Independent Auditors' Report

The Board of Trustees
Kilgore Junior College District
Kilgore, Texas

Report on the Financial Statements

We have audited the accompanying basic financial statements of the Kilgore Junior College District (District), as of and for the years ended August 31, 2015 and 2014, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Kilgore Junior College District at August 31, 2015 and 2014, and the results of its operations and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary schedules on pages 8-14, and 44-46, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the basic financial statements. The accompanying schedule of expenditures of federal awards and schedule of expenditures of state awards for the year ended August 31, 2015, included as supplemental schedules, are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits Of States, Local Governments, And Non-Profit Organizations*, and the State of Texas Single Audit Circular (STSAC), and are not a required part of the basic financial statements. The additional supplemental schedules and statistical supplement, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental schedules, as listed in the table of contents, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The statistical supplement has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2015, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

KILGORE JUNIOR COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
AUGUST 31, 2015 AND 2014

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Kilgore Junior College District's financial performance provides an overview of the District's financial activities for the fiscal year ended August 31, 2015, with fiscal year 2014 and 2013 data presented for comparative purposes. This discussion has been prepared by management along with the financial statements and related footnote disclosures and should be read in conjunction with and is qualified in its entirety by the financial statements and footnotes. For the year ended August 31, 2015, the District implemented the provisions of GASB Statement 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. The implementation of these statements did require a restatement of the beginning net position, which was a \$5,530,160 net reduction of the District's net position.

USING THIS ANNUAL FINANCIAL REPORT

This annual financial report consists of a series of financial statements. The Texas Higher Education Coordinating Board requires all Texas public junior and community colleges to use the *Annual Financial Reporting Requirements for Texas Public Community Colleges* for consistent and uniform reporting. It is intended that each public community and junior college adopt the business-type activities (BTA) model for use in preparing their annual financial reports.

The Statement of Net Position includes all assets and liabilities. The focus of the statement is to report the net resources available to finance future operations. It is prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the good or service is provided; and, expenses and liabilities are recognized when others provide the good or service, regardless of when cash is exchanged. The statement is useful to determine the assets available to fund services, as well as identify what the District owes vendors, bondholders, and others at the end of the year. The Statement of Net Position presents to the readers of the financial statements a fiscal snapshot of the District.

The Statement of Revenues, Expenses, and Changes in Net Position provides information about the activities of the District as a whole and presents a longer-term view of the District's finances. The District is dependent on three primary sources of revenues: state appropriations, tuition and fees, and ad-valorem taxes. Activities are presented as either operating or non-operating. Under this reporting model, state appropriations, ad-valorem taxes and gifts are reported as non-operating revenues. Because of the District's dependency on the non-operating revenues, there is a significant operating deficit. The utilization of long-term assets, referred to as Capital Assets, is reflected in the financial statements as depreciation, which amortizes the cost of an asset over its expected useful life.

The Statement of Cash Flows presents information related to cash inflows and outflows summarized by operating, non-capital financing, capital and related financing, and investing activities.

STATEMENT OF NET POSITION

The District's combined net position decreased \$6.3 million compared to a \$1.1 million increase in the prior year, decreasing from \$75.5 million to \$69.2 million. \$5.5 million of the decrease was the restatement of the Net Position related to the implementation of GASB Statement 68.

Unrestricted	14.1	20.9	22.3	-32.6%
Total Net Position	\$ 69.1	\$ 75.5	\$ 74.4	1.4%

The Statement of Net Position helps identify the entity's ability to meet future obligations. One of the analytical tools used to determine this is comparing the current assets to current liabilities, or the current ratio. Current assets are those assets which can be converted quickly to pay current obligations, while current obligations are those obligations which are expected to be satisfied within one business cycle. The District's current assets of \$24.4 million were sufficient to cover current liabilities of \$5.4 million, giving a current ratio of 4.5 compared to 4.6 in fiscal year 2014.

Another analytical tool used to evaluate the financial stability of an entity is to compare expendable net position to operating expenses. As of August 31, 2015 and 2014, the District had expendable net assets of \$18.5 million and \$25.4 million respectively. Operating expenses for the same period were \$46.8 million and \$46.4 million. This represents a ratio of 39.7% and 54.8% respectively.

The District's accumulated cash and cash equivalent balances decreased \$1.4 million to \$14.8 million.

STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET POSITION

Total operating revenues for fiscal year 2015 were \$15.1 million. Operating revenues decreased \$1.1 million or 6.7%.

Operating Revenues

(\$ in millions)	2015		2014		2013	
Tuition and fees	46.4%	\$ 7.0	48.8%	\$ 7.9	52.0%	\$ 8.5

Other	3.1%	0.5	2.6%	0.4	2.7%	0.4
Total		\$ 15.1		\$ 16.2		\$ 16.4

The District also had \$31.5 million in non-operating state appropriation, tax, federal non-operating, gift, and other revenues. The largest portion of non-operating revenues comes from state appropriations which are generated from four areas: general revenue generated from contact hour reimbursement, employee/retiree group insurance payments, employer retirement contributions, and special allocations or adjustments.

Non-Operating Revenues

(\$ in millions)	2015		2014		2013	
State appropriations	46.1%	\$ 13.1	40.4%	\$ 13.0	39.0%	\$ 12.8

Investment, Endowment and Other	0.1%	0.06	3.3%	1.1	2.7%	0.8
Total		\$ 28.5		\$ 32.3		\$ 32.7

Total operating expenses totaled \$46.7 million, which is a \$236 thousand or a 0.5% increase from fiscal year 2014. Expenditures for Instruction are the most significant and it had a \$1.2 million or a 6.5% decrease. Although Institutional Support had a \$1.8 million or 33.6% increase related to an upgrade in our administrative software.

Total non-operating expense		1.5%	0.7	2.2%	1	0.2%	0.1
		\$ 47.4		\$ 47.4		\$ 46.4	

There was an operating loss for fiscal year 2015 of \$31.5 million, with a decrease in net position of \$0.75 million, compared to fiscal year 2014 when they were \$30.2 and \$1.1 increase, respectively.

STATEMENT OF CASH FLOWS

The Statement of Cash Flows provides information about cash receipts and cash payments during the year. This statement also helps users assess the District's ability to generate net cash flows to meet its obligations as they come due, and its need for external financing. The District's total cash and cash equivalents decreased by \$1.4 million to \$14.8 million.

Cash Provided By (Used By) (\$ in millions)	2015		2014		2013	
Operating activities	\$	(27.8)	\$	(26.5)	\$	(26.0)
Non-capital financing activities		28.5		27.9		30.2
Capital and related financing activities		(2.1)		(3.0)		(0.8)
Investing activities		0.1		0.9		(3.6)
Change in cash and cash equivalents	\$	(1.3)	\$	(0.7)	\$	(0.2)

The primary cash receipts from operating activities consist of tuition and fees, housing, board, bookstore sales, and grant revenues. Cash outlays include payment of wages, benefits, supplies, utilities, plant maintenance, and scholarships. State and federal allocations and ad-valorem taxes are the primary source of non-capital financing. Accounting standards require that we reflect this source of revenue as non-operating even though these sources are used for operating purposes in the District's budget. Cash flows from capital and capital related financing activities include proceeds from issuing debt and receiving gifts; disbursements are for principal and interest payments on debt, and payment on buildings and other capital acquisitions. Cash flows from investing activities represent the annual effect of the purchase, sale and maturity of investments.

FINANCIAL HIGHLIGHTS

- The District's overall activities remained very stable during this year. The overall activities of the District are considered to be business-type activities. The net position decreased by \$0.75 million or 1.0%, excluding the effect of implementing GASB Statement 68.
- As of August 31, 2015, assets of the District exceeded liabilities by \$69.2 million. Of this amount, \$14.0 million is unrestricted net assets which may be used to meet ongoing operations, down from \$20.9 million in fiscal year 2014.
- During the year, the District's \$47.4 million in expenditures exceeded its revenues by \$0.75 million.
- Total cost of the District's instructional programs decreased by \$1.2 million, or 6.5%, directly related to a decline in enrollment.
- Local property tax rate remained the same as the prior year. Tax revenue collections were up 2.1% or \$137 thousand.
- Net tuition and fees decreased \$894,242 or 11.3%. Credit hour full time student equivalent decreased 1.9% during this same period.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The District has a Capital Asset Policy that requires assets whose original purchase price was over \$5,000 to be recorded as a capital asset. At the end of fiscal year 2015, the District had \$45.2 million invested in a broad range of capital assets, including equipment, buildings, and facilities. Included in Buildings & Improvements is \$1.8 million of leasehold improvements to the District's health science center made in fiscal year 2014. Lease payments for the facilities began in fiscal year 2015.

Capital Assets at Year-end (Net of Depreciation) (\$ in millions)	2015	2014	2013
Land	\$ 3.9	\$ 3.6	\$ 3.6
Buildings & Improvements	38.7	39.6	38.9
Equipment	1.9	1.5	1.2
Books and Exhibits	0.4	0.5	0.5
Construction in Progress	0.3		
Totals	\$ 45.2	\$ 45.2	\$ 44.2

CAPITAL ASSET AND DEBT ADMINISTRATION - CONTINUED

Debt

At year-end, the District had \$1.2 million in bonds and notes outstanding.

Outstanding Debt, at Year-end (\$ in millions)	2015	2014	2013
Current Portion of long term obligations	\$ 0.4	\$ 0.4	\$ 0.3
Revenue bonds and notes (backed by specific fee revenues)	1.2	1.2	1.6
Totals	\$ 1.6	\$ 1.6	\$ 1.9

COMPONENT UNIT /RELATED PARTIES

The Kilgore College Foundation and the Texas Shakespeare Festival Foundation are presented as related parties. Due to the interpretation of Governmental Standards Board Statement No. 39, the District does not feel the foundations meet the requirement of discrete component units. The Kilgore College Foundation and the Texas Shakespeare Festival Foundation contributed gifts of \$168,761 and \$146,345, respectively to the District during fiscal year 2015 as compared to the \$115,689 and \$232,900, respectively contributed in fiscal year 2014.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The District's elected and appointed officials considered many factors when setting the fiscal year 2016 budget, tax rates, and fees that are charged for the business-type activities. One of those factors is the economy. The District's employment growth has mirrored its population growth the past ten years, averaging minimal annual gains.

Although East Texas has not been impacted as much as the rest of the nation with the economic downturn, the District started feeling the impact beginning in fiscal year 2011 and expect to see a slow recovery. During this period of time the District has experienced some decline in enrollment. Although not surprising after hitting enrollment highs in 2010, the decreases have been slightly higher than other community colleges across the state. Over this five year period the District averaged a 2.7% decrease in full time student equivalence.

The District has faced various economic issues centered on traditional funding sources. A mix of state appropriations, local property taxes, tuition and fees, state and federal grants, and private giving, fund Texas public community college districts. During the g3rd Legislature, funding patterns were changed to where now community colleges receive funding based on three strategies: core operations, student success, and contact hour funding. The legislature also fixed the rate which the state would pay versus the institution would pay for employee insurance and retirement. The District has been able to maintain the same tax rate for the seventh consecutive year, with the rate being the lowest since 1995. The District's tax base valuation has decreased 4.3% going into the next fiscal year. A tax increase of 13.6% will take effect for the next tax year. Tuition and fee rates remained the same for academic year 2013-14, with only slight increases for academic year 2014-2015, but going into 2015-2016 tuition and fees were increased, a 5.1% increase for in-district students and 2.4% increase for out-of-district students. State and federal grants continue to fluctuate from year to year. The District has been working with the Kilgore College Foundation to begin some major fundraising over the next few years.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES - CONTINUED

Continuing to meet the District's financial challenges will require exploration of non-traditional ways of revenue generation that may include economic development, partnerships with public and private sector entities, increasing emphasis on contract training and adult education, and sophisticated fundraising and development efforts.

The District has many aging facilities. Over the past ten years, the District has done some major renovations and repairs, roof replacements, furnishing upgrades and construction of a new building and a residence hall in excess of \$30 million. The District is currently doing a \$2.5 million renovation of its library. All will be completed without having to take on additional bonded debt. This made a dramatic improvement to the campus. The District recently updated its facilities master plan, so in the foreseeable future it is expected that the District will be continuing its efforts towards repairs and improvements throughout the campus, including the campus in Longview, Texas. The District has already started to purchase key pieces of property in Longview, preparing to add instructional programs.

While it is not possible to predict the effects of future economic conditions, management believes the District has a solid and stable financial position and is well equipped to handle the increasing demands for a better educated workforce. The District is not aware of any currently known facts, decisions, or conditions that are expected to have a significant effect on the financial position or results of operations during the current fiscal year.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This discussion is presented in a condensed format as additional analysis. The financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. KILGORE JUNIOR COLLEGE DISTRICT - KILGORE, TEXAS
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2015 AND 2014

1. REPORTING ENTITY

Kilgore Junior College District (District) was established in 1935, in accordance with the laws of the State of Texas, to serve the educational needs of the District and the surrounding communities. The District is considered to be a special-purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the District receives funding from local, state, and federal sources, and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A) Reporting Guidelines

The significant accounting policies followed by the District in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community Colleges*. The District applies all applicable GASB pronouncements. The District is reported as a special-purpose government engaged in business-type activities (BTA).

B) Tuition Discounting

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code Section 56.033). When the student uses the award for tuition and fees and/or auxiliary charges, the amount is recorded as tuition and/or auxiliary revenue and a corresponding amount is recorded as a discount. If the amount is dispersed directly to the student, the amount is recorded as scholarship expense.

Title IV, HEA Program Funds

Certain Title IV HEA Program funds are received by the District to pass through to the student. These funds are initially received by the District and recorded as restricted revenue. When the award is used by the student for tuition and fees and/or auxiliary charges a corresponding amount is recorded as a discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

When the award is used by the student for tuition and fees and/or auxiliary charges, the amount is recorded as tuition and/or auxiliary revenue and a corresponding amount is recorded as a discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

KILGORE JUNIOR COLLEGE DISTRICT - KILGORE, TEXAS
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2015 AND 2014

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

C) Basis of Accounting

The financial statements of the District have been prepared on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

D) Budgetary Data

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The District's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

E) Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short term investments with original maturities of three months or less from the date of acquisition.

F) Investments

In accordance with GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months, but less than one year at time of purchase. [The governing board has designated public fund investment pools comprised of \$166,883 and \$166,804 at August 31, 2015 and August 31, 2014, respectively, to be short-term investments.] Long-term investments have an original maturity of greater than one year at the time of purchase.

G) Inventories

Inventories, consisting of consumable office supplies, physical plant supplies, bookstore stock, and food service supplies, are valued at the lower of cost, under the "first in, first out" method, or market, and are charged to expense as consumed.

H) Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation. For equipment, the District's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life greater than one year. Renovations of \$100,000 to buildings and infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized.

KILGORE JUNIOR COLLEGE DISTRICT - KILGORE, TEXAS
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2015 AND 2014

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

H) Capital Assets - Continued

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 20 years for land improvements, 15 years for library books, 10 years for furniture, machinery, vehicles and other equipment and 5 years for telecommunications and peripheral equipment.

I) Unearned Revenues

Tuition and fees of \$2,205,259 and \$2,597,290 have been reported as unearned revenues at August 31, 2015 and 2014, respectively.

J) Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

K) Operating and Non-Operating Revenues and Expenses

The District distinguishes operating revenues and expenses from non-operating items. The District reports as a BTA and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the District's principal and ongoing operations. The principal operating revenues are tuition and related fees, as well as revenues from the sales and services of auxiliary enterprises. The District also recognizes federal grants and contracts as operating revenue. The major non-operating revenues are state appropriations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation of capital assets.

L) Pensions

For the year ended August 31, 2015, the District implemented the provisions of GASB Statement 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined based on the flow of economic resource measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability: deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, and liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable, in accordance with the benefit terms. Investments are reported at fair value.

3. AUTHORIZED INVESTMENTS

The District is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include 1) obligations of the United States or its agencies, 2) direct obligations of the State of Texas or its agencies, 3) obligations of political subdivisions rated not less than A by a national investment rating firm, 4) certificates of deposit, and 5) other instruments and obligations authorized by statute.

Under Attorney General Opinion No. GA-0768, the District, exercising its authority to manage an endowment fund under Education Code section 51.0031(a), is not restricted solely to investments permitted by the Texas Public Funds Investment Act when managing the endowment fund.

Credit Risk: In accordance with state law and the District's investment policy, investments in mutual funds and investment pools must be rated at least AAA, commercial paper must be rated at least A-1 or P-1, and investments in obligations from other states, municipalities, counties, etc. must be rated at least A as well. Investments with Texpool have a credit rating of AAA as of August 31, 2015 and 2014, respectively.

Investments in mutual funds are made up entirely of holdings with Texas Presbyterian Foundation (TPF). Investments managed by TPF are exempt from registration requirements of the federal securities law pursuant to the exemption for collective investment funds and similar funds maintained by charitable organizations under the Philanthropy Protection Act of 1995. Accordingly, these investments are unrated.

Concentration of Cred-it Risk: The District's investment policy does not place a limit on the amount the District may invest in any one issuer.

Custodial Credit Risk: The District's investments have no custodial credit risk.

The 1997 Series bonds are considered fully defeased and the liability for those bonds has been removed.

Advanced refunding of the 1997 Series bonds reduced the District's debt service payments over a ten year period ending in 2018 by approximately \$197,517.

The economic and accounting gains are determined to be immaterial.

10. EMPLOYEES' RETIREMENT PLAN

The State of Texas has joint contributory retirement plans for almost all its employees.

Teacher Retirement System of Texas - Defined Benefit Pension Plan

Plan Description. The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the TRS. TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position. Detailed information about the TRS's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Teacher Retirement System of Texas - Defined Benefit Pension Plan - Continued

Benefits Provided. TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic cost of living adjustments (COLAs). Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Contributions. Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 thru 2017. It also added a 1.5% contribution for employers not paying Old Age Survivor and Disability Insurance (OASDI) on certain employees effective for fiscal year 2015 as discussed in Note 1 of the TRS 2014 CAFR. The 83rd Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2014 and 2015.

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, when employing a retiree of the TRS the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

The total pension liability in the August 31, 2014 actuarial valuation was determined using the following actuarial assumptions:

The actuarial methods and assumptions are primarily based on a study of actual experience for the four year period ending August 31, 2010 and adopted on April 8, 2011. With the exception of the post-retirement mortality rates for healthy lives and a minor change to the expected retirement age for inactive vested members stemming from the actuarial audit performed in the Summer of 2014, the assumptions and methods are the same as used in the prior valuation. When the mortality assumptions were adopted in 2011 they contained a significant margin for possible future mortality improvement. As of the date of the valuation there has been a significant erosion of this margin to the point that the margin has been eliminated. Therefore, the post-retirement mortality rates for current and future retirees was decreased to add additional margin for future improvement in mortality in accordance with the Actuarial Standards of Practice No. 35.

Discount Rate. The discount rate used to measure the total pension liability was 8.0%. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term rate of return on pension plan investments is 8%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At August 31, 2014, the District reported a liability of \$4,880,972 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's Proportionate share of the collective net pension liability	\$ 4,880,972
State's proportionate share that is associated with District	<u>3,624,257</u>
Total	\$ 8,505,229

The net pension liability was measured as of August 31, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2013 thru August 31, 2014.

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

There was a change in employer contribution requirements that occurred after the measurement date of the net pension liability and the employer's reporting date. A 1.5% contribution for employers not paying Old Age Survivor and Disability Insurance (OASDI) on certain employees went into law effective September 1, 2014. The amount of the expected resultant change in the employer's proportion cannot be determined at this time.

Optional Retirement Plan - Defined Contribution Plan - Continued

Plan Description. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined, but are established and amended by the Texas legislature. The percentages of annual compensation of participant salaries contributed by each participant were 6.65% and 6.50% for fiscal years 2015 and 2014 and a state contribution rate of 6.6% for fiscal years 2015 and 2014, respectively. The District contributes 1.31% for employees who were participating in the optional retirement plan program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. S.B. 1812, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

The retirement expense to the state for the District was \$527,469 and \$548,961 for the fiscal years ended August 31, 2015 and 2014, respectively. This amount represents the portion of expended appropriations made by the state legislature on behalf of the District.

The total payroll for all District employees was \$21,304,462 and \$21,767,073 for fiscal years 2015 and 2014, respectively. The total payroll of employees covered by the TRS was \$12,357,840 and \$11,766,205, and the total payroll of employees covered by the Optional Retirement System was \$6,328,911 and \$6,848,368 for fiscal years 2015 and 2014, respectively.

11. DEFERRED COMPENSATION

The District contributed \$24,000 and \$23,000 as deferred compensation for fiscal years 2015 and 2014, respectively, on behalf of the President of the College, to the State of Texas 457 Plan, administered through the ERS TexaSaver Program. The District had no other deferred compensation programs in effect during fiscal years 2015 and 2014.

12. COMPENSABLE ABSENCES

Full time employees are granted one day of paid sick leave time per scheduled work month. Paid sick leave time that has not been taken accumulates up to a maximum of 90 days, but it is not paid should the employment relationship cease for reasons other than retirement. Full time employees are also granted ten days per year vacation time; a total of five days vacation time may be accumulated and carried forward to the following fiscal year. Unused vacation time is paid at the time employment ceases, regardless of the reason for termination.

Upon official retirement, an eligible employee is paid the greater of one month's salary or one-half of his or her accumulated sick leave time, whichever is greater. Accordingly, the District has included a liability for accrued sick leave time in the amount of \$588,886 and \$521,541 at August 31, 2015 and 2014, respectively, based on employees currently eligible for retirement. 10% of the total liability for accrued sick leave is considered a current liability based on historical experience. The District accrued vacation liability in the amount of \$205,201 and \$176,219 at August 31, 2015 and 2014, respectively, all of which has been classified as a current liability.

15. FUNDS HELD IN TRUST BY OTHERS

The balances, or transactions, of funds held in trust by others on behalf of the District are not reflected in the financial statements. There were no such funds for the benefit of the District at August 31, 2015 and 2014.

16. CONTRACT AND GRANT AWARDS

Contract and grant awards are accounted for in accordance with the requirements of the American Institute of Certified Public Accountants Industry Audit Guide, *Audits of Colleges and Universities*. For federal contract and grant awards, funds expended, but not collected, are reported as Federal Receivables on Exhibit 1. Non-federal contract and grant awards for which funds are expended, but not collected, are reported as Accounts Receivable on Exhibit 1.

16. CONTRACT AND GRANT AWARDS - CONTINUED

Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements. Contract and grant award funds already committed, e.g., multi-year awards, or funds awarded during fiscal years 2015 and 2014 for which monies have not been received nor funds expended totaled \$195,598 and \$184,302. Of these amounts, \$195,598 and \$184,302 were from Federal Contract and Grant Awards and none were from State Contract and Grant Awards for fiscal years ended 2015 and 2014, respectively.

17. SELF-INSURED PLANS

The District did not participate in any self-insured plans during fiscal years 2015 and 2014.

18. HEALTH CARE AND LIFE INSURANCE BENEFITS

Certain health care and life insurance benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee varies based upon coverage category.

Monthly contributions were \$537.66 and \$503.14 for "Employee Only" coverage, \$845.54 and \$791.16 for "Employee and Spouse" coverage, \$743.80 and \$696.00 for "Employee and Children" coverage, and \$1,051.68 and \$984.02 for "Employee and Family" coverage for the years ended August 31, 2015 and 2014, respectively.

Certain categories of employees such as physical plant and auxiliary staff are not eligible for state funding of health care benefits. The District uses local funds to pay the premiums for those employees. The state's contribution totaled \$1,985,554 and \$1,849,952 for the years ended August 31, 2015, respectively. S.B. 1812, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

The cost of providing those benefits for retirees and active employees as of August 31, 2015 and 2014 was as follows:

	<u>2015</u>	<u>2014</u>
Cost of state's contribution	\$ 705,199	\$ 633,685

JUGUST 31, 2015 AND 2014

20. INCOME TAXES

The District is exempt from income taxes under Internal Revenue Code Section 115, *Income of States, Municipalities, Etc.*, although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), *Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations*. The District had no unrelated business income tax liability for the years ended August 31, 2015 and 2014.

21. RELATED PARTIES

The Kilgore College Foundation (Foundation) is a nonprofit organization with the sole purpose of supporting educational, scientific and charitable purposes in order to promote and support the District. The District does not appoint a voting majority nor does it fund or is obligated to pay debt related to this Foundation. However, the District does have the ability to significantly influence the policies of this Foundation. The Foundation is incorporated and chartered entirely separate from the District, with separate management and control, and a separate Board of Directors. The Foundation solicits donations and acts as coordinator of gifts made by other parties. The Foundation contributed gifts of \$168,761 and \$115,689 to the District during the years ended August 31, 2015 and 2014, respectively.

During both fiscal years, the District furnished certain services, such as office space, utilities and staff assistance to the Foundation. These facilities and services are not required to be repaid.

The Texas Shakespeare Festival Foundation is a nonprofit organization that supports the Texas Shakespeare Festival (Festival) that is presented by the District on an annual basis. During the years ended August 31, 2015 and 2014, \$146,345 and \$232,900, respectively were contributed to the District in support of the Festival.

22. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description. In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. The District contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit postemployment healthcare plan administered by the Employees Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

ERS issues a publicly available financial report that includes financial statements and required supplementary information for SRHP. That report may be obtained from ERS via their website at <http://www.ers.state.tx.us/>.

Funding Policy. Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

AUGUST 31, 2015 AND 2014

22. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS - CONTINUED

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy which is actuarially determined in accordance with the parameters of GASB statement 45.

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years.

Beginning September 1, 2013, S.B. 1812 limits the state's contribution to 50% of eligible employees for community colleges.

The District's contributions to SRHP for the years ended August 31, 2015, 2014 and 2013 were \$646,335; \$647,757; and \$6,481, respectively, which equaled the required contributions each year.

23. COMMITMENTS AND CONTINGENT LIABILITIES

In the ordinary course of business, the District has various outstanding commitments and contingent liabilities that are not reflected in the accompanying financial statements. Several of the District's buildings contain asbestos, which will need to be removed at the time these buildings are renovated or destroyed. The District has no current plans regarding these buildings and the cost of abatement cannot be reasonably determined at this time.

24. SUBSEQUENT EVENTS

The District has evaluated subsequent events through December 7, 2015, the date on which the financial statements were available to be issued.

Note 2: Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented using the accrual basis of accounting. The format for the accompanying schedule has been prescribed by the U. S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Such format includes revenue recognized in Kilgore Junior College District's (District) basic financial statements. See Note 2 to the financial statements for the District's significant accounting policies.

Note 3: Significant accounting policies used in preparing schedules

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all applicable federal financial assistance programs of Kilgore Junior College District. Federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other government agencies is included on the schedule. The expenditures included in the Schedule are reported on the District's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds which have been expended by the District for the purpose of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The District has followed all applicable guidelines by various entities in the preparation of the schedule.

Note 2: Basis of Accounting

The accompanying Schedule of Expenditures of State Awards is presented using the accrual basis of accounting. The format for the accompanying schedule has been prescribed by the U. S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Such format includes revenue recognized in the Organization's basic financial statements. See Note 2 to the financial statements for the Kilgore Junior College District's significant accounting policies. State awards are subject to the Office of the Governor's State of Texas Single Audit Circular. Such guidelines are consistent with those required under the single audit act of 1996, OMB Circular A-133 and *Government Auditing Standards*, issued by the Comptroller General of the United States.

Note 3: Significant accounting policies used in preparing schedules

The accompanying Schedule of Expenditures of State Awards presents the activity of all applicable state financial assistance programs of Kilgore Junior College District. State financial assistance received directly from state agencies as well as state financial assistance passed through other government agencies is included on the schedule. The expenditures included in the Schedule are reported on the District's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds which have been expended by the District for the purpose of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The District has followed all applicable guidelines by various entities in the preparation of the schedule.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Members of the Board:

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the Kilgore Junior College District which comprise the statements of net position as of August 31, 2015 and 2014, and the related statements of revenue expenses and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated December 7, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Kilgore Junior College District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Kilgore Junior College District's internal control. Accordingly, we do not express an opinion on the effectiveness of Kilgore Junior College District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

- 57 -

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Kilgore Junior College District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Public Funds Investment Act

We have performed tests designed to verify Kilgore Junior College District's compliance with the requirements of the Public Funds Investment Act. During the year ended August 31, 2015, no instances of noncompliance were found.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR

Members of the Board:

Report on Compliance for Each Major Federal and State Program

We have audited Kilgore Junior College District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the State of Texas Single Audit Circular that could have a direct and material effect on each of Kilgore Junior College District's major federal and state programs for the year ended August 31, 2015. Kilgore Junior College District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Kilgore Junior College District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and the State of Texas Single Audit Circular. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about Kilgore Junior College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of Kilgore Junior College District's compliance.

Opinion on Each Major Federal and State Program

In our opinion, Kilgore Junior College District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2015.

Report on Internal Control over Compliance

Management of Kilgore Junior College District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Kilgore Junior College District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Kilgore Junior College District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and the State of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.
