789 Lamar Institute of Technology

Established in 1995 by the Texas legislature, Lamar Institute of Technology (LIT) is a special purpose postsecondary coeducation organization within The Texas State University System that primarily offers two-year associate degrees, certificates, and non-credit workforce skills training.

As a result of its high performance, LIT was named "The Best Community College in Texas for 2018" according to the website NICHE.COM. Being mission-driven, the college serves the citizens of Southeast Texas with primarily career and technical training. In FY 2017, the institution enrolled 6,714 credit/noncredit students and employed 169 faculty with 93 support staff. Students can select from an array of over 64 degrees, certificates, and contract training options. Fields of study are driven by local workforce needs and programs include welding, dental hygiene, computer information systems, and instrumentation to name a few. There are also Fire and Police Academies. With over a 92% job placement rate, graduates can expect to find employment with competitive salaries. In the United States, there are 1,462 two-year colleges. Of these, the US Department of Education ranked LIT as No. 1 in Texas and No. 10 in the nation for having the highest student median salary 10-years after graduation. Case in point, graduates of the process operating technology program starting salaries can exceed \$80,000 per year and experienced operators earn well over \$100,000.

Beaumont Independent School District (BISD) and Silsbee Independent School District (SISD) are strategic partners and are central to LIT's two Early College High Schools (ECHS) and one Innovative Cluster Industry Academy (ICIA) as designated by the Governor. The success of the BISD ECHS and ICIA has been phenomenal and has augmented our enrollment growth despite Hurricane Harvey. With the achievements of this influx of 9th-12th graders, the LIT/BISD early college has been named a "Texas Honor Roll" school for 2017-2018 by the Institute for Productivity and the Education Results Partnership. Equally impressive, the Texas Higher Education Coordinating Board recognized our institution on April 3, 2018 as a 'Top Performer' in three areas of accomplishing 60x30TX: Overall Completions (+42.81%), Economically-Disadvantaged Completions (+36.73%), and Graduates per full-time-equivalent student (+10.96) based on our 2017 accountability data. Further, persistence rates have increased (+6.2%) and the average time to degree has decreased (-7.1%). For 2017, LIT has the highest space deficit (95,403 sq.ft.) according to the THECB Space Model and one of the highest classroom (31%) and laboratory (26%) utilization rates of all public two-year colleges. This highlights the critical need for more instructional space at the Institute.

The Greater Beaumont Chamber of Commerce projects there is \$34.5 billion dollars of industrial/manufacturing expansion planned for this region. And a 2014 study from the Economic Modeling Specialists International correlated the workforce development and economic benefit of LIT's impact in FY 2012-13 to \$165.3 million of added income (or the equivalent of 2,067 jobs) in Southeast Texas. Current data is not available today. However, the American Institute of Research suggests the college does offer three associate degree programs having a lifetime earning potential of over one million dollars. Graduates of Industrial Mechanics Technology could earn as much as \$1.4 million; Process Operating Technology \$1.4 million; and Instrumentation Technology \$1.2 million during their careers. Additionally, for every dollar invested in a student's education, an average of \$7.10 in benefits will accrue to Texas over the course of the student's career. Since the college serves a large disadvantaged population, Texas will also benefit from \$8.7 million or more in related social savings to taxpayers.

The Institute appreciates the continued financial support of the Legislature. The Legislature's commitment to capital funding and operational funding is key to providing low cost, high quality educational opportunities. Given our unique structure in Texas as a 2-year college without a tax base, we are asking the Legislature to continue their investment in our mission by increasing our instruction formula rate to a level that reduces our reliance on tuition, bringing us more in line with our Community College peers.

789 Lamar Institute of Technology

As the Legislature addresses recovery efforts, we appreciate your consideration of the impact Hurricane Harvey has had and will continue to have on our community and campus. Damage to BISD's campus from Hurricane Harvey gave LIT the opportunity to house 123 students from the Early College High School on our campus for instruction. LIT's Fire Academy (the fire grounds were completely flooded) survived with the help of local Fire Departments that housed 27 of our students for instruction.

LIT is requesting Exceptional Item funding to address four major challenges: Exceptional Item #1, Concurrent Enrollment Grants. Exceptional Item #2, Expansion of LIT's Professional Truck Driving Academy. Exceptional Item #3, Hurricane Harvey Recovery Assistance. Exceptional Item #4, Tuition Revenue Bond for Construction of a Workforce Training Center.

PURPOSE OF ANY NEW FUNDING BEING REQUESTED:

Four Exceptional Items including one Tuition Revenue Bond requests are submitted for consideration.

1). Concurrent Enrollment Grant.

Lamar Institute of Technology requests funding of \$1,500,000 for Early College High School(s), Innovative Cluster Industry Academies, and Dual Credit for Concurrent Enrollment Grants. LIT's ECHS and ICIA partnerships allows the most underserved/underrepresented populations in the Southeast Texas region to earn college credit at no cost to parents or students thereby changing their economic future. Offering Dual Credit courses to local high school students at a reduced cost gives the students the opportunity to obtain college credit and decreases time to graduation. This funding will provide support for 755 ECHS students and 750 Dual Enrollment students. Requested FY 2020 \$750,000; FY 2021 \$750,000.

2). LIT Professional Truck Driving Academy.

Lamar Institute of Technology requests funding of \$1,100,000 for the biennium to expand LIT's current Truck Driving Program and to renovate and operate the recently donated 6,600 square foot building that will house this program. Expansion of this program will allow LIT to serve an additional 90 students per year. Truck driving is the #1 job posting in the Southeast Texas area with 467,129 total job postings for qualified truck drivers from June 2015 to July 2017. Requested FY 2020 \$550,000; FY 2021 \$550,000.

3). Hurricane Harvey Recovery Assistance.

Lamar Institute of Technology requests funding in the amount of \$834,704 for tuition and fees lost due to Hurricane Harvey for the biennium. This effect on revenue is based on fiscal year 2018. Our area was hit hard by Hurricane Harvey. Our Fire Academy, including portable buildings and equipment, were completely destroyed by flooding. FEMA is helping to fund this loss. However it will take years for the area to recover and rebuild homes and businesses. It will also take years for all students to return to continue their education. Requested FY 2020 \$417,352; FY 2021 \$417,352.

4). Tuition Revenue Bond Debt Service for a Workforce Training Center.

Lamar Institute of Technology requests authorization and debt service for a proposed \$20,000,000 Tuition Revenue Bond Project for a 29,385 square foot Workforce Training Center with classrooms and labs for credit and non-credit students. LIT just completed our new 10 year Master Plan. To reach our goal of 10,000 students in 10 years (10 in 10), LIT needs three additional buildings. The first of these buildings provides classroom and lab space while also giving Workforce its own presence on campus. Workforce partners with business and industry to integrate workplace skills into programs of study to establish cooperative training opportunities. LIT currently has three 17 year old portable/temporary classroom buildings that are in poor condition. These three 17 year old portable/temporary buildings house credit and non-credit students that can be moved into this new Workforce Training Center. This center would include 10 classrooms, 1 large lecture room, 2 computer labs, and a Workforce and a Faculty suite. The total project cost is \$22,000,000 with \$20,000,000 being funded by Tuition Revenue Bonds and \$2,000,000 being funded by Higher Education Funds.

Requested FY 2020 \$1,700,000; FY 2021 \$1,700,000.

789 Lamar Institute of Technology

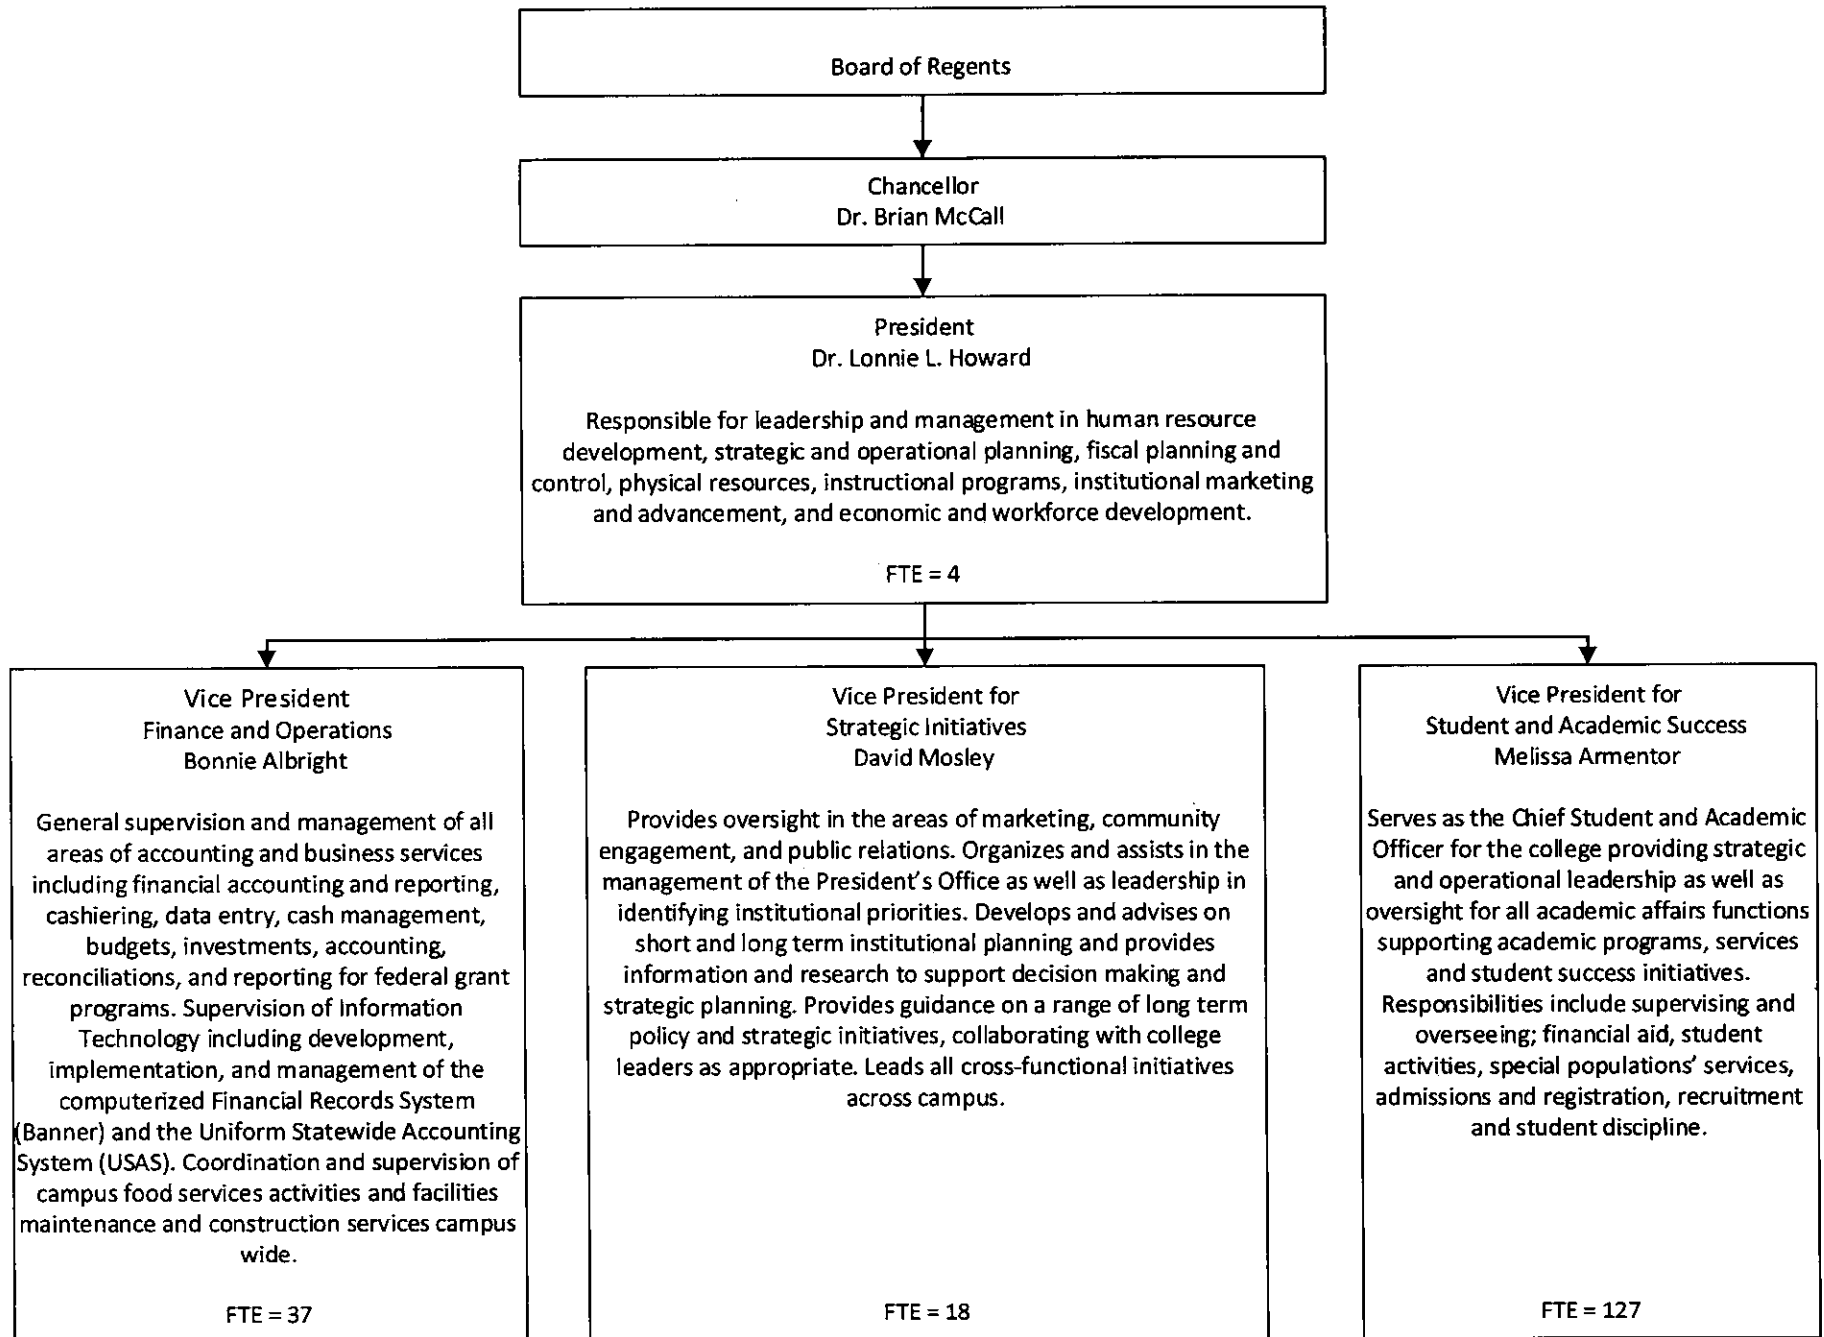

TEN PERCENT FY 2020-2021 BIENNIAL BASE REDUCTION OPTIONS SCHEDULE:

A 10% reduction in FY2020-2021 of \$285,740 for the biennium would reduce Institutional Enhancement. This would impact the technology infrastructure upgrades, and the purchases and maintenance of capital equipment for existing programs. These upgrades are needed to ensure student success by keeping up-to-date technology and equipment on campus and in the classroom. Because salaries are paid from Institutional Enhancement, this reduction would cause lay-offs and reduce wrap-around support services to those students LIT serves. Operations and maintenance staff that support the campus would also be reduced. LIT is fiscally responsible in its spending and continues to look for cost savings.

BACKGROUND CHECKS:

Lamar Institute of Technology performs criminal background checks for all security sensitive positions which have, by their nature and scope, access to confidential student, personnel, and payroll records or master keys, in accordance with State law, Texas Education Code §51.215, and The Texas State University System policy. In an effort to provide and maintain the safest possible environment; to enhance the security of physical resources; and to be consistent with State law, Lamar Institute of Technology (LIT) conducts criminal background investigations and obtains criminal history record information on all current employees considered for security sensitive positions and all applicants who are under final consideration for such positions. LIT must receive a signed authorization form before the background information is requested. The authorization form includes the notice required by Texas Government Code §559.003, as it may be amended from time to time. Refusal to sign the authorization form will eliminate the applicant from consideration for employment. Criminal history record information obtained by LIT may be used only for the purpose of evaluating applicants for employment in security sensitive positions and shall in no way be used to discriminate on the basis of race, color, national origin, religion, sex, disability or age.

FULL TIME EQUIVALENT POSITIONS:

STRATEGY DESCRIPTION AND JUSTIFICATION:

Lamar Institute of Technology is a state funded two-year institution of higher education. The Texas Education Code chapter 56 addresses Texas Public Education Grants. Section 56.033 (a) The governing boards of institutions of higher education shall cause to be set aside not less than 15% nor more than 20% out of each resident student's tuition charge for the academic year. Of the funds set aside not less than 90% shall be used for TPEG grants and not more than 10% shall be used for TPEG emergency loans.

STRATEGY DESCRIPTION AND JUSTIFICATION:

Lamar Institute of Technology received Institutional Enhancement Funding in FY 2002 and FY 2003. The funding was used for non-recurring expenditures. In FY 2004, FY 2005, and FY 2006 the expenditures were for new equipment and furniture for classrooms, upgrade of computer and learning lab facilities and retention scholarships. Since FY 2007 the funding is budgeted for additional furniture and equipment upgrades, administrative computer upgrades and specialized program equipment for technical programs. Salaries are also paid from these funds. Due to the rising cost of equipment for technical programs and technology advances and additional need for quality faculty and staff we continue to have the need for future Institutional Enhancement funding.

FULL-TIME EQUIVALENT POSITIONS (FTE):		5.00	4.00

DESCRIPTION / JUSTIFICATION:

Lamar Institute of Technology requests funding for Early College High School of \$718,000, Innovative Cluster Industry Academies of \$350,500 and Dual Credit of \$431,500 for the biennium to fund the Concurrent Enrollment Grants. LIT's ECHS and ICIA partnerships allows the most underserved/underrepresented populations in the Southeast Texas region to earn college credit at no cost to parents or students thereby changing their economic future. Offering Dual Credit courses to local high school students at a reduced cost gives the students the opportunity to obtain college credit and decreases time to graduation. This funding will provide support for 755 ECHS students and 750 Dual Enrollment students.

EXTERNAL/INTERNAL FACTORS:

ECHS and ICIA parents and students cannot pay for the courses therefore the cost is left to the school districts. As the number of students that participates increases so does the cost of the school districts. High school students aspire to earn college credit while in High School but often cannot afford even the discounted rate. These scholarships will help to offset this cost. With increased participation also comes additional need for Instructors. These funds will help to hire qualified Instructors for these programs.

	TOTAL, METHOD OF FINANCING	550,000	550,000

DESCRIPTION / JUSTIFICATION:

Lamar Institute of Technology requests funding of \$1,100,000 for the biennium to expand LIT's current Truck Driving Program and to renovate and operate the recently donated 6,600 square foot building that will house this program. Expansion of this program will allow LIT to serve an additional 90 students per year.

EXTERNAL/INTERNAL FACTORS:

Truck driving is the #1 job posting in the Southeast Texas area with 467,129 total job postings for qualified truck drivers June 2015 to July 2017.

	TOTAL, METHOD OF FINANCING	\$417,352	\$417,352

DESCRIPTION / JUSTIFICATION:

Lamar Institute of Technology requests funding for tuition and fees revenue loss due to Hurricane Harvey. Our area was hit hard by Hurricane Harvey. Our Fire Academy including portable buildings and equipment were completely destroyed by flooding. FEMA is helping to fund this loss. LIT is requesting \$417,352 in tuition and fee revenue loss for the 2020 and 2021 biennium.

EXTERNAL/INTERNAL FACTORS:

It will take years for the area to recover and rebuild homes and businesses. It will also take years for all students to return to continue their education.

1	General Revenue Fund	1,700,000	1,700,000
	TOTAL, METHOD OF FINANCING	1,700,000	1,700,000

DESCRIPTION / JUSTIFICATION:

Lamar Institute of Technology just completed our 10 year Master Plan update. To reach our goal of 10,000 students in 10 years (10 in 10), LIT needs three new buildings. The first is a 29,385 square foot building that will house both credit and noncredit students and gives Workforce a designated space on campus to meet with business and industry. This building would include 10 classrooms, 1 large lecture, 2 computer labs, and a Workforce and a Faculty suite. LIT is asking for a \$20,000,000 Tuition Revenue Bond and assumptions used for TRB debt service will be 20 years at 6%.

EXTERNAL/INTERNAL FACTORS:

This facility will replace 17 year old portable/temporary buildings that house both credit and noncredit students. These portable buildings are in poor condition and lack the capability to offer current technology to the students Lamar Institute of Technology serves.

B. Assessment of Fiscal Year 2016 - 2017 Efforts to Meet HUB Procurement Goals

Attainment:

The agency attained or exceeded three of six of the applicable statewide HUB goals in FY2016.

The agency attained or exceeded two of six of the applicable statewide HUB goals in FY2017.

Applicability:

Heavy Construction is not applicable to this agency in FY2016 and FY2017.

Factors Affecting Attainment:

Lamar Institute of Technology continues to seek solicitations in all applicable categories. HUB expenditures did not include subcontracting for FY2016 and FY2017.

"Good-Faith" Efforts:

Lamar Institute of Technology made the following efforts to comply with the HUB procurement goals Texas Administration Code. Ensured that contract specifications, terms and conditions reflected the agency's actual requirements, were clearly stated, and did not impose unreasonable or unnecessary contract requirements. Distributed information on procurement procedures in a manner that encouraged HUB participation in agency contracts by departments across campus. Participated in the following HUB forums: Lamar University HUB Forum; Comptroller Procurment Connection Seminar and Expo; Golden Triangle Minority Business Council, Inc. HUB Seminar and Expo; and the Senator Royce West's "Doing Business Texas Style" Spot Bid Fair. Participated in the Texas HUB Discussion Workgroup. Conduct individual vendor meetings throughout the year with potential HUB vendors to introduce them to bid opportunities.

Project Description

Lamar Institute of Technology just completed our 10 year Master Plan update. To reach our goal of 10,000 students in 10 years (10 in 10), LIT needs three additional buildings. The first is a 29,385 square foot building that will house both credit and noncredit students and give Workforce a presence on campus. Workforce partners with both business and industry to integrate workplace skills into programs of study to establish cooperative training opportunities. LIT currently has three 17 year old portable/temporary classroom buildings that are in poor condition. These buildings house credit and noncredit students that can be moved into this new Workforce Training Center. This center would include 10 classrooms, 1 large lecture room, 2 computer labs, and a Workforce and a Faculty suite.

789 Lamar Institute of Technology

Associate Arts Degree

(1) **Year Non-Formula Support Item First Funded:** 2016
Year Non-Formula Support Item Established: 2016
Original Appropriation: \$250,000

(2) Mission:

The addition of these degree programs will provide opportunity for Lamar Institute of Technology to provide a comprehensive post secondary education program.

(3) (a) Major Accomplishments to Date:

Psychology, Chemistry, Mathematics, and Biology Instructors were hired. Microbiology and Biology labs were established and lab supplies such as cultures and microbes were purchased.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Continued growth is expected that includes partnering with Lamar University (LU) for recruitment in areas that LIT cannot reach. Students that do not meet LU's admission requirements can attend LIT and transfer to LU.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

There were no sources of funding prior to receiving the funds.

(5) Formula Funding:

Assumptions used for associated formula funding amounts: 2018-2019 Instruction All Fund rates.

(6) Category:

Instructional Support

(7) Transitional Funding:

N

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

Psychology, Chemistry, Mathematics and Biology Instructor positions would be reduced if state funding is discontinued. The region will not have increased opportunities to continue within post secondary education in order to transfer to universities within our state.

789 Lamar Institute of Technology

(10) Non-Formula Support Needed on Permanent Basis/Discontinuu

Yes this non-formula support item is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

No

(12) Benchmarks:

N/A - This non-formula support item requires on going support.

(13) Performance Reviews:

Enrollment in LIT's AA degrees has grown from 177 students in Fall 2014 to 291 students in Fall 2017.

789 Lamar Institute of Technology

Concurrent Enrollment Grant

(1) **Year Non-Formula Support Item First Funded:** 2020
Year Non-Formula Support Item Established: 2020
Original Appropriation: \$750,000

(2) Mission:

To allow the most underserved/underrepresented population in the Southeast Texas region to earn college credit at a reduced cost to parents, students and school district. These funds will help provide scholarships for these students and fund instructor salaries for the growth of the program.

(3) (a) Major Accomplishments to Date:

The first cohort from Beaumont Independent School District of 55 students and Silsbee Independent School District of 40 students in school year 2016-2017 including Innovative Cluster Industry Academies. The second cohort of 88 students in 2017-2018 and 115 students for the upcoming school year. As well as a 260% increase in dual enrollment from Fall 2016 to Fall 2017.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Growth of a cohort of 355 in 2020 and 400 in 2021 of Early College High School students. And also a growth of 250 in 2020 and 500 in 2021 of Dual Enrollment students including the Innovative Cluster Industry Academies.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

There were no sources of funding prior to receiving the funds.

(5) Formula Funding:

None

(6) Category:

Instructional Support

(7) Transitional Funding:

N

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

789 Lamar Institute of Technology

Students cannot be charged tuition, therefore, the payment becomes the responsibility of the school districts. With predicted growth of 755 students in ECHS in 2020 and 2021, the school districts cannot afford the tuition. If state funding is not approved, this student population will not be served and these students will not have another opportunity to attend college.

(10) Non-Formula Support Needed on Permanent Basis/Discontinuu

Yes this non-formula support item is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

No

(12) Benchmarks:

N/A - This non-formula support item requires on going support.

(13) Performance Reviews:

To educate the most underserved/underrepresented population in Southeast Texas, which the first cohort consisting of 95 ECHS students and a 260% increase in dual enrollment from Fall 2016 to Fall 2017.

789 Lamar Institute of Technology

Hurricane Harvey Recovery Assistance

(1) **Year Non-Formula Support Item First Funded:** 2020
Year Non-Formula Support Item Established: 2020
Original Appropriation: \$417,352

(2) Mission:

To continue to serve students through the Hurricane Harvey recovery period.

(3) (a) Major Accomplishments to Date:

LIT was able to house BISD ECHS students after Hurricane Harvey damaged their high school for the 2017-2018 school year.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

To help the area continue to recover from Hurricane Harvey and students continue their education.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

None

(5) Formula Funding:

None

(6) Category:

Instructional Support

(7) Transitional Funding:

N

(8) Non-General Revenue Sources of Funding:

N/A

(9) Impact of Not Funding:

This funding will help recover revenue lost from students withdrawing from classes due to Hurricane Harvey. This tuition revenue is used to run college operations.

(10) Non-Formula Support Needed on Permanent Basis/Discontinu

Yes this non-formula support item is needed on a permanent basis.

789 Lamar Institute of Technology

(11) Non-Formula Support Associated with Time Frame:

No

(12) Benchmarks:

N/A - This non-formula support item requires on going support.

(13) Performance Reviews:

LIT was able to open campus (though delayed) for Fall 2017 after Hurricane Harvey. Although LIT's Fire Academy was destroyed, the Academy continued with the support of local Fire Departments.

789 Lamar Institute of Technology

Institutional Enhancement

(1) Year Non-Formula Support Item First Funded:	2000
Year Non-Formula Support Item Established:	2000
Original Appropriation:	\$1,307,045

(2) Mission:

The primary purpose of the institution is to provide technical and academic education. This Non-Formula Support Item will continue to help the institution provide adequate funding to provide quality instruction, technical equipment, and infrastructure to support high technology areas.

(3) (a) Major Accomplishments to Date:

Faculty salaries and instructional equipment have been funded by Institutional Enhancement.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

The majority of these funds will be used to support the education mission for technical and academic programs including faculty and staff salaries, equipment, and technology upgrades campus-wide.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

Formula funding and local funds sources at a much reduced level of funding.

(5) Formula Funding:

None

(6) Category:

Institutional Enhancement

(7) Transitional Funding:

N

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

Limited qualified faculty and staff, deterioration of existing equipment resources, lack of new technology for high tech programs, and inadequate funding to accomplish the overall educational mission at Lamar Institute of Technology. Instructor positions would be reduced causing programs to be closed if state funding is discontinued.

789 Lamar Institute of Technology

(10) Non-Formula Support Needed on Permanent Basis/Discontinuu

Yes this non-formula support item is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

No

(12) Benchmarks:

N/A - This non-formula support item requires on going support.

(13) Performance Reviews:

LIT has experienced an enrollment growth with an 8% increase in the Fall of 2017.

789 Lamar Institute of Technology

Professional Truck Driving Academy

(1) Year Non-Formula Support Item First Funded: 2020
Year Non-Formula Support Item Established: 2020
Original Appropriation: \$550,000

(2) Mission:

Lamar Institute of Technology requests funding of \$1,100,000 for the biennium to expand LIT's current Truck Driving Program and to renovate and operate the recently donated 6,600 square foot building that will house this program. Expansion of this program will allow LIT to serve an additional 90 students per year.

(3) (a) Major Accomplishments to Date:

LIT operates the only publically funded Professional Truck Driving Academy in Southeast Texas and currently trains 45 students per year using three 18 wheeler truck and trailers and one class B truck.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Expansion to serve 90 students per year. Truck driving is the #1 job in the Southeast Texas area with 467,129 total job postings for qualified truck drivers June 2015 to July 2017.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

There were no sources of funding prior to receiving the funds.

(5) Formula Funding:

None

(6) Category:

Instructional Support

(7) Transitional Funding:

N

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

The donated property will not be renovated if state funding is not received. LIT's Truck Driving Academy will not be expanded to serve 90 students per year.

789 Lamar Institute of Technology

(10) Non-Formula Support Needed on Permanent Basis/Discontinuu

Yes this non-formula support item is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

No

(12) Benchmarks:

N/A - This non-formula support item requires on going support.

(13) Performance Reviews:

95% success rate in Class A and 100% success rate in Class B, Basic 10 Hour Refresher and Advanced 60 Hour Refresher.

Schedule 9: Non-Formula Support
86th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

10/19/2018 3:55:32PM

789 Lamar Institute of Technology

Workforce Literacy

(1) Year Non-Formula Support Item First Funded:	1996
Year Non-Formula Support Item Established:	1996
Original Appropriation:	\$40,569

(2) Mission:

Formation and continuation of partnerships with business and industry to integrate workplace skills and competencies into programs of study, establish cooperative training opportunities and deliver specialized training at work sites.

(3) (a) Major Accomplishments to Date:

This Non-Formula Support Funding has proven to be a critical funding mechanism in the Institute's outreach effort in and off campus programs that have been very successful in establishing the Institute's ability to be a real "Partner in Training" for business and industry throughout Southeast Texas.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Additional new workforce programs will be developed and new training opportunities for new and expanding business and industries will be provided.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

There were no sources of funding prior to receiving the funds.

(5) Formula Funding:

None

(6) Category:

Instructional Support

(7) Transitional Funding:

N

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

The region of Southeast Texas will be deprived of a major resource for workforce and skill development and incumbent workers. Training opportunities for workplace skills would be reduced with state funding being discontinued.

789 Lamar Institute of Technology

(10) Non-Formula Support Needed on Permanent Basis/Discontinuu

Yes this non-formula support item is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

No

(12) Benchmarks:

N/A - This non-formula support item requires on going support.

(13) Performance Reviews:

LIT served 3,329 students with over 170,000 contact hours of instruction over the last four quarters (Q3 2017-Q2 2018).

789 Lamar Institute of Technology

Workforce Training and Education Expansion

(1) **Year Non-Formula Support Item First Funded:** 2014
Year Non-Formula Support Item Established: 2014
Original Appropriation: \$500,000

(2) Mission:

To be able to respond to business and industry workforce training needs for a projected 40 to 60 billion dollars of expansion planned in Southeast Texas. Funds will be used to train unemployed and under skilled workers and incumbent workers that are required by business and industry.

(3) (a) Major Accomplishments to Date:

As a major component of the economic resources used to recruit business and industry to Southeast Texas, new industrial training programs will be established and revised and existing programs updated to meet changing requirements within the industries will be continued.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Funds will be used to train unemployed and under skilled workers as incumbent workers are required by business and industry.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

There were no sources of funding prior to receiving the funds.

(5) Formula Funding:

None

(6) Category:

Instructional Support

(7) Transitional Funding:

N

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

Instructor and staff positions will be eliminated if state funding is reduced. LIT will not be able to serve the 3,329 students that were served in the last four quarters (Q3 2017-Q2 2018).

789 Lamar Institute of Technology

(10) Non-Formula Support Needed on Permanent Basis/Discontinuu

Yes this non-formula support item is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

No

(12) Benchmarks:

N/A - This non-formula support item requires on going support.

(13) Performance Reviews:

LIT served 3,329 students with over 170,000 contact hours of instruction over the last four quarters (Q3 2017-Q2 2018).
