**INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL
STATEMENTS AND SUPPLEMENTAL INFORMATION**

Board of Regents
Hill College
Hillsboro, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of Hill College, (the College) as of and for the years ended August 31, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

**INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL
STATEMENTS AND SUPPLEMENTAL INFORMATION (CONTINUED)**

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Hill College as of August 31, 2015 and 2014, and the respective changes in financial position, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 11 and the Schedule of College's Share of Net Pension Liability and Schedule of College's Contributions on pages 39 through 41 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The supplementary schedules (schedules A through D) as described in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards (schedule E) and schedule of expenditures of state awards (schedule F) are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State of Texas Single Audit Circular, and are also not a required part of the financial statements.

The supplemental schedules, the schedule of expenditures of federal awards and the schedule of expenditures of state awards are the responsibility of management and were derived from and

**INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL
STATEMENTS AND SUPPLEMENTAL INFORMATION (CONTINUED)**

relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2015, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Temple, Texas
December 18, 2015

Management's Discussion and Analysis

This section of Hill College's annual financial report presents management's discussion and analysis of the financial performance of the College during the fiscal year ended August 31, 2015. This annual report contains financial statements which are in conformance with Governmental Accounting Standards Board (GASB). There are three financial statements presented: the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows. The following summary and management's discussion and analysis is intended to provide readers with an overview of the basic financial statements. This discussion should be read in conjunction with the accompanying financial statements, notes to the financial statements, and supplemental information.

Management has prepared the financial statements and the related footnote disclosures along with the discussion and analysis. The College adopted GASB No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASE No. 27*, and GASB No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASE No. 68* effective September 1, 2014. With the adoption of GASB No. 68, the College now recognizes a net pension liability in the statement of net position for its proportionate share of participation in the Teacher Retirement System of Texas defined benefit pension plan. With the adoption of GASB No. 71, the College recognized deferred outflows of resources in the statement of net position for contributions made to this defined benefit pension plan after the measurement date (currently, August 31 of the previous year). The cumulative effect of these changes in accounting principles decreased unrestricted net position by \$2,747,707 at September 1, 2015. For additional information on accounting policy refer to Notes 1 and 2 in the "Notes to the Financial Statements".

Financial statements for the College's component unit, Hill College Foundation (the Foundation), are issued independently of the College. The Foundation's financial information is included in the College's annual report as a discrete component unit (see table of contents). More details on the Foundation are in Note 20 in the Notes to the Financial Statements.

Statement of Net Position

Condensed Statement of Net Position

	2015	2014	2013
Assets:			
CmTent Assets	\$ 17,660,332	\$ 18,187,109	\$ 17,011,091
Capital Assets	23,577,711	23,077,072	22,956,885
Other Noncurrent Assets	1,673,427	1,541,292	1,381,603
Total Assets	\$ 42,911,470	\$ 42,805,473	\$ 41,349,579
Deferred Outflows of Resources:			
Defen-ed Outflows Related to Pensions	429,746		
Total Deferred Outflows of Resources	429,746		
Liabilities:

NoncmTent Liabilities	4,107,724	2,193,017	2,692,643
Total Liabilities	\$ 9,637,388	\$ 8,761,532	\$ 9,532,942
Deferred Inflows of Resources:			
Deferred Inflows Related to Pensions	741,862		
Total Deferred Inflows of Resources	741,862		
Net Position:			
Invested in Capital Assets, Net of Related Debt	\$ 21,802,711	\$ 20,802,072	\$ 19,406,884
Restricted-nonexpendable	1,425,032	1,309,649	1,146,057
Restricted-expendable	926,554	808,831	1,546,334
Umestricted	8,807,669	11,123,389	9,717,362
Total Net Position	\$ 32,961,966	\$ 34,043,941	\$ 31,816,637

Changes in the "Statement of Net Position" are derived from the activity reported in the "Statement of Revenues, Expenses, and Changes in Net Position". This statement is intended to give its readers an indication of the institution's financial condition at a given point in time, for example at year's end.

Net Position is divided into three major categories. The first category, "Invested in Capital Assets Net of Related Debt," represents the College's equity in property, plant and equipment owned by the institution. The next category "Restricted" is further divided into two categories: Nonexpendable and Expendable. Nonexpendable is derived from Grants and Endowments. Expendable is available for expenditures but must be spent in accordance with the restriction of donors and other external entities. The final category, "Unrestricted", is available to the institution for any lawful purpose of the College.

The largest component of capital assets is the College's investment in buildings and other real estate improvements, \$20,424,237. The buildings owned by Hill College are only 31% depreciated, which is an indication of the age of the facilities. Most buildings are relatively new and are in good repair.

Total defened outflows of resources increased \$429,746 from 2014 to 2015. With the adoption of GASBs No. 68 and 71, Hill College recorded pension contributions made subsequent to the plan's measurement date, differences between expected and actual economic experience, and changes in actuarial assumptions of the plan at August 31, 2015.

Hill College reflected a net pension liability of approximately \$2.4 million at August 31, 2015 with the adoption of GASB No. 68 at September 1, 2014 (the College recorded this adoption as a cumulative effect of change in accounting principle rather than as a restatement of 2014 balances in the statement of net position and statement of revenues, expenses, and changes in net position) .

The \$875,856 increase in total liabilities when compared to the prior year is primarily the result of (1) a decrease of \$1,097,179 in accounts payable, which was a timing difference in paying the bookstore for Fall 2015 student financial aid vouchers and (2) a \$2,425,153 increase in net pension liability when compared to the previous year due to GASB 68 and 71.

It is also important to note that current liabilities are only 31% of current assets. This is an indication of the college's ability to meet its short-term obligations as they come due and still have resources available for any unforeseen contingency.

Total deferred inflows of resources increased \$741,862 from 2014 to 2015. With the adoption of GASB No. 68, the College recorded the difference between projected and actual investment earnings for the net pension liability and changes in proportion and differences in the College contributions and proportionate share of contributions to the pension plan at August 31, 2015.

The College's financial position is strong and stable as reflected in Exhibit 1. Unrestricted net position is critical to support the College's overall mission; therefore, it is impmiant that unrestricted net position be adequately maintained. The College has not been required to use these resources to fund operations. Further, the adoption of GASBs No. 68 and 71 did not put the College in a deficit unrestricted net position.

For additional information on "Statement of Net Position" refer to "Notes to the Financial Statements".

Net Position at End of Year	<u>-</u>	<u>-</u>	<u>-</u>

The "Statement of Revenues, Expenses and Changes in Net Position" presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or non-operating. Generally speaking, operating revenues or expenditures are those earned or incurred by the institution from its nmmal activity of carrying out its mission of providing educational programs to the citizens of its service area.

The College is primarily dependent upon three sources of revenue: state appropriations; tuition and fees; and property taxes. Since state appropriations and property taxes are classified as Non-Operating Revenues (per GASB), Texas community colleges will generally display an operating deficit before taking into account other support. Therefore, total revenues and total expenses should be considered in assessing the change in the College's financial position.

The operating revenue repmted in the "Statement of Revenues, Expenses and Changes in Net Position" is derived from the activity reported in Schedule A "Schedule of Operating Revenues".

The Operating expenses repmted in the "Statement of Revenues, Expenses and Changes in Net Position" are derived from the activity reported in Schedule B "Schedule of Operating Expenses by Object".

The utilization of capital assets is reflected in the financial statements as depreciation, which ammtizes the cost of an asset over its expected useful life.

While there was an approximately 8% decline in enrollment, there was not any significant change in operating revenue due to increased tuition rates. There was a \$1,084,078 decline in non-operating revenue due to a decrease in federal revenue (Title IV student aid funds) which was caused by the enrollment decline. There was also a decrease of \$502,379 in operating expense which was the result of the College responding to the enrollment decline.

For additional information on "Statement of Revenues, Expenses and Changes in Net Position" refer to "Notes to the Financial Statements".

Statement of Cash Flows

Condensed Statement of Cash Flows

	<u>2015</u>	<u>2014</u>	<u>2013</u>
Cash Flows from			
Operating Activities	\$ (17,508,100)	\$ (16,782,468)	\$ (16,677,870)
Noncapital Financing Activities	19,002,443	19,867,613	19,661,349
Capital and Related Financing Activities	(1,799,734)	(1,176,355)	(3,260,671)
Investing Activities	76,066	(1,401,262)	152,660
Net Increase in Cash and Cash Equivalents	(229,325)	507,528	(124,532)
Cash at Beginning of Year	<u>12,154,841</u>	<u>11,647,313</u>	<u>11,771,845</u>
Cash at End of Year	<u>\$ 11,925,516</u>	<u>\$ 12,154,841</u>	<u>\$ 11,647,313</u>

The "Statement of Cash Flows" is a detailed analysis of the change in cash and cash equivalents that occurred during the year. This statement consists of five components.

(1) Cash Flows from Operating Activities

This section deals with the change in cash due to the normal operating activity of the institution. Refer to the net income or loss recorded in the "Statement of Revenues, Expenses and Changes in Net Position".

(2) Cash Flows from Noncapital Financing Activities

For Hill College this is a combination of state appropriated funds, property tax revenue, and receipts from non-operating federal revenues.

(3) Cash Flows from Capital and Related Financing Activities

This deals with the change in cash due to acquisition or disposition of capital assets and with payments on capital debt and leases.

(4) Cash Flows from Investing Activities

This reflects cash flows resulting from investing activities.

(5) Reconciliation of Operating Income (Loss) to Net Cash used by Operating Activities

This section reconciles the net change in cash with the operating income (loss) reported in the "Statement of Revenues, Expenses, and Changes in Net Position". This reconciliation is necessary because of changes that may affect cash without having a corresponding effect on revenue or expense, for example: changes in accounts receivable, accounts payable, deferred revenue, etc. Items that may affect revenue or expense without affecting cash, such as depreciation, also create a need for this reconciliation.

For additional information on "Statement of Cash Flows" refer to "Notes to the Financial Statements".

Capital Asset and Debt Administration

On May 15, 2012 Hill College issued \$3,550,000 Revenue Refunding Bonds for the purpose of refunding all outstanding bond issues. The average life of the issue was 3.957 years (2013 through 2019). The repayment period on the bonds was reduced by two years (to 2019), and the actual net debt service savings on the reissue was \$300,318.

For additional information concerning Capital Assets and Debt Administration, see Note 2, 5, 6, 7, and 9.

Discussion of Currently Known Facts, Decisions, or Conditions

Hill College currently maintains an A2 bond rating with Moody's Investors Services.

Effective fall 2015, the Hill College Board of Regents approved a \$5 per semester credit hour increase in tuition and a \$2 per semester credit hour increase in out of district fees, except for Dual Credits Students whose tuition and fees rate remains unchanged.

The Hill College Board of Regents approved \$1,063,555 to be funded with a loan from current reserves for a Water/Electric energy project for both the Hillsboro and the Johnson County Campus to be completed during FY 2016.

The Hill College Board of Regents approved the renovation of a building and the development of a HVAC program in Johnson County at a cost not to exceed \$4,000,000, which is to be funded with a loan from reserves.

The accompanying notes are an integral part of the financial statements.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

1. Reporting Entity

The authorization to establish Hill College was issued in 1921 by the Attorney General of the State of Texas under the name of Hillsboro Junior College. The College first enrolled students in September of 1923. Hillsboro Junior College operated continuously until July of 1950 when it closed after an attempt to establish a countywide college system failed. The college lay dormant for eleven years during which time the charter was protected from forfeiture through the efforts of the late Senator Crawford Martin of Hillsboro. On March 3, 1962, a bond issue was passed for the purpose of building a new campus. The college opened for business in September of 1962 under a new name, Hill Junior College. The new college district was expanded by the voluntary annexation of five Hill County school districts other than the original Hillsboro school district. In 1974, the college opened an extension center in Cleburne, Texas, located in Johnson County. In 1997 and 1998, the citizens of eight Johnson County school districts approved a local maintenance and operation tax for the purpose of supporting the branch campus of Hill College in Johnson County. The Hill Junior College District is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

2. Summary of Significant Accounting Policies

Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The College applies all applicable GASB pronouncements. The College is reported as a special-purpose government engaged in business-type activities.

Tuition Discounting

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code 56.0333). When the award is used by the student for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Title IV. Higher Education Act Program Funds

Certain Title IV HEA Program funds are received by the college to pass through to the student. These funds are initially received by the college and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

Other Tuition Discounts

The college awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis, whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Budgetary Data

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Regents adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1. Board policy requires the College maintain a minimum fund balance equal to twenty-five percent of the current operating budget. For the years ended August 31, 2015 and August 31, 2014, respectively, the minimum unrestricted fund balance to be maintained was \$5,434,845 and \$5,719,719. The College exceeded this minimum required fund balance for both years.

Cash and Cash Equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Deferred Inflows

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. Governments are only permitted to report deferred inflows in circumstances specifically authorized by the GASB.

Deferred Outflows

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Governments are only permitted to report deferred outflows in circumstances specifically authorized by the GASB. A typical deferred outflow for community colleges is a deferred charge on a refunding debt.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. The governing board has designated public funds investment pools comprised of \$502,353 and \$501,834 at 2015 and 2014 to be short-term investments. Long-term investments have an original maturity of greater than one year at the time of purchase.

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation. For equipment, the College's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. Renovations of \$100,000 to building, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 20 years for land improvements, 15 years for library books, 10 years for furniture, machinery, vehicles and other equipment and 5 years for telecommunications and peripheral equipment.

Deferred Revenue

Tuition and fees of \$3,482,503 and \$3,466,064, dorm rental and food service fees of \$539,888 and \$537,045 and federal, state and local grants of \$62,775 and \$61,372 have been reported as deferred revenues at August 31, 2015 and 2014, respectively.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating and Non-Operating Revenue and Expense Policy

The College distinguishes operating revenues and expenses from non-operating items. The College reports as a BTA and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are state appropriations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. The operations of the bookstore and cafeteria are not performed by the College.

HiJI College
Notes to Financial Statements
August 31, 2015 and 2014

Pensions

For the year ended August 31, 2015, the College implemented the provisions of GASB Statement 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined based on the flow of economic resource measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability: deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable, in accordance with the benefit terms. Investments are reported at fair value.

Prior Year Restatement

In the year of implementation of GASB Statement 68, as amended by GASB Statement 71, a restatement to beginning net position will be required for the recording of the beginning net pension liability and for the recording of deferred outflows of resources for contributions made after the measurement date of the beginning net pension liability and the beginning of the reporting entity's fiscal year.

Beginning net position as of September 1, 2014, has been restated as follows for the implementation of GASB Statement 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*.

Beginning Net Position	\$ 34,043,941
Prior Period Adjustment-Implementation of GASB 68:	
Net Pension Liability (Measurement Date as of August 31, 2014)	(2,977,882)
Deferred Outflows - College Contributions Made During FY 2014	230,181
Recognition of Additional Contribution Adjustment	(6)
Beginning Net Position, as Restated	<u>\$ 31,296,234</u>

3. Authorized Investments

Hill College is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute. The Board of Regents of Hill College has adopted a written investment policy regarding the investment of its funds as defined in the Public Funds Investment Act of 1995 (Chapter 2256, Texas Government Code). The investments of the College are in compliance with the Regent's investment policies. In addition, there were no instances of non-compliance with regards to the Public Funds Investment Act.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

As of August 31, 2015 the District had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)			N/A
		Less than 1	1 to 2	Greater than 2	
Certificates of Deposit	\$ 3,124,083	\$ 3,124,083	\$	\$	\$
Investment Pool	502,353	502,353			
Total Fair Value	\$ 3,626,436	\$ 3,626,436	\$	\$	\$

Interest Rate Risk – In accordance with state law and District policy, the District does not purchase any investments with maturities greater than 10 years.

Credit Risk – In accordance with state law and the District's investment policy, investments in mutual funds and investment pools must be rated at least AAA, commercial paper must be rated at least A-1 or P-1, and investments in obligations from other states, municipalities, counties, etc. must be rated at least A.

Concentration of Credit Risk -The District does not place a limit on the amount the District may invest in any one issuer. None of the District's investments are in FNMA, FHLB or similar investments.

5. Capital Assets

Capital assets activity for the year ended August 31, 2015 was as follows:

8. Bonds Payable

General information related to bonds payable is summarized below:

Revenue Refunding Bonds, Series 2012:

To refund Series 1998, 2000, and 2002 bonds
Issued June 1, 2012
\$3,550,000; all authorized bonds have been issued
\$2,070,000 outstanding balance

The building use fee for the availability of the administration building and the fine arts building, the library use fee, the net revenues of the cafeteria and the bookstore, and dormitory rental fees are obligated toward the retirement of indebtedness.

Transfers are to be made from the Special Revenue Bond Fund to the Special Revenue Bond Interest and Sinking Fund, and the Special Revenue Bond Reserve Fund. For the year ended August 31, 2015, the College was in compliance with all significant covenants and restrictions that are contained in the various bond indentures.

Bonds payable are due in annual installments varying from \$480,000 to \$545,000 with interest rates from 2.0% to 3.0% with the final installment due in 2019.

9. Advanced Refunding Bonds

On April 17, 2012, the Board approved the sale of \$3,550,000 Revenue Refunding Bonds, Series 2012. The sale closed and funds were received on June 12, 2012 with an average coupon rate of 2.79%. Proceeds from the sale totaling \$3,683,705 were used to refund all of the College's outstanding bonded indebtedness (Revenue Bonds Series 1998, 2000 and 2002) to achieve debt service savings and to pay costs of \$70,000 related to the issuance of the bonds. The Revenue Bond Series 1998, 2000, and 2002 are considered fully defeased and the liability for those bonds has been removed from the Plant Fund. Advanced refunding of these bonds reduced the College's debt service payments over the next 9 years by approximately \$300,318. An economic gain (the difference between net present values of the old and new debt service payments) of \$260,885 was achieved by the refunding.

10. Employees' Retirement Plan

The State of Texas has joint contributory retirement plans for almost all its employees.

Optional Retirement Plan - Defined Contribution Plan

Plan Description. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas legislature. The percentages of participant salaries currently contributed by the state and each participant are 6.6% and 6.65%, respectively. The College contributes 1.0% for employees participating in the optional retirement program. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. S.B. 1812, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

The retirement expense to the state for the College was \$105,937 and \$107,364 for the fiscal years ended August 31, 2015 and 2014, respectively. This amount represents the portion of expended appropriations made by the State Legislature on behalf of the College.

Public Agency Retirement System -Defined Contribution Plan

In addition, the College has established a defined contribution plan for part-time employees called the Public Agency Retirement System (PARS) plan. The PARS plan, as established by the College under the provisions of the Omnibus Budget Reconciliation Act of 1990, requires 5.5% to be deducted from participants' salaries each pay period and contributed to the PARS plan administered by the Union Bank of California. The College also contributes the equivalent of 2% of participants' salaries. Contributions to the PARS plan are immediately 100% vested.

Teacher Retirement System of Texas -Defined Benefit Pension Plan

Plan Description

The College participates in a cost-sharing multiple-employer defined benefit pension plan that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR> ; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule.

There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83'd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 through 2017. The 83d Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2014 and 2015.

Contribution Rates

	2014	2015
Member	6.4%	6.7%
Non-Employer Contributing Entity (State)	6.8%	6.8%
Employers	6.8%	6.8%
FY 2014 College Contributions	\$ 230,181	
FY 2014 State of Texas On-Behalf Contributions	\$ 200,515	

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the non-employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, when employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions

The total pension liability in the August 31, 2014 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2014
Actuarial Cost Method	Individual Entry Age Normal
Amortization Method	Level Percentage of Payroll, Open
Remaining Amortization Period	30 years
Asset Valuation Method	5 year Market Value
Discount Rate	8.00%
Long-term Expected Investment Rate of Return*	8.00%
Salary Increases*	4.25% to 7.25%
Weighted-Average at Valuation Date	5.55%
Payroll Growth Rate	3.50%

**Includes Inflation of 3%*

The actuarial methods and assumptions are primarily based on a study of actual experience for the four year period ending August 31, 2010 and adopted on April 8, 2011. With the exception of the post-retirement mortality rates for healthy lives and a minor change to the expected retirement age for inactive vested members stemming from the actuarial audit performed in the summer of 2014, the assumptions and methods are the same as used in the prior valuation. When the mortality assumptions were adopted in 2011 they contained a significant margin for possible future mortality improvement. As of the date of the valuation there has been a significant erosion of this margin to the point that the margin has been eliminated. Therefore, the post-retirement mortality rates for current and future retirees was decreased to add additional margin for future improvement in mortality in accordance with the Actuarial Standards of Practice No. 35.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

Discount Rate

The discount rate used to measure the total pension liability was 8.0%. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term rate of return on pension plan investments is 8%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2014 are summarized below:

Hill College

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (8%) in measuring the 2014 Net Pension Liability.

	1% Decrease in Discount Rate (7.00%)	Discount Rate (8.00%)	1% Increase in Discount Rate (9.00%)
Hill College's proportionate share of the net pension liability:	4,333,601	2,425,153	997,989

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2015, the College reported a liability of \$2,425,153 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the College. The amount recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College were as follows:

Hill College's proportionate share of the collective net pension liability	2,425,153
State's proportionate share that is associated with Hill College	2,117,111
Total	4,542,264

The net pension liability was measured as of August 31, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2013 through August 31, 2014.

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

There was a change in employer contribution requirements that occurred after the measurement date of the net pension liability and the employer's reporting date. A 1.5% contribution for employers not paying Old Age Survivor and Disability Insurance (OASDI) on certain employees went into law effective 09/01/2014. The amount of the expected resultant change in the employer's proportion cannot be determined at this time.

For the year ended August 31, 2015, the College recognized pension expense of \$195,723 and revenue of \$195,723 for support provided by the State.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

At August 31, 2015, the College reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual economic experience	\$ 37,506	\$
Changes in actuarial assumptions	157,638	
Differences between projected and actual investment earnings		741,226
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions		636
Contributions paid to TRS subsequent to the measurement date	<u>234,602</u>	
Total	<u>\$ 429,746</u>	<u>\$ 741,862</u>

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended August 31:</u>	<u>Pension Expense Amount</u>
2016	(152,493)
2017	(152,493)
2018	(152,493)
2019	(152,493)
2020	32,813
Thereafter	30,441

The total payroll for all College employees was \$11,188,614 and \$11,145,594 for fiscal years 2015 and 2014, respectively. The total payroll of employees covered by the Teacher Retirement System was \$6,541,689 and \$6,477,580 for fiscal years 2015 and 2014, respectively. The total payroll of employees covered by the Optional Retirement System was \$3,235,408 and \$3,290,243 for fiscal years 2015 and 2014, respectively. The total payroll of employees covered by the PARS plan was \$1,283,319 and \$1,243,806 for fiscal years 2015 and 2014, respectively.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

11. Deferred Compensation Plan

Under Section 403(b) of the Internal Revenue Code, all employees of the College are eligible to defer from taxable income amounts they choose to contribute to a Tax Sheltered Annuity (TSA). Authority for this program is granted under Government Code 609.001. The general maximum contribution limit was \$18,000 for tax year 2015 and \$17,500 for tax years 2014, with a make-up provision for individuals fifty years or older of \$6,000 in 2015 and \$5,500 in 2014. Twenty-two employees of the College contributed a total of \$76,639 under this plan for the year 2015, and twenty-five employees contributed a total of \$82,668 under this plan for 2014. The College does not contribute to this plan. The deferred compensation program is not included in the basic financial statements because the program's assets are assets of the plan participants and not of the College.

12. Compensable Absences

Effective September 1, 2006, full-time employees earn vacation leave of six and two-thirds hours per month for a maximum of eighty hours per year. A maximum of forty hours may be carried over to the next fiscal year. The College recognized the accrued liability for the unpaid vacation leave in the amount of \$60,957 for 2015 and \$61,915 for 2014. Full-time employees earn sick leave of eight hours per month, which can be accumulated up to sixty days maximum. It is paid to an employee who misses work because of illness. Employees who terminate their employment are not entitled to payment for accumulated sick leave. Therefore, the College does not accrue for accumulated sick leave.

13. Health Care and Life Insurance Benefits

Certain health care and life insurance benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee for HealthSelect of Texas was \$537.66 for employees, \$845.54 for employee and spouse, \$743.80 for employee and child, and \$1,051.68 for employee and family and totaled \$944,552 for the year ended August 31, 2015. For the year ended August 31, 2014, the state's contribution per full-time employee for HealthSelect of Texas was \$503.14 for employees, \$791.16 for employee and spouse, \$696.00 for employee and child, and \$984.02 for employee and family and totaled \$880,045. The cost of providing those benefits for 57 retirees in the year ended 2015 was \$201,943 (retiree benefits for 56 retirees cost \$367,163 for the year ended 2014). For 206 active employees, the cost of providing benefits was \$742,609 for the year ended 2015 (active employee benefits for 224 employees cost \$512,882 for the year ended 2014). S.B. 1812, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

14. Postemployment Benefits Other than Pensions

Plan Description. In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the state. The College contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit postretirement healthcare plan administered by the Employees Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by state law and may be amended by the Texas legislature.

The ERS issues a publicly available financial report that includes financial statements and required supplemental information for SRHP. That report may be obtained from ERS via their website at <http://www.ers.state.tx.us/>.

Funding Policy. Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy, which is actuarially determined in accordance with the parameters of GASB statement 45.

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years.

Beginning September 1, 2013, S.B. 1812 limited the state's contribution to 50% of eligible employees for community colleges.

The College's contributions to SRHP for the years ended August 31, 2015, 2014, and 2013, were \$2,006,865, \$1,818,265, and \$1,673,431, respectively, which equaled the required contributions each year.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

15. Disaggregation of Receivables and Payables Balances

Receivables

Receivables at August 31, 2015 and 2014 were as follows:

	2015
Student Receivables	\$ 2,037,179
Taxes Receivables	408,742
Federal Receivables	1,807,626
State Receivables	13,836
Other Receivables	122,459
Subtotal	4,389,842
Allowance for doubtful accounts	(1,224,393)
Total Receivables	3,165,449

Payables

Payables at August 31, 2015 and 2014 were as follows:

	2015	2014
Vendors Payable	\$ 197,014	\$ 1,294,193
Total Payables	\$ 197,014	\$ 1,294,193

16. Contract and Grant Awards

Contract and grant awards are accounted for in accordance with the requirements of the AICPA Industry Guide, *AudUs of Colleges and Universities*. Revenues are recognized on Exhibit 2 and Schedule A. For federal contract and grant awards, funds expended, but not collected, are reported as Federal Receivables on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements. Contract and grant awards already committed, e.g., multi-year awards, or funds awarded during the fiscal year for which monies have not been received nor funds expended totaled \$348,420 (state grants) for 2015 and \$213,180 (federal grants) for 2014.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

17. Ad Valorem Tax

The College's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the district.

At August 31:

	<u>2015</u>	<u>2014</u>
Assessed Valuation of the District	\$ 1,898,993,938	\$ 1,818,170,887
Less: Exemptions	185,698,021	168,229,138
Net Taxable	<u>1,713,295,917</u>	<u>1,649,941,749</u>
Less: Freeze Taxable	<u>278,846,331</u>	<u>271,305,159</u>
Freeze Adjusted Taxable	<u>1,434,449,586</u>	<u>1,378,636,590</u>

Authorized Tax Rate per \$100 valuation (current operations-maximum per enabling legislation)	.500000	.500000
Assessed Tax Rate per \$100 valuation (current operations)	.089479	.091514

Taxes levied for the year ended August 31, 2015 and 2014 amounted to \$1,479,303 and \$1,449,710, respectively. This amount includes the actual taxes calculated for disabled persons and persons over 65 up to their individual tax ceilings. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

	<u>2015</u>	<u>2014</u>
	<u>Current Operations</u>	<u>Current Operations</u>
Current Taxes Collected	\$ 1,437,164	\$ 1,396,488
Delinquent Taxes Collected	42,615	38,081
Penalties and Interest Collected	<u>28,205</u>	<u>30,241</u>
Total Collections	<u>\$ 1,507,984</u>	<u>\$ 1,464,810</u>

Tax collections for the year ended August 31, 2015 and 2014 were 97.15% and 96.33%, respectively, of the current tax levy. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to maintenance and operations expenditures.

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

18 Branch Campus Maintenance Tax

A branch campus maintenance tax that is established by election is levied by the school districts of Alvarado, Cleburne, Godley, Grandview, Joshua, Keene, Rio Vista and Venus. It is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the districts. Collections are transferred to Hill College to be used for the operation of a Branch Campus at Cleburne.

19. Income Taxes

The College is exempt from income taxes under Internal Revenue Code Section 115, Income of States, Municipalities, Etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511(a)(2)(B), Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations. The College had no unrelated business income tax liability for the year ended August 31, 2015 and 2014.

20. Component Unit

Hill College Foundation -Discrete Component Unit

Hill College Foundation (the Foundation) was established as a separate nonprofit organization in 1975 for the purpose of providing student scholarships and assistance in the development and growth of the College. Under Governmental Standards Board Statement No. 39, Determining Whether Certain Organizations are Component Units, an organization should report as a discretely presented component unit those organizations that raise and hold economic resources for the direct benefit of a government unit.

Accordingly, the Foundation financial statements are included in the College's annual report as a discrete component unit (see table of contents). Fiscal year 2015 financial statements were not included, as the audit for 2015 was not completed by the date the College's financial statements

Hill College
Notes to Financial Statements
August 31, 2015 and 2014

were audited and submitted. Complete financial statements of the Hill Junior College Development Foundation, Inc. can be obtained from the administrative office of Hill College.

21. Related Parties

The Hill College Johnson County Campus Development Foundation, Inc. is a nonprofit organization with the sole purpose of supporting the educational and other activities of the College. Hill College is not obligated to financially support or pay the debt of the foundation nor is it able to significantly influence the policies of this foundation. The foundation solicits donations and acts as coordinators of gifts made by other parties.

The expenditures included in the schedule are reported for the College's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds that have been expended by the College for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedule.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS*

Board of Regents
Hill College
Hillsboro, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Hill College (the College), as of and for the years ended August 31, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated December 18, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT
OFFINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS* (CONTINUED)**

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, including the Public Funds Investment Act (Chapter 2256, Texas Government Code), noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or the Public Funds Investment Act (Chapter 2256, Texas Government Code).

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND
THE STATE OF TEXAS SINGLE AUDIT CIRCULAR

Board of Regents
Hill College
Hillsboro, Texas

Report on Compliance for Each Major Federal and State Program

We have audited Hill College's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and The State of Texas Single Audit Circular that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2015. The College's major federal and state programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State of Texas Single Audit Circular. Those standards, OMB Circular A-133 and The State of Texas Single Audit Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND
THE STATE OF TEXAS SINGLE AUDIT CIRCULAR (CONTINUED)**

An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the College's compliance.

Opinion on Each Major Federal and State Program

In our opinion, Hill College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2015.

Report on Internal Control Over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and The State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND
THE STATE OF TEXAS SINGLE AUDIT CIRCULAR (CONTINUED)**

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and The State of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.
