Independent Auditors' Report

To the Board of Regents Paris Junior College Paris, Texas

We have audited the accompanying financial statements of Paris Junior College (the College) and Paris Junior College Memorial Foundation (the Foundation), a discretely presented component unit, as of and for the years ended August 31, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes

Board of Regents
Paris Junior College

evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Paris Junior College and Paris Junior College Memorial Foundation, a discretely presented component unit, as of August 31, 2015 and 2014, and the respective changes in financial position, and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter**

As discussed in Note 2 to the financial statements, in 2015 the College adopted new accounting guidance prescribed by GASB #68 for its pension plan – a multiple-employer, cost-sharing, defined benefit pension plan that has a special funding situation. Because GASB #68 implements new measurement criteria and reporting provisions, significant information has been added to the Fund Financial Statements. Exhibit 1 discloses the District's Net Pension Liability and some deferred resource outflows and deferred resource inflows related to the District's pension plan. Exhibit 2 discloses the adjustment to the College's Beginning Net Position. Our opinion is not modified with respect to the matter.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the pension schedule be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements as a whole. The statistical section is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U. S. Office of Management and Budget Circular A-133, *Audits of* 

Board of Regents Paris Junior College

States, Local Governments, and Non-Profit Organizations. The Schedule of Expenditures of State of Texas Awards required by the State of Texas Single Audit Circular and the supplemental schedules, are also not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards, the schedule of expenditures of State of Texas Awards and the supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 12, 2015, on our consideration of Paris Junior College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Paris Junior College's internal control over financial reporting and compliance.

McClarohan and Helen Lep

Paris, Texas November 12, 2015

Management of Paris Junior College provides this Management's Discussion and Analysis of Paris Junior College's Report of Audit for readers of the College's financial statements. This narrative overview and analysis of the financial activities of the College is for the fiscal year ended August 31, 2015. We encourage readers to consider this information in conjunction with the College's financial statements and the notes to the financial statements which follow.

#### **Financial Highlights**

Net position increased by \$2,691,251 in 14/15 before the cumulative effect of change in accounting principle of (\$3,654,513) related to GASB 68 for an overall decrease of (\$963,262). Net position increased by \$947,056 in 13/14.

New categories were added to the College's Statement of Net Position related to GASB Statement 65, *Items Previously Reported as Assets and Liabilities*. The new categories are Deferred Outflows of Resources and Deferred Inflows of Resources related to the accounting for state pension plans. In addition, the implementation of GASB 68, *Accounting and Financial Reporting for Pensions,* as amended by GASB Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date,* resulted in a cumulative effect of change in accounting principle that is also reflected on the College's Statement of Net Position.

Net position at the end of the year was \$39,674,573 in 14/15 and \$40,637,835 in 13/14.

Tuition and fee revenue remained relatively unchanged with a slight increase overall of 0.21% or \$24,957 from \$11,956,580 in 13/14 to \$11,981,537 in 14/15. Total credit hours decreased by 4.7% or 5,444 hours from 115,353 in 13/14 to 109,909 in 14/15. Per hour tuition rates remained unchanged for in-district, out-of-district, and out-of-state tuition in 14/15.

While tuition revenue decreased by (\$473,747) or 4.82% from \$9,830,225 in 13/14 to \$9,356,478 in 14/15, this was partially offset by an increase in fee revenue which increased by \$498,704 or 23.5% from \$2,126,355 in 13/14 to \$2,625,059 in 14/15. The increase in fee revenue was driven by general fees which were increased by \$5 per semester credit hour in 14/15. There had not been an increase in the general fee since 2002.

Federal Non-Operating grants and contracts revenue decreased 11.6% or \$1,271,606 from \$10,920,270 in 13/14 to \$9,648,664 in 14/15. Most of the decrease in federal grant revenue was from the Department of Education for Pell grants which decreased \$1,306,909.

Paris Junior College conducted several capital improvement projects in 2014/2015. These projects included completion of an exhaust system for the Welding Shop, paving improvements near the Music Building, and renovation of a building purchased in Sulphur Springs for the relocation of college classes and the addition of workforce programs. The cost of these projects in 14/15 was \$1,428,260 and were funded through current operations and from funds set aside in Renewals and Replacements.

State appropriations increased by \$122,686 from \$9,910,893 in 13/14 to \$10,033,579 in 14/15. The increase is due to a slight increase from state funded group insurance of \$74,834 and an increase from the professional nursing shortage reduction funds of \$73,908. State appropriations for support related to education and general funding decreased by (\$18,328) along with a decrease of (\$7,728) for state retirement matching.

As state appropriations continue to decrease as a percentage of total funding for Paris Junior College and the state moves towards an outcomes-based funding model, the College continues to focus on attracting and retaining students to help them successfully reach their goals while managing costs and minimizing tuition increases.

#### Overview of the Financial Statements

The Annual Financial Report consists of a series of financial statements. The core statements are known as the *Statement of Net Position*, the *Statement of Revenue*, *Expenses*, *and Changes in Net Position*, and the *Statement of Cash Flows*. These statements comply with all the Statements issued by the Governmental Accounting Standards Board (GASB) that are currently in effect.

#### Statement of Net Position

The Statement of Net Position presents all of the College's assets and liabilities with the difference between the two reported as "net position". Over time, increases or decreases in the College's net position may serve as a useful indicator of whether the financial position of the College is improving or deteriorating. This statement combines and consolidates current financial resources (short-term spendable resources) with capital assets.

#### The Statement of Revenues, Expenses, and Changes in Net Position

The Statement of Revenues, Expenses, and Changes in Net Position focuses on both the gross costs and the net costs of the college activities which are supported mainly by state appropriations, Federal revenue, ad valorem taxes and tuition and fee revenues. This approach is intended to summarize and simplify the user's analysis of costs of various college services to students and the public. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The two statements above report the College's net position and changes in net position. The change in net position provides the reader a tool to assist in determining whether the College's financial health is improving or deteriorating. The reader will need to consider other non-financial factors such as property tax base, current property tax laws, student enrollment growth, and facility conditions in arriving at their conclusion regarding the overall health of the College.

#### Statement of Cash Flows

The Statement of Cash Flows is presented on the direct method to illustrate the sources and uses of cash for operating activities of the College. GASB Statements 34 and 35 required this method to be used. The primary purpose of cash flow analysis is to provide relevant information about the cash receipts and cash payments of an entity during a period. The Statement of Cash Flows also may help users assess the College's ability to generate future net cash flows, to meet its obligations as they come due, and to determine its need for external financing.

#### Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes to financial statements can be found immediately following the basic financial statements.

#### Affiliated Organization

The Paris Junior College Memorial Foundation is a component unit of Paris Junior College. In accordance with GASB Statement 39, the financial statements of the Foundation are presented with those of the College. The prescribed presentation is for the Foundation's statement to be presented separately in a format known as a discrete presentation. For fiscal year 2014-2015 the net assets of the Foundation decreased \$2,040,024 from \$22,304,352 in 13/14 to \$20,264,328 in 14/15.

Discussion of GASB Statement 68, Accounting and Financial Reporting for Pensions, as amended by GASB Statement 71, Pension Transition for Contributions Made Subsequent to the Measurement Date.

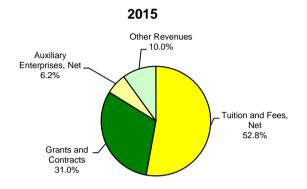

The statement of net assets assesses the balance of the College's *assets* (the resources it can use to provide services and operate the entity) against its *liabilities* (its obligations to turn over resources to other organizations or individuals). The Total Assets plus Deferred Outflows of Resources minus Total Liabilities and Deferred Inflows of Resources equals Total Net Position. Paris Junior College adopted GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, for fiscal year 2014-2015. As part of that adoption, the College included a cumulative effect of change in accounting principle of (\$3,654,513) and the restatement was made directly to the beginning net position in 14/15.

### 2015

### 2014

#### **Capital Asset and Long-Term Debt Activity**

#### Capital Assets

The College's investment in capital assets as of August 31, 2015 amounts to \$55,500,383 net of accumulated depreciation of \$13,263,606 leaving a net book value of \$42,236,777. This investment in capital assets includes land, collections, buildings and improvements, furniture and equipment, vehicles, and library books. Please refer to the notes to the financial statements for more detail on capital assets.

#### **Long-Term Debt Activity**

At the end of the fiscal year, the College had \$16,909,000 outstanding in bonds payable versus \$17,624,000 outstanding at the end of August 2014.

There are four revenue bonds outstanding at year end. The 2006, 2007, 2009, and 2012 revenue bonds' principal and interest outstanding at year end was \$24,845,745.

The College no longer carries an active bond rating; however, in the past the College's bond rating for debt was "A-" with a rating outlook for the intermediate to longer term of stable as rated by Standard & Poor's. The College's bond rating for debt was "A3" with a rating outlook for the intermediate to longer term of stable as rated by Moody's.

#### 1. Reporting Entity

Paris Junior College (PJC) was established in 1924, in accordance with the laws of the State of Texas, to serve the educational needs of Paris and the surrounding communities. The College is considered to be a special purpose, primary government according to the definition in Government Accounting Standards Board (GASB) Statement No. 14. While the College receives funding from local, state and federal sources, and must comply with spending, reporting, and record-keeping requirements of these entities, it is not a component unit of any other governmental entity. One organization, the Paris Junior College Memorial Foundation, Inc. meets the criteria of GASB pronouncements and has been presented as a discrete component unit of the College (see Note 17).

#### 2. Summary of Significant Accounting Policies

#### Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the Texas Higher Education Coordinating Board's *Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The College applies all applicable GASB pronouncements. The College is reported as a special-purpose government engaged in business-type activities.

#### **Tuition Discounting**

#### Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set-aside, called the Texas Public Education (TPEG), is shown with tuition and fee revenue amounts as a separate set-aside amount (TEC section 56.033). When the award is used by the student for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

#### Title IV, Higher Education Act (HEA) Program Funds

Certain Title IV HEA Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

#### Other Tuition Discounts

The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

#### Basis of Accounting

The financial statements of the College have been prepared on the accrual basis whereby revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

#### **Budgetary Data**

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Regents adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

#### Cash and Cash Equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

#### Deferred Inflows

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so is not recognized as an inflow of resources (revenue) until that time. Governments are permitted only to report deferred inflows in circumstances specifically authorized by the GASB.

#### 2. Summary of Significant Accounting Policies (Continued)

#### **Deferred Outflows**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until then. Governments are permitted only to report deferred outflows in circumstances specifically authorized by the GASB.

#### Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

#### Inventories

Inventories consist of jewelry, horology, gemology, welding, and electronics tools, books, and materials for sale to students. Inventories are valued at cost using the first-in, first-out method.

#### Capital Assets

Capital assets are recorded at cost at the date of acquisition or fair market value at the date of donation. For equipment, the College's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. Renovations to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 20 years for land improvements, 15 years for library books, 10 years for furniture, machinery, vehicles, and other equipment, and 5 years for telecommunications and peripheral equipment.

Collections: In accordance with guidance issued by the Texas Comptroller of Public Accounts, collections are capitalized but not depreciated. Collections are valued at their historical cost or fair value at the date of donation. The College has statues and antique pianos and organs which it capitalizes as collections. These collections are not depreciated due to the inexhaustible nature of these assets.

#### **Unearned Revenues**

Tuition and fees and housing charges of \$5,550,443 and \$5,711,211 and federal, state and local grants of \$720,667 and \$793,044 have been reported as unearned revenues at August 31, 2015 and 2014, respectively.

#### **Estimates**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Operating and Non-Operating Revenue and Expense Policy

The College distinguishes operating revenues and expenses from non-operating items. The College reports as a business-type entity and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal on-going operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are state appropriations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. The operations of food services and the bookstore are not performed by the College but are contracted to independent vendors.

#### Change in Accounting Principle

The College implemented the provisions of GASB Statement 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. The implementation of this statement resulted in an adjustment to net position in the current year of (\$3,654,513).

#### 2. Summary of Significant Accounting Policies (Continued)

#### Pensions

For the year ended August 31, 2015, Paris Junior College implemented the provisions of GASB Statement 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date.* The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined based on the flow of economic resource measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability: deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, and liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable, in accordance with the benefit terms. Investments are reported at fair value.

#### Restatement

In the year of implementation of GASB Statement 68, as amended by GASB Statement 71, a restatement to beginning net position will be required for the recording of the beginning net pension liability and for the recording of deferred outflows of resources for contributions made after the measurement date of the beginning net pension liability and the beginning of the reporting entity's fiscal year.

Beginning net position as of September 1, 2014, as been restated as follows for the implementation of GASB Statement No. 68, Accounting and Financial Reporting for Pensions, as amended by GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date.

|   | 2015             | <br>2014         |
|---|------------------|------------------|
| Increase (Decrease) in Net Position                 | \$<br>2,691,251  | \$<br>947,056    |
| NET POSITION  |                  |                  |
| Net Position - Beginning of Year                    | 40,637,835       | 39,690,779       |
| Cumulative Effect of Change in Accounting Principle | (3,654,513)      | -                |
| Net Position - Beginning of Year, as restated       | 36,983,322       | 39,690,779       |
| Net Position - End of Year                          | \$<br>39,674,573 | \$<br>40,637,835 |

#### 3. Authorized Investments

Paris Junior College is authorized to invest in obligations and instruments as defined in the Public Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute. At August 31, 2015, Paris Junior College's short-term investments consisted of certificates of deposit. Paris Junior College had no long-term investments at August 31, 2015.

#### 4. Deposits and Investments

At August 31, 2015 and 2014, the carrying amount of Paris Junior College's deposits was \$19,029,213 and \$17,501,199, respectively, and total bank balances equaled \$19,781,826 and \$18,213,202. Bank balances of \$500,000 were covered by federal depository insurance at August 31, 2015 and 2014 and \$19,846,282 and \$18,275,599 were covered by collateral pledged in PJC's name. No collateral was held by PJC or by its agent.

Cash and Deposits included on Exhibit 1, Statement of Net Position, consist of the items reported below:

| Bank Deposits             | 2015          | 2014          |
|---------------------------|---------------|---------------|
| Demand Deposits           | \$ 8,029,213  | \$ 7,501,199  |
| Time Deposits             | 11,000,000    | 10,000,000    |
|                           | 19,029,213    | 17,501,199    |
| Cash and Cash Equivalents |               |               |
| Cash on Hand              | 3,475         | 3,475         |
| Total Cash and Deposits   | \$ 19,032,688 | \$ 17,504,674 |

#### 5. Note Receivable

Paris Junior College has a note receivable bearing interest at 4.5% from an entity located in Greenville, Texas, for the purchase of real estate. The note is due and payable in fifty consecutive semi-annual installments of \$29,060. All principal and interest, if not previously paid will become due and payable on August 18, 2033. This note is secured by the property. The balance of this note as of August 31, 2015, was \$724,582.

### 6. Capital Assets

Capital assets for the year ended August 31, 2015 were as follows:

|                                     | Balance<br>September 1, |            |             | Balance<br>August 31, |

General information related to bonds and notes payable is summarized below:

#### Revenue Bonds:

Tuition and General Fee Revenue Bonds, Series 2006 To acquire site, construct, and equip Greenville center Issued August 16, 2006 \$7,500,000; all authorized bonds have been issued

Source of revenue for debt service – tuition and other fee revenues

August 31, 2015 \$ 5,790,000

#### 7. Long-Term Liabilities (Continued)

Revenue Bonds (Continued):

Tuition and General Fee Revenue Bonds, Series 2007 4,670,000

To acquire site, construct, and equip Greenville center

Issued August 16, 2007

\$6,000,000; all authorized bonds have been issued

Source of revenue for debt service - tuition and other fee revenues

Tuition and General Fee Revenue Bonds, Series 2009

To improve site and construct new South Campus residence hall 2,739,000

Issued September 15, 2009

\$3,400,000; all authorized bonds have been issued

Source of revenue for debt service – tuition and other fee revenues

Tuition and General Fee Revenue Bonds, Series 2012

To prepare site, construct, and equip new Math and Science Building 3,710,000

Issued May 24, 2012

\$4,000,000; all authorized bonds have been issued

Source of revenue for debt service – tuition and other fee revenues

#### 8. Employees' Retirement Plans

The State of Texas has joint contributory retirement plans for almost all its employees.

#### **Teacher Retirement System of Texas-Defined Benefit Plan**

Plan Description. Paris Junior College participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educations institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position. Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512)542-6592.

Benefits Provided. TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic postemployment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

#### 8. Employees' Retirement Plans (Continued)

Contributions. Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas Legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 through 2017. The 83rd Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2014 and 2015.

|  | Contribution Rates |                    |      |  |

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part of all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, when employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions. The total pension liability in the August 31, 2014, actuarial valuation was determined using the following actuarial assumptions:

| • | Valuation Date                               | August 31, 2014                   |
|---|--|-----------------------------------|
| • | Actuarial Cost Method                        | Individual Entry Age Normal       |
| • | Amortization Method                          | Level Percentage of Payroll, Open |
| • | Remaining Amortization Period                | 30 years                          |
| • | Asset Valuation Method                       | 5 year Market Value               |
| • | Discount Rate                                | 8.00%                             |
| • | Long-term expected Investment Rate of Return | 8.00%                             |
| • | Salary Increases                             | 4.25% to 7.25%                    |
| • | Weighted-Average at Valuation Date           | 5.55%                             |
| • | Payroll Growth Rate                          | 3.50%                             |

<sup>\*</sup>Includes Inflation of 3%

#### 8. Employees' Retirement Plans (Continued)

The actuarial methods and assumptions are primarily based on a study of actual experience for the four year period ending August 31, 2010, and adopted on April 8, 2011. With the exception of the post-retirement mortality rates for healthy lives and a minor change to the expected retirement age for inactive vested members stemming from the actuarial audit performed in the Summer of 2014, the assumptions and methods are the same as used in the prior valuation. When the mortality assumptions were adopted in 2011 they contained a significant margin for possible future mortality improvement. As of the date of the valuation there has been a significant erosion of this margin to the point that the margin has been eliminated. Therefore, the post-retirement mortality rates for current and future retirees was decreased to add additional margin for future improvement in mortality in accordance with the Actuarial Standards of Practice No. 35.

Discount Rate. The discount rate used to measure the total pension liability was 8.0 percent. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term rate of return on pension plan investments in 8%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2014, as amended October 1, 2014, are summarized below:

| Asset Class                   | Target<br>Allocation | Long-Term<br>Expected<br>Geometric Real<br>Rate of Return | Expected Contribution to Long-Term Portfolio Returns* |
|-------------------------------|----------------------|---|---|

#### 8. Employees' Retirement Plans (Continued)

Discount Rate Sensitivity Analysis. The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1 percent less than and 1 percent greater than the discount rate that was used (8%) in measuring the 2014 Net Pension Liability.

|  | 1% Decrease<br>in Discount<br>Rate (7.0%) | Discount Rate<br>(8.0%) | 1% Increase in<br>Discount Rate<br>(9.0%) |  |
|--|---|-------------------------|---|--|
| Paris Junior College's Proportionate Share of the Net Pension Liability: | \$ 5,763,785                              | \$ 3,225,507            | \$ 1,327,348                              |  |

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At August 31, 2015 Paris Junior College reported a liability of \$3,225,507 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to Paris Junior College. The amount recognized by Paris Junior College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with Paris Junior College were as follows:

| Paris Junior College' Proportionate Share of the Collective Net Pension Liability | \$<br>3,225,507 |
|---|-----------------|
| State's Proportionate Share that is Associated with Paris Junior College          | 2,233,999       |
| Total   | \$<br>5,459,506 |

The net pension liability was measured as of August 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2013 through August 31, 2014.

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

There was a change in employer contribution requirements that occurred after the measurement date of the net pension liability and the employer's reporting date. A 1.5% contribution for employers not paying Old Age Survivor and Disability Insurance (OASDI) on certain employees went into law effective 09/01/2014. The amount of the expected resultant change in the employer's proportion cannot be determined at this time.

For the year ended August 31, 2015, Paris Junior College recognized pension expense of \$206,529 and revenue of \$206,529 for support provided by the State.

At August 31, 2015, Paris Junior College reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  |    | Deferred    |    | Deferred  |
|--|----|-------------|----|-----------|
|  | (  | Outflows of | Ir | nflows of |
|  | I  | Resources   | R  | esources  |
| Differences Between Expected and Actual Economic Experience              | \$ | 49,883      | \$ | -         |
| Changes in Actuarial Assumptions   |    | 209,661     |    | -         |
| Difference Between Projected and Actual Investment Earnings              |    | -           |    | 986,691   |
| Changes in Proportion and Difference Between the Employer's Contribution | ns |             |    |           |
| and the Proportionate Share of Contributions                             |    | -           |    | 845       |
| Contributions Paid to TRS Subsequent to the Measurement Date             |    | 278,600     |    |           |
| Total  | \$ | 538,144     | \$ | 987,536   |
|  |    | _           | _  |           |

### 8. Employees' Retirement Plans (Continued)

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended August 31: | Pension Expense Amount |
|-----------------------|------------------------|
| 2016                  | \$ (202,819)           |
| 2017                  | (202,819)              |
| 2018                  | (202,819)              |
| 2019                  | (202,819)              |
| 2020                  | 43,643                 |
| Thereafter            | 40,486                 |

#### 8. Employees' Retirement Plans (Continued)

#### **Optional Retirement Plan-Defined Contribution Plan**

*Plan Description*. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas legislature. The percentages of participant salaries currently contributed by the state and each participant are 3.3% and 6.65%, respectively. The College contributes 1.31 percent for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. S.B. 1812, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

The retirement expense to the state for the College was \$352,871 and \$357,916 for the fiscal years ended August 31, 2015 and 2014, respectively. This amount represents the portion of expended appropriations made by the state legislature on behalf of the College.

The total payroll for all College employees was \$13,194,964 and \$14,077,506 for fiscal years 2015 and 2014, respectively. The total payroll of employees covered by the Teacher Retirement System was \$7,722,453 and \$7,581,612, and the total payroll of employees covered by the Optional Retirement Program was \$4,459,635 and \$4,739,081 for fiscal years 2015 and 2014, respectively.

#### 9. Compensated Absences

Sick leave, which can be accumulated up to 480 hours, is earned at the rate of 8 hours per month. It is paid to an employee who misses work because of illness. No accumulated sick leave is paid upon termination of employment. Vacation leave does not accumulate or carryover to subsequent years. Therefore, Paris Junior College does not accrue a liability related to compensated absences.

#### 10. Health Care and Life Insurance Benefits

Certain health care and life insurance benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee was \$538 per month for the year ended August 31, 2015 (\$503 per month for 2014) and totaled \$1,095,755 for 2015 (\$1,020,921 for the year ended 2014). The cost of providing those benefits for 110 retirees in the year ended 2015 was \$358,159 (retiree benefits for 105 retirees cost \$510,461 in 2014). For 223 active employees, the cost of providing benefits was \$737,596 for the year ended 2015 (active employee benefits for 227 employees cost \$510,460 for the year ended 2014). S.B. 1812, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

#### 11. Postemployment Benefits Other Than Pensions

Plan Description. In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. Paris Junior College contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit postemployment healthcare plan administered by the ERS. SRHP provides medical benefits to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

The ERS issues a publicly available financial report that includes financial statements and required supplementary information for SRHP. That report may be obtained from ERS via their website at www.ers.state.tx.us/.

Funding Policy. Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS Board of Trustees sets the employer contribution rate based on the implicit rate subsidy which is actuarially determined in accordance with the parameters of GASB Statement 45.

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed 30 years.

Beginning September 1, 2013, S.B. 1812 limited the State's contribution to 50% of eligible employees for community colleges.

The College's contributions to SRHP for the years ended August 31, 2015, 2014, and 2013 were \$281,214, \$237,462 and \$100,123, respectively which equaled the required contributions each year.

#### 12. Disaggregation of Receivables and Payables Balances

| Receivables at August 31, 2015 and 2014, were as follows: | <br>2015        | <br>2014        |
|---|-----------------|-----------------|
| Student Receivables                                       | \$<br>5,428,220 | \$<br>5,112,822 |
| Taxes Receivables   | 394,202         | 341,796         |
| Federal Receivables                                       | 217,064         | 449,900         |
| Other Receivables   | <br>547,262     | <br>389,528     |
| Subtotal  | 6,586,748       | 6,294,046       |
| Allowance for Doubtful Accounts                           | (1,723,553)     | (1,545,553)     |
| Total   | \$<br>4,863,195 | \$<br>4,748,493 |
|   | <br>            |                 |
| Payables at August 31, 2015 and 2014, were as follows:    | <br>2015        | <br>2014        |
| Vendors Payable   | \$<br>808,586   | \$<br>1,101,662 |
| Accrued Liabilities                                       | 124,277         | 129,924         |
| Other Payables  | <br>146,721     | <br>100,826     |
| Total   | \$<br>1,079,584 | \$<br>1,332,412 |

#### 13. Contract and Grant Awards

Contract and grant awards are accounted for in accordance with the requirements of the American Institute of Certified Public Accountants. Revenues are recognized on Exhibit 2 and Schedule A. For federal contract and grant awards, funds expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Non-federal contract and grant awards for which funds are expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements.

#### 14. Self-Insured Plans

PJC has various self-insured arrangements for coverage in the areas of workers' compensation and unemployment compensation. Accrued liabilities are generally based on actuarial valuation and represent the present value of unpaid expected claims. Estimated future payments for incurred claims are charged to current funds expenditures.

#### 15. Property Tax

Paris Junior College's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business property located in the District.

| Assessed Valuation of the District<br>Less: Exemptions and Abatements<br>Net Assessed Valuation of the District |    |                         | \$ 2,25<br>68                | 2015<br>58,829,833<br>32,439,819<br>76,390,014 | 5              | 2014<br>13,987,770<br>66,770,766<br>47,217,004 |

Tax collections for the years ended August 31, 2015 and 2014, were 97.45% and 97.58%, respectively of the current tax levy. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to either maintenance and operations or interest and sinking expenditures.

#### 16. Income Taxes

The College is exempt from income taxes under Internal Revenue Code Section 115, Income of States, Municipalities, Etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511(a)(2)(B), Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations. The College had not unrelated business income tax liability for the years ended August 31, 2015 and 2014.

#### 17. Component Units

The Paris Junior College Memorial Foundation, Inc. - Discrete Component Unit

The Paris Junior College Memorial Foundation, Inc. was established as a separate nonprofit corporation in 1944 to raise funds to provide student scholarships and assistance in the development and growth of the College. Under Governmental Standards Board Statement No. 39, *Determining Whether Certain Organization are Component Units*, an organization should report as a discretely presented component unit those organizations that raise and hold economic resources for the direct benefit of a government unit.

Accordingly, the Foundation's financial statements are included in the College's annual report as a discrete component unit (see table of contents). Selected disclosures are included in the College's financial statements.

#### **General and Significant Accounting Policies**

#### **Basis of Presentation**

The financial statements of the Foundation have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The Foundation maintains its accounts in accordance with the principles of fund accounting. Resources for various purposes are classified into funds that are in accordance with activities or objectives specified by donors. Separate accounts are maintained for each fund. For reporting purposes, however, the Foundation classifies net position and revenues, expenses, gains, and losses based on the existence or absence of donor-imposed restrictions. Accordingly, net position of the Foundation and changes therin are classified and reported as follows:

**Unrestricted:** Net position that is not subject to donor-imposed restrictions and may be used for any operating purpose of the Foundation.

**Temporarily Restricted:** Net position that is subject to donor-imposed stipulations that require the passage of time and/or the occurrence of a specific event.

**Permanently Restricted:** Net position that is required to be maintained in perpetuity, with only the income used for operating activities, due to donor-imposed restrictions.

#### Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. The carrying amounts of other investments are based on the historical cost of those investments. Realized and unrealized gains and losses are reported in the statement of activities.

In accordance with generally accepted account principles, investment in financial and nonfinancial assets are reported in a three-tiered hierarchy as follows:

Level I - Assets are based on quoted prices or unadjusted quoted prices in active markets for identical assets or liabilities that the Foundation has the ability to access at the Foundation's year end.

Level II - Assets are based on other than quoted prices or adjusted quoted prices of similar assets or liabilities in markets that are not active.

#### 17. Component Units (Continued)

Level III - Assets are based on unobservable inputs and shall reflect the Foundation's own assumptions about the assets or liabilities.

This fair value hierarchy gives the highest priority to Level I assets and the lowest priority to Level III assets.

#### **Capital Assets and Depreciation**

Capital assets are recorded at cost or at estimated fair market value at the date of the gift if donated. Such donations are reported as unrestricted support unless the donor has restricted the asset to a specific purpose. Assets donated with specific restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Foundation reclassifies temporarily restricted net position to unrestricted net position at that time.

Depreciation is calculated on the straight-line method over the estimated useful lives of the assets. The estimated useful lives range from 10 to 30 years.

#### **Contributions**

Contributions are recognized as revenues in the period unconditional promises to give are received. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value.

#### **Contributed Services**

The services of the Foundation employees and certain operating costs have been donated by the College. The estimated value of these contributed services is \$61,920 and \$39,190 for the years ended August 31, 2015 and 2014, respectively, and has been included in revenues and expenses in the accompanying financial statements.

#### **Federal Income Taxes**

The income of the Foundation, except for unrelated business income, is exempt from federal income taxes under section 501(c)(3) of the Internal Revenue Code. The Foundation had no unrelated business income during the years ended August 31, 2015 and 2014.

#### **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **Risks and Uncertainties**

The Foundation invests in various investment securities which are inherently exposed to various risks such as interest rate fluctuations, and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

| Utilities                          |            | -          |    | 157,665    |
| Preferred Stock                    |            | 2          |    | 1          |
| Closed End Funds (Equity)          |            | -          |    | 235        |
| Closed End Funds (Fixed Income)    |            | -          |    | 9,510      |
| Closed End Funds (Precious Metals) |            | 128,502    |    | 139,481    |
| Corporate Bonds                    |            | 271,732    |    | 381,802    |
| Government Bonds                   |            | 27,816     |    | 31,119     |
| Municipal Bonds                    |            | 60,393     |    | 75,387     |
| Mutual Funds (Equity)              |            | 2,989      |    | 3,987      |
| Unit Investment Trust              |            | 4,130      |    | 6,442      |
| Total Investments                  | \$         | 19,249,598 | \$ | 21,446,738 |

The Foundation holds investment assets of common stock valued at \$420,000 that is a Level II investment. The remainder of the Foundation's investments are Level I investments.

Fees paid for by the Foundation investment management services amounted to \$58,394 and \$57,466 for the years ended August 31, 2015 and 2014.

#### **Capital Assets**

The following schedule summarizes the Foundation's capital assets as of August 31, 2015 and 2014:

|                              | 2015 |           | 2014 |            |
|------------------------------|------|-----------|------|------------|
| Land                         | \$   | 500       | \$   | 500        |
| Building                     |      | 170,273   |      | 170,273    |
| Improvements                 |      | 14,603    |      | 14,603     |
|                              |      | 185,376   |      | 185,376    |
| Accumulated Depreciation     |      | (177,224) |      | (176, 354) |
| Total Property and Equipment | \$   | 8,152     | \$   | 9,022      |

#### **Contributed Property Held for Investment**

In 2000, the Foundation received a contribution of real property consisting of a residence and adjacent vacant lot located at 1260 Clarksville Street in Paris, Texas. The residence was furnished with a 25 rank Phoenix pipe organ and a Kawai KG-2C piano. The estimated fair value at August 31, 2015 and 2014, is as follows:

|                              | <br>2015      |    | 2014    |
|------------------------------|---------------|----|---------|
| Residence and adjacent lot   | \$<br>175,000 | \$ | 175,000 |
| Pipe Organ                   | 150,000       |    | 150,000 |
| Piano                        | 7,500         |    | 7,500   |
| Improvements                 | <br>12,667    |    | 12,667  |
| Total Property and Equipment | \$<br>345,167 | \$ | 345,167 |

| Total Federal Financial Assistance  |                           |                                     | \$ 11,446,434                               |

Notes to schedule on following page.

# Paris Junior College Schedule E (Continued) Schedule of Expenditures of Federal Awards Year Ended August 31, 2015

#### Note 1: Federal Financial Assistance Reconciliation

Federal Grants and Contracts Revenue - Per Schedule A

Add: Non Operating Federal Revenue

7 Total Federal Financial Assistance

\$ 1,797,770

9,648,664

\$ 11,446,434

#### Note 2: Significant Accounting Policies Used in Preparing the Schedule

The expenditures included in the schedule are reported for PJC's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represented funds which have been expended by PJC for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from the amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. PJC has followed guidelines issued by various entities in the preparation of the schedule.

Independent Auditors' Report on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of
Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Regents Paris Junior College Paris, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Paris Junior College and Paris Junior College Memorial Foundation, a discretely presented component unit, as of and for the year ended August 31, 2015, and the related notes to the financial statements, which collectively comprise Paris Junior College's basic financial statements, and have issued our report thereon dated November 12, 2015.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Paris Junior College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Paris Junior College's internal control. Accordingly, we do not express an opinion on the effectiveness of Paris Junior College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Paris Junior College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### **Public Funds Investment Act**

We have performed tests designed to verify Paris Junior College's compliance with the requirements of the Public Funds Investment Act. During the year ended August 31, 2015, no instances of noncompliance were found.

Independent Auditors' Report on Compliance for Each Major Program and on Internal Control over Compliance Required by OMB Circular A-133

To the Board of Regents Paris Junior College Paris, Texas

#### Report on Compliance for Each Major Federal Program

We have audited Paris Junior College's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Paris Junior College's major federal programs for the year ended August 31, 2015. Paris Junior College's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Paris Junior College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Paris Junior College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Paris Junior College's compliance.

#### Opinion on Each Major Federal Program

In our opinion, Paris Junior College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2015.

#### Report on Internal Control over Compliance

Management of Paris Junior College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance referred to above. In planning and performing our audit of compliance, we considered Paris Junior College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Paris Junior College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Regents Paris Junior College

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Program and on
Internal Control over Compliance In Accordance with
State of Texas Single Audit Circular

To the Board of Regents Paris Junior College Paris, Texas

#### Report on Compliance for Each Major State Program

We have audited Paris Junior College's compliance with the types of compliance requirements that are applicable to its major state programs that could have a direct and material effect on each of Paris Junior College's major state programs for the year ended August 31, 2015. Paris Junior College's major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state program.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Paris Junior College's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the State of Texas Single Audit Circular. Those standards and the Single Audit Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Paris Junior College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of Paris Junior College's compliance.

#### Opinion on Each Major State Program

In our opinion, Paris Junior College complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major state programs for the year ended August 31, 2015.

#### Report on Internal Control over Compliance

Management of Paris Junior College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance referred to above. In planning and performing our audit of compliance, we considered Paris Junior College's internal control over compliance with the types of each requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Paris Junior College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.
