exemptions	<u>1,970,945,054</u>
Net assessed valuation of the District	<u>\$ 11,207,890,892</u>

NOTE 19 - AD VALOREM TAX (CONTINUED)

Tax collections for the year ended August 31, 2015, were 98.54% of the current tax levy. Allowance for uncollectible taxes is based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to either maintenance and operations or interest and sinking fund expenditures.

NOTE 20 - BRANCH CAMPUS MAINTENANCE TAX

A branch campus maintenance tax that is established by election is levied by Moore County and Hereford Independent School District. It is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District. Collections are transferred to the College to be used for operation of a branch campus in Dumas, Texas, and Hereford, Texas. This revenue is reported under local grant contracts. Collections in fiscal year 2015 (including penalties and interest) from Moore County totaled approximately \$1,227,576, and from Hereford Independent School District totaled approximately \$601,960.

NOTE 21 - INCOME TAXES

The College is exempt from income taxes under IRC Section 115, *Income of States, Municipalities, Etc.*, although unrelated business income may be subject to income taxes under IRC Section 511(a)(2)(B), *Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations*. The College had no significant unrelated business income for the year ended August 31, 2015.

NOTE 22 - RELATED PARTIES

The Amarillo College Foundation, Incorporated (the Foundation) is a nonprofit organization with the primary purpose of supporting the educational and other activities of various entities, including the College. The Foundation solicits donations and awards scholarships, including substantial scholarships to students not attending the College. The College does not appoint a voting majority to the board of directors nor does it fund or is it obligated to pay debt related to the Foundation. Accordingly, the Foundation has not been presented as a discrete component unit of the College. During the fiscal year, the College furnished certain services, such as office space, utilities and some staff assistance, to the Foundation. The amount of such services provided by the College has not been determined.

NOTE 23 - BLENDED COMPONENT UNIT

Amarillo Foundation for Education and Business

On November 14, 2012, the Board of Regents entered into an agreement with an independent foundation entitled Amarillo Foundation for Education and Business (AFEB) for the sole purpose of selling land on East Campus. The land is held by the College which, in turn, sells the land to AFEB when AFEB has found a buyer. The board of directors consists of five members, two of whom are appointed by PRANA Development Group, LLC, and three members who are appointed by the College. AFEB is considered a blended component unit of the College. There were no sales during the fiscal year ended August 31, 2015.

NOTE 24 - NEW GASB PRONOUNCEMENTS

The Governmental Accounting Standards Board has issued several new pronouncements that the College has reviewed for application to their accounting and reporting.

Recently Issued and Adopted Accounting Pronouncements

In June 2012 the GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27*, which establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expenses. For defined benefit pensions, this Statement identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. Note disclosure and required supplementary information requirements about pensions also are addressed. The implementation of this Statement had a significant impact on the financial reporting of the College. See Notes 2 and 9.

The GASB has issued Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*. This Statement establishes accounting and financial reporting standards for situations where a state or local government, as a guarantor, agrees to indemnify a third-party obligation holder under specified conditions (i.e., nonexchange financial guarantees). The issuer of the guaranteed obligation can be a legally separate entity or individual, including a blended or discretely presented component unit. Guidance is provided for situations where a state or local government extends or receives a nonexchange financial guarantee. The implementation of this Statement did not have a significant impact on the College's financial statements.

GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68*, was issued in November 2013. This Statement amends paragraph 137 of Statement 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if

any, made subsequent to the measurement date of the beginning net pension liability. Statement 68, as amended, continues to require that beginning balances for other deferred outflows of resources and deferred inflows of resources related to pensions be reported at transition only if it is practical to determine all such amounts. The implementation of this Statement had a significant impact on the financial reporting of the College. See Notes 2 and 9.

Recently Issued Accounting Pronouncements

GASB Statement No. 72, *Fair Value Measurement and Application*, defines fair value and describes how fair value should be measured, what assets and liabilities should be measured, what assets and liabilities should be measured at fair value, and what information about fair value should be disclosed in the notes to the financial statements. Under Statement No. 72, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments, which generally are measured at fair value, are defined as a security or other asset that governments hold primarily for the purpose of income or profit and the present service capacity of which are based solely on their ability to generate cash or to be sold to generate cash. Before the issuance of Statement No. 72, state and local governments have been required to disclose how they arrived at their measures of fair value if not based on quoted market prices. Under the new guidance, those disclosures have been expanded to categorize fair values according to their relative reliability and to describe positions held in many alternative investments. The requirements of this Statement are effective for financial statements for reporting periods beginning after June 15, 2015.

GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB 67 and 68*, complete the suite of pension standards. Statement 73 establishes requirements for those pensions and pension plans that are not administered through a trust meeting specified criteria (in other words, those not covered by Statements 67 and 68). The requirements in Statement 73 for reporting pensions generally are the same as in Statement 68. However, the lack of a pension plan that is administered through a trust that meets specified criteria is reflected in the measurements. The requirements of this Statement are effective for financial statements for fiscal years beginning after June 15, 2015.

GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, replaces GASB Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. Statement 74 addresses the financial reports of defined benefit OPEB plans that are administered through trusts that meet specified criteria. The Statement follows the framework for financial reporting of defined benefit OPEB plans in Statement 45 by requiring a statement of fiduciary net position and a statement of changes in fiduciary net position. The Statement requires more extensive note disclosures and RSI related to the measurement of the OPEB liabilities for which assets have been accumulated, including

information about the annual money-weighted rates of return on plan investments. Statement 74 also sets forth note disclosure requirements for defined contribution OPEB plans. The requirements of this Statement are effective for financial statements for fiscal years beginning after June 15, 2016.

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, replaces the requirements of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. Among other things, Statement 75 requires governments to report a liability on the face of the financial statements for the OPEB that they provide and requires governments in all types of OPEB plans to present more extensive note disclosures and required supplementary information about their OPEB liabilities. The requirements of this Statement are effective for financial statements for fiscal years beginning after June 15, 2017.

GASB Statement No. 77, *Tax Abatement Disclosures*, requires state and local governments, for the first time, to disclose information about tax abatement agreements. It requires governments to disclose information about their own tax abatements separately from information about tax abatements that are entered into by other governments and reduce the reporting government's tax revenues. The requirements of this Statement are effective for financial statements for reporting periods beginning after December 15, 2015.

NOTE 25 - SUBSEQUENT EVENTS

On October 20, 2015, the Board of Regents adopted a Voluntary Retirement Incentive Plan for eligible employees. This plan is available to employees who are eligible for full retirement under Teachers Retirement System of Texas, Optional Retirement Plan and Employees Retirement System of Texas. The anticipated salary savings from this plan is estimated to be \$4.7 million with a cost of approximately \$2.2 million.

On October 29, 2015, Amarillo College received a donation in the amount of \$750,000 from the Amarillo Area Foundation and a pledge for another \$750,000 in the following year. Amarillo Economic Development Committee has also pledged another \$2.8 million, which was approved on November 3, 2015, and will be approved by the City Commission on Tuesday, November 10, 2015. These funds will be used for expansion of East Campus facilities to upgrade the technical programs.

The College evaluated for inclusion as a subsequent event disclosure those events that occurred prior to November 24, 2015, the date the financial statements were issued.

SINGLE AUDIT SECTION

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Regents
Amarillo College
Amarillo, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Amarillo College (the College) as of and for the year ended August 31, 2015, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated November 24, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This page left blank intentionally.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each Major Program
and on Internal Control Over Compliance Required by OMB Circular A-133
and the State of Texas Single Audit Circular**

Board of Regents
Amarillo College
Amarillo, Texas

Report on Compliance for Each Major Federal and State Program

We have audited Amarillo College's (the College) compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the State of Texas Single Audit Circular that could have a direct and material effect on each of the College's major federal and state programs for the year ended August 31, 2015. The College's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and the State of Texas Single Audit Circular. Those standards, OMB Circular A-133 and the State of Texas Single Audit Circular, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance, with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program, occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the College's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2015.

This page left blank intentionally.

Other Matters

The results of our auditing procedures disclosed other instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and the State of Texas Single Audit Circular which are described in the accompanying schedule of findings and questioned costs as items 2015-001 and 2015-002. Our opinion on each major federal and state program is not modified with respect to these matters.

The College's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The College's response was not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of the federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2015-001 and 2015-002 that we consider to be significant deficiencies.

The College's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The College's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and the State of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.

Finding 2015-001

Program: Student Financial Aid Cluster

Compliance Requirement: Reporting

Condition: The Federal Work Study indirect costs of \$9,971 reported on the Fiscal Operations Report and Application to Participate (FISAP) report did not agree to the general ledger amount of \$10,902.

Criteria: Per the OMB A-133 Compliance Supplement, each year an electronic report is submitted to receive funds for the campus-based programs. The school uses the FISAP to report its expenditures in the previous year and the Application to Participate portion to apply for funds for the following year. The report is required to agree to the underlying accounting records that support the audited financial statements.

Cause: The FISAP report was not compared to the general ledger before the report was filed with the Department of Education.

Effect: Incorrect reporting of this amount could cause the College to be in noncompliance with the correct indirect cost rate. This could cause the College to be required to return funds.

Context: Test work was performed on the annual FISAP report. This was the only error on the report.

Recommendation: We recommend that the College implement procedures and controls to ensure correct information is used when preparing the FISAP report. Furthermore, the FISAP should be amended to reflect the correct amounts.

SECTION III – Federal and State Award Findings and Questioned Costs (Continued)

Finding 2015-001 (Continued)

Views of Responsible Officials and Corrective Action Plan: The one instance cited resulted in an error by the Financial Aid Office to correctly adjust the Administrative Cost Allowance based on a transfer of Federal Work Study funds to FSEOG funds.

To resolve this finding, the College corrected the Administrative Cost Allowance to \$10,902 and resubmitted the FISAP report with the correct amount.

In order to prevent this finding from recurring, the Financial Aid Office will reconcile the Administrative Cost Allowance figures with the Business Office prior to submitting the FISAP report.

The Institution believes this to be an isolated incident.

Finding 2015-002

Program: 84.031C – Title III Hispanic Serving Institutions Science, Technology, Engineering and Math

Compliance Requirement: Reporting

Condition: Expenditures reported on the 2014 Annual Performance Report were incorrect. The report did not agree to the General Ledger as it reported building improvement expenditures of \$888,159 when the actual building improvement expenditures were \$544,708.

Criteria: OMB Circular A-133 requirements state that all financial reports should be complete and accurate and should agree to the accounting records that support the audited financial statements and the Schedule of Expenditures of Federal Awards.

Cause: A journal entry was made to the general ledger to move loan interest and principal payments of \$188,418 out of building improvement expenditures. The Annual Performance report was not amended and corrected for this journal entry. Additionally, there was a misunderstanding of grant transactions.

SECTION III – Federal and State Award Findings and Questioned Costs (Continued)

Finding 2015-002 (Continued)

Effect: Incorrect reporting of program activities' requirements could result in the loss of grant funding.

Context: Test work was performed on the 2014 Annual Performance Report. This was the only error noted.

Recommendation: We recommend that accounting and grant personnel be familiar with the grants and complexities regarding the grants to ensure that grant expenditures are properly recorded in the accounting records and properly reflected on the annual reports.

Views of Responsible Officials and Corrective Action Plan: In order to ensure proper completion and timely submission of grant project Annual Performance Reports, which include a fiscal component, Amarillo College's Grant Accounting office will be responsible for finalizing all reported budget expenditures and verifying all reported expenses back to the Amarillo College General Ledger. Grant Accounting and Project Directors will work together to: 1) complete the fiscal components to the Annual Performance Reports in a timely manner; and 2) report expenses within the appropriate budget category. Fiscal expenditure reports will be finalized by Grant Accounting and approved by other Amarillo College Business Office representatives with a minimum of two levels of supervisory approval. The Project Director shall be responsible for final submission of the Annual Performance Report after following all required grant management policies and procedures.

Finding 2014-001

Program: 84.063 Federal Pell Grant Program

Condition: A student earning all "F's" during the semester had his/her Return to Title IV calculated incorrectly.

Recommendation: We recommend that the College implement procedures and controls to ensure all students that are unofficial withdrawals be reviewed by more than one person to ensure that they have been calculated correctly.

Current Status: The College had no subsequent findings associated with the Return to Title IV calculations and believes the above incident has been resolved.

Finding 2014-002

Program: Student Financial Aid Cluster

Condition: The Community Service wages were reported on the Fiscal Operations Report and Application to Participate (FISAP) at \$19,225 and did not tie to the general ledger amount of \$24,936.

Recommendation: We recommend that the College implement procedures and controls to ensure correct information is used when preparing the FISAP report. Furthermore, the FISAP should be amended to reflect the correct amounts.

Current Status: The Community Service wages were reported correctly on the current FISAP report. The College will continue to reconcile and add the Administrative Cost Allowance figures to this reconciliation process.

Finding 2014-003

Program: 84.141 Migrant Education High School Equivalency Program

Condition: Three students receiving benefits from the program were not eligible to receive them.

Recommendation: We recommend that the Program Director for the HEP grant create a detailed eligibility checklist for use in determining eligibility and that all determinations of eligibility be reviewed to ascertain that all criteria has been met by the students before issuing stipends and incentives.

Finding 2014-003 (Continued)

Current Status: As Amarillo College's HEP program accepted new participant applications during Year 5 of the grant period, HEP staff members verified each student's eligibility to participate in the program. A designated Amarillo College staff member from the Academic Success division provided an external cross-check of the eligibility verification reviewing such things as applicant age, test scores, employment qualifications, and instructional hours. This process was completed on the HEP program's eligible participants and worked well.

Amarillo College's Office of Grant Administration conducted its first review of HEP 2014/2015 new participant files in January 2015; and no disqualified expenditures were identified. A second file review was conducted in June 2015 for HEP 2014/2015 new participant files and no disqualified expenditures were identified. In addition, the HEP grant was reviewed by Amarillo College's A-133 auditors in FY15 and no further issues were found.

Finding 2014-004

Program: 84.141 Migrant Education High School Equivalency Program

Condition: The 2012/2013 Annual Performance Report (APR) contained several errors in the program activity section.

Recommendation: We recommend that the APR be reviewed in detail by a secondary reviewer. This reviewer should also review all supporting documentation to ensure the accuracy of the report.

Current Status: The 2013/2014 HEP Annual Performance Report was successfully submitted to the Office of Migrant Education on November 14, 2014.

To ensure accuracy of the programmatic data contained in the report, the Project Director and his immediate supervisor reviewed the report and all supporting documentation. Upon completion of this project-level review, the Grant Administration Coordinator and Chief of Staff reviewed the report and supporting documentation. The Office of Grant Administration approved the programmatic portions of the report on November 12, 2014.

Finding 2014-004 (Continued)

Current Status
(Continued):

To ensure accuracy of the fiscal data contained in the report, Amarillo College's Grant Accounting Office and Project Director worked together to complete the fiscal components and to report 2013/2014 expenses within the appropriate budget category. The fiscal portion of the report was reviewed by Amarillo College's Director of Accounting and the Associate Vice President of Finance; and approval of the fiscal portion of the report occurred on November 14, 2014.

The 2014/2015 Annual Performance Report has not yet been submitted, but will follow the same rigorous review process.

Finding 2014-005

Program:

84.031S Title V Grant Developing Hispanic Serving Institutions

Condition:

Expenditures reported on the 2013 Annual Performance Report were incorrect. The report misclassified a credit of \$224,906 to supplies which should have been reported as a reduction of construction costs. The construction costs were also overstated by an additional \$112,423 which was actually a 2014 transaction. Thus, cumulative expenditures for the third year were overstated by \$112,423.

Recommendation:

We recommend that accounting and grant personnel be familiar with the grants and any complexities regarding the grants to ensure that grant expenditures are properly recorded in the accounting records and properly reflected on the annual reports.

Current Status:

Amarillo College's Grant Accounting Office and Project Directors are working together to complete the fiscal components to Annual Performance Reports in a timely manner and report expenses within the appropriate budget category.

Fiscal expenditure reports are finalized by Grant Accounting and approved by Amarillo College's Director of Accounting and the Associate Vice President of Finance. The Project Director is responsible for the final submission of the expenditure report after following all required grant management policies and procedures.

Specifically for Amarillo College's Title V program, the fiscal information contained in the Year 4 Annual Performance Report for the 2013/2014 year was reviewed and approved by Amarillo College's Grant Accounting Office on December 5, 2014. The Year 4 performance report was successfully submitted to the Department of Education on January 27, 2015.

The Year 5 Annual Performance Report for the 2014/2015 year has not yet been submitted, but will follow the same rigorous review process.

Finding 2014-006

Program: 11.307 Economic Adjustment Assistance

Condition: Expenditures reported on the Semi-Annual Financial Report did not agree to the College's general ledger. The report excluded \$419,000 of expenditures that were incurred before March 31, 2014.

Recommendation: We recommend that the general ledger be used as the primary source when reporting financial information on the required reports. The second reviewer should also review all supporting documentation pertaining to the report to ensure the accuracy of the report.

Current Status: In order to ensure proper completion and timely submission of grant project fiscal reports, Amarillo College's Grant Accounting office will be responsible for finalizing all budget expenditure reports and verifying reported expenses back to the Amarillo College general ledger. Grant Accounting and Project Directors will work together to:

- 1) Complete and submit fiscal reports to the funding agency in a timely manner, and
- 2) Report expenses to the funding agency within the appropriate budget category. Fiscal expenditure reports will be finalized by Grant Accounting and approved by other Amarillo College Business Office representatives with a minimum of two levels of supervisory approval. The Project Director shall be responsible for final submission of the expenditure report as approved by the Amarillo College Business Office to the funding agency.

Since implementing the above procedures, there have been no problems.

Finding 2014-007

Program: State Grant – Adult Basic Education Innovation Grant (ABEIG)

Condition: Three students receiving benefits from this grant were not eligible to receive them. Additionally, several students' eligibility files had missing documentation.

Recommendation: We recommend that the grant documentation be thoroughly reviewed by the newly established grant compliance personnel to ensure that all files are being properly maintained.

Current Status: Amarillo College's Office of Grant Administration conducted a review of ABEIG 2014/2015 new participant files in January 2015. All participant files were in compliance with program eligibility requirements and no disqualified expenditures were identified.

Finding 2014-008

Program: State Grant – Nursing Shortage Reduction <70

Condition: The final report for the 2010-2011 NSRP <70 grant reported grant funds available of only \$74,078. However, the general ledger for the College showed that \$82,655 was available for expenditure and that the College had actually spent \$82,655 for this grant.

Recommendation: We recommend that a second review of the report be performed, including a review of supporting documentation.

Current Status: During the 2014 single audit, it was discovered that the amounts previously reported for the program for NSRP<70 2011 had included the indirect cost twice on the report submitted to THECB for 2012. The amounts moved from the 2012 general ledger to the 2013 fiscal year were moved correctly. Since there had not been a report necessary in 2013 due to no activity, the amounts reported were not reviewed until the 2014 report.

Grant Accounting will check all carry forward balances between fiscal years back to each previous year's NSRP<70 report regardless of subsequent activity and verify that all amounts moved forward for each year are accurate and that they balance back to prior year report.

Since implementing the above procedures, there have been no problems.
