| Ms. Christy Morris | 2019 | Gainesville |
| Ms. Patsy Wilson | 2015 | Gainesville |
| Ms. Matthew Chalmers | 2019 | Gainesville |
| Mr. Richard Haayen | 2017 | Gainesville |

NCTC Mission Statement:

North Central Texas College (NCTC) is dedicated to student success and instructional excellence. NCTC encourages student achievement by providing affordable, quality learning environments, and comprehensive student support services, and public services.

North Central Texas College fulfills its mission by offering programs leading to associate degrees and certificates and by providing:

- * University Transfer Education
- * General Education
- * Workforce & Technical Education
- * Developmental Education
- * Student Development
- * Continuing Education
- * Community Education
- * Competent Faculty, Staff & Administration
- * Adequate Physical and Financial Resources

Significant factors since last appropriation request:

NCTC's headcount enrollment system-wide has increased over 27%, from 8,108 in Fall 2008 to 10,320 in Fall 2013. NCTC was one of the few community colleges experiencing enrollment growth over the last base period. All indications are that enrollment will continue to increase due to one of the counties in the NCTC service area (Denton County) holding the distinction of being the fastest growing county.

Since Fall 2008, the NCTC Board of Regents has raised tuition and fees charges to students by:

30% in-district

36% out-of-district

45% out-of-state

Several factors impacted their decision. At the forefront was the decline of state funding which challenged the institution to keep up with the needs of increasing enrollment while at the same time coping with the rising cost of instruction. The critical need is ever present to upgrade our technology to enable us to teach competitively and with relevance to the systems already in use in the workplace in which our students must function. The costs for providing the underlying technology infrastructure for the entire college are astronomical. All offices rely heavily on electronic means, not only for communication purposes but for the ability to handle their daily jobs which are driven by and dependent upon technology that becomes more and more sophisticated and costly every day. General operating costs have increased

Administrator's Statement

significantly over the past three years in virtually all areas of college operations.

A huge impact of the increases in our student population is the corresponding amount of maintenance required for our aging facilities, and compounding that problem is the mounting list of deferred maintenance for which we simply do not have the funds to address. Our most important resource--our employees--represents another major cost that continues to increase. Despite the upward spiral of most all operating costs, the state funding used to help pay instructional costs has been cut in half, as a percent of budgeted revenue, from 52.5% in 1994 to 26.08% for 2014.

North Central Texas Community College District endorses the \$2.011 billion request for student success funding for the 2016-17 biennium and recommends, as the July 16, 2014 letter outlines, that funding for community colleges continues to be appropriated through three strategies: Core Operations, Student Success Points, and Contact Hour funding.
