Priscilla Parsons	Vice President for Information Technology
Marco Born	Athletic Director

July 17, 2018

Members of the Board of Regents
The Texas State University System

The Honorable Regents:

We are pleased to present and recommend for your approval the annual operating budget for Lamar University for the fiscal year ending August 31, 2019. This operating budget comprises all funding classified as Education and General, Designated and Auxiliary Enterprise. Development of the fiscal year 2019 budget was guided by the principles of unbiased forecasts of enrollment, revenue and expenditures, full disclosure, balance and compatibility with funding and compliance with Texas State University System and Board of Regents rules and regulations.

Assumptions pertaining to the development of this operating budget are discussed in the following.

- **Enrollment Outlook**

Following two years of substantial growth, Lamar experienced record enrollments in 2016-2017. This trend was projected to continue for 2017-2018, although at a lower rate of increase. Largely resulting from Hurricane Harvey, the opposite occurred and enrollment decreased. Additionally, factors which could not be anticipated caused a change in enrollment patterns. The university has redirected resources and made additional investments to recover from this loss.

- **Conservative forecast of tuition and fee revenue**

Revenue projections for fiscal year 2019 are based on the enrollment realized during 2017-2018 and tuition and fee increases approved by the Board of Regents.

- **Education and General Funds**

State appropriations for fiscal year 2019 were established by the 85th session of the Legislature. A modest increase in several sources provide an increase of 1.9% in Education and General Funds.

- **Designated Funds**

Revenues resulting from Student Tuition and Fees provide 94% of available Designated Funds and were reduced as an outcome of enrollment. Reduction of selected salary, maintenance and operations and travel budget pools, and a supplement of \$2,334,796 from available reserves were made to compensate for this change.

- **Auxiliary Funds**

A net increase in Auxiliary Fund budget for fiscal year 2019 results from adjustments in fee and sales revenue and planned transfers.

- **Impact on Employees**

Vacant positions will be held open or eliminated unless determined to be critical to the university. A reserve for a 1% merit based salary increase was considered but is not included in the budget at this time.

- **Continued Operations**

All essential programs, existing or planned instructional, research and service activities student support services will continue. All non-formula activities, formerly identified as Special Items, will continue to be funded at the level of the non-formula appropriation.

- **Higher Education Funds**

Lamar relies on Higher Education Funds to address capital renewal and the campus renovations needed to provide a safe environment supporting the activities and the student and faculty. Additional amounts have been and will continue to be provided to plant to reduce deferred maintenance of campus infrastructure and buildings.

Although decisions made necessary in the development of this budget were not easy, Lamar's fiscal condition remains healthy. The university manages its finances prudently, maintaining adequate reserves while continuing to invest in activities that both continue and augment our mission.

Thank you for the review and consideration of the fiscal year 2019 operating budget proposal for Lamar University. As always, we are available to respond to any questions or to provide any additional information that you may need.

Sincerely,

Kenneth R. Evans, Ph.D.
President

Edward C. Ness
Vice President for Finance and Operations
