A Member of The Texas State University System

## **OPERATING BUDGET**

**FISCAL YEAR 2013**

July 7, 2012

Members of the Board of Regents

The Texas State University System

Ladies and Gentlemen:

We are pleased to make the following recommendations for the annual budget of Lamar University for the fiscal year starting September 1, 2012. This proposed budget includes all education and general, designated, auxiliary enterprise, and HEAF fund groups.

Highlights of the budget for the upcoming year include:

- The budget was assembled with no projected student credit hour growth.
- 58 positions (12 faculty, 46 non-faculty) that were frozen in FY12 from being refilled were eliminated.
- One non-mission critical department and their 18 FTE were also eliminated.
- Spring semester student fee increases were required to maintain current level of services.

Sincerely,

James M. Simmons

President

Gregg F. Lassen

Vice President for Finance & Operations

## LAMAR UNIVERSITY

### Major Budget Initiatives

FY 2013

The University's budget was prepared assuming level enrollment with FY 2012.

#### **Revenue Enhancements**

Lamar University's budget reflects the ongoing shift in the source of funding for public higher education. The annual impact to Lamar in appropriation reductions is approximately \$12 million. Beginning in the fall semester, there are fee increases for Room and Board charges for Cardinal Village occupants

Given the extensive reduction in the state appropriation, it is necessary to plan for an increase in tuition and fees in order to maintain the current level of services to our students. Beginning in the spring semester, Designated Tuition increases by \$10 per SCH, Center for Academic Success fee increases by \$10 per student, Records fee increases by \$1 per student. In the Auxiliary budget, there are fee increases for Student Center and Recreational Sports fee. The current Student Center was built in the 1960s and has not undergone substantial renovation since that time. A student referendum was held to increase the Student Center fee and it passed overwhelmingly with over 80% approval.

#### **Expenditure Initiatives**

Since the timing of tuition increases does not enable Lamar University to fully recover diminished state revenues, the continued effort to reduce costs is reflected in this budget. A large number of faculty and staff positions, which were "frozen" from being refilled over the past year, are eliminated from the budget as personnel costs are one of the few remaining cost drivers. With that caveat, the focus in cost reduction efforts remains to find areas that are not mission-critical. Therefore, this budget includes the elimination of a valuable though not critical program: Early Childhood Development Center. These cost reductions work toward offsetting necessary increases such as property insurance, retention of employees and utilities. Lamar received the highest increase (37%) in property insurance premium of all TSUS components: \$728,279 increase.

In order to reduce costs, Lamar has frozen salaries with no cost-of-living increase since FY 2009. Retention of experienced quality full-time faculty and staff is a major concern of the university. Therefore, the 2013 budget does include a one-time payment of 1% to faculty and staff. The payment will not become part of base pay but will show good faith and provide an investment in the future.

The University continues to focus on supporting its academic/research mission. We placed particular emphasis on maintaining financial support in the following areas:

- Meeting all of the requirements for SACS reaffirmation;
- Continued support of our on-line education courses, including the highly successful Academic Partnership program;
- Student success initiatives, including the Center for Academic Success;
- Student financial aid; and
- Support for technology initiatives, including the replication system in case of a natural disaster.

#### **Current Fiscal Condition**

It has been an extremely challenging year with the state budget cuts. During this current fiscal year, the University undertook several initiatives to cut budgets and reduce spending.

While continued pressure on cost reduction is a necessary aspect of our efforts, our focus continues to be one of growth and providing the appropriate infrastructure to continue our service to traditional students from southeast Texas and other students across the state.
