## SUPPLEMENTAL INSTRUCTION

THE UNIVERSITY OF  
HOUSTON - DOWNTOWN

THE LEARNING CONNECTION

## WHAT IS SI?

Supplemental Instruction (SI) is a series of FREE voluntary, informal, weekly review sessions for students taking historically difficult courses such as:

- BIOL 1301/1302/1310
- CHEM 1307/1308/3301
- ECON 2301/2301
- GEOL 1305/1306
- HIST 1305/1306/1312
- MATH 0300/1300/1301/1302/1305/1310
- MATH 1306/1404/2401/2402/2409/3321
- PHYS 1301/1307/1308
- POLS 2305

Students in sections that do not have an SI leader are welcome to attend any sessions offered, as well as our Friday Open Labs.

With regular attendance, students are more likely to earn a better grade than by only studying alone.

**SUPPLEMENTAL  
INSTRUCTION IS  
AVAILABLE FOR  
ANY STUDENT  
WHO WANTS TO  
IMPROVE THEIR  
UNDERSTANDING  
OF COURSE  
MATERIAL AND  
THEIR STUDY  
SKILLS.**

## WHAT ARE SI LEADERS?

- SI Leaders are UHD students who have taken and mastered the course.
- SI Leaders attend every lecture and take notes, ask questions, and act as model students.
- SI Leaders hold hour-long sessions every week, starting the first week of class.
- SI Leaders hold review sessions before every test (including the final) to help students prepare for exams.
- SI Leaders share their insights with students regarding how to succeed in their courses.
