Administrator's Statement 86th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

756 Sul Ross State University

In March, 1917, the Texas Legislature passed legislation creating Sul Ross Normal College. The Sul Ross university community is celebrating the centennial of the enabling legislation establishing Sul Ross as an institution of higher education and the opening of Sul Ross in 1920. Sul Ross State University proudly stands as a regional university serving the educational needs of approximately two-thirds of the border region Texas shares with Mexico. Sul Ross's service region extends approximately 600 miles from Web County on the south to El Paso county on the north and encompasses approximately 61,000 square miles. The population of this vast region approximates 435,432 with a majority Hispanic population. Demographic projections for the region are for an increasingly Hispanic population.

Consistent with the ethnic demography of the region, Sul Ross State University is designated by the U. S. Department of Education as a Hispanic Serving Institution (HSI). With approximately half of the student population identifying as Hispanic, the Hispanic student population comprises the largest percentage of the student population (49.3% according to 2016 data). In 2016, students who identified as White constituted 38.1% of the student population, and students who identified as Black or African-American comprised 8.5% of the student population. Sul Ross State University has a long-standing reputation for its successes in providing educational opportunities to Texas's Hispanic students. In Summer, 2017, Hispanic Outlook magazine once again cited Sul Ross State University for its success in providing graduate education to Hispanics. Similarly, Latino Leaders Magazine in Fall, 2017 included Sul Ross State University in its listing of the Best Colleges for Latinos.

Sul Ross's efforts to provide access to higher education to Hispanics is one example of the university's efforts to provide access to higher educational opportunities to Texas. From its founding as a regional university in 1917 to provide access to higher education opportunities to the residents of rural, and isolated, West Texas, Sul Ross has defined itself as a university that would provide opportunities to students facing obstacles to the attaining university degrees. A majority of the student population are first-generation college students, and more than 70 percent of Sul Ross students receive financial assistance. Typical of colleges and universities that are committed to accessibility to education, Sul Ross invests a significant percentage of its resources in educational efforts to maximize the chances that its at-risk students will graduate. Because of its status as a Hispanic Serving Institution, Sul Ross has benefited in its efforts to retain and graduate at-risk students through Title V funding. The Lobo Den undergraduate advising center, the revised and invigorated computer science major with its concentrations in digital design and gaming, the Midland College STEM initiative, and the equipping of science laboratories with state-of-the-art technology were all made possible through Title V grant funding, and each initiative was subsequently continued through non-grant university funds.

In September, 2019, the Title V PPOHA (Promoting Post Baccalaureate Opportunities for Hispanics) grant, Expanding Graduate Horizons, will end, and the University Administration has already begun institutionalizing the components of the grant such as the Graduate Center, a center which assists graduate students develop academic skills that increase success in graduate study. Similarly, the Title V Grant, El Camino del Lobo al Exito, provides enhancements to undergraduate education, e.g., experiential learning and international education, in an effort to increase retention and graduation rates among undergraduate students. The grant has benefitted all Sul Ross students through the establishment of the Learning Center housed in the Wildenthal Library, through the implementation of a university-wide student intern program, and through the establishment of the Office of International Studies. The Office of International Studies has successfully developed study abroad programs for Sul Ross students. Through the grant-funded McNair Scholars program, the university has been able to provide support for gifted first-generation, low-income, and underrepresented students who demonstrate promise for successful graduate study. University data suggest these initiatives have made a difference in the success of Sul Ross students. Freshman retention rates have risen over 10 percent since 2011: from 45.3% in Fall, 2011 to over 59% by Fall, 2014. Additionally, in 2016, the 1-year persistence rate was 73.8% (for students entering in Fall, 2015).

In an effort to provide higher education opportunities to residents of Texas, Sul Ross State University has had a long-standing commitment to providing an affordable educational experience. That commitment continues today. According to the 2018 Texas Public Higher Education Almanac, a resource of the Texas Higher Education Coordinating Board, in Fall, 2017, tuition and fees at Ross State University-Alpine remained among the lowest third of the state universities in Texas, ranking 11th in affordability of the 37 higher education institutions.

Administrator's Statement

86th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

756 Sul Ross State University

As an Hispanic Serving Institution and because Sul Ross State University is a border institution in a heavily Hispanic part of Texas, the goals and targets of the university are in practice the goals and targets of the Texas Higher Education Strategic Plan, 2015-2030, 60x30TX. The goal of 60x30TX is for at least 60% of Texans age 25-34 to have a certificate or degree by 2030. One target of the 60x30TX plan is to increase the number of Hispanics completing certificates or degrees. Through enrollment management, Sul Ross continues to heavily recruit Hispanic students. Examples of these efforts include cooperative academic programming with Midland College and San Antonio College. As mentioned earlier, the previously cited initiatives of the university to increase graduation and retention rates serve to reach the goals and targets of the 60x30TX plan. Additionally, Sul Ross partners with regional school districts through the university's Upward Bound, Talent Search, and Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) programs to prepare regional secondary school students for successful college experiences. The university also offers dual credit possibilities to regional school districts as an avenue to engage secondary school students in higher education. The Academic Center for Excellence works with school districts to assure that secondary students are Texas Success Initiative compliant.

Through the work of the Sul Ross State University Small Business Development Center, the H. Joaquin Jackson Law Enforcement Academy, the Center for Big Bend Studies, the Museum of the Big Bend, and the Archives of the Big Bend, all projects funded in part through special items appropriations, Sul Ross has been able to facilitate development of the economy and preservation of the cultural of the university's service region. The university encourages the Texas State Legislature to continue these services to the residents of West Texas through special item funding.

In addition to these nonformula items, Sul Ross is requesting exceptional item funding to assist in addressing the need for nurses to serve our rural communities in West Texas. The University Administration is requesting \$1,120,000 to implement a Bachelor of Science degree in Nursing at Sul Ross State university-Alpine. The mission of the exceptional item is to alleviate the shortage of nurses in rural communities in Texas, particularly West Texas, by implementing a generic Bachelor of Science degree in Nursing at Sul Ross State University-Alpine. The closest nursing programs to Alpine that lead to Register Nurse licensure are in El Paso (220 miles from Alpine), Del Rio (204 miles from Alpine), and Odessa (143 miles from Alpine). For FY20, the exceptional item request is for \$700,000 to be used to upgrade simulation laboratory facilities, to renovate offices and classrooms, and to fund faculty salaries. In FY21, the exceptional item request is to cover accreditation expenses and faculty salaries. A 10% reduction (\$696,983 over two years) in non-formula general revenue would have a severe impact on operations at SRSU-Alpine. This would necessitate reductions in faculty and staff since much of the funds provided through the affected strategies are needed to fund faculty and staff salaries. This as well as reductions in operating expenses would in turn negatively impact our ability to adequately serve our student population.

The University Administration is requesting funding from Tuition Revenue Bonds for the capital project: Fine Arts Facility Expansion. The total amount for the renovation and restoration project is \$25,550,000 with debt service requested at \$2,171,750 for FY 2020 and \$2,171,750 for FY 2021. The mission of the project is to improve instruction in the fine arts through a five-phase renovation and expansion of the Fine Arts facilities at Sul Ross State University-Alpine. The five phases are: Renovation and expansion of the Francois Fine Arts Building; Renovation and repair of the ceramics and sculpture studio and classrooms; Renovation of Marshall Auditorium; Restoration of the Kokernot Lodge and Amphitheatre; and Renovation of the Kokernot Outdoor Theatre. The project is particularly valuable to the university because of the strong fine arts community that continues to emerge in the Big Bend region of Texas. The fine arts are an important part of the regional economy.

Sul Ross State University-Alpine's first priority is to provide affordable, high quality education, to the citizens of the vast rural underserved border region of Texas. As a major employer in the Big Bend area, we remain committed to providing access to services that meet the needs of our community. All positions are considered security sensitive and require a criminal background check in compliance with Government Code Chapter 411.094. The hiring department will ask Human Resources to conduct a criminal history check for all finalists and wait for results before scheduling interviews. We sincerely appreciate your continued support of our institution and your efforts

to strengthen higher education in Texas. Through your support, we continue to effectively serve a population that might not otherwise have access to quality higher education. Once again, thank you for your hard work on behalf of the State of Texas and for your consideration of our university.

Bill Kibler, Ph.D. President

Functions:

President – Responsibility of developing and maintaining efficiency and excellence within the university.

Executive Vice President and Provost – Chief academic officer, responsible for all matters pertaining to academic programs of the university.

Vice President for Budget and Finance – Chief fiscal officer, responsible for all matters pertaining to the finances of the university.

Vice President for Enrollment Management – Responsible for all matters pertaining to enrollment management, including admissions, recruiting, and financial assistance. Chief Information Officer – Responsible for the operation of information technology both administratively and academically.

Associate Vice President for University & Student Services and Dean of Students – Responsible for all matters related to student affairs; and responsible for university services. Assistant Vice President for Institutional Effectiveness – Serves as the liaison for SACSCOC Accrediting Agency and ensures that all levels of university functions are regularly assessed.

Associate Provost for Research and Dean of Graduate Studies – Provides oversight for institutional grant development and oversees graduate college.

Assistant Provost and Dean for Rio Grande College – Responsible for academic programs at Sul Ross State University Rio Grande College

Executive Director of Administration and Development – Responsible for Alumni, Development, Communications & Marketing and for providing diversified administrative support to the president and serves as a liaison between the university and local, state, and federal agencies.

| CODE I | DESCI | RIPTION | Exp 2017 | Est 2018 | Bud 2019 | (1) BL 2020 | (1) BL 2021 |

The Instruction and Operations Formula provides funding for faculty salaries, departmental operating expense, library, instructional administration, research enhancement, student services and institutional support. The funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour is established by the Legislature each biennium.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

EXPLANATION OF BIENNIAL CHANGE (includes Rider amounts):

| STRATEGY BIENNIA | <u>L TOTAL - ALL FUNDS</u> | BIENNIAL | EXPLAN | JATION OF BIENNIAL CHANGE |
|-------------------------------------|--------------------------------------|----------------|----------------|---|
| Base Spending (Est 2018 + Bud 2019) | Baseline Request (BL 2020 + BL 2021) | CHANGE | \$ Amount | Explanation(s) of Amount (must specify MOFs and FTEs) |
| \$11,603,807 | \$0 | \$(11,603,807) | \$(11,603,807) | The operation support strategy is not requested for 2020-2019 because the strategy is formula funded. |
| | | - | \$(11,603,807) | Total of Explanation of Biennial Change |

(1) - Formula funded strategies are not requested in 2020-21 because amounts are not determined by institutions.

STRATEGY DESCRIPTION AND JUSTIFICATION:

This is a non-formula strategy that provides funding for salaries and other expenses for the following activities operated in connection with instructional programs: Science Analytical Laboratory, Agricultural and Natural Resource Science Meats Laboratory, and the University Ranch. These activities give students a hands-on experience in addition to the traditional classroom instruction thus better preparing students for entering the workforce.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

This strategy has not previously received general revenue funding. The activity generated income is insufficient to fully fund these critical operations. In order to maintain the activities, Other Educational and General Income must be used to fund these programs.

The ability to continue the current level of service is hindered without this funding. The University has begun several initiatives aimed at improving enrollment and retention including a new marketing campaign to attract students most likely to succeed at SRSU. The University expects to experience steady enrollment as a result of these initiatives. Funding our exceptional item Lobo Den Freshmen Center Program would definitely help in this. We believe the university will establish and continue a pattern of growth.

| FULL TIME EQ | UIVALENT POSITIONS: | 49.4 | 49.4 | 49.4 | 49.4 | 49.4 |

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Infrastructure Support formula distributes funding associated with plant-related formulas and utilities. This formula is driven by the predicted square feet for universities' educational and general activities produced by the Coordinating Board Space Projection Model. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

(1) - Formula funded strategies are not requested in 2020-21 because amounts are not determined by institutions.

FULL TIME EQUIVALENT POSITIONS:

STRATEGY DESCRIPTION AND JUSTIFICATION:

This is a non-formula general revenue strategy that provides funding for the debt service tuition revenue bonds issued by the Texas State University System in 1993, 1998, 2002, and 2017 on behalf of Sul Ross State University. Proceeds from these bonds have been used to fund major repairs, renovations, and conversions to Lawrence Hall, Graves-Pierce Complex, the Wildenthal Library, Ferguson Hall, Gallego Center, Warnock Science Building, Turner Range Animal Science Center, the Centennial School, old university center, and campus infrastructure.

3.A. Page 21 of 47

756 Sul Ross State University GOAL: 2 Provide Infrastructure Support **OBJECTIVE:** Provide Operation and Maintenance of E&G Space Service Categories: 1 STRATEGY: 2 Tuition Revenue Bond Retirement Service: 10 Income: A.2 Age: B.3 CODE DESCRIPTION Exp 2017 Est 2018 Bud 2019 BL 2020 BL 2021

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

The 73rd, 75th,77th, and 84th Legislatures provided authorization for the issuance of these tuition revenue bonds. Sul Ross State University's ability to meet its debt service requirements relative to these bonds is contingent upon funding for this strategy. If tuition must be used to fund this, an increase in GR appropriations will be needed to replace the other E & G income normally used to fund operations. As directed, funding for this strategy is requested at 100% of the actual debt service needs for 2020 and 2021.

Increasing student expectations and needs require the utilization and maintenance of quality facilities and infrastructure. This funding is critical to small institutions and particularly to SRSU – Alpine because our assignable space is above the space projected by the THECB space model and formula generated maintenance funding is insufficient. This strategy helps supplement the funding generated by the infrastructure support formula.

To conduct historical, archaeological, and cultural anthropological research in the Big Bend and eastern Trans-Pecos region; to facilitate and encourage research within the region in these areas by students and scholars; and to disseminate findings from the program to the scientific community, students, and the general public through presentations, web exhibits, and publications, including an annual journal on the history and culture of the region. In addition, the CBBS develops and oversees anthropology classes at the university, maintains a regionally focused in-house research library that includes original primary documents pertaining to the archaeology of the region (established through donations), and conducts archaeological cultural resources management (CRM) or clearance projects for private firms and local, state, and federal agencies.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Texas Comprehensive Research Fund provides funding to promote increased research capacity at eligible general academic teaching institutions including those other than The University of Texas at Austin, Texas A&M University or any institution designated as an emerging research university under the Higher Education Coordinating Board's (THECB) accountability system.

Funding is to be expended for the support and maintenance of educational and general activities, including research and student services, that promote increased research capacity. A legislatively determined amount of funding is allocated based on the average amount of restricted research funds expended by each institution per year for the three preceding state fiscal years as reported to THECB.

DESCRIPTION / JUSTIFICATION:

To alleviate the shortage of nurses in rural communities in Texas by implementing a generic Bachelor of Science degree in Nursing at Sul Ross State University-Alpine.

EXTERNAL/INTERNAL FACTORS:

Major accomplishments to date and expected over the next two years:Over the past three years, the University Administration has been in dialogue with health care professionals regarding the need for a continuous supply of Registered Nurses. Big Bend Regional Medical Center, the Big Bend Regional Hospital District, regional independent school districts, and regional physicians and nurses have expressed a need for nurses trained to work in rural, and often, isolated environments.

Year established and funding source prior to receiving special item funding: General University Support: \$160,000 (FY19) Formula funding:

a. The consultants have advised the university that each "class" admitted to the program in the programs initial years should be limited to ten students. The University anticipates that the first class would be admitted in Fall, 2020. The program would be at enrollment capacity in Year 4 of the program with forty students enrolled in the program. Beginning with Year 1 the projected revenues from formula funding would be:

- 1. Year 1 (FY21)--\$29,294.34;
- 2. Year 2 (FY22)--\$57,673.22;
- 3. Year 3 (FY23)--\$104,729.48;

| Non-general rever | nue sources of fundin | ng: None | | | |
| Consequences of r | not funding: | | | | |
| The major consequ | uence is the continue | ed shortage of Registered Nurs | es in the region. The closest RN programs are in El Paso (22 | 20 miles from Alpine), Odessa (143 miles from | |
| Alpina) and Dal D | in (204 miles from | (Ining) There are additional | nnests if the program is not funded. Students seeking pursi | a education will need to attend other | |

Alpine) and Del Rio (204 miles from Alpine). There are additional impacts if the program is not funded. Students seeking nursing education will need to attend other educational sites which may require an increase in tuition and certainly the cost of living is duplicated which places greater demands on parents striving to make a living in a low-economic geographical area. Thus student loans are increased to meet away from home costs.

DESCRIPTION / JUSTIFICATION:

Our arts facilities, as a point of entry to the university, form a powerful first impression of Sul Ross State and the Texas State system. Each of these programs is public-facing: Art students are active in the community and across the state in galleries and shows, and Theater and Music programs draw attendance and community participation from across the region. Music, Art, and Theater are academic programs which all require specialized facilities and have outgrown current spaces – spaces which are, at root, laboratories for academic instruction, same as a chemistry lab is needed to teach chemistry. The assumptions used for this TRB request is 20 years at 6%.

EXTERNAL/INTERNAL FACTORS:

Major accomplishments to date and expected over the next two years: The University has made improvements in the Marshall Auditorium and the Kokernot Outdoor Theatre through Higher Education Funds (HEF).Completion of renovation and restoration projects. Year established and funding source prior to receiving special item funding:Higher Education Funds Formula funding: There would be no additional formula funding generated in the FY20 and FY21 biennium attributable to the renovations and restoration. Non-general revenue sources of funding: The project would be funded through Tuition Revenue Bonds. Consequences of not funding: 1.Lost opportunity to instruct students in state-of-the-art facilities with state-of-the-art technologies; 2.Lost opportunity for student recruitment due to comparison of SRSU facilities with facilities at other higher education institutions; 3.Lost opportunity for economic and cultural development in the region due to inadequate facilities; 4.Lost opportunity to reduce risk of injuries in the studios and performing art venues. **PCLS TRACKING KEY:**

A. Fiscal Year 2016 - 2017 HUB Expenditure Information

B. Assessment of Fiscal Year 2016 - 2017 Efforts to Meet HUB Procurement Goals

Attainment:

The agency attained or exceeded two of three, or 66%, of the applicable agency HUB procurement goals in FY 2016. The agency did not meet the goals on HUB procurement in FY 2017. The dollar amounts and HUB percentages was manually compiled for FY 2017. The information submitted originally was incomplete. The system closed before corrections could be made.

Applicability:

The "Heavy Construction," and "Building Construction," categories are not applicable to agency operations in fiscal year 2016 since the agency did not have any strategies or programs related to these categories. For fiscal year 2017 there was one project related to "Building Construction" category, but no HUB vendors or resellers were available for this purchase. The agency did not have any strategies or programs related to "Heavy Construction" or "Professional Services" for fiscal year 2017.

Factors Affecting Attainment:

In both fiscal year 2016 and 2017, the goal of the "Other Services" category was not met since the contracts in that category limited the agency to contracting with non-HUB vendors.

- in FY2016, two major contracts for "Professional Services" (Architectural/Engineering Services) were issued to two HUB vendors (Pride & Artchitecture). These services were not needed in FY 2017.

- in FY2016, for "Other Services", there was a major purchase of Construction services from Alpha Corporation and Veliz Construction (HUB vendors) that was completed prior to FY 2017. Both vendors are now established as JOC's with SRSU.

- in FY2016, for "Commodity Purchasing", there was a major Computer Equipment from Data Projections (HUB Vendor), that was completed prior to FY 2017 for

Automated Budget and Evaluation System of Texas (ABEST)

Agency Code: 756 Agency: Sul Ross State University

Distance Learning classrooms in Eagle Pass.

- for FY2018, we are at 18.8% for "Commodity Purchasing" category, ytd..

"Good-Faith" Efforts:

The agency made the following good faith efforts to comply with statewide HUB procurement goals per 34 TAC Section 20.13(d):

- ensured that contract specifications, terms, and conditions reflected the agency's actual requirements, were clearly stated, and did not impose unreasonable or unnecessary contract requirements.

- provided potential bidders with a list of certified HUBs for subcontracting, and

- prepared and distributed information on procurement procedures in a manner that encouraged participation in agency contracts by all businesses.

- attend HUB vendor forums when budget allows.

- we have also continued to encourage eligible local HUB vendors to become HUB certified.

1 Workers' Compensation Insurance

Category: Administrative - Operating Expenses

Item Comment: This strategy provides for the general revenue portion of the Workers Compensation Assessment by the SORM. Because the general revenue appropriation is not sufficient to fully fund the historical assessment, SRSU-will need to use Other Educational and General Income or Designated Tuition to cover the premium. If this funding is reduced and increases in assessment costs are required, additional Designated Tuition would be needed to replace funding.

Strategy: 1-1-4 Workers' Compensation Insurance

FTE Reductions (From FY 2020 and FY 2021 Base Request)

2 Hold Harmless

Category: Administrative - Operating Expenses

Item Comment: This strategy is used to supplement several items which may be eligible for formula funding; however, the formula does not generate sufficient funds for small institutions like SRSU-Alpine to enable it to properly fund these initiatives, thus reliance on this funding. The ability of SRSU-Alpine to continue at current service levels will be greatly impaired by a 10% reduction. Because about 70% of this funding is used for faculty and staff, it is anticipated that this reduction might result in a loss of 1-2 FTE's.

Strategy: 1-1-8 Hold Harmless

FTE Reductions (From FY 2020 and FY 2021 Base Request)

9 Institutional Enhancement (Academic & Student Support)

Category: Programs - Service Reductions (Contracted)

Item Comment: This strategy is used to supplement several items which may be eligible for formula funding; however, the formula does not generate sufficient funds for small institutions like SRSU-Alpine to enable it to properly fund these initiatives, thus reliance on this non-formula support. The ability of SRSU-Alpine to continue at current service levels will be greatly impacted by this 10% reduction. Because about 85% of this funding is used for faculty and staff, it is anticipated that this reduction would result in a loss of 5 FTE's, reduction in travel budgets, shifting of costs to users, and a reduction in departmental operating budgets.

Strategy: 3-4-1 Institutional Enhancement

FTE Reductions (From FY 2020 and FY 2021 Base Request)

18 Institutional Enhancement (Academic & Student Support))

Category: Programs - Service Reductions (Contracted)

Item Comment: This strategy is used to supplement several items which may be eligible for formula funding; however, the formula does not generate sufficient funds for small institutions like SRSU-Alpine to enable it to properly fund these initiatives, thus reliance on this non-formula support. The ability of SRSU-Alpine to continue at current service levels will be greatly impacted by this 10% reduction. Because about 85% of this funding is used for faculty and staff, it is anticipated that this reduction would result in a loss of 5 FTE's, reduction in travel budgets, shifting of costs to users, and a reduction in departmental operating budgets.

Strategy: 3-4-1 Institutional Enhancement

General Revenue Funds

| 1 General Revenue Fund | \$0 | \$0 | \$0 | \$63,560 | \$63,560 | \$127,120 | \$2,542,378 | \$2,542,378 | \$5,084,756 |
|-----------------------------|-----|-----|-----|----------|----------|-----------|-------------|-------------|-------------|
| General Revenue Funds Total | \$0 | \$0 | \$0 | \$63,560 | \$63,560 | \$127,120 | \$2,542,378 | \$2,542,378 | \$5,084,756 |
| Item Total | \$0 | \$0 | \$0 | \$63,560 | \$63,560 | \$127,120 | \$2,542,378 | \$2,542,378 | \$5,084,756 |

19 Workers' Compensation Insurance

Category: Administrative - Operating Expenses

Item Comment: This strategy provides for the general revenue portion of the Workers Compensation Assessment by the SORM. Because the general revenue appropriation is not sufficient to fully fund the historical assessment, SRSU-will need to use Other Educational and General Income or Designated Tuition to cover the premium. If this funding is reduced and increases in assessment costs are required, additional Designated Tuition would be needed to replace funding.

Strategy: 1-1-4 Workers' Compensation Insurance

A 10% reduction in this funding would negatively impact the ability of the Archives to continue this level of service to the region.

Strategy: 3-3-4 Archives of the Big Bend

General Revenue Funds

| 1 General Revenue Fund | \$0 | \$0 | \$0 | \$1,093 | \$1,093 | \$2,186 | \$43,700 | \$43,699 | \$87,399 |

| Item Total | \$0 | \$0 | \$0 | \$1,093 | \$1,093 | \$2,186 | \$43,700 | \$43,699 | \$87,399 |

FTE Reductions (From FY 2020 and FY 2021 Base Request)

35 Musuem of the Big Bend

Category: Programs - Service Reductions (Contracted)

Item Comment: This strategy provides funding for the support of the preservation of historical artifacts relating to the Trans -Pecos region of Texas as well as other areas. A 10% reduction in this funding would necessitate the reduction or possible elimination of public educational programs as well as impact the Museum's ability to attract private support.

Strategy: 3-3-6 Museum of the Big Bend

6.I. Percent Biennial Base Reduction Options

10 % REDUCTION 86th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST) Date: 10/13/2018 Time: 12:50:50PM

FTE Reductions (From FY 2020 and FY 2021 Base Request)

36 Institutional Enhancement (Academic & Student Support)

Category: Programs - Service Reductions (Contracted)

Item Comment: This strategy is used to supplement several items which may be eligible for formula funding; however, the formula does not generate sufficient funds for small institutions like SRSU-Alpine to enable it to properly fund these initiatives, thus reliance on this non-formula support. The ability of SRSU-Alpine to continue at current service levels will be greatly impacted by this 10% reduction. Because about 85% of this funding is used for faculty and staff, it is anticipated that this reduction would result in a loss of 5 FTE's, reduction in travel budgets, shifting of costs to users, and a reduction in departmental operating budgets.

Strategy: 3-4-1 Institutional Enhancement

Project Description

Our fine arts facilities, as a point of entry to the university, form a powerful first impression of Sul Ross State University and the Texas State University system. Each of these programs is public-facing:

Art students are active in the community and across the state in galleries and shows, and Theater and Music programs draw attendance and community participation from across the region. Music, Art, and Theater are academic programs which all require specialized facilities and have outgrown current spaces – spaces which are, at root, laboratories for academic instruction, same as a chemistry lab is needed to teach chemistry. This request is to renovate and expand the Fine Arts Complex. The assumptions used for this TRB request are 20 years at 6%.

|---|------|-------------------------------|
| Bachelor of Science Degree in Nursing at Sul Ross State University- | Alp | |
| (1) Year Non-Formula Support Item First Funded: | 2020 | |
| Year Non-Formula Support Item Established: | 2020 | |
| Original Appropriation: | \$0 | |

(2) Mission:

To alleviate the shortage of nurses in rural communities in Texas by implementing a generic Bachelor of Science degree in Nursing at Sul Ross State University-Alpine.

(3) (a) Major Accomplishments to Date:

Over the past three years, the University Administration has been in dialogue with health care professionals regarding the need for a continuous supply of Registered Nurses. Big Bend Regional Medical Center, the Big Bend Regional Hospital District, regional independent school districts, and regional physicians and nurses have expressed a need for nurses trained to work in rural, and often, isolated environments. In Summer, 2017, the University Administration contracted with a nursing educator to assess the current lab facilities at Sul Ross State University and to determine the costs to bring the lab facilities up to nursing standards for a medical simulation laboratory. In Summer, 2018, the University Administration hired a doctoral-level registered nurse who has experience as a Nurse Administrator to develop the degree.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

i. To develop the curriculum for the degree;

ii. To receive authorization to offer the degree from the Texas Board of Nursing, the Board of Regents of the Texas State University System, the Texas Higher Education Coordinating Board, and the Southern Association of Colleges and Schools-Commission on Colleges;

- iii. To receive accreditation for the nursing program from the Commission on Collegiate Nursing Education;
- iv. To hire faculty;
- v. To admit first class of nursing students.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

General University Support: \$160,000 (FY19)

(5) Formula Funding:

a. The consultants have advised the university that each "class" admitted to the program in the programs initial years should be limited to ten students. The University anticipates that the first class would be admitted in Fall, 2020. The program would be at enrollment capacity in Year 4 of the program with forty students enrolled in the program. Beginning with Year 1 the projected revenues from formula funding would be:

- 1. Year 1 (FY21)--\$29,294.34;
- 2. Year 2 (FY22)--\$57,673.22;
- 3. Year 3 (FY23)--\$104,729.48;
- 4. Year 4 (FY24)--\$151,785.74.

b. It is anticipated that special item funding would be necessary until enrollment increased sufficiently to cover the costs of the program, approximately ten years. The assumptions used for the associated formula funding amounts for Recruiting Nurses into the program was the rate per weighted semester credit hour of \$55.82 for the 2018-2019 biennium.

(6) Category:

Instructional Support

(7) Transitional Funding: Y

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

The major consequence is the continued shortage of Registered Nurses in the region. The closest RN programs are in El Paso (220 miles from Alpine), Odessa (143 miles from Alpine) and Del Rio (204 miles from Alpine). There are additional impacts if the program is not funded. Students seeking nursing education will need to attend other educational sites which may require an increase in tuition and certainly the cost of living is duplicated which places greater demands on parents striving to make a living in a low-economic geographical area. Thus student loans are increased to meet away from home costs. Nursing graduates from a local program will remain employed over a longer period of time, thus making an impact on household income over time. The greatest consequence for not funding this nursing program is the lack of change in the quality and availability of health care for this service area.

(10) Non-Formula Support Needed on Permanent Basis/Discontinu

Non-Formula support would be needed on a temporary basis.

(11) Non-Formula Support Associated with Time Frame:

It is anticipated that special item funding would be necessary until enrollment increased sufficiently to cover the costs of the program, approximately ten years.

(12) Benchmarks:

Performance metrics for the program would be pass rates for Registered Nurse licensure, graduation rates in the program, and placement rates of graduates.

(13) Performance Reviews:

In Summer, 2017, the University Administration contracted with a nursing educator to assess the current lab facilities at Sul Ross State University and to determine the costs to bring the lab facilities up to nursing standards for a medical simulation laboratory. In Summer, 2018, the University Administration hired a doctoral-level registered nurse who has experience as a Nurse Administrator to develop the degree.

| 756 Sul Ross State University | | |
|---|------|--|
| Big Bend Archives | | |
| (1) Year Non-Formula Support Item First Funded: | 1998 | |
| Year Non-Formula Support Item Established: | 1998 | |

(2) Mission:

To collect, preserve and make available for research purposes the archival record of the Big Bend/Trans-Pecos region of Texas and Sul Ross State University. The Archives of the Big Bend functions as the repository for primary materials documenting a diverse history and culture and supports the academic mission of the University as a department of the Library.

\$50,000

(3) (a) Major Accomplishments to Date:

Original Appropriation:

The Archives continues to be a major repository of choice for donors and researchers for its holdings documenting the history and culture of the Big Bend/Trans-Pecos region and Sul Ross State University. A variety of University classes access the Archives for assignments and hands on experience with unique historical materials. The University community in general makes extensive use for a variety of special projects. Use of the collections by a diverse and growing body of patrons continues, including filming of documents and images for a PBS documentary.

A completely new website has been constructed and is functioning. New content includes online access to recently digitized finding aids allowing researchers to do preliminary research off site. Portions of the University Archives including early yearbooks and commencement programs have been digitized and uploaded for use via the web site.

Archives staff has conducted research and gathered images for the President's Faculty Profiles in Sul Ross History for the institution's 100th anniversary and Centennial Celebration. This has coincided with updating portions of the University Collection

Processing of several collections has significantly moved forward or been completed (Bonilla, Casey, housing of Fuentes). Digitization of a section of the Presidio County Abstract records has begun and will be ongoing.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

In the next two years, the focus on expanded accessibility and management of holdings will allow more ease of use by researchers and enhance the ability of staff to assist patrons. Continued digitization of collections and finding aids will enable patrons both off and on-site to make better use of resources and allow staff to devote more time to processing and acquisition. Efforts are underway to select, acquire, and implement an image management system for the many thousands of photographic images in the holdings. Use of such a system could provide better visibility of and access to images and result in time savings for staff and researchers.

The Profiles in Sul Ross History project and others for the institution's 100th anniversary will continue for the next two years.

All is dependent upon no additional funding cuts and hopefully reinstatement of some frozen positions. There are no indications that the myriad use of the Archives' holdings and services will be diminishing, but is, in fact, increasing.

Failure to continue funding would severely restrict access to and use of unique and invaluable resources to students and to a patron base that includes the University, scholars, government officials, and the general public.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

None

(5) Formula Funding: This item is not eligible for formula funding.

(6) Category:

Research Support

(7) Transitional Funding: N

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

This item is not eligible for formula funding. Staffing would severely curtailed and thereby effectively halt acquisition activities. Educational and research opportunities for students, faculty, and other researchers would be significantly reduced.

(10) Non-Formula Support Needed on Permanent Basis/Discontinu

Non-Formula Support is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

Non-Formula support is not associated with a time frame.

(12) Benchmarks:

Archives staff has conducted research and gathered images for the President's Faculty Profiles in Sul Ross History for the institution's 100th anniversary and Centennial Celebration. This has coincided with updating portions of the University Collection.

Processing of several collections has significantly moved forward or been completed (Bonilla, Casey, housing of Fuentes). Digitization of a section of the Presidio County Abstract records has begun and will be ongoing.

(13) Performance Reviews:

Archives has worked closely with the Records Management Coordinator and Officer to ensure that the process includes archiving appropriate SRSU materials.

| Big Bend Small Business Development Center | | |
|---|-----------|--|
| | | |
| (1) Year Non-Formula Support Item First Funded: | 1994 | |
| Year Non-Formula Support Item Established: | 1994 | |
| Original Appropriation: | \$100,000 | |

(2) Mission:

Foster small business success working cooperatively with the Small Business Administration through the University of Texas at San Antonio and to work with small business, and community clients, in an effort to enhance economic development in Brewster, Culberson, Jeff Davis, Loving, Pecos, Presidio, Reeves, and Terrell counties. All eight (8) counties are rural counties in the State of Texas. The BBRMSBDC strengthens the public service function of Sul Ross State University and strengthens the economic health of the eight (8) counties it serves. The BBRMSBDC is one of ten (10) centers in the South-West Texas Border Small Business Development Center Network and one among the thousand plus (1,000+) Small Business Development Centers across the United States.

(3) (a) Major Accomplishments to Date:

Since 1993, the BBRMSBDC has provided one-on-one confidential advising to more than 2,600 clients to establish and strengthen businesses in Brewster, Culberson, Jeff Davis, Loving, Pecos, Presidio, Reeves, and Terrell counties. Training has been provided in business skills via 699 workshops spread throughout the BBRMSBDC's eight (8) county service area. As a direct result of the center's efforts, as of 09/30/17 BBRMSBDC clients have received \$165,435,459 in new capital infusion, helping to retain over 1,200 jobs and create an additional 1,786 new jobs.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

The BBRMSBDC is expected to foster small business success in FY18 and FY19, leading to the establishment of another 25-35 new businesses, creation of an additional 100-165 new jobs, retain an additional 50-65 jobs, creation of an additional \$10,000,000 in capital infusion and an additional 80-90 workshops with 500-600 workshop attendees.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

2012 \$109,138 Federal Funds 2013 \$133,866 Federal Funds 2014 \$134,393 Federal Funds 2015 \$118,393 Federal Funds 2016 \$120,415 Federal Funds 2017 \$113,531 Federal Funds 2018 \$ 70,187 Federal Funds

(5) Formula Funding:

This item is not eligible for formula funding.

(6) Category:

Public Service

(7) Transitional Funding: N

(8) Non-General Revenue Sources of Funding:

2018 \$ 70,187 Federal Funds

(9) Impact of Not Funding:

This item is not eligible for formula funding. Small business clients and community clients in the rural Big Bend region would not be able to receive business advising and would have difficulty in competing for Small Business Administration loans, hampering the rural region's ability to realize its full economic potential.

(10) Non-Formula Support Needed on Permanent Basis/Discontinu

Non-Formula Support is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

Non-Formula Support is not associated with a time frame.

(12) Benchmarks:

Training has been provided in business skills via 699 workshops spread throughout the BBRMSBDC's eight (8) county service area. As a direct result of the center's efforts, as of 09/30/17 BBRMSBDC clients have received \$165,435,459 in new capital infusion, helping to retain over 1,200 jobs and create an additional 1,786 new jobs.

(13) Performance Reviews:

The data referenced in the image below represents the 10 performance goal sets that the Sul Ross State University SBDC is measured by. Our regional network "The Southwest Texas Border SBDC, "The Small Business Administration", and our host institution "Sul Ross State University" negotiate these goal sets through the refunding proposal for our center for each year.

FY'18 percentage of completion.

Clients counseled 100% Long Term Clients (since start of fiscal year) 92% Total Counselor Hours 84% Business Start-up Milestones 140% Business Expansions 67% Job Created(Full and part-time) 48% Jobs Retained 43% Capital Infusion Total (All loans and Equity) 76% Total Training Events 100% Training Attendees 79%

• Total Clients Counseled – This represents the total number of clients counseled by a center advisor during the fiscal year. Clients can be new or existing. By this point in the fiscal year, 100% of the goal was exceeded by one.

• Jobs Retained – This goal set represents the total number of jobs saved in an existing business. This includes existing employees who were able to keep their jobs due to an expansion project in which center advisor assistance was provided. By this time in the fiscal year, 43% of the goal was accomplished.

| Center for Big Bend Studies | | |
| (1) Year Non-Formula Support Item First Funded: | 1994 | |
| | 1994 | |
| Year Non-Formula Support Item Established: | 1994 | |

Original Appropriation:

The CBBS's mission is to conduct historical, archaeological, and cultural anthropological research in the Big Bend and eastern Trans-Pecos region; to facilitate and encourage research within the region in these areas by students and scholars; and to disseminate findings from the program to the scientific community, students, and the general public through presentations, web exhibits, an annual conference, and publications, including an annual journal on the history and culture of the region. In addition, the CBBS develops and oversees anthropology classes at the university, maintains a regionally focused in-house research library that includes original primary documents pertaining to the history and archaeology of the region (established through donations), and conducts archaeological cultural resources management (CRM) or clearance projects for private firms and local, state, and federal agencies through contractual arrangements.

\$15.000

(3) (a) Major Accomplishments to Date:

Through its CRM program, established in 1995, the CBBS has provided important project-clearance services to governmental and private entities across the region. CRM projects include a 10-year archaeological survey in Big Bend National Park; projects in Big Bend Ranch State Park, Guadalupe Mountains National Park, and Lake Meredith National Recreation Area; excavations for the Texas Department of Transportation; and surveys for fiber optic lines and a solar power plant. In 2004, the CBBS launched the Trans-Pecos Archaeological Program (TAP) to address major shortcomings in the regional database and has successfully completed 14 years of groundbreaking research through it, including discovery and testing of the oldest intact site (the Genevieve Lykes Duncan/GLD site at ca. 11,000 years old) yet found in the region. Additionally, the CBBS identified and documented the first rock art site in the region associated with the solstice (summer). Since 1994, the Center has recorded over 3,000 sites, tested/excavated over 80 sites, and issued 82 publications in the fields of history and archaeology, including 23 annual journals and 21 newsletters. The CBBS has consistently provided research findings to students and the public through their publications, hosting successful annual conferences every November.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

During the next two years, we expect to continue to make measurable progress in all of the areas discussed above, with emphasis on research, student training, and both scholarly and popular lay publications. Research conducted through TAP will continue to provide significant insights into the rich prehistory and history of the region, and work conducted at Spirit Eye Cave, the GLD site, and through the MOU with INAH (specifically at La Junta) have high potentials to produce very significant findings. A major contribution to regional scholarship, also scheduled for completion during the next two years (delayed due to governmental funding issues), is the final report for the CBBS's long-term survey in Big Bend National Park. Integration of project archaeological data with extensive environmental data layers will allow creation of a groundbreaking predictive model for sites in un-surveyed areas of the park. The CBBS is actively synthesizing and analyzing data from various surveys and excavations; reports, articles, and manuscripts concerning these investigations will be published during the next two years. In addition to the MOU with INAH, CBBS research at La Junta will be enhanced through relationships established with archives in Mexico City (Archivo General de la Nación and the Centro de Estudios de Historia de México), Saltillo (Archivo General de Coahuila), and Spain (several universities).

 19
 \$15,000
 \$10,000
 \$350,000 \$225,000

(9) Impact of Not Funding:

This item is not available for formula funding. Without state funding, the CBBS would essentially be unable to function. State support for the CBBS provides the foundation and infrastructure upon which grants, contracts, and private donations are received. Without state funding, our ability to attract these external funds would be so severely constrained that the CBBS and TAP would likely cease to exist. Further, without state support, the substantial investment the CBBS has made in equipment (such as vehicles, an assortment of mapping instruments, and photographic equipment) and personnel would be jeopardized if not lost completely. Importantly, through TAP, the CBBS has been able to attract a top-notch staff of archaeologists who would be very difficult to replace in this rural and far-flung area of the state. The CBBS is an extremely valuable resource whose benefits extend beyond the confines of the university to provide an array of public services for the entire region. Through our original research, education, and publications, our reach extends across the region and serves to reflect well upon SRSU, the Texas State University System, and the State of Texas. Because there are no other similar entities anywhere in the Trans-Pecos, to lose the CBBS would eliminate or greatly diminish cultural studies in the entire region.

(10) Non-Formula Support Needed on Permanent Basis/Discontinu

Non-Formula Support Funding is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

Non-Formula Support is not associated with a time frame.

(12) Benchmarks:

- 1. Host a successful annual conference with a consistent number of presentations and attendees at the CBBS conference.
- 2. Publish the annual Journal of Big Bend Studies each year in a timely manner.
- 3. Publish the Center's annual newsletter (La Vista de la Frontera) each year.
- 4. Make progress each year with CBBS research initiatives.
- 5. Seek continuing support for the program through foundations and individual donations.

(13) Performance Reviews:

- 1. During the upcoming biennium, seek at least 35 presentations and attendance of 150 or more at the annual conference each year.
- 2. Publish the annual journal in February or March during each year of the next biennium.
- 3. Publish the annual newsletter in August or September during each year of the next biennium.
- 4. Investigate 5 new sites and issue 1 new addition publication (other than the journal and newsletter) during each year of the next biennium.
- 5. Complete 5 grant proposals to foundations and approach 5 individuals for support each year of the next biennium.

To provide continuing education and other services to the law enforcement community throughout West Texas. Strengthens both the teaching mission and the public service mission.

(3) (a) Major Accomplishments to Date:

The goal of the Sul Ross State University Law Enforcement is to provide the highest quality training possible for the 17- county region in West Texas. To accomplish this goal, we offer the Basic Peace Officer course, mandated in-service training for licensed peace officers and county corrections officers, and provide specialized training in topics requested by area law enforcement agencies. Currently, we are the only licensed academy between El Paso and Odessa, Texas to meet the training needs of academy cadets and licensed officers in the region. New administration of the academy began in February of 2017, with a new Training Coordinator. A TCOLE compliance audit was conducted and passed in December 2016. The license authorizing the existence of the academy was renewed with TCOLE, running through 3-31-2021. The academy offers a Basic Peace Officer course annually; 40-hour a week classes in on the Sul Ross State University campus in Alpine. The academy also increased the number of training hours from the TCOLE mandated 649 hours to 789 hours. During fiscal year 2017, the academy had 8 cadets successfully complete the Basic Peace Officer course and pass the State licensing exam. The academy also offered 10 training sessions of CEU training for law enforcement officers in the region during the fiscal year 2017.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

With an increase in federal law enforcement in the region, we expect the academy to benefit from an increasingly positive relationships with law enforcement agencies in the region. We will continue to offer an annual Basic Peace Officer Academy. We further anticipate offering further CEU courses to accommodate the needs of officers in the region. This in turn should relate to a steady increase in enrollment in the academy as the reputation of the academy has improved greatly.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

Academy Fees

(5) Formula Funding: This item is not eligible for Formula Funding.

(6) Category:

Public Service

(7) Transitional Funding:

(9) Impact of Not Funding:

This is a special item appropriation created by the 76th Legislature. This item initially provided new funding of \$1 million to each Higher Education Institution for each year of the 2000 - 2001 biennium. In addition, in FY 2002 - 2003, SRSU received an additional \$1.5 million per year, plus \$500 thousand in FY 2014 and FY 2015. This strategy also provided replacement funding for several different special items. This item is extremely critical to the wellbeing of the University and any reduction would have a significant effect on the University's programs and services particularly as they relate to personnel. Salaries comprise 79% of the utilization of these funds with 38% for faculty salaries.

(10) Non-Formula Support Needed on Permanent Basis/Discontinu

Non-Formula Support is needed on a permanent basis. To fund Instruction, Academic Support,Student Scholarships and Student Support Programs.

(11) Non-Formula Support Associated with Time Frame:

| Year Non-Formula Support Item Established: | 1972 | |
| Original Appropriation: | \$50,000 | |

The Mission of the Museum of the Big Bend, a Department of Sul Ross State University, is to serve and educate the public by collecting, preserving, exhibiting and interpreting the cultural, historic and natural materials that relate to the prehistory, history and cultural diversity of the Big Bend region of Texas and Mexico.

(3) (a) Major Accomplishments to Date:

In 2015, the museum placed accessioning both the permanent collection and the Yana and Marty Davis Map Collection as one of the top priorities at the museum. To facilitate this effort, the museum has contracted a part-time collection management assistant to identify and catalog the permanent collection, freeing the Curator of Collections to focus on accessioning the Yana and Marty Davis Map Collection. In 2017 to make the Yana and Marty Davis Map Collection more accessible to the public, the museum launched the Yana and Marty Davis Map Collection webpage and have uploaded 82 maps to the site. To date, nearly 5,000 objects in the permanent collection and 1,034 maps have been identified, located and properly accessioned in accordance to the practices and standards of the American Alliance of Museums. The exhibits at the Museum of the Big Bend have received recognition with awards from the Texas Historical Commission, Preservation Texas, and Humanities Texas.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

The museum has launched an "Adopt An Exhibit" fundraising program that will focus on updating the exhibits in the permanent exhibit Big Bend Legacy. In addition, the museum will be working on updating its outdated audio/video components in this exhibit area as well. In the Womack Education Room, the museum is actively working on sound abatement solutions to overcome the inherent acoustic problems in a room with a multiple hard surface areas.

Most importantly, the museum has selected Page Southerland Page to create architectural renderings for the Museum Annex to be built behind the museum building on the SRSU campus. Once the museum receives the final drawings, model and additional marketing materials, a major fund raising campaign will be launched targeting funders in major Texas cities as well as in the Big Bend area. The Museum Annex will be a show piece on the SRSU campus and will include both an exterior meeting area as well as interior conference/dining room for a myriad of events.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

Donations and Endowment Income

2011 \$20,000 donations / \$5,800 Endowment Income 2012 \$20,000 donations / \$5,800 Endowment Income 2013 \$20,000 donations / \$5,800 Endowment Income

(5) Formula Funding:

This item is not eligible for formula funding.

(6) Category:

(7) Transitional Funding:

Ν

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

This item is not eligible for formula funding. The University would be unable to maintain the Museum, resulting in the loss of an important cultural and education resource, and the inability to provide educational and research opportunities for students and faculty.

(10) Non-Formula Support Needed on Permanent Basis/Discontinu

Non-Formula Support is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

Non-Formula Support is not associated with a time frame.

(12) Benchmarks:

In 2016-2017, there were 24,592 visitors that crossed the Museum threshold, for a monthly average of 2,049 visitors per month. In addition the Museum had set the goal of 6,000 "virtual visitations" per month. This public contact goal was met, with 1,581,080 hits for the year, making for a monthly average of 131,757 virtual visitors.

(13) Performance Reviews:

The Museum of the Big Bend published its first book, Echoes of the Cordillera: Attitudes and Latitudes Along the Continental Divide, based on the 2018 mid-winter exhibit of the same name, featuring photographs by Texas photographer Jim Bones and ekphrastic poetry written by 34 poets from Texas and New Mexico. The Museum sold over 300 copies of this publication. The exhibit which was on display from January 13-March 25, had 100 in attendance for the opening reception, with 5,394 in visitation.

The Museum hosted the 32nd Annual Trappings of Texas, April 14-May 27, the oldest continuously running exhibit of its kind in America that combines fine Western art with custom cowboy gear. In addition to the well-established events that make up the Trappings weekend, April 14-16, the Museum added a Meet the Artist Luncheon to enable Trappings artists, buyers and sponsors the opportunity to meet one another in a relaxed atmosphere.

| (1) Year Non-Formula Support Item First Funded: | 1972 | |
| Year Non-Formula Support Item Established: | 1972 | |
| Original Appropriation: | \$25,000 | |

The Mission of the Museum of the Big Bend, a Department of Sul Ross State University, is to serve and educate the public by collecting, preserving, exhibiting and interpreting the cultural, historic and natural materials that relate to the prehistory, history and cultural diversity of the Big Bend region of Texas and Mexico.

(3) (a) Major Accomplishments to Date:

In April of 2018, the museum hosted the 32nd Annual Trappings of Texas. Trappings has become the longest running show and sale of contemporary western art and custom cowboy gear in the nation. Many of the participating artists of Trappings are members of both Cowboy Artists of America (CA) and Traditional Cowboy Artists of America (TCAA), which elevates the quality of works in the exhibit for both the buyer and visitor. Many of these TCAA and CA artists began their professional careers as up and coming artists in Trappings. In 2015, the museum expanded on the Opening Weekend of Trappings by adding the Ranch Round Up Party which is held at various ranches in the Big Bend region annually. Area ranches that have hosted this event include the Flying W, Meriwether, Nevill and 101. In 2018, to create opportunities for both the artists and buyers to meet each other, the museum launched a Meet the Artists Luncheon. In addition, the Museum continues to offer free events to the public that include artist demonstrations, evening dance, chuck wagon breakfast and lunch. Also, in 2018 the museum hosted Hogan & Moss, who are Facilitating Songwriters/Artists in Residence in a national music engagement and research initiative funded by the National Endowment for the Arts, to perform area schools.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

The Museum's Education Program will continue to expand outreach to the adult community by providing classes and workshops including : drawing, watercolor, oil, pottery, and pastel classes, as well as other areas of interest to include philosophy and theology. The Adult Programming will include a spring and fall Speaker Series. The museum will continue providing children's programming with additional themed events and offer a summer art camp. Children's programming will be made available to children ages infant to 18 by providing age appropriate programming and engagement. The educational outreach of the museum includes a strong relationship with over 11 school districts in the tri-counties of Brewster, Jeff Davis and Presidio, along with other bordering counties. The museum continues to offer to all schools free tours and activities.

Over the next 2 years, museum staff will continue fundraising efforts through a diverse array of revenue centers to include the museum gift shop, the Trappings of Texas sale and Ranch Round Up Party, the fall Heritage Dinner and additional fundraisers. An important component to museum funding is grant writing activities, private and corporate donor cultivation and membership.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

None

(5) Formula Funding:

This item is not eligible for Non-formula Funding.

(6) Category:

Public Service

(7) Transitional Funding:

Ν

(8) Non-General Revenue Sources of Funding:

Donations, and Endowment Income.

The Sul Ross State University Museum received the following private gifts.

FY 2014 \$176,600

FY 2015\$222,094FY 2016\$149,682FY 2017\$257,185FY 2018\$183,219

Endowment Income:

FY 2014\$55.04FY 2015\$26.16FY 2016\$25.97FY 2017\$22.27FY 2018\$23.00

(9) Impact of Not Funding:

This item is not eligible for formula funding. The University would be unable to maintain the Museum, resulting in the loss of an important cultural and education resource, and the inability to provide educational and research opportunities for students and faculty.

(10) Non-Formula Support Needed on Permanent Basis/Discontinu

Non-Formula Support is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

Non-Formula Support is not associated with a time frame.

(12) Benchmarks:

During the 2017-2018 cycle, September through August, the Museum of the Big Bend Collections outcomes were met. With the hiring of a part-time Collections intern, the target of 500 electronics entries per year was met, with 1,140 new electronic entries made using the Past Perfect electronic cataloguing system. Likewise, the number of 3,000 people reached per month via our "Out of the Vaults" Facebook page was met, with 951,640 people reached over the year, for an average of 79,303 people reached per month.

During the 2017-2018 Assessment Cycle, the Educational Tour goals of the museum were met. With a goal of 3 curator-led K-16 tours per month, there were a total of 40 tours given, for a monthly average of 3.3 tours per month. Likewise, the goal of 3 adult guided tours per month were met, with a total of 55 tours given, for an average of 4.6 tours per month.

(13) Performance Reviews:

The Museum mounted a major retrospective of works by the Cowboy artist, Charles M. Russell for the 2017 fall exhibit, September 16-December 17. This exhibit was the bookend to the 2013 Treasures from The Frederick Remington Art Museum. In addition, the Museum hosted two Russell scholars, Dr. Michael Duchemin and B. Bryon Price, for public presentations on the career of Charlie Russell. The Museum hosted 250 guests at the opening reception with an overall visitation at 4,500.
