INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Weatherford College of the
Parker County Junior College District

Report on the Financial Statements

We have audited the accompanying financial statements of the Weatherford College of the Parker County Junior College District (College) as of and for the years ended August 31, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Weatherford College of the Parker County Junior College District as of August 31, 2015 and 2014, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 2 to the financial statements, in 2015, the College adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of the College's share of net pension liability and the schedule of the College's contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Weatherford College of the Parker County Junior College District's financial statements. The supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the basic financial statements. The schedule of expenditures of state awards is presented for purposes of additional analysis as required by the State of Texas Single Audit Circular, and is not a required part of the basic financial statements.

The supplemental information and schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information and schedules of expenditures of federal and state awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 20, 2015, on our consideration of the Weatherford College of the Parker County Junior College District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on *compliance*. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Weatherford College of the Parker County Junior College District's internal control over financial reporting and compliance.

November 20, 2015

This section of the Weatherford College of the Parker County Junior College District's annual financial report presents management's discussion and analysis of the College's financial activity during the fiscal years ended August 31, 2015 and 2014. Since this management's discussion and analysis is designed to focus on current activities, resulting change, and currently known facts, please read it in conjunction with the College's financial statements (pages 12-18), and the footnotes (starting at page 20). Responsibility for the completeness and fairness of this information rests with the College.

Using This Annual Report

The financial statements focus on the College as a whole. The statements are designed to emulate corporate presentation models whereby all College activities are consolidated into one total. The focus of the statement of net position is designed to be similar to bottom line results for the College.

The statement of revenues, expenses, and changes in net position focuses on both the gross costs and the net costs of the College's activities which are supported mainly by property taxes and by state and other revenues. This approach is intended to summarize and simplify the user's analysis of the costs of various College services to students and the public.

The final required financial statement, the statement of cash flows, reports cash receipts, cash payments, and net changes in cash resulting from operating, investing, and financing activities.

The Weatherford College Foundation, Inc. is a discretely presented component unit of the College and is reported as separate financial statements. Complete financial statements for the Foundation may be obtained from the Weatherford College Business Office.

Financial Highlights

The College's net position increased from August 31, 2014, restated, to August 31, 2015 by \$2.1 million, and increased from August 31, 2013 to August 31, 2014 (not restated) by \$2.0 million. With the implementation of Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27 and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68, the beginning net position for the year ended August 31, 2015 was decreased by \$5.7 million. As of August 31, 2015 and 2014 (not restated), the College's net position was \$52.6 million and \$56.2 million, which includes \$27.2 million and \$27.2 million in net investment in capital assets, \$4.4 million and \$5.9

million in restricted net position, and \$21.0 million and \$23.1 million in unrestricted net position, respectively.

Operating expenses for 2015 and 2014 were \$42.0 million and \$42.1 million of which \$17.2 million and \$16.8 million were expended for instruction, \$6.5 million and \$6.6 million were expended for institutional support, and \$2.5 million and \$2.4 million were expended for auxiliary enterprises, respectively. In fiscal years 2015 and 2014, depreciation expense was \$2.2 million and \$2.0 million, respectively.

Operating revenue for 2015 and 2014 was \$15.9 million and \$15.3 million, which includes \$7.7 million and \$7.6 million in tuition and fees (net of discounts), \$3.6 million and \$3.4 million in local grants and contracts, and \$1.4 million and \$1.3 million in federal grants and contracts, respectively.

Net non-operating revenue for 2015 and 2014 was \$28.2 million and \$28.8 million, which includes \$10.3 million and \$10.1 million in state allocations, \$10.5 million and \$10.1 million in ad-valorem taxes for maintenance and operations, \$0.7 million and \$0.7 million in ad-valorem taxes for general obligation bonds, and \$7.2 million and \$7.8 million in federal grants, respectively.

Financial Analysis of the College as a Whole

Statement of Net Position

The statement of net position presents current assets (non restricted assets expected to provide support within a year), non current assets (restricted assets expected to provide long term benefit), deferred outflows of resources, current liabilities (obligations which must be met within the current year), non-current liabilities (obligations which are not settled in the current year), and deferred inflows of resources. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources are presented using the accrual basis of accounting, which is similar to the accounting by most private-sector institutions. Net position, the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources, is one way to measure the financial position of the College. As of August 31, 2015, the net position was \$52.6 million. This was an increase of \$2.1 million from the period ended August 31, 2014, restated. As of August 31, 2014, not restated, the net position was \$56.2 million. This was an increase of \$2.0 million from the period ended August 31, 2013. The College's financial position remains strong with adequate liquid assets at a reasonable level of unrestricted net position.

Net Position As of August 31, (in millions)

	2015	2014	2013
Current Assets Non-current Assets	\$26.8	\$26.1	\$27.9

Total Net Position	\$52.6	\$56.2	\$54.2

This schedule is prepared from the College's statements of net position on pages 12 and 13.

Statement of Revenues, Expenses and Changes in Net Position

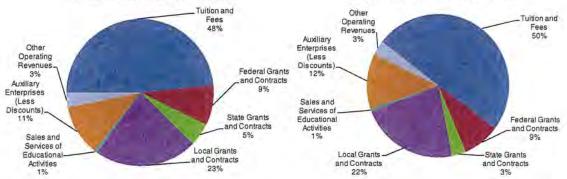

The statement of revenues, expenses and changes in net position presents the operating results of the College, as well as the non-operating revenue and expenses. Operating revenues are primarily those that result directly from instruction, the operation of the College's auxiliary services (cafeteria, athletics, bookstore, etc.) and Federal, State and local grants. State Allocations and property tax receipts, while budgeted for operations, are considered non operating revenues and depreciation is shown in operating expenses according to accounting principles generally accepted in the United States of America.

As of August 31, 2015 and 2014, the College recorded \$62.9 million and \$62.4 million invested in capital assets, \$18.5 million and \$17.0 million in accumulated depreciation and \$44.4 million and \$45.4 million in net capital assets, respectively.

The College has long-term debt in the form of bonds payable including limited tax refunding bonds, series 2007 and consolidated fund revenue bond, series 2012, with an outstanding balance of \$10.8 million and \$11.6 million and notes payable with an outstanding balance of \$5.9 million and \$6.2 million as of August 31, 2015 and 2014, respectively.

Economic Factors and Next Year's Budget and Rates

The Board of Trustees adopted the College's 2015 – 2016 budget and tax rate on August 27, 2015. The annual budget is developed to provide efficient, effective and economic uses of the College's resources, as well as, a means to accomplish the highest priority objectives. Through the budget, the Board of Trustees sets the direction of the College, allocates its resources and establishes its priorities.

In considering the College budget for fiscal year 2016, the Board of Trustees and management considered the following factors:

- The most predominant driver in budget decisions was the overall state of the economy and its impact on adequate instructional funding.
- The Board of Trustees' desire not to increase tax rates.
- The desire to give an across the board cost of living raise and also to maintain health benefits at the same level as in previous years.
- Costs associated with major repairs and rehabilitation as well as costs associated with maintaining expanded facilities.

Request for Information

This financial report is designed to provide a general overview of the Weatherford College of the Parker County Junior College District's finances and to show the College's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact the Vice President of Financial and Administrative Affairs at 225 College Park Drive, Weatherford, Texas 76086.

1. REPORTING ENTITY

Weatherford College of the Parker County Junior College District (the College) was established in 1869, in accordance with the laws of the State of Texas, to serve the educational needs of Weatherford and the surrounding communities. The College is considered to be a special purpose, primary government according to the definition in the Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*. While the College receives funding from local, state, and federal sources and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This section provides a summary of the College's significant accounting activities and other topics related to the College's financial reporting.

Report Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the Texas Higher Education Coordinating Board's *Annual Financial Reporting Requirements for Texas Public Community Colleges*. The College applies all applicable GASB pronouncements. The College is reported as a special-purpose government engaged in business-type activities (BTA).

Tuition Discounting

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.033). When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act (HEA) Program Funds

Certain Title IV HEA Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Tuition Discounts

The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amounts are recorded as tuition discount. If the amount is dispersed directly to the student, the College records the amount as a scholarship expense.

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis, whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Budgetary Data

Each community college in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Cash and Cash Equivalents

For the purpose of cash flows, the College considers cash and cash equivalents as cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Deferred Inflows

In addition to liabilities, the College is aware that the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so is not recognized as an inflow of resources (revenue) until that time. Governments are permitted only to report deferred inflows in circumstances specifically authorized by the GASB. The College has deferred inflows related to the pension plan, see additional information in Note 8.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows

In addition to assets, the College is aware that the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Governments are permitted only to report deferred outflows in circumstances specifically authorized by the GASB. The College has deferred outflows related to the pension plan, see additional information in Note 8.

Non-Current Cash and Investments

Non-current cash and investments are set aside and classified as restricted assets on the Statement of Net Position because they are maintained in separate bank accounts and their use is limited to obligations, such as, scholarships, revenue bonds, general obligation bonds, and endowments.

Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, the College reports investments at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Capital Assets

The College records capital assets at cost at the date of acquisition, or fair value at the date of donation. For equipment, the College's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. The College capitalizes renovations of \$100,000 to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure. The College charges costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 20 years for land improvements, 15 years for library books, 10 years for furniture, machinery, vehicles and other equipment, and 5 years for telecommunications and peripheral equipment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Unearned Revenues

Revenues, primarily consisting of grants, tuition, fees, and meal charges, related to academic terms in the next fiscal year are recorded on the balance sheet as unearned revenue in the current fiscal year. Tuition and fees of \$6,896,358 and \$7,072,780 and federal, state, and local grants of \$1,014,862 and \$819,958 have been reported as unearned revenue at August 31, 2015 and August 31, 2014, respectively.

Bonds Payable

Bonds payable are reported net of applicable bond premium, which is deferred and amortized using the effective interest method.

Pensions

For the year ended August 31, 2015, the College implemented the provisions of GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68. The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined based on the flow of economic resource measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to / deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable, in accordance with the benefit terms. Investments are reported at fair value.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, the College is aware that actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Operating and Non-Operating Revenues and Expenses

The College distinguishes operating revenues and expenses from non-operating items. The College reports as a BTA and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are state appropriations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. In fiscal year 2015, the operation of the bookstore was not performed by the College.

Application of Restricted and Unrestricted Resources

The College's policy is to first apply an expense against restricted resources then towards unrestricted resources, when both are available to pay an expense.

Prior Year Restatement

In the year of implementation of GASB Statement No. 68, as amended by GASB Statement No. 71, a restatement to beginning net position will be required for the recording of the beginning net pension liability and for the recording of deferred outflows of resources for contributions made after the measurement date of the beginning net pension liability and the beginning of the reporting entity's fiscal year.

Beginning net position as of September 1, 2014, has been restated as follows for the implementation of GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, as amended by GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68.

Beginning net position	\$ 56,150,692
Prior period adjustment-implementation of GASB No. 68:	
Net pension liability (measurement date as of August 31, 2014)	(6,126,791)
Deferred outflows – College contributions made during FY 2014	473,123
Beginning net position, as restated	\$50,497,024

Reclassifications

Certain expenses reported in Exhibit 2, the Statement of Revenues, Expenses, and Changes in Net Position, for the August 31, 2014 financial statements have been reclassified for comparative purposes to conform to the August 31, 2015 presentation.

3. AUTHORIZED INVESTMENTS

The College is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

4. DEPOSITS AND INVESTMENTS

The College's deposits and investments are invested pursuant to the Investment Policy, which is approved annually by the College's Board. The Investment Policy includes a list of authorized investment instruments and a maximum allowable maturity of any individual investment. In addition, it includes an "Investment Strategy" Statement that addresses the unique characteristics of the fund groups and describes the priorities of investment types, safety of principal, maximization of returns, and the assurance that anticipated cash flows are matched with adequate investment liquidity.

The College's Vice President of Financial and Administrative Affairs submits an investment summary report quarterly to the Board of Trustees. The report details the investment position of the College and the compliance of the investment portfolio as it relates to both the adopted investment strategy statement and the investment policy.

The College is authorized to invest in the following investment instruments provided that they meet the guidelines of the investment policy:

- Certificates of Deposits that are legally authorized and adequately secured;
 and
- 2. U.S. Treasury Bills with a maximum security of twelve months.

No other investments shall be made without approval of a majority of the Board of Trustees.

Cash and Deposits

Cash and Cash Equivalents reported on Exhibit 1, Statements of Net Position, consist of the items reported below:

Cash and Cash Equivalents	Au	gust 31, 2015	Αι	gust 31, 2014
Bank Deposits - Time Deposits	\$	27,065,036	\$	25,335,342

Total Cash and Cash Equivalents	\$	27,070,836	\$	25,341,017

4. DEPOSITS AND INVESTMENTS (Continued)

Investments

Investments reported on Exhibit 1, Statements of Net Position, consist of the items reported below:

		Market Value			arket Value	
	Maturity	Aug	ust 31, 2015	August 31, 2014		
Types of Investments						
U.S. Agency Bonds - Federal						
National Mortgage Association	3/2022	\$	276	\$	422	
Mineral Rights	N/A		1		1	
Real Estate	N/A		8,165,750		8,165,750	
Total Investments	:	\$	8,166,027	\$	8,166,173	

<u>Interest Rate Risk</u> – In accordance with state law and the College's investment policy, the College does not purchase any investments with maturities greater than one year, unless assets are held in debt retirement funds which may be invested in maturities exceeding one year. As of August 31, 2015 and August 31, 2014, the College was not exposed to interest rate risk.

<u>Credit Risk</u> - The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. As of August 31, 2015 and August 31, 2014, the U.S. Agency Bonds (FNMA) do not have credit risk.

<u>Concentration of Credit Risk</u> - The College does not place a limit on the amount that may be invested in any one issue.

<u>Custodial Credit Risk</u> – Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the College's name. At August 31, 2015 and August 31, 2014, the College's cash and cash equivalents were not exposed to custodial credit risk.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the College, and are held by either the counterparty's trust department or agent but not in the College's name. At August 31, 2015 and August 31, 2014, the College's investment securities were not exposed to custodial credit risk.

7. DEBT OBLIGATIONS

General information related to bonds payable is summarized below:

Limited Tax Refunding Bonds, General Obligation Bonds, Series 2007

- ♦ To refund the Limited Tax Bonds, Series 1996.
- ♦ Issued March 21, 2007.
- ♦ \$7,170,000; all authorized bonds have been issued.
- ♦ Source of revenue for debt service assessment of property taxes.
- ♦ Outstanding Balance of \$3,770,000 and \$4,220,000 at August 31, 2015 and August 31, 2014, respectively, bearing interest at 3.55% to 4.00%.

Bonds payable are due in annual installments varying from \$245,000 to \$615,000 with interest rates from 3.55% to 4.00% with final installment due in 2022.

Consolidated Fund Bonds, Revenue Bonds, Series 2012

- ◆ To purchase student housing facilities.
- ♦ Issued October 1, 2012.
- ◆ \$7,980,000; all authorized bonds have been issued.
- ♦ Source of revenue for debt service tuition and fees.
- ◆ Outstanding Balance of \$7,055,000 and \$7,345,000 at August 31, 2015 and August 31, 2014, respectively, bearing interest at 2.00% to 4.00%.
- ♦ Issued at a premium of \$558,377, of which \$438,445 and \$478,645 was unamortized at August 31, 2015 and August 31, 2014, respectively.

Bonds payable are due in annual installments varying from \$290,000 to \$525,000 with interest rates from 2.00% to 4.00% with final installment due in 2033.

7. DEBT OBLIGATIONS (Continued)

Note Payable - All American Investment Group, LLC

- ◆ To upgrade facilities' energy management systems at the Main and Wise County Campuses.
- ♦ Original loan date January 15, 2013.
- ◆ Total balance of \$3,752,878, is payable in 30 semi-annual installments, which includes interest at a rate of 2.35%.
- ♦ Source of revenue for debt service unrestricted revenue.
- ◆ Outstanding Balance of \$3,312,739 and \$3,468,520 at August 31, 2015 and August 31, 2014, respectively.

The notes payable are due in semi-annual installments varying from \$116,822 to \$267,695 with an interest rate of 2.35% with the final installment to be paid in 2028.

Note Payable – Maintenance Tax Notes, Series 2011

- ◆ To replace roofs and renovate classrooms and to pay related fees and the costs of issuance associated with the tax notes.
- ♦ Original loan date March 15, 2011.
- ◆ Total balance of \$3,045,000, is payable in 19 yearly installments, which includes interest at a rate of 4.15%.
- ◆ Source of revenue for debt service unrestricted revenue.
- ◆ Outstanding Balance of \$2,585,000 and \$2,710,000 at August 31, 2015 and August 31, 2014, respectively.

The notes payable are due in annual installments varying from \$100,000 to \$225,000 with an interest rate of 4.15% with the final installment due in 2030.

The principal and interest expense requirements for the next five years and beyond are summarized below for the debt issued.

8. EMPLOYEES' RETIREMENT PLANS

Teacher Retirement System of Texas - Defined Benefit Pension Plan

Plan Description

The College participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

8. EMPLOYEES' RETIREMENT PLANS

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. The College's portion of the plan's fiduciary net position has been determined on the same basis as that used by the plan. The plan is reported using the economic resources measurement focus and the accrual basis of accounting. The plan reports investments at fair value. Benefits and refunds of contributions are recognized when due and payable in accordance with the terms of the plan. The Teacher Retirement System's Comprehensive Annual Financial Report may be obtained on the Internet at http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic cost of living adjustments (COLA). Ad hoc post-employment benefit changes, including ad hoc COLA can be granted by the Texas Legislature as noted in the Plan description above.

8. EMPLOYEES' RETIREMENT PLANS (continued)

Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas Legislature to establish a member contribution rate of not less than 6 percent of the member's annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 thru 2017. The 83rd Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2014 and 2015.

Contribution Rates

	<u>2014</u>	<u>2015</u>
Member	6.4%	6.7%
Non-Employer Contributing Entity (NECE) - State	6.8%	6.8%
Employers	6.8%	6.8%

Contributions

2014 Employer Contributions	\$473,123
2014 Member Contributions	\$731,251
2014 NECE On-behalf Contributions	\$325,218

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

8. EMPLOYEES' RETIREMENT PLANS (continued)

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50 percent of the state contribution rate for certain instructional or administrative employees; and 100 percent of the state contribution rate for all other employees.

In addition to the employer contributions listed above, when employing a retiree of the Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions

The total pension liability in the August 31, 2014 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date August 31, 2014

Actuarial Cost Method Individual Entry Age Normal

Amortization Method Level Percentage of Payroll, Open

Remaining Amortization Period 30 years

Asset Valuation Method 5 year Market Value

Discount Rate 8.00%

Long-term expected Investment

Rate of Return* 8.00%

Salary Increases* 4.25% to 7.25%

Weighted-Average at Valuation Date 5.55% Payroll Growth Rate 3.50%

*Includes Inflation of 3%

8. EMPLOYEES' RETIREMENT PLANS (continued)

The actuarial methods and assumptions are primarily based on a study of actual experience for the four year period ending August 31, 2010 and adopted on April 8, 2011. With the exception of the post-retirement mortality rates for healthy lives and a minor change to the expected retirement age for inactive vested members stemming from the actuarial audit performed in the Summer of 2014, the assumptions and methods are the same as used in the prior valuation. When the mortality assumptions were adopted in 2011 they contained a significant margin for possible future mortality improvement. As of the date of the valuation there has been a significant erosion of this margin to the point that the margin has been eliminated. Therefore, the post-retirement mortality rates for current and future retirees were decreased to add additional margin for future improvement in mortality in accordance with the Actuarial Standards of Practice No. 35.

Discount Rate

The discount rate used to measure the total pension liability was 8.0 percent. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term rate of return on pension plan investments is 8.0 percent. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2014, as amended October 1, 2014, are summarized below:

8. EMPLOYEES' RETIREMENT PLANS (continued)

		Long-Term Expected	Expected Contribution to

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1 percent less than and 1 percent greater than the discount rate that was used (8 percent) in measuring the 2014 Net Pension Liability.

	1% Decrease		1% Increase
	in Discount	Discount	in Discount
	Rate (7.0%)	Rate (8.0%)	Rate (9.0%)
College's proportionate share			
of the net pension liability:	\$8,916,792	\$4,989,980	\$2,053,456

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2015, the College reported a net pension liability of \$4,989,980 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the College. The amount recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College were as follows:

College's Proportionate share of the collective net pension liability	\$4,989,980
State's proportionate share that is associated with the College	3,433,764
Total	\$8,423,744

The net pension liability was measured as of August 31, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2013 through August 31, 2014.

At August 31, 2014 the College's proportion of the collective net pension liability was 0.01868 percent which was a decrease of 0.06170 percent from its proportion measured as of August 31, 2013. The change in proportion was immaterial and therefore disregarded this year.

8. EMPLOYEES' RETIREMENT PLANS (continued)

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

There was a change in employer contribution requirements that occurred after the measurement date of the net pension liability and the College's reporting date. A 1.5 percent contribution for employers not paying Old Age Survivor and Disability Insurance (OASDI) on certain employees went into law effective September 1, 2014. The amount of the expected resultant change in the employer's proportion cannot be determined at this time.

For the year ended August 31, 2015, the College recognized pension expense of \$786,454, which includes \$325,218 for support provided by the State.

At August 31, 2015, the College reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Ou	eferred offlows of esources	Inflo	erred ws of urces
Differences between expected and actual economic experience	\$	77,172	\$	-
Changes in actuarial assumptions		324,354		-
Difference between projected and actual investment earnings Changes in proportion and difference between the employer's		-	1,52	25,142
contributions and the proportionate share of contributions		-		1,308
Contributions paid to TRS subsequent to the measurement date		486,357		-
Total	\$	887,883	\$1,52	6,450

The net amounts of the College's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended August 31:	Pension Expense Amount	
2016	\$	172,588 (313,769)
2018		(313,769)
2019 2020		(313,769) 67,517
Thereafter		62,635
Total	\$	(638,567)

8. EMPLOYEES' RETIREMENT PLANS (continued)

Optional Retirement Plan - Defined Contribution Plan

Plan Description

Participation in the Optional Retirement Program is in lieu of participation in TRS. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy

Contribution requirements are not actuarially determined but are established and amended by the Texas legislature. The percentages of participant salaries currently contributed by the State/College and each participant are 6.60 percent and 6.65 percent, respectively. The College contributes an additional 1.31 percent for employees who were participating in the optional retirement program prior to September 1, 1995 and an additional 0.18 percent for all employees participating in the optional retirement plan. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. S.B. 1812, effective September 1, 2013, limits the amount of the State's contribution to 50 percent of eligible employees in the reporting district.

The retirement expense to the State for the College was \$192,476 and \$182,625 for the fiscal years ended August 31, 2015 and August 31, 2014, respectively. This amount represents the portion of expended appropriations made by the State Legislature on behalf of the College.

The total payroll for all College employees was \$20,086,092 and \$19,439,099 for fiscal years 2015 and 2014, respectively. The total payroll of employees covered by the Optional Retirement Program was \$6,073,365 and \$5,770,619 for fiscal years 2015 and 2014, respectively.

9. DEFERRED COMPENSATION PROGRAM

College employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001. As of August 31, 2015 and 2014, the College had 49 and 46 employees, respectively, participating in the program. A total of \$337,918 and \$375,186 in payroll deductions had been invested in approved plans during the fiscal years ended August 31, 2015 and August 31, 2014, respectively.

10. COMPENSABLE ABSENCES

Full-time employees earn annual leave from .833 to 1.25 days per month depending on the number of years employed with the College. The College's policy is that an employee may carry his accrued leave forward from one fiscal year to another fiscal year with a maximum of fifteen days (120 hours). Employees with at least three months of service who terminate their employment are entitled to payment for all accumulated annual leave up to the maximum allowed. The College recognized the accrued liability for unpaid annual leave in the amount of \$405,998 and \$416,172 for the fiscal years ended August 31, 2015 and August 31, 2014, respectively.

Sick leave is earned at the rate of one day per month per contract length and can be accumulated up to a maximum of 60 days (480 hours). The College's policy is to recognize the cost of sick leave when paid. The liability is not shown in the financial statements since all accrued sick leave is forfeited by employees upon termination of employment.

11. HEALTH CARE AND LIFE INSURANCE BENEFITS

Certain health care and life insurance benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The State recognizes the cost of providing these benefits by expending the annual insurance premiums. The State's contribution per full-time employee was \$537.66 per month for the year ended August 31, 2015, and totaled \$1,399,704 for the year. The cost of providing those benefits for 75 retirees was \$256,106 and for 306 active employees amounted to \$1,143,598. The State's contribution per full-time employee was \$503.14 per month for the year ended August 31, 2014, and totaled \$1,304,112 for the year. The cost of providing those benefits for 72 retirees was \$446,282 and for 294 active employees amounted to \$857,830. S.B. 1812, effective September 1, 2013, limits the amount of the State's contribution to 50 percent of eligible employees in the reporting district.

12. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description. In addition to providing pension benefits, the State provides certain healthcare and life insurance benefits for retired employees. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the State. The College contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit postemployment healthcare plan administered by the Employees Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

12. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (continued)

ERS issues a publicly available financial report that includes financial statements and required supplementary information for SRHP. That report may be obtained from ERS via their website at http://www.ers.state.tx.us/.

Funding Policy. Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy and is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS Board of Trustees sets the employer contribution rate based on the implicit rate subsidy, which is actuarially determined in accordance with the parameters of GASB Statement No. 45.

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years.

Beginning September 1, 2013, SB 1812 limited the State's contribution to 50 percent of eligible employees for community colleges.

The College's contributions to SRHP for the years ended August 31, 2015, 2014, and 2013 were \$311,271, \$45,224, and \$44,831, respectively, which equaled the required contributions each year.

13. DISAGGREGATION OF RECEIVABLES AND PAYABLES BALANCES

Receivables

Receivables at August 31, 2015 and August 31, 2014 were as follows:

	August 31, 2015		5 August 31, 201	
Student Receivables (Net of Allowances of \$1,523,696 and \$1,330,597 for 2015 and 2014, respectively)	\$	783,006	\$	721,928
Taxes Receivable (Net of Allowances of \$201,880 and				
\$201,880 for 2015 and 2014, respectively)		308,773		309,296
Federal and State Accounts Receivable		337,513		177,240
Other Accounts Receivable		623,749		142,123
Interest Receivable				1,904
	\$	2,053,041	\$	1,352,491

Payables

Payables at August 31, 2015 and August 31, 2014 were as follows:

	Aug	just 31, 2015	Aug	just 31, 2014
Vendor Payable	\$	983,310	\$	1,985,444
Salaries and Benefits Payable		62,685		57,832
Accrued Interest		44,496		46,601
	\$	1,090,491	\$	2,089,877

14. CONTRACT AND GRANT AWARDS

Contract and grant awards are accounted for in accordance with the requirements of the American Institute of Certified Public Accountants. Revenues are recognized on Exhibit 2 and Schedule A. For federal and non-federal contract and grant awards, funds expended, but not collected, are included in Accounts Receivable (net) on Exhibit 1. Contract and grant awards that are not yet funded, and for which the College has not yet performed services, are not included in the financial statements. Contract and grant awards funds already committed, e.g., multi-year awards or funds awarded during fiscal years 2015 and 2014 for which monies have not been received nor funds expended totaled \$1,462,551 and \$470,001, respectively. Of these amounts, \$811,989 and \$470,001 were from Federal contracts and grant awards and \$650,562 and \$0 were from State contracts and grant awards for fiscal years ended 2015 and 2014, respectively.

15. SELF-INSURED PLANS

In 1995, the College began participating in the Texas Public Junior and Community College Employee Benefits Consortium (Consortium), which was established in 1991 by several Texas area community colleges as a means of reducing the costs of workers compensation insurance. The Consortium is a public entity risk pool currently operating as a common risk management and insurance program for the member colleges. The main purpose of the Consortium is to jointly self-insure certain workers compensation risks up to an agreed upon retention limit. For the year ended August 31, 2015, the College paid an annual premium of \$46,970 plus \$52,595 toward the loss fund. This \$99,385 was the maximum cost for the self-insured plan. For the year ended August 31, 2014, the College paid an annual premium of \$45,581 plus \$74,877 toward the loss fund. This \$120,458 was the maximum cost for the self-insured plan. All claims up to \$225,000 are paid from the loss fund. Amounts over \$225,000 are paid by the insurance company up to statutory limits.

16. AD VALOREM TAX

The College's ad valorem property taxes are levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the College District.

	August 31, 2015	August 31, 2014
Assessed Valuation of the College Less: Exemptions Less: Abatements	\$ 13,226,796,276 3,423,954,348 8,960,230	\$ 12,834,726,660 3,374,490,792 18,717,750
Net Assessed Valuation of the College	\$ 9,793,881,698	\$ 9,441,518,118

	Current	Debt	
_	Operations	Service	<u>Total</u>
At August 31, 2015			
Tax Rate per \$100 valuation of authorized	\$ -	\$ -	\$0.30000
Tax Rate per \$100 valuation of assessed	\$0.10741	\$0.00723	\$0.11464
At August 31, 2014			
Tax Rate per \$100 valuation of authorized	\$ -	\$ -	\$0.30000
Tax Rate per \$100 valuation of assessed	\$0.10713	\$0.00751	\$0.11464

Taxes levied for the years ended August 31, 2015 and 2014 were \$11,123,938 and \$10,684,993, respectively. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

Tax collections for the years ended August 31, 2015 and 2014 were 100% of the current tax levy. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted for the use of maintenance and / or general obligation debt service.

17. BRANCH CAMPUS MAINTENANCE TAX

A branch campus maintenance, which is established by election, is levied by Wise County. The tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in Wise County. Collections are transferred to the College to be used for operation of a Branch Campus in Wise County, Texas. This revenue is reported under Local Grants and Contracts.

	Colle	ctions (including	Colle	ctions (including
	penal	ties and interest)	penalt	ies and interest)
County	August 31, 2015		Αu	gust 31, 2014
Wise County	\$	3,527,142	\$	3,388,615

18. INCOME TAXES

The College is exempt from income taxes under Internal Revenue Code Section 115, Income of States, Municipalities, Etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations. The College had no unrelated business income tax liability for the years ended August 31, 2015 and 2014.

19. COMPONENT UNIT

Weatherford College Foundation, Inc. - Discretely Presented Component Unit

The Weatherford College Foundation, Inc. (Foundation) was established as a separate nonprofit organization with the sole purpose of supporting the educational and other activities of the College. The Foundation solicits donations and acts as coordinator of gifts made by other parties. It remitted \$220,140 and \$173,479 for designated scholarships, and \$0 and \$553,000 for other contributions to the College during the years ended August 31, 2015 and 2014, respectively. The Foundation received \$91,037 and \$100,800 from the College for an endowment scholarship fund in fiscal years 2015 and 2014, respectively. Under GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, an organization should report as a discretely presented component unit those organizations that raise and hold economic resources for the direct benefit of a government unit.

Accordingly, the Foundation's financial statements are included in the College's annual report as discrete component unit (see table of contents). Complete financial statements of the Foundation can be obtained from the Weatherford College Business Office at 225 College Park Drive, Weatherford, Texas 76086.

20. OPERATING LEASE COMMITMENTS AND RENTAL AGREEMENT

Expenses include \$110,168 and \$111,129 for rent paid under operating leases during the fiscal years ended August 31, 2015 and August 31, 2014, respectively. Future minimum lease rental payments under noncancellable operating leases having an initial term in excess of one year as of August 31, 2015 are as follows:

Year Ended	 num Future Payments
2016	\$ 76,693
2017	76,693
2018	76,693
2019	76,693
2020	 31,956
Total	\$ 338,728

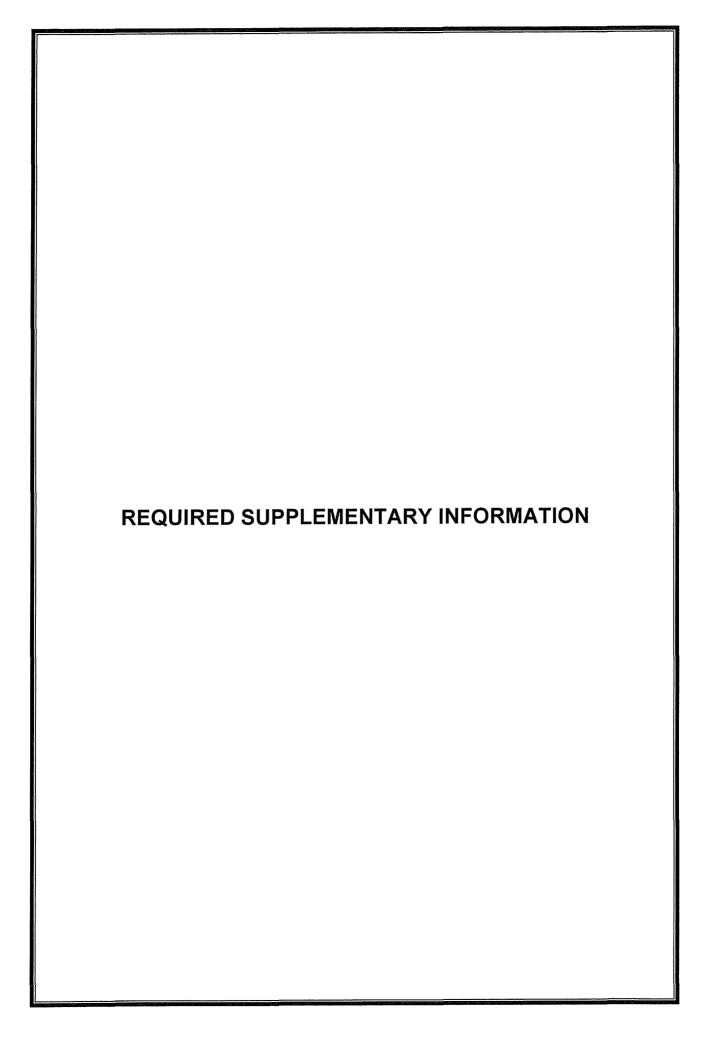

21. OTHER COMMITMENTS

The College contracted for integrated facilities management services, including, but not limited to, building and structure maintenance, janitorial, grounds, HVAC, plumbing, and vehicle maintenance, with Johnson Controls GWS, LLC effective September 1, 2015 for 36 months. The remaining minimum payments on the contract are as follows:

Year Ended	Minimum Payments
2016	\$ 1,930,724
2017	1,930,724
2018	1,988,646
Total	\$ 5,850,094

22. RISK MANAGEMENT

The College has the responsibility for making and carrying out decisions that will minimize the adverse effects of accidental losses that involve the College's assets. Accordingly, commercial insurance coverages are obtained to include general liability, property and casualty, employee and automobile liability, fidelity, public official's liability and certain other risks. The amounts of settlements during each of the past three fiscal years have not exceeded insurance coverage.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees
Weatherford College of the
Parker County Junior College District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Weatherford College of the Parker County Junior College District (College) as of and for the year ended August 31, 2015, and the related notes to the financial statements, which collectively comprise the College's financial statements, and have issued our report thereon dated November 20, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, including the Public Funds Investment Act (Chapter 2256, Texas Government Code), noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We have performed tests designed to verify the College's compliance with the requirements of the Public Funds Investment Act. During the year ended August 31, 2015, no instances of noncompliance were noted.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR

To the Board of Trustees
Weatherford College of the
Parker County Junior College District

Report on Compliance for Each Major Federal and State Program

We have audited Weatherford College of the Parker County Junior College District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the State of Texas *Single Audit Circular* that could have a direct and material effect on each of the College's major federal and state programs for the year ended August 31, 2015. The College's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and the State of Texas *Single Audit Circular*. Those standards, OMB Circular A-133 and the State of Texas *Single Audit Circular* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the College's compliance.

Opinion on Each Major Federal and State Program

In our opinion, Weatherford College of the Parker County Junior College District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2015.

Report on Internal Control Over Compliance

Management of Weatherford College of the Parker County Junior College District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and the State of Texas *Single Audit Circular*. Accordingly, this report is not suitable for any other purpose.
