750 The University of Texas at Tyler

THE UNIVERSITY OF TEXAS AT TYLER

Legislative Appropriations Request for FY 2018-2019

Overview

The University of Texas at Tyler's vision is to shape leaders who are driven to enhance the economic productivity and social well being of Texas and beyond. The University pursues this mission by focusing on teaching and learning, pursuing impactful research, and instilling core values in students that will lead to lifelong productivity and success.

UT Tyler serves as a driving force in the East Texas economy. A recent report found that the University adds \$327.4 million per year to the region's economy, which is equivalent to creating 6,035 new jobs. This contribution will continue to increase as UT Tyler continues to grow. The University's recent rate of growth in FTE students has been among the highest in the State, with FTE student enrollment increasing annually, creating record high enrollments for 14 of the last 15 years. This growth has not been at the expense of quality. UT Tyler continues to produce graduates who perform among the top in the state on licensure exams, and the University's programs are often ranked in the top of national ratings. For example, UT Tyler's graduate nursing program was recently named the 7th best online graduate nursing program in the nation, and the top program in the state.

As part of a recent strategic planning process, UT Tyler created a plan to establish five Centers of Excellence focusing on: Leadership, Consumer-Based Cybersecurity, Integrated Biotechnology and Pharmaceutical Engineering and Sciences, P-16 STEM Pipeline Initiatives, and a Center for Environment, Biodiversity, and Conservation.

These Centers were thoughtfully developed, seeking to build upon the strengths of UT Tyler as well as the East Texas region. For example, in focusing on Consumer-Based Cybersecurity, UT Tyler will contribute to a great national need utilizing the knowledge and work of faculty member Tom Roberts, who was recently ranked 19th in the world in information systems research productivity by the Association of Information Systems. Further, the Center for Integrated Biotechnology and Pharmaceutical Engineering and Sciences will leverage the knowledge of the faculty in UT Tyler's new Ben & Maytee Fisch College of Pharmacy as well as the robust medical community in Tyler. This project includes a partnership with sister institution UT Health Northeast to gain as many efficiencies as possible and provide solutions to real-world needs.

UT Tyler also recognizes its role in providing a high-quality university-level education to the East Texas region. This is especially important as the state embarks on the goals outlined in the Texas Higher Education Coordinating Board's 60X30TX plan. UT Tyler is located in the educationally underserved Upper East Texas region, which has the third-lowest percentage of residents with a Bachelor's degree or higher in the state at 17.1%. Further, the University serves many students from the bordering Southeast Texas region, which has the lowest percentage of residents with a Bachelor's degree or higher at just 15.5%. UT Tyler strives to increase accessibility for these students through satellite campuses located in Longview and Palestine as well as through innovative educational delivery methods such as hybrid courses that require less time on campus, allowing students greater flexibility with family and work responsibilities.

Additionally, UT Tyler maintains accessibility through tuition rates that are below both the State and UT System average. Offering a high-quality, affordable education that produces graduates ready to contribute to the region, state, and nation will continue to be UT Tyler's priority.

Impact of 4% Reduction in Baseline Funding

750 The University of Texas at Tyler

UT Tyler recognizes the difficult budget decisions state leaders must make every biennium and respects the need to submit a budget of 96% of current General Revenue appropriations. However, the non-formula reductions made to UT Tyler's budget will create a significant challenge in our effort to provide access to higher education to a greatly underserved area.

Specifically, the reduced budget submitted by UT Tyler reflects a biennial decrease of \$143,346 from UT Tyler's Palestine Campus Special Item and \$385,993 from UT Tyler's Longview Campus Special Item. The impact of these funding reductions would be significant as these appropriations go directly to providing university access to students in one of the state's most educationally underserved areas.

In both Longview and Palestine, UT Tyler works closely with local community colleges to provide an educated workforce to the community. Both campuses offer much-needed nursing programs, which are highly successful – often boasting NCLEX pass rates of 100%. In addition, the UT Tyler Longview University Center has recently responded to a workforce need by establishing an Industrial Technology program that partners with several area community colleges as well as the Texas State Technical College to provide a seamless 2+2 program. This program is creating a pipeline that will provide employers with the educated workforce they need in an affordable, accessible format for students. Reducing funds to these campuses will likely stifle UT Tyler's ability to continue to grow the number of students in current programs as well as inhibit the University's ability to add new, high-demand programs at these satellite campuses.

In deciding how to make the 4% reduction, UT Tyler avoided affecting the Institutional Enhancement Special Item. This item supports all students on all campuses, including much-needed student success programs that help support retention and timely progress toward degree. Because this item offers vital support to all students, the University prioritized its full funding.

Restoring funding to our Palestine Campus and Longview University Center special items is UT Tyler's only exceptional item request. The decision to make this our sole request highlights the importance of these satellite campuses to our institution as well as our recognition of the difficult decisions state leaders must make for the upcoming biennium.

Impact of 10% Reduction in Baseline Funding

In accordance with the instructions, UT Tyler has also identified a 10% reduction in baseline state funding. This reduction was also limited to the Palestine Campus and Longview Campus Special Item appropriations. While it is not an indication that these funds are unimportant to the University – in fact, the funds are quite vital to ensure UT Tyler can carry out its mission and promise to provide a high quality educational experience to individuals in the educationally underserved area of East Texas – UT Tyler again wanted to protect the Institutional Enhancement Item that supports all students on all campuses.

Should the University incur a 10% reduction in funds, it would result in a severe negative impact, especially during this time of unprecedented growth, and weaken the university's ability to provide vital educational programs throughout the East Texas region.

Policy on Criminal History Records

It is the policy of UT Tyler to obtain criminal history record information on applicants who are under final consideration, following normal screening and selection processes, for a position that is designated as a security sensitive position. Security sensitive positions are restricted to those positions described in Texas Education Code §51.215(c) and Texas Government Code §411.094(a)(2), as those sections may be amended from time to time. The chief administrative officer of the institution, or that officer's designee, will designate which positions or areas are security sensitive. Security sensitive positions designated by UT Tyler include the following: all

750 The University of Texas at Tyler

executive, administrative, and professional positions, all faculty positions, all classified positions, all part-time positions, and all volunteer positions.

Conclusion

UT Tyler continues to work diligently to control costs and increase efficiencies in order to provide an accessible, high-quality, university-level education and to continue to serve as an economic driver in the East Texas region and throughout the State of Texas. With this Legislative Appropriations Request, UT Tyler seeks continued state support as we grow, improve, and expand opportunities and services to students, employers, and taxpayers.

The University of Texas at Tyler Organizational Chart

The University of Texas at Tyler

President

The offices reporting to the President include Provost & Academic Affairs, Research & Technology Transfer, Business Affairs, Information Technology, Student Affairs, University Advancement, Legislative Affairs, Legal Affairs, Internal Audit, and Cowan Center-Programming.

Provost and Vice President for Academic Affairs

Reporting to the Provost are seven college Deans: College of Arts & Sciences, College of Business & Technology, College of Education & Psychology, College of Engineering, College of Nursing & Health Sciences, Fisch College of Pharmacy, and University College. Other areas reporting to the Provost include: Graduate School, Academic Innovation & Student Success, Assessment and Institutional Effectiveness, Center for Executive Education, Special Academic Programs, Office of International Programs, Library, and Longview and Palestine Campuses.

Vice President for Research and Technology Transfer

Research and Technology Transfer areas include: Sponsored Research & Programs, Research Development, Post-Award Management, Commercialization, Ingenuity Center, and Innovation Academy.

Vice President for Business Affairs

Business Affairs areas include: Business Operations, Facilities Management, Financial Management, Enrollment Management, Marketing & Public Affairs, and Auxiliary Services.

Vice President for Information Technology

Information Technology areas include: Data Center Operations, Information Systems, Institutional Analysis, Network Infrastructure, Server Administration, Systems Development and Programming, and Technology Support Services.

Vice President for Student Affairs

Student Affairs areas include: Athletics, Emergency Management, University Police, Herrington Patriot Center, Intramural & Recreational Sports, Residence Life, Student Affairs, and Student Health Clinic.

Vice President for University Advancement

University Advancement areas include: Alumni Relations, Annual Fund, Development Research, Estate/Planning Giving, Major Gifts & Advancement Services, Development Councils, and Special Events.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Instruction and Operations Formula provides funding for faculty salaries, departmental operating expense, library, instructional administration, research enhancement, student services and institutional support. The funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour is established by the Legislature each biennium.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

(1) - Formula funded strategies are not requested in 2018-19 because amounts are not determined by institutions.

------	-------------	----------	----------	----------	------------------------	------------------------

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Infrastructure Support formula distributes funding associated with plant-related formulas and utilities. This formula is driven by the predicted square feet for universities' educational and general activities produced by the Coordinating Board Space Projection Model. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy.

The Texas Comprehensive Research Fund provides funding to promote increased research capacity at eligible general academic teaching institutions including those other than The University of Texas at Austin, Texas A&M University or any institution designated as an emerging research university under the Higher Education Coordinating Board's (THECB) accountability system.
 Funding is to be expended for the support and maintenance of educational and general activities, including research and student services that promote increased research capacity.
 A legislatively determined amount of funding is allocated based on the average amount of restricted research funds expended by each institution per year for the three preceding state fiscal years as reported to THECB.

	TOTAL, METHOD OF FINANCING	\$264,669	\$264,669
FULL-TIME EQUIVALENT POSITIONS (FTE):		4.30	4.30

DESCRIPTION / JUSTIFICATION:

Restoration of the 4% non-formula reduction will support The University of Texas at Tyler's efforts to increase educational access to underserved areas. Specifically, these funds will be directed to the UT Tyler Palestine Campus and Longview University Center. The educationally underserved Upper East Texas region, where the Palestine Campus and Longview University Center are located, has the third-lowest percentage of residents with a Bachelor's degree or higher, at just 17.1%. Further, the Southeast Texas region, which borders Anderson County where the Palestine Campus exists and from which it draws students, has the lowest percentage of residents with a Bachelor's degree or higher, at 15.5%.

UT Tyler seeks to address this challenge by offering high-demand programs convenient to students in these regions. Because the economies of scale in these locations do not lend them to efficient operations, special item funding is needed to supplement formula funds so UT Tyler can continue to support and grow programs in these areas.

Healthy programs in Palestine and Longview not only benefit students in these regions, but also the local economies. For example, the Longview University Center recently worked with the local business community to develop an Industrial Technology program to help fulfill local workforce needs. Without adequate special item support, growing programs such as this will prove difficult.

EXTERNAL/INTERNAL FACTORS:

Both the Palestine Campus and Longview University Center offer exemplary nursing programs. They regularly post NCLEX, the national nursing licensure test, pass rates that exceed state and national averages. In the most recent administration of the test, both locations reported 100% pass rates.

4.A. Exceptional Item Request Schedule
 85th Regular Session, Agency Submission, Version 1
 Automated Budget and Evaluation System of Texas (ABEST)

Agency name:
The University of Texas at Tyler

CODE	DESCRIPTION	Excp 2018	Excp 2019
-------------	--------------------	------------------	------------------

Both campuses are also focused on growth. Since last biennium, the Palestine Campus enrollment is up 29%, and the Longview University Center is up 12%. Plans for the future include working with community colleges and local business leaders to expand degree options in these educationally underserved areas as well as focusing on philanthropic efforts to raise funds needed for lab equipment to meet growing student demand.

B. Assessment of Fiscal Year 2014 - 2015 Efforts to Meet HUB Procurement Goals

Attainment:

The University of Texas at Tyler attained or exceeded four of six of the applicable statewide HUB procurement goals in FY14. UT Tyler attained or exceeded four of six of the applicable statewide HUB procurement goals in FY15.

Applicability:

The "Heavy Construction" category is not applicable in either fiscal year 2014 or 2015 since the agency did not have any strategies or programs related to Heavy Construction. In 2015 the expenditures for Heavy Construction should have been included in the Special Trades category.

Factors Affecting Attainment:

In fiscal year 2014, the goal of "Commodities" was not met due to use of a non-HUB contract for computer purchases. In fiscal year 2015 "Other Services" was not met due to contracts with non-HUB proprietary software providers.

"Good-Faith" Efforts:

- UT Tyler made the following good faith efforts to comply with HUB procurement goals:
- Distributed information to HUB vendors pertaining to UT Tyler's procurement opportunities.
- UT Tyler's HUB Coordinator meets one on one with subcontractors during the bid process.
- UT Tyler's HUB Coordinator attends and hosts forums and vendor fairs to solicit additional HUB vendors.
- UT Tyler's HUB Coordinator assists University staff with locating HUB vendors.
- UT Tyler is a member of the Texas University HUB Coordinator's Alliance Group (TUHCA).
- UT Tyler's HUB Coordinator has developed relationships with The Hispanic Chamber of Commerce and The Tyler Metropolitan Chamber of Commerce.

750 The University of Texas at Tyler

Special Item: 1 Palestine Campus

(1) Year Special Item: 2000
Original Appropriations: \$1,155,000

(2) Mission of Special Item:

The Palestine Campus special item supports faculty, operating costs, student services, and staff to provide baccalaureate degree programs in an educationally underserved area. The funding provides the resources necessary to operate a distant site campus.

(3) (a) Major Accomplishments to Date:

The Palestine Campus currently has a growing nursing program, helping to fill a critical statewide and regional workforce need. The program is not only growing in numbers, but is also maintaining a high quality, with UT Tyler's average NCLEX scores exceeding the average state and national scores. In order to continue to invest in the strength of this program, UT Tyler recently utilized institutional resources to upgrade the Nursing Simulation Lab on the Palestine Campus.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

The plans over the next two years include expanding the offerings at the Palestine Campus. Palestine Campus leaders will continue to work closely with local businesses and industries to gain insight on additional services and educational opportunities UT Tyler at Palestine can provide that would add value to the community. The Campus will also partner with the Palestine Innovation Academy, UT Tyler's Charter School, to create mutually beneficial opportunities for UT Tyler students and Innovation Academy students.

(4) Funding Source Prior to Receiving Special Item Funding:

N/A

(5) Formula Funding:

N

(6) Startup Funding:

Y

(7) Transition Funding:

N

(8) Non-general Revenue Sources of Funding:

N/A

750 The University of Texas at Tyler

(9) Consequences of Not Funding:

If this item were not funded, opportunities to accomplish the goals included in 60X30TX would be greatly inhibited. The educationally underserved Upper East Texas region, where UT Tyler and the UT Tyler Palestine Campus are located, has the third-lowest percentage of residents with a Bachelor's degree or higher, at just 17.1%. Further, the Southeast Texas region, which borders Anderson County where the Palestine Campus exists, has the lowest percentage of residents with either a Bachelor's degree or higher, at 15.5%. UT Tyler seeks to address this challenge by offering high-demand programs convenient to students in these regions, which will be threatened without this funding.

750 The University of Texas at Tyler

Special Item: 2 Longview Campus

(1) Year Special Item: 2000
Original Appropriations: \$2,755,250

(2) Mission of Special Item:

The Longview University Center (LUC) serves a population of students in East Texas that do not have access to the Tyler campus because of family responsibilities, distance, and/or jobs. The campus has become an integral part of the economic development of the region. Leaders of the LUC work closely with business and industry in the Longview area to provide the educational opportunities their employees need.

(3) (a) Major Accomplishments to Date:

Over the last biennium, enrollment at the LUC has grown by 12%, noting the growing demand for baccalaureate-level education in the Longview area. As an upper-level only institution, the LUC works closely with area community colleges to provide students with a seamless transition from attaining an associate's degree to pursuing a baccalaureate degree. As the LUC grows, it seeks to do so by focusing on the needs of employers in the region. For example, the LUC recently launched an upper-level Industrial Engineering program after consulting with area employers regarding their need for industrial engineers. The program will be offered in partnership with several area institutions, including community colleges, Texas State Technical College, and charter schools. LUC leaders have worked with leaders at these other institutions to develop seamless 2+2 programs to ensure students can efficiently pursue their studies and enter the workforce in these needed positions as quickly as possible.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

The Longview Campus will continue to work closely with area community colleges and local business leaders to expand degree offerings in the Gregg County region. Additionally, the LUC has plans to focus on philanthropic efforts to raise funds for needed Industrial Technology lab equipment as well as Anatomy and Physiology lab equipment that will greatly benefit students. The LUC will also partner with the Longview Innovation Academy, UT Tyler's Charter School, to create mutually beneficial opportunities for UT Tyler students and Innovation Academy students.

750 The University of Texas at Tyler

(8) Non-general Revenue Sources of Funding:

N/A

(9) Consequences of Not Funding:

If this item were not funded, opportunities to accomplish the goals included in 60X30TX would be greatly inhibited. The educationally underserved Upper East Texas region, where UT Tyler and the LUC are located, has the third-lowest percentage of residents with a Bachelor's degree or higher in the state, at just 17.1%. UT Tyler seeks to address this challenge by offering high-demand programs convenient to students throughout this region, which will be threatened without this funding.

750 The University of Texas at Tyler

Special Item: 3 Institutional Enhancement

(1) Year Special Item: 2000
Original Appropriations: \$4,749,837

(2) Mission of Special Item:

Institutional funding was appropriated by the 78th through 83rd Legislatures to continue to provide tuition scholarships for students and to enhance university academic programs, administration, and information technology.

(3) (a) Major Accomplishments to Date:

While maintaining high standards, UT Tyler's rate of growth in FTE students is among the highest in the State, with FTE student enrollment and retention increasing annually. The appropriation of these special item funds has supported scholarships, program enhancements, increased technology, student advising services, and library support. The growth and success of UT Tyler has greatly benefitted the East Texas region. A recent report found UT Tyler adds \$327.4 million per year to the region's economy, which is equivalent to creating 6,035 new jobs. Additionally, UT Tyler is growing in national stature, earning several national recognitions including having the 7th best online graduate nursing program in the United States.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

UT Tyler seeks to respond to ever-changing student and regional needs by providing high-need academic programs through innovative delivery methods. The University plans to continue to expand flexible instructional methods and innovative pedagogies, such as hybrid programs, so our students can take advantage of the most up-to-date technologies in a state-of-the-art environment, helping our graduates acquire the skills employers desire. Further, UT Tyler is responding quickly to regional and workforce needs with plans to begin a Ph.D. program in Clinical Psychology within the next two years in response to a growing demand for mental healthcare professionals in the East Texas region.

(4) Funding Source Prior to Receiving Special Item Funding:

N/A

(5) Formula Funding:

N

(6) Startup Funding:

N

(7) Transition Funding:

N

(8) Non-general Revenue Sources of Funding:

N/A

750 The University of Texas at Tyler

(9) Consequences of Not Funding:

A significant reduction in student scholarships, academic programs, operations support, and classroom technology enhancement would adversely affect student access and success at UT Tyler. Lack of funding will hinder UT Tyler's goal of providing a high quality education as a premier university and result in a great detriment to the entire East Texas region. Reduced funding would also impede our progress toward increasing enrollment and retention rates and slow student progress toward degree.
