

SUL ROSS STATE UNIVERSITY

A Member of the Texas State University System

**ALPINE, DEL RIO, EAGLE PASS,
AND UVALDE, TEXAS**

Operating Budget Fiscal Year 2020

August 1, 2019

Members of the Board of Regents
Texas State University System

Ladies and Gentleman:

Presented herewith are our recommendations for the annual budget of Sul Ross State University for the fiscal year beginning September 1, 2019, which has been prepared in accordance with your previous instructions. All activities of the University that are budgeted have been included.

This budget has been carefully prepared to the best of our knowledge and ability and your approval is respectfully requested.

Sincerely yours,

A handwritten signature in blue ink that appears to read "Bill Kibler".

Bill Kibler, Ph.D.

President

A handwritten signature in blue ink that appears to read "Chris Clifford".

Chris Clifford

Vice President for Budget & Finance

**SUL ROSS STATE UNIVERSITY
ALPINE, DEL RIO, EAGLE PASS, AND UVALDE TEXAS**

**Operating Budget
2019-20**

**SUL ROSS STATE UNIVERSITY
Budget Procedures & Guidelines
FY 2020**

The FY 2020 budget has been structured to insure compliance with state law and all regulations and policies of the Board of Regents, Texas State University System, and Sul Ross State University (SRSU). The University faculty and administration have coordinated well to provide the best possible allocation of University resources by means of the SRSU budgeting process. Operations of all activities will be within the appropriate budget categories. The budget allocation categories are as follows:

1. Faculty Salaries (FAC) - Salaries paid to those holding SRSU faculty appointments for activities for which faculty workload credit is normally given.
2. Graduate Research or Teaching assistants (GRAD) - Salaries of graduate students assigned teaching, lab, or research duties.
3. Administrative Salaries (ADMIN) - Salaries of unclassified, non-faculty personnel.
4. Classified Salaries (CLASS) - Salaries of classified personnel.
5. Student assistants (STU) - Wages of student employees.
6. Hourly Wages (CLASS) - Wages of hourly personnel.
7. Maintenance and Operation (MOEXP) - All allowable expenses not otherwise provided for (such as supplies and expendable equipment, purchased services, postage, freight and customs, communications, duplicating services, and capital equipment).
8. Travel (TRAVL) – All allowable travel expenses.
9. Staff Benefits - Expenses related to O.A.S.I., retirement, and group insurance.

Budget Guidelines:

- A. **Responsibility of Financial Manager:** The responsibility of the manager of an account composed of state funds is a serious obligation. The Financial Manager is personally accountable for the expenditures within the account. The Financial Manager is not authorized to expend beyond the approved budget limits of any item within the account.

Budget Procedures & Guidelines - FY 2020 (Continued)

The following is a direct quotation from Article IX of House Bill 1 (Appropriation Act) of the 82nd Legislature, Regular Session, 2011:

Section 6.03. EXCESS OBLIGATIONS PROHIBITED.

- a.) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- b.) As a specific exception to Subsection (a) the Comptroller of Public Accounts may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- c.) A determination made by the Texas Building and Procurement Commission under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.
- d.) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.
- e.) This provision is specified pursuant to Section 10, Article XVI, Texas Constitution.

- B. Purchases of Supplies and Equipment: Under state regulations, a purchase order must generally be used for any item bought by the University. Purchase orders are issued by the Purchasing Department after receiving a purchase requisition from the Financial Manager through the University's automated purchasing system.
- C. Period of Funding: The funds made available in the FY 2020 budget are for the period of September 1, 2019, through August 31, 2020, and may not be used for any other period.
- D. Funds Available: These funds are to cover the expenditures for the entire year. By acceptance of the role, the Financial Manager has the responsibility for planning the expenditures to carry out the operations for the complete 2020 fiscal year and staying within the budget limits of the fund.

Budget Procedures & Guidelines - FY 2020 (Continued)

- E. Budget adjustments to a fund are to be requested by the Financial Manager through the appropriate administrative channel and budget office. Budget changes may require Regental approval and will require approval of the President and the Vice President for Finance and Operations.
- F. Personnel action (i.e., any change to an individual's employee status) is initiated by a Personnel Action Form through the appropriate administrative channel.
- G. As a general rule, transfers within an account, from one category to another, are restricted as follows and must have the approval of the Vice President for Finance and Operations:
 1. Faculty Salaries - transferable to FAC or GRAD (graduate assistants)
 2. Graduate Research or Teaching Assistants - transferable to FAC (faculty salaries)
 3. Administrative and Exempt Salaries - transferable to CLASS (classified salaries)
 4. Classified Salaries - transferable to ADMIN (administrative salaries)
 5. Student Assistants - transferable to CLASS (hourly wages)
 6. Hourly Wages - transferable to STU (student wages)
 7. Maintenance and Operation - transferable to STU and CLASS
 8. Staff Benefits - non-transferable

Exceptions to this general rule may be requested and are considered on an individual basis.

- H. Transfers may be made between accounts in the same fund group function (e.g., Resident Instruction) by means of an approved budget request. Transfers are not normally made between functional groups (e.g., Resident Instruction and Organized Research). In general, transfers may not be made between Educational and General accounts and the Auxiliary Enterprise accounts.
- I. The payment of accrued vacation associated with any termination will be paid from the terminating department's fund.

Budget Procedures & Guidelines - FY 2020 (Continued)

- J. The employment of temporary workers to do the specific work of the unfilled or terminated position may be approved on an individual basis through appropriate administrative channels (the hourly rate and total expenditure must be less than that which would be incurred for the permanent employee).
- K. The employees named by line item in this budget represent the University's planned staffing. These appointments do not constitute employment contracts.

Sul Ross State University
Faculty Workload Policy Effective
September 1, 2019

The Rules and Regulations, Board of Regents, Texas State University System, Chapter V, paragraph 4.32 speaks to the greater duties of a member of the faculty. The complete statement of these rules and regulations is included in Chapter 2, Paragraph 2.07 of the Sul Ross State University Faculty Handbook. The greater duties of a member of the faculty include:

- (1) Teaching in the classroom, laboratory, or seminar.
- (2) Studying, investigating, discovering, and creating.
- (3) Performing curricular tasks auxiliary to teaching and research, e.g., serving on faculty committees, attending to administrative and disciplinary tasks, and promoting diligence and honest work in the student body.
- (4) Advising and counseling of students.
- (5) Beneficially influencing students and citizens in various extracurricular ways.

The Rules and Regulations state that evaluation of faculty for promotions, salary increases, reappointments, and tenure shall include but not be limited to the duties described above. These duties are considered part of the normal workload of a member of the faculty.

A. Normal Teaching Loads

The normal teaching load at Sul Ross State University for faculty members who are paid full-time for teaching shall be four lecture courses or the equivalent of twelve semester credit hours of instruction in organized classes each long semester or an average of twelve semester credit hours per long term semester over the nine months of the academic year.

The normal teaching loads for faculty members at Sul Ross State University are determined in accordance with the following criteria:

1. One semester credit hour in an organized class is equal to one semester credit workload hour.
 - a. An organized class is an institutionally-approved course, having specific objectives in terms of subject matter coverage and student development, which meets as a group at regularly scheduled times in a classroom, laboratory, or field location. Organized classes include lectures, laboratories, seminars, and interactive video group television instruction.
 - b. The semester credit workload hours for each organized class equals the semester credit hour value of the course.
2. Individual Instruction. Except for supervised practicums and internships, private lessons in music, student teaching, and thesis courses, individual instruction enrollments are not included in the normal faculty workloads. Responsibility for individual instruction enrollments is assumed by the faculty in addition to normal workloads.

- a. An individual instruction course is one in which guided learning is provided on a one to one basis by the instructor to the student, regularly or irregularly scheduled, in which the student, through individual lessons, specific projects, or research problems, gains new knowledge of special value. These courses include arranged reading and research, individual studies, private lessons, and self-paced instruction.

The semester credit workload hour equivalent in supervised student teaching is three semester credit hours for supervising from four to six student teachers in a semester.

- b. An enrollment of nine or more students in private lessons in Music is equal to a faculty workload of three semester credit hours.
- c. Any graduate faculty member having three or more graduate students enrolled in any combination of 6301 and/or 6302 during the fall or spring semester, and under his/her, direct supervision will be entitled to three hours workload credit. No students shall be counted more than twice for this purpose-- one enrollment each in 6301 and 6302.

B. Adjustments and Exceptions to the Normal Teaching Loads

1. Workload assignments are primarily the responsibility of the Chairs of the academic departments. The Chairs must insure that the workload of faculty within their departments are equitable and reasonable. This must include the cumulative total of classroom and laboratory instruction, academic advising, committee membership, guidance of student organizations, research, and service to the public. Instructional loads should also take into account such things as number of preparations, number of students taught, the nature of the subject and the help available from secretaries and teaching assistants. The Chairs are accountable to the Deans and the Deans to the Provost and Vice President for Academic and Student Affairs for ensuring compliance with the provisions of this policy.
2. Changes in the normal workload are recommended by the Department Chair, approved by the Dean and reported to the Provost and Vice President for Academic and Student Affairs.
3. The Provost and Vice President for Academic and Student Affairs is responsible for reviewing the departmental assignments, monitoring compliance, providing reports to the President, and submitting the Faculty Report to the Coordinating Board each long semester in compliance with Coordinating Board Regulations.
4. Instructors in an organized class, which is team-taught, will proportionally share the semester workload hours allowed for that class according to the distribution of responsibilities.
5. The semester credit workload hour equivalent in laboratory sections in agriculture, science and foreign language, and in activity classes in physical education is one-half hour per contact hour, but in no case shall the workload exceed the semester credit hours given for the class or laboratory.

6. Instructors who teach ensemble classes in music will be credited with two semester credit workload hours for each ensemble taught.
7. The normal teaching load for a Department Chair shall be nine-semester credit workload hours each long semester. Workloads for Chairs in the summer terms will be based on course needs and funding.
8. Each school Dean and the Dean of the Rio Grande College will teach at least three semester credit hours each long semester and summer.
9. Faculty members, Deans, and Department Chairs may be required to exceed the normal workload policy from time to time, and nothing in this policy should be considered to prohibit the administration from making this requirement.

C. Scholarly and Artistic Endeavor

Each faculty member is expected to be active in scholarly activities or artistic endeavors.

1. Scholarly activities include but are not limited to involvement in basic and applied research, writing and publication, and presentations to professional and learned societies.
2. Artistic endeavors include but are not limited to involvement in musical and theatrical performances, art exhibits or shows, creative writing, composition of music, writing scripts and participation in related projects.

D. Professional Growth and Activities

Professional growth and participation in professional activities are required of all members of the faculty. Professional growth and professional activities include but are not limited to attendance at professional meetings, holding office in professional organizations, service on professional committees, participation in workshops, seminars, or courses, and self-study.

E. Participation in Non-Teaching Activities

Participation in non-teaching activities includes such activities as University service, advising of students, and public service.

1. University service includes but is not limited to committee service, recruitment, curriculum development, orientation, registration, commencement, and development of grant proposals.
2. Advising and counseling of students includes but is not limited to academic advising, preparation of degree plans, scheduling of classes, career counseling, and referral to appropriate University or community services. This category also includes advising and sponsoring student organizations.
3. Public service includes but is not limited to service to schools, government agencies, private enterprise, and community service for which the faculty member receives no remuneration.

F. Responsibility for Implementing and Reporting

1. Workload assignments are primarily the responsibility of the Chairs of the academic departments. The Chairs must insure that the workload of faculty within their departments are equitable and reasonable. This must include the cumulative total of classroom and laboratory instruction, academic advising, committee membership, guidance of student organizations, research and service to the public. Instructional loads should also take into account such things as number of preparations, number of students taught, the nature of the subject and the help available from secretaries and teaching assistants. The Chairs and members of the faculty must agree upon the workload and weights of various responsibilities and designate these on the Faculty

Evaluation Form FE-4 (located in the Faculty Handbook) at the beginning of each academic year. The Chairs are accountable to the Deans.

2. Reductions in the normal workload are recommended by the Department Chair, approved by the Dean and reported to the Provost and Vice President for Academic and Student Affairs.
3. The Provost and Vice President for Academic and Student Affairs is responsible for reviewing the departmental assignments, monitoring compliance, providing reports to the President and submitting the Faculty Report to the Coordinating Board each long semester in compliance with Coordinating Board Regulations.
4. The President will provide reports as may be required to the Board of Regents, Texas State University System, and other state agencies.

G. Policy on Independent Study and Arrangement Courses

1. This policy will apply to those classes, which are not classified as organized classes in which students earn semester hour credit under designations, which do not require regular attendance in classroom settings with other students of at least 42 clock hours during a semester or term. A faculty member shall not teach more than one independent study/arranged course per semester. This policy does not apply to internship, practicum, individual instruction in music, or student teaching courses.
2. When the creation of such a course section as defined in paragraph 1 is desired, the proposing faculty member must prepare and submit to the Department Chair an outline of study, which details the work to be done by the student. This outline of study should include a description of resources to be used by the student, the activities in which the student will engage during the course, and the measures by which the student will be evaluated at the conclusion of the course. In case of regularly organized courses being taught under an arranged designation, the proposing faculty member should also address in the outline of study the ways in which the normal classroom activities will be replaced in the arranged course.

The proposing faculty member and the student must sign the proposal form, and the signed copy forwarded to the Department Chair prior to the 12th class day (or 4th class day in summer). The Independent Study/Arrangement Courses Form is located in the Faculty Handbook Appendix.

3. The Department Chair shall insure that the proposed course will meet departmental standards and advance the mission of the department. Upon receipt, the Department Chair shall forward the signed copy to the Dean of the school.
4. The Dean of the school shall review the proposal to ensure uniform compliance with the Policy on Independent Study and Arrangement Courses.

H. Office Hours

1. Each faculty member is expected to schedule, maintain, and post a reasonable number of office hours each week in order to effectively assist and advise students. Office hours should be conducted on campus and scheduled in such a manner, including number of office hours and time/day of the week, as to maximize student access.

Notes:

1. Head Count Request headcount information from Institutional Research in March, early April at the latest. Leave notes from IR regarding certification of data as seen above.
2. Historical Waivers: Use actual numbers from Banner Data "Exemption/Waiver worksheet", obtained from Accounting (Argos Report).
3. Amounts per Banner: Use prior year summer actuals and current year fall and spring actuals.
4. Funding used to help support all OIT needs not funded by the State or other local funds.

LIBRARY FEE REVENUE PROJECTIONS FOR FY 2020
SRSU-EAGLE PASS, DEL RIO, UVALDE - RATES WILL BE \$2.00

100

- Notes:**

 - 1 Head Count: Request headcount information from Institutional Research in March, early April at the latest. Leave notes from IR regarding certification of data as seen above
 2. Historical Waivers: Use actual numbers from Banner Data "Exemption/Waiver worksheet", obtained from Accounting (Argos Report).
 3. Antounts per Banner Use prior year summer actuals and current year fall and spring actuals
 4. Foundations used to help support library leases, student employment and books/reference material needs not funded by the State or other local funds.

INTERNATIONAL EDUCATION FEE REVENUE PROJECTIONS FOR FY2020
