Goal 6: Improve operational efficiencies in Student Services

Objective: Conduct assessment of students services processes and procedures to determine where inefficiencies exist.

Objective: Enhance and expand systems that provide data integrity, reduce redundancy and improve controls to meet college management, auditing, and government agency requirements.

Significant changes in policy since last appropriation request:

Since the last appropriation request, the Blinn College Board of Trustees has raised tuition and fees charged to students by:

16.7% in-district students

8.50% out-of-district students

The increases in tuition and fees was done to counter the effects of the minimal increases in State funding and to maintain the quality of education for the students that the College serves. While College services and programs were not reduced, the ability of the College to continue its mission and goals would be negatively impacted by reductions in State funding.

No increase in tuition and fees have been proposed for the 2008-2009 year.

Significant changes in provision of services:

There have been no significant changes in provision of services since the last appropriation request.

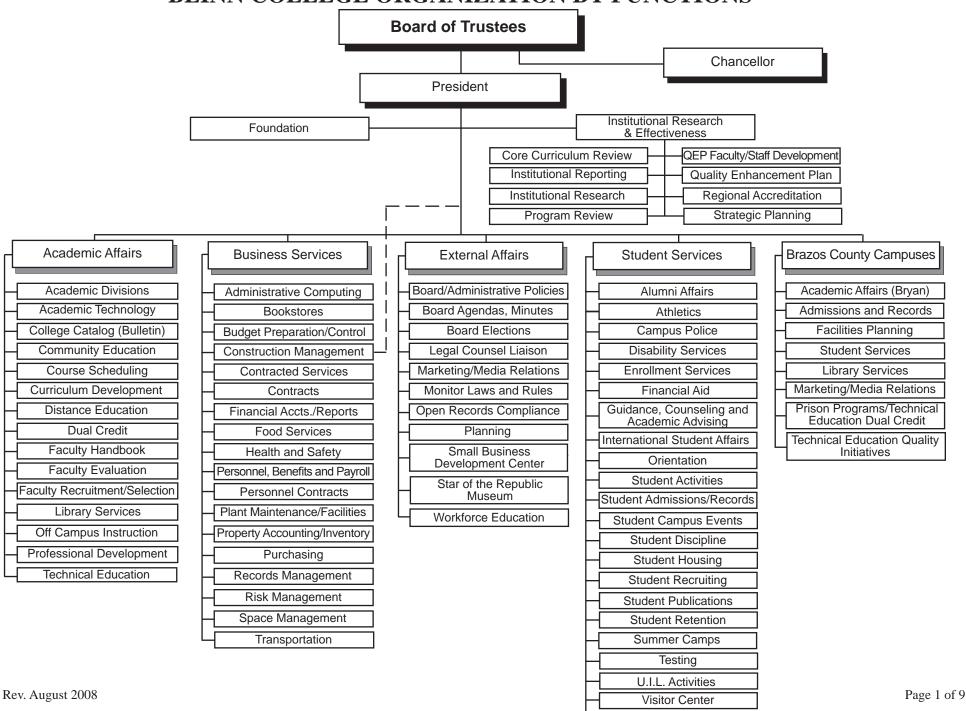

Significant externalities:

For fiscal year 2007, the College had proposed an increase in property taxes from \$0.051 per \$100 to \$0.082 per \$100. During fiscal 2007, a tax rollback election was held and the original authorized tax rate of \$0.082 was reduced to the \$0.0513 assessed tax rate.

Additional formula funds request 2010-2011:

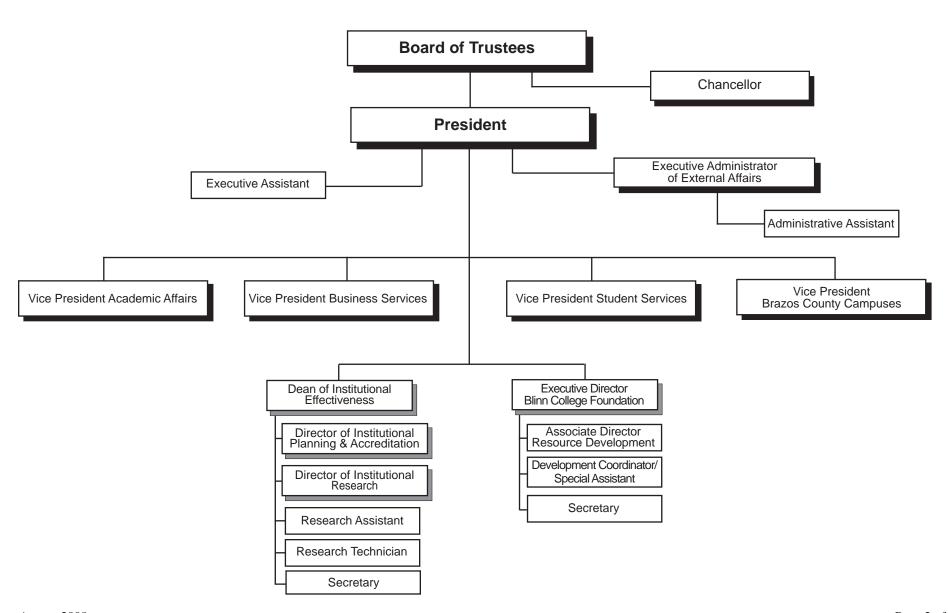

The Blinn College district endorses the additional formula funds request that was made on July 31, 2008 by the Texas Association of Community Colleges.

The Star of the Republic Museum is located in rural Washington County with a population of less than 25,000. The Museum commemorates the site of the signing of the Texas Declaration of Independence from Mexico on March 2, 1836. The Museum is within the Washington-on-the-Brazos State Historical Site, and has an annual attendance of 30-35,000 visitors from across the state and many out-of-state visitors as well. Over 10,000 school children from the region visit the Museum each year in conjunction with the 4th and 5th grade Texas history classes.

The Museum works in concert with the Washington County Convention and Tourism Bureau promoting "Heritage Tourism" and the "Birthplace of Texas".

The Museum's rural location is a limiting external factor in both attendance and the ability to generate additional earned income.

The internal limiting factors are related to Museum staffing and operations. The Museum cut one professional staff position due to previous decreases in the Museum's appropriation. The current staff consists of Director, Curator of Education, Curator of Collections and Exhibits, Public Programs Coordinator, Secretary, Maintenance person, and four part-time receptionists. This is the smallest the staff has been in several years, and represents the minimum staffing required to serve the public and fulfill its mandate to preserve, protect, and intrepret the collections.
