---

Texas Southern University (TSU) is a special-purpose institution for urban programming providing educational access and opportunity to diverse students across Houston and the State of Texas. The University serves as an important educational resource and contributes to the well-being of local, state, national and international communities.

In two recent separately released reports, one by the **Texas Higher Education Journal** and one by **Diverse Issues in Higher Education**, Texas Southern University was recognized as a leading producer of bachelor's and graduate degrees among African-American and Hispanic students.

The **Texas Higher Education Journal** reported that in Texas, TSU ranked first with 87 percent African-American graduates followed by Prairie View with 82 percent, University of Houston-Downtown, 24 percent, Texas A&M University-Central Texas, 23 percent and Lamar University, 23 percent.

In the **Diverse Issues in Higher Education** survey, Texas Southern ranked fourth out of 100 in African-Americans conferred doctoral and professional degrees. In 2010-2011, TSU had 125 African-American graduates which equaled 46 percent of the total graduating class receiving doctoral degrees. Howard University ranked first with 316 African-American graduates or 73 percent of its total doctoral graduates.

TSU also ranked 23rd out of 94 with 46 Hispanics earning graduate degrees which was 17 percent of the total graduating class. In bachelor degrees conferred, TSU ranked 31st in the top 100 of produced African-American bachelor's degree – all disciplines combined. TSU had 669 African-American graduates which were 89% of the graduating class.

#### Admissions and Academic Changes

The significant academic changes in admissions requirements, which began in fall 2008 and were fully implemented in fall 2009, were again enhanced in fall 2012. The new admission requirements include:

- Graduation in the top 25 percent in high school or achieving a minimum 2.5 GPA.
- Achieving a minimum score on the SAT of 820 (combined) based on the 1600 SAT, or a 17 ACT;
- Improved counseling for college readiness and enriched developmental education for academic preparation;
- Mandatory Summer Academy for candidates requiring developmental coursework;
- Program articulation with community colleges in 2+ 2 program for students who do not meet minimum qualifications;
- Creation of learning communities through an Urban Academic Village expanded in fall 2012 to include a sophomore experience;
- Freshman required courses taught by top faculty;
- Mandatory student class attendance in all courses;
- Advisement of all freshmen, counseling by departments at the sophomore and junior level, and mentoring senior students by trained faculty and staff;
- Implementation of program assessment measures; Surveys and exit interviews of majors, graduates, and alumni;
- Enhancing academic support systems including academic counseling, faculty program support;
- Strengthening partnerships with area community colleges to expedite transfer student admissions.

### On-Track to improve Graduation Rate

The admissions requirement changes over the past four years are already resulting in increased retention and recruitment/admission of higher performing students. Freshman retention has gone from approximately 40% in 2007 to better than 60% in fall 2011. We are recruiting students from across the state, and enrollment numbers are increasing. Despite the increased admissions requirements, which did create an initial small dip in enrollment, Texas Southern University has regained and indeed seen steady increases in enrollment over the past few years. It is anticipated that this will continue through the next biennium. Changes are also already being seen in graduation rates which have improved from 11.8% in FY 2009 to 14.1% in FY 2011.

### Management of the University

With the appointment of a new Board of Regents in 2007 and the hiring of a new President in February 2008, Texas Southern has rebuilt its infrastructure and management team to support and enhance the existing strong academic programs.

To date, Texas Southern has recruited a strong senior leadership team, strengthened administrative processes, balanced the budget, and reorganized the central administration and infrastructure to increase effectiveness and accountability, eliminate redundancies, and create synergies, implemented a solid reorganization plan that was accepted by the Governor, Lt. Governor, and the Legislative Budget Board, obtained four years of clean financial audits, and received full re-accreditation with no restrictions from the Southern Association of Colleges and Schools Commission on Accreditation.

A key aspect of the reorganization included revised operating policies reflecting sound fiscal stewardship, especially related to record keeping, contract administration, purchasing, and inventory control. This resulted in a complete review and renewal of operating policies for the university, which have been put in place and approved through the Board of Regents.

### Administrative Policies and Procedures

To ensure a sound administrative infrastructure, the administration has instituted university operational policies and procedures that provide budget transparency and maximizes board of regent involvement in approval process of all expenditures over \$100,000.

### Academic Leadership-New Initiatives

Under new leadership, Texas Southern has streamlined central administration and enhanced its academic infrastructure to raise student and institutional expectations and to promote a culture of learning and academic engagement.

- Additional academic changes have occurred, including the hiring of new deans in nine of the ten colleges, including Business, Law, Education, Science & Technology, Public Affairs, Pharmacy & Health Sciences, Honors, Liberal Arts and Behavioral Sciences, and the Graduate School.
- In addition to receiving a 10-year reaffirmation of accreditation by SACS, the Pharmacy program and Business School were reaccredited by their accrediting bodies and the Urban Planning program received accreditation by its organization.
- Texas Southern has developed two new graduate degree programs that are fully on-line in its executive MBA (the first HBCU online EMBA in the country), and the executive Master's in Public Administration. In fall 2012 the university is currently positioned to initiate a third fully on line graduate program, a Master's in Education to fit the market consisting of school teachers.
- In order to attract more community college students, Texas Southern also has partnered with Lone Star Community College and is offering classes in the new Long Star Northwest Campus facility.

717 Texas Southern University

- Recognizing that the local Houston Community College is perhaps better equipped to teach freshman who require developmental education courses in reading, mathematics and writing (English), Texas Southern has teamed up with the Houston Community College whereby faculty from the community college teach approximately 100 students who require additional assistance. Houston Community College provided developmental classes for TSU students taught by HCC faculty on TSU's campus.
- Texas Southern has partnered with the Chinese government, and Beijing Jiatong University to offer Houston's only Confucius Institute which is a language and culture center that will provide instruction in Mandarin language as well as providing outreach activities to connect with the local Chinese community.

#### **The University Academic Village Project**

Texas Southern submitted a grant proposal to Houston Endowment to create an "Urban Academic Village" (UAV) that places 400 students (one-third of the freshman class) in a common dormitory. This new retention program was approved for a \$2.74 million grant as a pilot program that ultimately will change the undergraduate experience for all Texas Southern students. This UAV includes block scheduling where students take classes together, as well as enhanced residential living with faculty and graduate students in residence for the freshmen in the program along with extended mentoring, tutoring, support systems, leadership training, and cultural and academic programming outside regular classroom hours. The grant also includes the construction of a separate \$800,000 study hall facility where students can study in group and individual sessions.

#### **Facilities Improvements and Financing of Capital Projects**

The construction of the new Technology building is underway and the campus grounds have seen significant renovation, with increased lighting, landscaping, and security systems.

In addition, the University secured a very favorable contract with the Dynamo Soccer Team for rights to the new \$83 million soccer stadium to serve as official home of the TSU Tigers' football team beginning in fall 2012.

TSU was among the first public HBCUs to utilize a special federal bonding program to refinance \$65 million in bonds for two parking garages and two residence halls, moving from variable to fixed rate bonds at 2.9%, saving \$19 million over 20 years.

#### **Key Issues Relevant to the 2014-2015 Legislative Appropriations Request**

- Continuation of instructional, operational and infrastructure support through full formula funding;
- Continuation of Academic Development Initiative Funding originally approved as part of the OCR agreement with the State of Texas.
- Continuation of ongoing Special Items funding and approval to discontinue and reallocate appropriated funds from the following Special Items strategies to the new "Community College Transfer Students-Scholarship" exceptional item strategy:
  - Accreditation and Continuation Pharmacy, Business & Education (FY14 - \$177,082; FY15 - \$177,082)
  - Mickey Leland Center for World Hunger and Peace (FY14 - \$52,882; FY15 - \$52,882)
  - Integrated Plan to Improve MIS and Fiscal Operations (FY14 - \$108,209; FY15 - \$108,209)
  - Total estimated biennium amount \$676,346.
  - The university intends to maintain the above objectives through other institutional funds.
- Admissions Standard Support / Hold Harmless;

---

717 Texas Southern University

---

- Tuition Revenue Bond Retirement for both ongoing and newly identified priorities:
- Technology Building (ongoing)
- Request for a new library-learning resource center to replace the 58 year old Robert J. Terry Library facility (new)
- Summer Academy Expansion
- Transfer Scholarship Funding for 2+2 program
- Equity in Pharmacy funding –Currently, there is considerable disparity between the funding for Texas pharmacy programs that are funded through the health sciences formula versus those that are funded through the formula for general academic institutions. Essentially Texas Southern is classified as a general academic institution, which includes the TSU College of Pharmacy, and as such, TSU receives significantly less funding on a per student basis than those pharmacy programs that are included in the health science formula. Texas Southern University encourages the Legislature to appropriate additional funds to the Pharmacy programs at the general academic institutions in order to correct this inequity.

#### Notable Significant Changes

TSU has made significant advances, most notably the recent implementation of admission standards. This change already is having an impact on student retention with a more than 10 percent increase in freshman retention occurring in the first year. It is anticipated that these changes, along with significant advances in student support services will impact both persistence and graduation rates for our students.

The Urban Academic Village (UAV) initiative provides a holistic approach to student learning, forming learning communities across the academic disciplines. Moreover, the development of the Urban Academic Village provides opportunities for neighborhood outreach, student internships, professional mentorships, and multi-level collaboration between the academy and the urban community. As we move into the sophomore experience with the second year of the UAV, the students will work more closely with their colleges and disciplines.

The creation of the Thomas F. Freeman Honors College has helped recruit more than 350 top students to the university with higher than 3.6 GPAs over the past three years.

As in most major areas of the University, the fundraising, communications and alumni relations areas were completely redeveloped over the past four years with new leaders in all areas. Infrastructure is now in place and fundraising is stabilizing. Major foundations and donors are returning to support Texas Southern, including Houston Endowment, Shell Oil, Joe Jamail, Kase Lawal, and others. The University is currently in its 85th year and utilizing the anniversary to rally alumni and donors to significantly increase their support of the institution.

Distance education and enhanced web services remain a high priority. The web remains the most significant recruitment tool and underwent a student user-focused redesign and reorganization. It is now being refined and made even more student focused, including the use of a student portal and enhanced electronic services. Four online graduate degrees are now available to students, the Executive MBA, Executive MPA and two Master's in Education degrees.

#### Significant Externalities

TSU Obligations for Parking Garages and Housing Facilities

---

717 Texas Southern University

---

TSU resolved its longstanding obligation for financing two parking garages and two residence halls through refinancing using the national HBCU financing program, thus eliminating the \$64 million variable interest rate bond. The new fixed bond rate of 2.5% saves the university \$19 million over the next 20 years.

**SACS Accreditation**

The University successfully received its 10-year reaffirmation of accreditation by the Southern Association of Colleges and Schools (SACS).

In addition to receiving a 10-year reaffirmation of accreditation by SACS, the Pharmacy program and Business School were reaccredited by their accrediting bodies and the Urban Planning program received accreditation by its organization.

**Impact of Potential 10% General Revenue Base Reduction**

Overall operations and infrastructure supports would be reduced by \$4.3 million in FY2014-2015 biennium if the state institutes a 10% reduction in general revenue. This would result in a loss of 20 positions in addition to a loss of funds for operating expenses that will harm several academic programs and already under staffed administrative units.

Texas Southern University is governed by a Board of Regents. The current members of the Board of Regents are included in the Organizational Chart.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Instruction and Operations Formula provides funding for faculty salaries, departmental operating expense, Library, instructional administration, research enhancement, student services and institutional support. The funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour is established by the Legislature each biennium.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Infrastructure Support formula distributes funding associated with plant-related formulas and utilities. This formula is driven by the predicted square feet for universities' educational and general activities produced by the Coordinating Board Space Projection Model. The portion of the formula related utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

The Leland Center exists to continue the legacy of the late Congressman Mickey Leland by providing leadership development and training; and by expanding opportunities for students to conduct research, analyze public policy, experience our city, state and national legislative process first hand and participate in international study abroad programs and projects. The Leland Center also serves as a conduit for University faculty and students to interact with the community to create collaborative programs and forums that seek solutions to enduring critical problems concerning hunger, extreme poverty, diversity, conflict resolution and reconciliation.

**DESCRIPTION / JUSTIFICATION:**

Texas Southern is a Research University and must have library facilities and collections to support graduate programs and research. The current conditions, deficiencies and layout of the library do not support a 21st century library. The existing facility lacks square footage to accommodate the technology and book storage necessary to support TSU's accredited academic programs. The facility must support the restoration of critical documentation and artifacts in the African American Art and Heartman Collections as well as the Barbara Jordan archives; digitization of archives and collections; and expansion of online databases.

**DESCRIPTION / JUSTIFICATION:**

1) The Summer Academy has become an integral part of access to the University under the new admission's standard. This summer's Academy brought in 280 students and saw 200 complete the program to enroll this fall. The other 80 students have been referred to the 2+2 program developed with area community colleges.

This exceptional item funding would allow the Texas Southern University Summer Academy to enhance those program components that directly affect the Academy's new primary objectives: one, to increase enrollment, and two, to provide more students with an opportunity to participate in academic programming that would increase the likelihood of college level success. This supplemental funding would permit the following augmentations: Marketing and Promotions; Educational Outreach; Hiring additional faculty with expertise in math, reading, and writing; Hiring additional academic advisors and counselors, academic labs support staff, and a data analysis manager; provide Peer Mentors and Student Tutors.

2) The Texas Summer Academy was established in the year 2000 with state appropriation of \$500,000. In the current 2012-2013 biennium, the special item is appropriated \$328,125 in each year of the biennium.

3) Formula funding for this special item is not applicable.

4) The special item receives non-general revenue source of funding from Title III grant in the amount of \$ 420,851 -\$450,000, in FY2012 – FY2013, respectively. The university anticipates same amounts for FY2014-FY2015.

5) Without the additional legislative funding, the Academy would have a greater challenge meeting its goals of increased participation levels, and reaching those students who could most benefit from academic programming that increases the likelihood of college level success.

**DESCRIPTION / JUSTIFICATION:**

1) Texas Southern has signed a 2+2 agreement with Houston Community College to allow students to seamlessly transfer to TSU. This exceptional item request will support scholarships for 500 transfer students in the new program to ensure their retention and graduation.

As we prepare to meet the goal of State Of Texas- Closing the Gap to produce new college graduates by 2015, the pathway between community colleges and TSU will take on an increasingly vital role. The exceptional item will help to clear a path to have success in recruiting and enrolling transfer students. The transfer process supports the state's need for more students with the baccalaureate degree.

- 2) This is a new special item request without prior years funding.
- 3) Formula funding for this special item is not applicable.
- 4) There are no non-general revenue sources of funding.
- 5) Without the requested funding, greater numbers of students are at risk for not being able to get the baccalaureate degree for lack of funding. Community colleges are very popular among students and parents who are anxious to extend their desire for higher education but faced with rising four-year college tuitions. Community colleges also attract students from underserved groups in greater numbers and thus make it difficult for them to enroll in four year colleges without some assistance. If there is no funding, we will lose a large number of students who have the potential to earn the baccalaureate degree.

B. Assessment of Fiscal Year 2010 - 2011 Efforts to Meet HUB Procurement Goals

**Attainment:**

The agency did not attain or exceed the applicable statewide HUB procurement goals in Fiscal Year 2010.  
 The agency attained or exceeded four of six of the applicable statewide HUB procurement goals in Fiscal Year 2011.

**Applicability:**

The Heavy Construction goal was not applicable to Fiscal Year 2010.  
 The Building Construction and Other Services were contracted with Non-HUB's in Fiscal 2010.

**Factors Affecting Attainment:**

The agency awarded most of its PC's and software from Non-HUB's utilizing the DIR Contracts in Fiscal Year 2010.  
 The agency Information Technology Department staff were outsourced to SunGard.  
 The agency awarded its temporary contract to Core Staff.

**"Good-Faith" Efforts:**

Texas Southern University made the following good faith efforts to comply with the statewide HUB procurement goals in accordance with the Texas Gov't Code 2161.252 and Texas Admin Code 111.14  
 Assisting HUB vendors with opportunities to meet with TSU staff  
 The agency verifies HUB's are contacted for every major contract opportunity.  
 Most of the agency contracts are now being processed in house.  
 The agency awarded the JOC contract to 5 HUB Contractors .

USE OF HOMELAND SECURITY FUNDS

This narrative provides justification for combined activities of the Department of Homeland Security grants Petrochemical Transportation Security and Development of a Petrochemical Incident Location System.

A. SALARIES & WAGES. Support for one Center Director and one full time Graduate Research Assistant are covered. Funds also covered additional project need based personnel for summer research efforts. Partial support for the projects Principal Investigators is also represented.

B. Other Personnel Costs. Fringe benefits apply to all TSU employees. For budget purposes herein, fringe benefits for principal investigators, associates, research associates and faculty researchers are calculated as 26.5% for years one and two. Calculated fringe for students is 15%.

C. EQUIPMENT. Costs included the purchase of computers to facilitate the general day to day operations and administration of the Homeland Security grants.

D. TRAVEL. The Department of Homeland Security Science and Technology Directorate of which these grants fall requires travel to Washington, DC for 2-3 directors meetings a year to give project status and updates as well as receive operational information with regard to grant administration. A yearly Summit is required travel for the center director, principal investigator and one graduate student.

E. OTHER COSTS. Other costs included consultant fee for data identification and collection and a summer research award to identify commodity flow patterns in the Houston area.

F. Grants. The current rate and basis of indirect costs is 47% Modified Total Direct Costs.

Special Item: 1 Thurgood Marshall School of Law

(1) Year Special Item: 1985

(2) Mission of Special Item:

The mission of the special time for the Thurgood Marshall School of Law is to improve the bar exam passage rates through the improvement of teaching, learning, student support services and specialized legal skills training . This mission has remained the same from the time of the inception of the program.

(3) (a) Major Accomplishments to Date:

Improved the bar passage rate, helped to establish and develop an array of clinic programs which have taught lawyer skills to hundreds of students, and helped the law school to provide legal services to the Houston and greater Texas communities. Additions in academic enhancements and support programs. Additions to faculty numbers.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Continued improvement of the bar exam passage rates. Additions to the academic support programs and additions to faculty members.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Formula Funding:

N/A

(6) Non-general Revenue Sources of Funding:

(7) Consequences of Not Funding:

If the item is not funded the following would happen: (1) Accreditation will be impacted; (2) ABETS standards would not be met; (3) Bar Exam Passage rates will be lowered; (4) impact the required legal skills training for students and services provided to the underserved

Special Item: 4 School of Education

(1) Year Special Item: 1981

(2) Mission of Special Item:

Enhance the program, processes and products in the four departments of the COE. The department are 1) Curriculum and instruction 2) Counseling; 3) Educational Administration and Foundations; and 4) Health and Kinesiology.

(3) (a) Major Accomplishments to Date:

Achieved regional SACS and hired additional faculty to support educator preparation programs. Preparing for national (NCATE) accreditation at the candidate level for Educator Preparation Program and upgrading infrastructure and faculty.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

The COE will secure national accreditation from, NCATE, refine program offerings, and increase the productivity of faculty and complete upgrades for counseling program. The completion of a candidate and program assessment system will be used to respond to NCATE, NCLB and other state policy mandates.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Formula Funding:

N/A

(6) Non-general Revenue Sources of Funding:

None

(7) Consequences of Not Funding:

National accreditation efforts will be hampered and refinements to educator preparation programs will have to be delayed or cancelled thereby impacting the ability of the COE to produce quality teachers, counselors, and administrator. Efforts to secure CACREP accreditation would be halted due to limited fiscal resources. Presently the Counseling laboratory, increased faculty hires, and faculty development investments would not lead to national recognition

Special Item: 5 Mickey Leland Center

(1) Year Special Item: 1992

**(2) Mission of Special Item:**

The Leland Center exists to continue the legacy of the late Congressman Mickey Leland by providing leadership development and training; and by expanding opportunities for students to conduct research, analyze public policy, experience our city, state and national legislative process first hand and participate in international study abroad programs and projects. The Leland Center also serves as a conduit for University faculty and students to interact with the community to create collaborative programs and forums that seek solutions to enduring critical problems concerning hunger, extreme poverty, diversity, conflict resolution and reconciliation.

**(3) (a) Major Accomplishments to Date:**

(2009-2010)

Four (4) TSU students successfully completed Mickey Leland Congressional Internships in Washington D.C. during the spring semester. Fifty-six (56) students successfully completed semester long Texas Legislative Internships assigned to offices in the Texas State Legislature. An additional (15) TLIP interns from the Thurgood Marshall School of Law completed semester long internships at the Texas Supreme Court (2), the Texas Court of Criminal Appeals (2), the Texas Attorney General's office (2), the Commission on Indigent Defense (1), the State Agency on Administration of Justice (1) and the Innocence Project (2) in New York City. In 2009 twenty (20) students participated in the Mickey Leland International Enhancement Program studied abroad in Tanzania and Zanzibar, Africa.
