Honorable Greg Abbott, Governor Honorable Glenn Hegar, Texas Comptroller Ursula Parks, Director, Legislative Budget Board Lisa Collier, First Assistant State Auditor

Ladies and Gentlemen:

We are pleased to submit the Annual Financial Report of Texas State Technical College for the year ended August 31, 2016, in compliance with Texas Government Code §2101.011 and in accordance with the requirements established by the Texas Comptroller of Public Accounts.

Due to the statewide requirements embedded in <u>Governmental Accounting Standards Board</u> (GASB) <u>Statement No. 34</u>, <u>Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments</u>, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas <u>Comprehensive Annual Financial Report</u> (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Albert Srubar at 254-867-3956. Chad Wooten may be contacted at 254-867-3934 for questions related to the Schedule of Expenditures of Federal Awards.

Sincerely,

Michael L. Reeser

Chancellor

Note 1: Summary of Significant Accounting Policies

Entity

Texas State Technical College (TSTC) System is an agency of the State of Texas and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements for Annual Financial Reports of State Agencies and Universities.

TSTC System has historically included four separately accredited colleges including TSTC Harlingen, TSTC Marshall, TSTC Waco, and TSTC West Texas. In June 2015, the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) approved the merger of the four colleges into a single, statewide college. This new, statewide college operates in 11 locations throughout the State of Texas. TSTC is the only state-supported technical college system in Texas. With a statewide role and mission, TSTC is efficiently and effectively helping Texas meet the high-tech challenges of today's global economy, in partnership with business and industry, government agencies, and other educational institutions. TSTC has high graduation rates, exceptional postgraduate success rates, and an outstanding record in graduating individuals from diverse cultural and socioeconomic backgrounds.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas *Comprehensive Annual Financial Report*; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Component Units

No component units have been identified that should have been blended into an appropriate fund or discretely presented within this financial report.

Fund Structure

The accompanying financial statements are presented on the basis of funds, each of which is considered a separate accounting entity. The fund designation for institutions of higher education is Business-Type Activity within the Proprietary Fund Type.

Proprietary Fund Types

Enterprise Funds

Business type funds are used for activities that are financed through the charging of fees for goods or services to the ultimate user. Institutions of higher education are required to report their financial activities as business type because the predominance of their funding comes through charges to students, sales of goods and services, and grant revenues.

Agency Funds

Agency funds are used to account for assets the college holds on behalf of others in a purely custodial capacity. Agency funds involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

Basis of Accounting

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

For the Year Ended August 31, 2016

Proprietary funds are accounted for on the full accrual basis of accounting. Under the full accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. Proprietary funds distinguish operating from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with the proprietary funds principal ongoing operations. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation and amortization on capital assets.

Budget and Budgetary Accounting

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act).

Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

Assets, Liabilities, and Net Position

Assets

Cash and Cash Equivalents

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

Short-term Investments

Short-term investments consist of certificates of deposits purchased from banks whose maturities do not exceed one year from date of purchase and investments in TexPool and TexasTERM (TexasDAILY), authorized AAAm rated government investment pools. The certificates of deposit are valued at cost. The fair value of the funds invested in TexPool and TexasTERM (TexasDAILY) are measured at the net asset value per share provided by the pool. The College may withdraw the funds from TexPool and TexasTERM (TexasDAILY) on demand.

Accounts Receivable

Accounts receivable represent amounts owed to the College from private persons or organizations for goods and services furnished. These consist primarily of amounts owed by students for tuition and fees and by private organizations for grants and contracts.

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements. Assets held in reserve for guaranteed student loan defaults are also included.

<u>Inventories</u>

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost, generally utilizing the last-in, first-out method. The consumption method of accounting is used to account for inventories that appear in the proprietary fund types. The cost of these items is expensed when the items are consumed.

Capital Assets

Assets with an initial, individual cost of more than \$5,000.00 and an estimated useful life in excess of one year are capitalized. All capital assets acquired by proprietary funds are reported at cost or estimated historical cost, if actual historical cost is not available. Donated assets are reported at fair value on the acquisition date. Depreciation or amortization is reported on all "exhaustible" assets. "Inexhaustible" assets such as works of art and historical treasures are not depreciated. Depreciation or amortization is charged to operations over the estimated useful life of each asset, using the straight-line method.

For the Year Ended August 31, 2016

Liabilities

Accounts Payable

Accounts payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Unearned Revenues

Unearned revenues represent tuition and fees inflows as of the end of the fiscal year which will not be earned until the subsequent fiscal year.

Employees' Compensable Leave Balances

Employees' compensable leave balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or non-current in the statement of net position. These obligations are normally paid from the same funding source(s) from which each employee's salary or wage compensation was paid.

Capital Lease Obligations

Capital lease obligations represent the liability for future lease payments under capital lease contracts contingent upon the appropriation of funding by the Legislature. Liabilities are reported separately as either current or non-current in the statement of net position.

Bonds Payable – General Obligation Bonds

General obligation bonds are accounted for in proprietary funds for business-type activities. These payables are reported as either current or non-current in the statement of net position. The bonds are reported at par, net of unamortized premiums, discounts, and gains / (losses) on bond refunding activities.

Bonds Payable – Revenue Bonds

Revenue bonds are accounted for in proprietary funds for business-type activities. These payables are reported as either current or non-current in the statement of net position. The bonds are reported at par, net of unamortized premiums, discounts, and gains / (losses) on bond refunding activities.

Funds Held for Others

Funds held for others represent assets held by the College on behalf of others in purely custodial capacity, including funds owned by various student organizations and temporary holdings of student loan funds prior to disbursing to the students.

Net Position

Net position is the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources on the proprietary fund statements.

Net Investment in Capital Assets

Net Investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances for bond, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets

Restricted Net Position

Restricted net position results when constraints placed on net resources use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

For the Year Ended August 31, 2016

Unrestricted Net Position

Unrestricted net position consists of net resources that do not meet the definition of the two preceding categories. Unrestricted net position often has constraints on resources that are imposed by management but can be removed or modified.

Interfund Activities and Balances

The College has the following types of transactions among funds:

- (1) **Transfers:** Legally required transfers that are reported when incurred as 'transfers in' by the recipient fund and as 'transfers out' by the disbursing fund.
- (2) **Reimbursements:** Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.
- (3) **Interfund Receivables and Payables:** Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter, the balance is classified as "current". Balances for repayment due in two (or more) years are classified as "non-current".
- (4) **Interfund Sales and Purchases:** Charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund(interfund services provided) and expenditures or expenses of the disbursing fund(interfund services used).

The composition of Texas State Technical College's Interfund activities and balances is presented in Note 12.

Revenues and Expenses

Operating revenues include activities such as tuition and fees, net of discounts and allowances; sales and services of auxiliary enterprises; most federal, state, and local grants and contracts; and interest income earned from operating activities. Operating revenues are classified as pledged to the extent that they are pledged as security for the College's bonded debt service. Non-pledged revenues consist of revenues that are not lawfully available to the College to be used for payments on bonded debt service. Operating expenses include salaries and wages, payroll related costs, materials and supplies, depreciation and amortization and scholarships. Non-operating revenues include activities such as State appropriations, federal student financial aid, insurance recoveries on property claims, and investment income. Non-operating expenses include activities such as interest expense on capital asset financing and expenses on capital assets not meeting the capitalization thresholds set by the State.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the college addresses each situation on a case-by-case basis prior to determining the resources to be used to satisfy the obligation. Generally, the College's policy is to first apply the expense towards restricted resources and then towards unrestricted resources.

Financial aid to students is reported in the financial statements as prescribed by the National Association of College and University Business Officers (NACUBO). Certain aid (student loans, funds provided to students as awarded by third parties, and Federal Direct Lending) is accounted for as third party payments (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as operating expense or scholarships allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition. Under the alternative method, these amounts are computed on an entity-wide basis by allocating cash payments to students, excluding payments for services, on the ratio of total aid to the aid not considered to be third party aid.

Claims and Judgments

TSTC has no claims or judgments.

Employees' Compensable Leave

Full-time State employees earn annual leave from eight to twenty one hours per month depending on the respective employee's years of State employment. The State's policy is that an employee may carry his accrued leave forward from one fiscal year to another fiscal year with a maximum number of hours up to 532 for those employees with 35 or more years of State service. Employees with at least six months of State service who terminate their employment are entitled to payment for all accumulated annual leave up to the maximum allowed. The College recognizes the accrued liability for the unpaid annual leave in the Statement of Net Position. This obligation is usually paid from the same funding source(s) from which the employee's salary or wage compensation was paid. For the year ended August 31, 2016, the accrued liability totaled \$5,325,075.66.

The College made lump sum payments totaling \$753,315.47 for accrued vacation and/or compensatory time to employees who separated from state service during fiscal year ending August 31, 2016.

For the Year Ended August 31, 2016

Sick leave, the accumulation of which is unlimited, is earned at the rate of eight hours per month and is paid only when an employee is off due to illness or to the estate of an employee in the event of his/her death. The maximum sick leave that may be paid an employee's estate is one-half of the employee's accumulated entitlement or 336 hours, whichever is less. The College's policy is to recognize the cost of sick leave when paid and the liability is not shown in the financial statements since experience indicates the expenditure for sick leave to be minimal.

Bonds Payable

Bonds payable obligations are described in Note 6.

Capital Lease Obligations

Capital lease obligations are described in Note 8.

Notes and Loans Payable

Notes and loans payable consists of an amount used to finance a portion of the renovation costs of the 11-1 hangar at the TSTC Waco airport. The debt service requirements for notes and loans payable are as follows:

Business Type Activities

Year	Principal	Interest	Total
2017	120,000.00	54,958.08	174,958.08

Advance refunding of the callable portions of the Series 2008 and Series 2009 Revenue Bonds reduced the System's debt service payments during fiscal years 2016 through 2030 by \$2,105,675.15. Of this amount, a total of \$98,134.72 pertained to the Series 2008 bonds and a total of \$2,007,540.43 pertained to the Series 2009 Bonds.

Economic Gain - \$1,340,960.00 difference between the net present value of the old and new debt service payments. Of this amount, a total of \$65,385.65 pertained to the Series 2008 bonds and a total of \$1,275,574.35 pertained to the Series 2009 bonds.

Accounting Gain - \$2,105,675.15 accounting gain resulted from the advance refunding. Of this amount, a total of \$98,134.72 pertained to the Series 2008 bonds and a total of \$2,007,540.43 pertained to the Series 2009 bonds.

Pledged Future Revenues

GASB Statement No. 48 Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfer of Assets and Future Revenues, makes a basic distinction between sales of receivables and future revenues, on the one hand, and the pledging of receivables or future revenues to repay a borrowing (a collateralized borrowing), on the other. The following table provides the pledged future revenue information for Texas State Technical College revenue bonds:

	Government Activities	Business-Type Activities	Component Units
Pledged Revenue Required for Future Principal and			
Interest on Existing Revenue Bonds (1)		128,357,778.24	
Term of Commitment Year Ending 08/31 (2)		2036	
Percentage of Revenue Pledged (3)		100.0%	
Current Year Pledged Revenue		54,256,757.73	
Current Year Principal and Interest Paid		4,893,638.08	

Pledged revenue sources: Business-type activities – tuition and fees, auxiliary enterprises, sales and services of educational activities, interest and investment income, and appropriations for tuition revenue bonds.

- (1) Schedule 2C.
- (2) Year of final revenue bond maturity.
- (3) For gross pledge, this is 100 percent (gross pledged revenue divided by gross pledged revenue). See Sched. 2D.

Note 8: Leases

Operating Leases

Included in the expenditures reported in the financial statements is the following amount of rents paid or due under operating lease obligations:

Fund Type	Amount
Proprietary, Business-Type Activities	2,666,582.70

In April 2016, the college purchased the building that had been previously leased under a non-cancelable operating lease. The building was purchased using Revenue Bond proceeds.

Capital Leases

Texas State Technical College has entered into long-term leases for financing the purchase of certain capital assets. Such leases are classified as capital leases for accounting purposes and are recorded at the present value of the future minimum lease payments at the inception of the lease. A summary of original capitalized costs of all such property under lease in addition to the accumulated depreciation as of August 31, 2016 is as follows:

Assets Under Capital Leases		Business-Type Activities	
Class of Property	Assets under Capital Lease	Accumulated Depreciation	Total
Land	10,762.50		10,762.50

Note 12: Interfund Activity and Transactions

As explained in Note 1 on Interfund Activities and Balances, there are numerous transactions between funds and agencies. At year-end amounts to be received or paid are reported as:

- ☐ Interfund Receivables or Interfund Payables See Below
- Due from Other Agencies or Due to Other Agencies See Schedule 1A Schedule of Expenditures of Federal Awards, and Schedule 1B Schedule of State Grant Pass Throughs From/To State Agencies
- ☐ Due From Other Funds or Due to Other Funds None

The College experienced routine transfers with other state agencies, which were consistent with the activities of the fund making the transfer, and as a result of various grants and contract activities. Receipt of interagency receivables and repayment of interagency payables will normally occur within one year from the date of the financial statements except for the loan from the State Energy Conservation Office for which repayment of the principal and interest will be completed over a period not to exceed 11.75 years. The grant and contract activities are recognized as revenues or expenses on the financial statements.

Individual balances and activity at August 31, 2016 follows:

Note 15: Contingencies and Commitments

At August 31, 2016, two lawsuits and claims involving Texas State Technical College were pending. While the ultimate liability with respect to litigation and other claims asserted against Texas State Technical College cannot be reasonably estimated at this time, such liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the College.

For the Year Ended August 31, 2016

Note 16: Subsequent Events

Texas State Technical College has no subsequent events to report.

Note 17: Risk Management

Texas State Technical College (TSTC) is exposed to a variety of civil claims resulting from the performance of its duties. It is TSTC's policy to periodically assess the proper combination of commercial insurance and retention of risk to cover losses to which it may be exposed.

TSTC assumes substantially all risks associated with tort and liability claims due to the performance of its duties. Currently, TSTC has purchased worker's compensation, auto, property, boiler & machinery, crime, director's & officer's liability, aircraft liability and inland marine insurance.

TSTC's liabilities are reported when it is both probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Liabilities are reevaluated periodically to consider current settlements, frequency of claims, past experience and economic factors. There were no significant reductions in insurance coverage in the past year and losses did not exceed funding arrangements during the past three years. Changes in the balances of TSTC's claims liabilities during fiscal years 2015 and 2016 were:

	Beginning Balance	Increases	Decreases	Ending Balance
2015	0.00	0.00	0.00	0.00
2016	0.00	0.00	0.00	0.00

Note 18: Management Discussion and Analysis

The TSTC Foundation is a non-profit organization with the sole purpose of supporting the educational and other activities of Texas State Technical College. The TSTC Foundation remitted gifts of \$649,342.00 during the year ended August 31, 2016. The TSTC Foundation is controlled by a separate board of directors and is not considered a component unit of the College. Neither the balance nor the transactions of this organization's fund are reflected in the financial statements during the year ended August 31, 2016.

The College is subject to the Uniform Prudent Management of Institutional Funds Act, Chapter 163 of the Texas Property Code. This act provides guidance and authority for the management and investment of charitable funds and for endowment spending by institutions organized for a charitable purpose, including educational purposes. The legal authority for the College to accept gifts, including endowments, is found in Chapter 135 of the Texas Education Code. The College's policy for authorizing and spending endowment earnings is addressed in System Operating Standard No. FA.3.1, Acceptance of Gifts and Bequests.

At August 31, 2016, the College had \$572,270.20 of donor restricted endowments which were classified as Non-Expendable True Endowments. These endowment funds are invested in cash accounts or certificates of deposit. Per donor restrictions, the investment income earned on these endowments is to be used for scholarship purposes.
