Administrator's Statement 86th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

963 Grayson County Junior College

ADMINISTRATOR'S STATEMENT

The Board of Trustees of Grayson County Junior College District is composed of seven members, all of whom reside in Grayson County and serve six year terms. The members of the board and their terms are as follows: Ronnie Cole from Denison 2012-2018; Debbie Barnes-Plyler from Pottsboro 2012-2018; Mack Broiles from Sherman 2012-2018; Ralph Jones from Denison 2014-2020; Rad Richardson from Sherman 2014-2020; Jackie Butler from Denison 2016-2022; Krista Hartman from Sadler 2016-2020.

SIGNIFICANT CHANGES IN POLICY

There are no significant changes in policy which impact this budget request.

SIGNIFICANT CHANGES IN PROVISION OF SERVICES

Grayson College (GC) continues our progression toward enhanced student success. For fall 2018, GC transformed its schedule of offering 8-week courses which we believe will result in increased retention and completion. All students will be able to enroll in College Connections, a new course designed to help student select and ensure they are on the correct degree pathway while also learning the skills necessary to be an excellent student.

GC is challenged by the necessity of providing instruction to a quickly changing economy north of Dallas. In spring 2018 we opened our Advanced Manufacturing Program, a high point for our regional manufacturing consortium comprised of public education, industry, economic developers, our workforce board and GC. We have re-built the pipeline into manufacturing jobs by starting at the 10th grade level and progressing through college on a manufacturing curriculum designed for our specific industries. For fall 2018 GC added an Athletic Training Program. The college is in the process of gaining approvals to offer the BS in Nursing (RN to BSN) program which will serve our burgeoning healthcare industry. We have built strong relationships with our healthcare and manufacturing industries, resulting in opportunities to provide the most customized training in our history. GC will open a residence hall in fall 2018 and has a fully built out college high school with Tioga ISD.

SIGNIFICAN EXTERNALITIES

The educational attainment of the residents in this region continues to be below the requirements of 60X30TX goals.

Our service area and the surrounding labor shed has experienced the longest sustained low unemployment period in history (currently around 3.5%) which causes problems for local employers as they hire qualified staff. This increases demands on GC to provide customized skills training to new and incumbent workers. Also, changing enrollment patterns for our students result in them taking fewer classes and stopping out. GC faces a challenge as it attempts to change the regional culture from valuing work or college to valuing work and college. Our innovative 8-week schedule is an example our efforts to address this culture.

Housing costs in our area are among the fastest growing in the nation, applying pressure to our students. Housing regularly costs more than half of a student's income. GC has gap funding for students, including veteran students who experience a gap from the start of a semester until their first veteran's benefit check arrives. A food pantry is also available. The demands for scholarships, financial aid, and emergency funding far exceed the availability of state and federal assistance, underscoring the need to keep tuition rates affordable.

PURPOSE OF NEW FUNDING REQUEST

Grayson College supports the \$1.9 billion formula funding request that was outlined in the letter from the Texas Association of Community Colleges on July 27, 2018. This much needed support from the state will allow Grayson College to make the following investments:

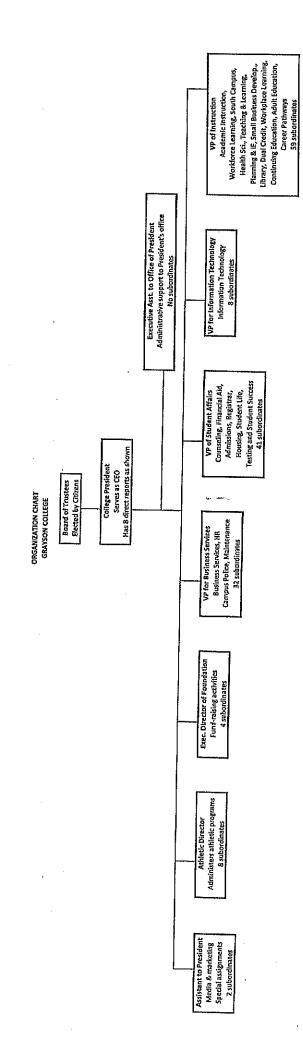

Administrator's Statement 86th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)	963 Grayson County Junior College	*Expanding dual credit offerings to our service area *Expanding our student support system, including further investments in technology and staffing to keep students on path *Fully implementing our pathways so every student has a multi-year path to a degree *Expanding our K-12 partnerships, including the development of academics *Improving instruction with state-of-the-art training Supporting Texas wine and grape-growers through the expanded T. V. Munson Viticulture and Enology program
		*Expanding dual credit offerings to our service area *Expanding our student support system, including fu *Fully implementing our pathways so every student *Expanding our K-12 partnerships, including the dev *Improving instruction with state-of-the-art training *Improving Texas wine and grape-growers through

10% Base Reductions

*Upgrading campus safety

growth in the industry and requests for training have led to recent college expansion of our program. In 2018 the college will open a new building containing an Enology Lab, which will meet a request by the winemaking and grape growing industries of Texas for training on how to distill wine. A 10% reduction would limit our ability to GC receives funding in order to support training for the winemaking and grape growing industry through our T. V. Munson Viticulture and Enology Program. Recent offer this programming as quickly as we would like, and would necessitate that we evaluate the number and/or quality of outreach programs we hope to provide.

Background checks are conducted on all security-sensitive positions as permitted by the Texas Government Code, Sec. 411.094 and Texas Education Code, Section 61.003(8), and consistent with the college's human resources policies and procedures.

Schedule 9: Non-Formula Support	86th Regular Session, Agency Submission, Version I	Automated Budget and Evaluation System of Texas (ABEST)
Schedule 9: Non-F	86th Regular Session, Agency S	Automated Budget and Evaluatie

963 Grayson County Junior College

TV Munson Viticulture & Enology Center

Year Non-Formula Support Item First Funded:	2006	
Year Non-Formula Support Item Established:	1988	
Original Appropriation:	\$50,000	in
(2) Mission:		yyanîn, .
Provide high quality education on grape-prowing and wine-making in Texas	aking in Teyac	

(3) (8) Major Accomplishments to Date:

The center is a major source of education for Texas wine-makers and grape-growers, a \$2 billion industry which is expanding. The center has developed partnerships with the local beverage and viticulture industries, with local governments, and with wine-makers and grape-growers throughout Texas,

(3) (b) Major Accomplishments Expected During the Next 2 Years:

The center will open a new Enology Laboratory by the end of 2018. This facility will allow the center to provide instruction in making fortified wines, such as brandy. It will be the only Texas higher education program that provides instruction on the production of fortified wines.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

SB 1370. The center is funded by a tax on the sale of wine. This tax is solely dedicated to the development of the Texas wine industry.

(5) Formula Funding: In the last academic year, this program produced 12,272 contact hours. Assuming a rate of \$2.66 per contact hour, this program yields state formula funding in excess of \$32,000 per academic year.

(6) Category:

Instructional Support

(7) Transitional Funding: z

(8) Non-General Revenue Sources of Funding:

SB 1370. The center is funded by a tax on the sale of wine. This tax is solely dedicated to the development of the Texas wine industry.

(9) Impact of Not Funding:

The center is dependent on this source of funds. If it is not funded, Grayson College would attempt to locate funding from foundations or industry sources but would anticipate that the center would have to be closed. Schedule 9: Non-Formula Support 86th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

963 Grayson County Junior College

(10) Non-Formula Support Needed on Permanent Basis/Discontinu

Non-formula support is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

Non-formula support is needed on a permanent basis on a permanent, on-going basis.

(12) Benchmarks:

Number of course offerings.

Number of students.

(13) Performance Reviews:

The program will increase its course offerings by 20% during the next two years.

The program will increase the number of students by 20% during the next two years.
