

LEGISLATIVE APPROPRIATIONS REQUEST

For Fiscal Years 2012 and 2013

*Submitted to the
Governor's Office of Budget, Planning and Policy
and the Legislative Budget Board*

by

Texas A&M University – Central Texas

**August 16, 2010
Initial Submittal**

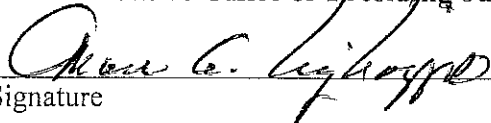

CERTIFICATE

Agency Name Texas A&M University – Central Texas

This is to certify that the information contained in the agency Legislative Appropriations Request filed with the Legislative Budget Board (LBB) and the Governor's Office of Budget, Planning and Policy (GOBPP) is accurate to the best of my knowledge and that the electronic submission to the LBB via the Automated Budget and Evaluation System of Texas (ABEST) and the bound paper copies are identical.

Additionally, should it become likely at any time that unexpended balances will accrue for any account, the LBB and the GOBPP will be notified in writing in accordance with Article IX, Section 7.01 (2010–11 GAA).

Agency code: **770**

Agency name: **Texas A&M University - Central Texas**

History

Located in Killeen and serving the Central Texas region, Texas A&M University-Central Texas (TAMUCT) became the 10th member of The Texas A&M University System (TAMUS) on May 27, 2009, when Governor Rick Perry signed Senate Bill (SB) 629. The path to stand-alone status began for TAMUCT in 1999 when the University of Central Texas (UCT), a private university, transitioned to become a System Center of Tarleton State University (TSU). TSU adopted the degree programs formerly offered by UCT so that existing students could pursue their degrees without interruption.

The System Center expanded access to affordable, upper-level undergraduate and graduate education in Central Texas, educational opportunities previously offered only by private institutions in Killeen, Belton, and Waco. In 2009, enrollment increases reached 1,000 full-time student equivalents (FTE), the threshold level required for stand-alone status. In its ten years of operation under TSU's administration, the System Center awarded approximately 4,500 baccalaureate and graduate degrees. It is upon that impressive record of service to a rapidly growing region that TAMUCT has been founded with the overwhelming support of the citizens of Central Texas.

Major accomplishments

In the thirteen months since the Legislature approved the creation of TAMUCT, TAMUS has received the transfer of 672 acres of land from the United States Department of the Army as the site for a permanent TAMUCT campus. A master plan for the new campus has been completed and the design of the first building is 75% complete. Construction will begin on a 103,000 square foot, multi-functional classroom/office building in September 2010. Sources of funding are \$25 million in Tuition Revenue Bonds (TRB's) and \$15 million from the Permanent University Fund (PUF).

Fall semester enrollments at TAMUCT grew from 1,878 in 2008 to 2,188 in 2009, a growth rate of 17%. The most conservative estimates of approximately 6% growth would produce a Fall 2010 enrollment of just over 2,300 students. However, preliminary projections indicate strong potential for double digit growth, and a Fall 2010 enrollment exceeding 2,500 students. Two of those indicators are enrollment growth from Spring 2009 to Spring 2010 of 18.3%, and from Summer 2009 to Summer 2010 of 29.7%.

With approximately 63% of the headcount growth at TAMUCT from Fall 2008 to Fall 2009 due to non-white enrollment, the university continues to demonstrate success in meeting *Closing the Gaps* goals for participation. At the same time, preliminary data for this new university also shows promise for improving student completion. The 4 year graduation rate of "first-time undergraduate transfer students" from the 2005 cohort of students initially entering through the System Center was 57% for White/ Non-Hispanic students, slightly better than the statewide average of 55%. However, the rate for African American students at TAMUCT is 62%, and for Hispanics it's 70%. In fact, 65% of baccalaureate degrees awarded at TAMUCT in 2009 (mindful again that these students entered through the System Center) were to first generation students. More extensive data will be available in the coming years, but current trends show positive progress toward improved student completion.

Significant Changes in Policy

TAMUCT is required to follow the policies of TSU until the new university receives full accreditation from the Commission on Colleges of the Southern Association of Colleges and Schools. However, TAMUCT has the ability to develop its own policies with Tarleton's cooperation and, when required, with the approval of The Texas Higher Education Coordinating Board (THECB).

For example, transfer students had been required to have official transcripts sent to the university prior to being admitted, or they would be provisionally admitted as a freshman until their transcripts were received. However, as an upper-level institution, TAMUCT is not allowed to admit freshmen. This policy affected many students who had attended several colleges and universities (especially students on active-duty in the military) because they could not get their official transcripts to the university in time to be admitted and enrolled. TAMUCT, with permission from THECB, worked out a solution that benefits all students. Under the new policy, students are provisionally admitted to the university and can enroll in classes. They are allowed to have the length of their first semester to submit official transcripts to the university. If they do not comply, they are not allowed to enroll the following semester.

Agency code: **770**

Agency name: **Texas A&M University - Central Texas**

Another notable policy change, indicative of TAMUCT's transition, addressed the designation of honors students. Under TSU's administration of the System Center, the honors distinction for students was calculated based upon each student's grade point average at the completion of sixty hours with TSU. Since all students transfer into TAMUCT, most were unable to meet the sixty hour requirement, and, consequently, TAMUCT had no honors students or graduates. After discussing the issue with TSU, TAMUCT was given permission to calculate the honors distinction on the basis of forty-five hours.

Significant Changes for the University

Until August, 2009, offices were located and classes were held in a 29,000 square foot building leased from Central Texas College (CTC), in other classrooms leased from CTC on the CTC campus, in classrooms located in a 10,000 square foot modular building leased by TAMUCT, and in classrooms made available by the Killeen Independent School District (KISD) at Shoemaker High School. Students were required to routinely commute between several locations to attend class. In July, 2009, TAMUCT entered into a favorable lease agreement with the KISD for a 100,000 square foot middle school that was being vacated by the school district. This new lease allowed some expansion and consolidation of badly needed classrooms and faculty offices, as well as the addition of a small library, a general purpose computer lab, and a student counseling center.

Construction will begin September 1, 2010, on the first building on the TAMUCT permanent campus. The approximately 103,000 square foot facility will house classrooms and offices, a bookstore, a small food court, a general purpose computer lab, and a 100 seat, multi-purpose lecture hall. In addition, 26,000 square feet of new office and classroom space will become available for lease on the CTC campus in January 2011. The new building and new CTC leasing opportunity will allow TAMUCT to transition out of leased space on the CTC campus and the leased modular building.

In addition, TAMUCT is moving aggressively to meet the needs of a highly mobile, more technologically oriented student body by creating more opportunities for students to pursue challenging and rigorous educational experiences online. TAMUCT is in the process of hiring a Course Developer and a Director of Instructional Design. These positions will become integral to the design and expansion of online courses and curricula. They will work with faculty to create user-friendly courses while helping them understand the technology requirements and course presentation techniques required to produce high quality instructional opportunities for students. A part-time Online Coordinator will begin in Fall 2010 to work with the university's largest division, the Division of Business, to expand their course offerings and to strengthen their capability of delivering both baccalaureate and graduate degrees online.

At least 30% of the university's enrollment is made up of active-duty military and their families. Expanded online course and degree offerings will produce more options for them to attend TAMUCT during overseas deployment or following a transfer to another military installation. In expanding its upper-level and graduate offerings online, TAMUCT will partner with CTC, one of the most prolific community college providers of lower-division and associate degree programs to military units around the world.

In recognition of TAMUCT's exceptional potential for serving military personnel, the university has been asked to partner with the U. S. Department of Veterans Affairs (VA) in targeting greater educational opportunity for military personnel while ensuring their successful transition into the civilian workforce. Representatives of the VA will have office hours on the TAMUCT campus and in the TAMUCT offices at Fort Hood, and they will coordinate their work with staff members from TAMUCT's offices of Military Programs and Veteran's Affairs. This is a national pilot program aligned with VetSuccess initiatives, and TAMUCT will become only the fourth university asked to participate. Two of the other university participants are San Diego State University and the University of Central Florida.

ARRA Funding

During the 2010-2011 biennium, \$80 million in ARRA funding was used by the State of Texas to fund the performance incentive program. TAMUCT used these funds to retain 3.5 full-time equivalent positions in the student services area, to fund technology upgrades and licenses for the general purpose student computer lab, to purchase software needed for course assignments, and to maintain its four-year computer and printer rotation program to assure that students have the most current technology the university can provide. A withdrawal of those funds may force the university to a five-year rotation for the replacement of instructional computer equipment, and will inevitably delay software purchases.

Agency code: **770**

Agency name: **Texas A&M University - Central Texas**

Both outcomes will impact student ability to complete assignments and will threaten the adequacy of their preparation on newer versions of hardware and software now in common use in the workplace.

10% General Revenue-Related Base Reduction

As a new and growing institution of higher learning, substantial budget reductions present a special challenge to TAMUCT. As TAMUCT administrative staff systematically reviewed options for potential reductions, a guiding principle was established, that the impact on instructional delivery and student support services and success initiatives would be minimized as much as possible. With that principle in mind, the following strategies were developed:

1. Across the board reductions in the operating budgets of all departments. While this strategy will spread the impact across all levels of university operations, it may adversely impact departments and services that have remained underfunded during the transition of TAMUCT from TSU. The impact is magnified by enrollment growth which will present a challenge to maintaining current-level services. The reduction will notably decrease funds available for marketing and recruiting, potentially limiting the university's ability to continue to attract new students and to grow its way out of current funding constraints.
2. Additional reductions to facility operating budgets. This strategy will impact the use and maintenance of current facilities, all of which are leased, while simultaneously impacting the university's ability to make lease payments. In addition, it may also adversely affect funding available for the installation of classroom technology not covered by TRB or PUF funding during the construction of the university's first permanent building.
3. Delayed capital purchases for FY 2012 and FY 2013. This strategy will force delays in the purchase of library holdings and technology for general purpose computer labs and classrooms, both essential for a developing institution.
4. Reduced reliance on General Revenue for scholarships. The university will attempt to replace the reduction of funds by seeking increased external support to a least maintain the current level of scholarship assistance needed to attract and retain students, and to reward student success.

Organization

The organizational structure for TAMUCT reflects the institution's emphasis on ensuring student success by steadily strengthening its capability to deliver high quality, rigorous instructional programs and effective student support services. To that end, it will maintain a relatively flat administrative structure, minimizing the emphasis on upper-level administration while focusing on the hiring of highly-qualified faculty and student support staff.

The TAMUCT organizational structure is currently under review by its president to determine how to most effectively ensure administrative coverage without shifting limited resources from instruction or student support services.

Background Checks

Criminal background checks are conducted by TAMUCT under Texas Education Code Section 51.215 and Texas Government Chapter 411 Subchapter (f). All positions within the university are considered security-sensitive and require a background check. In full compliance with the TAMUS Policy 33.99.14, TAMUCT has developed a proposed a university rule on criminal background checks that is currently being reviewed and evaluated by TAMUS Office of General Counsel.

High Priority Requests of the Texas A&M University System

Texas A&M University Systemwide Funding Issues and Needs

Base Funding – Our highest priority is funding the basic, on-going operations of our institutions and agencies. Given current economic projections, we request that the Legislature preserve our institutions’ and agencies’ base funding as much as possible and then put any new funds into the formulas to fund the additional students enrolled since the last base period and to fund the facilities costs of our institutions and agencies. We request that you maintain the current formula methodology for the general academic institutions in order to provide stability and equity for all institutions during uncertain economic times.

Incentive Funding – We support increased accountability and performance through incentive/performance funding; however, base funding through the current formulas needs to be funded first. The metrics used for any incentive funding methodology should show evidence of furthering state goals: for example, the current incentive funding methodology allocates funding based on numbers and rates of graduations, thus aligning with the state goals of producing more graduates.

Higher Education Group Health Insurance – We request funding to cover increases in health care costs and enrollments and to maintain at least the current proportional funding ratio for The Texas A&M University Insurance Plan to the ERS group insurance plan: 95 percent of the rate provided for state employees in the ERS plan.

Student Financial Aid – Support for student financial aid is important. However, as important as financial aid is for students and their families, it is a method of paying for tuition and fees and does not increase much needed funding for the universities.

Five Percent Reduction for 2010-2011 Biennium – The A&M System institutions and agencies resolved to manage the 5% reduction so as to minimize its adverse effect on base programs; students, research and public service; and they have done so. However, if the Legislature is able to restore any of these funds in the next biennium, the commitment of our institutions and agencies is to put the funds into those programs.

Further Budget Reductions – If further reductions in funding are necessary for the 2012-2013 biennium, we request: 1) that the Legislature preserve higher education’s current proportional share of GR appropriations; and, 2) make reductions in equal proportions across all sectors of higher education. Whether additional budget reductions are necessary or not, the A&M System institutions and agencies will carry out their core missions and responsibilities faithfully and well within the resources provided. That is our commitment to our students, their parents, and the taxpayers of Texas.

Challenges

To fulfill its mission during a time of critically limited resources, TAMUCT must not seek to replicate traditional university structure and process. It must evolve as a truly “new university,” purposefully designed for the efficient and effective delivery of instruction and student support services to a rapidly growing population that is highly mobile, technologically oriented, and continuing to experience major demographic shifts. And while it must establish a permanent campus as its base of operations, TAMUCT must rely less on “bricks and mortar” than on a command of technology, skillfully applied by creative faculty and staff to facilitate student progress toward educational attainment and regional progress toward economic growth and stability. It must work in constant partnership with community agencies and organizations, other institutions of higher education, especially regional community colleges and it must perfectly align itself with the defined needs of Ft. Hood, and with major regional employers in health care, information technology, distribution, and manufacturing.

Agency code: **770**

Agency name: **Texas A&M University - Central Texas**

For TAMUCT to fulfill its promise of “excellence in teaching, service, and scholarship,” and its unique opportunity of becoming a model for the future of public higher education, it must meet the challenge of maintaining enrollment growth during an unprecedented time of funding constraints and it must simultaneously complete its transition to autonomy that will ensure its accreditation as a stand-alone institution. However, until its growth can begin to substantially offset current funding limitations, it must continue to rely on Special and Exceptional Item requests to support its development.

TAMUCT uses current Special Item funding to hire and retain qualified faculty and staff who are providing a unique educational experience to a region previously underserved at the upper-level undergraduate and graduate levels by public higher education. Special Item funding is also used to expand and diversify course offerings, increase library holdings, keep technology current, offer scholarship opportunities to qualified students, provide physical facilities and ensure the upkeep of those facilities, and to assist with the cost of transition from TSU. If the existing Special Item is decreased, the university will have to support these various items with base funding and tuition, thus limiting its ability to grow and to fully serve the region.

Stressing the accommodation of growth and its commitment to student success and community impact, TAMUCT is including a \$5 million Exceptional Item within its legislative request for FY 2012-13 to:

1. Add full-time faculty to support instructional areas of high enrollment growth.
2. Expand the Counseling Center to meet the increasing student demand for counseling services, to broaden practicum experience for students in related instructional programs, and to supplement badly needed community counseling services (includes the addition of three exempt employees).
3. Develop a comprehensive Writing and Tutoring Center to substantially strengthen student communication skills at both the undergraduate and graduate levels, provide a continuing resource for graduates, and influence the teaching of literacy skills with the region (includes the addition of one exempt employee).
4. Expand both the development and delivery of quality, online instructional programming to meet the needs of an increasingly mobile student population and the expectations for alternative educational access throughout the region.
5. Plan and initiate implementation of the Banner student information system, essential not only for greater efficiency in student admission and retention, online registration and course delivery, and student support, but for meeting the requirements of institutional accreditation.

TAMUCT is also requesting \$70 million in TRB’s to fund construction of a second building on its permanent campus. The proposed building will be multi-functional, adding additional new classroom and office space to support growth, consolidating campus functions to dramatically reduce the commuting of students to multiple campus sites, and further reducing the university’s commitment to leased space. Focal points of the new facility will be learning resources, including the relocation of all library resources to single site, and the broadening of technological support for online programming, including support for course development and student access.

The faculty, staff, and administration of TAMUCT are very proud of their new university. All employees are committed to meeting their fiduciary responsibility of using the dollars invested by the taxpayers of the State of Texas wisely while providing quality educational opportunities and the highest level of service possible to the students and to the communities of our region. The Central Texas region has supported the creation of TAMUCT since its inception as a University System Center under TSU. TAMUCT is now prepared to give back to the region by creating an innovative model for the delivery of higher education, mindful of funding constraints while embracing its commitments to “excellence in teaching, service, and scholarship.”

The university respectfully asks that consideration be given to the requests contained within this document as “Life’s Next Chapter” begins for the many students of TAMUCT.

STRATEGY DESCRIPTION AND JUSTIFICATION:

Funding for operations support provides faculty, instructional support, library services, technology, and administrative services for the University's students. This funding is directly related to course curriculum and operations of the University. This funding supports the University's mission of providing affordable, quality education to the Central Texas region.

3.A. STRATEGY REQUEST

82nd Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

DATE: 7/30/2010
TIME: 4:44:57PM

Agency code: **770** Agency name: **Texas A&M University - Central Texas**

GOAL: 3 Special Item Support
OBJECTIVE: 1 Instructional Support
STRATEGY: 1 Transition Funding

Statewide Goal/Benchmark: 2 0
Service Categories:
Service: 19 Income: A.2 Age: B.3

CODE	DESCRIPTION	Exp 2009	Est 2010	Bud 2011	BL 2012	BL 2013
------	-------------	----------	----------	----------	---------	---------

STRATEGY DESCRIPTION AND JUSTIFICATION:

Funding began in 1999 with \$25,000 for Tarleton State University to create the first university system center in the State of Texas. Funding continued each biennium to grow the system center and to provide educational opportunities to the Central Texas region. In 2009, the system center reached the required FTEs as set by legislation to become an independent university known as Texas A&M University-Central Texas (TAMUCT). Funding was appropriated to Tarleton, but was transferred to TAMUCT with the intention of continuing the growth of the university. Double digit growth was experienced by the university in Fiscal Year 2010 and is anticipated for Fiscal Year 2011. Funding allowed the university to hire faculty, expand programs and services, provide additional facilities for classes, and financial assistance for students. For 2012 and 2013, a total of \$18,411.00 are shown as funding strategies 1.1.4 Workers' Compensation Insurance and 1.1.5 Unemployment Compensation Insurance.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

1. State of Texas economy
2. Continued growth of students seeking access to higher education
3. Number of students needing assistance
4. Increased need for faculty
5. Continued population growth in the Central Texas region

3.A. STRATEGY REQUEST

FULL-TIME EQUIVALENT POSITIONS (FTE):		15.00	16.50

DESCRIPTION / JUSTIFICATION:

The purposes of this exceptional item request are to:

- 1) hire additional faculty to broaden and diversify the university's curriculum;
- 2) expand the Counseling Center to serve more students, broaden the practicum experience of students in related instructional programs, and offering selected counseling services as community outreach;
- 3) create a Writing and Tutoring Center to assure college level communication skills for both undergraduate and graduate students while influencing the teaching of literacy skills within the community and provide tutoring in program areas where students need additional assistance to ensure success in the classrooms;
- 4) expand the capability of the university to develop and deliver quality online instructional programming to meet the needs of highly mobile student body; and
- 5) assist with the implementation of the Banner student information system.

4.A. EXCEPTIONAL ITEM REQUEST SCHEDULE
82nd Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

DATE: **7/30/2010**
TIME: **1:57:34PM**

Agency code: **770** Agency name: **Texas A&M University - Central Texas**

CODE	DESCRIPTION	Excp 2012	Excp 2013
-------------	--------------------	------------------	------------------

Texas A&M University - Central Texas is committed to providing assistance to students to ensure their success in and out of the classroom. The Counseling Center and Writing and Tutoring Center will fulfill this commitment. Also, the expansion of the Counseling Center to serve the community will add additional counseling services much needed by the Central Texas area.

Students are searching for university and college programs that fit into their busy schedule. Online classes satisfy this need by making classes available 24 hours a day, 7 days a week. Students can attend class from anywhere in the world. Funding for this initiative would not only increase the number of classes available, but also ensure the quality and rigor of the classes.

The Banner student system is needed to increase efficiency in areas of student admission and retention, online registration, course delivery, tuition and fee collection through online bill payment, and student support.

EXTERNAL/INTERNAL FACTORS:

Funding this initiative will allow the university to serve military students who move outside the Central Texas area as well as the growing student population. Funding will also help the university serve the community by providing outpatient mental health counseling/therapy services to individuals, couples, and families on a sliding scale regardless of the client's ability to pay. Student success is a major focus of this request.

4.A. EXCEPTIONAL ITEM REQUEST SCHEDULE
 82nd Regular Session, Agency Submission, Version 1
 Automated Budget and Evaluation System of Texas (ABEST)

DATE: **7/30/2010**
 TIME: **1:57:34PM**

Agency code: **770**

Agency name: **Texas A&M University - Central Texas**

CODE	DESCRIPTION	Excp 2012	Excp 2013
	Item Name: Tuition Revenue Bond Retirement		
	Item Priority: 2		
	Includes Funding for the Following Strategy or Strategies: 02-01-02 Tuition Revenue Bond Retirement		
OBJECTS OF EXPENSE:			
2008	DEBT SERVICE	6,102,919	6,102,919
	TOTAL, OBJECT OF EXPENSE	\$6,102,919	\$6,102,919

1	General Revenue Fund	6,102,919	6,102,919
	TOTAL, METHOD OF FINANCING	\$6,102,919	\$6,102,919

DESCRIPTION / JUSTIFICATION:

This request is for State funding of debt service associated with the Texas A&M University-Central Texas TRB. The TRB is for the second building for the Texas A&M University-Central Texas campus.

Construct a library/multi-purpose building that will house a library, classrooms, and faculty offices. Also included will be parking and security components, as well as landscaping.

The project would accommodate expected growth of the institution and would provide additional student services and classroom/lab space which is needed for the Closing the Gaps Participation and Success goal. Construct a library/multi-purpose building that will house a library, classrooms, and faculty offices. Also included will be parking and security components, as well as landscaping.

EXTERNAL/INTERNAL FACTORS:

Not funding the request would require Texas A&M University-Central Texas to reallocate or divert educational funds which are currently used for meeting the University's 'Closing the Gaps' targets.

	Total Expenditures		0.0%		\$0	\$3		0.0%		\$0	\$3

B. Assessment of Fiscal Year 2008 - 2009 Efforts to Meet HUB Procurement Goals

Attainment:

Agency information on HUB activity for Fiscal Year 2008-2009 is included with Tarleton State University's activity.

Applicability:

The Facilities, Planning & Construction (FP&C) department of the Texas A&M University System manage all large construction projects.

Factors Affecting Attainment:

"Good-Faith" Efforts:

- Promotion of HUB on all dollar amounts regardless of source of funds
- Promote HUB awareness through training
- Provide administration with monthly updates on HUB percentages

USE OF HOMELAND SECURITY FUNDS

Homeland Security expenditures were outside the GAA. Texas A&M University-Central Texas (TAMUCT) purchased 1000 user licenses from Omnilert, LLC. The licenses provide access to the e2Campus Emergency Alert System. TAMUCT is able to immediately notify students, staff, and faculty in the event of any emergency situation that may occur on campus and/or campus closures. These situations may result from hazardous weather conditions, threats, violence, etc. The Alert System sends text and voice messages to all participants as well as posting to the University's Twitter page.

 Time: 2:20:15PM

Agency code: **770** Agency name: **Texas A&M University - Central Texas**

<u>Item Priority and Name/ Method of Financing</u>	REVENUE LOSS			REDUCTION AMOUNT			TARGET
	2012	2013	Biennial Total	2012	2013	Biennial Total	

1 10% Across the Board Reductions to Op. Bud. of all Univ. Dept.

Category: Across the Board Reductions

Item Comment: While this strategy will spread the impact across all levels of university operations, it may adversely impact those departments and services that have remained underfunded during the transition of TAMUCT from Tarleton State University. The impact is further magnified by the dramatic growth being experienced by the university which will present a special challenge to maintaining current-level services. The reduction will notably decrease funds available for marketing and recruiting, potentially limiting the university's ability to continue to attract new students and to grow its way out of current funding constraints.

Strategy: 3-1-1 Transition Funding

General Revenue Funds

1 General Revenue Fund	\$0	\$0	\$0	\$328,054	\$328,054	\$656,108
General Revenue Funds Total	\$0	\$0	\$0	\$328,054	\$328,054	\$656,108
Item Total	\$0	\$0	\$0	\$328,054	\$328,054	\$656,108

FTE Reductions (From FY 2012 and FY 2013 Base Request)

2 Additional Reductions to Facility Operating Budgets

Category: Administrative - Operating Expenses

Item Comment: This strategy will impact the use and maintenance of current facilities, all of which are leased, while simultaneously impacting the university's ability to make lease payments. In addition, it may also adversely affect funding available for the installation of classroom technology not covered by TRB or PUF funding during the construction of the university's first permanent building

Strategy: 3-1-1 Transition Funding

General Revenue Funds

1 General Revenue Fund	\$0	\$0	\$0	\$140,148	\$130,204	\$270,352
General Revenue Funds Total	\$0	\$0	\$0	\$140,148	\$130,204	\$270,352
Item Total	\$0	\$0	\$0	\$140,148	\$130,204	\$270,352

FTE Reductions (From FY 2012 and FY 2013 Base Request)

Gross Square Feet:	Net Assignable Square Feet in Project			
200,000	123,000			

Project Description

Construct a library/multi-purpose building that will house a library, classrooms, and faculty offices. Also included will be parking and security components, as well as landscaping.

The project would accommodate expected growth of the institution and would provide additional student services and classroom/lab space which is needed for the Closing the Gaps Participation and Success goal.

SCHEDULE 11: SPECIAL ITEM INFORMATION

82ND REGULAR SESSION

Automated Budget and Evaluation System of Texas (ABEST)

Date: 7/30/2010

Time: 2:08:19PM

Page: 1 of 1

Agency Code: 770 Agency: Texas A&M University - Central Texas

Special Item: 1 Central Texas Center

(1) Year Special Item: 2000

(2) Mission of Special Item:

Texas A&M University-Central Texas is an upper level institution committed to high quality, rigorous and innovative learning experiences. TAMUCT prepares students for lifelong learning through excellence in teaching, service, and scholarship.

(3) (a) Major Accomplishments to Date:

*The Tarleton State University System Center became Texas A&M University-Central Texas (TAMUCT) on May 27, 2009.

*Enrollment in Fall 2009 increased by 16.5% over Fall 2008

*Enrollment in Spring 2010 increased by 18.3% over Spring 2009

*TAMUCT offers 38 undergraduate programs and 26 graduate programs.

*Current enrollment includes about 30 percent who are members of the military or spouses of active duty soldiers.

*TAMUCT has the most broadly diverse enrollment in the Texas A&M University System (53% White, 27% Black, 14% Hispanic, 6% Other).

(3) (b) Major Accomplishments Expected During the Next 2 Years:

*Enrollment will continue double digit growth

*More student success initiatives will be created

*Enrollment of 1st generation students will increase

*More online classes will be developed for mobile students

(4) Funding Source Prior to Receiving Special Item Funding:

None. This Special Item was initially given to Tarleton State University and was transferred to Texas A&M University-Central Texas in the FY 2010-2011 biennium.

(5) Non-general Revenue Sources of Funding:

None

(6) Consequences of Not Funding:

As a brand new university, funding generated by state formula is inadequate to meet the growing educational demands of the Central Texas region. TAMUCT requests the full funding of the special item because the institution is growing and expanding program offerings. Current special item funding provides faculty salaries, classroom and general and teaching lab space, scholarships, and other items necessary to attract students and provide educational opportunities and student success programs. Receiving less funding of the special item through budgetary cuts or to transition out of the funding (per the rider) would greatly hamper the university's ability to maintain the existing services, limit the ability to grow enrollment and programs, and limit students' access to undergraduate and graduate degrees. Also the delay of the purchase of library holdings and technology for classrooms, general purpose labs, and the library would lower students' ability to perform research, complete course assignments, and develop the technology skills needed to succeed after graduation.
