## CERTIFICATE

**Agency Name** Texas A & M University-Kingsville

This is to certify that the information contained in the agency Legislative Appropriations Request filed with the Legislative Budget Board (LBB) and the Governor's Office of Budget, Planning and Policy (GOBPP) is accurate to the best of my knowledge and that the electronic submission to the LBB via the Automated Budget and Evaluation System of Texas (ABEST) and the bound paper copies are identical.

Additionally, should it become likely at any time that unexpended balances will accrue for any account, the LBB and the GOBPP will be notified in writing in accordance with Article IX, Section 7.01 (2010-11 GAA).

Agency code: **732**

Agency name: **Texas A&M University - Kingsville**

Texas A&M University-Kingsville began in 1925 as South Texas Teachers College. Its name change in 1929 to Texas College of Arts and Industries reflected an early recognition of the need for an institution of higher education with much broader scope in South Texas. The legislative action of 1929 broadened the role and scope of the institution to include liberal arts, industrial arts, commerce, agriculture, engineering, domestic science, and military science. In 1967, the name was again changed to Texas A&I University to reflect the responsibilities of a full-fledged, regional university. On September 1, 1989, TAIU joined The Texas A&M University System, and on September 1, 1993, the name was changed to Texas A&M University-Kingsville.

Today, Texas A&M University-Kingsville is a comprehensive university that recognizes and takes pride in its regional nature and is a fully participating corporate citizen of the South Texas area. The foremost purpose of Texas A&M University-Kingsville is to provide quality undergraduate and graduate programs to students from the region and beyond. It seeks to fulfill this mission through a judicious blend of liberal and professional education programs. The University offers a large inventory of academic programs at the baccalaureate and master's degree levels, a doctorate in bilingual education, a joint doctorate in educational leadership with Texas A&M University-Corpus Christi, a Ph.D. in wildlife science with Texas A&M University, College Station, and a Ph.D. in environmental engineering. Its programs in engineering, agriculture, human sciences, and adult education are unique to South Texas. The John E. Conner Museum, Kleberg Hall of Natural History, Caesar Kleberg Wildlife Research Institute, the King Ranch Institute for Ranch Management, and the Citrus Center represent unique institutional resources. A College of Pharmacy located on the Kingsville campus, the first professional school in South Texas, enrolled its first students under the umbrella of the TAMU Health Science Center in the fall of 2006.

The emphasis at Texas A&M University-Kingsville is on providing an intellectually challenging education reflecting high standards of academic performance. The foundation of all programs at the University is a broad general education, recognizing the fact that a university is a place for lifelong learning. The University is dedicated to serving an ethnically and culturally diverse population. The University follows an integrated approach to higher education that emphasizes social, personal, and intellectual development in the context of lifelong learning. In this effort, the University provides access to both credit and non-credit programs on campus and off campus through various modes of distance instruction and educational technology. Texas A&M University-Kingsville is committed to its mission of teaching, research, and service in the South Texas region for the advancement of knowledge and regional development. The University emphasizes effective teaching at both the undergraduate and graduate levels and promotes research, creative and scholarly activity, and other professional pursuits of the faculty and staff.

The first commitment of Texas A&M University-Kingsville is to high quality teaching. This investment in quality instruction is returned to the state many times over through the graduation of well-educated students and their contributions as productive citizens in our society. The University has an aggressive retention program for those students who may be less than fully prepared for college level work.

Research complements the instructional programs, fosters intellectual growth of the faculty, provides a foundation for its graduate programs, and meets the research-related needs of the region. The resources of the institution are being mobilized to foster broad participation with business, industry, and government. Similarly, a renewed commitment to the public schools recognizes the mutual benefits of working in close partnership. As part of this commitment, the University formalized enrollment agreements with various Community Colleges such as Blinn College, Del Mar College, Coastal Bend College, Texas State Technical College, South Texas Community College, St. Phillip College, San Antonio College, and Laredo Community College. Strategic institutional decisions regarding public service activity, as well as instruction and research, are guided by the University's official mission through a formal planning process. In 2007 and again in 2010, the University implemented a strategic planning process, with systematic participation at all levels of the institution's structure, thus ensuring formal incorporation into the overall plan produced by The Texas A&M System.

**ADMINISTRATOR'S STATEMENT**  
82nd Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

DATE: **8/6/2010**

PAGE: **2 of 5**

Agency code: **732**

Agency name: **Texas A&M University - Kingsville**

FUNDING ISSUES AND NEEDS

**BASE FUNDING** - Our highest priority is funding the basic, on-going operations of our institutions and agencies. Given current economic projections, we request that the Legislature preserve our institutions' and agencies' base funding as much as possible and then put any new funds into the formulas to fund the additional students enrolled since the last base period and to fund the facilities costs of our institutions and agencies. We request that you maintain the current formula methodology for the general academic institutions in order to provide stability and equity for all institutions during uncertain economic times.

**INCENTIVE FUNDING** - We support increased accountability and performance through incentive/performance funding; however, base funding through the current formulas needs to be funded first. The metrics used for any incentive funding methodology should show evidence of furthering state goals: for example, the current incentive funding methodology allocates funding based on numbers and rates of graduations, thus aligning with the state goal of producing more graduates.

**HIGHER EDUCATION GROUP HEALTH INSURANCE** - We request funding to cover increases in health care costs and enrollments and to maintain at least the current proportional funding ratio for The A&M System Insurance Plan to the ERS group insurance plan: 95 percent of the rate provided for state employees in the ERS plan.

**STUDENT FINANCIAL AID** - Support for student financial aid is important. However, as important as financial aid is for students and their families, it is a method of paying for tuition and fees and does not increase much needed funding for the universities.

**FIVE PERCENT REDUCTION FOR 2010-2011 BIENNIUM** - The A&M System institutions and agencies resolved to manage the 5% reduction so as to minimize its adverse effect on base programs: students, research and public service; and they have done so. However, if the Legislature is able to restore any of these funds in the next biennium, the commitment of our institutions and agencies to is to put the funds into those programs.

**FURTHER BUDGET REDUCTIONS** - If further reductions in funding are necessary for the 2012-2013 biennium, we request: 1) that the Legislature preserve higher education's current proportional share of GR appropriations; and, 2) make reductions in equal proportions across all sectors of higher education. Whether additional budget reductions are necessary or not, the A&M System institutions and agencies will carry out their core missions and responsibilities faithfully and well within the resources provided. That is our commitment to our students, their parents, and the taxpayers of Texas.

CURRENT AREAS OF INTEREST

Texas A&M University-Kingsville's Strategic Plan reflects a number of strategies that, in the long run, will enable it to achieve a vision of becoming a nationally recognized public university. Development of undergraduate, graduate and research programs, particularly the areas of engineering, agriculture, arts, education, business, and the sciences continue to be area of emphasis. Funding needs in the next Biennium include additional support to improve core instruction, research, and service operations of the University; the continuation of existing Special Items; and the following institutional priorities:

***Requested Funding	FY 12	FY 13
Veterinary Technology Program	\$2,467,800	\$1,432,183

**ADMINISTRATOR'S STATEMENT**  
82nd Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

DATE: **8/6/2010**

Agency name: **Texas A&M University - Kingsville**

This program will equip graduates for career opportunities to help manage large animal clinics in rural areas of Texas and in large research and academic institutions as well as expanding specialty areas in homeland security and research facilities and zoos. Presently, there are approximately 10 job positions for each graduate from a certified Veterinary Technology Program. A shortage of certified, trained Veterinary Technology graduates prevents adequate veterinary care and veterinary research for the animals of our state and region. This would fill the niche for large animal veterinary assistance as well as wildlife livestock disease issues. Currently we have collaboration with the USDA Wildlife Disease Research Lab. This would further advance these collaborations. It would provide additional employment alternatives and improve retention rates. The program at TAMUK would be developed as a major under the existing B.S. in Agriculture, and would be unique in that graduates would be awarded the B.S degree and be eligible to take the state and national certification boards to become Registered Veterinary Technicians.

\*\*\*Requested Funding

	FY 12	FY 13
TRB Debt Service	\$3,487,383	\$3,487,383

Texas A&M University-Kingsville (TAMUK) requests debt service funding to add one new building, totaling approximately 65,000 GSF and renovate the existing Bellamah Music Building with approximately 30,000 GSF. As part of this request some acoustical modifications of adjacent Jones Auditorium with approximately 17,000 GSF is also requested. The music department regularly uses this auditorium, but sound quality is extremely poor and the space requires acoustical modifications to fully serve the institution's academic needs. These projects cover the previous Master Plan renovation/expansion projects reported to the Coordinating Board for the Music and Drama/Art Buildings. This is in large part a response to accreditation requirements in order to support faculty needs, curricular offerings and all students enrolled. The most recent accreditation report from the National Association of Schools of Music stated that our accreditation will be in jeopardy without the facilities improvements. The report quoted, "It is difficult to overstate the inadequacy of the music building and the very immediate need for renovation and expansion of this facility... Compounding the problems that have long existed has been steady growth over time in the music student population. What were over-crowded facilities in the past are now grossly inadequate facilities for current student population and faculty size... This challenge must be addressed immediately." The music program is one of our premier Hispanic-serving programs; approximately 90% of our music majors are Hispanic. This program has enjoyed a 100% employment rate after graduation for the last 18 years. Funding for this project will support our educational mission, and support THECB target goals as outlined in Closing the Gaps. The existing buildings are over 40 years old and must be converted into modern, state of the art classroom facilities that comply with existing ADA and Fire Safety codes.

OTHER MATTERS

Texas A&M University – Kingsville is in compliance with System Regulation 33.99.14, approved by Texas A&M University System Board of Regents, to conduct criminal history background checks of current employees and applicants for employment.

In the event of a 10% appropriation reduction, Texas A&M University – Kingsville would be forced to downsize significantly, eliminate several faculty and staff positions, and curtail course offerings for new programs. In order to maintain a stable base of funding to support our educational mission and achieve THECB target goals, all of the general revenue is needed. In addition, the impact of not replacing the American Recovery and Reinvestment Act of 2009 (ARRA) General Revenue formula and the ARRA Incentive Funding at the Coordinating Board will be devastating. The University will be imposed to reduce approximately 26 faculty and staff positions as well as delaying program enhancements and equipment purchases.

**ADMINISTRATOR'S STATEMENT**

Agency name: **Texas A&M University - Kingsville**

The University has been named a military-friendly institution for two years in a row by G. I. Jobs magazine for its efforts to serve military veterans and their families. The magazine lists the top 15% of colleges, universities and trade schools that do the most to support veterans as students. As part of its service to veterans, the University has dedicated staff to work with veterans and their families, including advising and career counseling; has implemented automation to certify student's benefits faster; awards credit for military training; matches scholarships to family members of service members stationed in the area and offering in-state tuition rates to military members and their families; implements the state program to allow veterans to transfer their benefits to their children; offers residential scholarships to ROTC cadets who were family members of veterans; participates in the Service Members Opportunity Program; and implements procedures to ensure favorable treatment should a military student be deployed.

Finally, we would like to take this opportunity to thank the Governor and legislators who have provided the funding necessary to accomplish our mission. Our successes in developing much needed new academic programs, enhancements to existing programs, and the continued growth of our research efforts would not have been possible without their generous support.

# TEXAS A&M UNIVERSITY KINGSVILLE

## President

**Steven H. Tallant**

**12.0 FTE**

The President administers the total program of the institution and recommends to the Chancellor and the Board of Regents the appropriate goals, purposes, and role and scope for the institution. He conducts regular periodic evaluations of each administrative officer and coordinates the planning, development and operation of all activities and programs of the institution. The President develops and submits to the Chancellor for action by the Board of Regents legislative budget requests for the institution. He serves as the institutional representative with appropriate former student associations and any institutionally related development foundations.

### **Provost & Vice President, Academic Affairs**

**Rex Gandy**

**517.6 FTE**

The Provost is the chief academic officer of the University and exercises broad leadership and oversight responsibilities with regard to the University's instructional, research and public service programs and academic performance standards. Reporting directly to the Provost are the Associate Vice President for Academic Affairs, the Associate Vice President for Research and Graduate Studies, the academic colleges, and the Deans of University College and Honors College.

### **Vice President, Finance & Administration**

**Marilyn Fowlé**

**201.5 FTE**

The Vice President for Finance and Administration exercises broad leadership and management responsibilities for the fiscal affairs of the University. Areas reporting to the Vice President for Finance and Administration include Support Services, the University Police Department, Physical Plant, Campus Planning and Facility Management, Environmental Health and Safety, Human Resources, Procurement and General Services, and the Business Office.

### **Vice President, Enrollment Management**

**Manuel Lujan**

**47 FTE**

The Vice President for Enrollment Management is responsible for managing and leading the University's student recruitment functions. The Vice President for Enrollment Management has direct oversight of Admissions, the Registrar's Office, Outreach and Enrollment Support Services, Financial Aid, International Student Services and the Communications Center.

### **Vice President, Student Affairs**

**Terisa Remelius**

**79.0 FTE**

The Vice President for Student Affairs is responsible for providing administrative support and executive supervision to the following departments: Dean of Students, Memorial Student Union and Activities, Residence Life, Recreational Sports, Life Services and Wellness, Career Services, and Special Programs.

### **Vice President, Institutional Advancement**

**Scott Gines**

**43.4 FTE**

The Vice President for Institutional Advancement is responsible for providing administrative support and executive supervision over Athletics, Marketing and Communications, Development and Alumni Relations, and community relations/outreach. The office performs special projects and duties as directed by the President.

Texas Public Education Grants are used to fund loans and grants to deserving students who might otherwise be unable to afford the cost of a college education.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Lack of funding could negatively impact needy students. Approximately 85% of our student body requires financial aid to attend college. Regional demographics present the challenge of serving a growing number of lower or middle-income families with college bound students.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

To provide the development of the Ph.D. degree in Chemical and Energy Systems Engineering at Texas A&M University-Kingsville. Building on the success of the Environmental Engineering Ph.D., this item provides the start up funding for Faculty and Graduate research assistants. These doctoral programs address the needs of the South Texas region, State of Texas, and the nation and will enable Texas A&M University-Kingsville to fulfill its primary mission of producing the technical and intellectual leadership and environment essential for development of the South Texas region.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

These two Ph.D. programs are identified by the University's strategic plan and are part of the institution's commitment to the South Texas Education Initiative.

The Texas A&M University-Kingsville Citrus Center performs citrus research, education and public service and was established in 1947. It is the primary citrus research component of the Texas A&M University System. This provides funding for salaries, wages, and other costs associated with the support of research on citrus conducted by faculty members.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

The Texas A&M University-Kingsville Citrus Center mission is affected by weather conditions, market conditions, and disease organisms. In addition, the faculty have been increasingly successful at obtaining grants and contracts for research, but an economic downturn could impact this if research budgets of state and federal agencies, and private companies are reduced.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This Special Item provides leverage in attracting outside funding to conduct needed research programs in the region. The projects provide a mechanism for M.S. and Ph.D. students to learn research methodology. The Caesar Kleberg Wildlife Research Institute conducts research on game and non-game wildlife and their habitats in the south Texas region. Because of its rich floral diversity, south Texas supports an impressive array of resident animals and it is also a funnel for migratory birds to and from Mexico and Central America. The institute develops critical information on economically and ecologically important wildlife conservation issues affecting Texas. This information is transferred to the public through publications, conferences, seminars and presentations.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

The Wildlife Research Institute is the only organization dedicated specifically to research on South Texas terrestrial wildlife species and their habitats. The rural economy of South Texas depends on income from hunting leases and other types of ecotourism such as bird watching. These industries generate hundreds of millions of dollars in Texas and provide substantial spin-off benefits to businesses in economically deprived areas.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Texas' 112 million acres of range and pastureland supports growing \$8 billion grazing livestock and \$2 billion hunting industries. Proper management of these resources is a critical part of our state's future. The King Ranch Institute for Ranch Management (KRIRM) programs are designed to teach the knowledge, skills, and techniques necessary to manage a ranch with a systems approach, balancing the needs of natural resource and wildlife management, livestock production and business. Agriculture in Texas is also undergoing revolutionary change. Dramatic change at almost every level of the economy has created huge problems as well as exciting opportunities for ranchers. The need for highly trained managers of Texas's ranches has never been greater. The KRIRM will use the funds from its Special Item to speed up the development of its programs and its positive impact on the industry through education and training of graduate students as well as ranchers and those that serve them. The Special Item will also allow the KRIRM to begin research in two important areas. The first is to study financial and production databases that it is created from actual large ranches to better understand the factors affecting ranch profitability and sustainability. The second is to study the range, forage, wildlife and livestock resources and their inter-relationships.

-------------	--------------------	-----------------	-----------------	-----------------	----------------	----------------

The ranching industry is a large, critical and complex component of the economy and resource base of Texas. Successful management of the ranches in Texas benefits the owners, the community in which they operate, and the entire state in many diverse ways including its economy, watershed, environment, food system, and infrastructure. Future managers of these ranches will need unique skills not readily available in the traditional degree programs offered by most universities in the United States. Trial and error and apprenticeships are no longer a viable option for the development of a successful ranch manager. The King Ranch Institute of Ranch Management will elevate the management of ranches and their important resources to the professional status it deserves.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The John E. Conner Museum provides services to the region as a general museum. As such, it provides a focus to the region, university community, and local governments as a repository for the artifactual and natural history of the region. The museum is a venue for and a collaborator in the non-traditional education arena by providing opportunities for area schools to expand their educational programs and acting as a partner with the university. It is part of the exposition of the unique cultural and ecological history of South Texas. The museum is a valuable component of the community and area tourism programs. Over the last three years visitation has been 9 to 11 thousand per year. A significant percentage of total visitation is composed of area public schools who are provided guided instructional tours by museum staff and volunteers.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

External factors impacting strategy are an increased emphasis by local city governments, school districts, and community organizations to enhance the quality of life of the city and its attraction to visitors and potential inhabitants. The museum is a major component of that effort. There is strong local support to encourage and maintain the activities of the museum. Internally the museum is a primary component of community and regional involvement in nontraditional service to South Texas. Both internal and external factors will increase demand for the services that the museum provides.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Funding the South Texas Archives will provide a proper archival facility for the storage of historical documents and a trained staff that can serve as a teaching and research resource for the faculty, students at Texas A&M University-Kingsville, and the people of South Texas. South Texas and the Mexico border region need a document preservation program because there is a wealth of largely unexplored historical documents about the history of this part of the state. Document preservation is made more difficult by a climate that is hot, humid, and subject to extreme temperature variations. The Archives is the sole document preservation facility in South Texas.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

To provide "bridge funding" in support of former special items eliminated in the restructuring process and to fund institutional specific goals and strategies determined to be critical for mission success. Specifically this funding will continue to be utilized in the development of new academic programs and the enhancement of existing programs across the university, update and modernize laboratory facilities, support diverse natural resource programs focused on South Texas, and provide financial assistance through tuition scholarships. Additionally, this funding will enable the continuation of improvements regarding technological advances in computer and science labs, while providing increased support for faculty salaries, recruitment, retention and graduation efforts, and the ability to broaden public school collaboration, including fostering the Center for Professional Development of Teachers Program. Appropriations unexpended in this strategy are used to supplement other special items and Base Support.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Continued funding is necessary to bring to fruition, those programs that were begun as part of the South Texas Border Initiative.

**DESCRIPTION / JUSTIFICATION:**

Presently, there are approximately 10 job positions for each graduate from a certified Veterinary Technology Program. A shortage of certified, training Veterinary Technology graduates prevents adequate veterinary care and veterinary research for the animals of our state and region. This would fill the niche for large animal veterinary assistance as well as wildlife livestock disease issues. Texas A&M University-Kingsville proposes the development of Veterinary Technology Program as part of the existing degree in Animal Science through the Department of Animal and Wildlife Sciences in the Dick and Mary Lewis Kleberg College of Agriculture, Natural Resources, and Human Sciences.

**EXTERNAL/INTERNAL FACTORS:**

This program will equip graduates for career opportunities to help manage large animal clinics in rural areas of Texas and in large research and academic institutions as well as expanding specialty areas in homeland security and research facilities and zoos. Wildlife and livestock industries contribute significantly to the economy with over \$7 billion in the state of Texas alone. With our close proximity to Mexico and the looming threat of bioterrorism, Veterinary Technicians will be uniquely qualified to deal with monitoring diseases such as avian influenza, West Nile virus, TB, tick fever and Brucellosis but also Anthrax, Ecoli and Salmonella outbreaks to name a few. The University has legislative support for this program from Senator Eddie Lucio and Representative-elect J.M. Lozano. Both have visited Texas A&M-Kingsville and are keenly aware of the need for this Veterinary Technology Program to better serve the citizens of Texas.

	<b>TOTAL, OBJECT OF EXPENSE</b>	<b>\$3,487,383</b>	<b>\$3,487,383</b>
<b>METHOD OF FINANCING:</b>			
1	General Revenue Fund	3,487,383	3,487,383
	<b>TOTAL, METHOD OF FINANCING</b>	<b>\$3,487,383</b>	<b>\$3,487,383</b>

**DESCRIPTION / JUSTIFICATION:**

Texas A&M University-Kingsville requests debt service funding to add one new building, totaling approximately 68,000 GSF. As part of this request renovations to the existing Bellamah Music Building and some acoustical modifications of adjacent Jones Auditorium with approximately 47,000 GSF is also requested. The music department regularly uses this auditorium, but sound quality is extremely poor and the space requires acoustical modifications to fully serve the institution's academic needs. These projects cover the previous Master Plan renovation/expansion projects reported to the Coordinating Board for the Music and Drama/Art Buildings. This is in large part a response to accreditation requirements in order to support faculty needs, curricular offerings and all students enrolled. The most recent accreditation report from the National Association of Schools of Music stated that our accreditation will be in jeopardy without the facilities improvements. The report quoted, "It is difficult to overstate the inadequacy of the music building and the very immediate need for renovation and expansion of this facility... Compounding the problems that have long existed has been steady growth over time in the music student population. Funding for this project will support our educational mission, and support THECB target goals as outlined in Closing the Gaps. The existing buildings are over 40 years old and must be converted into modern, state of the art classroom facilities that comply with existing ADA and Fire Safety codes.

**EXTERNAL/INTERNAL FACTORS:**

Texas A&M University-Kingsville continues to provide most of the music teachers for elementary and secondary schools in South Texas, with over 250 of TAMUK graduates serving as music educators in the Rio Grande Valley. The program is well-know for the quality of its graduates with 100% placement for the past 18 years. With the program is rapidly expanding and enrollment significantly increasing, the existing facilities are inadequate in size and configuration to accommodate. The department has grown from 160 majors in Fall 2003 to 245 majors in Fall 2009, a growth of 53%. Future year projections continue to be strong with Fall 2010 projected at 260 majors, Fall 2015, at 325, and Fall 2020 at 400. The building and renovation project will enhance energy usage, decrease repair time, enable better recruitment and allow better teaching and training. The University has legislative support for this tuition revenue bond from Senator Eddie Lucio and Representative-elect J.M. Lozano. Both have visited the University and have seen first-hand the current conditions under which our music majors function in their professional study and preparation and agree that the need for this facility is definitely warranted.

	<b>Total Expenditures</b>		<b>39.8%</b>		<b>\$6,908,732</b>	<b>\$17,348,604</b>		<b>44.1%</b>		<b>\$11,781,182</b>	<b>\$26,707,127</b>		

**B. Assessment of Fiscal Year 2008 - 2009 Efforts to Meet HUB Procurement Goals**

**Attainment:**

The agency attained or exceeded four of six, or 66% of the applicable statewide HUB procurement goals in FY 2008.

The agency attained or exceeded five of six, or 83% of the applicable statewide HUB procurement goals in FY 2009.

**Applicability:**

The agency does not normally have a strategy or program in the "Heavy Construction" category. Expenditures in this category are small in comparison to overall expenditures and few contracts are awarded; thus, the HUB status of any contractor awarded a job will greatly impact the percentage calculations.

**Factors Affecting Attainment:**

The HUB Certified vendor base for all procurement categories in the local area is very limited. Each county around Kingsville has the following number of HUB certified businesses: Brooks (0); Duval(0); Jim Wells (12); Kennedy (0); Kleberg (21); Live Oak (3); San Patricio (20).

**"Good-Faith" Efforts:**

The University made the following good faith efforts to comply with statewide HUB procurement goals per 34 TAC Section 20.13(c):

- Training on the HUB program is provided to associates from all University departments.
- Agency representatives interface with vendors at Economic Opportunity Forums in the South Texas Region.
- The HUB office assists vendors in their application & certification process.
- The agency sponsors several Mentor/Protege teams.
- HUB Subcontracting Plans are required, monitored and adhered to on projects exceeding specific dollar thresholds.
- HUB bid lists are developed and used by University personnel.
- A list of known, qualified, HUB subcontractors, categorized by craft, is provided to general contractors bidding on University projects.

**USE OF HOMELAND SECURITY FUNDS**

All homeland security expenditures are contained within strategy 02-01-01. They include maintenance and communication upgrades, training, and additional manhours to safeguard secure areas and utility distribution systems. New security equipment purchases include area/security lights, emergency telephones, radio sets and base, replacement of doors and windows. Funds will also be used for water testing and natural gas distribution system inspections.

Item Priority and Name/ Method of Financing	REVENUE LOSS			REDUCTION AMOUNT			TARGET
	2012	2013	Biennial Total	2012	2013	Biennial Total	
<b>Item Comment:</b> Represents the reduction of all the remaining operating expenditures supported by Institutional Enhancement Fund, as well as \$122,000 in student employment wages and one more graduate assistant position. This reduction could potentially affect scholarly excellence and reduce customer service.							
Strategy: 3-4-1 Institutional Enhancement							
<u>General Revenue Funds</u>							
1 General Revenue Fund	\$0	\$0	\$0	\$194,698	\$194,697	\$389,395	
<b>General Revenue Funds Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$194,698</b>	<b>\$194,697</b>	<b>\$389,395</b>	
<b>Item Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$194,698</b>	<b>\$194,697</b>	<b>\$389,395</b>	

**FTE Reductions (From FY 2012 and FY 2013 Base Request)**

**4 Institutional Enhancement**

**Category:** Administrative - FTEs / Layoffs

**Item Comment:** Texas A&M University-Kingsville will reduce five Administrative Support staff positions. Staff reduction could affect efficiency and diminish morale. It could also negatively impact dollar value of external or sponsored research funds (key LBB Performance Measure).

Strategy: 3-4-1 Institutional Enhancement

General Revenue Funds

1 General Revenue Fund	\$0	\$0	\$0	\$170,514	\$170,514	\$341,028	
<b>General Revenue Funds Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$170,514</b>	<b>\$170,514</b>	<b>\$341,028</b>	
<b>Item Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$170,514</b>	<b>\$170,514</b>	<b>\$341,028</b>	

**FTE Reductions (From FY 2012 and FY 2013 Base Request)**

**5.0                      5.0**

**5 Ph.D. in Engineering**

**Category:** Administrative - Operating Expenses

**Item Comment:** Represents the reduction of operations and maintenance expenditures. Research equipment support and upgrades will be diminished.

Strategy: 3-1-1 PhD in Engineering

General Revenue Funds

**6.I 10 PERCENT BIENNIAL BASE REDUCTION OPTIONS**  
 82nd Regular Session, Agency Submission, Version 1  
 Automated Budget and Evaluation System of Texas (ABEST)

Date: 8/6/2010  
 Time: 9:14:36AM

Agency code: 732 Agency name: Texas A&M University - Kingsville

Item Priority and Name/ Method of Financing	REVENUE LOSS			REDUCTION AMOUNT			TARGET
	2012	2013	Biennial Total	2012	2013	Biennial Total	
1 General Revenue Fund	\$0	\$0	\$0	\$5,415	\$5,415	\$10,830	
<b>General Revenue Funds Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$5,415</b>	<b>\$5,415</b>	<b>\$10,830</b>	
<b>Item Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$5,415</b>	<b>\$5,415</b>	<b>\$10,830</b>	

**FTE Reductions (From FY 2012 and FY 2013 Base Request)**

**6 Wildlife Research Institute**

**Category:** Programs - Service Reductions (Other)

**Item Comment:** Represents reductions to the Wildlife Research Institute operating expenditures. Over the past 5 years, FY05 - FY09, the Institute has leveraged state line item funds at an average rate of \$17.87 for every \$1.00 of state funds. Assuming a linear relationship between state line item funding and leveraged funds, a 5% reduction will result in \$500,000 per biennium. The ability to raise external funds has become increasingly difficult due to the volatility of the economy. Therefore, the reduction may not be replaced with other funds.

Strategy: 3-2-2 Wildlife Research Institute

General Revenue Funds

1 General Revenue Fund	\$0	\$0	\$0	\$13,950	\$13,950	\$27,900
<b>General Revenue Funds Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$13,950</b>	<b>\$13,950</b>	<b>\$27,900</b>
<b>Item Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$13,950</b>	<b>\$13,950</b>	<b>\$27,900</b>

**FTE Reductions (From FY 2012 and FY 2013 Base Request)**

**7 Institute for Ranch Management**

**Category:** Programs - Service Reductions (FTEs-Layoffs)

**Item Comment:** Represents a reduction of one graduate assistantship and one lectureship positions. Lectureships are used to continually educate landowners about business opportunities that use ranching and wildlife to diversity income and create new businesses. The loss of a lectureship would reduce the Institute's ability to attract potential new landowners that would provided additional jobs for rural areas in the state.

Strategy: 3-2-3 Institute for Ranch Management

General Revenue Funds

<b>8 South Texas Archives</b>							
<b>Category:</b> Programs - Service Reductions (Contracted)							
<b>Item Comment:</b> Reduces donations of materials, services to regional associations, museums and archives relating to preservation and conservation of materials in South Texas, as well as transcriptions in English and Spanish of oral histories originally in Spanish. This will negatively impact the ability to ensure the growth and availability of information about the heritage culture and regional history of South Texas.							
Strategy: 3-3-2 South Texas Archives

**Project Description**

New construction of a 68,000 GSF, three level building with specialized acoustical space. Renovate 47,000 GSF of existing space in the Bellamah Music Building and Jones Auditorium. Increase utilities infrastructure capacity to the Central Plants to support the new and additional space. Increase parking and security components in support of the complex. Landscape the complex area with native plants, sprinkler system, and exterior lighting. Replace deficient Central Plant infrastructure.

Page: **1 of 10**

---

Agency Code: **732**      Agency: **Texas A&M University - Kingsville**

---

**Special Item:      1              Institutional Enhancement**

**(1) Year Special Item:**              2000

**(2) Mission of Special Item:**

To provide "bridge funding" in support of former special items eliminated in the restructuring process and to fund institutional specific goals and strategies determined to be critical for mission success. Specifically this funding will continue to be utilized in the development of new academic programs and the enhancement of existing programs across the university, update and modernize laboratory facilities, and support diverse natural resource programs focused on South Texas. Additionally, this funding will enable the continuation of improvements regarding technological advances in computer and science labs, while providing increased support for faculty salaries, recruitment, retention and graduation efforts, and the ability to broaden public school collaboration, including fostering high school dual enrollment efforts.

**(3) (a) Major Accomplishments to Date:**

This special item has allowed us to continue the development of new academic programs previously funded under "Program Development". Specifically, the funding has been utilized to enhance the Engineering FE Exam Review, the Center of Professional Development of Teachers, the CSDO Program (Communication Science Disorder), and the Social Work program. In addition to new faculty hires, funding was used for institutional lab equipment and market and equity salary raises for faculty. The Institutional Enhancement fund supports programs, units, and activities, ranging along a continuum spectrum across academic departments centering on scholarly disciplines. The funding strengthens each unit's particular mission and its contribution to the University's overall mission of teaching, research, and service.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Continue to develop quality undergraduate and graduate programs, including laboratories. Provide the Engineering programs support for the continued economic development of South Texas. Provide a stable research funding level allowing the College of Engineering and the Biological and Health Sciences programs to develop a regional presence and become an integrated and centralized information source for vital technological and health care concerns in the area. Promote healthy behavior choices through education and community policies and practices are essential for reducing the social burden of hypertension and diabetes. Prepare area students for employment in the engineering and health care sectors.

**(4) Funding Source Prior to Receiving Special Item Funding:**

N/A.

**(5) Non-general Revenue Sources of Funding:**

None.

**(6) Consequences of Not Funding:**

Not funding this special item would severely impact our institution's ability to fund the core academic costs of the university. A reduction to these funds would overall negatively impact access, success, and retention of students. This special item is critical in order to maintain a stable base of funding to support our educational mission, and achieve THECB target goals as outlined in Closing the Gaps. A reduction of this magnitude would force the university to downsize significantly, eliminate critical positions, and curtail course offerings. In all 55.7 FTE faculty and staff positions depend directly on this funding. Continued funding is necessary to bring to fruition those programs that were begun as part of the South Texas Border Initiative to provide high quality educational opportunities to the underserved Texans living in South Texas.

---

**SCHEDULE 11: SPECIAL ITEM INFORMATION**  
82ND REGULAR SESSION  
Automated Budget and Evaluation System of Texas (ABEST)

Date: **8/6/2010**  
Time: **9:21:15AM**  
Page: **2 of 10**

---

Agency Code: **732**      Agency: **Texas A&M University - Kingsville**

---

**Special Item:**      **2**                      **Citrus Center**

**(1) Year Special Item:**                      1953

**(2) Mission of Special Item:**

The Citrus Center provides research and service support to the multimillion dollar Texas citrus industry and develops future leaders through academic training of graduate students. Research utilizing established and cutting-edge technologies focuses on variety development, pest and disease control, plant physiology, soil science and irrigation technology. Service is provided through training, consultations, technology transfer and the management of the Texas Virus-free Budwood Certification Program.

**(3) (a) Major Accomplishments to Date:**

Development of AStar Ruby@ and ARio Red@ grapefruit varieties; the latter is credited with being a major factor in the survival of the Texas citrus industry after the 1989 freeze. Integrated pest management programs have been developed to help the industry prevent losses from major pests. Current research has provided understanding of the genetic control of stress factors. Techniques to identify citrus pests using molecular methods have been developed. Over 500,000 disease-free buds have been provided to the nursery industry. Approx. 20 graduate students are enrolled annually, with an increasing proportion from the Hispanic community of south Texas. A program to provide biotechnology training to undergraduate students in the Valley has funneled 20 students into masters (TAMUK) and 11 into PhD degrees. A summer camp program for high school students was initiated in 2008. The ratio of External: State of Texas funding has increased from \$0.8 to \$1.5 in the past 3 years. The Center has been certified by USDA as a Citrus Greening Disease Diagnostic Laboratory.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

At least two new citrus varieties developed at the center will be licensed. A program for area wide management of a new citrus pest which spreads greening disease will be implemented. Budwood source trees will all be placed under insect-proof screen to exclude pests and disease, and budwood provision will increase to approximately 750,000/year. Graduate student training will increase, and faculty will become more involved in student recruitment from the Valley through the summer camp and other interactions with high schools such as career days and summer interns for teachers. Grant dollar funding will increase to over \$2 million/year. A new building constructed with TRB funding will be completed, as will a grant-funded greenhouse to protect budwood source trees from insect-transmitted diseases.

**(4) Funding Source Prior to Receiving Special Item Funding:**

Educational funds through Texas A&M University-Kingsville, local fruit sales; private, state & federal contracts and grants.

**(5) Non-general Revenue Sources of Funding:**

2006-07  
\$753,206 -Externally funded research grants

2007-08  
\$956,926 - Externally funded  
research grants

2008-09  
\$3,817,600- Externally funded  
research grants

**SCHEDULE 11: SPECIAL ITEM INFORMATION**  
82ND REGULAR SESSION  
Automated Budget and Evaluation System of Texas (ABEST)

Date: **8/6/2010**  
Time: **9:21:15AM**  
Page: **3 of 10**

---

Agency Code: **732**      Agency: **Texas A&M University - Kingsville**

---

**(6) Consequences of Not Funding:**

The Citrus Center would not be able to support the citrus industry of Texas with new varieties or technologies to maintain and increase its profitability. The industry is estimated to support over 1,900 jobs and contribute \$200 million annually to the Texas economy – the work of the center is strongly supported by citrus industry leaders. With threats to the citrus industry in Florida (disease, weather, urbanization) and the consequent loss of acreage, some Florida growers are establishing orchards in Texas which will lead to a growth in the industry here. The research programs of the center will therefore become more important in the future. The Center would also not be able to contribute to the generation of external grants by the university, nor contribute to the recruitment and training of students. The citrus industry has been a strong supporter of research at the Center, and just in the past 2 years has supported research with grants totaling \$270,000.

---

**Special Item:**      **3**                      **Wildlife Research Institute**

**(1) Year Special Item:**                      1991

**(2) Mission of Special Item:**

The Caesar Kleberg Wildlife Research Institute conducts research on game and non-game wildlife and their habitats in the South Texas region. Because of its rich floral diversity, South Texas supports an impressive array of resident animals. It is also a funnel for migratory birds to and from Mexico and Central and South America. The Institute develops critical information on economically and ecologically important wildlife conservation issues affecting Texas. This information is transferred to the public through publications, conferences, seminars and presentations.

**(3) (a) Major Accomplishments to Date:**

The Caesar Kleberg Wildlife Research Institute is recognized as one of the premier wildlife programs in the nation. Approximately 55-65 graduate students are supported each year from external funding sources. The ratio of external funding: State of Texas funding exceeded \$17:\$1 over the past 2 years. This program is focused on environmental/conservation concerns for the Texas borderlands, its coastal zone, as well as rural economies in the South Texas region and beyond. To achieve the goals of "Closing the Gaps", the Caesar Kleberg Wildlife Research Institute enhances job creation, promotes economic development for the underserved and underrepresented economy of South Texas and focuses on diseases carried by wildlife that affect human health and livestock production.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

The Caesar Kleberg Wildlife Research Institute is recognized as one of the premier wildlife programs in the nation. The Institute has provided support and mentoring for more than 350 master's and doctoral students who have graduated from Texas A&M University-Kingsville. CKWRI faculty have published numerous books, more than 700 scientific articles, and more than 200 pieces for the lay public. Approximately 55-65 graduate students are supported each year from external funding sources. The ratio of external funding : State of Texas funding exceeded 17:1 over the past 2 years. This program is focused on environmental and conservation concerns for the Texas borderlands, its coastal zone, as well as rural economies in the South Texas region and beyond. To achieve the goals of Closing the Gaps, the CKWRI enhances job creation, promotes economic development for the underserved and underrepresented economy of South Texas and focuses on diseases carried by wildlife that affect human health and livestock production.

**(4) Funding Source Prior to Receiving Special Item Funding:**

Private, state, and federal contracts and grants.

**(5) Non-general Revenue Sources of Funding:**

Externally Funded Research Grants	
FY 07-08	FY 08-09
\$ 5,708,586	\$ 4,131,311

**(6) Consequences of Not Funding:**

**SCHEDULE 11: SPECIAL ITEM INFORMATION**  
82ND REGULAR SESSION  
Automated Budget and Evaluation System of Texas (ABEST)

Date: **8/6/2010**  
Time: **9:21:15AM**  
Page: **5 of 10**

---

Agency Code: **732**      Agency: **Texas A&M University - Kingsville**

---

The ability to leverage outside funding would be almost non-existent; we lose our research capabilities important to Texas private landowners, significantly diminish research opportunities for graduate research assistants and faculty; and would inhibit our ability to develop conservation strategies for wildlife and habitats important to Texas. Because of the Special Item funded by the Texas legislature, Texas A&M University-Kingsville has established one of the top 5 Centers of Excellence in wildlife research in the nation. Consequences of not funding this Special Item would result in an erosion of program quality and a reduction in the ability of the program to function according to the high standards established by the Legislature, the University, and the citizens of Texas. Furthermore, the impact on the under-represented rural economy of South Texas would be tragic. The region would lose its Research and Development base for land stewardship and the conservation and management of wildlife and their habitat. Furthermore, this Special Item supports 1 of only 3 Ph.D. programs at this Hispanic-serving institution, Texas A&M University-Kingsville and 1 of only 3 Ph.D. programs in wildlife conservation in Texas, and the only one located in the most biologically rich region of the state.

Agency Code: **732**      Agency: **Texas A&M University - Kingsville**

---

**Special Item:**      4      **King Ranch Institute for Ranch Management**

**(1) Year Special Item:**      2006

**(2) Mission of Special Item:**

The mission of the King Ranch Institute for Ranch Management (KRIRM) is to provide education and training of graduate students and other interested adult learners in a unique and multi-disciplinary, systems approach to management. Both our formal and outreach educational programs are designed to teach individuals how to successfully manage the complexity of modern ranches; including the business, natural resources, wildlife resources, and livestock production aspects, and their interrelationships. Caesar Kleberg Wildlife Research Institute (CKWRI) is included in the Special Item funding because of the growing emphasis on the proper management of the range and wildlife resources on Texas ranches and the associated, and significant, economic development opportunities for ranchers and rural communities.

**(3) (a) Major Accomplishments to Date:**

The Institute has strong industry support and is growing in content and impact. It has 7 graduates and currently has 8 students. It has successfully held 6 symposiums with attendees from 18 states and 3 foreign countries and is planning its 7th. Its lectureships on focused, relevant topics are attended by ranchers from across Texas and states across the west. With an industry partner, it has begun a certificate program in advanced ranch management that puts an umbrella over its symposium and lectureships for the continuing education of ranchers, rural land owners, and people who serve the ranching industry. The Institute has hired a ½ FTE researcher in grazing livestock nutrition and has published 10 MS research projects as well as papers relevant to ranch management in peer reviewed journals. Its Executive Director has made over 600 presentations to groups in 15 states concerning the ranching industry.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

During the next 2 years, the KRIRM will host 2 symposiums on ranch management with 600 attendees from across the United States, and around the world. Eight students will graduate with MS degrees and an additional 8 students will be recruited into the program. Twenty-four lectureships on relevant issues like the oil and gas industry, prescribed burning, complex systems, strategic management, wildlife and livestock management, current issues, and equine management will be held and attended by over 600 individuals. Twelve informative newsletters will be published and mailed to over 25,000 people. The Institute's website will be used by over 100,000 individuals as a source of unbiased, critical information. Forty individuals will have been awarded the certificate in advanced ranch management. A research scientist will be hired to develop and study ranch financial and production databases to be used as case studies and models in education. Eight MS research projects will be published as well 10 articles on ranch management in peer reviewed journals or symposium proceedings.

**(4) Funding Source Prior to Receiving Special Item Funding:**

Endowment earnings and grants

**(5) Non-general Revenue Sources of Funding:**

\$10.8 million has been committed to the Institute's permanent endowment.

**(6) Consequences of Not Funding:**

The development of the program will be severely hindered and the training of highly trained managers and outreach to the general public severely restricted. Efforts to broaden the Institute's positive impact will not be able to continue.

---

**SCHEDULE 11: SPECIAL ITEM INFORMATION**  
82ND REGULAR SESSION  
Automated Budget and Evaluation System of Texas (ABEST)

Date: **8/6/2010**  
Time: **9:21:15AM**  
Page: **7 of 10**

Agency Code: **732**      Agency: **Texas A&M University - Kingsville**

---

**Special Item:**      5              **Ph.D. in Engineering**

**(1) Year Special Item:**              2000

**(2) Mission of Special Item:**

The mission of this special item is to develop and implement two new Ph.D. programs, one in Environmental Engineering and the other in Chemical and Energy Systems Engineering. Funding will be used to enhance the academic programs and leverage doctoral level research funding from federal sources. This initiative strongly supports national goals for increasing the production of Hispanic Ph.D.'s in engineering.

**(3) (a) Major Accomplishments to Date:**

The Ph.D. program in Environmental Engineering within the Frank H. Dotterweich-College of Engineering at Texas A&M University-Kingsville has achieved wide recognition for student enrollment, academic, and research excellence. The Ph.D. program advances Goals 1 and 4 of Closing the Gaps by 2015. TAMUK is a premier Hispanic Serving Institution in South Texas offering advanced degrees at the bachelor's, master's, and doctorate levels. It is also one of the country's largest producers of Hispanic engineering graduates. A Ph.D. program in Environmental Engineering was implemented in Spring 2002 addressing the significant under-representation of Hispanics at the doctoral level. Current enrollment has risen to 33 engineering doctoral students, of which 31% are Hispanic and 20% are female. The program has graduated eight doctoral students thus far who have achieved significant careers in academia in Texas, the private industry and consulting practices that benefit the State of Texas as well as in the federal government. The program focuses on air quality, water quality, solid/hazardous waste, natural and engineered systems, environmental informatics, and environmental systems engineering. More than \$24 million in external sponsored grants have been leveraged within the Ph.D. program since its inception in 2002.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

A new doctoral program will be fully developed. This program in Chemical and Energy Systems Engineering, as with the program in Environmental Engineering, will address critical economic and environmental needs felt in south Texas and beyond. The program will bring additional educational offerings to the people of south Texas with its predominantly Hispanic population.

**(4) Funding Source Prior to Receiving Special Item Funding:**

None.

**(5) Non-general Revenue Sources of Funding:**

The Ph.D. program in Environmental Engineering has achieved almost all of its external funding (\$24 million) from federal and state granting agencies such as the U.S. EPA, U.S. DOE, U.S. DoD, the National Science Foundation, the Texas Commission on Environmental Quality, the Texas Workforce Commission, and the Texas Higher Education Coordinating Board.

**(6) Consequences of Not Funding:**

The Ph.D. program in Chemical and Energy Systems Engineering cannot be implemented without Special Item Funding. Opportunities for additional educational and economic advancement would therefore be lost.

Agency Code: **732**      Agency: **Texas A&M University - Kingsville**

---

**Special Item:**      **6**                      **South Texas Archives**

**(1) Year Special Item:**                      1997

**(2) Mission of Special Item:**

The South Texas Archives at TAMUK was established to preserve the history and natural history of South Texas. The Archives is a Research Resource for scholars, serves as a “research methods lab” for graduate and undergraduate students in a variety of disciplines, and provides public programming and public access to the documents that detail the development of the region, and the history of the many groups that comprise the population of the area.

**(3) (a) Major Accomplishments to Date:**

The archives have relocated to a newly renovated 11,000 sq. ft. area in the Jernigan Library, ensuring quality environmental control for the preservation of materials in a very difficult south Texas climate. After the relocation public service programming was initiated. As the oldest archives in South Texas, it has been the recipient of several valuable collections of archival documents relating to the history and heritage of the region. Included are the papers of J. T. Canales, Walter Meek, Theodore F. Koch, the Wade Ranch, J. L. Allhands, Jewel Reese, and the legislative papers of Representative Irma Rangel and Senator Carlos Truan. The South Texas Archives was designated as a Regional Historical Resource Depository for the Texas State Library and Archives System has a significant collection of local government records from the eleven surrounding counties. It is the home of the South Texas Historical Association.

The Archives has partnered with the Ranching Heritage Festival and the King Ranch: Institute for Ranch Management to provide an historical perspective for ranching nationally and for South Texas in particular. Tobin Armstrong papers are now being inventoried for public access. An ongoing project in cooperation with the Library of Congress is the collection of the oral histories of area veterans, especially in Spanish. These were recently used in the Ken Burn’s PBS series on World War II.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Materials are difficult to preserve in the South Texas climate and documents related to the Hispanic heritage of the region and land ownership are particularly in need of preservation because of their rarity. In an attempt to provide wider access to the collections, a major digitization effort will be launched. Spanish Land Grant materials, and maps, will be targeted for increased public access. Support of, and assistance in, the preservation of materials housed in other organizations is an on-going activity. An annual scholarly symposium will be presented and a digitization partnership with the University of Texas at Brownsville will be launched.

**(4) Funding Source Prior to Receiving Special Item Funding:**

Local Funds/ Library Operations.

**(5) Non-general Revenue Sources of Funding:**

None.

**(6) Consequences of Not Funding:**

If the Archives is not funded, access to much valuable information will be threatened. Educational users including undergraduate and graduate students, as well as middle, high school, and home-schooled students would be impacted. Scholars would have reduced access to historical documents and other materials. Judicial proceedings using evidence from the archives regarding such information as familial relations and land grants would also be negatively impacted.

---

**SCHEDULE 11: SPECIAL ITEM INFORMATION**  
82ND REGULAR SESSION  
Automated Budget and Evaluation System of Texas (ABEST)

Agency Code: **732**      Agency: **Texas A&M University - Kingsville**

---

**Special Item:**      7                      **John E. Conner Museum**

**(1) Year Special Item:**                      1968

**(2) Mission of Special Item:**

The purposes of this organization are to collect and preserve historical materials relating to the geology, paleontology-archaeology, anthropology, ethnology, the general sciences, literature and art of South Texas and the areas in the Southwest related thereto by such materials; to encourage and foster historical research and study; to acquire and preserve paintings, ceramics and objects of art; to catalog and exhibit its acquisitions; publish and disseminate information about its acquisitions; to encourage and foster the study and preservation of the culture of the region, including its pioneer life; to do any and all things desirable and necessary to enlist the interest and support of the people and institutions of the area in its historical background and its cultural ideals; and to collect, preserve and exhibit such materials. The enumeration of these purposes shall not be exclusive of any matters or materials properly within the purview of a scientific, historical and cultural organization.

Adopted by the Board of Directors of Texas A&I University in July, 1973.

**(3) (a) Major Accomplishments to Date:**

The museum is a focal point for citizens of the University, the community, and region in the preservation and exposition of the region's history and natural history. Over the 85 years of its existence it has been an integral component of the university and community. It has preserved and maintained a valuable collection of artifacts, participated in the community tourism and economic stimulation by producing a highly acclaimed festival celebrating the ranching history of south Texas for 17 years. The museum has exhibited and currently exhibits a wide variety of subjects from the prehistory and history of South Texas to the Natural History of the Tamaulipan Biotic Province. It has hosted tens of thousands of public school children through guided tours of the museum. For more than 30 years the museum has sponsored the Regional History Fair for the students of south Texas. It has obtained and participated in a wide variety of grants, producing traveling exhibits such as "El Rancho in South Texas" and "Hecho in Texas", both produced with NEH grants. It has fulfilled and continues to fulfill its mission.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Since its inception the Museum has provided the citizens of South Texas with a repository for important collections preserving the history and natural history of the area. It is a focus of cultural expression and provides preservation and education in an experiential learning environment for citizens of all ages. It also provides an important economic benefit to the city of Kingsville as a cultural attraction for visitors. All of these services and programs will continue to grow.

**(4) Funding Source Prior to Receiving Special Item Funding:**

Prior to 1973 the museum was funded through donations and a part time provision from the Department of History.

**(5) Non-general Revenue Sources of Funding:**

The museum's funding is provided through an endowment which provided until recently approximately 27% of yearly funding. Due to market conditions the past two years have seen no to limited funding from that source. The City of Kingsville provides funding from the Hotel/Motel tax which provides approximately 33% of operating funding. A community group, The Friends of the Conner Museum, provides special funding which can be as much as 10 to 12 % of the operating budget. Donations, grants and gift shop sales provide incidental funding. The University provides, in addition to the special item funds, additional funding for salaries and benefits of the director and an administrative assistant.

**SCHEDULE 11: SPECIAL ITEM INFORMATION**  
82ND REGULAR SESSION  
Automated Budget and Evaluation System of Texas (ABEST)

Date: **8/6/2010**  
Time: **9:21:15AM**  
Page: **10 of 10**

---

Agency Code: **732**      Agency: **Texas A&M University - Kingsville**

---

**(6) Consequences of Not Funding:**

Failure to continue special item funding would at the very least impact programming and educational venues. As a worst case scenario, the museum might be forced to close. Economic activity in the community will be adversely impacted and educational resources for the area public schools as well as University students will be curtailed. The museum works with many other departments on campus. From the art department the museum has hosted exhibitions from the entire art faculty and in many instances provided exhibition space for student exhibits. The Geo Sciences department is currently working with the museum to utilize the equipment donated to the museum for mineralogy studies. The student Gem and Mineral Club has spent several semesters learning procedures for rock cutting, polishing, and slabbing as enhancements to their studies. The regional History Day contest has provided students in the History Club opportunities to volunteer as judges in the competition. All of these areas and others would be subject to curtailment or cessation.
