**SYSTEM OVERVIEW**

**The University of North Texas System (UNT System)** serves the North Texas region, boosting economic activity in the region by nearly \$2 billion annually. More than 37,000 students are enrolled in the System's undergraduate, graduate, and professional programs, and UNT System enrollment is projected to increase to about 45,000 students by 2015. UNT System institutions award more than 8,000 degrees each year, including the largest number of master's and doctoral degrees in North Texas.

**UNT (Denton)**, founded in 1890, is a student-centered research university and the flagship university of the UNT System. It is the state's fourth largest university and the most comprehensive university in the Dallas-Fort Worth region. UNT has more than 36,000 students enrolled in 97 bachelor's, 101 master's and 48 doctoral degree programs.

The UNT System initiated a national search for the next President of the University of North Texas after the resignation of Dr. Gretchen Bataille in February 2010. In the interim, the System recruited Dr. Lane Rawlins to fulfill a one year appointment as UNT's President, while the search is conducted. Dr. Rawlins has previously served as president of two research universities (University of Memphis from 1991 through 2000 and Washington State University from 2000 to 2007). Dr. Rawlins' experience and leadership will be instrumental in progressively developing the infrastructure and momentum necessary to successfully address the National Research University challenge established by HB 51 in the 81st legislative session.

**UNT Health Science Center (Fort Worth)-(UNT HSC)**, established in 1970, focuses on training future osteopathic physicians, providing professional health programs and maintaining a vigorous research program. The UNT HSC is composed of the Texas College of Osteopathic Medicine, the Graduate School of Biomedical Sciences, the School of Public Health and the School of Health Professions. Dr. Scott Ransom is serving in his fifth year as the fifth president of the UNT HSC. He has brought a rigorous strategic planning and execution process to every component of UNT HSC.

Agency name: **University of North Texas System Administration**

**UNT Dallas** was established in 1999 to enhance access to public higher education in Dallas and Ellis counties. UNT Dallas currently offers junior, senior and graduate-level courses leading to bachelor's, master's, and doctoral degrees. Enrollment has grown steadily and full-time equivalent (FTE) enrollment in the Fall of 2009 reached 1,270. In Fall 2010, UNT Dallas will become an independent four-year institution, enrolling its first freshmen and sophomore students, and become the city's first and only public four-year university. Dr. John Ellis Price is the president designate of the UNT Dallas Campus and serves as the UNT System's chief administrator in Dallas for the creation of UNT Dallas.

**UNT Dallas College of Law** was approved during the 2009 legislative session. When it opens in the Fall of 2012, it will become the first new public law school established in Texas in more than forty years, and the only public law school in the North Texas region. The college will initially operate in the UNT System building in downtown Dallas and move to its permanent home in the former Dallas Municipal Building (across the street) when building renovations are completed.

## STATEWIDE CONTRIBUTIONS

As the only university system with a primary mission to serve the North Texas region — the State's largest population center — the UNT System is a critical partner in the future of Texas and is playing a significant role in contributing to the success of the State's Closing the Gaps higher education plan.

\*Participation – increasing total enrollment in higher education statewide.

- o By Fall 2009, UNT had already achieved more than 90% of its 2015 Closing the Gaps enrollment target, meeting 78% of its target for African American students, 77% of its target for Hispanic students and 94% of its target for white students. These targets have been increased as UNT has continued to see large enrollment growth.

- o Enrollment at UNT HSC at Fort Worth is also on target to meet or exceed targets set for Closing the Gaps. Since becoming a health science center in 1993, enrollment has grown steadily. Since 2000, it has grown at a faster rate than any other health-related institution in Texas, and currently enrolls 1,600 students across eight degree programs. From Fall 2007 to Fall 2009, enrollment increased 21.7 percent including 42.7% for African-American students and 6.3% for Hispanics.

- o UNT Dallas has experienced steady and continual growth since its inception in the Spring of 2000. As of Fall 2009, UNT Dallas campus enrollment has grown to 2,109 students - with an FTE enrollment of 1,270. Beginning in September 2010, UNT Dallas will increase its contributions to State-wide participation goals by admitting its first freshman and sophomore classes.

\* Success – increasing the number of degrees, certificates and other quantifiable student successes from high-quality programs.

- o During the past decade, UNT's six-year graduate rate has increased from 35% to 47%. In 2009, the total number of bachelor's degrees awarded reached 119% of the 2010 target.

- o Last year, UNT HSC had the largest graduating class in its history. In addition, the Graduate School of Biomedical Sciences is recognized as a Role Model Institution by the National Institutes of Health and National Science Foundation in mentoring underrepresented minorities in the biomedical sciences.

\* Excellence – increasing the quality of programs or services at Texas colleges and universities.

- o Expert rankings in U.S. News & World Report recently put UNT 9th among public national universities to watch because of its innovative progress. UNT has been designated as one of America's Best College Buys® for 14 consecutive years and is named a "Best in the West" college by The Princeton Review.

- o For the ninth year in a row, U.S. News & World Report has ranked the UNT HSC's Texas College of Osteopathic Medicine (TCOM) among the top 50 medical schools in the United States.

TIME: **1:14:30PM**  
PAGE: **3 of 7**

Agency code: **769**

Agency name: **University of North Texas System Administration**

\* Research – increasing federal funding supporting research at Texas institutions (particularly in engineering and science).

o UNT is building on its strengths as a comprehensive university and allocating resources to advance the research agenda outlined in its 10-year Strategic Plan for Research through investment in its faculty, graduate students, academic programs and research facilities. UNT also is partnering with other leading higher education institutions in Texas, nationally and globally on collaborative research initiatives, advancing scientific discovery, technology and its commercialization.

o UNT HSC continues to experience growth in research expenditures, with a 43% increase for the period 2005-08. For the same period student growth has continued as well, with enrollment increasing 21.7%, including 42.7% for African-American students, and 6.3% for Hispanics.

## **SYSTEM OPERATIONS**

The UNT System Administration is the central administrative office for the component institutions of the UNT System. While pursuing its distinct mission of enhancing the well-being of the North Texas region, the UNT System performs a set of functions similar to those carried out by its counterparts in Texas :

\* Providing executive leadership;

\* Supervising on behalf of its Board of Regents the compliance of its components with federal, state and local laws, and Board policies;

\* Ensuring cost savings and efficiencies by consolidating functions best performed as a central service on behalf of the individual institutions to permit campus leaders to concentrate on carrying out their respective missions – these functions include but are not limited to legal services, governmental relations, auditing, real estate acquisition, and facilities planning and construction activities;

\* Representing its campuses before the Legislature and state and federal officials;

\* Coordinating relationships with the region's communities and organizations, as well as with other university systems; and

\* Securing, preserving and enhancing assets held in trust for the benefit of more than a single institution.

## **Cost Savings Initiatives**

*Collaborative system-wide governance and Shared Services* - In FY 2010, the UNT System Board of Regents approved a plan to implement a collaborative system-wide governance model beginning with human resources and information technology. This initiative is modeled after shared service practices that have been successfully implemented in the private sector for many years and are being actively developed in several innovative public university systems around the country. The UNT System Shared Services Plan will capitalize on the well-documented cost savings and synergies created by standardizing business processes across multiple units and locations, and leveraging high-volume transaction processing to drive down costs. Initial studies indicate that \$8-10M in administrative cost increases, largely from future staff expansion, can be avoided by sharing services, thus freeing those resources for academic investments and/or restraining total costs.

While cost containment is a primary objective, the newly established system-wide Shared Services Council is charged with developing strategies for investment expansion, and effective utilization of our limited resources by sharing services across campuses, eliminating unnecessary duplication. This unified model for strategy development and execution has the potential to position the UNT System at the forefront of shared services implementation in higher education. The unified model provides an opportunity to gain greater leverage from our current spending by working collaboratively to establish system-wide strategies that support our missions of teaching, research and service.

*Tuition Revenue Bond Refunding* - In response to favorable conditions in the municipal bond market, the UNT System refunded outstanding tuition revenue bonds (TRB) on two occasions during FY 2010 (December and July). The two refunding transactions resulted in a gross savings of \$3,408,893.97 over the next 12 years (2011-2022) for the State of Texas. The net present value (NPV) -present value of cash inflows (savings) less present value of cash outflows cost)- realized was \$2,929,111 or 7.704% of the

**ADMINISTRATOR'S STATEMENT**

PAGE: **4 of 7**

---

Agency code: **769** Agency name: **University of North Texas System Administration**

---

bonds refunded (\$38,020,000). By coupling TRB refunding with our revenue financing system bond refunding, the UNT System is able to reduce the State's debt burden along with the UNT System's. The UNT System will continue to seek opportunities to reduce interest costs on all outstanding bonds whenever market conditions warrant.

**Funding received through the American Recovery and Reinvestment Act (ARRA)** - The UNT System received a \$5M exceptional item appropriation in support of the UNT Dallas College of Law during the 81st legislative session. Funding was appropriated from Federal funds made available through the ARRA program. The UNT System has included a request in our FY 2012-13 legislative appropriations request to replace the law school funding provided through ARRA with general revenue. The creation of the UNT Dallas College of Law will not be possible without the startup funding provided through the exceptional item.

**Background checks** - In accordance with Texas Education Code 51.215(c) and Texas Government Code 411.094 (a)(2) criminal history checks are conducted for all incoming regular faculty and staff positions. We use a third-party provider, offering a comprehensive criminal history check including nationwide and international jurisdictions. All checks are conducted in accordance with applicable Federal and state law and managed in a secure and confidential manner.

**10% Biennial Base Reduction Exercise** - During the 2010-2011 biennium, the UNT System reduced appropriated expenditures by 5%. The reduction (\$200,000) was accomplished by reducing funds available for contracted temporary services and reducing operating expenses across all units within system administration. In addition, the Universities Center at Dallas (UCD) and Federation of North Texas Area Universities (Federation) also reduced operating expenses as requested. The UNT System is prepared to sustain operations at 95% of the appropriation levels awarded by the 81st legislature, if necessary.

The 10% reduction planning exercise issued in conjunction with the LAR instructions was addressed in a similar manner. The reduction (380,000) was addressed by again reducing contracted temporary services and operations. Approximately twenty-five percent of the reduction was applied to contracted services while the remaining seventy-five percent of the reduction amount was accomplished through reduced operations. Operating funds at the UCD and Federation were also reduced by 10%. Additional detail is provided in the planning worksheets.

## **LEGISLATIVE PRIORITIES**

The UNT System is dedicated to excellence in its service to the State of Texas. With three campuses located along the Interstate 35 corridor and plans for expansion to even better serve the citizens of Texas, the UNT System sees the following areas as opportunities to support the state's higher education needs.

**Continued support for higher education** - During fiscal year 2010, lagging State revenues and unfavorable economic forecasts continued to grip the Texas economy and understandably, state-wide leadership was forced to rescind 5% of the biennial budget approved during the 81st legislative session. The UNT System and its component institutions addressed these reductions by reducing expenditures, delaying merit programs, implementing modified hiring freezes, freezing state funded travel, evaluating open staff positions, and reducing non-personnel operating costs wherever possible.

*The member campuses of the UNT System are prepared to sustain the reductions indefinitely.* While the UNT System will not request the five percent reduction be restored, **the UNT System requests State leaders consider all possible options available for ensuring FY 2012-2013 appropriations remain at 95% of FY 2010-2011 levels or higher.** Any additional reduction to UNT System or member appropriations will begin to have detrimental impacts on the ability to deliver high-quality, affordable education and programs for Texas students and families and will increase student costs as our campuses invest in critical priorities.

**Continued support UNT System Campuses** - Each campus has identified priorities through their respective legislative appropriation request. The UNT System

**ADMINISTRATOR'S STATEMENT**

Agency code: **769**

Agency name: **University of North Texas System Administration**

---

Administration would like to emphasize support for these campus priorities. A summary of each campus' highest priority items is listed below. **The UNT System requests continued legislative consideration of the priorities established at each campus of the UNT System.**

**Exceptional Item Requests**

***UNT (Denton)***

Replace ARRA funds with General Revenue (\$4.7M)

Replace ARRA funds used to fund Institutional Enhancement(\$2M)

***UNT Dallas***

Increased special item funding to reflect steady growth of new campus (\$5M)

***UNT HSC***

Primary and Rural Care Education (\$6M)

**Tuition Revenue Bonds**

***UNT (Denton)***

Science and Technology Research Building (\$60 million)

***UNT Dallas***

Third Building on Campus - Library and Student Success Center (\$65M)

***UNT HSC***

Research Building (\$90M)

**Continued support for UNT System Priorities**

*UNT Dallas College of Law* - Located in downtown Dallas, the UNT Dallas College of Law will provide a high-quality, affordable legal education in the largest metropolitan region in the U.S. formerly without access to a public law school. Demand for legal education in the region is high, as evidenced by an increase of 65% in applications at the private SMU Dedman School of Law since 2001. Dallas County imports 30% of its attorneys from out-of-state law schools to meet regional demand. The UNT Dallas College of Law will create greater access and opportunity for many qualified and diverse students to pursue a legal education closer to where they live or work. A public legal education will also reduce the average debt level of students who may otherwise forego a legal education, or be forced to relocate to pursue their education. By being housed in the former Dallas Municipal Building, the UNT Dallas College of Law will play a critical role in the revitalization of downtown Dallas by bringing hundreds of students, faculty and staff into the area. The new Main Street Garden Park will link the College of Law to the Universities Center at Dallas, creating a campus-like atmosphere.

During the 81st legislative session, \$5M was appropriated for the startup of the UNT Dallas College of Law from federal funds received through the American Recovery

**ADMINISTRATOR'S STATEMENT**

Agency code: **769**

Agency name: **University of North Texas System Administration**

and Reinvestment Act of 2009 (ARRA). A renovation plan has been initiated to provide temporary space for the College in the UNT System Building at 1901 Main Street until the Municipal Building, donated by the City of Dallas, can be renovated. In addition, the UNT System is in the final stages of recruiting the founding dean of the College with plans to begin offering classes in Fall 2012. **The UNT System requests the exceptional item funding approved during the last session using ARRA funds be converted to a general revenue appropriation, and the amount be increased to our original requested amount of \$8.2M for the 2012-2013 biennium.**

*College of Law Tuition Revenue Bond* - The UNT System has initiated a \$21M renovation to the UNT System building at 1901 Main Street to provide temporary quarters for the UNT Dallas College of Law. In addition, the City of Dallas has committed to donate land and the historic Municipal Building – valued at \$10 million – and up to \$16 million toward renovation costs to provide a permanent home for the college. Tuition Revenue Bonds (TRB) authorization of \$46 million is sought to complete the estimated \$93M million renovation project planned for the two buildings - UNT System Building (\$21M) and Municipal Building (\$72M). Once renovated, these facilities will house the UNT Dallas College of Law, including a permanent law library and classroom space. Through the City partnership and allocation of System resources, UNT System is able to bring significant matching funds to offset the cost to the State of a new professional program startup. **The UNT System requests approval for TRB funding in the amount of \$46M to supplement currently identified funds from the UNT System and the City of Dallas to renovate the UNT System Building and the Municipal Building. This renovation project will provide short term and long term facilities for the UNT Dallas College of Law.**

*Universities Center at Dallas* - The Universities Center at Dallas (UCD) has been providing undergraduate and graduate degree programs since 1994 in downtown Dallas. Enrollment steadily increased from 23 students in the summer of 1994 to the current enrollment of approximately 1,100 students each semester. The UCD is a Multi-Institution Teaching Center (MITC), which offers courses sponsored primarily by Universities in the North Texas region. The member institutions cooperate in the offering of upper division undergraduate and graduate courses that may be applied to programs offered by the partner institutions. The UCD is an 88,000 square foot facility that will offer more than 75 courses in the Fall of 2010. **The UNT System requests the current special item supporting the Universities Center Dallas be continued at \$609,476 per year for the FY 2012-2013 biennium.**

*Federation of North Texas Area Universities* - The Special Item Funding request for the Federation includes the appropriation made through the University of North Texas System in the 2012-2013 biennium. **The UNT System requests continued funding in the amount of \$65,229 per year for the FY 2012-2013 biennium.**

### **SUMMARY OF UNT SYSTEM LEGISLATIVE PRIORITIES**

We look forward to the opportunity to discuss UNT System operations and priorities in greater detail as the 82nd Legislature convenes. Within the resources available, the UNT System respectfully requests the following issues be addressed during this session.

1. Consider all possible options available for ensuring FY 2012-2013 appropriations remain at 95% of FY 2010-2011 levels or higher.
2. Favorable consideration of the priorities established at each campus of the UNT System.
3. Exceptional item funding for the UNT Dallas College of Law during the 81st session is converted to a general revenue appropriation and the amount be increased to the original requested amount of \$8.2M for the 2012-2013 biennium.
4. TRB funding in the amount of \$46M to supplement currently identified funds for the renovation of the UNT System Building and the old Municipal Building.

**STRATEGY DESCRIPTION AND JUSTIFICATION :**

The UNT System Administration is the central administrative office for the component institutions of the UNT System. While pursuing its distinct mission of enhancing the well-being of the North Texas region, the UNT System performs a set of functions similar to those carried out by its counterparts in Texas :

- \* Providing executive leadership;
- \* Supervising on behalf of its Board of Regents the compliance of its components with federal, state and local laws, and Board policies;
- \* Ensuring cost-savings and efficiencies by consolidating functions best performed as a central service on behalf of the individual institutions to permit campus leaders to concentrate on carrying out their respective missions – these functions include but are not limited to legal services, governmental relations, auditing, real estate acquisition, management and facilities planning and construction activities;
- \* Representing its campuses before the Legislature state and federal officials;
- \* Coordinating relationships with the region’s communities and organizations, as well as with other university systems; and
- \* Securing, preserving and enhancing assets held in trust for the benefit of more than a single institution.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY :**

During fiscal year 2010, lagging State revenues and unfavorable economic forecasts continued to grip the Texas economy and understandably, state-wide leadership was forced to rescind 5% of the biennial budget approved during the 81st legislative session. The University of North Texas System and its component institutions addressed these reductions by reducing expenditures, delaying merit programs and implementing modified hiring freezes.

**STRATEGY DESCRIPTION AND JUSTIFICATION :**

The Federation of North Texas Area Universities is a consortium comprised of Texas A&M University at Commerce (TAMU-C), Texas Woman's University (TWU), and the University of North Texas (UNT).

The Federation was mandated in 1968 by a resolution of the Texas Higher Education Coordinating Board for the purpose of forming a cooperative arrangement among three north Texas institutions: TAMU-C, TWU, and UNT. The purpose of the Federation is to promote cost-effective responses to the expressed need for graduate education in the rapidly growing North Texas region while avoiding unnecessary duplication of faculty, course offerings, and degree programs. The Federation is governed through bylaws and procedures that are approved by the Coordinating Board. In 1988, the Coordinating Board conducted an assessment of all non-research special items. In its report to the Texas Legislature, the Coordinating Board concluded, "The Federation is the type of cooperative activity between universities that the Coordinating Board has sought to encourage. Special item funding is a cost-effective way to pay for such an effort."

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY :**

The revitalization of the Downtown Dallas area has continued during the past several years with the development of new housing units; the AA Center which hosts numerous concerts, events and two professional sports teams; the West Village shopping area with services from hair salons, dry cleaners to restaurants and department stores; the Urban Market, a Downtown grocery store and café for Downtown residents and employees with free parking; new high-rise condominiums including The W Residences, located in Victory Park, along with two Victory Plaza Buildings currently being built next to the AA Center to include an outdoor media installation known as the Victory Media Network . (www.victorypark.com). With all of these developments making a more robust area, the UCD can look forward to providing degree programs to an increasing Downtown population.

**STRATEGY DESCRIPTION AND JUSTIFICATION :**

The mission of the University of North Texas Dallas College of Law will be to provide a high quality, affordable legal education in the largest metropolitan region in the U.S. formerly without access to a public law school. It will create greater access and opportunity for many qualified and diverse students to pursue a legal education closer to where they live, providing a public legal education will also reduce the average debt level of students who may otherwise forego a legal education or be forced to relocate to pursue their education.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY :**

The UNT Dallas College of Law risks the loss of playing a critical role in the revitalization of downtown Dallas and the opportunity to provide quality, affordable legal education to hundreds of qualified and diverse students in the nation's largest metropolitan region in the U.S. without a public law school.

--	-------	-------

**DESCRIPTION / JUSTIFICATION:**

The University of North Texas System, with significant support from the Dallas community, has moved forwards with its plans for a College of Law in downtown Dallas and, contingent upon authorization, request Exceptional Item Funding for startup costs. The City of Dallas has pledged the land, the building and significant renovation costs to convert the Old city Hall building into the UNT Dallas College of Law. The law school would anchor a UNT complex extending to two sides of a new City Park in the heart of a proposed major downtown redevelopment. The resources requested for FY2010 will allow us to recruit and hire a Dean, Associate Dean of Admissions, Associate Dean of Academics, Law Librarian, and administrative and support staff as well as providing operating funds to support the facilities and the recruiting efforts. In the second year, salaries increase to \$2,523,548 as additional faculty and administrative staff are hired and final preparations for the first 75 students are completed including purchases for establishing a law library (\$1,000,000).

**EXTERNAL/INTERNAL FACTORS:**

The DFW region has a population of over 6.1 million, representing the largest, most educated populated in Texas. Yet, DFW is the largest metropolitan region in the United States without a public law school. Texas has four public law schools, but none in the DFW area. The needs of DFW demand an affordable opportunity for legal education. A public law school would increase opportunities for DEF baccalaureate graduates to attend a regional law school without costs associated with relocation or attendance at a private institution. Average Texas private law school tuition (\$26,046) is almost twice the average of Texas public law school tuition (\$14,493). In 2005, the average student debt carried from private law school students was over \$78,000 (approximately \$27,000 more than for public law school graduates).

<u>CODE</u>	<u>DESCRIPTION</u>	<u>Excp 2012</u>	<u>Excp 2013</u>
	<b>Item Name:</b> Tuition Revenue Bond Retirement - UNT Dallas College of Law		
	<b>Item Priority:</b> 2		
	<b>Includes Funding for the Following Strategy or Strategies:</b> 02-01-01 Tuition Revenue Bond Retirement		
 <b>OBJECTS OF EXPENSE:</b>			
2008	DEBT SERVICE	4,119,251	4,119,625
	<b>TOTAL, OBJECT OF EXPENSE</b>	<b>\$4,119,251</b>	<b>\$4,119,625</b>
 <b>METHOD OF FINANCING:</b>			
1	General Revenue Fund	4,119,251	4,119,625
	<b>TOTAL, METHOD OF FINANCING</b>	<b>\$4,119,251</b>	<b>\$4,119,625</b>

**DESCRIPTION / JUSTIFICATION:**

Funding for this exceptional item would provide necessary debt service amounts for repayment of Tuition Revenue Bonds totalling \$46,000,000. The project will renovate the former Dallas City Hall at Elm and Harwood as the permanent home of the UNT College of Law. The law school will occupy the entire building and will have the potential to use the attached Municipal Annex building for expansion space in the future. The City hall is a historic structure (circa 1912) located in downtown Dallas in the heart of an area planned for major redevelopment with a new city park and massive apartment/office conversion projects across the block.

The City of Dallas has offered the building for the permanent use of the State of Texas, if the law school becomes its occupant, and the City Council voted in July, 2008 to authorize expenditure of \$16 million in City funds for needed renovations to the exterior to repair the building's roof and windows and other support structures. The City will consider transfer of the land to the State in the future, in accordance with their bond provisions and other laws.

The UNT System will use a small building portion of this TRB (perhaps \$2-3 million) for renovations of temporary classroom and faculty office space in the University Center of Dallas building, owned by the UNT System across the block from the future UNT College of Law. This will enable the UNT College of Law to begin operation in the fall of 2013, several years before the completion of the complex renovations of the historic former City Hall.

**EXTERNAL/INTERNAL FACTORS:**

The DFW region has a population of over 6.1 million, representing the largest, most educated populated in Texas. Yet, DFW is the largest metropolitan region in the United States without a public law school. Texas has four public law schools, but none in the DFW area. The needs of DFW demand an affordable opportunity for legal education. A public law school would increase opportunities for DEF baccalaureate graduates to attend a regional law school without costs associated with relocation or attendance at a private institution. Average Texas private law school tuition (\$26,046) is almost twice the average of Texas public law school tuition (\$14,493). **B. Assessment of Fiscal Year 2008 - 2009 Efforts to Meet HUB Procurement Goals**

**Attainment:**

The University of North Texas System attained or exceeded 1 of 5\*, or 20%, of the applicable statewide HUB procurement goals in fiscal year 2008.

The University of North Texas System attained or exceeded 1 of 5\*, or 20%, of the applicable statewide HUB procurement goals in fiscal year 2009.

**Applicability:**

The category of Heavy Construction is not applicable to the agency's operations because we do not have programs or projects related to this field.

**Factors Affecting Attainment:**

Many services often require specialized knowledge, skills and experience. Due to the specialization required, there are few, if any, HUB vendors in these fields. A lack of HUB vendors in the DFW area has also contributed to UNT's inability to attain some statewide HUB goals.

**"Good-Faith" Efforts:**

The UNT System, in coordination with UNT, conducted outreach with all 45 North Texas area Chambers of Commerce including the 4 African-American, the 4 Hispanic, the 2 Native American, and 2 Asian Chambers. UNT attended and participated in various events with related Chamber associations and with many of the Contractor and Building Associations in the DFW area. UNT attends many Vendor Fairs and Economic Opportunity Forums each year. UNT and the UNT System host a Vendor Fair annually representing over 70 HUB Certified Vendors and with over 300 UNT and UNT System employees attending. In FY2008, UNT held its first construction fair for HUB Certified vendors. UNT is a founding member of the Texas Universities HUB Coordinators Alliance (TUHCA), which brings together the resources and experience of 13 Texas Universities' HUB Coordinators to share program information, advertising expenses, and provides HUBs an effective venue to share their business information and to obtain procurement opportunities. Information is shared with campus departments in regards to HUB vendors and the goods/services they sell. Information is also disseminated via e-mail, a HUB website and a monthly newsletter.

**Project Description**

The City of Dallas committed to donate the land, the historic Old Municipal Building - valued at \$10 million - and up to \$16 million in renovation costs. TRB authorization of \$10 million is sought to complete the estimated \$70+ million renovation costs to the Old Municipal Building and for temporary quarters in the Universities Center at Dallas. The UNT System Building at 1901 Main Street will be the temporary quarters for the UNT Dallas Law School until the Municipal Building donated by the City of Dallas, can be renovated.

UNT System will be required to renovate its current location to expand for the UNT Dallas Law School until permanent building is in place. With its partnership with the City of facilities would house the UNT College of Law, a permanent law library, and classroom space. With this City partnership, UNT System is able to bring significant matching funds to offset the cost of the State of a new professional program startup.

82ND REGULAR SESSION  
Automated Budget and Evaluation System of Texas (ABEST)

Date: **8/16/2010**  
Time: **7:53:23AM**  
Page: **1 of 4**

---

Agency Code: **769**      Agency: **University of North Texas System Administration**

---

**Special Item:**    1            **UNT Dallas College of Law School**

**(1) Year Special Item :**            2010

**(2) Mission of Special Item:**

The mission of the University of North Texas Dallas College of Law will be to provide a high quality, affordable legal education in the largest metropolitan region in the U.S. formerly without access to a public law school. It will create greater access and opportunity for many qualified and diverse students to pursue a legal education closer to where they live, providing a public legal education will also reduce the average debt level of students who may otherwise forego a legal education or be forced to relocate to pursue their education.

**(3) (a) Major Accomplishments to Date:**

1. A renovation plan has been initiated to provide temporary space for the College in the UNT System Building at 1901 Main Street until the Municipal Building donated by the City of Dallas can be renovated.
2. UNT System Administration is in the final stages of recruiting the founding Dean for the College of Law with plans to begin offering classes in the Fall of 2012.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

1. Enroll 75 students and hire 19 faculty and staff for the inaugural class of 2013.
2. Complete renovation of the UNT System Building at 1901 Main Street in Dalals for temporary quarters for the UNT Dallas College of Law.

**(4) Funding Source Prior to Receiving Special Item Funding:**

N/A

**(5) Non-general Revenue Sources of Funding:**

The UNT Dallas College of Law will estimate the revenue projections of Law and other Fees.

**(6) Consequences of Not Funding:**

The UNT Dallas College of Law risks the loss of playing a critical role in the revitalization of downtown Dallas and the opportunity to provide quality, affordable legal education to hundreds of qualified and diverse students in the nation's largest metropolitan region in the U.S. without a public law school.

**Special Item: 2      UNT Dallas College of Law Tuition Revenue Bond**

**(1) Year Special Item :**      2012

**(2) Mission of Special Item:**

The mission of the University of North Texas Dallas College of Law will be to provide a high quality, affordable legal education in the largest metropolitan region in the U.S. formerly without access to a public law school. It will create greater access and opportunity for many qualified and diverse students to pursue a legal education closer to where they live, providing a public legal education will also reduce the average debt level of students who may otherwise forego a legal education or be forced to relocate to pursue their education. The City of Dalals has committed to donate land, the historic Municipal Building - valued at \$10 million - and up to \$16 million in renovation costs. TRB Authorization of \$46 million is sought to complete the estimated \$62 million renovation to the Old Municipal Building. Temporary quarters for the UNT Dallas College of Law will be in the UNT System Building at 1901 Main Street in Dallas. These facilities would house the UNT Dallas College of law, including a permanent law library and classroom space.

**(3) (a) Major Accomplishments to Date:**

1. A renovation plan has been initiated to provide temporary space for the College in the UNT System Building at 1901 Main Street until the Municpal Building donated by the City of Dallas can be renovated.
2. UNT System Administration is in the final stages of recruiting the founding Dean for the College of Law with plans to begin offering classes in the Fall of 2012.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

1. Enroll 75 students and hire 19 faculty and staff for the inaugural class of 2013.
2. Complete renovation of the UNT System Building at 1901 Main Street in Dalals for temporary quarters for the UNT Dallas College of Law.

**(4) Funding Source Prior to Receiving Special Item Funding:**

Agency Code: **769**      Agency: **University of North Texas System Administration**

---

**Special Item:**    3            **Universities Center at Dallas**

**(1) Year Special Item :**            1994

**(2) Mission of Special Item:**

The mission of the Universities Center at Dallas (UCD) calls for the UCD: (1) to be an auxiliary location for a number of institutions, designed to allow the institutions to deliver a part of their usual academic programs offered on their main campuses, at the Center's site in Dallas; (2) to not be free-standing college of university, nor to seek accreditation for course or programs separate from the accreditation provided for courses and programs on the participating institutions' main campuses; (3) to provide coordinated offerings among participating institutions to minimize duplication and also to work to combine offerings across institutional programs; (4) to be subject to the educational decision making procedures of each of the participating institutions in matters concerning courses and educational programs provided by that institution.

**(3) (a) Major Accomplishments to Date:**

1. Increased enrollment from 23 students in the Summer of 1994 to current enrollment of approximately 1,100 students each semester.
2. Maintained status as a Multi-Institution Teaching Center (MITC) offering courses primarily sponsored by the University of North Texas and Texas A&M University, Commerce and other courses offered by University of Texas at Arlington, Texas Woman's University, University of Texas at Dallas, and the Dallas County Community College District.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

The UCD will offer more than 50 courses in the Fall of 2010 and anticipated continued growth of course offerings at the downtown MITC.

**(4) Funding Source Prior to Receiving Special Item Funding:**

N/A

**(5) Non-general Revenue Sources of Funding:**

Participating institutions pay a per SCH fee for the courses taken by their students.

**(6) Consequences of Not Funding:**

The UCD would be less able to (1) maintain collaborative efforts among participating universities and (2) provide effective and efficient uses of state resources to fund degree programs serving the needs of downtown Dallas businesses and citizens.

---

**Special Item:**    4            **Federation of North Texas Area Universities**

**(1) Year Special Item :**            1982

**(2) Mission of Special Item:**

The mission of the Federation of North Texas Universities is to fund cooperative effort by TAMU -C, TWU and UNT to promote cost-effective responses to the expressed needs for graduate education in the North Texas area and to avoid unnecessary duplication of faculty, course offerings and degree programs. The federation of North Texas Area Universities provides quality cost-effective cooperative graduate education to populations not normally served by one institution. These efforts maximize the use of state funds.

**(3) (a) Major Accomplishments to Date:**

1. Provide a wider range of programs than would be offered by a single insitution.
2. Provide professional training for faculty and graduate students through collaborative and collective workshops and institutes.

**(3) (b) Major Accomplishments Expected During the Next 2 Years :**

Expand the number of federated courses offered.

**(4) Funding Source Prior to Receiving Special Item Funding:**

N/A

**(5) Non-general Revenue Sources of Funding:**

N/A

**(6) Consequences of Not Funding:**

The Federation would be less able to meet the Coordinating Board's mandate to the Federation (and the three participating universities) to provide cost-effective graduate education in the North Texas area.
