Lamar State College-Port Arthur is a state funded two-year institution of higher education and is a member of The Texas State University System. Lamar -Port Arthur serves the educational needs of the greater Port Arthur area. The College provides an affordable, accessible, and quality system of higher education that prepares students for a changing economy and workforce and that furthers the development and knowledge through instruction. The College offers associate degrees as well as academic courses that transfer to four-year institutions. Approximately 4,000 students, from a wide variety of ages and backgrounds, are served annually by the institution.

Lamar State College is requesting 4 exceptional items:

1. Centennial Scholarship \$500,000
2. Restoration of Non-Formula Funding \$274,558
3. Increase in Funding for the Small Business Development Center \$90,000
4. New Debt Service on New TRB Projects \$416,358

CENTENNIAL SCHOLARSHIP:

FY 2010 \$500,000

Pursuant to the provisions of Section 56.243 of the Education Code and with the approval of The Texas State University System Board of Regents on November 8, 2002, the College began collecting a fee of \$1 per credit hour from students. The student fees now total \$270,000. Funds raised in the community now total \$230,000 thus creating the \$500,000 that the College now requests the matching funds from the State.

Lamar-Port Arthur serves a very diverse student body including 45% ethnic minorities and a large percentage (50%) of students with a family income of less than \$40,000 per year. With the rising cost of attending college, scholarship funds often make the difference as to whether or not a student can attend.

Success:

This fund would be a permanent resource for assisting students who have need and can benefit from education and training. Lamar-Port Arthur is an open access institution and provides a wide range of associate degrees. However, without assistance many students cannot attend. This fund would provide an opportunity for these students to succeed.

Participation:

With available funding, the College participation rate should increase because many students cannot afford the tuition and fees while others do not apply unaware of financial aid opportunities. This fund would help a significant number of students gain access and participate in the college experience. In recent years the College has experienced an enrollment decline. We believe some of the loss is based on the cost of tuition and fees. The endowment would help recruiting efforts thereby increasing the student participation rate.

RESTORATION OF NON-FORMULA FUNDING REDUCTION:

FY 2010 \$114,384 FY 2011 \$160,174

The LBB instructions are to submit a supplemental schedule detailing how the baseline request could be reduced by 10 percent. If the college's baseline is reduced, the strategy that will be affected is Institutional Enhancement. LSCPA has received Institutional Enhancement Funding each year since FY2000. Until FY 2004, the funding was used for new equipment and furniture for classrooms, fiber optics and wiring for classrooms, upgrade of the main frame computer system, capital equipment for new facilities, and specialized equipment for classrooms. Due to state appropriation funding reductions and enrollment decrease since Hurricane Rita, LSCPA relied upon the Institutional Enhancement Funding to ensure the college maintains sufficient and adequate resources to support the college's goals and mission.

To meet this budget reduction requirement, LSCPA will be forced to reduce expenditures for the next biennium by \$274,558. The college has depleted its fund balances to meet budget reductions in the previous year while maintaining a minimal level of service. Restoring these funds would allow the college to be more effective in responding to student needs and the community's economic development efforts.

INCREASE IN FUNDING FOR THE SMALL BUSINESS DEVELOPMENT CENTER

FY 2010 \$ 45,000 FY 2011 \$ 45,000

From its opening in February 1998 through June 2008 the Small Business Development Center has provided counseling or technical assistance to 1,876 owners and managers of existing, planned, or potential small businesses; helped 198 businesses to begin operation; assisted 336 client companies obtain \$51,786,097 in capital from 17 separate types of sources including banks, Economic Development Corporations, and federal support; and presented 397 classes that have provided 18,076 hours of training to 4,915 students.

The SBDC has aided 43 businesses in obtaining HUB status and is the only agency in the 9-county area that offers free assistance to businesses applying for HUB certification.

In the past 5 years the SBDC has worked with companies to create 1,110 new jobs and during that time helped existing firms retain an additional 161 jobs.

The Small Business Development Center served 213 distinct clients from Oct. 1, 2007 through June 30, 2008. The classifications of the clients were as follows: 40% - female-owned business; 6% - male/female-owned business; 9% veteran-owned business; 9% Hispanic-owned business; 20% African American owned business; 1% Native American owned business; and 4% owned by disabled individuals.

Other accomplishments include: assisting 29 local businesses to obtain an emergency "bounce-back" loan from Accion Texas following Hurricane Rita; provided assistance and training to businesses seeking the QISV "Qualified Information Systems Vendor" designation required for bidding on certain state government contracts; and helped businesses that sought to obtain "Historically Underutilized Business" (HUB), "Small Disadvantaged Business" (SDB) status and 8(a) certification (certification for contractors that want to do business with the federal government).

Major Accomplishments Expected During the Next Two Years

- A. Assist the cities of Groves, Nederland, Port Arthur, Port Neches and Sabine Pass to restore their respective property tax bases after many businesses were destroyed and/or closed after Hurricane Rita;
- B. Continue to emphasize assisting Historically Underutilized Businesses (HUB), Small Disadvantaged Businesses (SDB), and Qualified Information Systems Vendors (QISV) obtain certification as such in order help more local companies compete for state government contracts
- C. Work with the College and local businesses to obtain training through the Skills Development Fund
- D. Continue to assist the Port Arthur, Port Neches, and Nederland Economic Development Corporations and the Port of Port Arthur with economic development activities,
- E. Promote the Port Arthur Economic Development Corporation's Industrial Park;
- F. Aid the cities of Groves, Nederland, and Port Neches to replace jobs lost due to the relocation of retail businesses to other communities
- G. Support the efforts of the Southeast Texas Regional Airport to attract a second commercial carrier to the area
- H. Continue working with the local chambers of commerce in providing assistance to existing businesses that want to supply goods and services to the major industries/operations in the region: refineries; petrochemical plants; construction companies; hospitals; and government;
- I. Work with new businesses that are attempting to participate in the industrial expansion including capitalization, business plans, bid procurement, and loan packaging

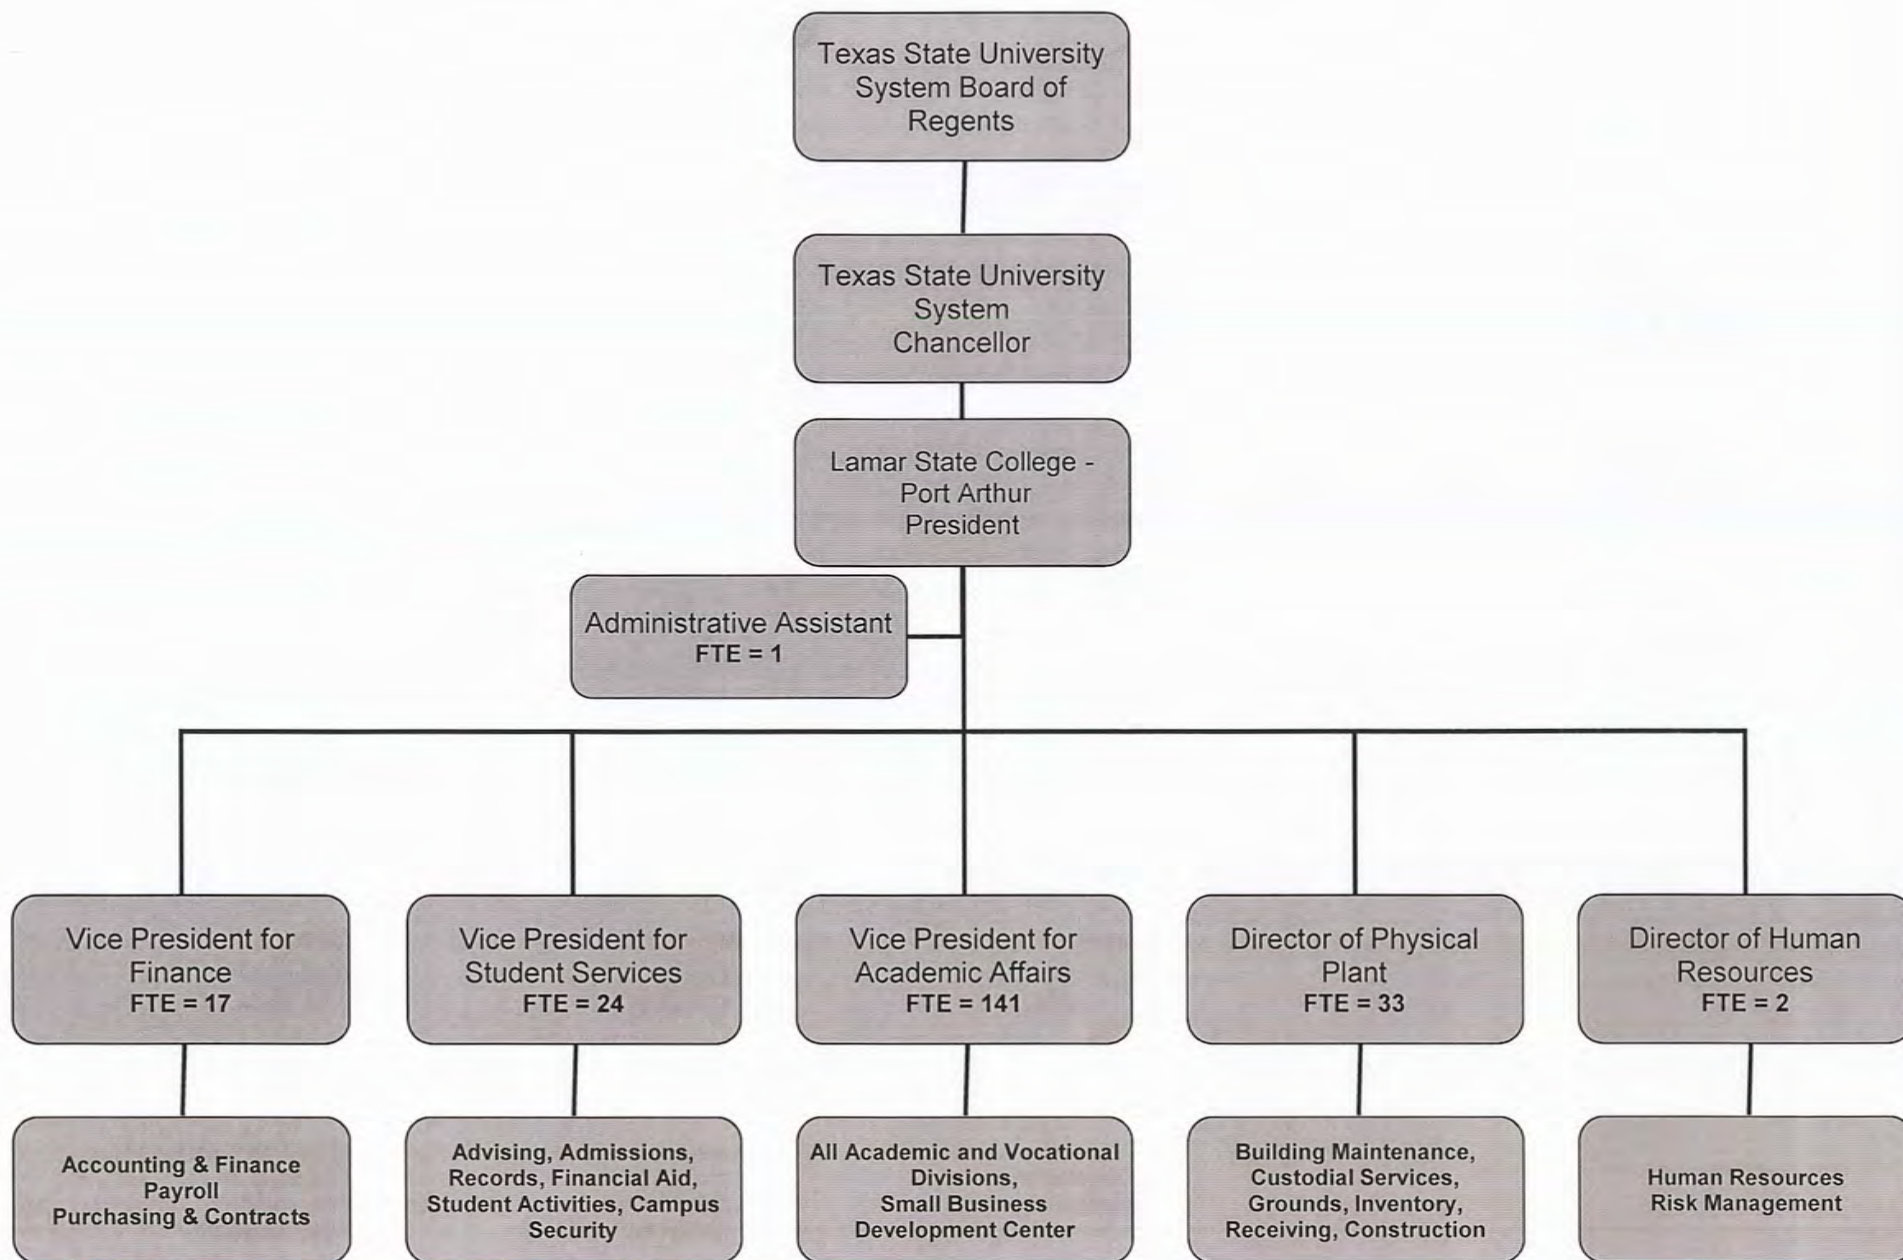

TUITION REVENUE BOND DEBT SERVICE

FY 2010 \$208,000 FY 2011 \$208,358

LSCPA is requesting the full debt service requirement on \$2,600,000 tuition revenue bond on the following project Addition to the existing Allied Health Building on campus will provide an additional 5,700 square feet to the facility and will include additional classrooms and laboratory space Local demand for nursing classes continues to rise and the college is operating at full capacity. The request also will provide for a Campus Central Plant that will consist of the rerouting of the overhead utility lines that transect the campus to the campus perimeter and the installation of a distribution substation with a single point of metering for the entire college

STRATEGY DESCRIPTION AND JUSTIFICATION:

Lamar State College – Port Arthur received Capital Equity & Excellence funding each fiscal year since FY2000. Until FY2004, the funding has been used each year for fiber optics and wiring for classrooms, equipment and furniture for classrooms, computer and software updates for classrooms and labs. Due to the state appropriation funding reductions, LSCPA relied upon the Capital Equity & Excellence Funding to ensure the college maintains sufficient and adequate resources to support the college’s goals and mission in the current biennium.

Hurricane Rita made landfall within one mile of the college. The hurricane made a vast impact on the local community. The local area has experienced a 10% loss of population due to a temporary housing shortage.

The Port Arthur area is continuing its rebuilding process slowly. The slow process of recovery is hardest on the area's apartment residents. FEMA estimated over 25,000 homes were moderately to severely damaged or completely destroyed. The Port Arthur campus does not have dorms to house these students; therefore the revenue loss continued.

HB 63 has reimbursed the college for actual damages from the Hurricane and replenished the loss of revenue which funds faculty salaries.

STRATEGY DESCRIPTION AND JUSTIFICATION:

Pursuant to the provisions of Section 56.243 of the Education Code and with the approval of The Texas State University System Board of Regents on November 8, 2002, the College began collecting a fee of \$1 per credit hour from students. The student fees now total \$270,000. Funds raised in the community now total \$230,000 thus creating the \$500,000 that the College now requests the matching funds from the State

Lamar-Port Arthur serves a very diverse student body including 45% ethnic minorities and a large percentage (50%) of students with a family income of less than \$40,000 per year. With the rising cost of attending college, scholarship funds often make the difference as to whether or not a student can attend. This fund would be a permanent resource for assisting students who have need and can benefit from education and training. LSCPA is an open access institution and provides a wide range of associate degrees. However, without assistance many students cannot attend. This fund would provide an opportunity for these students to succeed. With available funding, the College participation rate should increase because many students cannot afford the tuition and fees while others do not apply unaware of financial aid opportunities. This fund would help a significant number of students gain access and participate in the college experience. In recent years the College has experienced an enrollment decline. We believe some of the loss is based on the cost of tuition and fees. The endowment would help recruiting efforts thereby increasing the student participation rate.

Lamar State College Port Arthur received Institutional Enhancement Funding each year beginning in FY2000. Until FY 2004, the funding was used for new equipment and furniture for classrooms, fiber optics and wiring for classrooms, upgrade of the main frame computer system, capital equipment for new facilities, and specialized equipment for classrooms. Due to state appropriation funding reductions and enrollment decrease since Hurricane Rita, LSCPA relied upon the Institutional Enhancement Funding to ensure the college maintains sufficient and adequate resources to support the college's goals and mission.

If the college is again forced to meet an additional 10% non-formula budget reduction in FY 2010 and FY 2011 while funding the Debt Service in full, LSCPA will be forced to reduce Institutional Enhancement funding request by \$274,558.

From its opening in February 1998 through June 2008 the Small Business Development Center has provided counseling or technical assistance to 1,876 owners and managers of existing, planned, or potential small businesses; helped 198 businesses to begin operation; assisted 336 client companies obtain \$51,786, 097 in capital from 17 separate types of sources including banks, Economic Development Corporations, and federal support; and presented 397 classes that have provided 18,076 hours of training to 4,915 students. The SBDC has aided 43 businesses in obtaining HUB status and is the only agency in the 9-county area that offers free assistance to businesses applying for HUB certification. In the past 5 years the SBDC has worked with companies to create 1,110 new jobs and during that time helped existing firms retain an additional 161 jobs. The Small Business Development Center served 213 distinct clients from Oct. 1, 2007 through June 30, 2008. The classifications of the clients were as follows: 40% - female-owned business; 6% - male/female-owned business; 9% veteran-owned business; 9% Hispanic-owned business; 20% African American owned business; 1% Native American owned business; and 4% owned by disabled individuals. Other accomplishments include: assisting 29 local businesses to obtain an emergency "bounce-back" loan from AccionTexas following Hurricane Rita; provided assistance and training to businesses seeking the QISV "Qualified Information Systems Vendor" designation required for bidding on certain state government contracts; and helped businesses that sought to obtain "Historically Underutilized Business" (HUB), "Small Disadvantaged Business" (SDB) status and 8(a) certification (certification for contractors that want to do business with the federal government).

DESCRIPTION / JUSTIFICATION:

Addition to the existing Allied Health Building on campus will provide an additional 5,700 square feet to the facility and will include additional classrooms and laboratory space. Local demand for nursing classes continues to rise and the college is operating at full capacity.

The current Allied Health Building is located on campus. The present facility, containing 8,268 square feet, was built in 1998 and houses the Upward Mobility Nursing Program, the Licensed Vocational Nursing Program, Nurse Aid Program and the Surgical Technology Program. This addition to the existing building adds another 5,700 square feet to the facility and will include additional classrooms and laboratory space. Local demand for nursing classes continues to rise and the college is operating at full capacity. The new space would permit the enrollment of additional students to address the need for LVBNs and RN's in Southeast Texas.

The request also will provide for a Campus Central Plant that will consist of the rerouting of the overhead utility lines that transect the campus to the campus perimeter and the installation of a distribution sub-station with a single point of metering for the entire college.

The Campus Central Plant will consist of the re-routing of the overhead utility lines that transect the campus to the campus perimeter and the installation of a distribution sub-station with a single point of metering for the entire college. This will improve the appearance and safety of the campus while reducing the unit cost of electricity. Currently, each building on campus has a separate low-voltage meter which is the most costly method of purchasing electricity.

B. Assessment of Fiscal Year 2006 - 2007 Efforts to Meet HUB Procurement Goals

Attainment:

Agency attained or exceeded one of five (20%) of the applicable state wide HUB goals in FY 2007.

Applicability:

“Heavy construction” is not applicable to this agency’s operation

Factors Affecting Attainment:

Limited number of service/professional certified HUBs that service agency’s region

"Good-Faith" Efforts:

Agency made the following efforts to comply with the HUB procurement goals

Agency held HUB forums with local vendors on-site.

Agency personnel attended Economic Opportunity Forums given by TBPC as well as local HUB fairs

Agency has stressed use of HUB vendors within internal user departments

Agency assisted general contractors with HUB subcontracting plans for construction bids

Explanation of Impact to Programs and Revenue Collections

1 Institutional Enhancement

The strategy that will be affected is Institutional Enhancement. LSCPA has received Institutional Enhancement Funding each year since FY 2000. Until FY 2004 the funding was used for improvements --purchasing equipment and furniture for classrooms, fiber optics and wiring for classrooms, upgrading the computer system, and capital equipment for new facilities. LSCPA is relying upon this source to ensure the college maintains sufficient and adequate resources to support the college's mission in FY 2008 & 2009. To meet this budget reduction requirement, LSCPA will be forced to reduce expenditures for the next biennium by \$274,558. The institution has depleted its fund balances to meet budget reductions in the previous years while maintaining a minimal level of service. Restoring these funds would allow the college to be more effective in responding to student needs and the community's economic development efforts.

Project Description

The current Allied Health Building is located on campus. The present facility, containing 8,268 square feet, was built in 1998 and houses the Upward Mobility Nursing Program, the Licensed Vocational Nursing Program, Nurse Aid Program and the Surgical Technology Program. This addition to the existing building adds another 5,700 square feet to the facility and will include additional classrooms and laboratory space. Local demand for nursing classes continues to rise and the college is operating at full capacity. The new space would permit the enrollment of additional students to address the need for LVBN's and RN's in Southeast Texas.

Project Description

The Campus Central Plant that will consist of the rerouting of the overhead utility lines that transect the campus to the campus perimeter and the installation of a distribution sub-station with a single point of metering for the entire college. This will improve the appearance and safety of the campus while reducing the unit cost of electricity. Currently, each building on campus has a separate low-voltage meter which is the most costly method of purchasing electricity. The re-routing of overhead utility lines that run through the campus will provide the following benefits:

- a.) Reduce the unit cost of electricity,
- b.) Improve safety, a safer, more attractive campus will encourage greater participation,
- c.) Improve the appearance of the campus and make it more inviting.

Special Item: 1 Small Business Development Center

(1) Year Special Item: 1998

(2) Mission of Special Item:

Provide counseling, training and technical assistance to owners and managers of proposed or existing small businesses One of the state goals of LSCPA is to "Provide curriculum and programs that are responsive to community needs" The Small Business Development Center is a program that can help the Greater Port Arthur area improve its economic climate. Port Arthur is home to fewer small businesses per capita than the average medium sized city in Texas The unemployment rate in Port Arthur is traditionally above the state average. A need exists in the community for a program that can facilitate the creation and expansion of small businesses in Port Arthur and surrounding communities, therefore providing acutely needed employment opportunities The Small Business Development Center is helping the college achieve the goal through a comprehensive package of services that includes one-to-one counseling, technical assistance, and training. The Center is helping Port Arthur make use of its natural economic strengths by promoting international trade, importing-exporting opportunities, and government contracting A significant service offered by the Small Business Development Center is a continuing schedule of non-credit courses in starting managing various aspects of a small business

(3) (a) Major Accomplishments to Date:

From its opening in February 1998 through June 2008 the Small Business Development Center has provided counseling or technical assistance to 1,876 owners and managers of existing, planned, or potential small businesses; helped 198 businesses to begin operation; presented 397 classes that have provided 18,076 hours of training to 4,915 students. The SBDC has aided 43 businesses in obtaining HUB status and is the only agency in the 9-county area that offers free assistance to businesses applying for HUB certification In the past 5 years the SBDC has worked with companies to create 1,110 new jobs and during that time helped existing firms retain an additional 161 jobs. The Small Business Development Center served 213 distinct clients from Oct. 1, 2007 through June 30, 2008. Other accomplishments include: assisting 29 local businesses to obtain an emergency "bounce-back" loan from AccionTexas following Hurricane Rita; provided assistance and training to businesses seeking the QISV "Qualified Information Systems Vendor" designation required for bidding on certain state government contracts; and helped businesses that sought to obtain "Historically Underutilized Business" (HUB), "Small Disadvantaged Business" (SDB) status and 8(a) certification (certification for contractors that want to do business with the federal government).

(3) (b) Major Accomplishments Expected During the Next 2 Years:

- A. Assist the cities of Groves, Nederland, Port Arthur, Port Neches and Sabine Pass to restore their respective property tax bases after many businesses were destroyed and/or closed after Hurricane Rita;
- B. Continue to emphasize assisting Historically Underutilized Businesses (HUB), Small Disadvantaged Businesses (SDB), and Qualified Information Systems Vendors (QISV) obtain certification as such in order help more local companies compete for state government contracts;
- C. Work with the College and local businesses to obtain training through the Skills Development Fund
- D. Continue to assist the Port Arthur, Port Neches, and Nederland Economic Development Corporations and the Port of Port Arthur with economic development activities
- E. Promote the Port Arthur Economic Development Corporation's Industrial Park;
- F. Aid the cities of Groves, Nederland, and Port Neches to replace jobs lost due to the relocation of retail businesses to other communities
- G. Support the efforts of the Southeast Texas Regional Airport to attract a second commercial carrier to the area
- H. Continue working with the local chambers of commerce in providing assistance to existing businesses that want to supply goods and services to the major industries/operations in the region: refineries; petrochemical plants; construction companies; hospitals; and government;
- I. Work with new businesses that are attempting to participate in the industrial expansion including capitalization,

Special Item: 2 Institutional Enhancement Funding

(1) Year Special Item: 2000

(2) Mission of Special Item:

Provide a method of financing non-recurring capital and programmatic expenses. The purpose of this institution is to provide academic and technical education. The special item helps the institution provide facilities to students that are suitable for conducting instruction, provides funds for instructional equipment, provides funding for infrastructure to support courses in high technology areas, and provides funds to use for expanding the institution's information management system.

(3) (a) Major Accomplishments to Date:

Lamar State College Port Arthur received Institutional Enhancement Funding each year beginning in FY2000. Until FY 2004, the funding was used for new equipment and furniture for classrooms, fiber optics and wiring for classrooms, upgrade of the main frame computer system, capital equipment for new facilities, and specialized equipment for classrooms. Due to state appropriation funding reductions and enrollment decrease since Hurricane Rita, LSCPA relied upon the Institutional Enhancement Funding to ensure the college maintains sufficient and adequate resources to support the college's goals and mission.

If the college is again forced to meet an additional 10% non-formula budget reduction in FY 2010 and FY 2011 while funding the Debt Service in full, LSCPA will be forced to reduce Institutional Enhancement funding request by \$274,558.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Due to the state appropriation funding reductions, and enrollment decrease since Hurricane Rita, LSCPA will continue to rely heavily upon the Institutional Enhancement Funding to ensure the college maintains sufficient and adequate resources to support the college's goals and mission in FY 2010 and FY 2011.

(4) Funding Source Prior to Receiving Special Item Funding:

Formula funding, HEAF, institutional resources

(5) Non-general Revenue Sources of Funding:

Local institutional resources

(6) Consequences of Not Funding:

Deterioration of existing facilities; lack of up to date equipment; inadequate infrastructure for high tech courses and the campus information system. The institution will be compelled to reduce the scope of operations and level of service previously provided.
