# ACADEMIC WORKLOAD POLICY

## **Faculty Academic Instructional Workload (University of Houston)**

[Revised as of February 9, 1999.]

In accordance with UHS Board of Regents; policy 21.05, the University of Houston has developed the following faculty academic workload rules and regulations.

The general workload responsibilities of a faculty member at a complex institution such as the University of Houston can neither be defined simply nor summarized easily. Faculty members have fundamental obligations above and beyond organized teaching and research. They perform their normal classroom duties and carry out a multitude of essential functions including, but not limited to, academic advising and counseling, the supervision of undergraduate and graduate students, direction of individual study, special projects, theses and dissertations, and curriculum development. In addition, they accept many institutional and public service obligations.

The variety of faculty responsibilities that must be undertaken for the university to function in an effective and efficient manner makes it impossible to equate faculty workload with the sum total of semester credit hours taught, or with any other single criterion. Indeed, it is inappropriate to adopt any measure of faculty workload that is fundamentally numerical in nature without consideration of qualitative issues. While recognizing these facts, however, the university must develop a minimum teaching load requirement and report its fulfillment to the state. This is necessary to comply with the Texas Education Code, to meet the expectations of the Legislature for direct instructional activities tied to compensation from the faculty salary appropriation line item, and to quantify for all university constituencies the basic commitment the faculty have to the students at the University of Houston.

These institutional rules and regulations distinguish between *minimum teaching load requirements* and *general workload requirements*. While the university requires that every faculty member fulfill a certain minimum teaching load and assume a comparably high level of general workload, it does not insist that each one have the same teaching load. The university administration will provide chairs of individual academic units the flexibility to achieve maximum effectiveness in teaching effort as related to student enrollment and to adjust each individual's instructional assignment within the regulations and standards stated below. Each department chair and college dean must certify that the duties of each faculty member actually constitute an appropriate workload responsibility in accordance with the following rules and regulations, which have been approved by the University of Houston Board of Regents.

The minimum faculty teaching load requirement described in this policy does not apply to graduate teaching assistants. The Provost, as the chief academic

officer of the university, is responsible for assuring that all teaching assistants are carefully supervised.

### **General Workload Expectations**

Given the quality and variety of work necessary to support this university's fundamental obligation to the discovery, transmission, and application of knowledge, the administration understands there always will be a significant differential between a faculty member's minimal requirements and his/her total actual commitment of time and energy. General workload expectations vary greatly by academic department, discipline, and college. Therefore, specific common workload expectation criteria are not delineated for the university. The regulation of general workload requirements is the responsibility of the appropriate department chair and college dean. New faculty should be informed at the time of hire of the discipline specific general workload requirements associated with the department or college. An individual's fulfillment of these requirements should be used when evaluating merit, in promotion and tenure decisions, as well as in the post-tenure review process.

### **Faculty Workload Assignments and Professional Activities**

Only participation in the specific professional activities listed below, which are defined in state regulations as "faculty salary elements of cost," qualifies a faculty member for compensation from the faculty salary appropriation line. In defining those general workload activities that can be supported from the faculty salary appropriation line, each college must adhere to the following categories:

- A. Direct instructional activities, which include interaction with students related to instruction, preparation for such instruction, and evaluation of student performance. The various types of instruction include: lecture, laboratory, practicum, seminar, independent study, private lessons, alternative learning activities, and supervision of theses and dissertations.
- B. Administrative assignments that directly support the institution's teaching function, e.g., department chairs, graduate directors, undergraduate directors, and coordinators of special programs or multi section courses.
- C. Basic and applied research, professional development and service activities that directly support the institution's teaching and research function. Professional development activities are those activities which enable faculty members to enhance their teaching and research knowledge and/or capabilities and thus improve significantly the university's capabilities.

### **Minimum Teaching Load Requirements**

The University of Houston must comply with two different teaching load requirements. The first concerns an average of organized classes within the

university. The second concerns an average of instructional hours per faculty member within a department.

Each department shall be required to produce eighteen teaching load equivalency hours per faculty FTE Minimum paid from the appropriation item "faculty salaries" during each academic year (fall and spring semesters). For example, a department with 12.3 state instructional FTE faculty must produce at least 221.4 equivalency hours ( $12.3 * 18 = 221.4$ ) during the fall and spring semesters of each academic year from courses or appropriate activities by the individuals holding these appointments.

To comply with Texas Higher Education Coordinating Board policies, each year the university must account for a minimum of two organized courses per semester per faculty member averaged across the campus and averaged also across the fall/spring semesters. Each academic unit should reach that average internally. If the unit finds it necessary to go below that average, permission must be given at the next higher administrative level. Each semester a report must be filed by each unit with the next higher administrative level.

Faculty paid, in full or in part, from a source of funds other than the faculty salary element of cost will have no minimum teaching load requirement associated with these appointments or portion of appointments. When more than one faculty member participates in the instruction of a single course section, the teaching hours are proportioned according to the effort expended per faculty member. Load adjustments are permitted for the teaching load equivalencies listed below, but such adjustments must have the appropriate approvals at the college and university levels when specified.

Teaching loads will, of course, fluctuate because of illness, sudden emergencies, and unforeseeable needs, which may force a faculty member to accept a higher load temporarily or to request a lighter load during a stated period. All temporary exceptions to the basic teaching load policy should be in writing and should carry the approval of the dean of the appropriate college. Chairs and deans are encouraged to ask outstanding faculty to offer courses central to the unit's teaching mission, if appropriate.

No two colleges at the University of Houston are identical in the mixture and nature of teaching responsibilities expected of individual faculty in order to meet student needs. Each dean should require direct instructional activities in excess of the university minimum teaching load whenever such duties are necessary to meet the college's obligations to students. Each college or disciplinary area must establish a minimum greater than the university minimum if required to meet the instructional obligations of the college to students and to operate effectively within the available level of faculty salary resources. No college may adopt a minimum teaching load requirement below the university's minimum stipulated in this policy. Colleges may, however, have additional stipulations so long as they

do not conflict with the general policy. Workload policies for colleges that have included additional requirements must be available in the office of the dean of the college or in the Office of the Provost.

### **Teaching Load Equivalencies**

Instruction of regularly scheduled organized undergraduate courses, except as specified in adjustments B and G below, shall provide teaching load hours at the rate of one hour per each contact hour of instruction per week per long semester. Teaching load equivalencies for other types of instruction and instructional administration are defined in the following adjustments.

- A.** One contact hour of organized graduate instruction is equivalent to one and one-half contact hours of organized undergraduate instruction.
- B.** Instruction of regularly scheduled laboratory courses, physical-activity courses, and studio art and studio music instruction shall provide teaching load units at the rate of two units of teaching load for each three contact hours of instruction per week per long semester.
- C.** Supervision of practice student teachers and clinical and intern supervision shall be credited such that 24 contact hours per week is equivalent to nine units of teaching load. This adjustment must be reported by the department, approved by the college dean, and reported to the administration on the ['Additional Duties'](#) form.
- D.** Supervision of student practicum courses and teaching credit for individual instruction courses shall be credited on the basis of one-third unit for each semester credit unit of individual doctoral instruction, one-fifth unit for each semester credit unit of individual master's instruction, and one-tenth unit for each semester credit unit of individual undergraduate instruction.
- E.** Supervision of graduate theses and dissertations provides teaching units and shall be credited on the basis of one-third of the dissertation research semester credit hours and one-sixth of the thesis research semester credit hours. Thesis and dissertation teaching hours may be divided among the dissertation supervisor and other committee members who contribute to the supervision of the dissertation.
- F.** Supervision of tutorial sessions in the pharmaceutical sciences connected to organized classes but not reflected in specifically identified sections shall be credited such that 30 contact hours per semester are equal to three units of teaching load credit in addition to teaching load credit generated by the organized classes. This adjustment must be reported by the department, approved by the college dean, and reported to the administration on the

['Additional Duties'](#) form.

- G. Teaching credit for large and small organized classes will be awarded in the following fashion.

<b>Class size</b>	<b>Inflater</b>
<b>59 or fewer</b>	<b>*1.0</b>
<b>60 - 69</b>	<b>1.1</b>
<b>70 - 79</b>	<b>1.2</b>
<b>80 - 89</b>	<b>1.3</b>
<b>90 - 99</b>	<b>1.4</b>
<b>100 - 124</b>	<b>1.5</b>
<b>125 - 149</b>	<b>1.6</b>
<b>150 - 174</b>	<b>1.7</b>
<b>175 - 199</b>	<b>1.8</b>
<b>200 - 249</b>	<b>1.9</b>
<b>250 - 299</b>	<b>2.0</b>
<b>300 - 349</b>	<b>2.1</b>
<b>350 - 399</b>	<b>2.2</b>
<b>400 - 449</b>	<b>2.3</b>
<b>450 - 499</b>	<b>2.4</b>
<b>500 - larger</b>	<b>2.5</b>

When undergraduate classes have fewer than ten students and graduate classes have fewer than five students, credit for small classes will be deflated in the following fashion.

<b><u>Small Class Deflater</u></b>							
<b>Undergraduate</b>	<b>Class size</b>	<b>10</b>	<b>9</b>	<b>8</b>	<b>7</b>	<b>6</b>	<b>5</b>
	<b>Deflater</b>	<b>1.0</b>	<b>0.9</b>	<b>0.8</b>	<b>0.7</b>	<b>0.6</b>	<b>0.5</b>
<b>Graduate</b>	<b>Class size</b>	<b>5</b>	<b>4</b>				
	<b>Deflater</b>	<b>1.0</b>	<b>0.8</b>				

When a department does not meet its instructional hour requirements under the provisions above, the following teaching load equivalencies for other professional activities allowable under state law may be used to comply.

- A. Equivalency credit may be granted for other professional assignments that the college documents as related directly to the teaching function. The sum of such equivalencies shall not exceed one one-thousandth (0.001) of the total semester credit hours generated by the college in the corresponding semester of the previous year. *Example: Assume that a college taught a total of 11,935 semester credit hours in the corresponding semester of the previous year. Using the factor of 0.001 the college would have a credit of 11.93 units that could be assigned to individuals for other activities which are related directly to the college's teaching responsibilities (such as major course revision). This equivalency will be calculated at the college level, and its distribution is the responsibility of the dean. This adjustment must be reported by the department, approved by the college dean, and reported to the administration on the ['Additional Duties'](#) form.*
  
- B. Coordination of several sections of a single course may provide teaching load credit up to a maximum of three units where one hour is awarded for each six sections so coordinated. This adjustment must be reported by the department, approved by the college dean, and reported to the administration on the ['Additional Duties'](#) form.
  
- C. When the budget allows, the department chair and the dean of the college may request that the provost approve, by individual faculty member, up to twelve work load units per faculty member per semester for basic and applied research or professional development activities which directly support the institution's teaching and research function. This adjustment must be reported by the department, approved by the college dean, and reported to the administration on the ['Additional Duties'](#) form.
  
- D. Departmental administrative assignments will receive equivalent teaching units per semester based on the size of the department:

<b>&lt; 15 FTE</b>	<b>9 units</b>
<b>12 - 24 FTE</b>	<b>12 units</b>
<b>25 - 39 FTE</b>	<b>15 units</b>
<b>40 FTE&gt;</b>	<b>18 units</b>

No more than six units may be awarded to any one faculty member during a semester. This adjustment must be reported by the department, approved by the college dean, and reported to the administration on the ['Additional Duties'](#) form.

- E. If a class is canceled due to low enrollments, substitute teaching loads should be assigned to the faculty member by the department chair. However, for extenuating circumstances, the department chair can

petition the dean for a waiver of the forfeited teaching load for one semester. This adjustment must be reported by the department, approved by the college dean, and reported to the administration on the '[Additional Duties](#)' form.

### **Teaching Load Compliance**

The chief academic officer shall designate the officer of the institution who will monitor faculty teaching load and submit the reports to the chief academic officer for approval and comment, as appropriate, prior to submitting the reports to the University of Houston Board of Regents following the standard reporting format and deadlines as provided by the Texas Higher Education Coordinating Board in accordance with Section 51.402 of the Texas Education Code and any applicable riders in the current General Appropriations Act.

Every department's compliance with these minimum teaching load requirements shall be assessed each academic year. If a department is found to be out of compliance, the institution shall take appropriate steps to address the noncompliance and to prevent such noncompliance in the future.

See [University of Houston Faculty Academic Instructional Workload Additional Duties Form](#).
