

LEGISLATIVE APPROPRIATIONS REQUEST
For Fiscal Years 2014 and 2015

*Submitted to the
Governor's Office of Budget, Planning and Policy
and the Legislative Budget Board*

by

The Texas A&M University System Offices

October 16, 2012

Agency Name:

Texas A&M University System Office

This is to certify that the information contained in the agency Legislative Appropriations Request filed with the Legislative Budget Board (LBB) and the Governor's Office of Budget, Planning and Policy (GOBPP) is accurate to the best of my knowledge and that the electronic submission to the LBB via the Automated Budget and Evaluation System of Texas (ABEST) and the PDF file submitted via the LBB Document Submission application are identical.

Additionally, should it become likely at any time that unexpended balances will accrue for any account, the LBB and the GOBPP will be notified in writing in accordance with Article IX, Section 7.01 (2012-13 GAA).

83rd Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

710 Texas A&M University System Administrative and General Offices

The Texas A&M University System is one of the largest systems of higher education in the nation, with a statewide network of 12 universities, seven state agencies and a comprehensive health science center. A&M System members educate nearly 123,000 students and reach another 22 million people through service and outreach programs each year. With more than 28,000 faculty and staff, the A&M System has a physical presence in 250 of the state's 254 counties and a programmatic presence in every one. In 2011, externally funded research expenditures exceeded \$780 million to help drive the state's economy.

Each of the members of the A&M System has its own mission, history and goals. Together, they strive to provide educational programs, outreach and community enhancement services as well as research that will improve the lives of people in Texas and beyond.

- More than one in five students in a public university in Texas is enrolled in an A&M System Institution.
- A&M System students received about \$247 million in scholarships and grants annually.
- The A&M System awarded 26,112 degrees in FY 2011.
- The A&M System's faculty include recipients of the Nobel Prize, National Medal of science, Pulitzer Prize, World Food Prize and Wolf Prize, as well as Members in the National Academy of Sciences and the National Academy of Engineering.

Role of the System Offices

The System Offices provide strategic leadership, performance, accountability and compliance assessment, and centralized support services to member institutions. The A&M System recognizes that its member institutions and System Offices are accountable for meeting and exceeding expectations set forth by the Governor, the Legislature, and the Board of Regents.

In operational terms, the members' first duty in these challenging times is to fulfill their core responsibilities by providing students with a high-quality, affordable education, by conducting basic, applied and commercializable research and by providing services that improve the daily lives of Texans. The System fulfills its statutory and constitutional fiduciary responsibilities by encouraging coordination, collaboration and cost-sharing among its members and by constantly searching for ways to improve efficiencies and reduce administrative costs by consolidating expertise and taking advantage of economies of scale. In short, the System Offices are responsible for finding ways to help System members fulfill their missions with greater efficiency, effectiveness and innovation. Over the last several months, the A&M System has implemented several initiatives in an effort to improve system-wide operations.

Beginning September 1, 2012, the A&M System renegotiated the contract for pharmacy benefits management which will result in savings of \$6.5 million in the first year due to improved contract terms. Additionally, the group health insurance program was rebid, and the new contract will result in a savings of \$1.7 million annually. The A&M System will consolidate its group health insurance offerings into a single A&M Care Plan to avoid issues such as selection bias which can occur when multiple plans are offered. Employees will see a decrease in their monthly premiums ranging from 20 to 42 percent.

In July 2012, the A&M System released the recommendations of a management review of the System Offices in an effort to improve efficiency and effectiveness by identifying changes to business practices, organizational structures, staffing, and expenditures. The report identified a number of areas in which TAMUS can eliminate redundant positions, improve customer service, cut costs and increase efficiency. Many of the recommendations have already been implemented while others are in progress. Implementation of the over 50 recommendations could result in the net reduction of 161 positions and annual savings of approximately \$19.4 million systemwide.

After several years of study and planning, TAMUS began implementing plans for a new Office of Sponsored Research Services (OSRS) in fiscal 2012. OSRS is fully

Administrator's Statement

Automated Budget and Evaluation System of Texas (ABEST)

710 Texas A&M University System Administrative and General Offices

funded by assessments on System members based on their sponsored research activity. The creation of the OSRS added about 125 positions to the System Offices in fiscal 2012. Despite the fact that its establishment increased administrative costs for the System Offices, the new office allowed TAMUS to reduce its system-wide administrative costs; the savings are estimated to be \$9 million per year system-wide. As part of the management review recommendations, the System Offices established a new state agency code for the OSRS to provide greater accountability and to ensure that that it achieves its targets for improved efficiency.

In June 2012, the A&M System was awarded a contract to develop one of three U.S. Department of Health and Human Services Centers for Innovation in Advanced Development and Manufacturing. The \$285.6 million contract includes an initial investment of \$176.6 million from the federal government and a commitment of \$40 million from the State of Texas. The Center will utilize rapid and flexible approaches to: (1) develop and manufacture vaccines to protect against pandemic influenza; (2) provide therapies in the event of chemical, biological, radiological, and nuclear threats; (3) perform advanced development, accelerating vaccines and other biosecurity products through pre-clinical and clinical development, leading to licensure; and, (4) train the next generation of professionals in areas required to sustain this national capability, including process engineering, pharmaceutical manufacturing, veterinary sciences, quality, and regulatory affairs.

The total impact of all the above actions results in a leaner more efficient System Office. The overall System Offices operating budget decreased by 9.1 percent between fiscal year 2012 and fiscal year 2013 and the net decrease in FTE positions was 22.5 FTEs. If the additional positions associated with the Center for Innovation in Advanced Development and Manufacturing (CIACM) are excluded, the decrease in System Offices FTEs was 34.6. Despite these reductions, the System Offices continues to provide the same level of leadership and service to our member institutions and agencies.

Texas A&M University System-wide Funding Issues and Needs

Base Funding – Our highest priority is funding the basic, on-going operations of our institutions and agencies. Given current economic conditions, we request that the Legislature maintain our institutions' and agencies' base funding and put any new funds into the formulas to fund the costs of providing education and support for the additional students enrolled since the last base period, and to fund the facilities costs of our institutions and agencies.

Incentive Funding – We support increased accountability and performance incentives through outcomes-based funding; however, base funding, including enrollment growth through the current formulas, should be funded first.

Higher Education Group Health Insurance – We request funding to cover any increases in employees and retirees enrolled in our group health insurance program and increases in health care costs. Additionally, we request funding to restore some increment of the differential funding level for our employees as compared to the state employees in the ERS group insurance plan.

Student Financial Aid – Increased support for student financial aid is vitally important for our students and families. However, since it is a method of paying for tuition and fees and does not increase much needed funding for the universities, we request any increase in financial aid not be made at the expense of formula funding.

Student Success – Student success in higher education is essential to the economic and social well-being of Texas. Research has identified the practices that will help students -- especially those who are first generation, arrive underprepared or have financial challenges -- stay motivated and succeed in higher education. The Texas A&M System institutions have many successful student success programs in place using many of these best practices; however, we need to do more to help more students succeed. Throughout the System we are requesting funding for enhancing our existing programs and expanding our efforts in helping Texas students to complete their undergraduate education. The requested programs are designed to increase student retention each year and improve graduation rates of undergraduate students. If Texas is to close the gaps in educational attainment, then the institutions must provide the support and attention students need to succeed.

Administrator's Statement

Other Matters:

Background Checks: As authorized by state law (Education Code and Government Code) and federal law (Fair Credit Reporting Act), The Texas A&M University System conducts pre-employment criminal history background checks on all finalists for System Office positions. Current System Office employees are also subject to periodic criminal history background checks. Prospective and current employees have the opportunity, in accordance with applicable law, to request, receive, review, and correct information collected as a result of these criminal history background checks.

10 Percent Reduction: The System Offices applied the 10 percent reduction in Schedule 6 across our strategies in 5 percent increments. These measures, if implemented, would result in a reduction in operational costs and funding for scholarships for students.

Rider Revisions: The rider revisions and additions requested in Schedule 3.B. are submitted on behalf of, and with the support of, each member of the A&M System. In addition, we believe there is a consensus among the other Texas public systems and institutions of higher education in support of the requested revisions. The revisions, each of which includes an explanation, serve the general purposes of clarifying legislative intent, eliminating unnecessary or redundant requirements, or aligning the rider with relevant statutes.

Federal Healthcare Reform: The A&M System estimated costs associated with healthcare reform legislation in FY14 & 15 for the following:

1. Provision of health coverage for dependents up to age 26 – Additional employer contributions required plus trended claims costs
2. Provision of preventive services with no cost sharing – BCBS actuaries estimated initial year, adjusted for enrollment and trend for future years
3. Patient-Centered Outcomes Research Institute Fee – \$2.00 per year per participant
4. Restrictions on over-the-counter items for healthcare Flexible Spending Accounts – Current FSA annual election amounts less reduction for \$2,500 cap times 8% reduction for over-the-counter items times 7.65% FICA savings reduction
5. Restriction on healthcare Flexible Spending Account annual election amount of \$2,500 – FICA savings reduction for those who historically had an annual election greater than the \$2,500 cap

3.B. Rider Revisions and Additions Request

Agency Code: 710	Agency Name: Texas A&M University System	Prepared By: State Relations	Date: 8/16/2012	Request Level: 1
Current Rider Number	Page Number in 2012-13 GAA	Proposed Rider Language		
Art. IX, Sec. 9.03	IX-43	<p>Sec. 9.03. Biennial Operating Plan and Information Resources Strategic Plan Approval. It is the intent of the Legislature that agencies and institutions of higher education receiving appropriated funds for the acquisition of information technology must have a current Information Resources Strategic Plan and a Biennial Operating Plan including any amendments as approved by the Legislative Budget Board prior to expending any funds for information technology. Information Technology items identified in the Capital Budget Rider must be included and approved in the Biennial Operating Plan <u>required by Section 2054.100, Government Code</u> or a subsequently approved amendment of the Biennial Operating Plan. The Legislative Budget Board may direct the Comptroller to deny the agency or institution of higher education access to information technology appropriations for non-compliance <u>with Section 2054.100, Government Code.</u></p> <p><i>The proposed change eliminates an unnecessary restatement of the statutory requirement for a Biennial Operating Plan and corrects the reference to institutions of higher education in regard to the requirement for an Information Resources Strategic Plan, a statutory requirement from which institutions of higher education are exempt under Section 2054.095 and Chapter 2056, Government Code.</i></p>		
Art. IX, Sec. 11.01	IX-48	<p>Sec. 11.01. Limitation on Use of Funds for Personal Residences.</p> <p>(a) Out of appropriations made by this Act, expenditures exceeding an aggregate amount of \$25,000 for the biennium beginning on September 1, 2011, may not be made for purchasing, remodeling, or repairing of any one particular personal residence or living quarters unless the expenditures are:</p> <p style="margin-left: 40px;">(1) (A) required by court order; (B) will result in increased safety, significant net cost savings, or prevention of substantial waste; or (C) are specifically identified in a Capital Budget in this Act; and</p> <p style="margin-left: 40px;">(2) the Governor and Legislative Budget Board have approved the expenditure.</p> <p>(b) The Texas Facilities Commission shall report all expenditures <u>of funds appropriated by this Act</u> exceeding an aggregate amount of \$25,000 for the biennium for purchasing, remodeling, or repairing any one particular personal residence or living quarters to the Legislative Budget Board.</p> <p><i>The proposed change in Subsection (b) makes it consistent with Subsection (a) and clarifies that the report</i></p>		

3.B. Rider Revisions and Additions Request (continued)

		<p><i>required of the Texas Facilities Commission, as a detail, limit, or restriction on the use of appropriated funds, relates only to the use of appropriated funds. In addition, the Texas Facilities Commission does not exercise general jurisdiction over the purchase, remodeling, or repair of facilities of institutions of higher education.</i></p>
Art. IX, Sec. 7.05	IX-37	<p>Sec. 7.05. Contract Notification: Amounts Greater than \$500,000.</p> <p>(a) In this section "contract" includes:</p> <p style="padding-left: 40px;">(1) a contract, agreement, purchase order, interagency contract, interlocal agreement, or other written expression of terms of agreement or an amendment, modification, renewal, or extension of such for the purchase or sale of goods or services that was entered into or paid for, either in whole or in part, by a state agency or institution of higher education during a fiscal year, which has a value of more than \$500,000; or</p> <p style="padding-left: 40px;">(2) a series of contracts, agreements, purchase orders, interagency contracts, interlocal agreements, or other written expressions of terms of agreement, or amendments, modifications, renewals, or extensions of such for the purchase or sale of goods or services that was entered into or paid for, either in whole or in part, by a state agency or institution of higher education during a fiscal year which together total in value an amount greater than \$500,000 and involving both:</p> <p style="padding-left: 80px;">(A) a single entity or individual; and</p> <p style="padding-left: 80px;">(B) a state agency or institution of higher education.</p> <p>(b) In this section a contract does not include a contract that has been reported to the Legislative Budget Board:</p> <p style="padding-left: 40px;">(1) under §§ 2054.008, 2166.2551, 2254.006, or 2254.0301, Government Code; or</p> <p style="padding-left: 40px;">(2) Sec. 7.04 of this Article; or</p> <p style="padding-left: 40px;">(3) <u>a contract paid only with funds not appropriated by this Act.</u></p> <p>(c) Before October 1 of each fiscal year, a state agency or an institution of higher education shall report to the Legislative Budget Board in the manner prescribed by the Legislative Budget Board all contracts to which the agency or institution was a party during the prior fiscal year.</p> <p><i>The proposed change clarifies that, as a limitation on the expenditure of appropriated funds, the rider applies only to contracts paid with appropriated funds. The proposed change conforms the rider to the similar requirements of Section 7.04(b)(6) relating to contracts for amounts greater than \$50,000.</i></p>
		<p>Sec. 11. Method of Financing Scholarships.</p> <p>1. Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic teaching institutions and of the</p>

3.B. Rider Revisions and Additions Request (continued)

		<p>health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of Education Code § 56.031 to § 56.039, cited as the Texas Public Educational Grants Program.</p> <p>2. Copies of such approved allocations together with copies of rules and regulations adopted by the respective governing boards concerning the award of such scholarships shall be filed with the Coordinating Board and with the Comptroller prior to the disbursement of any moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.</p> <p><u>32.</u> No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.</p> <p>43. Out of the additional funds appropriated for the 2012-13 biennium for the informational strategy described as "Scholarships," the respective governing boards shall allocate and expend such funds for need-based student scholarships regardless of the race, sex, color, or ethnicity of the student recipient.</p> <p><i>The proposed change conforms the rider to a statutory change enacted by Section 9.01(b) S.B. 5, 82nd Legislature, R.S., 2013, repealing Sec.56.034, Education Code effective September 1, 2013. The repealed section was the source of the information described in the omitted provision of the rider.</i></p>
<p>Art. III, Sec. 55</p>	<p>III-247</p>	<p>Sec. 55. Community College Transfer Student Reporting Requirement. All General Academic Institutions shall use their respective Education and General funds appropriated in this Act to develop and submit an annual report to the Texas Higher Education Coordinating Board (THECB) that details the institution's goals to increase the number, success, and persistence of community college transfer students as measured by THECB. The report shall assess each institution's existing academic and technical transfer pathways, identify each institution's barriers to transfer, and define emerging issues. The report shall detail institution actions to serve current and future transfer students through local and regional articulation agreements with faculty collaboration, community college program enhancements, student outreach and advising, website information development, targeted financial aid, university student success programs, and degree program alignment.</p> <p><u>For all general academic institutions, the</u> THECB shall provide performance data by institution (application rates, admission rates, financial aid awarded, time-to-degree, and baccalaureate graduation rates) of transfer and native students by program completion at community colleges and universities during the preceding fiscal year. The THECB shall conduct a comparative analysis of the institutional reports and the performance data. The THECB shall submit an annual report to the Legislature that evaluates actions to increase the number, success, and persistence of community college transfer students and make recommendations to meet state goals.</p> <p>The report shall be delivered to the House Appropriations Committee, the Senate Finance Committee, the Legislative Budget Board and the Governor by November 1 of each year.</p>

3.B. Rider Revisions and Additions Request (continued)

		<i>The proposed change recognizes that the Coordinating Board collects the information described in the first paragraph without the necessity of the described report, making a separate report unnecessary.</i>
Art. IX, Sec. 7.07	IX-38	<p>Sec. 7.07. Reporting Fees, Fines, and Penalties.</p> <p>(a) Before November 1 of each fiscal year, each state agency and institution of higher education (including a community or junior college) shall report to the Legislative Budget Board in the manner prescribed by the Legislative Budget Board all fees, fines, and penalties assessed <u>the revenue of which are required to be deposited in the state treasury for appropriation</u> and all <u>such</u> fees, fines, and penalties assessed but not collected by the agency or institution-during the prior fiscal year.</p> <p>(b) Each report made under this section shall detail the effort made by the reporting state agency or institution of higher education to collect fees, fines, and penalties that are more than ninety days past due.</p> <p><i>The proposed change clarifies that, as a limitation on the use of appropriated funds, the rider applies only to revenue that is deposited in the state treasury for appropriation.</i></p>
Art. III, Sec. 50	III-245	<p>Sec. 50. Report Concerning Designated Tuition.</p> <p>(a) Not later than January 1, 20142, the governing board of each public institution of higher education that charges students designated tuition under § 54.0513, Education Code, shall use the appropriations in the Act to report to the legislature, for the 2010-2011<u>2012-2013</u> and 2011-2012<u>2013-2014</u> academic years:</p> <ol style="list-style-type: none"> (1) the amount the institution has collected in designated tuition; (2) the purposes for which the institution spent the money derived from designated tuition and the amount of that money spent for each of those purposes; and (3) the amount set aside from designated tuition for resident undergraduate and graduate student assistance under §§ 56.011 and 56.012, Education Code and how these amounts are allocated under the following categories. <ol style="list-style-type: none"> (a) grants (b) scholarships, (c) work-study programs, (d) students loans, (e) and student loan repayment assistance. <p>(b) In addition to the information reported under Subsection (a), not later than January 1, 2012, the governing board of each institution of higher education shall report to the legislature the total academic cost for resident undergraduates enrolled for 15 semester credit hours. The information reported shall be derived from actual fee bills for the 2010 fall semester and the 2009 spring and fall semesters and must reflect the actual charges, before any adjustments or discounts are applied for waivers, exemptions, or other discounts, in the following categories:</p>

3.B. Rider Revisions and Additions Request (continued)

		<p>(1) statutory tuition; (2) designated tuition; (3) mandatory fees; and (4) average college and course fees, which must include all academic-related fees and charges not reported under (1), (2), or (3), such as fees for laboratories, field trips, multimedia, equipment replacement, and instructional technology, but should not include charges for voluntary services "optional fees").</p> <p>(e) Reports required by this section shall be delivered to the Lieutenant Governor, the Speaker of the House, the chair of the Senate Finance Committee, the chair of the House Appropriations Committee, and the members of the Legislative Oversight Committee on Higher Education.</p> <p><i>Section (b) of the Report Concerning Designated Tuition is redundant as the information is previously captured in the Texas Higher Education Coordinating Board's IFRS system and available online, making a separate report for that purpose unnecessary.</i></p>
<p>Art. III, Sec. 57</p>	<p>III-247</p>	<p>Sec. 57. Online Degree Plans.</p> <p>(a) Using funds appropriated by this Act, not later than August 1, 2012, each public institution of higher education receiving appropriations under this Act shall submit to the Higher Education Coordinating Board a study of the costs making available online four of the institution's most popular degree plans, as determined by the institution. Each institution's reported cost study must include the methodology used for the cost study and an explanation for each expense listed in the study.</p> <p>(b) The coordinating board shall use new and existing data, including performance measures, ongoing research studies, and survey data, to evaluate probable student outcomes for online degree plans identified by the institutions. The coordinating board shall:</p> <p style="padding-left: 40px;">(1) analyze and compare all reported cost studies under this section and corresponding student outcomes to determine the most efficient and effective of the proposed online degree plans among these institutions generally; and (2) notify each institution of its conclusions.</p> <p><i>The proposed change eliminates a reporting requirement for a one-time study by institutions and the Texas Higher Education Coordinating Board.</i></p>

B. Assessment of Fiscal Year 2010 - 2011 Efforts to Meet HUB Procurement Goals

Attainment:

The Texas A&M University System exceeded 3 of the 6, or 50%, of the applicable statewide HUB procurement goals in FY 2010. The Texas A&M University System exceeded 3 of 6, or 50% of the applicable statewide HUB procurement goals in FY 2011. The goal for the Heavy Construction category was not considered in FY 2010/2011 because \$ 0.00 were expended.

Applicability:

The majority of reportable expenditures for the Texas A&M University System (710) fund the large construction projects of the A&M System, which are managed by the Facilities Planning and Construction Department. For FY 2010 and 2011, 99% reportable expenditures were in the Building Construction category. The Heavy Construction category is not expected to have reportable expenditures, therefore "not applicable" is used for the goal.

Factors Affecting Attainment:

The geographical location of some A&M System members can minimize HUB availability. HUB certification and the availability of qualified HUB subcontractors are also factors that affect attainment. Considerable progress has been made when comparing past HUB goal results. Results were 23.1% for FY 2008- state average 13.5%, 24.27% for FY 2009 - state average 14.5%, 31.32% for FY 2010 - state average 15.91%, and 31.92% for FY 2011 - state average 14.46%.

"Good-Faith" Efforts:

- * The A&M System HUB Procurement Office provides resources through their website to help HUBs seek contract opportunities.
- * Participation in HUB related focus groups such as the HUB Discussion Work Group and The Texas University HUB Coordinator Alliance (TUHCA).
- * Participation in economic opportunities and conferences hosted by state agencies, HUB associations, and minority trade organizations. Also

support to organizations such as TAMACC, TAAACC, HCA, BCA and minority business councils/centers.

* Provide on-site visits through specialized forums that match prospective HUB vendors with key procurement personnel.

* Initiatives to improve HUB participation in construction projects include matching potential subs through the Mentor/Protégé Program.
