Administrator's Statement

Administrator's Statement 84th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

970 McLennan Community College

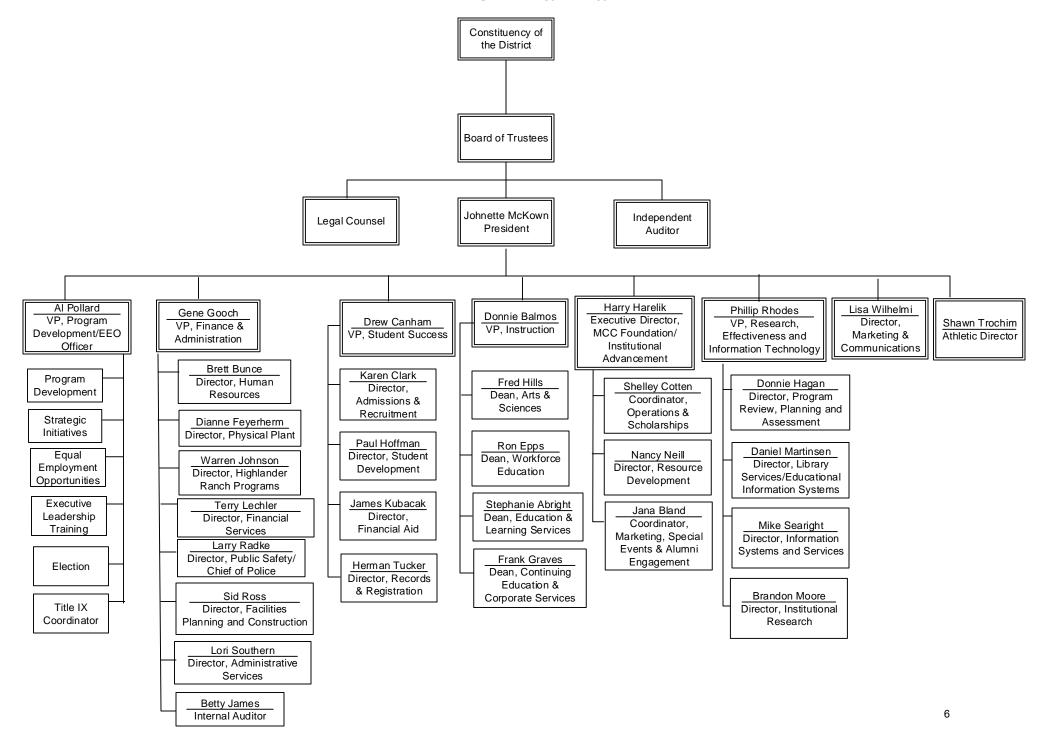

McLennan Community College district endorses the \$2.011 billion request for student success funding for the 2016-17 biennium and recommends, as the July 16, 2014, letter outlines, that funding for community colleges be appropriated through three strategies: Core Operations, Student Success Points, and Contact Hour funding.

McLennan Community College's mission is to engage, educate, and enrich its community. The college ensures access to pathways for student success through excellent workforce and transfer programs, student services, and continuing education. These programs promote proficiency in identified student learning outcomes, successful course completion, graduation, employment, and transfer to a senior institution. The college embraces diversity and strengthens its communities through successful educational attainment, strong leadership, sustainability efforts, best practices, community service, and integrity.

The college recently began a new strategic plan for 2014-19, which includes the following five goals: 1) provide pathways to success for all students that promote student educational attainment, 2) provide quality education, promote a culture of integrity, and encourage academic excellence, 3) prepare students for employment in our community and around the world, 4) use resources strategically and maintain financial stability, and 5) enrich community life.
