To the Board of Trustees:

I am pleased to submit to the Lone Star College (LSC) Board of Trustees and the citizens of the LSC service area our Comprehensive Annual Financial Report for the most recent fiscal year, September 1, 2015 through August 31, 2016.

Thanks to the fiscally conservative leadership of the Board, and strong internal management, the College continues to maintain a sound financial position, with a AAA credit rating from Standard and Poor's.

Enrollment grew from fall 2015 to fall 2016 for a total of 85,661 credit students, a 2% increase.

Prudent fiscal management, along with a strengthening of the local economy has enabled us to maintain our low tax rate and invest in several strategic initiatives in support of the College's commitment to student success to emphasize student outcomes and accountability for those outcomes.

Highlights for fiscal year 2016 include:

- Tax rate lowered to .1079 per \$100 valuation
- Tuition remains the same
- Budget aligned with strategic priorities
- Emphasis on academic, workforce and student success initiatives
- 70 new faculty positions; 16 new advisors
- 2% cost of living adjustment for full time employees (minimum \$750)

Our fiscal practices support our commitment to providing high quality education to our students at an affordable price without placing an undue burden on our taxpayers. Under the leadership of the LSC Board of Trustees, we look forward to continuing to operate in a fiscally sound manner with a continued focus on student success.

Sincerely,

Stephen C. Head
Chancellor

December 1, 2016

To: Chancellor Steve Head
Members of the Board of Trustees
Taxpayers of Harris, Montgomery and San Jacinto Counties
Citizens of the Lone Star College Community

Respectfully submitted for your review is the comprehensive annual financial report of the Lone Star College (the “College”) for the fiscal years ended August 31, 2016 and August 31, 2015. The purpose of this report is to provide detailed information about the financial condition and performance of the College. Management assumes full responsibility for the completeness and reliability of the information contained in this report based upon a comprehensive framework of internal control. The objective of internal control is to provide reasonable, rather than absolute, assurance that the financial statements are free of material misstatement. The concept of reasonable assurance ensures that the costs of the controls do not exceed the benefits derived.

COMPREHENSIVE ANNUAL FINANCIAL REPORT

Lone Star College’s comprehensive annual financial report (CAFR) for the fiscal years ended August 31, 2016 and 2015 was prepared by the Administration and Finance Department. The financial statements are prepared in accordance with generally accepted accounting principles (GAAP) as established by the Financial Accounting Standards Board (FASB) and the Governmental Accounting Standards Board (GASB) and comply with the Annual Financial Reporting Requirements for Texas Public Community Colleges as set forth by the Texas Higher Education Coordinating Board (THECB). The notes to the financial statements are considered an integral part of the financial statements and should be read in conjunction with them. Additionally, attention should be given to Management’s Discussion and Analysis, which provides readers with a narrative introduction, overview and analysis of the financial statements.

REPORTING ENTITY

The College is a special-purpose government engaged solely in business-type activities (BTA). In compliance with GASB Statement Nos. 34 and 35, this reporting model is intended to make government financial statements similar to corporate financial statements. It also serves to make the financial statements more comparable across organizations.

COLLEGE PROFILE

Since its humble beginnings in 1973 when an initial college staff of 16 members welcomed 613 students to the first classes held at Aldine High School, Lone Star College has grown to six colleges, multiple centers and two University Centers enrolling over 85,000 credit students. LSC is now the largest institution of higher education in the Houston area and is one of the fastest-growing community college systems in the nation. The six Lone Star Colleges are: LSC-CyFair, LSC-Kingwood, LSC-Montgomery, LSC-North Harris, LSC-Tomball and LSC-University Park. Lone Star College serves an area of more than 1,400 square miles in the northwest Houston metro area including a population of 2.1 million and 11 independent school districts: Aldine, Conroe, Cypress-Fairbanks, Humble, Klein, Magnolia, New Caney, Splendora, Spring, Tomball and Willis. Not only great in size, LSC is also a key driver and growing contributor to the local and regional economy with an annual economic impact of \$3.1 billion. The College is governed by a nine-member Board of Trustees who are elected to serve six year terms. The Chief Executive Officer of the College is the Chancellor. The Chancellor, through his executive team, is responsible for management of the daily operations of the College.

2015-2020 STRATEGIC PLAN

Lone Star College's 2015-2020 Strategic Plan is based on feedback and recommendations from all members of the College's community – faculty, staff, students and community stakeholders – and is designed to address its continuing student population growth and ensure student success.

MISSION

Lone Star College provides comprehensive educational opportunities and programs to enrich lives.

VISION

Lone Star College will be a model college globally recognized for achieving exceptional levels of success in student learning, student completion, gainful employment, equity and affordability.

GUIDING PRINCIPLES

1. **Access and Equity:** Lone Star College is committed to access and equity for all, regardless of socio-economic background, preparation for college or workforce, or disability.
2. **Student Learning and Success:** Lone Star College is committed to transformational changes with the purpose of maximizing student learning and success.
3. **Dignity and Respect:** Everyone — students, employees and the community — should be treated with dignity and respect.
4. **Community Value:** Lone Star College recognizes the respect the college holds in the community and values that reputation.
5. **Responsibility:** Lone Star College has an important fiduciary responsibility to taxpayers and all citizens.

STRATEGIC GOALS

Through the strategic planning process, the College identified the following top 5 strategic goals.

- **Academic & Workforce Program Quality:** Provide high quality academic and workforce programs that enhance students’ learning experience and prepare them for the 21st century workforce.
- **Student Success:** Promote student success by ensuring excellence in teaching, learning and student-centered support services.
- **Financial Responsibility & Accountability:** Ensure sound financial practices that are accountable to stakeholders and fairly allocate budget and resources.
- **Culture:** Nurture a culture that values and respects all Lone Star College members and encourages collaboration.
- **Partnerships:** Build strong partnerships with local ISDs and civic, charitable, higher education, industry and business organizations to promote student and community success.

CULTURAL BELIEFS

The six cultural beliefs below, originally developed by the LSC 20|20 Task Force, now provide a common language across Lone Star College. The cultural beliefs clarify and focus our actions so we can reach desired results.

- **Students Matter** – I engage and support each student to achieve their goals.
- **Inspire Excellence** – I celebrate successes and value the contributions of all employees.
- **Act Intentionally** – I create goals and make decisions based on meaningful data.
- **Better Together** – I share knowledge and encourage collaboration to reach common goals.
- **No Fear!** – I am empowered to effect positive change.
- **Trust!** – I practice transparent communication, encourage dialogue and cultivate trust.

ECONOMIC CONDITION AND OUTLOOK

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the local environment in which the College operates. The College’s geographic area is comprised of portions of Harris, Montgomery and San Jacinto Counties. Harris County is a major component of the Houston-The Woodlands-Sugar Land-TX Metropolitan Statistical Area (MSA). Houston is the fourth largest city in the U.S. With a 2010 Census of 5,920,416 residents, the Houston MSA is expected to increase 19.8% to 7,089,920 by 2020.

U.S. Comparative Population Growth Trends			
	<u>1990 - 2000</u>	<u>2000 - 2010</u>	<u>2010 - 2020</u>
Houston	25.2%	26.1%	19.8%
Texas	22.8%	20.6%	15.6%
U.S.	13.2%	9.7%	7.1%

Houston has 22 Fortune 500 companies headquartered in the Houston MSA. In 2016, Houston ranked third among U.S. cities with the most Fortune 500 headquarters, behind New York and Chicago.

LONG-TERM FINANCIAL PLANNING

The College's financial planning is comprised of four planning processes:

- Strategic Plan
- Facilities Master Plan
- Five-year Financial Plan
- Annual Budget

A five-year master plan was updated in 2013 to accommodate the College's facility needs through 2018. The budget is funded primarily through student, state and tax revenues. A methodology was developed to reward colleges for positive impact activities over which they have influence, but not to penalize for activities over which they have no control.

During the annual budget process an allocation methodology model is used that:

- Provides adequate funding for basic needs of the colleges
- Recognizes the importance of a balanced full-time faculty ratio
- Fairly distributes discretionary funds
- Limits administrative spending
- Provides funds to support enrollment increases
- Provides incentive funding for improvements in key indicators

The budget is presented to the Board of Trustees for approval each August.

INDEPENDENT AUDIT

State statutes require an annual audit by independent certified public accountants. The College's Board of Trustees selected the accounting firm of Whitley Penn, LLP, to perform its annual audit. In addition to meeting the requirements set forth in the state statutes, the audit was designed to meet the requirements of the Federal Single Audit Act. The auditor's reports related to single audits are included in the Single Audit Section of the comprehensive annual financial report (CAFR).

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the College for its CAFR for the fiscal year ended August 31, 2015. This was the 12th consecutive year the College has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

Credit for this report must be given to the Board of Trustees for its oversight and unfailing support in maintaining the highest standards of integrity, transparency and accountability in the College's financial operations. We would particularly like to acknowledge the Chancellor and the Chancellor's executive leadership team for providing the resources necessary to prepare this financial report. The preparation of this report could not have been accomplished without the hard work and dedication of the entire staff of Administration and Finance.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Lone Star College
The Woodlands, Texas

We have audited the accompanying financial statements of the business-type activities of Lone Star College (the "College"), as of and for the year ended August 31, 2016 and 2015, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the discretely presented component unit's financial statements of North Harris Montgomery Community College District Foundation dba Lone Star College Foundation (a Texas non-profit corporation) (the "Foundation") as of and for the years ended August 31, 2016 and 2015. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Dallas

Fort Worth

Houston

We believe that the audit evidence we have obtained, along with the report of the other auditors, is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the College, as of August 31, 2016 and 2015, and the respective changes in financial position and, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 20 through 27 and pension information on pages 75 and 77 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the College's basic financial statements. The Supplemental Schedules A through D as required by the Texas Higher Education Coordinating Board's (THECB) Budget Requirements and Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), the Schedule of Expenditures of State Awards as required by the State of Texas Single Audit Circular contained in the Governor's Office of Budget and Planning Uniform Grant Management Standards, and other information such as the introductory and statistical sections are also presented for additional analysis and are not a required part of the basic financial statement.

The Supplemental Schedules A through D, the schedule of expenditures of federal awards, and schedule of expenditures of state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplemental Schedules A through D, schedule of expenditures of federal awards, and the schedule of expenditures of state awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2016 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

December 1, 2016

The purpose of the annual report is to provide readers with financial information about the activities and financial condition of Lone Star College (the “College”). The report consists of three basic financial statements that provide information on the College as a whole: the Statements of Net Position, the Statements of Revenues, Expenses and Changes in Net Position, and the Statements of Cash Flows. These reports should be read in conjunction with the notes to the financial statements. The following summary and management discussion of the results is intended to provide the readers with an overview of the College’s financial activities. For purposes of the summary and discussion, the terms “2016”, “2015”, and “2014” refer to fiscal years ending August 31, 2016, August 31, 2015, and August 31, 2014, respectively.

Accounting Standards

The financial statements are prepared in accordance with the Governmental Accounting Standards Board (GASB) standards. The college is considered to be a special-purpose government engaged in business-type activities.

Financial and Enrollment Highlights - 2016

- Enrollment and contact hours increased 3% and 1%, respectively, during 2016.
- The College maintained its AAA rating from Standard & Poor’s on its general obligation debt.
- Total assets and liabilities decreased \$57 million and \$34 million, respectively, over 2015 due to the repayment and refinancing of debt which will save taxpayers \$81.35 million.
- Total net position increased \$5.9 million, a 3% increase over 2015.
- Total operating expenses increased \$3 million, which is a less than 1% increase over 2015. The College had a focused effort to contain costs while still offering quality programs and education.

Financial and Enrollment Highlights - 2015

- Enrollment and contact hours increased 4% and 2%, respectively, during 2015.
- The College maintained its AAA rating from Standard & Poor’s on its general obligation debt.
- Total assets increased \$121 million, a 12% increase over 2014, due to an increase in cash and investments from bond proceeds.
- Operating expenses for educational activities increased \$33.6 million, which represents a 9% increase. The increases were related to the addition of new full-time faculty positions and the College’s continued emphasis on student success and completion.
- The College implemented a new governmental accounting standard which requires colleges and state agencies to record their proportional share of the state’s pension liability on their books. This accounts for the decrease in net position during 2015.

The following chart depicts the growth in student headcount and contact hours by fiscal year:

¹Student headcount for each fiscal year is the total of fall, spring, and summer terms headcount.

Statements of Net Position

The Statements of Net Position present the financial position of the College at the end of the fiscal year. The statements include assets, liabilities, deferred outflows and inflows and are prepared using the accrual basis of accounting, which is similar to the accounting used by most private-sector institutions. A summary of the most recent three fiscal years' statements is shown below.

Total net position	<u>\$ 224,550,221</u>	<u>\$ 218,591,732</u>	<u>\$ 275,583,641</u>

The decrease in total current assets of \$99 million in 2016 relates to a decrease in cash and short-term investments. Bond proceeds of \$55 million, from the prior year issuance of \$150 million in general obligation bonds, were used for the College's capital program. In addition, the College used \$33 million to pay off debt early.

Statements of Net Position (Continued)

Total liabilities decreased \$34 million during 2016. The decrease primarily relates to a decrease in bonds payable. The College paid off debt early and refinanced general obligation bonds, revenue bonds and maintenance tax notes saving taxpayers \$81.35 million.

During 2015, the College implemented a new accounting standard; GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. The new standard requires all colleges and state agencies to recognize their share of the Teacher's Retirement System of Texas (TRS) pension liability on their financial statements. As a result, the College recognized a \$51 million liability in 2016 and a \$49 million liability in 2015 to comply with this standard. The various rating agencies and bond counsel have assured all TRS participating entities that there will be no negative impact upon our bond rating from this accounting change. Without this change, unrestricted net position would be a positive \$10 million at August 31, 2016 and a positive \$27 million at August 31, 2015.

The College reported deferred outflows and inflows of resources related to pensions and gain/loss on refundings. The deferred outflows and inflows related to pensions are due to the change in accounting principle described above. The deferred outflows and inflows from refundings are a result of refinancing bonds. Without the effects of both the pension and refunding entries, unrestricted net position would be a positive \$34 million at August 31, 2016 and a positive \$25 million at August 31, 2015.

Statements of Revenues, Expenses and Changes in Net Position

The Statements of Revenues, Expenses and Changes in Net Position present the operating results of the College, as well as the non-operating revenues and expenses. Ad valorem taxes for maintenance and operations, and state appropriations, while budgeted for operations, are not considered to be exchange transactions and are, therefore, classified as non-operating revenues according to generally accepted accounting principles. A summary of the most recent three fiscal years' statements is shown below.

Student tuition and fees revenue is reported net of scholarships and discounts. Tuition and fee revenue was about the same for 2016 and 2015. While enrollment increased 3% over 2015, this increase was offset by an \$845 thousand increase in scholarships and discounts. Tuition and fee revenue increased \$15.6 million for 2015, due to a fall 2014 increase in base tuition and technology fees.

Grants & contracts decreased \$1.2 million for 2016 due to a decrease in local grant funding. Grants & contracts increased \$1.2 million for 2015 due to an increase in grant funding from the Texas Higher Education Coordinating Board and Texas Workforce Commission. Auxiliary enterprises revenue decreased slightly while other revenue showed a slight increase in 2016.

Expenses for educational activities decreased \$1.1 million in 2016. Expenses for instruction, student services, institutional support and plant increased by \$13.2 million. However, these increases were offset by a decrease of \$12.1 million in scholarships. This was due to a decrease in Pell grants awarded. Expenses for educational activities increased \$34 million (9%) in 2015.

Tax revenues increased \$20 million in 2016 (\$6 million in 2015) due to an increase in appraised values and the addition of new properties. Investment income increased in 2016 due to slightly better interest rates and increased investments due to new bond funds.

The 83rd legislature passed an appropriations act for the 2014-15 biennium which changed the method of funding for the state’s 50 community colleges. Each college receives a base funding amount of \$500,000 per year. Additionally, each college receives an allocation based on contact hours and student success points. State appropriations increased \$7 million in 2016. The base appropriation increased \$1.5 million due to additional growth funding received. The state contribution for insurance and retirement increased by \$5.5 million to offset the higher costs of healthcare.

Total Revenues

The College has four main sources of revenue: ad valorem taxes, state appropriations, student tuition and fees, and grants and contracts.

The following chart illustrates the breakdown of total revenues for the College.

The largest source of revenue for both 2016 and 2015 for the College is ad valorem taxes which account for 38% and 35% of total revenues for 2016 and 2015, respectively. Auxiliary income comprises the majority of other revenues.

Total Expenses

Expenses for the College can be grouped into nine functional categories: instruction, public service, academic support, student services, institutional support, operation and maintenance of plant, scholarships, auxiliary, and depreciation.

The following chart illustrates the breakdown of total expenses for the College.

At 31% and 30% of the total expenses for 2016 and 2015, respectively, instruction is by far the College’s largest expense. The scholarship category decreased from 15% to 12% in 2016 due to a decrease in Pell grant awards. All other expenses remained relatively consistent.

Capital Assets and Long-Term Debt Activity

As depicted in Footnote 5 to the financial statements, capital assets increased from \$781 million in 2015 to \$811 million in 2016. On November 4, 2014 the voters authorized Lone Star College to issue \$485 million General Obligation Bonds for the College’s capital program which encompasses three phases. The following lists some of the major projects in progress under the 2014 GO Bond Program. Some of the phase II projects will begin in FY2017.

Phase I Bond Projects in Process as of August 31, 2016

- Commenced construction of the 77,000 square foot/\$29.6 million Instructional and Student Life Building at LSC-CyFair.
- Commenced construction of a 750 space/\$3.8 million parking expansion at LSC-CyFair.
- Property purchase of \$15.5 million for LSC-CyFair Westway Park Technology Center located within the Beltway 8 Corporate Centre development consisting of 6.6 acres of land and 135,000 square foot building with a closing date of September 28, 2015.
- Commenced construction of the 50,000 square foot/\$22.2 million Construction & Skilled Trades Technology Center at LSC-North Harris.
- Commenced construction of the 65,000 square foot/\$26.7 million East Aldine Satellite Center at LSC-North Harris.
- Commenced construction of the 41,000 square foot/\$22.2 million Process Technology Satellite Center at LSC-Kingwood.
- Acquired an 8.3 acre tract of land for \$3.8 million in the Kingwood area to support the Process Technology Satellite Center with a closing date of July 16, 2015.
- Commenced construction on the 11,000 square foot/\$6.4 million expansion of the Conroe Satellite Center at LSC-Montgomery.
- Nearing completion of the construction of the 20,000 square foot/\$5.2 million Health Science Building Interior Buildout at LSC-Tomball.
- Commenced construction of the 45,000 square foot/\$22.6 million Center for Science and Innovation at LSC-University Park.
- Commenced \$6 million in renovations to existing facilities at LSC-University Park.

As detailed in Footnote 7 to the financial statements, financing for the above projects has been achieved through the issuance of long-term bonds. The first tranche of the \$485 million 2014 GO bond program was issued April 29, 2015.

Current Economic Conditions

The economic position of the College is influenced in part by the economic position of the State of Texas, the Houston Metropolitan Statistical Area, and Montgomery County. The College is experiencing growth within its service area. The projected increase in population in LSC's service area by 2020 is 257,040. Tax values are expected to continue to increase.

LONE STAR COLLEGE

Notes to Financial Statements

For the Fiscal Years Ended
August 31, 2016 and 2015

1. REPORTING ENTITY

Lone Star College was established in 1972 as a junior college district, in accordance with the laws of the State of Texas, to serve the educational needs of the northern part of Harris County and the southern part of Montgomery County, Texas. The College encompasses the Aldine, Conroe, Cypress-Fairbanks, Humble, Klein, Magnolia, New Caney, Splendora, Spring, Tomball and Willis Independent School Districts. The College is a comprehensive, public, two-year institution offering academic, general, occupational, developmental, and continuing adult education programs through a network of colleges. The colleges of LSC-North Harris, LSC-Kingwood, LSC-Tomball, LSC-Montgomery, LSC-CyFair, and LSC-University Park comprise the College.

The College is considered to be a special-purpose government engaged in business-type activities. While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

Using the criteria established by Governmental Accounting Standards Board (“GASB”) Statement No. 61, *The Financial Reporting Entity: Omnibus-An Amendment of GASB Statements No. 14 and No. 34*, the College’s management has determined that the Lone Star College Foundation (the “Foundation”) should be reported as a component unit of the College because of the nature and significance of its relationship with the College. Note 19 to the financial statements describes the Foundation and its financial statement presentation in more detail.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The accompanying financial statements also comply with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The College is reported as a special-purpose government engaged in business-type activities.

Basis of Accounting

The financial statements of the College have been prepared using the economic resources measurement focus and the accrual basis of accounting. All revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Tuition Discounting

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code § 56.033). When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act Program Funds

Certain Title IV HEA Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Budgetary Data

Each community college in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Cash and Cash Equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

Investments consist of balances in privately managed public funds investment pools and investments in United States (U.S.) securities and U.S. Agency securities. The College reports all investments at fair value, except for investment pools. The College's investment pools are valued and reported at amortized cost, which approximates fair value.

The College categorizes fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; level 3 inputs are significant unobservable inputs. The College's local government investment pools are recorded at amortized costs as permitted by GASB Statement No. 79, *Certain Investment Pools and Pool Participants*.

Inventories

Inventories consist of food service supplies. Inventories are valued at cost under the "first-in, first-out" method and are charged to expense as consumed. At August 31, 2016 the College no longer provides in-house food service and therefore has no related inventories. At August 31, 2015, inventories were valued at \$51,382.

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation. For equipment, the College's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. Renovations of \$100,000 to buildings and infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the useful life of the asset are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 50 years for land improvements, 15 years for library books, 10 years for furniture, machinery, vehicles and other equipment and 5 years for telecommunications and peripheral equipment.

Unearned Revenues

A portion of tuition and fee revenue and federal, state, and local grants at August 31, 2016 and 2015, related to the period after August, and therefore have been reported as unearned revenues at August 31, 2016 and 2015, respectively.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating and Non-Operating Revenue and Expense Policy

The College distinguishes operating revenues and expenses from non-operating items. The College reports as a business-type activity (BTA) and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees and federal grants and contracts. The major non-operating revenue sources are state appropriations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. The principal non-operating expense is long-term debt interest and fees. When both restricted and unrestricted resources are available for use, it is the College's policy to use restricted resources first, then unrestricted resources as they are needed. The bookstore and food service facilities are operated by a third party contractor.

Deferred Outflows and Inflows of Resources

A *deferred outflow of resources* is a consumption of a government's net assets (a decrease in assets in excess of any related decrease in liabilities or an increase in liabilities in excess of any related increase in assets) by the government that is applicable to a future reporting period. The College has two items that qualify for reporting in this category:

- Deferred outflows of resources for refunding - Reported in the Statements of Net Position, this deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Deferred outflows of resources for pension – Reported in the Statements of Net Position, this deferred outflow results from pension plan contributions made after the measurement date of the net pension liability and the results of 1) differences between projected and actual earnings on pension plan investments; 2) changes in actuarial assumptions; 3) differences between expected and actual actuarial experiences and 4) changes in the College's proportional share of pension liabilities. The deferred outflows of resources related to pensions resulting from College contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the next fiscal year. The deferred outflows resulting from differences between projected and actual earnings on pension plan investments will be amortized over a closed five-year period. The remaining pension related deferred outflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with pensions through the pension plan.

A *deferred inflow of resources* is an acquisition of a government's net assets (an increase in assets in excess of any related increase in liabilities or a decrease in liabilities in excess of any related decrease in assets) by the government that is applicable to a future reporting period. The College has two items that qualify for reporting in this category:

- Deferred inflows of resources for refunding - Reported in the Statements of Net Position, this deferred inflow on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Deferred inflows of resources for pension – Reported in the Statements of net position, these deferred inflows result primarily from 1) changes in actuarial assumptions; 2) differences between expected and actual actuarial experiences and 3) changes in the District's proportional share of pension liabilities. These pension related deferred inflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with pensions through the pension plan.

Pensions

For the year ended August 31, 2015, the College implemented the provisions of GASB Statement 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined based on the flow of economic resource measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability: deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, and liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable, in accordance with the benefit terms. Investments are reported at fair value.

Prior Year Restatement

For fiscal year 2016, there were no prior period adjustments. For fiscal year 2015, In the year of implementation of GASB Statement 68, as amended by GASB Statement 71, a restatement to beginning net position was required for the recording of the beginning net pension liability and for the recording of deferred outflows of resources for contributions made after the measurement date of the beginning net pension liability and the beginning of the reporting entity's fiscal year.

GASB 68 states that "if restatement of all prior period presented is not practical, the cumulative effect of applying this Statement, if any, should be reported as a restatement of beginning net position for the earliest period restated and the reason for not restating prior periods presented should be explained." Since community colleges do not have all of the audited beginning balances for deferred inflows of resources and deferred outflows of resources related to pensions required to properly restate 2014 financial statements, the restatement was made directly to the beginning net position in the 2015 financial statements as a cumulative effect of a change in accounting principle.

Beginning net position as of September 1, 2014, was restated for the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*.

New GASB Pronouncements

Effective with fiscal year 2016, the College implemented the following:

- GASB Statement No. 72, *Fair Value Measurement and Application*
- GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*
- GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*

The College does not expect these statements to have any impact on its financial statements.

Effective with fiscal year 2015, the College implemented the following:

- GASB Statement No. 68, *Accounting and Financial Reporting for Pensions (amendment of GASB Statement No. 27)*
- GASB Statement No. 69, *Government Combinations and Disposals of Government Operations*
- GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date (amendment of GASB Statement No. 68)*

3. AUTHORIZED INVESTMENTS

The System is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (PFIA) (Sec. 2256.001 Texas Government Code) and as authorized by Board policy. The System's Board of Trustees has adopted a written investment policy regarding the investment of its funds as defined in the PFIA. Such investments include (1) Obligations of the United States or its agencies, (2) Certificates of deposit and other forms of deposit issued by the Federal Deposit Insurance Corporation or its successor or secured by obligations in a manner consistent with State law and the Investment Policy, (3) Other obligations, the principal and interest of which are unconditionally guaranteed or insured by, or backed by the full faith and credit of the United States government, (4) Direct obligations of the State of Texas, or its agencies and instrumentalities, (5) Obligations of states, agencies, counties, cities, and other political subdivisions of any State having been rated as to investment quality by a nationally recognized investment rating firm and having received a rating of not less than "A" or its equivalent, (6) Fully collateralized repurchase agreements with a defined termination date secured by a combination of cash and obligations of the United States government or its agencies, (7) SEC registered Money Market Mutual Funds continuously rated AAAM, (8) Local government investment pools in Texas, (9) Commercial paper with a maximum maturity of 180 days, rated A1/P1 or equivalent.

Interest Rate Risk - In accordance with State of Texas law and the College’s investment policy, the College does not purchase any investments with maturities greater than three years. The College manages its exposure to declines in fair value by limiting the weighted-average maturity of its investment portfolio to approximately one year or less.

Credit Risk and Concentration of Credit Risk - In accordance with State of Texas law and the College’s investment policy, investments in mutual funds and investment pools must be rated at least “AAA” and commercial paper must be rated at least “A-1” or “P-1”. To reduce market risk the College has established portfolio diversification requirements by issuer and/or type of investment. The College’s portfolio is within the stated parameters at August 31, 2016.

The credit quality (ratings) and concentration of the College’s portfolio as of August 31, 2016 are as follows:

Security	Credit Rating	Concentration	
		Actual	Limit
Cash and External Investment Pools	AAA	62.67%	100%
Money Market	N/A	6.37%	100%

The State of Texas Comptroller of Public Accounts exercises oversight responsibility over the Texas Local Government Investment Pool (TexPool). Oversight includes the ability to significantly influence operations, designation of management and accountability for fiscal matters. Additionally, the State of Texas Comptroller of Public Accounts has established an advisory board composed of both participants in TexPool and other persons who do not have a business relationship with TexPool. The Advisory Board members review the investment policy and management fee structure. TexPool is rated AAA by Standard & Poor’s. As a requirement to maintain the rating, weekly portfolio information is submitted to both Standard & Poor’s and the Office of the State of Texas Comptroller of Public Accounts for review.

TexPool operates in accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. TexPool uses amortized cost rather than fair value to report net assets to compute share prices. Accordingly, the fair value of the position in TexPool is the same value as the value in TexPool shares.

The First Public (Lone Star Investment Pool) is a public funds investment pool established in accordance with the Interlocal Cooperation Act, Chapter 791, Texas Government Code, and the Public Funds Investment Act, Chapter 225, Texas Government Code. First Public is governed by trustees comprised of active participants in First Public. The Board of Trustees for First Public has the responsibility for adopting and monitoring compliance with the investment policy, of appointing investment officers, of overseeing the selection of an investment advisor, custodian, investment consultant, administrator and other service providers. First Public is rated AAA by Standard & Poor’s.

Local Government Investment Cooperative (“LOGIC” or the “Cooperative”) was organized in conformity with the Inter-local Cooperation Act, Chapter 791 of the Texas Government Code, and operates under the Public Funds Investment Act, Chapter 2256 of the Texas Government Code. Participation in the Cooperative is limited to those eligible Government Entities which have become parties to the Participation Agreement. The Cooperative’s governing body is a six-member Board of Directors (the “Board”) comprised of employees, officers or elected officials of participant Government Entities or individuals who do not have a business relationship with the Cooperative and are qualified to advise it. A maximum of two advisory board members represent the Co-Administrators of the Cooperative. The Board has entered into a contract with First Southwest Asset Management, Inc. and JPMorgan Asset Management, Inc. to provide administrative, investment management fund accounting, transfer agency, participant and marketing services for the Cooperative. In compliance with the Public Funds Investment Act, all portfolios will maintain a AAA or equivalent rating from at least one nationally recognized rating agency. LOGIC has been assigned a rating of AAAM by Standard & Poor’s.

Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. There was no positive arbitrage rebate liability for the bonds with installment calculations due within fiscal years 2016 and 2015.

Pledged Revenue

The revenue pledged as security for the life of the revenue bond debt service includes a portion of tuition and fees, investment income and auxiliary revenues. The bond covenants require the pledge of tuition, allowable by state law, and other revenue sources to maintain a minimum debt service coverage ratio of 1.25. The pledged revenues amounted to \$68,324,282 and \$68,897,858 for the years ended August 31, 2016 and 2015, respectively. The pledged revenue amount equates to 6.84% and 6.91% of the above total revenue streams, respectively. Debt service on the revenue bonds was \$9,985,925 and \$9,967,350 for the years ended August 31, 2016 and 2015, and the debt service coverage ratio was 6.84 and 6.91, respectively. Revenue bonds are payable in annual installments varying from \$905,000 to \$7,650,000 with interest rates from 2.00% to 5.00% and the final installment due in 2043. The College was in compliance with all bond covenants for the years ended August 31, 2016 and 2015.

8. REFUNDING & DEFEASED BONDS OUTSTANDING

FY2016 REFUNDING BONDS

On August 10, 2016 the College issued \$133,250,000 of Limited Tax General Obligation Refunding Bonds, \$37,910,000 of Revenue Financing Refunding Bonds, and \$11,450,000 of Maintenance Tax Refunding Bonds.

\$133,250,000 Limited Tax General Obligation Refunding Bonds

The Series 2016 GO Refunding Bonds consisted solely of Refunding Bonds with a reoffering premium of \$24,794,721. The bonds mature serially through 02/15/2034 with term bonds maturing 2/15/2038. Interest rates on the bonds range from 4.00% to 5.00%. After payment of \$1,021,070 in underwriter's discount and cost of issuance expense, the net refunding proceeds were applied to refund \$142,230,000, a portion, of the following outstanding bonds:

Limited Tax General Obligation Bonds, Series 2008 (\$58,990,000)
Limited Tax General Obligation Bonds, Series 2009 (\$83,240,000).

The net refunded bonds have an average interest rate of 5.00%. The aggregate debt service payments of the refunding bonds (\$217,783,811) are \$31,685,189 less than the aggregate debt service payments of the refunded bonds (\$249,469,000). The net present value of the savings, adjusted for cash paid out for the refunding transaction, is \$23,463,355. The accounting loss that resulted from the bond refunding is \$17,322,487 and is being amortized over the life of the new debt using the straight line method. The refunding proceeds were deposited into an irrevocable trust with an escrow agent to provide all the debt service payments. The refunded bonds are considered defeased and the liability for those bonds was removed from the College's liabilities in fiscal year 2016.

\$37,910,000 Revenue Financing System Refunding Bonds

The Series 2016 Revenue Refunding Bonds consisted solely of Refunding Bonds with a reoffering premium of \$7,455,584. The bonds mature serially through 08/15/2038. After payment of \$147,705 in underwriter's discount and cost of issuance expense, the net refunding proceeds were applied to refund \$12,650,000, a portion, of the following outstanding bond:

Maintenance Tax Notes, Series 2009 (\$12,650,000).

The net refunded bonds have an average interest rate of 4.85%. The aggregate debt service payments of the refunding bonds (\$16,143,160) are \$1,779,728 less than the aggregate debt service payments of the refunded bonds (\$17,922,888). The net present value of the savings for the refunding transaction, is \$1,622,544. The accounting loss that resulted from the bond refunding is \$1,346,898 and is being amortized over the life of the new debt using the straight line method. The refunding

proceeds were deposited into an irrevocable trust with an escrow agent to provide all the debt service payments. The refunded bonds are considered defeased and the liability for those bonds was removed from the College's liabilities in fiscal year 2016.

FY2015 REFUNDING BONDS

\$97,455,000 Limited Tax General Obligation Refunding Bonds

On April 29, 2015 the College issued \$232,325,000 of Limited Tax General Obligation Bonds. The issue consisted of \$134,870,000 of Limited Tax General Obligation Bonds, Series 2015A with a premium of \$16,226,428, and \$97,455,000 of Limited Tax General Obligation Refunding Bonds, Series 2015B with a reoffering premium of \$19,839,238. The Refunding Bonds mature serially through 02/15/2027. Interest rates on these bonds range from 2.00% to 5.00%. After payment of \$771,530 in underwriter's discount and cost of issuance expense, the net refunding proceeds were applied to refund \$109,365,000, in part or in whole, of the following outstanding bonds:

Limited Tax General Obligation Building & Refunding Bonds, Series 2003 (\$195,000)

Limited Tax Refunding Bonds, Series 2005A (\$25,410,000)

Limited Tax General Obligation Bonds, Series 2008 (\$35,635,000)

Limited Tax General Obligation Bonds, Series 2009 (\$25,000,000)

Limited Tax General Obligation Bonds, Series 2010A (\$23,125,000).

The net refunded bonds have an average interest rate of 5.02%. The aggregate debt service payments of the refunding bonds (\$136,440,203) are \$17,798,130 less than the aggregate debt service payments of the refunded bonds (\$154,238,333). The net present value of the savings, adjusted for cash paid out for the refunding transaction, is \$12,989,334. The accounting loss that resulted from the bond refunding is \$3,920,698 and is being amortized over the life of the new debt using the straight line method. The refunding proceeds were deposited into an irrevocable trust with an escrow agent to provide all the debt service payments. The refunded bonds are considered defeased and the liability for those bonds was removed from the College's liabilities in fiscal year 2015.

DEFEASED BONDS

In FY 2016, the College did defease a portion of a Revenue Financing System Refunding Bond, Series 2012, Revenue Financing System Bond, Series 2013, and Limited Tax General Obligation Bond, Series 2010A.

Revenue Financing System Refunding Bond, Series 2012 and Revenue Financing System Bond, Series 2013 were redeemed July 28, 2016 for the total amount of \$17,925,000. The Series 2012 partial defeasance consisted of \$825,000 in par value with an original maturity of 2/15/17 and an interest rate of 4.00%. The series 2013 partial defeasance consisted of \$17,100,000 in par value with original serial maturities through 2/15/2029 and with an interest rate range from 3.50% - 5.00%. Limited Tax General Obligation Bond, Series 2010A was redeemed August 10, 2016 for the total amount of \$11,210,000. The original maturity was 8/15/17 with an interest rate of 5.00%.

In FY 2015, the College defeased a portion of a Limited Liability General Obligation Bond, Series 2010A. The bond was redeemed October 30, 2014 for the total amount of \$2,700,000. The original maturity was 8/15/25 with an interest rate of 5.00%.

DEFEASED BONDS OUTSTANDING

The liability for the bonds below do not appear on the College's financial statement as of August 31, 2016 as these bonds are considered legally defeased.

Bond Issue	Year Refunded	Par Value Outstanding	Call Date/Final Maturity Date

9. OPERATING LEASES

The College leases certain of its educational facilities, offices and other equipment. These lease agreements have clauses which allow the College to terminate the agreement if funding becomes unavailable or the Board does not approve funding. Rent expense for the years ended August 31, 2016 and 2015 was \$1,205,927 and \$1,306,483, respectively. Future minimum lease payments are as follows:

For the Year Ended	
<u>August 31,</u>	<u>Total</u>
2017	\$ 1,104,620
2018	1,059,353
2019	1,036,682
2020	928,494
2021	649,235
2022-2026	228,412
Total future minimum lease payments	<u>\$ 5,006,796</u>

10. EMPLOYEES' RETIREMENT PLANS

The state of Texas has joint contributory retirement plans for almost all its employees. Within the first 90 days of employment, higher education employees make an irrevocable choice to be covered by either the Teacher Retirement System (TRS) or the Optional Retirement Plan (ORP).

TRS issues suggested footnote disclosures for pension plans resulting from the implementation of GASB Statement No. 68. The TRS sample footnotes are displayed below and can also be obtained from the TRS website. Certain revisions, including additions and deletions, have been made to the TRS suggested footnote disclosures below to achieve appropriate disclosure for community colleges.

Teacher Retirement System (Defined Benefit Plan)

A. Plan Description

The College participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

B. Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

C. Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the A. Plan description in above.

D. Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the

particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 thru 2017. The 84th Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2016. The 83rd Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2015.

Contribution Rates

	<u>2016</u>	<u>2015</u>
Member	7.2%	6.7%
Non-Employer Contributing Entity (State)	6.8%	6.8%
Employers	6.8%	6.8%
College Contributions	\$ 5,320,500	\$ 4,954,156
Member Contributions	\$10,086,189	\$ 8,778,069
State of Texas (NECE) On-behalf Contributions	\$ 4,594,832	\$ 3,704,050

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, when employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

E. Actuarial Assumptions

The total pension liability in the August 31, 2015 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2015
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	8.00%
Long-term expected Investment Rate of Return	8.00%
Inflation	2.5%
Salary Increases including inflation	3.5% to 9.5%
Payroll Growth Rate	2.50%
Benefit Changes during the year	None
Ad hoc post-employment benefit changes	None

The actuarial methods and assumptions are primarily based on a study of actual experience for the four year period ending August 31, 2014 and adopted on September 24, 2015.

F. Discount Rate

The discount rate used to measure the total pension liability was 8.0%. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term rate of return on pension plan investments is 8%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2015 are summarized below:

G. Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (8%) in measuring the 2015 Net Pension Liability.

	1% Decrease in Discount Rate (7.0%)	Discount Rate (8.0%)	1% Increase in Discount Rate (9.0%)
College's proportionate share of the net pension liability:	\$ 80,162,156	\$ 51,162,603	\$ 27,007,778

H. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2016, the College reported a liability of \$51,162,604 for its proportionate share of the TRS’s net pension liability. This liability reflects a reduction for State pension support provided to the College. The amount recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College were as follows:

The College’s Proportionate share of the collective net pension liability	\$ 51,162,604
State’s proportionate share that is associated with the College	<u>54,836,429</u>
Total	<u>\$105,999,033</u>

The net pension liability was measured as of August 31, 2015 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer’s proportion of the net pension liability was based on the employer’s contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2014 thru August 31, 2015.

At August 31, 2015 the employer’s proportion of the collective net pension liability was .1447370% which was a decrease of .0371742% from its proportion measured as of August 31, 2014.

Changes Since the Prior Actuarial Valuation – The following are changes to the actuarial assumptions or other inputs that affected measurement of the total pension liability since the prior measurement period:

Economic Assumptions

1. The inflation assumption was decreased from 3.00% to 2.50%
2. The ultimate merit assumption for long-service employees was decreased from 1.25% to 1.00%.
3. In accordance with the observed experience, there were small adjustments in the service-based promotional/longevity component of the salary scale.
4. The payroll growth assumption was lowered from 3.50% to 2.50%.

Mortality Assumptions

5. The post-retirement mortality tables for non-disable retirees were updated to reflect recent TRS member experience. Mortality rates will be assumed to continue to improve in the future using a fully generational approach and Scale BB.
6. The post-retirement mortality tables for disabled retirees were updated to reflect recent TRS member experience. Mortality rates will be assumed to continue to improve in the future using a fully generational approach and Scale BB.
7. The pre-retirement mortality tables for active employees were updated to use 90% of the recently published RP-2014 mortality table for active employees. Mortality rates will be assumed to continue to improve in the future using a fully generational approach and Scale BB.

Other Demographic Assumptions

8. Previously, it was assumed 10% of all members who had contributed in the past 5 years to be an active member. This was an implicit rehire assumption because teachers have historically had a high incidence of terminating employment for a time and then returning to the workforce at a later date. This methodology was modified to add a more explicit valuation of the rehire incidence in the termination liabilities, and therefore these 10% are no longer being counted as active members.

9. There were adjustments to the termination patterns for members consistent with experience and future expectations. The termination patterns were adjusted to reflect the rehire assumption. The timing of the termination decrement was also changed from the middle of the year to the beginning to match the actual pattern in the data.
10. Small adjustments were made to the retirement patterns for members consistent with experience and future expectations.
11. Small adjustments to the disability patterns were made for members consistent with experience and future expectations. Two separate patterns were created based on whether the member has 10 years of service or more.
12. For members that become disabled in the future, it is assumed 20% of them will choose a 100% joint and survivor annuity option.

Actuarial Methods and Policies

13. The method of using celled data in the valuation process was changed to now using individual data records to allow for better reporting of some items, such as actuarial gains and losses by source.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

For the year ended August 31, 2016, the College recognized pension expense of \$6,543,525 and revenue of \$7,813,309 based on the State’s measurement date of August 31, 2015.

At August 31, 2016, the College reported its proportionate share of the TRS’s deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Differences between expected and actual economic experiences	\$ 624,977	\$ 1,966,225
Changes in actuarial assumptions	2,626,794	1,825,258
Differences between projected and actual investment earnings	1,461,665	-
Changes in proportion and differences between the employer’s contributions	<u>-</u>	<u>8,505,515</u>
Total as of August 31, 2015 measurement date	\$ 4,713,436	\$ 12,296,998
Contributions paid to TRS subsequent to the measurement date	<u>5,320,500</u>	<u>-</u>
Total as of fiscal year end	<u>\$ 10,033,936</u>	<u>\$ 12,296,998</u>

The net amounts of the employer’s balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended August 31:</u>	<u>Pension Expense Amount</u>
2017	\$ (1,988,186)
2018	\$ (1,988,186)
2019	\$ (1,988,187)
2020	\$ 1,724,664
2021	\$ (1,464,357)
Thereafter	<u>\$ (1,879,308)</u>
	<u>\$ (7,583,560)</u>

Optional Retirement Plan (Defined Contribution Plan)

Plan Description. The state has also established an ORP for institutions of higher education. Participation in the ORP is in lieu of participation in the TRS. The ORP provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. Benefits fully vest after one year plus one day of employment. Since these are individual annuity contracts, the state has no additional or unfunded liability for this program.

Optional Retirement Plan Contribution Rates

	<u>2016</u>	<u>2015</u>
Member Contribution	6.65%	6.65%
State Contribution	6.60%	6.60%
College Contribution for Participants Enrolled Prior to September 1, 1995	1.90%	1.90%

Retirement Plan Expense

Below is a summary of ORP retirement plan expense for fiscal years ended August 31, 2016 and 2015.

<u>ORP Retirement Plan Expense</u>	<u>2016</u>	<u>2015</u>
Actual cost of ORP Retirement Benefits	3,777,894	3,765,530
College Contribution for ORP Retirement Benefits	2,600,923	2,557,016
State Legislative Appropriation Expended for ORP	1,176,971	1,208,514

11. COMPENSABLE ABSENCES

Full-time non-faculty employees on a twelve- month work schedule are eligible for paid annual leave. Eligible employees accrue vacation leave at different rates depending on their length of service and position. Accrual rates range from 8 hours per month to 13.33 hours per month. The College's policy is to allow employees to carry their accrued leave forward from one fiscal year to another fiscal year with a maximum number of hours accrued equal to 400 hours. Eligible employees are entitled to payment for all accumulated annual leave up to the maximum allowed at the time employment with the College is terminated. The College recognizes an accrued liability for the unpaid compensated absences in the amounts of \$5,444,674 and \$6,032,309 for the fiscal years ended August 31, 2016 and 2015, respectively.

Sick leave, which is accumulated to a maximum of 600 hours, is earned at the rate of 8 hours per month. Full time employees eligible to participate in the sick leave plan are those who work a 12 month schedule and who work at least 20 hours per week. It is paid to an employee who misses work due to illness. The College's policy is to recognize the cost of sick leave when paid. The liability is not shown in the financial statements because the benefit is budgeted annually and employees are not compensated upon termination for accrued sick leave balances.

12. PENDING LAWSUITS AND CLAIMS

On August 31, 2016, various lawsuits and claims involving the College were pending. The ultimate liability with respect to litigation and other claims asserted against the College cannot be reasonably estimated at this time. This liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the College.

13. DISAGGREGATION OF RECEIVABLES AND PAYABLES

Receivables at August 31, 2016 and 2015 were as follows:

	August 31	
	2016	2015
Student Receivables	43,547,120	39,231,737
Taxes Receivable	5,952,260	5,406,195
Federal Receivable	1,558,438	1,689,128
Accounts Receivable	1,795,765	1,694,841
Other Receivables	2,681,882	2,240,920
Subtotal	55,535,465	50,262,821
Allowance for Doubtful Accounts	(4,351,729)	(3,101,602)
Total Accounts Receivable, Net	\$51,183,736	\$47,161,219

Payables at August 31, 2016 and 2015 were as follows:

	August 31	
	2016	2015
Vendors Payable	21,078,231	24,852,543
Salaries and Benefits Payable	2,739,793	3,395,103
Students Payable	1,055,088	1,142,092
Accrued Interest	1,353,781	1,968,636
Other Payables	7,220,128	5,584,148
Total Accounts Payable and Accrued Liabilities	\$33,447,021	\$36,942,522

14. FEDERAL AND STATE CONTRACT AND GRANT AWARDS

Contract and grant awards are accounted for in accordance with the requirements of the AICPA Industry Audit Guide, Audits of Colleges and Universities. Revenues are disclosed on Exhibit 2 and Schedule A. For federal contract and grant awards, funds expended, but not collected, are reported as Federal Receivables on Exhibit 1. Non-federal contract and grant awards for which funds are expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements. Contract and grant awards funds already committed, e.g., multi-year awards, or funds awarded during fiscal years 2016 and 2015 for which monies have not been received nor funds expended totaled \$64,936,282 and \$66,215,626, respectively. Of these amounts, \$60,424,427 and \$61,919,868 were from Federal Contract and Grant Awards; \$4,511,855 and \$4,295,758 were from State Contract and Grant Awards for the fiscal years ended 2016 and 2015, respectively.

15. RISK MANAGEMENT

The College is exposed to various risks of loss related to property damage, personal injury, professional errors and omissions and natural disasters. Significant losses for these risks are covered by commercial insurance. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the past three years. The College did not maintain or operate a self-insured insurance plan during the years ended August 31, 2016 and 2015.

16. POST-RETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

In addition to providing pension benefits, the State provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the State. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The State recognizes the cost of providing these benefits by expending the annual insurance premiums.

State/Employer Contribution for Health Care Insurance (includes basic life insurance rate)

HealthSelect of Texas Plan	2016 State/Employer Contribution	2016 Annualized Contribution	2015 State/Employer Contribution	2015 Annualized Contribution
Member Only	\$576.54	\$6,918.48	\$537.66	\$6,451.92

The cost of retirees and active employees' health care is provided:

<u>Cost of Providing Health Care Insurance</u>	<u>2016</u>	<u>2015</u>
Number of Retirees	433	402
Cost of Health Benefits for Retirees	\$3,400,309	\$2,995,654
Number of Active Full Time Employees	2,592	2,456

Tax collections for the years ended August 31, 2016 and 2015 were 98.92% and 98.62%, respectively, of the current year’s tax levy. The use of tax proceeds is restricted for the use of maintenance and operations and/or general obligation debt service.

18. INCOME TAXES

The College is exempt from income taxes under Internal Revenue Code Section 115, *Income of States, Municipalities, etc.*, although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511(a)(2)(B), *Imposition of Tax on Unrelated Business Income of Charitable, etc. Organizations*. The College had no material unrelated business income tax liability for the years ended August 31, 2016 or 2015.

19. COMPONENT UNITS

Lone Star College Foundation (the Foundation) was established as a separate nonprofit organization in 1991 for the purpose of providing student scholarships and to support academic and workforce programs for the College. Under Governmental Accounting Standards Board Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, an organization should report as a discretely presented component unit those organizations that raise and hold economic resources for the direct benefit of a government unit.

Accordingly, the Foundation's financial statements are included in the College's comprehensive annual financial report as a discretely presented component unit as Exhibit 1A – Statements of Financial Position -Foundation and Exhibit 2A – Statements of Activities – Foundation for the fiscal years ended August 31, 2016 and 2015.

For complete financial information about the Lone Star College Foundation, please contact the Foundation at:

20. POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS

(In accordance with GASB Statement No. 45)

Plan Description. The College contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple- employer, defined benefit postemployment healthcare plan administered by the Employees Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

ERS issues a publicly available financial report that includes financial statements and required supplementary information for SRHP. That report may be obtained from ERS via their website at <http://www.ers.state.tx.us/>.

Funding Policy. Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS Board of Trustees sets the employer contribution rate based on the implicit rate subsidy which is actuarially determined in accordance with the parameters of GASB Statement No. 45.

The employer contribution rate represents a level of funding that, if paid on an-ongoing basis; is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty- years.

The College's contributions to SRHP for the years ended August 31, 2016, 2015 and 2014 were \$3,400,309, \$2,995,654, and \$2,541,171 respectively. This equaled the required contributions each year and no employee contributions were required.

Notes to Required Supplementary Information

Effective September 1, 2014, employers who did not contribute Social Security for TRS-eligible employees were required to contribute an additional 1.5% of TRS-eligible compensation which nearly doubled the College's contributions into the Plan. Because the College's proportional share of the plan is determined by its proportional share of contributions, the College recognized a corresponding increase in its share of net pension liability.

Changes of Assumptions

New actuarial assumptions were adopted by the Teacher Retirement System of Texas' Board of Trustees on September 24, 2015 and are effective with the valuation as of August 31, 2015. The major assumptions changes were the adoption of the use of generational mortality for the purpose of predicting future mortality improvement and the reduction in the inflation rate from 3.00% to 2.50%.

Changes of Benefit Terms

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

**LONE STAR COLLEGE
NOTES TO SCHEDULE OF EXPENDITURES OF STATE AWARDS
YEAR ENDED August 31, 2016**

1 Significant Accounting Policies used in Preparing the Schedule

The expenditures included in the schedule are reported for the College. Expenditure reports to funding agencies are prepared on the award period. The expenditures reported above represent funds which have been expended for the purposes of the award. The expenditures reported above may be reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparatory financial statements. Separate accounts are maintained for the different awards to ensure the observance of limitations and restrictions imposed by the funding agencies. The System has followed all applicable guidelines issued by various entities. The amounts reported in the schedule are in accordance with the accounting policies of the schedule.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Independent Auditors' Report

To the Board of Trustees
Lone Star College
The Woodlands, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Lone Star College (the "College"), as of and for the year ended August 31, 2016, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated December 1, 2016. Our report includes a reference to other auditors who audited the financial statements of North Harris Montgomery Community College District Foundation dba Lone Star College Foundation (a Texas non-profit corporation) (the "Foundation"), as described in our report on the College's financial statements. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE *UNIFORM GUIDANCE AND STATE OF TEXAS SINGLE AUDIT CIRCULAR*

Independent Auditors’ Report

To the Board of Trustees
 Lone Star College
 The Woodlands, Texas

Report on Compliance for Each Major Federal and State Program

We have audited Lone Star College’s (the “College”) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and *State of Texas Single Audit Circular* that could have a direct and material effect on each of the College’s major federal and state programs for the year ended August 31, 2016. The College’s major federal and state programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for each of the College’s major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the *State of Texas Single Audit Circular*. Those standards, the Uniform Guidance, and State of Texas Single Audit Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the College’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the College's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2016.

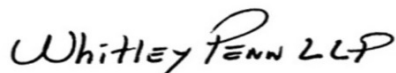

Report on Internal Control over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and State of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.
