CERTIFICATE

Agency Name Tarleton State University

This is to certify that the information contained in the agency Legislative Appropriations Request filed with the Legislative Budget Board (LBB) and the Governor's Office of Budget, Planning and Policy (GOBPP) is accurate to the best of my knowledge and that the electronic submission to the LBB via the Automated Budget and Evaluation System of Texas (ABEST) and the bound paper copies are identical.

Additionally, should it become likely at any time that unexpended balances will accrue for any account, the LBB and the GOBPP will be notified in writing in accordance with Article IX, Section 7.01 (2010-11 GAA).

Mrs. Ida Clement Steen (San Antonio, TX) – 2011
Mr. Cresencio Davila, Student Regent (San Antonio, TX) - 2011

Tarleton State University was founded in 1899 as John Tarleton Agricultural College. Tarleton joined The Texas A&M University System in 1917 and has been accredited by the Southern Association of Colleges and Schools since 1926. In 1949, the Legislature changed the name of the school to Tarleton State College. The Texas Legislature recognized the institution as Tarleton State University in 1973. In 2003, Tarleton received approval from the State to offer its first doctoral degree program.

The main campus, located in Stephenville, is 65 miles southwest of Fort Worth, and features outside malls, open space, and beautifully landscaped grounds, creating a friendly and inviting campus climate. The architectural integrity of red brick buildings and green roofs is maintained campus-wide. The newest campus buildings include a 300 bed student residence hall, Dairy Research Center, and Nursing Building.

In 1999, the Texas Higher Education Coordinating Board approved Tarleton as the host and support institution for the State's first University System Center, located in Killeen. In September 2009, Tarleton State University-Central Texas reached its enrollment goal and became Texas A&M University-Central Texas (TAMUCT). We are proud to have been part of the effort to create a new university. Until TAMUCT is able to obtain its own regional accreditation, its programs are covered under Tarleton's accreditation umbrella and it remains reliant on Tarleton for support of many administrative functions such as the awarding of financial aid, sharing of computing resources, a common student information system, and combined business/financial reconciliation processes.

Tarleton continues to do its part in meeting the "Closing the Gaps" participation goals by serving the citizens of North Central Texas at several locations throughout its service area including Fort Worth (the Southwest Metroplex Center and the Terrell School of Medical Laboratory Science), Granbury (Dora Lee Langdon Cultural and Educational Center), Thurber (W.K. Gordon Center and Museum for Industrial History of Texas), and Waco (McLennan Community College's University Center).

VISION and CORE VALUES

Tarleton's vision is "Empowering generations and inspiring discovery, leadership and service through programs of distinction in a vibrant learning community." Our core values are Civility, Integrity, Global Awareness, and Engaged Learning.

IMPERATIVES

Tarleton imperatives are:

- Excel in Scholarship, Teaching and Learning by facilitating innovative teaching, developing additional professionally recognized programs, increasing professionally recognized scholarship, and supporting student engagement in research and creative activities.

ADMINISTRATOR'S STATEMENT

PAGE: **2 of 6**

Agency code: **713** Agency name: **Tarleton State University**

- Expand Our Horizons by growing enrollment; developing a culture that values diversity and global awareness; and enhancing internships, practicum experiences, and study away opportunities;
- Encourage Leadership, Service and Student Success by increasing service learning and leadership opportunities and expanding student opportunities to contribute to a global society.
- Extend Our Reach by expanding our geographic impact.

STUDENTS

Historically, Tarleton has served the needs of a rural, first-generation college population. In FY 2009, 59% of the baccalaureate graduates were classified as “first generation” graduates. As the University's mission has broadened, its service population has become more diverse, serving growing numbers of students from urban settings and historically under represented populations. In fall 2009, the University's student body of 8,598 included representatives from 218 Texas counties, 46 states and 24 countries. Tarleton is more than a regional university. It is making an international impact.

In addition to serving a diverse student body, Tarleton has been named as one of the top military friendly schools in the nation by GI Jobs magazine. Tarleton was recognized as one of the top 15 percent of colleges, universities and trade schools in the nation that do the most to enhance US veterans as students. There has been a 30% increase in students applying for veteran benefits in the last year.

Tarleton's Student Government Association plays a significant role in campus affairs, while the Student Programming Association plans and coordinates campus entertainment and extracurricular activities. Tarleton has a well-defined and balanced athletics program for student-athletes. Student-athletes compete as members of the NCAA Division II and Lone Star Conference in 12 different sports (7 women's and 5 men's). Tarleton's Rodeo Association has been part of a winning tradition since 1947, winning the national championship six times and 16 individual national championships.

GROWTH

Tarleton has experienced a 39% enrollment growth since 2000. Fall 2010 applications for first-time in college students are up 23%. Fall 2010 transfer applications are up 31%. In the past five years, our Hispanic and Black student enrollment has increased by 57%. The most rapid growth is occurring in the Southwest Metroplex and the McLennan Community College University Center outreach areas. A university priority is to develop outreach programs. Additional funding is needed to respond to this increase and to meet “Closing the Gaps” goals.

SIGNIFICANT CHANGES IN POLICY AND ORGANIZATION

Recently, the College of Agriculture and Human Sciences was renamed the College of Agricultural and Environmental Sciences (COAES) in a strategic step to broaden the academic and research mission of the university. Also, the Texas Institute for Applied Environmental Research (TIAER) merged with the COAES creating a new college research direction and also provide the opportunity to offer an environmental agriculture doctoral degree.

Tarleton's commitment to access and student success is illustrated by the creation of the new Division of Enrollment and Information Management. Coordination among recruiting, admissions, registration, financial aid, and scholarships has been enhanced by service centralization. Also, Tarleton has made the commitment to promote student achievement through locating the “Student Success” department within this division. Student Success areas include Academic Advising Services, Academic Support Programs, Student Assessment Services, Student Disability Services, Student Success Programs, and Upward Bound. These offices promote all aspects of student success from ensuring enrollment in correct classes to seeing that proper support is provided through tutoring and other support programs. A key element in the reorganization has been the inclusion of the departments of Information Technology Services and Institutional Research within this division. These two areas provide the

ADMINISTRATOR'S STATEMENT
82nd Regular Session, Agency Submission, Version 1

TIME: **1:28:25PM**
PAGE: **3 of 6**

Agency code: **713** Agency name: **Tarleton State University**

technology support to efficiently manage and promote student enrollment and success. Evidence of Tarleton's efficient enrollment management process is noted by the fact that Tarleton possesses one of the highest first-time in college admitted student to enrollment percentages (56%) in the State of Texas as reported by the Texas Higher Education Coordinating Board. Partnerships with public schools and community colleges are also stressed. This new division illustrates Tarleton's desire to increase persistence and graduate rates.

SIGNIFICANT CHANGES IN PROVISION OF SERVICE

Eighty-three percent of all new population growth in the next ten years will occur in five North Central Texas counties, namely Dallas, Denton, McLennan, Tarrant and Williamson. Tarleton has been offering courses and programs in several of these counties for more than 30 years. Shared space is being utilized in the Waco area. In the past 5 years, Tarleton has noted a 147% increase in semester credit hours in Southwest Metroplex area courses and a 161% increase in semester credit hours produced by Waco courses. To accommodate rapid growth and to meet "Closing the Gaps" targets, facility needs exist in both the Southwest Metroplex and Waco.

Tarleton has increased its online course offerings to allow place-bound and time-bound students the opportunity to complete degrees. Currently, seven master's degrees are offered online. A number of undergraduate degree completion programs are targeted for implementation in fall 2011. Approximately 50% of students enrolled in summer 2010 were taking one or more online courses.

Tarleton has identified four community colleges as its "top academic partners." Each of these four colleges have been targeted through a memorandum of understanding to provide deliberate transition advising and support programs for students who intend to transfer, program specific articulation agreements to maximize course transfer, financial aid and library consortium agreements and Tarleton course work made available within a close geographic proximity to these community colleges. These colleges include McLennan Community College, Tarrant County College System, Weatherford College and Hill College.

A university priority is to be classified as a Hispanic Serving Institution. An enrollment management plan is in place to help us achieve this goal. From fall 2008 to fall 2009, Hispanic undergraduate enrollment increased by 19%. One minority recruitment and retention effort has been funded through a National Science Foundation grant that targets Science, Technology, Engineering, and Math (STEM) areas. The Program to Increase College Opportunities and Success (PICOS) is designed to increase the number and retention of Hispanic, first-generation, economically disadvantaged students in STEM programs. Last summer, a residential, all girls engineering camp for 9th and 10th graders was held on campus (sponsored by the Texas Higher Education Coordinating Board). This summer, a residential camp was held for 10th and 11th graders (sponsored by the Texas Workforce Commission). Hispanic participation has increased by 85% since PICOS began in fall 2007 and the retention rate has ranged from 79% to 100%.

Tarleton received a \$1.25 million National Science Foundation grant, "The Central Texas 2-STEP," to attract students to STEM fields and to retain and graduate those students with degrees in science, technology, engineering or mathematics. Tarleton partners with the Texas Bioscience Institute, Temple College and Texas A&M University-Central Texas. Females and minorities constitute a significant presence at the Texas Bioscience Institute (TBI), where enrollment is approximately 60% female and 50% minorities. An agreement also provides internship opportunities with Scott & White Healthcare.

STUDENT SUCCESS

A top priority at Tarleton is to increase persistence and graduation rates. The University has implemented a number of related initiatives.

Tarleton has initiated centralized advising services, serving over 13,000 students from October 2008 through June 2010. Advisors seek to match students with the assistance needed for academic success. Results from studies by the National Survey of Student Engagement (NSSE) and Noel-Levitz reveal that Tarleton students view

ADMINISTRATOR'S STATEMENT
82nd Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

DATE: **8/6/2010**
TIME: **1:28:25PM**
PAGE: **4 of 6**

Agency code: **713** Agency name: **Tarleton State University**

their academic advisement statistically superior to comparable peers.

Tarleton's Upward Bound program assists with recruitment, retention and graduation. It is designed to target high school students who likely would not pursue higher education. Over 90% of the program participants have enrolled in college. The fall to fall retention rate is 79% and the six-year graduation rate is 72%.

Supplemental Instruction (SI) is available to students through peer-assisted study sessions. Research shows that Tarleton students who participate in SI earn on the average a letter higher final grade than those who do not participate. SI participants are also less likely to fail or withdraw from a course.

A new degree evaluation system has been implemented that allows closer monitoring of student progress, thereby aiding with increased retention and graduation rates. Also, an improved software tool will enable professors to more quickly report students who are having academic difficulty. These students can then be offered additional academic support services, increasing their ability to complete a degree.

A key element in promoting student success is the connection of classroom learning with practical, job-related experiences that occur outside of the classroom. This connection is being promoted through Tarleton's Quality Enhancement Plan, "Keeping It REAL" (Real-world Experiences Applied to Learning). This initiative promotes the inclusion of applied learning experiences into the students' baccalaureate education. Five key applied learning experiences associated with the program include service, leadership, internships, research, and study abroad/away.

FUNDING ISSUES AND NEEDS

- 10% General Revenue-Related Based Reduction

Tarleton's budget reduction plan requires the university to make difficult, yet strategic cuts, providing an opportunity to align our university priorities and focus on mission-related programs and activities. Tarleton will meet its requirement by implementing greater efficiencies along with reductions; however, our plan does not require the use of university reserves. Some opportunities for greater efficiency include:

- combining departments in order to reduce administrative personnel;
- completing the Central Utility Loop, improving utility use;
- standardizing computer software;
- reviewing our copier leasing; and
- educating the campus community on ways to reduce university operating costs.

While these efficiencies will save the university a significant amount of money, additional cuts and reductions are required in order to meet the 10% reduction:

- Operations and Maintenance reductions identified in FY 2010 and FY 2011.
- Eliminate 15-20 FTE.
- No merit increases for employees.
- Possible elimination of programs.
- Cut Special Item [Tarleton Outreach; Agriculture Center; and Environmental Research and Texas Institute for Applied Environmental Research (TIAER)]. Funding that has been integrated into university operational budgets. We are experiencing our most rapid growth in our outreach areas. Budget reductions will impact our ability to provide access to affordable public higher education in one of the most rapidly growing areas of the state. Budget reductions to our Agriculture Center will severely limit our ability to offer a technologically up-to-date curriculum in agricultural and environmental sciences; restrict partnerships with Texas AgriLife Research and Extension, public schools and community college districts, and other state institutions. Every dollar of reduction in funding for TIAER is a dollar of outside funding lost. For every

ADMINISTRATOR'S STATEMENT
82nd Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

DATE: **8/6/2010**
TIME: **1:28:25PM**
PAGE: **5 of 6**

Agency code: **713** Agency name: **Tarleton State University**

dollar invested by the State of Texas, TIAER has brought in another dollar from other sources. In addition to training students at all levels on emerging environmental issues, these programs are on the cutting edge of new technologies and skills needed across the state and nation.

Additional general revenue reductions to formula funds would result in a reduction in direct student services and academic programs. A reduction would hamper our ability to ensure student success and place students at a disadvantage in the marketplace.

- **ARRA Funding for Programs:** For the 2010-11 biennium, Tarleton received ARRA funding for General Revenue Replacement (\$1,274,872) and Incentive funding (\$1,629,326). Incentive Funding is used for student success programs, student disability services, and computers for general student and specialized computer labs. Tarleton students deserve a quality education and programs that will ensure their retention and success, which will be hindered significantly without ARRA or general replacement funds in the 2012-13 biennium.

TUITION REVENUE BOND

- **Instructional and Student Success Space Renovation (\$36.3M).** Funds will assist in modernizing and updating core curriculum instructional spaces and centralizing student success initiatives in order to increase student retention, assist in recruiting new students, and to create secure environments that enhance learning for all students. This project will also result in improved energy efficiency.

EXCEPTIONAL ITEMS

- **Tarleton Outreach:** This item assists Tarleton in providing higher education opportunities in one of Texas' most rapidly growing regions, especially for women and minorities. Tarleton has outreach centers in the Southwest Metroplex and in Waco at the McLennan Community College (MCC) University Center. We are the lowest cost upper level and graduate degree provider in the Southwest Metroplex, and provide more than 90% of the SCH at the University Center in Waco. In the Southwest Metroplex, 75% of our students are women, and 25% are minorities. At the MCC University Center, 65% of our students are women and 27% are minorities. Tarleton has a new opportunity to serve the citizens of Ellis and surrounding counties. We are working with Navarro College and Texas A&M University-Commerce to develop a Multi-Institutional Teaching Center (MITC) in Midlothian. Additional funds are needed to support demands for expanding current programs.

- **Tarleton Agriculture Center:** This item supports the Tarleton Agriculture Center's and the Texas Institute for Applied Environmental Research's joint effort to establish a Bioenergy Recovery Research and Education Center. The Center will provide teaching, student and faculty research and outreach in solar, wind, methane, ethanol, algae and biodiesel energy technologies. Funds will be used to hire scientists, policy experts, graduate assistants, and undergraduate student workers; purchase equipment and supplies; and establish a Bioenergy Recovery Facility. This item will assist in funding research and other related activities at Tarleton's Southwest Regional Dairy Center.

- **Tuition Revenue Bond (TRB) Debt Service:** This request is for State funding of the debt service associated with our requested TRB. Funding this request will allow Tarleton to support the debt service associated with an instructional and student success space renovation project without having to divert or reallocate educational funds.

HIGH PRIORITY REQUESTS OF THE TEXAS A&M UNIVERSITY SYSTEM:

Base Funding: Our highest priority is funding the basic, on-going operations of our institutions and agencies. Given current economic projections, we request the Legislature preserve our institutions' and agencies' base funding as much as possible, putting any new funds into the formulas to fund the additional students enrolled since the last base period and to fund the facilities costs of our institutions and agencies. We request that you maintain the current formula methodology for the general academic institutions in order to provide stability and equity for all institutions during uncertain economic times.

ADMINISTRATOR'S STATEMENT
82nd Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

DATE: **8/6/2010**
TIME: **1:28:25PM**
PAGE: **6 of 6**

Agency code: **713**

Agency name: **Tarleton State University**

Incentive Funding: We support increased accountability and performance through incentive/performance funding; however, base funding through the current formulas needs to be funded first. The metrics used for any incentive funding methodology should show evidence of furthering state goals: for example, the current incentive funding methodology allocates funding based on numbers and rates of graduations, thus aligning with the state goal of producing more graduates.

Higher Education Group Health Insurance: We request funding to cover increases in health care costs and enrollments and to maintain at least the current proportional funding ratio for the A&M System Insurance Plan to the ERS group insurance plan: 95% of the rate provided for state employees in the ERS plan.

Student Financial Aid: Support for student financial aid is important. However, as important as financial aid is for students and their families, it is a method of paying for tuition and fees and does not increase much needed funding for the universities.

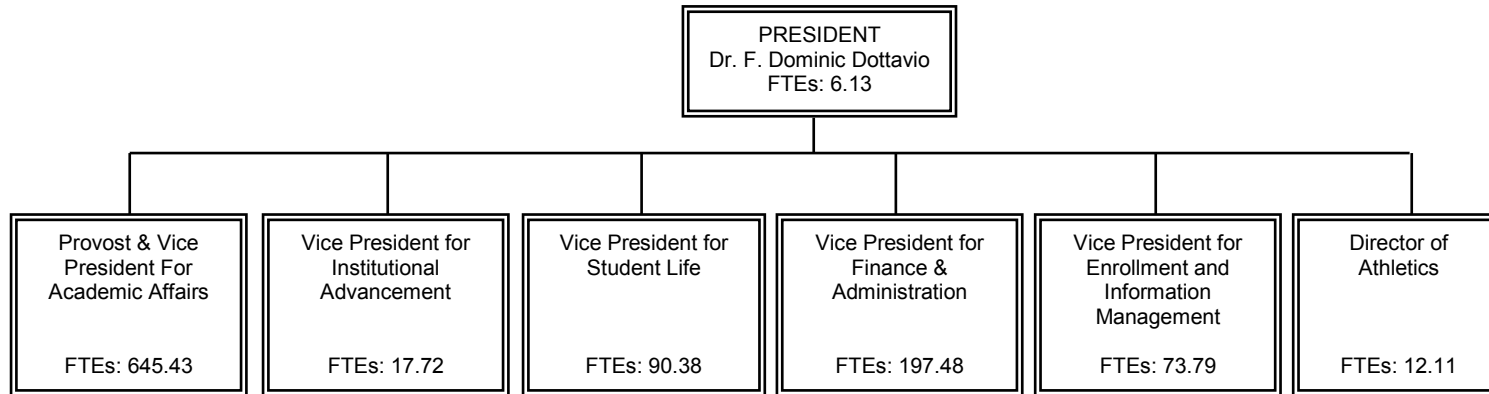

Five Percent Reduction for 2010-2011 Biennium: The A&M System institutions and agencies resolved to manage the 5% reduction so as to minimize its adverse effect on base programs: students, research and public service; and they have done so. If the Legislature is able to restore any of these funds in the next biennium, the commitment of our institutions and agencies is to strategically designate these replacement funds.

Further Budget Reductions: If further 2012-2013 biennium funding reductions are necessary, we request: 1) the Legislature preserve higher education's current proportional share of GR appropriations; and, 2) make reductions in equal proportions across all sectors of higher education. If additional budget reductions are necessary, the A&M System institutions and agencies will carry out their core missions and responsibilities faithfully and well within the resources provided. That is our commitment to our students, their parents, and the taxpayers of Texas.

TARLETON EMPLOYEE BACKGROUND CHECKS

Pursuant to Texas Government Code Chapter 411, Subchapter F; Texas Education Code § 51.215; and The Texas A&M University System policy 33.99.14, Tarleton is entitled to obtain criminal history background information pertaining to an applicant for employment in a security-sensitive position. All Tarleton staff, faculty and student employees employed in positions deemed security sensitive are subject to a background records check.

TARLETON STATE UNIVERSITY

Academic Affairs ensures the university's academic standing as a comprehensive, fully accredited regional university with outstanding academic programs at the undergraduate and graduate levels, including a limited number of doctoral programs. The Division is committed to building and sustaining faculty excellence in teaching, scholarship, creative activity and service with teaching foremost among these.

Institutional Advancement pursues overall advancement of the University through positive institutional relationships with varying internal and external constituencies; establishes, cultivates, and maintains a network of volunteers and supporters in order to provide additional human and capital resources to complement the institutional mission; and provides high quality promotional and instructional support services for the campus.

Student Life provides to the university and to the students: 1) programs, services, and activities that enhance student learning, growth & development; 2) programs and services that support the successful retention and graduation of students; 3) an awareness and understanding of the various and diverse campus cultures in order to encourage a sense of support, caring, and friendliness by students, faculty and staff; 4) financial, physical, technological and human resources of the division and its departments; 5) a division assessment and evaluation process that promotes continuous improvement by modification or development of programs, services and activities.

Finance & Administration supports and enhances the University's educational areas of instruction, research and service. The division serves the needs of the students, faculty and staff by providing high quality services through effective cost-efficient support programs; effective management, accountability, and budgetary control; up-to-date computing and network infrastructures; fair and equitable employment, training, and compensation/benefits for our employees; and by providing a clean, safe and modern campus environment.

Enrollment and Information Management supports institutional planning, assessment, policy analysis and decisions leading to institutional effectiveness; supports student success programs and strategies that attract and retain a population of students who meet the university's overall and programmatic goals for growth, quality, and diversity; and provides students, faculty and staff with tools necessary to function effectively and efficiently through the use of information technology resources.

Athletics provides quality instruction, guidance, leadership opportunities and appropriate NCAA competition for all student-athletes.

-------------	--------------------	-----------------	-----------------	-----------------	----------------	----------------

STRATEGY DESCRIPTION AND JUSTIFICATION:

To provide a minimum level of funding for instruction and operations support. Funding will assist the university in achieving its mission of providing an academically challenging educational experience through effective teaching, scholarship, research and service which enables students to pursue and acquire understanding, knowledge, and skills necessary for establishing successful careers and becoming responsible citizens and leaders. Functional activities associated with this strategy include Faculty Salaries, Departmental Operating Expense, Instructional Administration, Library, Research, Institutional Support, and Student Services.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

1. Demand for new programs
2. State and Federal regulations
3. Accreditation requirements
4. Increased state and federal reporting requirements
5. Increases in enrollment
6. Increasing cost of supplies and equipment
7. Low faculty salary structure

CODE DESCRIPTION Exp 2009 Est 2010 Bud 2011 BL 2012 BL 2013

The University's Agricultural Center encompasses 11 different enterprises, providing comprehensive, essential support to approximately 1,676 agricultural students and the three academic agricultural departments at Tarleton. This support includes (1) directly hosting in excess of 30 laboratories with over 60 sections enrolling 1,676 students per year; (2) offering of the largest career development events in the nation, bringing in excess of 12,000 potential high school students to Tarleton's campus; and (3) hosting numerous public service events for the State Dairy and Farm Show, State 4-H Roping School, and numerous other activities, including educational seminars, short courses, competitive events, fund raising activities, and cooperative research activities with other agricultural organizations. The Agricultural Center has hosted over 15,000 Tarleton visitors in 2009-2010 with its myriad of activities in addition to its service as the primary agricultural laboratory for both undergraduate and graduate students at Tarleton, with the State's third largest agricultural enrollment. This strategy also includes the university swimming pool. It is used for lifeguard training, community relations, students, faculty, and staff recreation, and summer programs. Approximately 6,000 people use this pool yearly. Due to the number of activities conducted not directly related to instruction, the Agricultural Center and swimming pool generate income but cannot be totally self supporting.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

1. Continued interest of citizens in agricultural programs.
2. Availability of skilled personnel to conduct programs.
3. Support of the Agriculture degree program.
4. Limitations of pool size and related facilities.

------	-------------	----------	----------	----------	---------	---------

The purposes of these outreach initiatives are as follows: (1) expand citizens' access to affordable higher education in underserved growing regions within Tarleton's traditional service area; and (2) strategically position Tarleton State University to reach the enrollment targets set by The Texas A&M University System and The Texas Higher Education Coordinating Board.

Tarleton's outreach centers in the Southwest Metroplex and Waco at the McLennan Community College (MCC) University Center provide upper level and graduate degree programs in one of the State's most rapidly growing regions. Tarleton is the lowest cost provider in the Southwest Metroplex, and produces over 90% of the semester credit hours at the MCC University Center. The University Center provides the only option for public higher education in Waco.

In the past five years, Tarleton has experienced a 147% increase in semester credit hours (SCH) in the Southwest Metroplex and a 161% increase in SCH in Waco.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Tarleton's outreach initiatives are designed to assist in providing higher education opportunities to a population needing educational access which enhances the employment opportunities for those earning the undergraduate and graduate degrees.

Located in Killeen, the Tarleton University System Center-Central Texas (Tarleton-CT) was the first university system center created by the State of Texas using the Pathway Model. This model was approved by the Texas Higher Education Coordinating Board, and was designed to provide higher education opportunities in fast-growing geographical areas where opportunities for public postsecondary education are not readily available. In spring 2009, full-time student equivalent enrollment targets prescribed in state statute were met, allowing Tarleton-CT to transform into Texas A&M University-Central Texas effective September 1, 2009.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

State statute enrollment guidelines were met in Spring 2009 resulting in the creation of Texas A&M University-Central Texas from the former Tarleton State University-Central Texas effective September 1, 2009.

** Funding references for FY2009 include Tarleton-Central Texas which became TAMU-Central Texas effective 9-1-2009

Section 87.004 of the Texas Education Code provides that the Texas Institute for Applied Environmental Research shall do the following:

1. Conduct applied research on environmental issues that have public policy implications.
2. Provide a setting for environmental studies that focus on interface between government and the private sector.
3. Provide national leadership on environmental policy.
4. Establish interdisciplinary programs with public or private institutions of higher education, governmental agencies or private entities to develop and implement new policies, technology, strategies, relationships, and sources of funding.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

1. Institutional priorities in The Texas A&M University System; changes in agency strategic plans; university budgeting.
2. Governmental environmental initiatives, economic exigencies; changing societal values.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Tarleton Agriculture Center has been a vital part of the State of Texas and The Texas A&M University System and has made numerous contributions to the development and refinement of processes beneficial to the safety and well-being of the agricultural resources available to Texas citizens. As one of the largest university agriculture programs in the state, the Center provides valuable field experience activities for students. New funds will support the maintenance of the certified compost analysis program and the development/implementation of alternative animal waste management strategies for confined animal feeding operations (dairy, swine, etc.). Tarleton will work closely on these projects with the USDA, TxDOT, TNRCC, EPA, TSSWCB, and the TAMUS agriculture program.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Enhances the TAMUS agricultural complex for Erath and surrounding counties thereby furthering the states' objective to maintain its national preeminence in numerous areas of agriculture. Also, advances the goal of modern technology in agriculture.

** Funding references for FY2009 include Tarleton-Central Texas which became TAMU-Central Texas effective 9-1-2009

CODE	DESCRIPTION	Exp 2009	Est 2010	Bud 2011	BL 2012	BL 2013
------	-------------	----------	----------	----------	---------	---------

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

The SBDC program was created by an act of Congress in 1978. The enabling legislation requires that the recipient organization match the Small Business Administration (SBA) and the Defense Logistics Agency (DLA) provided funds on a one-for-one basis. The US Department of Commerce (USDOC) requires a two-for-one match for the Texas Manufacturing Assistance Center (TMAC) program. Texas Tech University, which is the regional service center for Tarleton's SBDC program, has a requirement to match \$683,481 in SBA funding for the SBDC program, \$302,315 in USDOC funding, and \$131,131 in DLA funding each year to continue to provide services to the small businesses of the 95 county service area.

Although it is obvious that a loss of Line Item funding will prohibit the SBDC in acquiring or expanding the new programs, there are other consequences. If the State of Texas does not fund this program, then an equal amount of funding will be lost from federal and local sources. This massive funding decrease would result in a major reduction in program services and would cause the NWT SBDC to:

- Serve 3,000 - 4,000 fewer clients.
- Assist 300 - 400 fewer new business starts, expansions and saves.
- Serve 6,000 - 9,000 fewer seminar attendees.
- Assist in the creation of 1,500 - 2,000 fewer new jobs.

These reductions would have a domino effect and would impact Tarleton's SBDC program as well, since it is part of the Northwest Texas Regional network.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The State of Texas established the Research Development Fund (Texas Education Code, Chapter 62, Subchapter E) as a way to provide funding to promote increased research capacity at eligible academic teaching institutions. The continued allocation of this fund would greatly enhance Tarleton's ability to meet its three-fold mission of teaching, research, and service, as well as THECB's Closing the Gaps research goals.

DESCRIPTION / JUSTIFICATION:

Funding will support expanding existing outreach programs and initiating new programs to meet demands for higher education by citizens in locations where Tarleton offers classes:

- Southwest Metroplex Center (SMC): For 30 years, Tarleton has offered classes and programs in the Dallas/Fort Worth Metroplex area. Our medical laboratory sciences program in Fort Worth is the state's largest preparatory program for medical laboratory professions and has been in place since 1978. In 2001, Tarleton began offering its alternative teacher certification program, a collaborative effort with Fort Worth Independent School District. In 2005, Tarleton implemented the Southwest Metroplex initiative, an aggressive baccalaureate completion program in partnership with Weatherford and Tarrant County Colleges, and master's degree programs to serve these communities. Tarleton now offers 37 graduate, undergraduate and certification programs at the SMC.
- McLennan Community College (MCC) University Center: For the past 6 years, Tarleton has participated as a four-year partnership with the MCC University Center. Tarleton provides 90% of the semester credit hours delivered by four-year institutions at the University Center. Tarleton offers 32 graduate, undergraduate and certification programs at the MCC University Center.
- Planned new outreach site: Multi-Institution Teaching Center (MITC) to increase access to public higher education for citizens of Ellis County. The MITC is a collaborative development by Tarleton, Texas A&M University-Commerce, Navarro Community College and citizens of the greater Midlothian community.

CODE DESCRIPTION

Excp 2012

Excp 2013

For the citizens of Texas, a primary value of this initiative is to increase the number of affordable, upper level baccalaureate degree completion programs and master's degree programs for working adults and community college transfer students in one of the state's most rapidly developing regions.

Increased funding will support expanding and initiating programs, hiring additional faculty and staff, expanding classroom space, increased travel expenses, and providing additional computer hardware/software, office support space, and electronic teaching and library materials.

Tarleton outreach initiatives strategically position the university to reach the enrollment targets set for it by The Texas A&M University System and the Texas Higher Education Coordinating Board (THECB).

DESCRIPTION / JUSTIFICATION:

Agriculture Center exceptional item funding will support the Tarleton Agriculture Center (TAC) and Texas Institute for Applied Environmental Research (TIAER) joint effort to establish a Bioenergy Recovery Research and Education Center. The Center will provide teaching, student and faculty research and outreach in solar, wind, methane, ethanol, algae and biodiesel energy technologies.

Funding will be used to hire economists, computer scientists, policy experts, scientists and engineers to develop practical, equitable, and economical solutions to environmental concerns facing Texas; develop cutting-edge technologies; and conduct related research. This item will also assist with research to be conducted at Tarleton's new Southwest Regional Dairy Center.

EXTERNAL/INTERNAL FACTORS:

This collaborative effort between the Tarleton Agriculture Center and the Texas Institute for Applied Environmental Research will help meet the need for a trained bioenergy workforce by providing research/management experience for at least 10 graduates each year.

This project will deliver millions of dollars of cost-savings to taxpayers by replacing onsite testing by field personnel with rapid watershed assessment using satellite technology.

The collaboration also supports the State's renewable energy programs through demonstration, field proofing and enhancement of three new, commercially feasible bioenergy applications to convert agricultural and municipal waste products to renewable energy.

4.A. EXCEPTIONAL ITEM REQUEST SCHEDULE
 82nd Regular Session, Agency Submission, Version 1
 Automated Budget and Evaluation System of Texas (ABEST)

DATE: **8/6/2010**
 TIME: **1:33:44PM**

Agency code: **713**

Agency name:
Tarleton State University

CODE	DESCRIPTION	Excp 2012	Excp 2013
	Item Name: Tuition Revenue Bond (TRB) Deb Service		
	Item Priority: 3		
	Includes Funding for the Following Strategy or Strategies: 02-01-02 Tuition Revenue Bond Retirement		
OBJECTS OF EXPENSE:			
2008	DEBT SERVICE	3,156,081	3,156,081
	TOTAL, OBJECT OF EXPENSE	\$3,156,081	\$3,156,081
METHOD OF FINANCING:			
1	General Revenue Fund	3,156,081	3,156,081
	TOTAL, METHOD OF FINANCING	\$3,156,081	\$3,156,081

DESCRIPTION / JUSTIFICATION:

Request for State funding of the debt service associated with the requested TRB: Instructional and Student Success Space Renovation (\$36.3M).

Tarleton needs to modernize and update the spaces where core curriculum instruction and students success initiatives are housed in order to increase enrollment, foster student engagement, and increase retention and graduation rates.

The exceptional item request would allow Tarleton to support the debt service associated with its TRB project, without having to divert or reallocate educational funds, which are already lacking. This project will assist Tarleton in meeting the Closing the Gaps targets related to participation and success.

EXTERNAL/INTERNAL FACTORS:

B. Assessment of Fiscal Year 2008 - 2009 Efforts to Meet HUB Procurement Goals

Attainment:

The agency attained or exceeded two of six categories for the applicable statewide HUB procurement goals in both 2008 and 2009. Two of the procurement categories had zero expenditures. Specialized HUB forums are held with purchasing staff and university departments. The HUB Coordinator serves as a founding member of the Texas Universities HUB Coordinator Alliance. The university co-sponsors an annual Economic Opportunity Forum to promote doing business with HUB vendors. The HUB Coordinator will continue to attend Economic Opportunity Forums and Spot Bid Fairs that are designed to increase HUB utilization; encouraging HUB vendors to apply for State certification and providing assistance in the application process. All employees are required to take an on-line HUB training course. Additional HUB training is provided as part of the procurement card training for employees delegated purchasing authority, and those employees are required to repeat the training every two years.

Applicability:

Large construction projects are managed by the Facilities Planning and Construction department of The Texas A&M University System.

Factors Affecting Attainment:

Departments are delegated purchasing authority for expenditures less than \$2,000. The Purchasing department bids out all goods and services and utilizes the State Centralized Master Bidders List for all purchases greater than \$2,000. The university solicits more than the required number of HUBS on each solicitation.

Monthly progress reports are issued to each appropriate administrator that provide management information on total monthly expenditures in relation to expenditures with HUB vendors. The CEO receives a comprehensive progress report for the university, which is reviewed by the President's Council.

All university personnel are tasked the responsibility of identifying potential HUB vendors and providing this information to the HUB Coordinator. The HUB Coordinator is responsible for contacting potential vendors, explaining the HUB program, and assisting the vendor in the certification process.

** Funding references for FY2009 include Tarleton-Central Texas which became TAMU-Central Texas effective 9-1-2009

6.A. HISTORICALLY UNDERUTILIZED BUSINESS SUPPORTING SCHEDULE

82nd Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

Date: 8/6/2010
Time: 10:46:46AM

Agency Code: 713 Agency: Tarleton State University

There are a limited number of vendors for professional and other services within a reasonable proximity to the agency. Pricing received from HUB vendors is often considerably higher, and many HUB vendors do not respond to Bids and Requests for Offer/Proposal.

"Good-Faith" Efforts:

Tarleton State University has implemented the good-faith procedures required by 1 TAC, Section 111.13(c), Annual Procurement Utilization Goals. The University has implemented measures to promulgate the use of HUB vendors. The university's planned "good faith effort" includes the utilization of HUB vendors to the extent permitted by law for each procurement category, monitoring HUB expenditures and reporting HUB expenditures to appropriate university personnel on a monthly basis, and requiring HUB training for all employees authorized to purchase goods and services on behalf of the university. Tarleton is working with the DFW Hispanic Contractors Association, DFW Black Contractors Association, Tarleton's Small Business Development Center, and other minority/small business development councils in order to promote opportunities for HUB vendors.

** Funding references for FY2009 include Tarleton-Central Texas which became TAMU-Central Texas effective 9-1-2009

6.I 10 PERCENT BIENNIAL BASE REDUCTION OPTIONS
 82nd Regular Session, Agency Submission, Version 1
 Automated Budget and Evaluation System of Texas (ABEST)

Date: 8/6/2010
 Time: 10:56:17AM

Agency code: **713** Agency name: **Tarleton State University**

Item Priority and Name/ Method of Financing	REVENUE LOSS			REDUCTION AMOUNT			TARGET
	2012	2013	Biennial Total	2012	2013	Biennial Total	
Item Comment: For every dollar invested by the State of Texas, the Texas Institute of Applied Environmental Research (TIAER) has secured another dollar from other sources. Based on history, TIAER can be predicted to more than double the funds appropriated by the Legislature, and continue to expand valuable research and academic activities. In addition to training students at all levels in emerging environmental issues, these programs are on the cutting edge of new technologies and skills needed across the state, nation, and over the entire world. Funding not only brings in additional outside dollars for research, it is critical in addressing higher education needs and water quality issues in Texas. Reductions in funding will compromise and reduce research in this important area.							
Strategy: 3-2-1 Institute for Applied Environmental Research							
<u>General Revenue Funds</u>							
1 General Revenue Fund	\$99,746	\$99,746	\$199,492	\$99,746	\$99,746	\$199,492	
General Revenue Funds Total	\$99,746	\$99,746	\$199,492	\$99,746	\$99,746	\$199,492	
Item Total	\$99,746	\$99,746	\$199,492	\$99,746	\$99,746	\$199,492	
FTE Reductions (From FY 2012 and FY 2013 Base Request)							
4 Reduced institutional enhancement							
Category: Programs - Service Reductions (FTEs-Layoffs)							
Item Comment: Incentive funding reductions will severely curtail Tarleton's ability to respond to enrollment growth and various student success initiatives. Initiatives such as meeting enrollment target goals set by the Texas Higher Coordinating Board in the plan, Closing the Gaps, will be difficult to achieve without this funding. Programs that are designed to assist with student success will be curtailed resulting in increasing the difficulty in achieving improvements in retention and graduation rates.							
Strategy: 3-4-1 Institutional Enhancement							
<u>General Revenue Funds</u>

Time: 11:12:21AM
Page: 1 of 10

Agency Code: 713 Agency: **Tarleton State University**

Special Item: 1 Tarleton Outreach

(1) Year Special Item: 2008

(2) Mission of Special Item:

The mission of these outreach initiatives focuses on the following: (1) expand citizens' access to affordable higher education in underserved growing regions within Tarleton's traditional service area; and (2) strategically position Tarleton State University to reach the enrollment targets set by The Texas A&M University System and The Texas Higher Education Coordinating Board.

(3) (a) Major Accomplishments to Date:

- In the past five years, Tarleton has experienced a 147% increase in semester credit hours (SCH) in the Southwest Metroplex and a 161% increase in SCH in Waco.
- In the fall 2009 semester, 755 students took classes in the Metroplex (an increase of 18% over fall 2008). Tarleton offers 10 graduate degree programs, 21 undergraduate degree programs, and 8 certification programs at this site.
- In fall 2009, 632 students were taking classes in Waco (an increase of 17% over fall 2008). Tarleton offers 7 graduate degree programs, 13 undergraduate degree programs, and 2 certification programs in Waco at the University Center on the McLennan Community College campus.
- Lowest cost upper level and graduate degree provider in the Southwest Metroplex.
- Produce over 90% of the semester credit hours at the McLennan Community College University Center. The University Center is the sole provider of public higher education in Waco.
- Southwest Metroplex demographics show 75% of students are women, and 25% are minorities.
- Waco enrollments note 65% of our students are women and 27% are minorities.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

- Tarleton's outreach initiatives will continue to assist in providing higher education opportunities to populations needing educational access
- Increased higher education enrollment
- Continued growth in higher education participation among a diverse student population
- Enhanced employment opportunities for those earning undergraduate and graduate degrees from these outreach sites
- Support in meeting Closing the Gaps goals and objectives

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Non-general Revenue Sources of Funding:

Designated and statutory tuition, and other fee revenues.

(6) Consequences of Not Funding:

SCHEDULE 11: SPECIAL ITEM INFORMATION
82ND REGULAR SESSION
Automated Budget and Evaluation System of Texas (ABEST)

Date: **8/6/2010**
Time: **11:12:28AM**
Page: **2 of 10**

Agency Code: **713** Agency: **Tarleton State University**

Tarleton will not be able to support the high growth rate of these outreach sites and provide affordable opportunities to a diverse population in this area would be limited. The clientele served within this population includes non-traditional working adults not currently afforded upper-level, public education opportunities. Many of these students are unable to pursue educational opportunities away from homes and places of employment. A lack of support will hinder development of new degree programs offered at these sites and decrease options for students desiring to pursue higher education opportunities. New initiatives such as those cooperative efforts with Navarro College and Texas A&M University-Commerce in Midlothian to serve students in Ellis and surrounding counties may be delayed or not have available funds to pursue.

Automated Budget and Evaluation System of Texas (ABEST)

Date: 8/6/2010
Time: 11:12:28AM
Page: 3 of 10

Agency Code: 713 Agency: **Tarleton State University**

Special Item: 2 Central Texas Center: University System Center-Central Texas

(1) Year Special Item: 2000

(2) Mission of Special Item:

The original mission of the University System Center is to provide an academically challenging educational experience which enables its students to acquire the knowledge and skills they need to succeed as productive citizens in the 21st century. The current mission of Special Item funding to Texas A&M University – Central Texas is to provide funding to increase enrollment, hire additional tenure-track faculty, hire additional student and administrative support staff, provide scholarship opportunities to students, and lease additional space for anticipated enrollment growth through the transition period.

(3) (a) Major Accomplishments to Date:

- Tarleton State University System Center-Central Texas (Tarleton-CT), located in Killeen, TX, was the first University System Center created by the State using the Texas Higher Education Coordinating Board's (THECB) Pathway Model.
- On September 1, 2009, Texas A&M University - Central Texas evolved from the former Tarleton-CT as the state mandated threshold of exceeding 1,000 FTSE was achieved in spring 2009.

Other major accomplishments since Fall 2007 include:

- The institution began operations as Texas A&M University – Central Texas in fall 2009
- 8 tenure track faculty were added in FY 2010 for a total of 20 overall
- 21% FTSE increase and 17% headcount increase from Fall 2008 to Fall 2009
- 13% FTSE increase and 24% headcount increase from Spring 2009 to Spring 2010
- Increased class sections
- Increased online class offerings
- Updated and increased classroom technology
- Increased library holdings
- Provided scholarships to approximately 1,610 students

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Not applicable as the institution began operations as Texas A&M University – Central Texas in fall 2009.

(4) Funding Source Prior to Receiving Special Item Funding:

Tarleton State University has received Special Item funding for the System Center since FY 2000 to provide access to higher education to the Central Texas region.

(5) Non-general Revenue Sources of Funding:

The former University of Central Texas contributed \$6.2 million for initial operations in 1999 and 2000.

Special Item: 3 Environmental Research: Texas Inst for Applied Env Research-TIAER

(1) Year Special Item: 1992

(2) Mission of Special Item:

In accordance with Section 87.004 of the Texas Education Code, TIAER conducts scientific research, economic inquiry, and institutional, statutory and regulatory analysis to address pressing environmental issues facing the state and nation, and assists public entities in the development and implementation of policies that promote environmental quality while maintaining a viable economy. In pursuing these objectives, TIAER seeks to involve all affected interests through open research forums. These forums draw together elected officials, agency personnel, researchers, and affected interest group representatives to define key issues, focus research activities and develop proposed solutions. This approach aids the development of practical, equitable, and economically feasible solutions to environmental concerns. TIAER works for the development of practical, equitable, and economically feasible solutions to environmental concerns.

(3) (a) Major Accomplishments to Date:

- Developed nationally recognized water quality Nutrient Trading Tool.
- Developed the Planned Intervention Microwatershed Approach (PIMA). The Texas Legislature adopted PIMA as the approach the state will follow to address water quality issues in agriculture.
- Delivered to the Environmental Protection Agency (EPA) and Congress a new set of mathematical models that simulate policy options including environmental improvement and the cost of adopting new policies.
- Worked in developing a producer certification option to implement the Bosque River Total Maximum Daily Load (TMDL).
- Operated 1,000,000 acre Bosque River watershed as an outdoor laboratory to be used by state and federal agencies; the Bosque River watershed is the most intensive water quality monitoring program in the country.
- Implemented Industry-Led Solutions program nationwide for agriculture and the environment. This is the first industry-led group to proactively address environmental programs nationwide.
- Outdoor laboratory was used to calibrate and validate agricultural models used to simulate alternative policy options for addressing agriculture environmental issues.
- Worked with the EPA, the USDA and Texas Commission on Environmental Quality (TCEQ) to develop watershed planning models which need to have a TMDL developed.
- Completed certification as an approved facility under the National Environmental Laboratory Accreditation Program.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

SCHEDULE 11: SPECIAL ITEM INFORMATION
82ND REGULAR SESSION
Automated Budget and Evaluation System of Texas (ABEST)

Date: 8/6/2010
Time: 11:12:28AM
Page: 6 of 10

Agency Code: 713 Agency: **Tarleton State University**

- Develop new/innovative techniques for rapid watershed assessment involving satellite imaging to determine watershed health reducing field monitoring and assessment costs saving millions of taxpayer dollars.
- Refine the Recreational Use Attainability Analysis to assist constituencies with issues related to stream quality and use.
- Develop a refined use for algae that will improve environmental quality.
- Enhance the Comprehensive Economic and Environmental Optimization Tool in several Texas watersheds and two international watersheds.
- Work with Industry-Led Solutions stakeholders to develop new policies and programs that will assist refining agriculture environmental practices.
- Continue to develop water quality standards for intermittent/ephemeral streams over several years. Current standards were put in place decades ago with minimal supporting scientific data. TIAER will involve key scientists across the country in this activity.
- Develop watershed protection plans throughout Texas, and work in conjunction with other universities/state agencies.
- Continue monitoring and data analysis in several watersheds including the North Bosque River to determine trends and linkages of water quality to load reduction measures taking place in the watershed.
- Develop new/innovative techniques for rapid watershed assessment.
- Support research at the SW Regional Dairy facility.

(4) Funding Source Prior to Receiving Special Item Funding:

State agencies, including distributions of federal grant money (1990, 1991).

(5) Non-general Revenue Sources of Funding:

FY 2002: \$1,340,000 (Federal); \$261,500 (State); \$47,000 (Private)
FY 2003: \$2,100,000 (Federal); \$492,000 (State); \$19,000 (Private)
FY 2004: \$1,300,000 (Federal); \$600,000 (State); \$0 (Private)
FY 2005: \$1,160,000 (Federal); \$1,082,000 (State); \$16,500 (Private)
FY 2006: \$882,145 (Federal); \$808,788 (State); \$66,621 (Private)
FY 2007: \$881,318 (Federal); \$671,006 (State); \$70,614 (Private)
FY 2008: \$680,000 (Federal); \$475,000 (State); \$145,000 (Private)
FY 2009: \$388,959 (Federal); \$306,916 (State); \$103,164 (Private)
FY 2010: \$485,642 (Federal); \$194,064 (State); \$367,154 (Private)

(6) Consequences of Not Funding:

If not funded, emerging environmental quality issues in Texas related to agriculture will continue to be resolved through the courts and ultimately direct regulation. TIAER is presenting new ideas to make voluntary programs more effective and keep direct regulation removed from agricultural operations. In addition to training students at all levels on emerging environmental issues, these programs are on the cutting edge of new technologies and skills needed across the state and nation. Funding not only brings in additional outside dollars for research, it is critical in addressing higher education needs and water quality issues in Texas. An additional impact for not funding this item would be that ongoing research would be curtailed. These ongoing research activities are used as the basis for soliciting outside research opportunities.

SCHEDULE 11: SPECIAL ITEM INFORMATION
82ND REGULAR SESSION
Automated Budget and Evaluation System of Texas (ABEST)

Date: **8/6/2010**
Time: **11:12:28AM**
Page: **7 of 10**

Agency Code: **713** Agency: **Tarleton State University**

Special Item: 4 **Agriculture Center: Tarleton Agriculture Center**

(1) Year Special Item: 2000

(2) Mission of Special Item:

The mission of the center is to develop, improve, and enhance programming for premier agricultural programs in teaching, research, demonstration, MIS, environment, and outreach education.

(3) (a) Major Accomplishments to Date:

- Increased the number of students accessing equine, swine, livestock, dairy, horticulture, wildlife management and golf course management programs
- Achieved certification status for the first and only Compost Analysis Laboratory in the state
- Enhanced capabilities of the popular golf course management program
- Updated the Meat Science Laboratory to continue support of this nationally recognized program
- Provided technology support of the growing wildlife management program
- Updated laboratory equipment in support of the Tarleton's agriscience teacher certification program, which is a national leader in the certification of agriculture public school teachers

(3) (b) Major Accomplishments Expected During the Next 2 Years:

- Upgrade/modernize animal feed and distribution system at Tarleton's Agriculture Center
- Continue to enhance the most productive and successful student educational and research programs at the Agriculture Center including meat science, golf course management, animal science, equine science, pre-vet medicine and agricultural teacher certification
- Bring the new Tarleton State University/Southwest Regional Dairy Center on-line as the only university dairy teaching/research/outreach facility in Texas

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Non-general Revenue Sources of Funding:

None

(6) Consequences of Not Funding:

If this item is not funded, Tarleton's role of assisting the state in maintaining its national preeminence in agricultural education would be constrained. Securing animals and equipment to populate the new dairy research center will be impeded. Many field based aspects of the program including research will be severely curtailed or eliminated. If this item is not supported, students completing related degree programs will possess less field related experiences which may limit employment opportunities and options to pursue advanced degrees. Additionally, contributions to advancements in the agriculture industry may be delayed or severely curtailed.

Agency Code: 713 Agency: **Tarleton State University**

Special Item: 5 Small Business Development: Tarleton State Univ Small Bus Dev Center

(1) Year Special Item: 2008

(2) Mission of Special Item:

The Tarleton State University Small Business Development Center (SBDC) is an outreach program of the Northwest Texas Small Business Development Center. The SBDC provides business counseling, technical assistance, training workshops, and business plan development for a nine county area (Brown, Mills, Comanche, Hamilton, Erath, Hood, Somervell, Parker, Palo Pinto, and Wise counties). Its mission is to promote growth, expansion, innovation, increased productivity and improved management for small businesses.

(3) (a) Major Accomplishments to Date:

- Provided business counseling and technical assistance to over 6,000 small business attendees
- Provided over 16,000 counseling hours to pre and existing small businesses
- Instrumental in helping to open 255 new businesses
- Involved in the creation of several hundred new jobs in the service area
- Instrumental in slowing the decline of jobs and economic opportunities in the nine rural counties it serves

(3) (b) Major Accomplishments Expected During the Next 2 Years:

- Augment and expand community outreach program in rural communities in the ten-county region
- Provide business counseling to 600 new clients
- Provide training opportunities through seminars and workshops to 500 individual within service area
- Facilitate the creation of 70 new business openings and 300 new jobs
- Establish rural satellite offices making use of technology in Bridgeport, Hamilton, and Goldthwaite. This allows rural clients the same access to SBDC services through live webcam service
- Encourage and promote procurement assistance through training businesses in our service area on the HUB certification process

(4) Funding Source Prior to Receiving Special Item Funding:

- Federal funding through the National Small Business Development Association, which is distributed on a pro-rata basis to regional SBDA centers and sub-centers.

(5) Non-general Revenue Sources of Funding:

None

(6) Consequences of Not Funding:

If this item is not funded, the Tarleton SBDC's ability to deliver basic and advanced business services and global competitiveness training to its rural service areas would be constrained, reducing its impact on the economic development of these rural communities and slowing the recovery from the current economic downturn. Support of small business development in the region served by Tarleton is critical as many businesses located in the communities within the Tarleton service area are in need of the services provided by the SBDC.

SCHEDULE 11: SPECIAL ITEM INFORMATION
82ND REGULAR SESSION
Automated Budget and Evaluation System of Texas (ABEST)

Date: **8/6/2010**
Time: **11:12:28AM**
Page: **9 of 10**

Agency Code: **713** Agency: **Tarleton State University**

Special Item: 6 Institutional Enhancement

(1) Year Special Item: 2000

(2) Mission of Special Item:

The mission of this strategy is to supplement our institution's base funding for core academic operations. The funding enables Tarleton to seek levels of program and educational excellence beyond that of fundamental provision.

(3) (a) Major Accomplishments to Date:

- Provided additional monies for merit raises to faculty and staff who consistently perform at an outstanding level
- Enhanced faculty salaries in the STEM (Science, Technology, Engineering, and Mathematics) related programs
- Enhanced library books and periodicals
- Funded student success program in areas such as academic advising and tutoring. Academic advising and tutoring serve to promote increased student retention and subsequent graduation rates
- Funded "artist in residence" program. This program exists to provide art students with a connection to the realm of the studio and gallery aspect of the business, and help them transition into the professional environment. The university artist in residence counsels students on careers in art, arranges shows, and produces original work for university purposes

(3) (b) Major Accomplishments Expected During the Next 2 Years:

- Provide more funds for faculty and staff professional development
- Provide supplemental funds for travel costs to academic and professional conferences
- Fund publication of university academic handbooks for improved learning
- Supplement departmental operations
- Fund faculty, professional, and staff salary increases due to market conditions, promotions, and equity adjustments
- Assist in funding student success initiatives

(4) Funding Source Prior to Receiving Special Item Funding:

The Institutional Enhancement special item was the result of the consolidated certain types of special items by the 76th Leg., plus the addition of an initial \$1M per year for academic enhancement purposes.

(5) Non-general Revenue Sources of Funding:

None

(6) Consequences of Not Funding:

Not funding this special item would severely impact Tarleton's ability to fund the core academic costs of the university. A reduction in these funds would negatively impact access, success, and retention of students. Enrollment targets outlined by the THECB program, Closing the Gaps, will be difficult to reach. It is likely that persistence and graduation rates will suffer as various student success initiatives would not be funded. Without funding, enhancements that have been accomplished during past fiscal years will be reduced.
